\$100 Million

Recorder's Office

- Anticipated Construction Completion Date:
January 2022
- Estimated Construction Cost:
\$11 Million

High Priority Capital Projects Needs

Highest Priority Facility Capital Project Needs

- New Agriculture Department Building

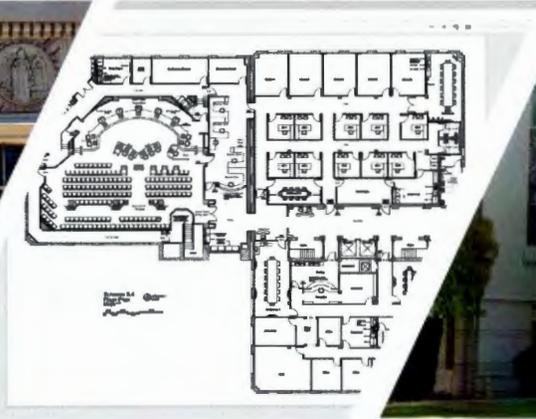

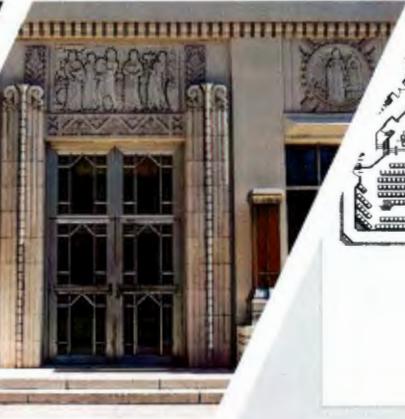

- Current Facilities were built in the 1950s
- \$17.3 Million has been set aside.

- Board of Supervisor/County Administrative Office Space

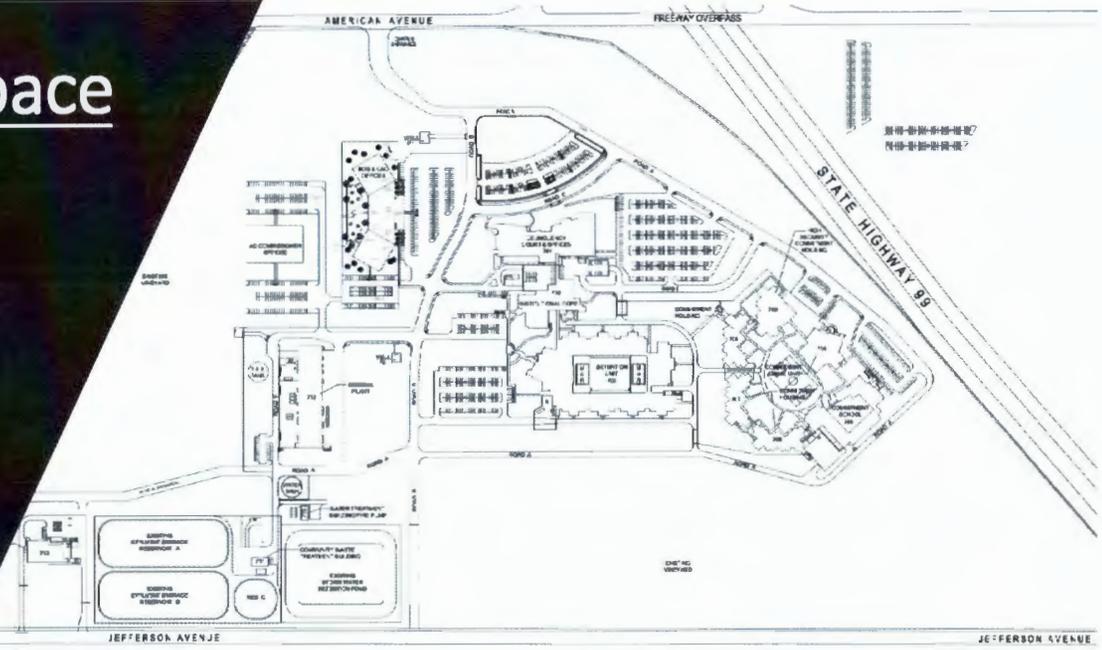

- Current Board Chambers has limited capacity, outdated technology and limited space based on design of building.
- Office space for CAO and BOS is insufficient.
- \$20 Million has been set aside for this project.

