5 (A) If separate Agreements are left for Work within or adjacent to the Project site, as may

8 the Work being performed by other Contractors.

9 (B) Contractor shall assume all liability, financial or otherwise, in connection with this
10 Agreement, and shall protect and hold harmless County from any and all damages or
11 claims (including attorney's fees and costs) arising because of inconvenience, delay,

14 assume all responsibility for all Work not completed or accepted because of the
15 presence and operations of other Contractors.

16 (C) Contractor shall arrange the Work and placement and disposal of the materials being

20 others.

21 1.16 **Temporary Facilities.**

22 (A) Water and Electricity: Contractor may connect to existing water and electricity

24 electricity costs shall be paid by County. Contractor shall bear all expenses for
25 carrying the water or electricity to the appropriate locations, and for connecting or
26 tapping into existing lines. Contractor shall furnish fuel and other power for the
27 operation of the heavy equipment, pneumatic tools, and compressors.

1 (B) Toilet Facilities may be available on the site to the workers engaged in the
2 performance of this Agreement. The use of such facilities may be revoked in the
3 event of excess janitorial requirements, or at the discretion of County.

4 **1.17 Fire Protection and Fire Insurance.** Contractor shall not perform any fire
5 hazardous operation adjacent to combustible materials. Any fire hazardous operation shall have
6 proper fire extinguishers close by, and the adjacent area shall be policed before stopping work
7 for the day.

8 Contractor shall provide not less than one OSHA / NFPA Class 10-ABC fire extinguisher
9 for each 3,000 square feet of project area or fraction thereof.

10 **1.18 Dust Separation and Protective Barricades.** When directed as part of an individual
11 Job Order, Contractor shall erect temporary dust separation partitions and floor mats as
12 necessary to confine dust and debris within the area of Work. Contractor shall post signs, and
13 erect, and maintain barriers and warning devices for the protection of the general public and
14 Contractor and County personnel.

15 Contractor shall provide adequate protection for all parts of the present buildings and its
16 contents and occupants wherever Work under this Agreement is to be performed. Contractor
17 shall observe that the health and welfare of occupants of the existing buildings may be affected
18 by noises and fumes produced by the construction. Contractor shall avoid creating loud and
19 unnecessary noise, and noise-producing Work shall be performed as far away from occupied
20 areas as is consistent with the efficient conduct of the Work.

21 **1.19 Damage to Existing Work.** Damage to existing construction, equipment, and
22 planting by Contractor in the performance of the Work shall be replaced or repaired and
23 restored to original condition by Contractor at Contractor's expense.

24 **1.20 Protection of Alarms, Security, Communications, and Computer Systems.**
25 Contractor shall be responsible for all costs incurred by County on these systems as a
26 result of Work by Contractor or damage caused by Contractor's operations, including costs
27 associated with false fire alarms caused by Contractor operations.

1 1.21 **Parking.** County will provide parking spaces at the project site when parking is
2 available. However, Contractor shall not rely on County to provide parking.

3 1.22 **Record Drawings.** Contractor shall be provided with xerox bond prints at no cost,
4 upon which a record of all changes to the project plans shall be made. As the Work progresses,
5 Contractor shall be responsible for and shall maintain a record of all deviations in the
6 mechanical, electrical, plumbing, and other Work from that indicated on the plans. As a
7 condition for considering the project complete, the record drawings must be delivered to the
8 Engineer, and deemed acceptable.

9 1.23 **Warranty Response.** In lieu of any time limits imposed or implied by the above-
10 referenced Agreement Documents or stated in standard product warranties or special
11 warranties, Contractor shall respond within 24 hours' notice from County that repairs or changes
12 are required in connection with guaranteed Work, or equipment within the guarantee period.

13 1.24 **Asbestos Containing Material (ACM).** When the Job Order requires Contractor not
14 to remove ACM, Contractor shall exercise caution when working around ACM to prevent the
15 release of ACM into the atmosphere. If damage to ACM results in release of airborne asbestos
16 fibers to the atmosphere, then control measures required by Federal and State regulations must
17 be instituted at Contractor's expense. Any ACM damaged by Contractor's operations shall be
18 repaired at Contractor's expense in accordance with applicable Federal, State, and local laws
19 and regulations. When the Job Order requires the removal of ACM, Contractor shall remove,
20 transport, and dispose of either non-friable ACM or less than 100 square feet of friable ACM in
21 accordance with Federal, State, and local statutes and regulations. Contractor shall furnish
22 project notification documents, employee information, equipment certifications, material
23 specifications and samples, project work plan and air monitoring plan, and other project
24 submittals or documentation as required by statute or regulation. The methods for removal and
25 disposal of either non-friable ACM or friable ACM selected by Contractor shall be approved by
26 County before commencing removal operations. If, during the course of removal operations,
27 County determines that removal methods used by Contractor result or may result in releasing
28 airborne asbestos fibers to the atmosphere, Contractor shall immediately cease Contractor's

1 current ACM removal operations, and propose a new method for removal of ACM for the
2 approval of County. If removal of ACM results in release of airborne asbestos fibers to the
3 atmosphere, then control measures required by Federal and State regulations must be instituted
4 at Contractor's expense. Work area air monitoring may be required for individual Job Orders, at
5 the discretion of County. Work area air monitoring shall be paid for by Contractor. The Engineer
6 reserves the right to require Contractor, at Contractors expense, to utilize a Contractor certified
7 by Contractors State License Board and registered with the Division of Occupational Safety and
8 Health to remove and dispose of ACM, if, in the opinion of the Engineer based on Contractor's
9 performance of ACM removal, only a certified and registered Contractor would possess the
10 technical skills and resources required to remove the ACM. At Contractor's option, removal and
11 disposal of non-friable ACM or friable ACM where removal and disposal may result in release of
12 airborne asbestos fibers to the atmosphere may be subcontracted to a Contractor certified by
13 Contractors State License Board and registered with the Division of Occupational Safety and
14 Health.

15 1.25 **Security.** Security is of great concern to County. Failure to comply with the security
16 requirements listed below will be considered a breach of contract, and may result in termination
17 of this Agreement and any Job Order for default. Contractor's personnel shall cooperate with all
18 County security personnel at all times, and shall be subject to and conform to County security
19 rules and regulations, including, but not limited to County security rules and procedures, as
20 detailed in Exhibits D through G. Any violations or disregard of these rules may be cause for
21 denial of access to County property. The background checks required, and policies listed below,
22 may change throughout the life of this Agreement. It is Contractor's responsibility to request
23 updates from County. All of Contractor's employees, agents, and subcontractors must read the
24 policies listed below. Please see the following Exhibits:

Such access shall be obtained by notification to the Facilities Services Manager or his designee, of the time and place, prior to commencing the Work.

All keys used during construction shall be numbered. Each key issued shall be recorded, and its prompt return shall be strictly enforced. Duplication of any keys issued is strictly prohibited. These keys shall be returned to County's representative at the end of each working day, when required.

Some of the Projects to be done under this Agreement may be in secured facilities such as jails. Prior to commencement of Work, Contractor, including all Sub-Contractors and Contractors, shall obtain security clearances for all employees that will be working or making deliveries to the sites.

When Work is performed in secured facilities, it is incumbent upon all Contractors to alert all workmen of the necessity for extreme care in accounting for, and keeping all areas free of any and all types of hand tools, power tools, small parts, scrap material, and all other materials which might be concealed upon the person of an inmate/ward/patient, at all times when such tools and materials are not used for the task at hand.

Each Work area shall be kept clean and in order both during working hours and at the completion of the working day.

