

BEFORE THE BOARD OF SUPERVISORS

COUNTY OF FRESNO

STATE OF CALIFORNIA

IN THE MATTER OF)
THE ADOPTION OF A PROJECT LIST OF) RESOLUTION
SENATE BILL 1 FUNDING FOR FY 2025-26)

WHEREAS, Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the Legislature and signed into law by the Governor in April 2017 in order to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB 1 includes accountability and transparency provisions that will ensure that the residents of Fresno County are aware of the projects proposed for funding in the community and which projects have been completed each fiscal year; and

WHEREAS, the County must adopt by resolution a list of all projects proposed to receive funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB 1, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, the County will receive an estimated \$29,276,170 in RMRA funding in FY 2025-26 from SB 1; and

WHEREAS, this is the eighth year in which the County is receiving SB 1 funding and such funding will enable the County to continue essential road maintenance and rehabilitation projects, safety improvements, repair and replacement of aging bridges, and will increase access and mobility options for the traveling public that would not have otherwise been possible without SB 1; and

WHEREAS, the County has conducted community outreach to allow for public input into our community's transportation priorities/the project list; and

WHEREAS, the County used a Pavement Management System and the California Department of Transportation (Caltrans) biannual bridge inspection reports to develop the attached SB 1 Project List to ensure revenues are being used on the most high-priority and cost-effective projects that also meet the community's priorities; and

1 **WHEREAS**, the funding from SB 1 will help the County maintain and rehabilitate streets/roads,
2 bridges, add active transportation infrastructure throughout the County this year and similar projects into
3 the future; and

4 **WHEREAS**, the 2023 California Statewide Local Streets and Roads Needs Assessment found that
5 the County's streets and roads are in "at-risk" condition, and this revenue will help us increase the overall
6 quality of our road system and over the next decade will bring our streets and roads into a "good"
7 condition; and

8 **WHEREAS**, the SB 1 project list and overall investment in our local streets and roads infrastructure
9 with a focus on basic maintenance and safety, provide widened paved shoulders, and replace bridges
10 which are structurally deficient, investing in complete streets infrastructure, and using cutting-edge
11 technology, materials and practices, will have significant positive co-benefits statewide.

12 NOW, THEREFORE IT IS HEREBY RESOLVED, ORDERED AND FOUND by the Board of
13 Supervisors of the County of Fresno, State of California, as follows:

- 14 1. The foregoing recitals are true and correct.
- 15 2. The list of newly proposed projects that will be funded in Fiscal Year 2025-26, partially or
16 entirely with Road Maintenance and Rehabilitation Account revenue, is attached hereto as
17 Exhibit A. This list further declares the projects intended to be performed by force account
18 pursuant to Public Contract Code Section 22031(g).
- 19 3. The list of previously proposed and adopted projects for which Fiscal Year 2025-26 Road
20 Maintenance and Rehabilitation Account revenues also may be utilized in their delivery is
21 attached hereto as Exhibit B. With the relisting of these projects in this adopted fiscal year
22 2025-26 resolution, the County is reaffirming to the public and the State the intent to fund
23 these projects with Road Maintenance and Rehabilitation Account revenues.
