WHEREAS, children/youth with Serious Emotional Disturbance (SED) who also experience co-occurring mental health and alcohol/substance abuse and/or discipline issues will be included among those served.

WHEREAS, the SCHOOL DISTRICTS are public schools districts which also coordinate their own mental health services within the jurisdictional boundaries specific to each SCHOOL DISTRICT.

NOW, THEREFORE, in consideration of their mutual covenants and conditions, the parties hereto agree as follows:

1. DEFINITIONS

A. For purposes of this Agreement, the parties agree that the definitions set forth at California Code of Regulations (CCR) Title 9., Division 1, Ch. 1., Article 1, §1810.100 and §1810.247 shall govern the meaning of all terms utilized in this Agreement.

But, this definition shall exclude pupils as defined in CCR Title 2, Division 9, Chapter 1, Article 1, §60010 and §60020 for which mental health services are required to be provided or arranged by the school as a service component of a pupil’s Individualized Education Program (IEP).

3. “Medically necessary mental health services” refer to the criteria in accordance with CCR, Title 9, Division 1, Chapter 11, Article 2, §1830.205.

2 Agency Agreement – Purpose and Intent” attached hereto and by this reference incorporated herein
3 and made part of this Agreement.

11 This Agreement shall become effective on the 1st day of July, 2018 and shall terminate
12 on the 30th day of June, 2021.

13 This Agreement may be extended for two (2) additional twelve (12) month periods upon
14 the written approval of both parties not later than sixty (60) days prior to the close of the then current
15 Agreement term. The COUNTY’s DBH Director or designee is authorized to execute such written
16 approval on behalf of COUNTY based on CONTRACTOR’s satisfactory performance.

17 **5. TERMINATION**

18 A. Non-Allocation of Funds - The terms of this Agreement, and the services to be
19 provided thereunder, are contingent on the approval of funds by the appropriating government agency.

22 B. Breach of Contract - The COUNTY may immediately suspend or terminate this
23 Agreement in whole or in part, where in the determination of the COUNTY there is:

25 2) A failure to comply with any term of this Agreement;
26 3) A substantially incorrect or incomplete report submitted to the
27 COUNTY;
28 4) Improperly performed service.

1 In no event shall any payment by the COUNTY constitute a waiver by the COUNTY of any
2 breach of this Agreement or any default which may then exist on the part of any SCHOOL DISTRICT.
3 Neither shall such payment impair or prejudice any remedy available to the COUNTY with respect to
4 the breach or default. The COUNTY shall have the right to demand of the SCHOOL DISTRICT the
5 repayment to the COUNTY of any funds disbursed to the CONTRACTOR under this Agreement,
6 which in the judgment of the COUNTY were not expended in accordance with the terms of this

Each SCHOOL DISTRICT agrees to indemnify, save, hold harmless, and at COUNTY's request, defend the COUNTY, its officers, agents and employees from any and all costs and expenses, including attorney fees and court costs, damages, liabilities, claims and losses occurring or resulting to COUNTY in connection with the performance, or failure to perform, by each SCHOOL DISTRICT, its

3 person, firm or corporation who may be injured or damaged by the performance, or failure to perform,

22 care and custody of the pupil to allow the exchange of necessary educational and medical information
23 while insuring the confidentiality of each pupil's record. A copy of the parent/legal guardian's written
24 consent form will be kept on file at COUNTY's DBH client file. No Protected Health Information
25 (PHI) or other confidential information shall be disclosed by COUNTY, or its contracted providers, to
26 SCHOOL DISTRICTS without such written consent, or in the event that such written consent is
27 withdrawn.

28 **13. REFERENCES TO LAWS AND RULES**

1 In the event any law, regulation, or policy referred to in this Agreement is amended
2 during the term thereof, the parties hereto agree to comply with the amended provision as of the
3 effective date of such amendment.

Inter-Agency Agreement – Purpose and Intent

School Collaboration with the Fresno County Department of Behavioral Health for On-Site Children's Mental Health Services

This Agreement formalizes a partnership between Fresno County (County) and various School Districts in Fresno County to increase access to mental health services for students of the Districts by having Children's Mental Health Services on school sites in Fresno, Clovis and in the rural communities of Fresno County. The target population of school-based mental health treatment services is Medi-Cal and uninsured students who are un-served or underserved through traditional mental health programs. Services are provided by the Department of Behavioral Health, School Based Team (SBT), and its contracted providers, for both metropolitan (metro) and rural areas. The selection of school sites is a collaborative decision by the Districts and Department of Behavioral Health (DBH) with priority given to those with a high percentage of Medi-Cal and uninsured pupils and where there are little or no mental health resources on their campuses.

