4. Compensation

- 4.1 **Project Budget.** Compensation for the Services is based on actual costs as described in Exhibit B.
- 4.2 **Reimbursement.** The Commission will reimburse Contractor for all necessary, reasonable, and justifiable expenses, as determined by the Commission, incurred in accordance with the Project Budget for providing the Services on behalf of the Commission in an aggregate amount not to exceed \$1,404,554 (the "Contract Amount"). The Commission will follow the reimbursement process set forth in the Manual, as amended. Payment on all invoices is contingent upon Contractor's compliance with all contractual requirements including, but not limited to, the achievement of performance standards and the timely submission of Financial Reports and Progress Reports, as defined below and further described in the Manual, as amended.
- A. **Financial Report.** Contractor must request reimbursement by submitting to the Commission quarterly, or as often as the Commission requires or allows, an invoice and an expenditure report setting forth actual expenditures as compared to the Project Budget (a "Financial Report"). Each Financial Report must include a disbursement list or check register reflecting all disbursements. Contractor must submit each Financial Report according to the guidelines set forth in the Manual, as amended.
- B. **Progress Reporting Requirements.** The Commission utilizes a designated, web-based database and data management program called "Persimmony." If applicable to the Services or any program under the Scope of Work (Exhibit A), Contractor must submit client level data on a monthly basis via Persimmony. Any and all aggregate data, if applicable to the Services or any program under the Scope of Work, is due on a quarterly basis via Persimmony. - C. **Electronic Fund Transfer.** All payments by the Commission to Contractor during the term of this Agreement shall be made via electronic funds transfer ("EFT"). Contractor shall be required to submit all forms necessary to facilitate EFT, including, but not limited to, the EFT authorization form. The EFT policy is contained in the Manual.
- 4.3 **Disallowed Costs.** The Commission will not reimburse Contractor for any expense that it determines, in its sole discretion, to be a supplanting of funds or program income, as described below, or a disallowed cost, as further described in the Manual, as amended.

This request must be on Contractor's company letterhead, must specify the amount requested, and must set forth all reasons why contractor needs the funds. The Commission has the sole discretion whether or not to release any funds before Contractor performs Services but will not release more than 50% of the annual budget amount, as listed in the Project Budget (Exhibit B). If the Commission releases funds before Contractor performs Services, the Commission will not release any additional funds, at any time, unless and until 75% of the previously released funds have been properly expended and reported.

- 4.5 **Setoff Against Debts.** The Commission may deduct from any payments due to Contractor any monies Contractor owes the Commission under this Agreement or any other agreement.

5. Supplementing Existing Service Levels and Supplanting Other Funding

- 5.1 **Supplanting Law & Policy.** The Parties are bound by the provisions of the Commission's supplanting policy (as set forth in the Manual, as amended) and Section 30131.4(a) of the Revenue and Taxation Code, which states:

All moneys raised pursuant to taxes imposed by Section 30131.2 shall be appropriated and expended only for the purposes expressed in the California Children and Families Act, and shall be used only to supplement existing levels of service and not to fund existing levels of service. No moneys in the California Children and Families Trust Fund shall be used to supplant state or local General Fund money for any purpose.

- 5.2 **Prohibition Against Supplanting.** Contractor must not use any funds provided by the Commission to supplant existing funds in contravention of law or Commission policy. Contractor must use any monies leveraged, obtained through matching funds, part of governmental or private grant funds, or in any way resulting from the use of funds provided by the Commission, solely in performing the Services. Contractor's use of these funds is subject to the Commission's approval at the Commission's sole discretion.

