

Fresno County, Department of Public Health
Contract No. 16-93570

LOCAL DENTAL PILOT PROJECT AGREEMENT

The goals of the Local Dental Pilot Project (LDPP) are to increase dental prevention, caries risk assessment and disease management, and continuity of care among Medi-Cal children through innovative pilot projects implemented by alternative programs. Progress toward reaching pilot project(s) goals and objectives will be measured, tracked, and reported by all LDPPs, and in accordance with the Department of Health Care Services (DHCS) guidelines, with the potential for regional and/or statewide expansion of pilot project(s) that demonstrate a positive impact on the oral health of the targeted Medi-Cal populations. LDPPs shall meet the requirements to further the goals of one or more of the three following dental domains or other measures closely tied to the domains:

1. Domain 1- Increase preventive services utilization for children;
2. Domain 2- Increase caries risk assessment and disease management; and,
3. Domain 3- Increase continuity of care.

In response to DHCS's final Request for Application (RFA) relating to the LDPP Program on September 30, 2016, Fresno County, Department of Public Health, as a lead entity, submitted its LDPP application (Attachment A), for implementation in Fresno county. DHCS is approving \$11,127,285 for the submitted LDPP application. The approved funding will cover program years one through four upon signing this Agreement. The program year is on a calendar year basis.

The parties agree to the following:

A. That "Local Dental Pilot Project Application Revised July 28, 2016 Section 6: Attestations and Certification" shall be amended and replaced by the following:

Section 6: Attestations and Certification

6.1 Attestation

I certify that, as the representative of the LDPP lead entity, I agree to the following conditions:

1. The LDPP lead entity will comply with the requirements of Special Terms and Conditions (STCs) and Attachment JJ of the Medi-Cal 2020 Waiver.
2. The LDPP lead entity shall submit invoices at least quarterly, or more frequently, to DHCS in a format specified by the state.
3. Performance metrics for each pilot shall mirror the performance metrics of the dental domains, as applicable, delineated in the STCs and the metrics outlined in the application.
4. This Agreement between DHCS and the LDPP lead entity constitutes the agreement that specifies the LDPP requirements, including a data sharing agreement. [See Exhibit A "HIPAA Business Associate Addendum (BAA)" of this

Application.] The BAA will apply to the transfer and access of Protected Health Information (PHI) and Personal Information (PI) should the need for sharing such data arise. The DHCS BAA applies to any entity that is acting in a business associate capacity as defined by HIPAA specifically for the purpose of the LDPP's operation and evaluation. DHCS does not anticipate that PHI or PI will be shared with LDPP for the purpose of the LDPP's operation or evaluation. DHCS anticipates that there may be only limited, or no, sharing of PHI or PI from the LDPP to DHCS. However, the BAA will apply if PHI or PI is shared between DHCS and an LDPP lead entity.

5. The LDPP will report and submit timely and complete data to DHCS in a format specified by the state; guidance is forthcoming. Incomplete and/or untimely data submissions may lead to a payment withhold after multiple occurrences and technical assistance has been provided by the state.
6. The LDPP shall submit quarterly and annual progress reports in a manner specified by DHCS. Continuation of the LDPP shall be contingent on timely submission of all required reports.
7. The LDPP will participate, provide data and be evaluated consistent with the performance metrics of the dental domains, as applicable, delineated in the STCs and the metrics outlined in the application. The LDPP lead entity and project participants are required to meet with DHCS evaluators or its designees to assess the LDPP, based on timeframes specified by the state.
8. Payments for LDPPs will be contingent on deliverables and/or achievements as described in the application or subsequent amendments.
9. DHCS reserves the right to suspend or terminate a pilot at any time if the enumerated deliverables and/or achievements are either not met, or if corrective action has been imposed, and/or poor performance continues or for any other reason that, in the opinion of DHCS, jeopardizes the welfare of program participants.
10. If the LDPP intends to use state and federal funds for the development of an information technology application or other software solution, it must be platform independent and interoperable, and scalable with the ability to grow sufficient user capacity for potential statewide deployment. Additionally, the solution must be modular in nature and have the ability to integrate with other components as specified by DHCS. It must be compatible with a wide range of mobile platforms and support multiple browsers. The software solution must:
 - a. Comply with the American's with Disabilities ACT and HIPAA;
 - b. Comply with the Security and Privacy controls for Federal Information Systems and Organizations NISP SP 800-83;
 - c. Utilize FIPS 140-2 validated encryption; and
 - d. Follow Open Web Application Security Project (OWASP) guidelines.

