Local Entities (Awardees) are required to submit a work plan that outlines planned activities and expected outcomes related to preparedness and response functions as described in CDC-FOA number CDC-RFA-TP16-1602. Work plans should not duplicate previously funded activities. The following guidance is provided to assist with identifying activities and completing the work plan template.

1. Awardee activities will address the greatest need of their jurisdiction in responding to Zika Virus Disease (ZVD). Work plan activities will include strategies aimed at limiting the spread and impact of ZVD through surveillance efforts, laboratory testing, and birth defect monitoring.
2. Priorities for Zika funding:
 - Link vector control and human surveillance activities and ensure jurisdictional vector control personnel have the most up-to-date information on Aedes mosquito populations and/or person infected with Zika virus;
 - Exercise vector surveillance and control plans to identify potential gaps and develop appropriate improvement plans;
 - Develop/disseminate public information about ZVD virus and related birth defects and illnesses and prevention of mosquito-borne diseases, such as Zika, chikungunya, and dengue;
 - Focus messaging on awareness, personal protection against mosquitoes, and residential mosquito source reduction;
 - Public education on the risks of sexual transmission of the Zika virus so that pregnant women and their male partners are aware of and follow guidelines to prevent transmission and further spread of the virus;
 - Ensure travelers to areas with locally transmitted Zika virus receive appropriate information regarding risks and protective measures;
 - Support efforts to prevent Zika virus infection during pregnancy;
 - Inform healthcare providers about the risks, recognition, diagnosis, reporting, clinical management, outcomes, and prevention of Zika virus infections;
 - Ensure hospitals are trained on appropriate specimen collection and pathology recommended for infants or fetal deaths with possible congenital Zika virus infection;
 - Support Epidemiology and Laboratory Capacity (ELC) guidance regarding adequate diagnosis and reporting of ZVD cases. Monitor epidemiologic trends in distribution, transmission, and severity to direct prevention and control efforts and identify cases that require follow-up or intervention;
 - Support public health laboratory testing of specimens from suspect Zika cases, including outreach to healthcare providers on how to submit specimens through the CDPH and local public health laboratories;
 - Support activities to prevent transmission of Zika virus through blood transfusion;
 - Provide assistance to local blood centers within endemic areas so that blood products collected are tested for the Zika virus, subjected to pathogen-reduction technology, or come from sources where Zika infection is not present;
 - Work with blood collection centers to develop protocols directing them to notify state and local health officials when donors test positive for Zika virus infection

3. Using the attached work plan template, Awardees will identify activities, expected outcomes, outputs and timelines. Please use the following guidelines for completing the corresponding template field for each activity.
 - A. Problem statement: Define what the problem or issue your jurisdiction seeks to resolve with Zika funds during the project period. Limitations or “root causes” that have led to the current problem/issue may be included.
 - B. Outcomes: Define the expected outcomes that align to resolving the problem or closing the gaps. The outcomes should define what changes or improvements will occur. Outcomes should link to planned activities, quantify the targeted change, and include an estimated timeline for achieving the change. Awardee can insert as many outcomes as needed.
 - C. Planned activities: List the activities Awardee will undertake, including tasks and estimated start and end dates that will lead to the associated outcome and contribute to resolving the identified issue or problems. Awardees can insert as many planned activities as needed.
 - D. Proposed outputs: List the proposed outputs that will be produced as a result of the planned activities.

Work Plan

Recipient Activity 1:

Recipient Activity 1 Problem Statement (Please limit to 500 characters)	
Fresno County residents do not have an efficient way to identify which mosquito abatement district their property is located in, making it difficult for them to report a mosquito infestation, which in turn lessens the ability of the various districts to respond appropriately.	
Outcomes (Please limit to 500 characters)	
Through the use of a newly created website, Fresno County residents will be able to: (1) Quickly identify which mosquito abatement district their property is located in; (2) Identify the contact information of the appropriate district to report mosquito infestations and ask related questions; and (3) Readily locate links to Zika prevention and health related information. With additional reporting of mosquito locations by the general population, abatement districts are expected to be better able to respond to the public, address infestations and target vector control efforts.	
Planned Activities for Outcomes (250 character limit each, please add rows as needed)	Estimated Timeframe
1 Work with local mosquito abatement districts to identify specific functions and information to include on the proposed website, identify a website designer (internal or external), and enter into appropriate agreement(s) for the website design and maintenance.	Start: 11/1/16 End: 2/28/17
2 Website to be designed, tested, and made available to the public.	Start: 3/1/17 End: 6/30/17
Proposed Outputs Associated to Outcomes (250-character limit each; please add rows as needed)	
1 Agreement(s) or other appropriate mechanism approved by County and other applicable parties to create and maintain the website.	
2 Launch of functioning website and maintain/update site as needed.

