Except as expressly permitted in this Work Order or Product documentation, Customer must not (and is not licensed to) (1) separate and run parts of a Product or Fix on more than one device, upgrade or downgrade parts of a Product or Fix at different times, or transfer parts of a Product or Fix separately; or (2) distribute, sublicense, rent, lease, lend any Products, Fixes, or Services Deliverables, in whole or in part, or use them to offer hosting services to a third party.

Customer will not, and will ensure its Affiliates will not, take any action that causes Microsoft to violate applicable Trade Laws. Microsoft may suspend or terminate this agreement immediately without notice to the extent that Microsoft reasonably believes that performance would cause it to violate Trade Laws or put it at risk of becoming subject to sanctions and penalties under such laws. Prior to each contract anniversary of the Support Commencement Date, Customer's Appraised Product Spend will be re-calculated for the upcoming contract year based on the previous 12 months ("Actual Product Spend").

If Customer's Actual Product Spend is more than **ten percent (10%)** above the Appraised Product Spend shown for that upcoming contract year in the Support Services Fee Summary table above, Microsoft will recalculate the associated Microsoft Unified Enterprise fees for the upcoming contract year. The recalculated Microsoft Unified Enterprise fees will be based on the Actual Product Spend and the Unified Enterprise Graduated Pricing Rate Table. The Discount Rate Table will be applied to the Microsoft Unified Enterprise fees for the appropriate year. Microsoft will invoice the customer for the difference between the re-calculated price and the original scheduled Microsoft Unified Enterprise fees sub-total from the Support Services Fee Summary table above. Customer agrees to pay Microsoft such additional amounts within 30 calendar days of the date of Microsoft's invoice. Please note that failure of payment to Microsoft may result in service suspension. Enterprise Customer may receive additional Flex Allowance which may be applied towards new proactive services, enhanced services and solutions services, and/or custom proactive services. Should Customer fail to allocate the Flex Allowance prior to the contract anniversary, Microsoft may apply the additional Flex Allowance towards new proactive credits.

All product spend amounts in the Unified Enterprise Graduated Pricing Rate Table are shown in USD. The minimum recalculated Microsoft Unified Enterprise fees is \$50,000.