1.26 Trenching and Excavation. In accordance with section 7104 of the California Public Contract Code, the following provisions shall apply to any contract involving digging of trenches or other excavations that extend deeper than four feet below the surface:

(A) Contractor shall promptly, and before the following conditions are disturbed, notify County, in writing, of any:

- (i) Material that Contractor believes may be material that is hazardous waste, as defined in section 25117 of the Health and Safety Code that is required to be

1 removed to a Class I, Class II, or Class III disposal site in accordance with
2 provisions of existing law.

3 (ii) Subsurface or latent physical conditions at the site differing from those
4 indicated.

5 (iii) Unknown physical conditions at the site of any unusual nature, different
6 materially from those ordinarily encountered and generally recognized as
7 inherent in work of the character provided for in the Job Order.

8 (B) County shall promptly investigate the conditions, and if it finds that the conditions do
9 materially so differ, or do involve hazardous waste, and cause a decrease or
10 increase in Contractor's cost of, or the time required for, performance of any part of
11 the work, shall issue an additional Job Order.

12 (C) In the event that a dispute arises between County and Contractor whether the
13 conditions materially differ, or involve hazardous waste, or cause a decrease or
14 increase in Contractor's cost of, or time required for, performance of any part of the
15 Work, Contractor shall not be excused from any scheduled completion date provided
16 for by the Agreement but shall proceed with all Work to be performed under the
17 Agreement. Contractor shall retain any and all rights provided either by contract or by
18 law which pertain to the resolution of disputes and protests between the contracting
19 parties.

20 **1.27 Rights and Remedies of County for Default.** In case of default by Contractor,
21 County may procure the articles or service from another source and may recover the cost
22 difference and related expenses from any unpaid balance due Contractor or by proceeding
23 against performance bond of Contractor, if any, or by suit against Contractor. The prices paid by
24 County shall be considered the prevailing market price at the time such purchase is made.

25 Articles or services, which upon delivery inspection do not meet specifications, shall be
26 rejected, and Contractor will be considered in default. Contractor shall reimburse County for
27 expenses related to delivery of non-specified goods or services.

28 Regardless of F.O.B. point, Contractor agrees to bear all risks of loss, injury or

1 destruction to goods and materials ordered herein which occur prior to delivery; loss, injury, or
2 destruction shall not release Contractor from any obligation hereunder.

3 1.28 **Assignment of Moneys.** Contractor agrees to furnish all labor and materials,
4 including tools, implements, and appliances required, and to perform all the Work in a good and
5 workmanlike manner, free from any and all liens and claims of mechanics, material-men,
6 subcontractors, artisans, machinists, teamsters, day-men, and laborers required for completing
7 specific Job Orders, as directed by County.

8 1.29 **Inspection.** All material and workmanship (if not otherwise designated by the
9 Agreement Documents) shall be subject to inspection, examination, and test by the Director of
10 the specific project or designated County official (hereinafter "Director") at any and all times
11 during manufacture and/or construction, and at any and all places where such manufacture
12 and/or construction are carried on. The Director shall have the right to reject defective material
13 and workmanship or require its correction.

14 Contractor shall furnish promptly without additional charge, all reasonable facilities,
15 labor, and materials necessary for the safe and convenient inspection and tests that may be
16 required by the Director.

17 If considered necessary or advisable by the Director at any time either before
18 acceptance of the entire Work, or after acceptance and within the guaranty period, to make an
19 examination of Work already completed, by removing or tearing out same, Contractor shall, on
20 request, promptly furnish all necessary facilities, labor, and material. If such Work is found to be
21 defective in any material respect, due to the fault of Contractor or his/her Sub-Contractors, he
22 shall defray all the expenses of such examination and of satisfactory reconstruction. If, however,
23 such Work is found to meet the requirements of this Agreement, Contractor's costs necessarily
24 incurred in the examination and replacement, as determined by use of the Construction Task
25 Catalog®, shall be reimbursed to Contractor and Contractor shall, in addition, if completion of
26 the Work has been delayed thereby, be granted a suitable extension of time on account of the
27 additional Work involved.

28 When the Work is completed, Contractor shall notify County in writing that the Work shall

1 be ready for final inspection and test on a definite date, which shall be stated in such notice.

2 1.30 Contractor shall not assign moneys due or to become due to Contractor under the
3 Agreement without the written consent of the Auditor-Controller of Fresno County. Any
4 assignment of moneys shall be subject to all proper set-offs in favor of County of Fresno, and to
5 all deductions provided for in the Agreement, and particularly all money withheld, whether
6 assigned or not, shall be subject to being used by County for the completion of the Work in the
7 event that Contractor defaults under this Agreement.

8 1.31 Contractor shall use The Gordian Group, Inc.'s Job Order Contracting System for its
9 JOC program. The Gordian Group, Inc.'s Job Order Contracting System includes proprietary
10 JOC applications that shall be used by Contractor to prepare and submit JOC proposals,
11 subcontractor lists, and other requirements as specified by County. Contractor shall be
12 assessed a Contractor license fee by The Gordian Group, Inc. of one percent (1%) of the value
13 of construction of each project awarded by County ("Contractor License Fee"). Such Contractor
14 License Fee shall be billable by The Gordian Group, Inc., and is payable to The Gordian Group,
15 Inc.

9 employed for any work done under this project by Contractor or by any subcontractor under
10 Contractor in violation of Labor Code section 1770, et seq. In addition to the penalty, the
11 difference between the prevailing wage rates and amount paid to each worker for each calendar

27 which Contractor is compensated in the Agreement Adjustment Factors. Contractor
28 shall carefully inspect the site, and study and compare all Agreement Documents

3 to its full intent.

5 shall attend the project site during the progress of the Work. The superintendent
6 shall represent Contractor, and all communications given to the superintendent shall

7 construed as creating any contractual relationship between County and any Sub-
8 Contractor.

9 (B) County reserves the right to reject any proposed Sub-Contractor, installer, or supplier

11 Agreement. In the event of such rejection, Contractor shall, within the time frame
12 listed for submittal of revised Proposals, submit the name and qualifications of a
13 replacement Sub-Contractor, installer, or supplier satisfactory to County. Such
14 replacement submittal shall be in accordance with this Agreement. No adjustment of
15 a Job Order price proposal shall be made in the event of such replacement.

16 (C) This Agreement is subject to nondiscrimination requirements, including, but not
17 limited to, compliance by Contractor and its Sub-Contractors with the provisions of
18 Government Code section 12940.

19 (D) When an individual Job Order utilizes Federal Funds, and Contractor elects to
20 require Disadvantaged Business Enterprise (DBE) participation, Contractor shall
21 follow the Federal Good Faith Effort requirements for inclusion of DBE Sub-
22 Contractors and suppliers.

23 **Article 2**

24 **County's Responsibilities**

25 2.1 The Work to be performed pursuant to this Agreement includes a comprehensive
26 listing of detailed repair, remodeling, and other repetitive tasks and specifications that have
27 preestablished units of measure and unit prices listed in The Gordian Group, Inc.'s proprietary
28 Construction Task Catalog®. The Work performed under this Agreement shall be carried out

1 pursuant to individual tasks or job orders, and shall involve repair, remodeling, or other
2 repetitive work for public buildings, streets, utilities, and other public works (“Job Order(s)”).

3 2.2 County shall identify projects, as well as County’s intended results for each project,
4 and may, at County’s discretion, work with Contractor to develop a scope and specifications.

5 2.3 County shall issue a Notice to Proceed for each Job Order and shall issue any
6 required subsequent Job Orders for each project.

7 2.4 County shall provide inspection and written acceptance of the Work.

8 2.5 County shall provide a County representative (“County Representative”) to represent
9 County, who will work with Contractor to carry out Contractor’s obligations under this
10 Agreement. The County Representative will be County’s Facilities Division Manager, and/or his
11 or her designees. Contractor shall provide a contact person to the County Representative upon
12 execution of this Agreement and is responsible for informing County as changes in personnel
13 occur.

