16 Office for review within nine (9) months of the end of any fiscal year in which funds were expended and/or
17 received for the program. Failure to perform the requisite audit functions as required by this Agreement may
18 result in COUNTY performing the necessary audit tasks, or at COUNTY's option, contracting with a public
19 accountant to perform said audit, or may result in the inability of COUNTY to enter into future agreements
20 with CONTRACTOR. All audit costs related to this Agreement are the sole responsibility of
21 CONTRACTOR.

22 B. A single audit report is not applicable if CONTRACTOR's Federal contracts do not
23 exceed the Seven Hundred Fifty Thousand Dollars (\$750,000.00) requirement or CONTRACTOR's only
24 funding is through Drug Medi-Cal. If a single audit is not applicable, a program audit must be performed and
25 a program audit report with management letter shall be submitted by CONTRACTOR to COUNTY as a
26 minimum requirement to attest to CONTRACTOR's solvency. Said audit report shall be delivered to
27 COUNTY's Department of Behavioral Health, Business Office for review, no later than nine (9) months after

2 qualified accountant to perform said audit. All audit costs related to this Agreement are the sole
3 responsibility of CONTRACTOR who agrees to take corrective action to eliminate any material
4 noncompliance or weakness found as a result of such audit. Audit work performed by COUNTY under this

19 conducted to ensure CONTRACTOR'S compliance with the terms of this Agreement.

20 The refusal of CONTRACTOR to permit access to, and inspection of, electronic or print
21 books and records, physical facilities, and/or refusal to permit interviews with employees, as described in
22 this part, constitutes an express and immediate material breach of this Agreement and will be sufficient
23 basis to terminate the Agreement for cause or default.

24 The right to audit under this section exists for ten (10) years from the final date of the
25 agreement period or from the date of completion of any audit, whichever is later.

26 Notwithstanding the provisions stated in Section Three (3), TERM, of this Agreement, it is
27 acknowledged by the parties hereto that this Agreement shall continue in full force and effect until all audit
28 procedures and requirements as stated in this Agreement have been completed to the review and

1 satisfaction of COUNTY. CONTRACTOR shall bear all costs in connection with or resulting from any audit
2 and/or inspections including, but not limited to, actual costs incurred and the payment of any expenditures
3 disallowed by either COUNTY, State, or Federal governmental entities, including any assessed interest and
4 penalties.

5 If CONTRACTOR, through an audit by the STATE or COUNTY, is found to be in violation of
6 this contract which results in the recoupment of funds paid to CONTRACTOR, COUNTY may, upon mutual
7 consent between CONTRACTOR and COUNTY, enter into a repayment agreement with the
8 CONTRACTOR, with total monthly payments not to exceed twelve (12) months from the date of the
9 repayment agreement, to recover the amount of funds to be recouped. The monthly repayment amounts
10 shall be netted against the CONTRACTOR's monthly billing for services rendered during the month.
11 COUNTY reserves the right to forgo a repayment agreement and recoup all funds immediately.

12 If this Agreement exceeds ten thousand dollars (\$10,000.00), CONTRACTOR shall be

21 monitor and evaluate the performance of CONTRACTOR under this Agreement to determine to the best
22 possible degree the success or failure of the services provided under this Agreement. At the discretion of

24 performance of the CONTRACTOR. CONTRACTOR shall participate in the evaluation of the program as
25 needed, at the discretion of COUNTY.

26 COUNTY shall recapture from CONTRACTOR the value of any services or other
27 expenditures determined to be ineligible based on the COUNTY or State monitoring results. At the
28 discretion of the COUNTY, CONTRACTOR shall enter into a repayment agreement with the COUNTY, with

total monthly payments not to exceed twelve (12) months from the date of the repayment agreement, to recover the amount of funds to be recouped. Drug Medi-Cal Organized Delivery System
Modality of Service Descriptions**

Covered services under the Drug Medi-Cal Organized Delivery System (DMC-ODS) shall be furnished in an amount, duration, and scope that is no less than the amount, duration, and scope for the same services furnished to persons served under fee-for-service Medicaid, as set forth in 42 CFR 440.230. Contractors shall ensure that the services are sufficient in amount, duration, or scope to reasonably be expected to achieve the purpose for which the services are furnished. Contractors may not arbitrarily deny or reduce the amount duration, or scope of a required service solely because of diagnosis, type of illness, or condition of the person served.

Contractors are required to ensure services are provided timely as further described in the Fresno County Substance Use Disorder Provider Manual.

