THIS AGREEMENT FOR JOB ORDER CONTRACTING ("Agreement") is made and entered into this 7th day of May, 2019 ("Effective Date"), by and between the County of Fresno, a political subdivision of the State of California ("COUNTY"), and Velis Engineering, Inc., a California corporation ("CONTRACTOR"). COUNTY and CONTRACTOR may be referred to as a "Party" or collectively as "Parties" to this Agreement.

WITNESSETH

WHEREAS, Public Contracts Code §20128.5 authorizes a board of supervisors to award annual contracts for repair, remodeling, or other repetitive work to be done according to unit prices, to the lowest responsible bidder, based on plans and specifications for typical work;

WHEREAS, the COUNTY has a need for such repair, remodeling, or other repetitive services to be performed pursuant to an annual contract; and

WHEREAS, CONTRACTOR is qualified and willing to perform said services.

NOW, THEREFORE, in consideration of their mutual covenants and conditions, the Parties agree as follows:

SECTION 1. OBLIGATIONS OF THE COUNTY

- A. The work to be performed pursuant to this Agreement includes a comprehensive listing of detailed repair, remodeling, and other repetitive tasks and specifications that have pre-established units of measure and unit prices listed in The Gordian Group, Inc.'s proprietary Construction Task Catalog®. The work performed under this Agreement shall be carried out pursuant to individual tasks or job orders, and shall involve repair, remodeling, or other repetitive work for public buildings, streets, utilities, and other public works ("Job Order(s)").
- B. The obligations of all Parties shall be as set forth in this Agreement, and detailed in accordance with COUNTY's Request For Quotations No. 19-043 and all addendums thereto (collectively, the "RFQ"), and CONTRACTOR's Response to the RFQ ("Response"), both of which are attached as Attachments A and B, are incorporated by this reference, and are made a part of this Agreement.

7 COUNTY, who will work with CONTRACTOR to carry out CONTRACTOR's obligations
8 under this Agreement. The County Representative will be the COUNTY's Facilities Division
9 Manager and/or his or her designees. The contact person for CONTRACTOR is listed in

18 as directed by COUNTY.

19 C. CONTRACTOR shall bind every subcontractor to the terms of this Agreement to carry out
20 its provisions insofar as applicable to their work, and the CONTRACTOR further agrees to

1 required by this Agreement. In the event of such rejection, CONTRACTOR shall,

1 of CONTRACTOR's officers, agents, subcontractors, and employees shall at all times be acting
2 and performing as independent contractors, and shall act in an independent capacity and not as
3 an officer, agent, servant, employee, joint venturer, partner, or associate of the COUNTY.

4 Furthermore, COUNTY shall have no right to control or supervise or direct the manner or
5 method by which CONTRACTOR performs its work and functions. However, CONTRACTOR'S
6 methods must be compatible with COUNTY's standards, and must result in satisfactory and
7 timely completion of the work assigned, and the quality and quantity of work produced must be
8 acceptable to the COUNTY. COUNTY retains the right to verify that CONTRACTOR is
9 performing its obligations in accordance with this Agreement's terms and conditions.

10 CONTRACTOR and COUNTY shall comply with all applicable provisions of law and the rules
11 and regulations, if any, of governmental authorities having jurisdiction over matters covered by
12 this Agreement.

13 Because of its status as an independent contractor, CONTRACTOR shall have
14 absolutely no right to employment rights and benefits available to COUNTY employees.
15 CONTRACTOR shall be solely liable and responsible for providing to, or on behalf of, their
16 employees all legally required employee benefits. In addition, CONTRACTOR shall be solely
17 responsible and shall hold the COUNTY harmless from all matters relating to payment of
18 CONTRACTORS' employees, including compliance with Social Security withholding, and all
19 other regulations governing such matters. It is acknowledged that during the term of this
20 Agreement, CONTRACTOR may be providing services to others unrelated to the COUNTY or to
21 this Agreement.

23 This Agreement may be terminated for the following reasons:

- 24 A. **Non-Allocation of Funds** - The terms of this Agreement and any extensions, and the

- 7 4. Improperly performed services.