5.3 Additional Funds

- A. **Receipt of Additional Funds.** If Contractor receives any funding for services from state, federal, or local governmental agencies that is not otherwise earmarked (general funds) for particular projects ("Additional Funds"), Contractor must immediately notify the Commission in writing of the amount of Additional Funds received and all terms and conditions attached to Contractor's use of the Additional Funds. Contractor must use as much of the Additional Funds as possible toward providing the Services. The Commission will no longer reimburse Contractor for any expenses Contractor incurs in providing the Services to the extent Contractor did use or could have used Additional Funds to pay for the same portion of the Services. The Commission, at its sole discretion, will continue to fund up to the current balance of the Contract Amount for the remainder of the Term, but only to the extent that the Services are unrelated to the services funded by the Additional Funds.
- B. **Abuse of Additional Funds.** The Commission may, at its sole discretion, investigate Contractor's use of Additional funds and may require Contractor to document its use of the Additional Funds along with funds it receives under this Agreement. If the Commission determines, in its sole discretion, that Contractor used both Commission funds and Additional Funds to pay for any expense substantially similar or reasonably related to the Services, Contractor must reimburse the Commission for all Commission funds expended in this manner. The Commission may also, at its sole discretion, require that Contractor certify to the Commission that it is not using or will not use Additional Funds to fund any portion of those services funded by the Commission.

6. Program Income

- 6.1 **Definition.** "Program Income" means gross income earned by Contractor that is directly generated by a supported activity or earned as a result of funds awarded by the Commission or procured

directly or indirectly under this Agreement. Program Income includes, but is not limited to, income from fees for Services performed, the use or rental of real or personal property acquired under Commission-funded projects, the sale of commodities or items fabricated under funds awarded by the Commission, license fees and royalties on patents and copyrights, and interest on loans made with funds awarded by the Commission.

- 6.2 **Restrictions on Use.** Contractor must use Program Income only for providing the Services. Contractor must place and maintain Program Income in a separate cost center or fund trackable in Contractor's accounting system for Contractor's performance of the Services. Contractor must notify the Commission immediately upon ascertaining the existence of Program Income. The Commission may offset future disbursements and reimbursements to Contractor in an amount equal to all funds identified by Contractor as Program Income, and that the Commission determines, in its sole discretion, to be Program Income.

7. Fiscal Compliance

- 7.1 **Management of Funds.** Contractor must not commingle funds it receives directly or indirectly under this Agreement with any other funds. Contractor must use all funds procured directly or indirectly under this Agreement solely for providing the Services as set forth in this Agreement. Contractor must comply with the controls, record keeping, and fund accounting procedure requirements of the Commission (specified in the Manual, as amended), and all federal, state, and local regulations and directives, to ensure the proper disbursement of, and accounting for, program funds paid to Contractor and disbursed by Contractor under this Agreement. Contractor must track and report costs in conformance with Generally Accepted Accounting Principles ("GAAP").
- 7.2 **Financial Statement.** Contractor must submit an annual, independently audited, financial statement to Commission on or before April 30th of each year during the Term.
- 7.3 **Cost Allocation Plan.** Contractor must prepare and comply with a cost allocation plan. Contractor represents that it has submitted this plan prior to executing this Agreement.

8. Commission's Oversight of Contractor

- 8.1 **Monitoring and Evaluation.** The Commission will monitor and evaluate performance of the Services through all means it considers necessary, in its sole discretion, to ensure that Contractor is complying with the Act and the terms of this Agreement. The Commission may establish and provide policies and procedures governing the means by which it monitors, evaluates, and reports on Contractor's performance and how it makes funding decisions. Contractor understands that determining whether Contractor is performing the Services in accordance with this Agreement and whether the Commission will continue to provide funding to Contractor under this Agreement is solely the responsibility and within the discretion of the Commission.
- 8.2 **Data Collection.** Contractor must fully cooperate with the Commission in the development and implementation of monitoring and evaluation procedures including, but not limited to, data collections, data entry, reporting activities, and deadlines for deliverables described in Exhibit A and Exhibit B, and as otherwise required by the Commission. As part of the Commission's monitoring and evaluation process, as well as the Commission's obligation to carry out its objectives under the Act, Contractor must provide all data and information required by the Commission at any time during the Term, or as otherwise required by this Agreement. The Commission will only request data that is directly or indirectly related to the Services. Contractor must enter client level data in the Persimmony database, including, but not limited to, all individually identifiable agreed-upon information.