In all levels of care, contractors are required to either offer medications for addiction treatment (MAT) directly or demonstrate effective referral mechanisms in place to the most clinically appropriate MAT services. Providing a person served the contact information for a MAT program is insufficient.

Placement in an appropriate level of care must be determined through an assessment based on the American Society of Addiction Medicine (ASAM) criteria and prescribed by the contractor's medical director.

DRUG MEDI-CAL SERVICES:

EARLY INTERVENTION SERVICES (ASAM LEVEL 0.5)

Early intervention services (EIS) are available to persons served under 21 who are screened and determined to be at risk of developing an SUD. At risk persons served may receive any service component covered under the outpatient level of care (ASAM 1.0) as early intervention services. An SUD diagnosis is not required for early intervention services.

A full assessment utilizing the ASAM criteria is not required for a person served under the age of 21 to receive EIS.

EIS services may be delivered in a wide variety of settings and can be provided in person, by telehealth, or by telephone.

EIS services do not limit or modify the Early Periodic Screening, Diagnostic and Treatment (EPSDT) mandate.

OUTPATIENT SERVICES (ASAM LEVEL 1.0)

Outpatient services consist of up to nine (9) hours per week of medically necessary services for adults and up to six (6) hours per week of services for adolescents. Services may exceed the maximum hours based on individual medical necessity.

Services can be provided by an LPHA or registered/certified counselor in-person, by telephone, or telehealth in any appropriate setting in the community, in accordance with HIPAA and 42 CFR Part 2. Group size is limited to no less than two (2) and no more than twelve (12) persons served.

Outpatient services include the following service components:

- Assessment
- Care Coordination

Providers may exceed maximum treatment hours when determined to be medically necessary.

Intensive outpatient treatment services include the same service components listed under Outpatient 1.0.

Services can be provided by an LPHA or registered/certified counselor in-person, by telephone, or telehealth in any appropriate setting in the community, in accordance with HIPAA and 42 CFR Part 2. Group size is limited to no less than two (2) and no more than twelve (12) persons served.

OPIOID (NARCOTIC) TREATMENT PROGRAMS (ASAM LEVEL 1.0)

Narcotic treatment program services shall be provided in accordance with Title 9, Chapter 4, Division 4 and CFR 42.

Narcotic Treatment Programs (NTP), also known as Opioid Treatment Programs (OTP), are outpatient programs that provide Food and Drug Administration (FDA)-approved medications and biological products to treat SUDs when ordered by a physician as medically necessary.

NTPs are required to administer, dispense, or prescribe medications to persons served covered under the DMC-ODS formulary including methadone, buprenorphine (transmucosal and long-acting injectable), naltrexone (oral and long-acting injectable), disulfiram, and naloxone. NTPs may also prescribe the medication for dispensing at a pharmacy. The medical evaluation for methadone treatment must be conducted in-person.

Persons served in OTP/NTP settings shall receive no less than fifty (50) minutes of treatment services per calendar month although additional services may be provided based on medical necessity. Counseling services provided in the NTP modality can be provided in person, by telehealth or by telephone.

Nothing in the DMC-ODS or in this paragraph overrides any EPSDT requirements.

DBH VISION:

Health and well-being for our community.

DBH MISSION:

DBH, in partnership with our diverse community, is dedicated to providing quality, culturally responsive, behavioral health services to promote wellness, recovery, and resiliency for individuals and families in our community.

DBH GOALS:

Quadruple Aim

- Deliver quality care
- Maximize resources while focusing on efficiency
- Provide an excellent care experience
- Promote workforce well-being

GUIDING PRINCIPLES OF CARE DELIVERY:

The DBH 11 principles of care delivery define and guide a system that strives for excellence in the provision of behavioral health services where the values of wellness, resiliency, and recovery are central to the development of programs, services, and workforce. The principles provide the clinical framework that influences decision-making on all aspects of care delivery including program design and implementation, service delivery, training of the workforce, allocation of resources, and measurement of outcomes.