14 2.6 County may perform or employ others to undertake any portions of Work persistently
15 neglected by Contractor, provided that, after three days' written notice to Contractor, such Work
16 is still not completed to County’s satisfaction. In such case, the Work shall be completed under
17 direction of the Director or designated County Official or designee, and the cost deducted from
18 the amount of next payment falling due to Contractor. Such action shall, in no way, affect the
19 status of either party under this Agreement, nor be held as a basis of any claim by Contractor
20 for damages or extension of time.

21 2.7 **Changes to the Job Order.** Changes Requested by County -County may, without
22 invalidating the Job Order, order changes, modifications, deletions, and extra work by issuing
23 additional written Job Orders during the progress of the Work. Contractor shall not be entitled to
24 compensation for any extra Work performed, unless the Director has issued an additional
25 written Job Order designating (i) the extra Work to be performed, (ii) the price of the extra Work,
26 and (iii) the time for completion of the extra Work. If County orders Work added or deleted from
27 the Job Order, the price for the additional Job Order shall be determined using the Procedure
28 for Ordering Work set forth in Exhibit A. Credits for Pre-priced and Non Pre-priced Tasks shall

1 be calculated at the pre-set Unit Prices, and multiplied by the appropriate Adjustment Factors.
2 Credits for Tasks that have been deleted from the Detailed Scope of Work will be given at 100%
3 of the value at which they were included in the original Job Order Price Proposal.

4 Changes in the Work Claimed by Contractor - Contractor may request a change in the
5 Job Order Price, or an extension of time for completion of the Job Order due to changes in the
6 Work that are not within the scope of the Job Order. The request must be in writing, and must
7 be submitted to County prior to beginning the extra work. Furthermore, Contractor shall not be
8 entitled to compensation for any extra work performed unless the Director has issued an
9 additional written Job Order designating (i) the extra work to be performed, (ii) the price of the
10 extra work, and (iii) the time for completion of the extra work. If County agrees that work is
11 added to or deleted from the Job Order, the price for the additional Job Order shall be
12 determined using the Procedure for Ordering Work set forth in Exhibit A.

13 Where Contractor and County disagree on the scope, price, and/or time for changes in
14 the Detailed Scope of Work, County may require Contractor to perform such Work under a
15 written protest, pursuant to the Resolution of Contract Claims in Article 9, section 9.1, herein.
16 Contractor's failure to submit a written protest to the Director within 5 days of beginning such
17 Work constitutes a waiver of any claim.

18 2.8 Discrepancies. Should Contractor, at any time, discover a mistake in any of the
19 Agreement Documents or any discrepancy therein, or any variation between dimensions on the
20 Agreement Documents and measurements at site, or any missing dimensions or other
21 information, Contractor shall report at once to the Director for correction, and shall not proceed
22 with the affected Work until such correction has been made.

23 2.9

24 (A) In resolving conflicts resulting from errors or discrepancies pursuant to this
25 Agreement, the order of precedence shall be as follows:

- 26 (i) Permits from other agencies as may be required by law
- 27 (ii) Permits issued by County
- 28 (iii) Changes to Job Orders

- 1 (iv) Job Orders
- 2 (v) This Agreement
- 3 (vi) Addenda
- 4 (vii) Scope of Work
- 5 (viii) Technical Specifications
- 6 (ix) Construction Task Catalog®
- 7 (x) Reference Specifications

8 (B) Division of Contract Documents - For convenience of reference and to facilitate the
9 letting of independent contracts, the Agreement Documents may be separated into
10 certain sections; such separation shall not operate to oblige the Director only or
11 designee to establish the limits of any contract between Contractor and Sub-
12 Contractor, each of whom shall depend upon his/her own contract stipulations. This
13 Agreement shall apply with equal force to all Work, including extra Work.

14 (C) Shop Drawings - Mill drawings, shop drawings, setting diagrams, schedules, maker's
15 specifications, and illustrations requisite for the various parts of the Work shall be
16 provided, and promptly submitted by Contractor. These shall be submitted in
17 duplicate or as directed, shall be corrected if necessary, and resubmitted until review
18 by the Director is complete, after which corrected copies of each shall be filed with
19 him and the necessary additional copies supplied for use in connection with the
20 Work. Corrections or comments made on the shop drawings during this review do
21 not relieve Contractor of his/her responsibility to comply with the requirements of the
22 drawings and specifications. This review is only to check for general conformance
23 with the design concept of the project and general compliance with the Agreement
24 Documents. Contractor remains responsible for: confirming and correlating all
25 dimensions and quantities; selecting fabrication processes and techniques of
26 construction; coordinating the work of the trades; and performing the work in a safe
27 and satisfactory manner

1 (D) Trade Names and Alternatives - The intent of the specifications is to specify high-
2 grade standard equipment, and it is not the intent of these specifications to exclude
3 or omit the products of any responsible manufacturer, if such products are equal in
4 every respect to those mentioned herein. Wherever an article, or any class of
5 materials, is specified by the trade name or by the name of any particular patentee,
6 manufacturer, or dealer, it shall be taken as intending to mean and specify the article
7 of material described or any other equal thereto in quality, finish, and durability, and
8 equally as serviceable for the purpose for which it is, or they are intended.

9 (E) Materials - All materials, unless otherwise specified, shall be new and of good
10 quality, proof of which shall be furnished by Contractor; in case of doubt as to kind or
11 quality required, samples shall be submitted to the Director who will specify the kind
12 and use of the material appropriate to the location and the function of the item in
13 question, and Contractor shall furnish such accordingly.

14 **2.10 Liquidated Damages.** It is understood and agreed by both parties to this Agreement
15 that if all the work specified or indicated in the Job Order is not completed within the specified
16 time frames set forth in the Job Order, or within such time limits as extended, damages will be
17 sustained by County in the event of and by reason of such delay. It is, and will be, impractical
18 and extremely difficult to determine the actual damage which County will sustain by reason of
19 the delay. It is therefore agreed that Contractor will pay, at a minimum, to County the sum of
20 money stipulated per day in the Job Order for each day's delay in completing the work beyond
21 the time prescribed.

22 For each calendar day that the Detailed Scope of Work for a Job Order shall remain incomplete
23 after the Job Order Completion Time, as amended pursuant to this Contract, the amount per
24 calendar day specified in following table, Schedule of Liquidated Damages, may be deducted
25 from any money due the Contractor, not as a penalty but as liquidated damages.

Value of Job Order	Liquidated Damages
\$0 to \$10,000	\$100/Day

\$10,001 to \$50,000	\$250/Day
Over \$50,000	\$500/Day

County shall determine the application of liquidated damages, and the value of liquidated damages. Each Job Order shall state whether liquidated damages will be applied. County may withhold liquidated damages from payments to Contractor as such damages accrue, or, at County's discretion, withhold liquidated damages from any payments due or that become due pursuant to a Job Order, including Retention and final payment (pursuant to Government Code §53069.85). County shall execute a credit Job Order to assess liquidated damages against Contractor.

2.11 Control of the Work. The Parties agree that the Director shall be the arbiter between parties thereto, and the entire Work is under the Director's jurisdiction to such end. It is the Director's function to interpret the Agreement Documents; pass upon merits of materials and workmanship, compute amounts of and issue certificates for all payments to which Contractor may be entitled; decide upon all deductions from and additions to the Job Order Price resulting from alterations after letting of Job Order; determine amount of damages accruing to either Party from any cause; or conferences at any time during the progress of the Work, and such order shall require Contractor and any or all Sub-Contractors or other Contractors to attend; and perform any other required duties.

It shall be the responsibility of the Director or designee to make written decisions in regard to all claims of County or Contractor, and to interpret the Agreement Documents in regard to all questions arising in connection with the execution of the Work.