8.3 **Annual Contract Review and Site Visits.** The Commission will, at any time, annually review this Agreement as part of its monitoring or evaluation activities (the "ACR"). During an ACR, the Commission will visit any and all locations where the Services are being provided. The Commission may also make additional visits, at any time and at any location, at the Commission's sole discretion. The frequency of these additional visits will vary depending on the findings made by Commission staff in any ACR. The Commission reserves the right to make unannounced visits during regular business hours or schedule a visit outside of regular business hours.

8.4 **Audit and Inspection**

- A. Contractor must maintain and make available to the Commission accurate books and records relevant to all of its activities under this Agreement. The Commission may conduct one or more audits or examinations (the "Audit and Inspection Activities"). As part of the Audit and Inspection Activities, the Commission may copy any records, including, without limitation, invoices, materials, personnel records, client files, sign-in sheets, or any other information or data related to all matters covered by this Agreement. Contractor must reasonably cooperate with the Commission's efforts to carry out the Audit and Inspection Activities. Notwithstanding the Term, the Audit and Inspection Activities will continue in full force and effect for 4 years from the expiration of the Term, or until the Commission has notified Contractor in writing that the Audit and Inspection Activities are completed, whichever occurs last.
- B. Contractor must immediately report to the Commission any incidents of fraud, abuse, or other criminal activity regarding provision of the Services or otherwise related to this Agreement or the expenditure of Commission funds.

8.5 **Record Retention.** Contractor must maintain records in accordance with the policies and procedures set forth in the Manual, as amended. All records must describe and support the use of funds for the Services. Contractor must maintain all data and records in an accessible and secure location in good condition for at least 4 years from the expiration of the Term or until the Commission has notified Contractor in writing that the Audit and Inspection Activities are completed, whichever occurs last. In the event that Contractor misplaces, loses, or otherwise fails to maintain all data and records in accordance with this Section or the Manual, as amended, the Commission, at its sole discretion, may disallow any costs directly or indirectly related to the missing, lost, or improperly maintained record or records.

8.6 **Governmental Agencies and State Auditor General.** The State of California or any state, federal, or local agency having an interest in the subject of this Agreement has the same rights as conferred upon the Commission under this Section. If this Agreement exceeds \$10,000, Contractor is subject to the examination and audit of the State Auditor General for a period of 3 years after final payment under this Agreement (Government Code § 8546.7).

8.7 **Single Audit Act.** Even though funds received under this Agreement are not federal funds, if Contractor is audited under the Single Audit Act and OMB Circular A-133, it must have its independent auditor include the funds received and expended under this Agreement as part of the testing. Although the programs tested under these provisions are selected on a risk-based approach, and for Federal Government purposes this Agreement would not be included in that analysis, the Commission requires that at least a representative number of transactions will be selected for testing from these contracted funds. The number of transactions selected could be based on a statistical sampling method, materiality levels, or on the auditor's judgment as long as the auditor determines that the expenditures made are appropriate under this Agreement. The Commission reserves the right to create audit guidelines with which Contractor must comply.

8.8 **Costs of Oversight Activities.** If, however, the Commission (including the Commission's Executive Director) reasonably determines that Contractor committed fraud, breach or any other material misrepresentation related to its performance of the Services, Contractor shall be responsible for the repayment of any portion of the contract amount deemed to be disallowed by the Commission plus reasonable costs, including attorneys' fees, to perform such oversight and obtain such disallowed amounts. In the event that the Commission finds the County has not committed fraud, breach or any other material misrepresentation and that no portion of the contract amount is disallowed, then the Commission shall not impose any additional costs on Contractor for oversight and monitoring Contractor's provision of Services and not charge for such incurred expenses. These costs will include, but are not limited to: actual costs incurred (including, without limitation, consulting, auditing, and legal fees, costs, and expenses); the payment or repayment of any expenditures disallowed by the Commission or any federal, state, or local governmental entities; and any interest and penalties assessed by any federal, state, or local governmental agency. Payment or repayment costs shall not exceed the total contract agreement amount.