Recipient Activity 2:

Recipient Activity 2 Problem Statement (Please limit to 500 characters)	
Fresno County residents may have limited awareness of the Zika virus including how it is transmitted, how to prevent it, when it is safe to donate blood if they have traveled to affected areas and the danger it poses to pregnant women and women who may become pregnant due to the potential of serious birth defects.	
Outcomes (Please limit to 500 characters)	
The public will gain knowledge about the Zika virus including how it is spread, prevention methods and the danger of serious birth defects if women who are pregnant or who may become pregnant contract the virus.	
Planned Activities for Outcomes (250 character limit each, please add rows as needed)	Estimated Timeframe
1 Zika related informative messages will be aired on television and radio in English, Spanish and Hmong. The English messages aired on television will be in partnership with local mosquito abatement districts and with the local blood bank. The Spanish message will be in partnership with the local Consulate of Mexico. A Zika prevention message for pregnant women will be aired in local movie theaters.	Start: July 2016 End: November 2016
2 Written information will be distributed in the form of flyers/brochures at public health outreach events and other appropriate locations, especially to pregnant women or women of child bearing age.	Start: September 2016 End: March 2017
Proposed Outputs Associated to Outcomes (250-character limit each; please add rows as needed)	
1 Zika related informative messages will be produced for television and radio in English, Spanish and Hmong and produced for viewing on screen at movie theaters.	
2 Written information will be produced for distribution to pregnant women and women of child bearing age through Public Health Department events and activities.

The Grantee will comply with all provisions of and furnish all information and reports required by Section 503 of the Rehabilitation Act of 1973, as amended, the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212) and of the Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and of the rules, regulations, and relevant orders of the Secretary of Labor.

- e. The Grantee will furnish all information and reports required by Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and the Rehabilitation Act of 1973, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the State and its designated representatives and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- f. In the event of the Grantee's noncompliance with the requirements of the provisions herein or with any federal rules, regulations, or orders which are referenced herein, this Agreement may be cancelled, terminated, or suspended in whole or in part and the Grantee may be declared ineligible for further federal and state contracts in accordance with procedures authorized in Federal Executive Order No. 11246 as amended and such other sanctions may be imposed and remedies invoked as provided in Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- g. The Grantee will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs or CDPH may direct as a means of enforcing such provisions including sanctions for noncompliance provided, however, that in the event the Grantee becomes involved in, or is threatened with litigation by a subGrantee or vendor as a result of such direction by CDPH, the Grantee may request in writing to CDPH, who, in turn, may request the United States to enter into such litigation to protect the interests of the State and of the United States.

(6) Will include a clause entitled, "Debarment and Suspension Certification" that essentially sets forth the provisions herein, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

- c. If the Grantee is unable to certify to any of the statements in this certification, the Grantee shall submit an explanation to the CDPH Program Contract Manager.

- (2) Each recipient shall file a disclosure (in the form set forth in Attachment 2, entitled "Standard Form-LLL 'disclosure of Lobbying Activities'") if such recipient has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered federal action) in connection with a grant or any extension or amendment of that grant, which would be prohibited under Paragraph b of this provision if paid for with appropriated funds.
- (3) Each recipient shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affect the accuracy of the information contained in any disclosure form previously filed by such person under Paragraph a(2) herein. An event that materially affects the accuracy of the information reported includes:

 - (5) All disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the person referred to in Paragraph a(1) of this provision. That person shall forward all disclosure forms to CDPH Program Contract Manager.

b. Prohibition

Section 1352 of Title 31, U.S.C., provides in part that no appropriated funds may be expended by the recipient of a federal contract or agreement, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered federal actions: the awarding of any federal contract or agreement, the making of any federal grant, the making of any federal loan, entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract or agreement, grant, loan, or cooperative agreement.

7. **Additional Restrictions**

Grantee shall comply with the restrictions under Division F, Title V, Section 503 of the Consolidated Appropriations Act, 2012 (H.R. 2055), which provides that:

“SEC. 503.(a) No part of any appropriation contained in this Act or transferred pursuant to section 4002 of Public Law 111–148 shall be used, other than for normal and recognized executive-legislative relationships, for publicity or propaganda purposes, for the preparation, distribution, or use of any kit, pamphlet, booklet, publication, electronic communication, radio, television, or video presentation designed to support or defeat the enactment of legislation before the Congress or any State or local legislature or legislative body, except in presentation to the Congress or any State or local legislature itself, or designed to support or defeat any proposed or pending regulation, administrative action, or order issued by the executive branch of any State or local government, except in presentation to the executive branch of any State or local government itself.

