What service provider/vendor are these funds going to?

What services are provided through these funds?

Response

The funds in this agenda item are from round 5 of the Transitional Housing Program (THP) and Round 2 of the Housing Navigation and Maintenance Program (HNMP). These rounds of funding do not yet have an identified vendor or a specific scope of work; however, the Department is currently working on developing a scope of work and RFP. Previous rounds of these funds have been contracted to Aspiranet which is a social services agency that provides many services including support for youth making the transition from foster care to adulthood. Their scope of work with previous rounds of these funds includes but is not limited to: case management, housing for up to 24 months, housing choice vouchers, job readiness training, education monitoring, training to other providers, etc.