8.9 **Penalty.** Contractor's failure to (a) timely and accurately submit any document, report, or data in a timely and accurate manner, or (b) otherwise adhere to the Commission's administrative, programmatic, or financial requirements specified in this Agreement or in the Manual, as amended, will result in the Commission imposing penalties as specified in the "Penalties" section of the Manual, as amended. These penalties may include, without limitation: withholding of payment by the Commission; loss of rights to receive advances under Section 4.4 above and transition to monthly reimbursement and reporting; the assessment of a 5% penalty on the final invoice amount; suspension without payment; termination of this Agreement; and loss of eligibility to receive future funding from the Commission. Contractor may appeal the penalty in writing to the Commission or designated standing committee, on Contractor's company letterhead, setting forth the extenuating circumstances that caused the tardy or inaccurate submission. The Commission has sole discretion whether to waive any penalty.

8.10 **Submission of Information and Data**

A. By initialing below, Contractor certifies, represents, and warrants that it will submit all information and data, including but not limited to, individually identifiable physical or mental health information, substance abuse information, child care or education information, personnel or employment information, financial information, criminal justice information, or demographic information, provided to the Commission, as part of the Commission's monitoring, evaluation, and auditing activities, and that such submission will not violate any current federal, state, or local law or regulation.

Contractor's Initials

B. If, during the Term, the Federal government, State of California, or any political subdivision with jurisdiction over the Services, adopts or amends a law or regulation under which Contractor believes it may no longer legally provide the Commission with some or all of the information and data requested under this Section, Contractor must submit to the Commission, in writing, a legal memorandum from Contractor's attorney detailing why Contractor believes complying with this Section would violate the new or amended law or regulation and proposing a reasonable solution. The Commission will review this memorandum and will determine, in its sole discretion, whether to accept Contractor's proposed solution, terminate this Agreement, or pursue any other remedy under this Agreement or at law. The Commission will comply with the California Public Records Act, Government Code §§ 6250 *et seq.*, as may be amended during the Term.

8.11 Confidentiality

- A. Contractor acknowledges that during the Term it might have access to Confidential Information required for effective coordination and delivery of services to children and their families. Contractor will ensure that all of its employees, agents, contractors, and representatives will comply with the terms and conditions of this Agreement and all applicable laws regarding the access, use, and dissemination of Confidential Information. All confidential discussions, deliberations, and Confidential Information generated, submitted, or maintained in connection with this Agreement must be disclosed only to persons who have a specific and bona fide “need to know” and authority to access Confidential Information. Furthermore, Contractor must not disclose to third parties (i) any Confidential Information without the express written consent of the Commission, and (ii) any individually identifiable Confidential Information related to a child without the additional written authorization from the child’s parent or legally authorized representative.
- B. For purposes of this Agreement and to the extent permitted by law, “Confidential Information” includes, but is not limited to, any data, ideas, know-how, materials, products, formulas, processes, technology, computer programs, specifications, drawings, diagrams, manuals, plans, policies, software, financial information, personnel information, client information, any information entered into or contained in the Commission’s Persimmony database (or other data management program used by the Commission), and other information disclosed or submitted, orally, in writing, or by any other media; provided, however, that Confidential Information shall not include information that (i) is or becomes generally available to or known by the public other than as a result of a disclosure made by the Parties; (ii) is disclosed by Contractor because such information was compelled by court order; or (iii) was available to Contractor on a nonconfidential basis prior to disclosure by the Commission or an affiliate of the Commission and prior to the Effective Date.

9. Multi-Year Agreements

If this Agreement covers more than one fiscal year of the Commission (July through June), Contractor must submit a revised Scope of Work (Exhibit A) and Project Budget (Exhibit B) for the Commission’s review, revision, and approval. Contractor must submit these documents to the Commission in accordance with the Manual, as amended. The Commission has the sole discretion whether or not to revise and/or approve any revision to a multi-year agreement.