(b) No part of any appropriation contained in this Act or transferred pursuant to section 4002 of Public Law 111–148 shall be used to pay the salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before the Congress or any State government, State legislature or local legislature or legislative body, other than for normal and recognized executive-legislative relationships or participation by an agency or officer of a State, local or tribal government in policymaking and administrative processes within the executive branch of that government.

(c) The prohibitions in subsections (a) and (b) shall include any activity to advocate or promote any proposed, pending or future Federal, State or local tax increase, or any proposed, pending, or future requirement or restriction on any legal consumer product, including its sale or marketing, including but not limited to the advocacy or promotion of gun control.”

8. **Human Subjects Use Requirements**

(Applicable only to federally funded agreements in which performance, directly or through a subcontract/subaward, includes any tests or examination of materials derived from the human body.)

By signing this Agreement, Contractor agrees that if any performance under this Agreement or any subcontract or subagreement includes any tests or examination of materials derived from the human body for the purpose of providing information, diagnosis, prevention, treatment or assessment of disease, impairment, or health of a human being, all locations at which such examinations are performed shall meet the requirements of 42 U.S.C. Section 263a (CLIA) and the regulations thereunder.

9. Financial and Compliance Audit Requirements

By signing this Agreement, the Contractor/Subcontractor agrees to abide by all requirements specified in 2 CFR 200 *et seq.*, 2 CFR *et seq.*, as applicable, including but not limited to obtaining an annual audit, and any subsequent federal regulatory additions or revisions.

- a. The definitions used in this provision are contained in Section 38040 of the Health and Safety Code, which by this reference is made a part hereof.
- b. Direct service contract means a contract or agreement for services contained in local assistance or subvention programs or both (see Health and Safety [H&S] Code section 38020). Direct service contracts shall not include contracts, agreements, grants, or subventions to other governmental agencies or units of government nor contracts or agreements with regional centers or area agencies on aging (H&S Code section 38030).
- c. The Contractor, as indicated below, agrees to obtain one of the following audits:
 - (1) If the Contractor is a nonprofit organization (as defined in H&S Code section 38040) and receives **\$25,000 or more** from any State agency under a direct service contract or agreement; the Contractor agrees to obtain an annual single, organization wide, financial and compliance audit. Said audit shall be conducted according to Generally Accepted Auditing Standards. This audit does not fulfill the audit requirements of Paragraph c(3) below. The audit shall be completed by the 15th day of the fifth month following the end of the Contractor's fiscal year, **and/or**
 - (2) If the Contractor is a nonprofit organization (as defined in H&S Code section 38040) and receives **less than \$25,000** per year from any State agency under a direct service contract or agreement, the Contractor agrees to obtain a biennial single, organization wide financial and compliance audit, unless there is evidence of fraud or other violation of state law in connection with this Agreement. This audit does not fulfill the audit requirements of Paragraph c(3) below. The audit shall be completed by the 15th day of the fifth month following the end of the Contractor's fiscal year, **and/or**
 - (3) If the Contractor is a State or Local Government entity or Nonprofit organization (as defined in 2CFR Part 200) and expends **\$750,000 or more** in Federal awards, the Contractor agrees to obtain an annual single, organization wide, financial and compliance audit according to the requirements specified in 2CFR Part 200. An audit conducted pursuant to this provision will fulfill the audit requirements outlined in Paragraphs c(1) and c(2) above. The audit shall be completed by the end of the ninth month following the end of the audit period. The requirements of this provision apply if:
 - (a) The Contractor is a recipient expending Federal awards received directly from Federal awarding agencies, or
 - (b) The Contractor is a subrecipient expending Federal awards received from a pass-through entity such as the State, County or community based organization.
 - (4) If the Contractor submits to CDPH a report of an audit other than a single audit, the Contractor must also submit a certification indicating the Contractor has not expended \$750,000 or more in federal funds for the year covered by the audit report.
- d. Two copies of the audit report shall be delivered to the CDPH program funding this Agreement. The audit report must identify the Contractor's legal name and the number assigned to this Agreement. The audit report shall be due within 30 days after the completion of the audit. Upon receipt of said audit report, the

CDPH Program Contract Manager shall forward the audit report to CDPH's Audits and Investigations Unit if the audit report was submitted under Section 16.c(3), unless the audit report is from a City, County, or Special District within the State of California whereby the report will be retained by the funding program.