8 In no event shall any payment by the COUNTY constitute a waiver by the COUNTY of
9 any breach of this Agreement or any default which may then exist on the part of the
10 CONTRACTOR. Such payment shall not impair or prejudice any remedy to the
11 COUNTY with respect to the breach or default. COUNTY shall have the right to demand
12 of the CONTRACTOR the repayment to the COUNTY of any funds disbursed to the
13 CONTRACTOR under this Agreement, which in the judgment of the COUNTY, were not

17 may be terminated by COUNTY by giving thirty (30) days advance written notice of an

28 occurring or resulting to any person, firm or corporation who may be injured or damaged by the

10 in the Job Order, or within such time limits as extended, damages will be sustained by the

16 COUNTY shall determine the application of liquidated damages, and the value of
17 liquidated damages. Each Job Order shall state whether liquidated damages will be applied.

RESPONSIBILITY MATTERS--PRIMARY COVERED TRANSACTIONS**

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The terms covered transaction, debarred, suspended, ineligible, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
6. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

PREVAILING WAGES

PREVAILING WAGES: The work to be done on this project will involve the repair, alteration, maintenance, installation, rehabilitation, demolition, construction or reconstruction of public buildings, streets, utilities, and/or other public works. In accordance with Labor Code section 1770, et seq., the Director of the Department of Industrial Relations of the State of California has determined the general prevailing wages rates and employer payments for health and welfare pension, vacation, travel time and subsistence pay as provided for in Section 1773.1, apprenticeship or other training programs authorized by Section 3093, and similar purposes applicable to this public work project.

The prevailing wage rates for all hours worked, including holiday and overtime rates, on this project are on file with the Purchasing Department, 4525 E. Hamilton Avenue, Fresno, California 93702, and are herein incorporated by this reference. Information pertaining to applicable Prevailing Wage Rates may be found on the website for the State of California – Department of Industrial Relations: <http://www.dir.ca.gov/oprl/PWD/index.htm>. Information pertaining to applicable prevailing wage rates for apprentices may be found on the website for the State of California – Department of Industrial Relations: <http://www.dir.ca.gov/oprl/pwappwage/PWAppWageStart.asp>

It shall be mandatory upon the Contractor herein and upon any subcontractor to pay not less than the prevailing wage rates, including overtime and holiday rates, to all workers, laborers, or mechanics employed on this public work project, including those workers employed as apprentices. Further, Contractor and each subcontractor shall comply with Labor Code sections 1777.5 and 1777.6 concerning the employment of apprentices. A copy of the above-mentioned prevailing wage rates shall be posted by the Contractor at the job site where it will be available to any interested party.

Contractor shall comply with Labor Code section 1775 and forfeit as a penalty to County Two Hundred Dollars (\$200.00) for each calendar day or portion thereof, for each worker paid less than the prevailing wage rates for the work or craft in which the worker is employed for any work done under this project by Contractor or by any subcontractor under Contractor in violation of Labor Code section 1770, et seq. In addition to the penalty, the difference between the prevailing wage rates and amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the Contractor or subcontractor.

Contractor and each subcontractor shall keep an accurate record showing the names, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him or her in connection with this public work project. In accordance with Labor Code section 1776, each payroll record shall be certified and verified by a written declaration under penalty of perjury stating that the information within the payroll record is true and correct and that the Contractor or subcontractor complied with the requirements of Labor Code sections 1771, 1811 and 1815 for any work performed by its employees on this public work project. These records shall be open at all reasonable hours to inspection by the County, its officers and agents, and to the representatives of the State of California – Department of Industrial Relations, including but not limited to the Division of Labor Standards Enforcement.