10. Materials Identification, Ownership, and Dissemination

- 10.1 **Identification.** Contractor will acknowledge and give proper credit to the Commission as the funding source in all publications that are paid for by the Commission funds or used by Contractor in providing the Services (“Information Materials”). These Information Materials include, but are not limited to, posters, press releases, brochures, and other publicity or public relations materials. To appropriately credit the Commission, Contractor must comply with the “Proper Crediting Policy” in the Manual, as amended. The Commission may elect, at its sole discretion, not to reimburse Contractor for the costs of any Information Materials for which Contractor fails to properly credit the Commission. The Commission, at its sole discretion, may elect to treat as a disallowed cost the costs of any Information Materials not properly credited to the Commission.
- 10.2 **Ownership.** All Information Materials, records, and property, either provided to Contractor by the Commission or otherwise related to the Services, are the property of the Commission. Contractor, at the Commission’s sole discretion, must turn over all Information Materials to the Commission at the expiration of the Term or earlier termination of this Agreement. The Commission, at its sole

discretion, may elect to treat as a disallowed cost the costs of any Informational Materials that Contractor fails to turn over to the Commission.

- 10.3 **Disseminating Information and Outreach.** Contractor, at the Commission's request and to the Commission's reasonable satisfaction, must disseminate materials regarding outreach or any other topic that the Commission considers necessary in its sole discretion. The Commission will provide these materials to Contractor with reasonable notice and instructions for dissemination.

11. Fingerprinting, Child Abuse Prevention, and Breastfeeding Friendly Policy

- 11.1 **Fingerprinting.** Contractor represents and warrants that all its employees, agents, volunteers, and subcontractors, who directly provide Services to children, are (and will be) fingerprinted according to state and federal law and have (and will have) a criminal clearance which states that they do not have a criminal history which would compromise the safety of children. Additionally, irrespective of any federal or state legal requirements, Contractor represents and warrants that any of its employees, agents, volunteers, or subcontractors who will or may have direct, unsupervised access to children in connection with the Services, are (and will be) fingerprinted and have the same criminal clearance described in the preceding sentence. Contractor may include costs associated with these fingerprinting and background checks in its proposed budget.
- 11.2 **Child Abuse Prevention.** Contractor represents and warrants that it will report all known or suspected instances of child abuse or neglect to either local law enforcement or county child welfare services consistent with state and federal law. Contractor further represents and warrants that each and every employee, agent, volunteer, or subcontractor who directly provides Services to children has received annual training regarding child abuse and neglect prevention and reporting and must sign a statement acknowledging that they understand the child abuse reporting laws and will comply with same.
- 11.3 **Breastfeeding Friendly Policy.** Contractor shall comply with Commission's Breastfeeding Friendly ("BFF") policy, whereby Contractor, among other things, agrees to indicate its awareness and support for a mother's right to breastfeed in public. The BFF policy is contained in the Manual.

12. Independent Contractor

- 12.1 **Status.** Contractor is an independent contractor. All persons employed to furnish the Services are employees of Contractor and not of the Commission. In performance of the Services, Contractor, including any and all of Contractor's owners, officers, agents, employees, and independent contractors, will at all times be acting and performing as an independent contractor, and will act in its independent capacity and not as an officer, agent, servant, employee, joint venturer, partner, or associate of the Commission. The Commission has no right to control, supervise, or direct the manner or method by which Contractor performs its obligations under this Agreement. However, the Commission may administer this Agreement so as to verify that Contractor is performing its obligations in accordance with the terms and conditions of this Agreement.
- 12.2 **Employer Duties.** Contractor has the sole obligation to provide its employees with all legally required notices and postings, as well as all employee wages and benefits, and will make all Social Security and other withholdings required by applicable federal or state laws and regulations.

13. Subcontracts

- 13.1 **Contractor's Responsibility.** Contractor assumes full responsibility for the performance of the Services, whether or not directly provided by Contractor. Contractor is considered the sole point of contact regarding contractual matters, including payment of any and all charges resulting from this

Agreement. Contractor is responsible to the Commission for the full and proper performance of any subcontract. Any subcontractor is subject to the same terms and conditions to which Contractor is subject under this Agreement.

- 13.2 **Procedures for Subcontracting.** If Contractor desires to subcontract with one or more third parties to carry out a portion of the Services (e.g., subcontracting with consultants or partnering with another organization), any subcontract must (a) be in writing and approved as to form and content by the Commission prior to execution and implementation; and (b) include a budget or fee schedule for the Commission's review. The Commission has the sole right to request and/or reject any proposed subcontract. Any subcontract, together with all other activities by or caused by Contractor, may not require compensation greater than the Contract Amount. Contractor must submit an executed copy of any subcontract and must receive a receipt confirmation from the Commission before any implementation.