The County's Department of Behavioral Health Director, or designee, or the school districts, may request to convene for review and revision of the program design as policies and regulations change.

A. Selection of School Sites:

The School District will identify an educational coordinator to work collaboratively with DBH staff to identify school sites to be served prior to school year based on:

1. The degree of unmet mental health needs and lack of mental health resources available on campus.
2. The number of referrals received from the school during the current school year and the caseload capacity and amount of direct client services provided by the DBH clinician at each of his/her assigned school site.
3. The ability of the school to provide a confidential space for the DBH staffs to meet with children and families that include a telephone, electrical outlet for a computer lap top and printer. School sites that do not have appropriate confidential space will not continue to receive SBT services. The number of designated school sites per District will be determined by a review of the previous school year's referral rate and access to appropriate confidential space.
4. Support by school staffs to facilitate attendance to scheduled mental health appointments.
5. Determine the plan for continuation of mental health services during school holidays, State testing, summer breaks, etc.

6. Determine the transition of mental health services when school-based mental health services are discontinued.
7. The District Coordinator/ school administrative staff and DBH will develop guidelines as to the selection/de-selection process of designated school sites within each school district.

In order to avoid a disruption in the therapeutic relationship between the student and DBH clinician, it is advisable that the Districts and DBH mutually agree to changes in the schools to be served no later than 30 days prior to the end of the school year. This early identification of schools will enable mental health services to begin during the summer in advance of the start of the school year.

Rural: schools under each district will be included in the MOU, to allow for flexibility of the assigned rural clinical staff to be able to meet the needs of rural clients in various school sites, based on current caseload need. The need will be monitored by the Clinical Supervisor and clinical staff, and they will have ongoing contact to meet the needs of the rural communities.

Confidential Space:

1. Ensures children's mental health services can be conducted in the manner that fulfills State and Federal confidentiality requirements.
2. Does not allow the conversation between the student, therapist and/or family to be heard outside of the confidential space.
3. Will not be accessed by school staffs during therapy sessions.
4. If there are windows that are viewable by anyone outside of the confidential area/room, then the district will provide blinds, curtains or other coverings to protect the confidentiality of each student in treatment in accordance with the school and DBH policies.
5. Promotes the safety and well-being of each student and be maintained in good working order.
6. Room size: large enough to conduct individual and family sessions.

Telephones: The schools shall provide a telephone in the confidential office/space used by the DBH clinician or case manager for their day-to-day work, consultations and collaborations regarding their clients/students. If no phones are available, a hand-held two-way radio will be provided to the DBH clinician with training on how to use it for the clinician's safety and that of the students.

B. Referral Process:

For Central, Clovis and Fresno Unified School Districts (Metro SBT): The Administration of the school sites shall educate school staff regarding referrals for mental health services by the second week of the fall semester. Each school site will designate a staff person to coordinate the referral process. The staff coordinator shall be responsible for speaking with the parent or legal guardian of

the student (if student is a minor) and the student that a referral for children's mental health services has been made. If the parent objects to the mental health referral, the referral process will not proceed. The mental health (MH) clinician will determine the student's insurance eligibility obtain parental consent before determining the medical necessity of each referral. The MH clinician will keep track of each referral and provide the Staff coordinator of the status of each referral on a monthly basis. The Staff coordinator and the MH clinician will convene monthly with associated staff to discuss stability and well-being of each referred student.

Meetings to increase communication and collaboration between appropriate school staffs and the DBH school-based clinicians will be held as needed to discuss the student's progress toward meeting mental health treatment goals and other supportive services that may be needed.

Rural School Districts (Rural SBT): Referrals will be generated by school staff, parents/legal guardians, Department of Social Services - Social Workers, community agencies, County, DBH in-house programs, contract providers, self-referrals, etc. The referrals will be given to the assigned rural clinical staff. For each rural school campus, the DBH clinical staff will interface with school staff on each campus in which they utilize space, as needed.