Board of Supervisors/CAO Space

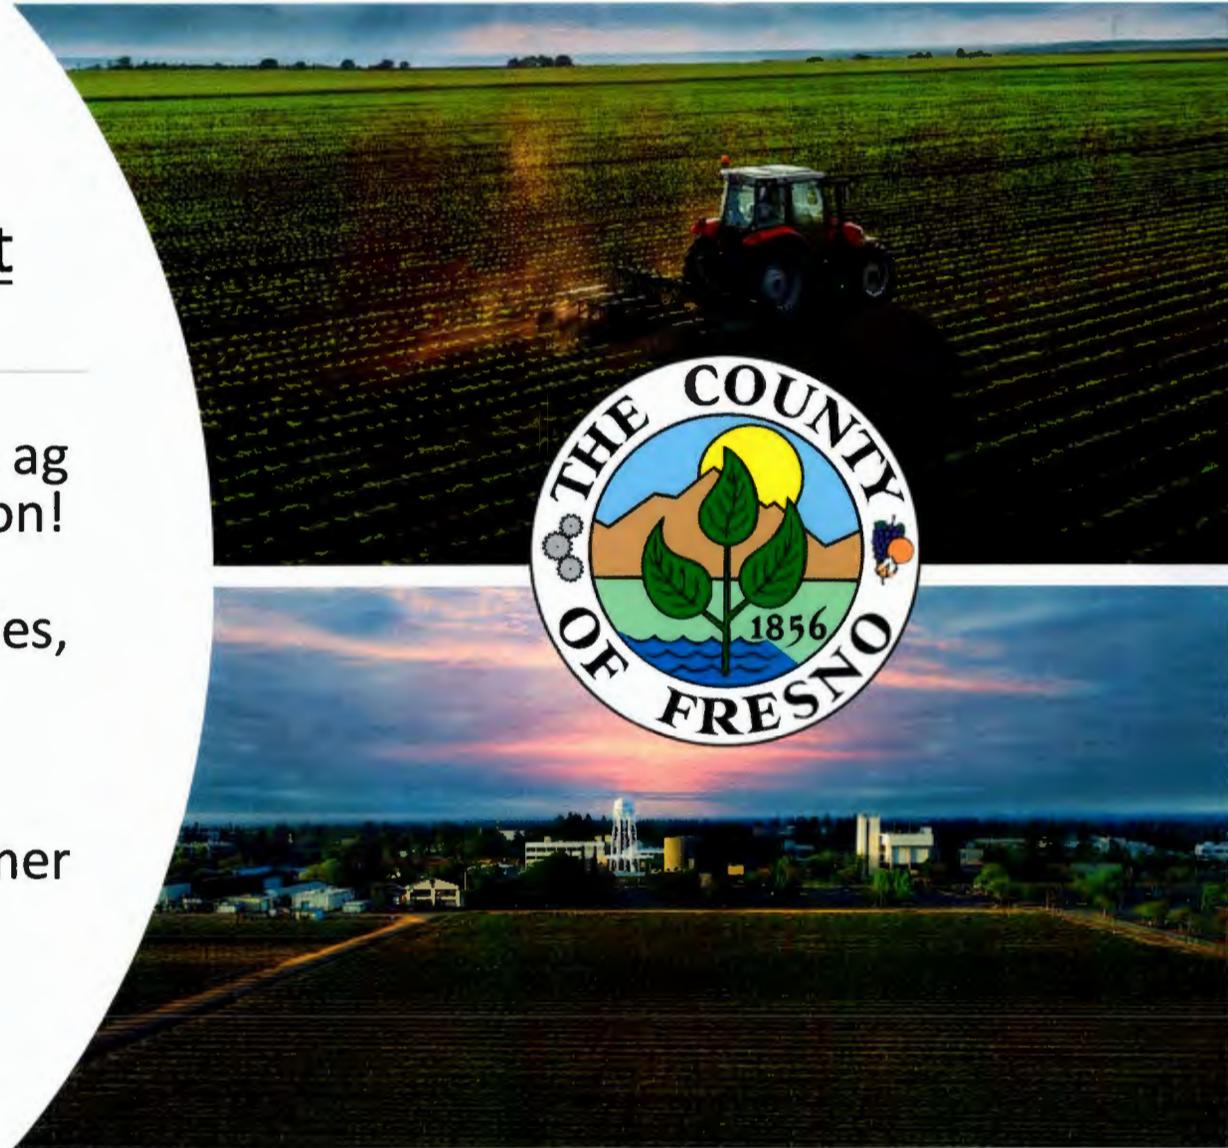

- Maximize the opportunity!
- Invest in the Hall of Records regardless
- Timing considerations
- Public access, parking, utilities, transit, technology, press briefing, ease of construction, cost.

Agriculture Department

- Facilities befitting of the top ag county in the state and nation!
- Public access, parking, utilities, transit, technology, ease of construction, cost.
- Customer access and customer service function
- Partner agencies

Recommended Next Steps

Two Options for Consideration:

1. Form Ad-Hoc Board Sub-Committee for each project and have them return with a recommendation to your Board at date certain.
2. Provide direction regarding location for Board/CAO and form Sub-Committee focused on Ag Department to return at date certain.

BOS/CAO Office Space

- Remodel 3rd Floor Hall of Records
- Build or remodel a facility at another location

Agriculture Department Building

- Location to build a new facility

Recommended Next Steps

- **Recommended Committee to include:**

- Two Board of Supervisors
- Departments effected by the Project
- Public Works and Planning Director and Internal Services Director
- County Administrative Officer
- Other Members as appropriate

- **Factors to consider:**

- ✓ Location
- ✓ Parking
- ✓ Public Transportation
- ✓ Departments and/or Agencies to be co-located or adjacent to Board of Supervisors/Department
- ✓ Conceptual Design Criteria – i.e Board Chambers Size