14. **Defense, Indemnity, and Hold Harmless**

To the fullest extent permitted by law and only in proportion to each party's respective liability, each party (Indemnitor) shall, defend, indemnify, and hold harmless the other party (Indemnitee) and the Indemnitee's governing body, officers, employees and agents from and against any claims, lawsuits, actions, and/or liability relating to this Agreement and arising out of any act or omission of or caused by Indemnitor and/or the Indemnitor's governing body, officers, employees, or agents. The parties intend by the provisions in this Section and hereby agree that where the parties are jointly liable, each party's obligation under this Section to the other party shall only be in proportion to its liability. Each party is solely liable for any claims, lawsuits, actions, and/or liability arising out of the sole act or omission of, or caused solely by, that party and/or its governing body, officers, employees, or agents.

15. **Insurance**

- 15.1 **Required Coverage.** Each Party shall provide, upon request of the other Party during the Term, written proof satisfactory to the other Party of the existence of the insurance or self-insurance required under this section. Contractor may not perform any work under this Agreement until Contractor has obtained all insurance required under this Section and the required certificates of insurance have been filed with and approved by the Commission. Each Party, at its cost and throughout the Term, shall maintain in effect insurance or self-insurance providing coverage that compiles, at a minimum, with the following requirements, and shall provide written proof of such insurance to the other Party upon the other Party's request. :

- (1) **Commercial General Liability.** Comprehensive general liability coverage of at least \$1 million per occurrence, \$2 million annual aggregate. Each Party must list the other Party as additional insured.
- (2) **Workers' Compensation.** Workers' Compensation Insurance in accordance with the California Labor Code.
- (3) **Automobile Liability.** Comprehensive automobile liability coverage with a combined single limit of at least \$1 million per accident for bodily injury and property damage on all vehicles operated under Contractor's authority, whether or not owned by Contractor. Contractor must list the Commission as additional insured.
- (4) **Professional Liability (Errors and Omissions).** If Contractor employs or contracts with licensed professional staff in performing the Services, professional liability (errors

and omissions) insurance with limits of at least \$1 million per occurrence, \$3 million annual aggregate.

- (5) **Fidelity Bond or Insurance.** In accordance with Section 17 below, or otherwise at the Commission's request, a Fidelity Bond of at least \$1 million or insurance with limits of at least \$1 million, including coverage for theft or loss of Commission property.

15.2 **Rating.** All insurance must be issued by a company or companies listed in the current "Best's Key Rating Guide" publication with a minimum of a "A, VII" rating, or in special circumstances, be pre-approved by the Parties.

15.3 **Endorsements.** Contractor must obtain endorsements to the general liability and auto insurance policies, giving the Commission an unrestricted 30 day prior written notice of cancellation or change in terms or coverage. Contractor must also obtain an endorsement to the workers' compensation policy giving the Commission an unrestricted 10 day prior written notice of any cancellation or change in terms or coverage.

15.4 **Self-Insured.** If Contractor is, or becomes during the Term, self-insured or a member of a self-insurance pool, Contractor must provide coverage equivalent to the insurance coverage and endorsements required above. The Commission will not accept this coverage unless the Commission determines, in its sole discretion and by written acceptance, that the proposed coverage is equivalent to the above-required coverage.

15.5 **Liability and Other Actions.** Compliance with the insurance requirements discussed above will not relieve Contractor of any liability, whether within, outside, or in excess of such coverage, and regardless of solvency or insolvency of the insurer that issues the coverage; nor will it preclude Commission from taking any other actions available to it under any other provision of this Agreement or otherwise in law.

15.6 **Failure to Maintain Insurance.** If Contractor fails to maintain the insurance required in this Section, the Commission may terminate this Agreement and recover damages in accordance with Section 17 below. Alternatively, the Commission may, in its sole discretion, purchase the required insurance coverage and, without further notice to Contractor, the Commission may deduct from sums due to Contractor any premiums and associated costs advanced or paid by the Commission for the insurance. If the balance of monies obligated to Contractor pursuant to this Agreement is insufficient to reimburse the Commission for the premiums and any associated costs, Contractor must reimburse the Commission for the premiums and pay for all costs associated with the purchase of this insurance. Any failure by the Commission to take this alternative action will not relieve Contractor of its obligation to obtain and maintain the insurance coverage required by this Agreement.