Orders from the Director shall be in writing only, and properly signed; no oral orders from Director, nor from anyone acting for him, shall be considered binding in case of dispute, and no one, other than County, or the Director acting for him, has authority to order changes involving extra expenditures or deductions. Superintendents or Inspectors may be assigned by County and/or Engineer to assist them in the conduct of the Work, and these persons shall be entitled to the same free access to all parts of Work, and the degree of authority of such employees to

1 act for the Engineer is as prescribed for the Engineer, such employees acting within the scope
2 of the particular duties entrusted to them.

3 Authority to stop the Work is vested in the Director, and may be involved whenever the
4 Director deems such action necessary to ensure proper execution of the Agreement, and Work
5 may not thereafter be resumed until the Director has given written consent.

6 **Article 3**

7 **Compensation, Invoices, and Payments**

8 3.1 The County agrees to pay, and the Contractor agrees to receive, compensation for
9 the performance of its services under this Agreement as described in this section. County
10 agrees to pay Contractor, and Contractor agrees to receive compensation for each Job Order in
11 accordance with Contractor's Adjustment Factors stated on the Bid

12 3.2 Schedule set forth in Contractor's Response to the RFQ, which are as follows:

13 General Facilities Normal Working Hours	1.2900
14 Adjustment Factor	
15 General Facilities Other than Normal Working	1.3620
16 Hours Adjustment Factor	
17 Secured Facilities Normal Working Hours	1.3460
18 Adjustment Factor	
19 Secured Facilities Other than Normal	1.3830
20 Working Hours Adjustment Factor	

21
22 At no time shall the total sum of the outstanding Job Orders exceed the amount of
23 Contractor's Payment Bond and Performance Bond. A Job Order is outstanding until County
24 has accepted the Work described in the Job Order by execution of a written notice of
25 completion. Contractor shall not be issued Job Orders with compensation amounts that in total
26 exceed the Maximum Agreement Value. County makes no guarantee that Contractor will
27 receive Job Orders totaling the Maximum Agreement Value.
28

1 In no event shall compensation paid for services performed under this Agreement
2 exceed the Maximum Agreement Value during the term of this Agreement. All expenses
3 incidental to Contractor's performance of services under this Agreement shall be borne by
4 Contractor.

5 **3.3 Maximum Compensation.** The maximum compensation payable to the Contractor
6 under this Agreement is for all Job Orders ("Maximum Agreement Value") performed by
7 Contractor shall not exceed \$5,000,000. There is no Minimum Contract Value.

8 **3.4** The Contractor acknowledges that the County is a local government entity and does
9 so with notice that the County's powers are limited by the California Constitution and by State
10 law, and with notice that the Contractor may receive compensation under this Agreement only
11 for services performed according to the terms of this Agreement and while this Agreement is in
12 effect, and subject to the maximum amount payable under this section. The Contractor further
13 acknowledges that County employees have no authority to pay the Contractor except as
14 expressly provided in this Agreement.

15 **3.5 Invoices.** Payments shall be made for inspected and approved Work only. If an
16 individual Job Order requires 45 days or less for completion, County will normally make one
17 payment to Contractor after the Notice of Completion, if required by County, and retention shall
18 be paid after final acceptance of all Work contained under the Job Order and all Agreement
19 requirements for final payment have been satisfied. For Job Orders requiring greater than 45
20 days performance period, County shall consider a request for partial payments to Contractor,
21 which shall not occur more often than monthly. County will make progress payments to
22 Contractor upon completion of portions of the Work, as covered by the Agreement, in
23 accordance with established County procedures:

24 (A) Before payment is made, Contractor shall prepare for the Director's approval a
25 statement covering the actual Work completed under the terms of the Job Order. A
26 schedule of values listed by "CSI" or "Category" from Contractor's Job Order Price
27 Proposal may be utilized for this schedule of values.
28

1 (B) In making such payment, there shall be a retention of 5% of the payment requested.

2 If, after 50% of the Work of the Job Order has been completed, the Director finds that
3 satisfactory progress is being made, the Director may reduce the retention to 2½% of
4 the amount requested. In addition, after 97.5% of the Work has been completed, the
5 Director may reduce the amount withheld to such lesser amount as the Director
6 determines to be adequate security for the fulfillment of the balance of the Work, and
7 other requirements of this Agreement. In no event shall this amount be reduced to
8 less than 125% percent of the estimated value of the Work yet to be completed, as
9 determined by the Director. Such reduction shall only be made upon the written
10 request of Contractor, and shall be approved in writing by the surety upon the
11 Performance Bond and the surety upon the Payment Bond. The signature of persons
12 executing the approval for the surety shall be properly acknowledged, and the power
13 of attorney authorizing those persons to give such consent must accompany the
14 approval document.

15 (i) Substitution of securities for any moneys withheld by County to ensure
16 performance under this Agreement shall be permitted, provided that
17 substitution of securities provisions shall not apply to contracts in which there
18 will be financing provided by the Farmers Home Administration of the United
19 Stated Department of Agriculture pursuant to the Consolidated Farm and
20 Rural Development Act (7 U.S.C. Sec. 1921 et seq.), and where federal
21 regulations or policies, or both, do not allow the substitution of securities.

22 (ii) At the request and expense of Contractor, and in compliance with Public
23 Contract Code section 22300, securities equivalent to the amount withheld
24 pursuant to these specifications shall be deposited by Contractor with
25 County, or with a state or federally chartered bank as the escrow agent, who
26 shall then pay such withheld amounts to Contractor upon written
27 authorization of County.

28

1 (iii) Securities eligible for investment under this section shall include those listed
2 in section 16430 of the Government Code, bank or savings and loans
3 certificates of deposit, interest bearing demand deposit accounts, standby
4 letters of credit, or any other security mutually agreed to by Contractor and
5 County.

6 (iv) Securities to be placed in escrow shall be of a value at least equivalent to the
7 amounts of retention to be paid to Contractor.

8 (v) Contractor shall be beneficial owner of any securities substituted for moneys
9 withheld and shall receive any interest thereon.

10 (vi) Contractor shall enter into an escrow agreement satisfactory to County, which
11 agreement shall substantially comply with Public Contract Code section
12 22300.

13 (vii) Contractor shall obtain the written consent of the surety to such escrow
14 agreement.

15 (C) All material and Work covered by progress payments made shall thereupon become
16 the sole property of County, but this provision shall not be construed as relieving
17 Contractor from the sole responsibility for all materials and work upon which
18 payments have been made or the restoration of any damaged Work, or as a waiver
19 of the right of County to require the fulfillment of all of the terms of the Agreement,

20 (D) Upon completion and acceptance of all Work whatsoever required, and the release
21 of all claims against County as specified, the Director shall file a written Notice of
22 Completion, if required by County, with County Recorder as to the entire amount of
23 Work performed.

24 (E) Forty-five (45) days after the filing of such Notice of Completion, if required by
25 County, County shall pay to Contractor the amount therein stated, except as
26 provided in paragraph 2.11, less all prior payment and advances whatsoever to or for
27 the account of Contractor, and less material and labor claims duly filed with County
28 on account of this Agreement. All prior estimates and payments, including those

1 relating to extra work, shall be subject to correction by this final payment, which is
2 referred to throughout this Agreement as the Final Payment.

3 (F) The acceptance by Contractor of the Final Payment shall be, and shall operate as a
4 release to County of all claims and of all liability to Contractor for all things done or
5 furnished in connection with this Work, and for every act and neglect of County and
6 others relating to or arising out of this Work, excepting Contractor's claims for
7 interest upon final payment, if this payment be improperly delayed. No payments,
8 however, final, or otherwise, shall operate to release Contractor or his/her sureties
9 from any obligations under this Agreement or the Performance and Payment Bonds.

