Correction, this is item 32

I thank the grand jury for this report.

I appreciate the recognition of the hard work and the needs of our social workers and other behavioral staff.

I ask that the board diligently work with the department and respond with a commitment to ensure that the needs identified by the grand jury be met, including prioritizing ensuring needed funding is there and protected, ensure that staff have the supplies that they need, and that they have the training they need, as well as any other preparation.

These not only are necessary for the staff to do their work successfully, it is needed for the vulnerable populations who are served by this department so that they are not only helped, but not harmed.