APPRENTICES

- A. Pursuant to Sections 1770-1780 of the Labor Code of the State of California, the Director of the Department of Industrial Relations has determined the general prevailing rate of wages in the locality for each craft or type of worker needed to execute the work. Said wage rates pursuant to Section 1773.2 of the Labor Code are on file with the Clerk to the Fresno County Board of Supervisors, and will be made available to any interested person on request. A copy of this wage scale may also be obtained at the following Web Site: www.dir.ca.gov/dlsr.
- B. Pursuant to Section 1775 of the Labor Code of the State of California, nothing in this Article shall prevent the employment of properly registered apprentices upon public works. Every such apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he/she is employed, and shall be employed only at the work of the craft or trade to which he/she is registered.
- C. Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards and written apprentice agreements under Chapter 4 (commencing at Section 3070), Division 3, of the Labor Code, are eligible to be employed on public works. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which he/she is training.
- D. Fresno County is committed to increasing the availability of employment and training opportunities, with particular attention to the plight of those who are most economically disadvantaged. In an effort to advance that purpose, the County will require that, for certain specified projects, as identified by the County in the Request for Proposal submitted by the County for that particular Job Order, the Contractor and each subcontractor employed thereon shall use their best efforts to ensure that thirty-three percent (33%) of apprentice hours, as determined by California Labor Code Section 1777.5 for each contractor and subcontractor of any tier on this Project, are performed by qualified participants in state approved apprenticeship programs who also are current or former "Welfare-to-Work" participants in the CalWORKs program.

Provided, that this Paragraph D shall not apply to any projects that are federally funded in whole or in part, or to any projects that fall within the definition of "maintenance work" as that term is defined in California Public Contract Code § 22002(d); and each project to which this Paragraph D is applicable shall be identified by the County in the Request for Proposal submitted by the County for that particular Job Order. Provided further, that nothing contained in this Paragraph D shall be interpreted to relieve or in any way diminish the obligation of the Contractor and each subcontractor to comply fully with all applicable apprenticeship laws in accordance with the California Labor Code and the California Code of Regulations; and accordingly such requirements as are contractually imposed by this Paragraph D shall be in addition to such legally mandated requirements, and applicable only to the extent fully consistent therewith.

NOTICE TO CONTRACTORS

All Quotations must be electronically submitted on the Bid Page on Public
Purchase by:
March 19, 2019

Promptly following the closing of the bidding all timely submitted bids will be publicly opened and read at the Division in said building, for construction in accordance with the specifications therefore, to which special reference is made as follows:

DESCRIPTION OF WORK: This Notice to Contractors is for a Job Order Contract, a competitively bid, firm, fixed priced, indefinite quantity contract. The scope of work includes a collection of detailed repair and construction tasks and specifications that have pre-established Unit Prices listed in a Construction Task Catalog® (CTC) that was developed for the County of Fresno, and are for the direct cost of construction. The CTC is based on current prices in Fresno for experienced prevailing wage labor, high quality materials and equipment. The CTC pricing also incorporates local activity, climate and geographic factors. All work under this Contract will be performed for the County of Fresno at different locations throughout the County. The work will involve the repair, alteration, modernization, maintenance, rehabilitation, reconstruction, or construction of public buildings, streets, utilities, and other public works. Under this Contract, the Contractor furnishes all management, documentation and incidental drawings (as required), labor, materials and equipment needed to perform the work.

The County intends to award up to four contracts to the Lowest Responsive and Responsible Bidder(s). One bid (Volume One) per contractor shall be submitted.

PROCEDURE FOR ORDERING WORK: If awarded, each Job Order Contract guarantees the Contractor the opportunity to perform a minimum value of total work worth \$25,000 up to a maximum potential value of total work worth \$2,000,000. The term of each Contract is 12 months or the expenditure of the \$2,000,000 maximum value of the Contract, whichever occurs first. The Maximum Contract Value may be increased by up to the sum authorized by Public Contract Code Section 20128.5 (currently approximately \$4,900,000). Any increase in the Maximum Contract Value will be by bi-lateral agreement. After contract award, as the need for specific work arises, the County will issue the Contractor a Job Order specific Request for Proposal. The Contractor shall then submit a Job Order Proposal for a Detailed Scope of Work to the County. Upon receipt of the Contractor's Job Order Proposal, the County will evaluate the Job Order Proposal against the Contract and the County's estimate of costs for the Detailed Scope of Work. If the Contractor's Job Order Proposal is deemed acceptable, the Project Manager may issue a Job Order at the agreed upon Job Order Price. The Job Order Price is calculated by selecting applicable pre-priced construction tasks from the CTC Construction Task Catalog® and multiplying the Unit Prices for those tasks by the appropriate quantities and Adjustment Factors. The sum of all selected pre-priced tasks will establish a lump sum firm fixed price for the Job Order. The Job Order Contract also includes a provision for work tasks not included in the Construction Task Catalog® at the time of the Contract award. These tasks are referred to as "Non Pre-priced Tasks". Non Pre-priced (NPP) Tasks may require the establishment of specifications and drawings and may subsequently be incorporated into the Construction Task Catalog®.