10 (G) Payments may be withheld in the whole or in part, if deemed necessary to protect
11 County from loss on account of the failure of Contractor to (1) meet Contractor's
12 obligations, (2) expedite the Work, (3) correct rejected Work, (4) settle damages as
13 herein provided, (5) produce substantial evidence that no claims will be or have been
14 filed, or (6) that unpaid balances may be insufficient to complete the Work.

15 (H) Contractor shall pay:

16 (i) For all transportation and utility services not later than the 20th day of the
17 calendar month following that in which such services are rendered.

18 (ii) For all materials, tools, and other expendable equipment to the extent of 90%
19 of the cost thereof, not later than the 20th day of the calendar month following
20 that in which such materials, tools, and equipment are delivered at the site of
21 the project, and the balance of the cost thereof not later than the 30th day
22 following the completion of that part of the Work in or on which such
23 materials, tools, and equipment are incorporated or used.

24 (iii) To each of Contractor's Sub-Contractors, not later than the tenth day
25 following each payment to Contractor, the respective amounts allowed
26 Contractor on account of the Work performed by Contractor's Sub
27 Contractors, including that Work performed and paid for under a Change to
28

1 the Job Order as provided in Article 2, section 2.7 to the extent of each Sub-
2 Contractor's interest therein.

3 3.6 Contractor shall submit invoices on the first day of the month in accordance with the
4 rates and charges agreed upon by that Contractor for the services provided to County during
5 the previous monthly billing period. Each invoice shall reference this Agreement number, the
6 FAMIS work order number, the date and name of the facility where the services were
7 performed, and a clear itemization of services performed, and shall be emailed to isdap-
8 ar@fresnoCountyca.gov or mailed to County of Fresno, ISD, ATTN: Business Office (A/P
9 Division), 333 W. Pontiac Way, Clovis, CA 93612. County shall make payment to Contractor no
10 later than forty-five (45) days after receipt and approval of each invoice, which shall be given
11 upon verification of satisfactory performance.

12 3.7 **Payment.** The County shall pay each correctly completed and timely submitted
13 invoice within 45 days after receipt. The County shall remit any payment to the Contractor's
14 address specified in the invoice.

15 3.8 **Incidental Expenses.** The Contractor is solely responsible for all of its costs and
16 expenses that are not specified as payable by the County under this Agreement.

17 **Article 4**

18 **Term of Agreement**

19 4.1 **Term.** This Agreement is effective on January 23, and terminates on January 22,
20 2026, or when all issued Job Orders totaling the Maximum Agreement Value, as defined in
21 section 3.3, herein, have been completed, whichever occurs first. All Job Orders must be
22 issued, but not necessarily completed, within one calendar year of the Effective Date of this
23 Agreement. All Job Orders for which a Notice to Proceed is issued by County during the term of
24 this Agreement shall be valid and in effect, notwithstanding that the Detailed Scope of Work
25 may be performed, payments may be made, and the guarantee period may continue, after the
26 Agreement term has expired. All terms and conditions of the Agreement apply to each Job
27 Order, except as provided in Article 6, "Termination and Suspension," below.

5 the sender maintains a machine record of the completed transmission.

6 **5.4 Claims Presentation.** For all claims arising from or related to this Agreement,
7 nothing in this Agreement establishes, waives, or modifies any claims presentation
8 requirements or procedures provided by law, including the Government Claims Act (Division 3.6
9 of Title 1 of the Government Code, beginning with section 810).

10 **Article 6**

11 6.1 Taxes, permits, fees, and indemnification for patent infringement claim. Contractor
12 shall pay for and include all Federal, State, and local taxes, direct or indirect, upon all materials,
13 and take out and pay all fees and charges for permits and licenses, unless otherwise specified
14 in the Job Order or Technical Specifications.

15 Royalty and license fees incidental to the use of any patented material, device or
16 process shall be paid by Contractor, and in the event of a claim of alleged infringement of patent
17 copyright, or Trade Secret rights, Contractor shall indemnify, save County free and harmless,
18 and defend, at Contractor's own expense, any and all suits that may be brought in connection
19 with such royalty and license fees.

20 **Article 7**

21 7.1 **Guarantee of Work.** All Work shall be guaranteed by Contractor, except as may be
22 otherwise specified, against defects resulting from the use of inferior materials, equipment, or
23 workmanship for one year from the date of completion of the Job Order.

24 If repairs or changes are required in connection with guaranteed Work within any
25 guaranteed period, which, in the opinion of County are rendered necessary as the result of the
26 use of materials, equipment, or workmanship, which are inferior, defective, or not in accordance
27 with the terms of this Agreement, Contractor shall, promptly upon receipt of notice from County,
28 and without expense to County (1) place in satisfactory condition in every particular all of such

1 guaranteed Work, correct all defects therein, and (2) make good all damage to the building or
2 site, or equipment or contents thereof, which, in the opinion of County, is the result of the use of
3 materials, equipment, or workmanship which are inferior, defective, or not in accordance with
4 the terms of the Agreement; and (3) make good any work or materials, or the equipment and
5 contents of said building or site disturbed in fulfilling any such guarantee.

6 If Contractor disturbs any Work guaranteed under another Agreement in fulfilling the
7 requirements of the Agreement or of any guarantee, embraced in or required thereby,
8 Contractor shall restore such disturbed Work to a condition satisfactory to the Director, and
9 guarantee such restored Work to the same extent as it was guaranteed under such other
10 Agreement.

11 County may have the defects corrected if Contractor, after notice, fails to proceed
12 promptly to comply with the terms of the guarantee, and Contractor and his/her surety shall be
13 liable for all expense incurred.

14 All special guarantees applicable to definite parts of the Work that may be stipulated in
15 the Agreement Documents shall be subject to the terms of this section during the first year of
16 the life of such special guarantee.

17 **Article 8**

18 **8.1 Responsibility for Damage.** Neither County, the Director of Department of Internal
19 Services, nor any officer or employee of County, or any incorporated city, or officer or employee
20 thereof, within the limits of which the Work is being performed, shall be answerable or
21 accountable in any manner, for any loss or damage to the Work or any part thereof; or for any of
22 the materials or other things used or employed in performing the Work; or for injury to any
23 person or persons, either workmen or the public, for damage to property from any cause which
24 might have been prevented by Contractor, or his/her workers, or anyone employed by
25 Contractor, against all of which injuries or damages to persons and property Contractor having
26 control over such Work must properly guard.

1 Contractor shall be responsible for any liability imposed by law for any damage to any
2 person or property resulting from defects or obstructions or from any cause whatsoever
3 during the progress of the Work or at any time before the completion and final acceptance.

4 **Article 9**

5 **9.1 Resolution of contract claims.** Public works contract claims of three hundred
6 seventy-five thousand (\$375,000) or less which arise between a Contractor and a local public
7 agency shall be resolved in accordance with the provisions of Article 1.5 (sections 20104-
8 20104.6, inclusive) of Chapter 1 of Part 3 of Division 2 of the Public Contract Code. Article 1.5
9 requires that its provisions or a summary thereof be set forth in the plans and specifications for
10 any work which may give rise to a claim thereunder. Accordingly, this Agreement incorporates
11 all of the terms and conditions of Article 1.5, as follows:

12 (A) Article 1.5 Resolutions of Contract Claims 20104.

13 (i) This article applies to all public works claims of three hundred seventy-five
14 thousand dollars (\$375,000) or less which arise between a Contractor and a
15 local agency.

16 (B) This article shall not apply to any claims resulting from a contract between a
17 Contractor and a public agency when the public agency has elected to resolve any
18 disputes pursuant to Article 7.1 (commencing with section 10240) of Chapter 1 of
19 Part 2.