1. **Principle One - Timely Access & Integrated Services**

- Individuals and families are connected with services in a manner that is streamlined, effective, and seamless
- Collaborative care coordination occurs across agencies, plans for care are integrated, and whole person care considers all life domains such as health, education, employment, housing, and spirituality
- Barriers to access and treatment are identified and addressed
- Excellent customer service ensures individuals and families are transitioned from one point of care to another without disruption of care

2. **Principle Two - Strengths-based**

- Positive change occurs within the context of genuine trusting relationships
- Individuals, families, and communities are resourceful and resilient in the way they solve problems
- Hope and optimism is created through identification of, and focus on, the unique abilities of individuals and families

3. Principle Three - Person-driven and Family-driven

- Self-determination and self-direction are the foundations for recovery
- Individuals and families optimize their autonomy and independence by leading the process, including the identification of strengths, needs, and preferences
- Providers contribute clinical expertise, provide options, and support individuals and families in informed decision making, developing goals and objectives, and identifying pathways to recovery
- Individuals and families partner with their provider in determining the services and supports that would be most effective and helpful and they exercise choice in the services and supports they receive

4. Principle Four - Inclusive of Natural Supports

- The person served identifies and defines family and other natural supports to be included in care
- Individuals and families speak for themselves
- Natural support systems are vital to successful recovery and the maintaining of ongoing wellness; these supports include personal associations and relationships typically developed in the community that enhance a person's quality of life
- Providers assist individuals and families in developing and utilizing natural supports.

5. Principle Five - Clinical Significance and Evidence Based Practices (EBP)

- Services are effective, resulting in a noticeable change in daily life that is measurable.
- Clinical practice is informed by best available research evidence, best clinical expertise, and values and preferences of those we serve
- Other clinically significant interventions such as innovative, promising, and emerging practices are embraced

6. Principle Six - Culturally Responsive

- Values, traditions, and beliefs specific to an individual's or family's culture(s) are valued and referenced in the path of wellness, resilience, and recovery

- Services are culturally grounded, congruent, and personalized to reflect the unique cultural experience of each individual and family
- Providers exhibit the highest level of cultural humility and sensitivity to the self-identified culture(s) of the person or family served in striving to achieve the greatest competency in care delivery

7. Principle Seven - Trauma-informed and Trauma-responsive

- The widespread impacts of all types of trauma are recognized and the various potential paths for recovery from trauma are understood
- Signs and symptoms of trauma in individuals, families, staff, and others are recognized and persons receive trauma-informed responses
- Physical, psychological and emotional safety for individuals, families, and providers is emphasized

8. Principle Eight - Co-occurring Capable

- Services are reflective of whole-person care; providers understand the influence of bio-psycho-social factors and the interactions between physical health, mental health, and substance use disorders
- Treatment of substance use disorders and mental health disorders are integrated; a provider or team may deliver treatment for mental health and substance use disorders at the same time

9. Principle Nine - Stages of Change, Motivation, and Harm Reduction

- Interventions are motivation-based and adapted to the person's stage of change
- Progression through stages of change are supported through positive working relationships and alliances that are motivating
- Providers support individuals and families to develop strategies aimed at reducing negative outcomes of substance misuse through a harm reduction approach
- Each individual defines their own recovery and recovers at their own pace when provided with sufficient time and support

10. Principle Ten - Continuous Quality Improvement and Outcomes-Driven

- Individual and program outcomes are collected and evaluated for quality and efficacy
- Strategies are implemented to achieve a system of continuous quality improvement and improved performance outcomes

- Providers participate in ongoing professional development activities needed for proficiency in practice and implementation of treatment models

11. Principle Eleven - Health and Wellness Promotion, Illness and Harm Prevention, and Stigma Reduction

- The rights of all people are respected
- Behavioral health is recognized as integral to individual and community well-being
- Promotion of health and wellness is interwoven throughout all aspects of DBH services
- Specific strategies to prevent illness and harm are implemented at the individual, family, program, and community levels

- The vision of health and well-being for our community is continually addressed through collaborations between providers, individuals, families, and community members

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms covered transaction, debarred, suspended, ineligible, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
6. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

CERTIFICATION

- (1) The prospective primary participant certifies to the best of its knowledge and belief, that it, its owners, officers, corporate managers and partners:

INCIDENT REPORTING

PROTOCOL FOR COMPLETION OF INCIDENT REPORT

The Incident Report must be completed for all incidents involving individuals served through DBH's current incident reporting portal, Logic Manager, at <https://fresnodbh.logicmanager.com/incidents/?t=9&p=1&k=182be0c5cdcd5072bb1864cdee4d3d6e>