16. Individuals Handling Funds

No employee, agent, or independent contractor of Contractor who has been convicted of a felony or against whom a civil judgment has been entered based upon misappropriation of funds or similar action may have authority or discretion over disbursements or withdrawals of funding provided to Contractor by the Commission. All individuals having authority to disburse or withdraw funds received by Contractor from the Commission must be bonded in the amount described in Section 15.6 above and must be identified in **Exhibit C** of this Agreement (attached and incorporated into this Agreement), unless the Commission, in its sole discretion, allows Contractor to provide proof of insurance covering employee dishonesty in accordance with this Agreement.

17. Termination

- 17.1 **Non-Allocation of Funds.** The terms of this Agreement, and the Services and funds to be provided, are contingent on the continued appropriation of funds to the Commission by all federal, state, or local appropriating agencies. Should the Commission not receive, or otherwise receive a reduction of, appropriated funds from any appropriating agency, the Commission may, in its sole discretion, have the option to modify the scope of the Services, or terminate this Agreement at any time by giving Contractor 30 days prior written notice.
- 17.2 **Breach of Contract.** The Commission may immediately suspend or terminate this Agreement in whole or in part, where the Commission, in its sole discretion, determines that Contractor has breached this Agreement. Commission may determine that Contractor has breached this Agreement if it determines, in its sole discretion, that Contractor:
- (1) Illegally or improperly used any funds procured directly or indirectly under this Agreement;
 - (2) Improperly performed any of the Services;
 - (3) Failed to begin performing the Services within 60 days of the Effective Date.
 - (4) Failed to comply with the Strategic Plan, the Manual, or any other Commission policy, procedure, or requirement, as amended;
 - (5) Failed to submit, failed to timely submit, or inaccurately or incompletely submitted, any reports, data, information, documents, books, or other records required under this Agreement;
 - (6) Failed to maintain at all times the insurance required by this Agreement;

- 17.4 **Payment to Contractor and Remedies.** If this Agreement is terminated as provided above, the Commission has no obligation to further compensate Contractor, except for Services satisfactorily performed prior to the date of termination. The Commission may withhold payment of funds, or, if payment has been made, demand that Contractor repay any funds disbursed to Contractor under this Agreement, which in the judgment of the Commission were not expended in accordance with the terms of this Agreement. Contractor must promptly refund any such funds upon demand, or at the Commission's option, this repayment may be deducted from future payments owing to Contractor under this Agreement. In no event will any payment by the Commission constitute a waiver by the Commission of any breach of this Agreement or any default which may then exist on the part of Contractor. Neither will any payment to Contractor impair or prejudice any remedy available to the Commission with respect to any breach or default by Contractor. If Contractor

breaches this Agreement, Commission may recover from Contractor all remedies available at law. A waiver of any breach of this Agreement by the Commission will not constitute a continuing waiver, a waiver of any subsequent breach of the same, or a waiver of any breach of another provision of this Agreement.

- 17.5 **Surrender of Documentation and Equipment.** At the expiration of the Term or if this Agreement is terminated earlier, Contractor must, as required by the Manual, provide to the Commission all equipment, files, memoranda, documents, correspondence, and other property generated during the course of performing the Services or purchased with funds procured directly or indirectly pursuant to this Agreement. The Commission may, at its sole discretion, require Contractor to provide any equipment in good working order with reasonable wear and tear.

Notices transmitted by facsimile transmission or similar means (including email) will be deemed delivered upon telephone or similar confirmation of delivery (confirmation report from fax machine is sufficient), provided a copy is also delivered via personal delivery or mail. - 21.13 **Time.** Time is of the essence in this Agreement.
- 21.14 **Non-Collusion Covenant.** Contractor represents and warrants that it has in no way entered into any contingent fee arrangement with any firm or person concerning the obtaining of this Agreement with the Commission.