20 (i) "Public work" has the same meaning as in sections 3100 and 3106 of the
21 Civil Code, except that "public work" does not include any work or
22 improvement contracted for by the state or the Regents of the University of
23 California.

24 (C) "Claim" means a separate demand by the Contractor for (A) a time extension, (B)
25 payment of money or damages arising from work done by or on behalf of the

9 to meet and confer for settlement of the issues in dispute, Upon a demand,
10 the local agency shall schedule a meet and confer conference within 30 days

20 following procedures are established for all civil actions filed to resolve claims
21 subject to this article: (a) Within 60 days, but no earlier than 30 days,
22 following the filing or responsive pleadings, the court shall submit the matter

24 parties. The mediation process shall provide for the selection within 15 days
25 by both parties of disinterested third person as mediator, shall be
26 commenced within 30 days of the submittal, and shall be concluded within 15
27 days from the commencement of the mediation unless a time requirement is
28

1 extended upon a good cause showing to the court or by stipulation of both
2 parties. If the parties fail to select a mediator within the 15-day period, any

18 to Chapter 2.5 (commencing with section 1141.10) of Title 3 of Part 3 of the
19 Code of Civil Procedure, any party who after receiving an arbitration award

22 attorney's fees of the other party arising out of the trial de novo. (c) The court
23 may, upon request by any party, order any witnesses to participate in the
24 mediation or arbitration process. Arbitrators shall be experienced in

15 days for the Contractor to cure the breach.

16 (B) If the Contractor fails to cure the breach to the County's satisfaction within the
17 time stated in the written notice, the County may terminate this Agreement immediately.

28 under this Article 6 is without penalty to or further obligation of the County.

1 the performance or failure to perform by the Contractor (or any of its officers, agents, Sub-

6 **Article 13**

7 **Insurance**

15 Agreement, excluding attorney-client privileged communications. The Contractor shall, upon
16 request by the County, permit the County to audit and inspect all of such records and data to
17 ensure the Contractor's compliance with the terms of this Agreement.

18 14.2 **State Audit Requirements.** If the compensation to be paid by the County under this
19 Agreement exceeds \$10,000, the Contractor is subject to the examination and audit of the
20 California State Auditor, as provided in Government Code section 8546.7, for a period of three
21 years after final payment under this Agreement. This section survives the termination of this
22 Agreement.

23 14.3 **Public Records.** The County is not limited in any manner with respect to its public
24 disclosure of this Agreement or any record or data that the Contractor may provide to the
25 County. The County's public disclosure of this Agreement or any record or data that the
26 Contractor may provide to the County may include but is not limited to the following:
27
28

1 (A) The County may voluntarily, or upon request by any member of the public or
2 governmental agency, disclose this Agreement to the public or such governmental
3 agency.

16 County, is subject to public disclosure as information concerning the conduct of the
17 people's business of the State of California under California Constitution, Article 1,
18 section 3, subdivision (b).

19 (F) Any marking of confidentiality or restricted access upon or otherwise made with
20 respect to any record or data that the Contractor may provide to the County shall be
21 disregarded and have no effect on the County's right or duty to disclose to the public or
22 governmental agency any such record or data.

23 **14.4 Public Records Act Requests.** If the County receives a written or oral request
24 under the CPRA to publicly disclose any record that is in the Contractor's possession or control,
25 and which the County has a right, under any provision of this Agreement or applicable law, to
26 possess or control, then the County may demand, in writing, that the Contractor deliver to the
27 County, for purposes of public disclosure, the requested records that may be in the possession
28 or control of the Contractor. Within five business days after the County's demand, the

1 Contractor shall (a) deliver to the County all of the requested records that are in the Contractor's
2 possession or control, together with a written statement that the Contractor, after conducting a
3 diligent search, has produced all requested records that are in the Contractor's possession or
4 control, or (b) provide to the County a written statement that the Contractor, after conducting a
5 diligent search, does not possess or control any of the requested records. The Contractor shall
6 cooperate with the County with respect to any County demand for such records. If the
7 Contractor wishes to assert that any specific record or data is exempt from disclosure under the
8 CPRA or other applicable law, it must deliver the record or data to the County and assert the
9 exemption by citation to specific legal authority within the written statement that it provides to
10 the County under this section. The Contractor's assertion of any exemption from disclosure is
11 not binding on the County, but the County will give at least 10 days' advance written notice to
12 the Contractor before disclosing any record subject to the Contractor's assertion of exemption
13 from disclosure. The Contractor shall indemnify the County for any court-ordered award of costs
14 or attorney's fees under the CPRA that results from the Contractor's delay, claim of exemption,
15 failure to produce any such records, or failure to cooperate with the County with respect to any
16 County demand for any such records.

- 5) The Contractor shall conduct the Work in strict accordance with the Agreement, and all applicable federal, state, and local laws, regulations, or codes.
- 6) Contractor shall maintain accurate and complete records, files, and libraries of documents, to include federal, state, and local regulations, codes, applicable laws listed herein, and manufacturers' instructions and recommendations, which are necessary and related to the Work to be performed.
- 7) Contractor shall prepare and submit required reports, maintain current record drawings, and submit required information. The Contractor shall provide: materials lists to include trade names and brand names, and model materials lists to include trade names, brand names, model number, and ratings (if appropriate) for all materials necessary for a complete job.
- 8) All Work will be ordered and funded when needed in accordance with the procedures contained in the Contract Documents.
- 9) All Work will be controlled and monitored by the County or designated representative.
- 10) The design of architectural, structural, mechanical, electrical, civil, or other engineering features of the Work required by the Agreement shall be accomplished or reviewed and approved by architects or engineers registered in the State of California to practice in the particular professional field involved.
- 11) In addition to the Work unit requirements in the General Requirements, Contract Technical Specifications, Volume 3, and the Construction Task Catalog® (CTC), Volume 4, the County may, from time to time, require Non Pre-priced (NPP) Tasks. The parties shall proceed with these requirements in accordance with the Procedure for Ordering Work contained in Section (b), herein. These NPP Work unit requirements will be incorporated in individual Job Orders, and the Contractor shall accomplish those requirements with the same diligence as those Work units incorporated in this Agreement in the Construction Task Catalog® and Technical Specifications.

Exhibit A

Procedure for Ordering Work

- 1) As the need for Work arises, the County will notify in writing the Contractor of the Work.
- 2) Upon receipt of this notification, the Contractor shall respond within one working day by:
 - a) Establishing verbal contact with the County to further define the scope of the requirement, and;
 - b) Visiting the proposed Work site in the company of the County, and participating in the conduct of a Joint Scope Meeting, which will include discussion and establishment of the following:
 - i. Project number and title
 - ii. Existing site conditions
 - iii. Methods and alternatives for accomplishing Work
 - iv. Definition and refinement of requirements
 - v. Detailed Scope of Work
 - vi. Requirements for design drawings, sketches, shop drawings, submittals, etc.
 - vii. Tentative construction schedule
 - viii. Preliminary quantity estimates
 - ix. Access to the site and protocol for admission
 - x. Hours of operation
 - xi. Staging area
 - xii. Liquidated damages
 - xiii. Presence of hazardous materials
 - xiv.** Proposal due date
- 3) Upon completion of the Joint Scope Meeting, the Owner will prepare a draft Detailed Scope of Work referencing any sketches, drawings, photographs, and specifications required to document accurately the Work to be

Exhibit A

accomplished. The Contractor shall review the Detailed Scope of Work, and request any required changes or modifications. When an acceptable Detailed Scope of Work has been prepared, the County will issue a Request for Job Order Proposal (RFJOP) and Detailed Scope of Work, which requires that the Contractor prepare a Proposal for the Work under consideration. The Detailed Scope of Work, unless modified by both the Contractor and the County, will be the basis on which the Contractor will develop its Job Order Proposal, and the County will evaluate the same. The Contractor does not have the right to refuse to perform any task or any Work in connection with a particular Project.