The County selected The Gordian Group's (Gordian) Job Order Contracting (JOC) System for their JOC program. The Gordian JOC Solution includes Gordian's proprietary eGordian® and Gordian Cloud JOC Applications and Construction Task Catalog®, which shall be used by the Contractor to prepare and submit Job Order Proposals, subcontractor lists, and other requirements specified by the County. The Contractor shall be required to execute Gordian's JOC System License and Fee Agreement, and pay a 1% JOC System License Fee to obtain access to the Gordian JOC Solution.

Inquiries regarding this contract should be directed to Bryan Hernandez of the Purchasing Division. Inquiries are to be submitted in writing to bhernandez@fresnocountyca.gov, or to the Public Purchase website. Oral explanations or interpretations of Bid Documents are not binding. Any explanation, interpretation or clarification of Bid Documents will be in the form of a written addendum to the Bid Documents issued to the holders of record of such documents.

Bids shall be submitted on the Bid Page on the Public Purchase website. The determination for award shall be based upon the four (4) lowest responsive, responsible bidders.

PRE-BID CONFERENCE: Prospective bidders must attend the mandatory pre-bid conference. Bidder's failure to attend the pre-bid conference will result in their submitted bid being deemed non-responsive. Due to the relative complexity of this type of procurement, a detailed orientation on the Job Order Contracting System will be provided as well as a discussion on JOC from the Contractor's viewpoint at the pre-bid conference. The pre-bid conference will be held at February 20, 2019 at 10:00 a.m. The conference will be held in the Elections

The State of California's Department of Industrial Relations, under law SB 584, requires contractors to register before bidding on state and local public works projects.

Some of the Work to be done under this Job Order Contract may be done utilizing federal funds. If federal funds are to be used the following terms will be enforced: "The County of Fresno hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, Disadvantaged Business Enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, religious creed, sex, or national origin in consideration for an award."

Some of the Work to be done under this Job Order Contract may be done utilizing Community Development Block Grant (CDBG) funds. If (CDBG) funds are to be used the following terms will be enforced: "The work to be performed under this contract is on a project assisted under a program providing direct Federal financial assistance from the Department of Housing and Urban Development, Community Development Block Grant Program, and subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 USC 1701U."

"Section 3 requires that to the greatest extent feasible opportunities for training and employment be given to low and moderate income persons residing within the project area and the contracts for work in connection with the project be awarded to eligible business concerns which are located in, or owned in substantial part by persons residing in the area of the project. Regulations for implementing the Section 3 clause are contained in 24 CFR 135, as amended and as specified in the project specifications."

The County has, when it determines the necessity, established the following goal for Disadvantaged Business Enterprise (DBE) participation for projects using federal funds:

Disadvantaged Business Enterprise (DBE): 14.9 percent. This goal applies to only Federally Funded projects.

In accordance with the provisions of Section 1770 of the Labor Code, the Director of the Department of Industrial Relations of the State of California has determined the general prevailing rates of wages and employer payments for health and welfare, pension, vacation, travel time, and subsistence pay as provided for in Section 1773.8, apprenticeship or other training programs authorized by Section 3093, and similar purposes applicable to the work to be done. Said wage determinations are on file with the Clerk of the Board of Supervisors and are incorporated herein by reference. Said wages are available only at the Department of Public Works, Design Division, Design Services Section.

