Retired-former Senior Deputy Labor Commissioner-Investigator and Employment Development Department, Employment Representative 35 years of state service.

2004-
CURRENT

PUBLIC SERVICE

I'm passionate about public service and I currently serve on the Mendota Unified School District Board Member. I'm a strong leader of public education and dedicated to ensuring every child is provided an excellent education. I'm retired from public state service in compliance of the California employment labor laws, unemployment insurance benefits, Agricultural-all industry employers labor market trends, migrant seasonal farm workers outreach program and community resources.

I have lived all my life in a rural town Mendota in District 1. I know the goodness and challenges of small towns, unincorporated areas and West/North Fresno. My representation extends to the City of West-North Fresno.

Lupe Flores, and her husband, John has four adult children and eight grandchildren. The Flores family has been involved in the community, John served two terms on Mendota City Council, Pastored at Rivers of Living Waters Christian Church for 15 years, and currently, we are small business operators for 18 years. I currently have served 21 years on the Mendota Unified School District and as President in 2020. I'm graduated from Tranquillity Union School District and West Hills College, Coalinga Ca, I received an AA Business degree.

As your elected Board of Supervisor, I have 21 years of experience making policy and procedures, budget and finance setting priorities, overseeing facilities, accountability, safety, setting division, goals and community leadership.

I would be honored to have your support and endorsement, vote for Lupe Flores, Board of Supervisors District 1. Thank you!