- 4) The County may, at its option, include quantities in the Detailed Scope of Work if it helps to define the Detailed Scope of Work, if the actual quantities required are not known or cannot be determined at the time the Detailed Scope of Work is prepared, if the Contractor and the County cannot agree on the quantities required, or for any other reason as determined by the County. In all such cases, the County shall issue a Supplemental Job Order adjusting the quantities appearing in the Detailed Scope of work to the actual quantities.
- 5) The Contractor will prepare the Job Order Price Proposal in accordance with the following:
 - a) Pre-priced Work requirements. A Pre-priced Task is a task described and for which a Unit Price is set forth in the Construction Task Catalog®. Pre-priced Work requirements will identify the type and number of Work units required from the Construction Task Catalog® (CTC). The price per unit set forth in the CTC shall serve as the base price for the purpose of the operation of this provision. The total of the Job Order Price Proposal shall be the sum of the cost of each

Exhibit A

applicable CTC task, which is calculated according to the following formula:

A= Number of Units Required for CTC Task B= Applicable Adjustment Factor

C= CTC Price per Unit Cost of CTC Task

$A \times B \times C$

- b) The Contractor's Job Order Proposal shall include support documentation to indicate that adequate engineering and planning for the requirement have been done, and that the Work units and quantities proposed are reasonable for the tasks to be performed. Documentation to be submitted with the Job Order Proposal shall include, but not be limited to, the Job Order Price Proposal, design drawings, calculations, catalog cuts, specifications, and architectural renderings, Subcontractor list, and construction schedule. Any Job Order Proposal lacking the required items will be considered incomplete, and shall be returned and treated as if never received. Job Order Proposals submitted to the County are valid for the duration of the Agreement.
- c) Non Pre-priced Work Requirements: Non Pre-priced Work shall be separately identified and submitted in the Job Order Price Proposal. Information submitted in support of Non Pre-priced Work shall include, but not be limited to, the following:
- i. Complete specifications and technical data, including Work unit content, support drawings, Work unit costs data, quality control and inspection requirements.
 - ii. Work schedule in written form.
 - iii. Pricing data submitted in support of Non Pre-priced work units shall include a cost or price analysis report, establishing the

Exhibit A

basis for selecting the approach proposed to accomplish the requirements. Unless otherwise directed by the County, costing data will be submitted, demonstrating that the Contractor sought and received three quotes. The Contractor shall provide an installed unit price (or demolition price if appropriate), which shall include all costs required to accomplish the Non Pre-priced Task.

- iv. If the Contractor will perform the work with its own forces, it shall submit three independent quotes for all material to be installed and shall, to the extent possible, use Pre-Priced Tasks for labor and equipment from the Construction Task Catalog®. If the work is to be subcontracted, the Contractor shall submit three independent quotes from subcontractors.

The Contractor shall not submit a quote from any subcontractor or materialman that the Contractor is not prepared to use. County may require additional quotes if the subcontractors or materialmen are not acceptable, or if the prices are not reasonable. If three quotes cannot be obtained, the Contractor shall provide County with a written explanation. If the explanation is accepted by County, the Contractor may provide less than three quotes.

- v. The final price submitted for Non Pre-priced (NPP) Tasks shall be according to the following formula:

Contractor Performed Duties

A= The number of hours for each labor classification and hourly rates B=Equipment costs (other than small tools) C= Lowest of three independent quotes for all materials **Total**

Cost for self-performed work = (A+B+C) x 15% (Only if A &

Exhibit A

B cannot be priced out of the CTC) For Work performed by Subcontractors:

If the Work is to be subcontracted, the Contractor must submit three independent bids from Subcontractors. If three quotes or bids cannot be obtained, the Contractor will provide the reason in writing for the County's approval as to why three quotes cannot be submitted.

D = Subcontractor Costs (supported by three quotes)

Total Costs of Non-Pre-Priced Task = D x 15%

- vi. The County will evaluate the entire Proposal and proposed Work units, and compare these with the County's estimate of the Detailed Scope of Work to determine the reasonableness of approach, including the nature and number of Work units proposed. The County will determine whether the Contractor's Job Order Price Proposal is in line with its own estimate.
- vii. After using a Non Pre-priced item on three separate Job Orders, the unit price for the work item will be established, following approval by the County, and fixed as a permanent pre-priced item, which will no longer require price justification.
- viii. The County's determination as to whether an item is a Pre-priced Task or a Non Pre-priced Task shall be final, binding and conclusive as to the Contractor.
- ix. Whenever, because of trade jurisdiction rules or small quantities, the cost of a minor task in the Job Order Price Proposal is less than the cost of the actual labor and materials to perform such task, the County may permit the Contractor to be paid for such task as a Non Pre-priced Task, or use Pre-priced labor tasks and material component pricing to cover the

Exhibit A

actual costs incurred. Provided, however, that there is no other Work for that trade on the project or other Work for that trade cannot be scheduled at the same time, and the final charge does not exceed \$1,000.00.

d) Processing Time Limits

- i. Request for Proposal Submittal. Contractor shall submit the Job Order Proposal to the County on or before the due date stated in the RFJOP (14 days maximum unless otherwise specified).
- ii. Request for Information Submittal. Contractor shall make a thorough analysis of each Job Order, and submit all Requests For Information (RFI's) within 7 days after issuance of any RFJOP. Submission of RFI's shall in no way extend the proposal due date unless deemed necessary by the County.
- iii. Job Order Price Proposal Review. Contractor's Project Manager or agent shall be available for Job Order Price Proposal review meetings within 24 hours of being notified by the County (via fax, e-mail, or telephone). After review of the Job Order Price Proposal, Contractor shall remove all inappropriate line items and adjust quantities as directed by the County. Job Order Price Proposal Modification. Only on the Contractor's second Job Order Price Proposal shall he/she be granted the opportunity to add new valid line items that may have been omitted from the first Job Order Price Proposal. Contractor shall submit a revised Job Order Price Proposal within 24 hours of Job Order Price Proposal review meeting (unless otherwise specified). Upon review of revised Job Order Price Proposal, the Contractor shall remove all line items or

Exhibit A

adjust quantities deemed inappropriate by the County, and re-submit the Job Order Price Proposal within 24 hours. No new line items may be added to the Job Order Price Proposal. No quantity increases or added modifiers will be accepted unless agreed to in writing by the County during the second Job Order Price Proposal review meeting.

- iv. The County reserves the right to reject a Contractor's Job Order Proposal or cancel a project for any reason. The County reserves the right to issue a Notice to Proceed to the Contractor without having a mutual agreement on a final Job Order Price, and that the Contractor will be paid by multiplying the actual quantities used by the appropriate Construction Task Catalog® Unit Price and the applicable Adjustment Factors. Non Pre-priced (NPP) Tasks will be priced according to the formula set forth in Section 1.22 b 4 (c) of these General Conditions. The County also reserves the right to not award a Job Order if it is determined to be in the best interests of the County, or the proposed cost exceeds the County's estimate. The County may perform such work by other means. In these instances, the Contractor has no right of claim to recoup Job Order Proposal expenses, including but not limited to, the costs to attend the Joint Scope Meeting, review the Detailed Scope of Work, prepare a Job Order Proposal (including incidental architectural and engineering services), subcontractor costs, and the costs to review the Job Order Proposal with the County.