For Federally funded projects, the minimum wage rates, as predetermined by the Federal Secretary of Labor, are available at request. If there is a difference between the minimum wage rates predetermined by the Federal Secretary of Labor and the Prevailing Wage Rates predetermined by the Director of the Department of Industrial Relations of the State of California for similar classifications of labor, the contractor and his subcontractors shall pay not less than the higher wage rate.

The County hereby specifies that portions of the work may only be performed outside the regular working hours as defined in the applicable collective bargaining agreement filed with the Director of Industrial Relations in accordance with Labor Code Section 1773.1, and that the overtime requirements for Saturdays, and holidays are hereby waived for these portions of the work, as more particularly described in the Bid Documents. However, this exemption shall not negate the overtime provisions specified in Labor Code Section 1815.

BID PRICE SUBMITTAL: Each bidder must submit four price Adjustment Factors, which shall apply to all the work tasks listed in the CTC. The first

Attachment A

Adjustment Factor will be applied to that work during Normal Working Hours for non-federally funded projects. The second Adjustment Factor will be applied to that work during Other than Normal Working Hours for non-federally funded projects. The third Adjustment Factor will be applied to that work during Normal Working Hours for federally funded projects. The fourth Adjustment Factor will be applied to that work during Other than Normal Working Hours for federally funded projects. The Adjustment Factors must be specified to the fourth decimal place and shall be "net", (e.g., 1.0000) or an adjustment "decrease from" (e.g., .9500) or "increase to" (e.g., 1.2000) the Unit Prices listed in the CTC. Bidders who submit separate Adjustment Factors for separate Unit Prices will be considered non-responsive and their bid will be rejected. The Other Than Normal Working Hours Adjustment Factors shall be greater than or equal to the corresponding Normal Working Hours Adjustment Factors.

The bids will be evaluated by adding 65% of the first Adjustment Factor to 20% of the second Adjustment Factor added to 10% of the third Adjustment Factor added to 5% of the fourth Adjustment Factor. The amount of work to be done during Other than Normal Working Hours may vary considerably.

SUBCONTRACT LIMITATIONS: In accordance with California Public Contract Code section 4104, the Contractor shall list in each Job Order Proposal, on forms provided by the Owner, the name, business location, and value of work of each subcontractor who will perform work or labor or render service, or any subcontractor licensed by the State of California who, under subcontract to the contractor, specially fabricates and installs a portion of the work or improvement according to detailed drawings contained in the plans and specifications, in an amount in excess of one half of 1 percent of the proposed price for each Job Order.

BIDDER'S GUARANTEE: The bidders shall guarantee the bids for a period of 180 calendar days from the date of the bid opening. The Owner reserves the right to waive minor irregularities and to reject any and all bids.

The successful bidder shall furnish a faithful performance bond in the amount of 100 percent of the Maximum Contract Value and a payment bond in the amount of 100 percent of the Maximum Contract Value. Each bond specified in this Notice (bid bond, faithful performance bond and payment bond) shall meet the requirements of all applicable statutes, including but not limited to those specified in Public Contract Code section 20129 and Civil Code section 3248.

Each bond specified in this Notice shall be issued by a surety company designated an admitted surety insurer in good standing with and authorized to transact business in this state by the California Department of Insurance, and acceptable to the County of Fresno. Bidders are cautioned that representations made by surety companies will be verified with the California Department of Insurance. Additionally, the County of Fresno, in its discretion, when determining the sufficiency of a proposed surety company, may require the surety company to provide additional information supported by documentation. The County generally requires such information and documentation whenever the proposed surety company has either a Best's Key Rating Guide of less than B+ and a financial size designation of less than VIII. Provided, however, that the County expressly reserves its right to require all information and documentation to which the County is legally entitled from any proposed surety company.

Pursuant to Public Contract Code Section 22300, substitution of securities for any moneys withheld by the County of Fresno to ensure performance under the contract shall be permitted.