11. LDPP payments shall not be earned or payable for activities otherwise directly reimbursed by Medi-Cal.
12. The LDPP lead entity has reviewed and compared the activities in the approved LDPP application to its county's Medi-Cal California Medicaid Administrative Activities (CMAA) and/or Targeted Case Management Program (TCM). Appropriate adjustments to reduce the request for LDPP funds were made as necessary to ensure that the LDPP funding for activities and interactions of their care coordination teams do not duplicate payments under the county's CMAA or TCM benefit. The LDPP lead entity has provided documentation for the adjustment(s) in the approved application, which was accepted in accordance with DHCS guidance provided to the LDPP lead entity during the DHCS application review process.
13. The LDPP lead entity will respond to general inquiries from the state pertaining to the LDPP within five business days after acknowledging receipt, and provide requested information within five business days, unless an alternate timeline is approved or determined necessary by DHCS.
14. The lead entity understands that the state of California must abide by all requirements outlined in the STCs and Attachment JJ. The state may suspend or terminate a LDPP if corrective action has been imposed and persistent poor performance continues. Should a LDPP be terminated, the state shall provide notice to the pilot and request a close-out plan due to the state within 30 calendar days, unless significant harm to beneficiaries is occurring, in which case the state may request a close-out plan within 10 business days. State requirements regarding pilot termination is addressed under Attachment JJ.

If necessary, a Supplemental Report may be used to submit revised or additional information after the completed report is submitted, by submitting the revised or additional information on an updated "DHCS Privacy Incident Report" form. DHCS will review and approve or disapprove the determination of whether a breach occurred, is reportable to the appropriate entities, if individual notifications are required, and the corrective action plan.
4. **Notification of Individuals.** If the cause of a breach of PHI or PI is attributable to Business Associate or its subcontractors, agents or vendors, Business Associate shall notify individuals of the breach or unauthorized use or disclosure when notification is required under state or federal law and shall pay any costs of such notifications, as well as any costs associated with the breach. The notifications shall comply with the requirements set forth in 42 U.S.C. section 17932 and its implementing regulations, including, but not limited to, the requirement that the notifications be made without unreasonable delay and in no event later than 60 calendar days. The DHCS Program Contract Manager, the DHCS Privacy Officer, and the DHCS Information Security Officer shall approve the time, manner and content of any such notifications and their review and approval must be obtained before the notifications are made.
5. **Responsibility for Reporting of Breaches.** If the cause of a breach of PHI or PI is attributable to Business Associate or its agents, subcontractors or vendors, Business Associate is responsible for all required reporting of the breach as specified in 42 U.S.C. section 17932 and its implementing regulations, including notification to media outlets and to the Secretary. If a breach of unsecured PHI involves more than 500 residents of the State of California or its jurisdiction, Business Associate shall notify the Secretary of the breach immediately upon discovery of the breach. If Business Associate has reason to believe that duplicate reporting of the same breach or incident may occur because its subcontractors, agents or vendors may report the breach or incident to DHCS in addition to Business Associate, Business Associate shall notify DHCS, and DHCS and Business Associate may take appropriate action to prevent duplicate reporting. The breach reporting requirements of this paragraph are in addition to the reporting requirements set forth in subsection 1, above.
6. **DHCS Contact Information.** To direct communications to the above referenced DHCS staff, the Contractor shall initiate contact as indicated herein. DHCS reserves the right to make changes to the

1. Provide an opportunity for DHCS to cure the breach or end the violation and terminate the Agreement if DHCS does not cure the breach or end the violation within the time specified by Business Associate; or
2. Immediately terminate the Agreement if DHCS has breached a material term of the Addendum and cure is not possible.

L. Due Diligence. Business Associate shall exercise due diligence and shall take reasonable steps to ensure that it remains in compliance with this Addendum and is in compliance with applicable provisions of HIPAA, the HITECH Act and the HIPAA regulations, and that its agents, subcontractors and vendors are in compliance with their obligations as required by this Addendum.

V. Audits, Inspection and Enforcement

- A.** From time to time, DHCS may inspect the facilities, systems, books and records of Business Associate to monitor compliance with this Agreement and this Addendum. Business Associate shall promptly remedy any violation of any provision of this Addendum and shall certify the same to the DHCS Privacy Officer in writing. The fact that DHCS inspects, or fails to inspect, or has the right to inspect, Business Associate's facilities, systems and procedures does not relieve Business Associate of its responsibility to comply with this Addendum, nor does DHCS':
1. Failure to detect or
 2. Detection, but failure to notify Business Associate or require Business Associate's remediation of any unsatisfactory practices constitute acceptance of such practice or a waiver of DHCS' enforcement rights under this Agreement and this Addendum.
- B.** If Business Associate is the subject of an audit, compliance review, or complaint investigation by the Secretary or the Office of Civil Rights, U.S. Department of Health and Human Services, that is related to the performance of its obligations pursuant to this HIPAA Business Associate Addendum, Business Associate shall notify DHCS and provide DHCS with a copy of any PHI or PI that Business Associate provides to the Secretary or the Office of Civil Rights concurrently with providing such PHI or PI to the Secretary.
