To whom it may concern

We are asking for your support to issue an ABC license to our newly opened grocery business.

1. The issuance of a license to our store will not create a negative impact on the neighborhood. We value the welfare of other patrons who come to support our business, and we aim to have a friendly and family-like environment. Our business is well lit both on the inside and the outside and shines bright at night. We will prioritize preventing those consuming alcohol from loitering around our business and becoming a nuisance to those around us and our law enforcement.
2. To have an ABC license in our store means a safer community for our customers. Most of our customers have to travel to purchase an alcoholic beverage, so if our store is issued this license, we will be able to provide a closer option which will be more convenient.
3. Lastly, it will help increase our sales, and we will be able to stay open to pay the high cost of rent and utilities. We will also hire a few more workers and help the economy by paying more sales tax for our community. We project that having an ABC license will contribute 30% to our sales, which will help our business grow. With our projected growth, we will have the opportunity to give back to the community by assisting neighboring schools and contributing to fundraisers or other educational activities.

Your kind consideration of this matter is deeply appreciated.

Respectfully,

Ashdeep Singh & Prabhjot S Mangat