- d. Upon completion and acceptance of all work whatsoever required, and the release of all claims against the Owner as specified, the Director shall file a written Notice of Completion, if required by the County, with the County Recorder as to the entire amount of work performed.

All prior estimates and payments including those relating to extra work shall be subject to correction by this final payment which is referred to throughout this Contract as the Final Payment.
- f. The acceptance by the Contractor of the final payment shall be and shall operate as a release to the Owner of all claims and of all liability to the Contractor for all things done or furnished in connection with this work and for every act and neglect of the Owner and others relating to or arising out of this work, excepting the Contractor's claims for interest upon final payment, if this payment be improperly delayed. No payments, however, final or otherwise shall operate to release the Contractor or his/her sureties from any obligations under this contract or the Performance and Payment Bonds.
- g. Payments may be withheld in the whole or in part if such course be deemed necessary to protect the Owner from loss on account of the failure of the Contractor to (1) meet his/her obligations, (2) expedite the work, (3) correct rejected work, (4) settle damages as herein provided, (5) produce substantial evidence that no claims will be or have been filed, or (6) that unpaid balances may be insufficient to complete the work.

Changes Requested by the Owner -The Owner may, without invalidating the Job Order, order changes, modifications, deletions, and extra work by issuing additional written Job Orders during the progress of the Work. The Contractor shall not be entitled to compensation for any extra work performed unless the Director has issued an additional written Job Order designating (i) the extra work to be performed, (ii) the price of the extra work, and (iii) the time for completion of the extra work. If the Owner orders work added or deleted from the Job Order, the price for the additional Job Order shall be determined using the Procedure for Ordering Work set forth in 3.04 of the General Conditions. Credits for Pre-priced and Non Pre-priced Tasks shall be calculated at the pre-set Unit Prices and multiplied by the appropriate Adjustment Factors. The results is that a credit for Tasks that have been deleted from the Detailed Scope of Work will be given at 100% of the value at which they were included in the original Job Order Price Proposal.
- b. Changes in the Work Claimed by the Contractor - The Contractor may request a change in the Job Order Price or an extension of time for completion of the Job Order due to changes in the Work that are not within the scope of the Job Order. The request must be in writing and must be submitted to the Owner prior to beginning the extra work. The Contractor shall not be entitled to compensation for any extra work performed unless the Director has issued an additional written Job Order designating (i) the extra work to be performed, (ii) the price of the extra work, and (iii) the time for completion of the extra work. If the Owner agrees that work is added to or deleted from the Job Order, the price for the additional Job Order shall be determined using the Procedure for Ordering Work set forth in Paragraph 3.04 of the General Conditions.
- c. Where the Contractor and the Owner disagree on the scope of, price of, and/or time for changes in the Detailed Scope of Work, the Owner may require the Contractor to perform such work under a written protest, pursuant to the Resolution of Contract Claims in 2.16 of these General Conditions. The Contractor's failure to submit a written protest to the Director within 5 days of beginning such work constitutes a waiver of any claim.

1.13 ASSIGNMENT OF MONEYS

The Contractor shall not assign moneys due or to become due him under the contract without the written consent of the Auditor-Controller of Fresno County. Any assignment of moneys shall be subject to all proper set-offs in favor of the County of Fresno and to all deductions provided for in the contract and particularly all money withheld, whether assigned or not, shall be subject to being used by the County of Fresno for the completion of the work in the event that the Contractor should be in default therein.

1.14 GUARANTEE OF WORK

All work shall be guaranteed by the Contractor, except as may be otherwise specified, against defects resulting from the use of inferior materials, equipment or workmanship for one year from the date of completion of the Job Order.

If repairs or changes are required in connection with guaranteed work within any guaranteed period, which, in the opinion of the Owner is rendered necessary as the result of the use of materials, equipment or workmanship which are inferior, defective, or not in accordance with the terms of the contract, the Contractor shall, promptly upon receipt of notice from the Owner, and without expense to the Owner (1) place in satisfactory condition in every particular all of such guaranteed work, correct all defects therein, and (2) make good all damage to the building or site, or equipment or contents thereof, which, in the opinion of the Owner, is the result of the use of materials, equipment or workmanship which are inferior, defective, or not in accordance with the terms of the contract; and (3) make good any work or materials, or the equipment and contents of said building or site disturbed in fulfilling any such guarantee.