DBH Procedures and timeliness of services:

1. Upon receipt of a referral from the school, the DBH staff shall review the appropriateness of the referral and begin the intake process within five (5) working days by contacting the parent/legal guardian.
2. Upon completion of the intake process, a mental health assessment will be scheduled.
3. It is understood that the provision of mental health services is voluntary and the families may decline services at any point in the treatment process.
4. Parents who do not keep their scheduled appointment will be contacted and rescheduled based on scheduling availability and acuity of impairment experienced by the student receiving services.
5. Each student's access to treatment services will be triaged based on acuity and urgency to initiate mental health services.
6. Parent/legal guardian are expected to participate in assessment, treatment planning and ongoing treatment services as determined by the MH clinician,
7. The Parent/legal guardian will be advised at the conclusion of the assessment interview whether or not their child's symptoms meet Medical medical necessity criteria and when treatment services will begin.
8. If no services are warranted, the rationale will be explained to both the parent/legal guardian and the Staff Coordinator.

9. The DBH Clinician will inform the Staff Coordinator when program capacity has been reached, services can be provided, and/or other options that may be available.

C. Monitoring:

DBH will monitor the number and outcome of referrals and students engaged in mental health services and communicate with school staff to determine if any changes in the day-to-day operations are needed. Rural school sites within a community will be monitored by the clinical staff and Clinical Supervisor and changes will be made based on the need of the clients and communities involved. Staff will determine school sites based on caseload need.

D. DBH procedures for ongoing treatment:

1. The DBH clinician will work collaboratively with school staff to determine an appropriate schedule for ongoing services that will not negatively impact the student's educational needs
2. At the beginning of the day, DBH staff will provide the office manager or other designee with a list of students who are scheduled to be seen will be seen that day.
3. School staff will advise DBH staff whether or not the student is present and assist with having the student summoned for his/her appointment.

Fresno County Mental Health Plan

Grievances

Fresno County Mental Health Plan (MHP) provides beneficiaries with a grievance and appeal process and an expedited appeal process to resolve grievances and disputes at the earliest and the lowest possible level.

Title 9 of the California Code of Regulations requires that the MHP and its fee-for-service providers give verbal and written information to Medi-Cal beneficiaries regarding the following:

- How to access specialty mental health services
- How to file a grievance about services
- How to file for a State Fair Hearing

The MHP has developed a Consumer Guide, a beneficiary rights poster, a grievance form, an appeal form, and Request for Change of Provider Form. All of these beneficiary materials must be posted in prominent locations where Medi-Cal beneficiaries receive outpatient specialty mental health services, including the waiting rooms of providers' offices of service.

Please note that all fee-for-service providers and contract agencies are required to give their clients copies of all current beneficiary information annually at the time their treatment plans are updated and at intake.

Beneficiaries have the right to use the grievance and/or appeal process without any penalty, change in mental health services, or any form of retaliation. All Medi-Cal beneficiaries can file an appeal or state hearing.

Grievances and appeals forms and self addressed envelopes must be available for beneficiaries to pick up at all provider sites without having to make a verbal or written request. Forms can be sent to the following address:

Provider Problem Resolution and Appeals Process

The MHP uses a simple, informal procedure in identifying and resolving provider concerns and problems regarding payment authorization issues, other complaints and concerns.

Informal provider problem resolution process – the provider may first speak to a Provider Relations Specialist (PRS) regarding his or her complaint or concern. The PRS will attempt to settle the complaint or concern with the provider. If the attempt is unsuccessful and the provider chooses to forego the informal grievance process, the provider will be advised to file a written complaint to the MHP address (listed above).

Formal provider appeal process – the provider has the right to access the provider appeal process at any time before, during, or after the provider problem resolution process has begun, when the complaint concerns a denied or modified request for MHP payment authorization, or the process or payment of a provider's claim to the MHP.

Payment authorization issues – the provider may appeal a denied or modified request for payment authorization or a dispute with the MHP regarding the processing or payment of a provider's claim to the MHP. The written appeal must be submitted to the MHP within 90 calendar days of the date of the receipt of the non-approval of payment.

The MHP shall have 60 calendar days from its receipt of the appeal to inform the provider in writing of the decision, including a statement of the reasons for the decision that addresses each issue raised by the provider, and any action required by the provider to implement the decision.

If the appeal concerns a denial or modification of payment authorization request, the MHP utilizes a Managed Care staff who was not involved in the initial denial or modification decision to determine the appeal decision.

If the Managed Care staff reverses the appealed decision, the provider will be asked to submit a revised request for payment within 30 calendar days of receipt of the decision.

Other complaints – if there are other issues or complaints, which are not related to payment authorization issues, providers are encouraged to send a letter of complaint to the MHP. The provider will receive a written response from the MHP within 60 calendar days of receipt of the complaint. The decision rendered by the MHP is final.