Exhibit A

- v. Unilateral Job Order – The County reserves the right to issue Job Orders based on the County’s Job Order Price Proposal for a specified Detailed Scope of Work (DSOW).
- vi. By submitting a signed Job Order Proposal to the County, the Contractor is agreeing to accomplish the Work outlined in the Detailed Scope of Work in accordance with the RFJOP at the lump sum price submitted for that particular Job Order. The Contractor shall include the necessary tasks and quantities in the Job Order Price Proposal and apply the appropriate Adjustment Factor(s) prior to delivering it to the County. The value of the Job Order Price Proposal shall be calculated by summing the total of the calculations for each Pre-priced Task (Unit Price x quantity x Adjustment Factor) plus the value of all Non Pre-priced Tasks. The Job Order Price shall be the value of the approved Job Order Price Proposal.
- vii. The County will evaluate the entire Job Order Priced Proposal and compare these with the County’s estimate of the Detailed Scope of Work to determine the reasonableness of approach, including the appropriateness of the tasks and quantities proposed.
- viii. The Contractor may choose the means and methods of construction; subject however, to the County’s right to reject any means and methods proposed by the Contractor that:
 - Will constitute or create a hazard to the work, or to persons or property;
 - Will not produce finished Work in accordance with the terms of the Agreement; or

Exhibit A

- Unnecessarily increases the price of the Job Order when alternative means and methods are available.
- ix. Each Job Order provided to the Contractor shall reference the Detailed Scope of Work, and set forth the Job Order Price and the Job Order Completion Time. All clauses of this Agreement shall be applicable to any Job Orders issued under this clause. Job Orders will be written on an appropriate form. The Job Order, which must be signed by the County, constitutes the County's acceptance of the Contractor's Proposal. A signed copy will be provided to the Contractor.
- x. Except in an "emergency response" the Contractor is not to proceed with any Job Order without having required permits and a Notice to Proceed (NTP) signed by the Contract Manager.
- xi. In the event that "immediate emergency response" is necessary, the County may elect to use an alternative procedure for such type of Job Orders, as long as the alternative procedure is not substantially more burdensome to the Contractor than the procedure described in this section.
- xii. All Proposals submitted by the Contractor are valid for the duration of the Agreement.
- e) Measurements to be Verified. Before ordering any material or doing any Work, the Contractor shall verify all measurements at the site of a specific Job Order, and shall be responsible for the correctness of the measurements. No extra charge or compensation will be allowed based on the difference between actual dimensions and the measurements indicated in the Request for Proposal

Exhibit A

- f) Contractor's Responsibility. It is the Contractors' responsibility to verify any and all such items prior to submission of the Job Order Proposal. Contractors are also cautioned that any Job Order awarded is for all services or Work, as necessary, to repair, and construct the facilities covered by the Agreement in accordance with all Agreement terms and conditions. It shall also be the duty and responsibility of the Contractor to manage and conduct the required Work in the most effective and efficient manner possible and meet or exceed minimum critical rates or standards.

In addition, the County will not entertain claims for additional money, when such claim is based upon a contention the Agreement fails to mention a specific item or component of facility covered by the Job Order and the Work is required in the normal course of operations. For example, surfaced area repair statements may not mention culverts. However, culverts are a normal component of roads, streets, or erosion controls and are shown on plots or maps provided. As culverts are a normal component of the system, the Contractor shall be responsible for providing all necessary repair, or replacement Work or service.

- g) Pre-Construction Conference. Before the issuance of the first Job Order under this Agreement, a conference will be conducted by the County to acquaint the Contractor with County's procedures that are to be observed during the execution of the Work, and to develop mutual understanding relative to the administration of the Agreement.
- h) Computer and Communications Equipment Requirements. The Contractor shall maintain at its office for its use a computer with, at a minimum, a 1 GHz processor and an internet connection. The

Exhibit A

Contractor shall maintain individual email accounts for each of its project managers.

- i) Job Order Contracting Software and License Fee JOC Software and System License The County of Fresno selected The Gordian Group's (Gordian) Job Order Contracting (JOC) Solution for their JOC program. The Gordian JOC Solution™ includes Gordian's proprietary JOC Information Management System ("JOC IMS"), construction cost data, and Construction Task Catalog® which shall be used by the Contractor solely for the purpose of fulfilling its obligations under this Contract, including the preparation and submission of Job Order Proposals, Price Proposals, subcontractor lists, and other requirements specified by the Owner. The Contractor shall be required to execute Gordian's General Terms of Use and pay a 1% JOC System License Fee to obtain access to the Gordian JOC Solution™. The JOC System License Fee applies to all Job Orders issued to the Contractor under the terms of this Contract. The Contractor shall include the JOC System License Fee in the Adjustment Factors..

Subject: Hostage Situations
Policy Number: 326.0
Page: 1 of 2
Date Originated: April 1, 2004
Date Revised: February 1, 2008
Authority: Title 15; Section 1327;
California Code of Regulations

It is imperative for the safety and security of all persons within Juvenile Justice Campus (JJC) facilities, as well as for those in the community, that minors are not allowed to leave the secure confines of the facilities by the taking of a hostage(s). If successful in securing a release through these means minors would be much more likely in the future to use this practice again in an attempt to escape the confines of the facilities. This would put those visiting and working at the JJC at higher level of risk and would jeopardize the safety of the community if the minor was in fact successful in securing his/her release.

The JJC is a “no-hostage” facility. This means that minors will not be released from custody under any circumstances due to the taking of a hostage(s). Any staff person taken hostage, no matter what their rank or status, immediately loses their authority and any orders issued by that person will not be followed.

I. HOSTAGE SITUATION PROCEDURES

- A. If any minor(s) and/or other person(s) in the facility attempt to hold any person hostage, and they do not respond to verbal commands to stop staff will immediately notify the Watch Commander. He/she will respond to the location and assess the situation. If a hostage situation is in progress the Watch Commander will:
1. Summon assistance from other officers as required.
 2. Establish a secure perimeter around the hostage takers and allow no one to pass into it for any reason without authorization. Risks should not be taken that might allow the taking of additional hostages.
 3. Evacuate all non-essential persons at the scene to a safe location or any housing pod that is not directly involved in the incident.
 4. Direct officers to place minors in uninvolved housing pods in their rooms and have them remain there until directed otherwise. Minors outside of housing pods will remain in place under officer supervision until it is safe to return to their respective housing pods or any housing pod that is not directly involved in the incident.
 5. Immediately notify the Director or the Probation Services Manager/Assistant Director in his/her absence and confer with higher authority as to action to be taken. Administration in turn will notify the Chief.

Exhibit D

Subject: Hostage Situation Policy #: 326.0

- B. The Fresno Sheriff's Dispatch Center (488-3111) will be notified immediately and a request for a trained hostage negotiator and other emergency personnel will be made as needed. Prior to the arrival of the Sheriff Department's hostage negotiator the Watch Commander will attempt to ascertain:
 - 1. The number and identity of both the hostages and hostage takers;
 - 2. Any known weapons possessed by the hostage takers;
 - 3. The demands of the hostage takers.
- C. The Watch Commander will retain and direct departing custody officers, as well as, available Probation peace officer staff to assist with security and safety needs, as necessary. Additional Juvenile Correctional Officers should be called in as may be needed to insure the safe and secure operation of the facility.
- D. The Watch Commander will coordinate with the Sheriff's Department all activities taken to resolve the hostage situation, including the use of appropriate force, and will maintain control of the facility until relieved of that duty by the presence of a Probation Services Manager/Assistant Director, Director, or the Chief Probation Officer.
- E. Once the hostage situation has been resolved the minors involved should be housed in the most secure setting available and all appropriate charges should be filed.
- F. Each officer and/or non-sworn staff member who was involved or observed the incident will complete an incident report and if required, the appropriate critical incident evaluation report(s) regarding the details of the incident prior to the end of his/her shift. (See Incident Report, located in JAS Probation View, under "Word Templates".)