If the Contractor disturbs any work guaranteed under another contract in fulfilling the requirements of the contract or of any guarantee, embraced in or required thereby, he shall restore such disturbed work to a condition satisfactory to the Director and guarantee such restored work to the same

Attachment A

extent as it was guaranteed under such other contract.

The owner may have the defects corrected if the Contractor, after notice, fails to proceed promptly to comply with the terms of the guarantee and the Contractor and his/her surety shall be liable for all expense incurred.

All special guarantees applicable to definite parts of the work that may be stipulated in the Contract Documents shall be subject to the terms of this paragraph during the first year of the life of such special guarantee.

1.15 RESPONSIBILITY FOR DAMAGE

Neither the Owner, the Director of Department of Internal Services, nor any officer or employee of the County or any incorporated city, or officer or employee thereof, within the limits of which the work is being performed, shall be answerable or accountable in any manner, for any loss or damage that may happen to the work or any part thereof; or for any of the materials or other things used or employed in performing the work; or for injury to any person or persons, either workmen or the public, for damage to property from any cause which might have been prevented by the Contractor, or his/her workmen, or anyone employed by him, against all of which injuries or damages to persons and property the Contractor having control over such work must properly guard.

The Contractor shall be responsible for any liability imposed by law for any damage to any person or property resulting from defects or obstructions or from any cause whatsoever during the progress of the work or at any time before the completion and final acceptance.

(2) Notwithstanding any other provision of law, upon stipulation of the parties, arbitrators appointed for purposes of this article shall be experienced in construction law, and, upon stipulation of the parties, mediators and arbitrators shall be paid necessary and reasonable hourly rates of pay not to exceed their customary rate, and such fees and expenses shall be paid equally by the parties, except in the case of arbitration where the arbitrator, for good cause, determines a different division. In no event shall these fees or expenses be paid by state or county funds.

Attachment A

(3) In addition to Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure, any party who after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgment shall, in addition to payment of costs and fees under that chapter, pay the attorney's fees of the other party arising out of the trial de novo.

(c) The court may, upon request by any party, order any witnesses to participate in the mediation or arbitration process. Arbitrators shall be experienced in construction law.

20104.6 (a) No local agency shall fail to pay money as to any portion of a claim which is undisputed except as otherwise provided in the contract.

(b) In any suit filed under Section 20104.4, the local agency shall pay interest at the legal rate on any arbitration award or judgment. The interest shall begin to accrue on the date the suit is filed in a court of law.