- The reporting portal is available 24 hours a day, every day.
- Any employee of the CONTRACTOR can submit an incident using the reporting portal at any time. No login is required.
- The designated administrator of the CONTRACTOR can add information to the follow up section of the report after submission.
- When an employee submits an incident within 24 hours from the time of the incident or first knowledge of the incident, the CONTRACTOR's designated administrator, the assigned contract analyst and the Incident Reporting email inbox will be notified immediately via email from the Logic Manager system that there is a new incident to review.
- Meeting the 24 hour incident reporting requirements will be easier as there are no signatures to collect.
- The user guide attached identifies the reporting process and the reviewer process, and is subject to updates based on DBH's selected incident reporting portal system.
- Employees involved in a crisis incident should be offered appropriate Employee Assistance Program (EAP) or similar related wellness and recovery assistance. In conjunction with the DBH's Guiding Principles of Care Delivery and wellness of the workforce, CONTRACTOR shall align their practices around this vision and ensure needed debriefing services are offered to all employees involved in a crisis incident. Employees shall be afforded all services to strengthen their recovery and wellness related to the crisis incident. Appropriate follow-up with the employee shall be carried out and a plan for workforce wellness shall be submitted to DBH.

Questions about incident reporting, how to use the incident reporting portal, or designating/changing the name of the administrator who will review incidents for the CONTRACTOR should be emailed to DBHIncidentReporting@fresnocountyca.gov and the assigned contract analyst.

INCIDENT REVIEWER ROLE – User Guide

Fresno County Department of Behavioral Health (DBH) requires all of its county-operated and contracted providers (through the Mental Health Plan (MHP) and Substance Use Disorder (SUD) services) to complete a written report of any incidents compromising the health and safety of clients, employees, or community members.

Yes! Incident reports will now be made through an online reporting portal hosted by Logic Manager. It's an easier way for any employee to report an incident at any time. A few highlights:

- No supervisor signature is immediately required.
- Additional information can be added to the report by the program supervisor/manager without having to resubmit the incident.
- When an incident is submitted, the assigned contract analyst, program supervisor/manager, clinical supervisor and the DBHIncidentReporting mailbox automatically receives an email notification of a new incident and can log in any time to review the incident. Everything that was on the original paper/electronic form matches the online form.
- Do away with submitting a paper version with a signature.
- This online submission allows for timely action for the health and safety of the persons-served, as well as compliance with state reporting timelines when necessary.

As an Incident Reviewer, your responsibility is to:

- Log in to Logic Manager and review incident submitted within 48 hours of notification of incident.
- Review incident for clarity, missing information and add in additional information deemed appropriate.
- Notify DBHIncidentReporting@fresnocountyca.gov if there is additional information you need to report that you are unable to add in Logic Manager.
- Contact DBHIncidentReporting@fresnocountyca.gov if you have any concerns, questions or comments with Logic Manager or incident reporting.

NOTICE OF CHILD ABUSE REPORTING LAW

The undersigned hereby acknowledges that Penal Code section 11166 and the contractual obligations between County of Fresno (COUNTY) and PROVIDER(S) related to provision of alcohol and drug abuse treatment services for Fresno County residents, require that the undersigned report all known or suspected child abuse or neglect to one or more of the agencies set forth in Penal Code (P.C.) section (§) 11165.9.

For purposes of the undersigned's child abuse reporting requirements, "child abuse or neglect" includes physical injury inflicted by other than accidental means upon a child by another person, sexual abuse as defined in P.C. §11165.1, neglect as defined in P.C. §11165.2, willful cruelty or unjustifiable punishment as defined in P.C. §11165.3, and unlawful corporal punishment or injury as defined in P.C. §11165.4.

A child abuse report shall be made whenever the undersigned, in his or her professional capacity or within the scope of his or her employment, has knowledge of or observes a child whom the undersigned knows or reasonably suspects has been the victim of child abuse or neglect. (P.C. §11166.) The child abuse report shall be made to any police department or sheriff's department (not including a school district police or security department), or to any county welfare department, including Fresno County Department of Children and Family Services' 24 Hour CARELINE. (See PC §11165.9.)

For purposes of child abuse reporting, a "reasonable suspicion" means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing, when appropriate, on his or her training and experience, to suspect child abuse or neglect. The pregnancy of a child does not, in and of itself, constitute a basis for reasonable suspicion of sexual abuse. (P.C. §11166(a)(1).)

Substantial penalties may be imposed for failure to comply with these child abuse reporting requirements.

Further information and a copy of the law may be obtained from the department head or designee.

I have read and understand the above statement and agree to comply with the child abuse reporting requirements.