- e. The cost of the audits described herein may be included in the funding for this Agreement up to the proportionate amount this Agreement represents of the Contractor's total revenue. The CDPH program funding this Agreement must provide advance written approval of the specific amount allowed for said audit expenses.
- f. The State or its authorized designee, including the Bureau of State Audits, is responsible for conducting agreement performance audits which are not financial and compliance audits. Performance audits are defined by Generally Accepted Government Auditing Standards.
- g. Nothing in this Agreement limits the State's responsibility or authority to enforce State law or regulations, procedures, or reporting requirements arising thereto.
- h. Nothing in this provision limits the authority of the State to make audits of this Agreement, provided however, that if independent audits arranged for by the Contractor meet Generally Accepted Governmental Auditing Standards, the State shall rely on those audits and any additional audit work and shall build upon the work already done.
- i. The State may, at its option, direct its own auditors to perform either of the audits described above. The Contractor will be given advance written notification, if the State chooses to exercise its option to perform said audits.
- j. The Contractor shall include a clause in any agreement the Contractor enters into with the audit firm doing the single organization wide audit to provide access by the State or Federal Government to the working papers of the independent auditor who prepares the single organization wide audit for the Contractor.
- k. Federal or state auditors shall have "expanded scope auditing" authority to conduct specific program audits during the same period in which a single organization wide audit is being performed, but the audit report has not been issued. The federal or state auditors shall review and have access to the current audit work being conducted and will not apply any testing or review procedures which have not been satisfied by previous audit work that has been completed.

The term "expanded scope auditing" is applied and defined in the U.S. General Accounting Office (GAO) issued Standards for *Audit of Government Organizations, Programs, Activities and Functions*, better known as the "yellow book".

10. Audit and Record Retention

(Applicable to agreements in excess of \$10,000.)

- a. The Contractor shall maintain books, records, documents, and other evidence, accounting procedures and practices, sufficient to properly reflect all direct and indirect costs of whatever nature claimed to have been incurred in the performance of this Agreement, including any matching costs and expenses. The foregoing constitutes "records" for the purpose of this provision.
- b. The Contractor's facility or office or such part thereof as may be engaged in the performance of this Agreement and his/her records shall be subject at all reasonable times to inspection, audit, and reproduction.
- c. Contractor agrees that CDPH, the Department of General Services, the Bureau of State Audits, or their designated representatives including the Comptroller General of the United States shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Agreement. Contractor agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, the Contractor agrees to include a similar right of the State to audit records and interview staff in any subcontract related to performance of this Agreement. (GC 8546.7, CCR Title 2, Section 1896).

- d. The Contractor shall preserve and make available his/her records (1) for a period of three years from the date of final payment under this Agreement, and (2) for such longer period, if any, as is required by applicable statute, by any other provision of this Agreement, or by subparagraphs (1) or (2) below.
 - (1) If this Agreement is completely or partially terminated, the records relating to the work terminated shall be preserved and made available for a period of three years from the date of any resulting final settlement.
 - (2) If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the three-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular three-year period, whichever is later.
- e. The Contractor shall comply with the above requirements and be aware of the penalties for violations of fraud and for obstruction of investigation as set forth in Public Contract Code § 10115.10, if applicable.
- f. The Contractor may, at its discretion, following receipt of final payment under this Agreement, reduce its accounts, books and records related to this Agreement to microfilm, computer disk, CD ROM, or other data storage medium. Upon request by an authorized representative to inspect, audit or obtain copies of said records, the Contractor and/or Subcontractor must supply or make available applicable devices, hardware, and/or software necessary to view, copy and/or print said records. Applicable devices may include, but are not limited to, microfilm readers and microfilm printers, etc.
- g. The Contractor shall, if applicable, comply with the Single Audit Act and the audit reporting requirements set forth in Title 2 of the Code of Federal Regulations, Part 200 (2CFR Part 200).

11. Federal Requirements

Grantor agrees to comply with and shall require all subgrantees, if any, to comply with all applicable Federal requirements including but not limited to the United States Code, the Code of Federal Regulations, the Funding Opportunity Announcement, the Notice of Award, the funding agreement, and any memoranda or letter regarding the applicable Federal requirements.