Attachment A

3. Upon completion of the Joint Scope Meeting, the Owner will prepare a draft Detailed Scope of Work referencing any sketches, drawings, photographs, and specifications required to document accurately the work to be accomplished. The Contractor shall review the Detailed Scope of Work and request any required changes or modifications. When an acceptable Detailed Scope of Work has been prepared, the Owner will issue a Request for Proposal (RFP) and Detailed Scope of Work, which requires that the Contractor prepare a Proposal for the Work under consideration. The Detailed Scope of Work, unless modified by both the Contractor and the Owner, will be the basis on which the Contractor will develop its Job Order Proposal and the Owner will evaluate the same. The Contractor does not have the right to refuse to perform any task or any work in connection with a particular Project.
4. The Owner may, at its option, include quantities in the Detailed Scope of Work if it helps to define the Detailed Scope of Work, if the actual quantities required are not known or cannot be determined at the time the Detailed Scope of Work is prepared, if the Contractor and the Owner cannot agree on the quantities required, or for any other reason as determined by the Owner. In all such cases, the Owner shall issue a Supplemental Job Order adjusting the quantities appearing in the Detailed Scope of work to the actual quantities.
5. The Contractor will prepare the Job Order Price Proposal in accordance with the following:
 - (a) Pre-priced Work requirements. A Pre-priced Task is a task described and for which a Unit Price is set forth in the Construction Task Catalog®. Pre-priced Work requirements will identify the type and number of Work units required from the Construction Task Catalog® (CTC). The price per unit set forth in the CTC shall serve as the base price for the purpose of the operation of this provision. The total of the Job Order Price Proposal shall be the sum of the cost of each applicable CTC task, which is calculated according to the following formula:
$$A = \text{Number of Units Required for CTC Task}$$
$$B = \text{Applicable Adjustment Factor}$$
$$C = \text{CTC Price per Unit}$$
$$\text{Cost of CTC Task}$$
$$A \times B \times C$$
 - (b) The Contractor's Proposal shall include support documentation to indicate that adequate engineering and planning for the requirement have been done, and that the Work units and quantities proposed are reasonable for the tasks to be performed. Documentation to be submitted with the Proposal shall include, but not be limited to, the Job Order Price Proposal, design drawings, calculations, catalog cuts, specifications, and architectural renderings, Subcontractor list, and construction schedule. Any Proposal lacking the required items will be considered incomplete and be returned and treated as if never received. Proposals submitted to the Owner are valid for the duration of the Contract.
 - (c) Non Pre-priced Work Requirements: Non Pre-priced Work shall be separately identified and submitted in the Job Order Price Proposal. Information submitted in support of Non Pre-priced Work shall include, but not be limited to, the following:
 - (1) Complete specifications and technical data, including Work unit content, support drawings, Work unit costs data, quality control and inspection requirements.
 - (2) Work schedule in written form.
 - (3) Pricing data submitted in support of Non Pre-priced work units shall include a cost or price analysis report, establishing the basis for selecting the approach proposed to accomplish the requirements. Unless otherwise directed by the Owner, costing data will be submitted, demonstrating that the Contractor sought and received three quotes. The Contractor shall provide an installed unit price (or demolition price if appropriate), which shall include all costs required to accomplish the Non Pre-priced Task.
 - (4) If the Contractor will perform the work with its own forces, it shall submit three independent quotes for all material to be installed and shall, to the extent possible, use Pre-priced labor and equipment from the Construction Task Catalog®. If the work is to be subcontracted, the Contractor must submit three independent bids from subcontractors. The Contractor

Attachment A

shall not submit a quote or bid from any supplier or subcontractor that the Contractor is not prepared to use. The Owner may require additional quotes and bids if the suppliers or subcontractors are not acceptable or if the prices are not reasonable.

- (5) The final price submitted for Non Pre-priced (NPP) Tasks shall be according to the following formula:

Contractor Performed Duties

A= The number of hours for each labor classification and hourly rates

B= Equipment costs (other than small tools)

C= Three independent quotes for all materials

Total Cost for self-performed work = (A+B+C) x 15% (Only if A & B cannot be priced out of the CTC)

For Work performed by Subcontractors:

If the Work is to be subcontracted, the Contractor must submit three independent bids from Subcontractors. If three quotes or bids can not be obtained, the Contractor will provide the reason in writing for the County's approval as to why three quotes cannot be submitted.

D = Subcontractor Costs (supported by three quotes)

Total Costs of Non-Pre-Priced Task = D x 15%

- (6) The Owner will evaluate the entire Proposal and proposed Work units and compare these with the Owner's estimate of the Detailed Scope of Work to determine the reasonableness of approach, including the nature and number of Work units proposed. The Owner will determine whether the Contractor's Job Order Price Proposal is in line with its own estimate.
- (7) After using a Non Pre-priced item on three separate Job Orders, the unit price for the work item will be established, following approval by the Owner, and fixed as a permanent pre-priced item, which will no longer require price justification.
- (8) The Owner's determination as to whether an item is a Pre-priced Task or a Non Pre-priced Task shall be final, binding and conclusive as to the Contractor.
- (9) Whenever, because of trade jurisdiction rules or small quantities, the cost of a minor task in the Job Order Price Proposal is less than the cost of the actual labor and materials to perform such task, the Owner may permit the Contractor to be paid for such task as a Non Pre-priced Task, or use Pre-priced labor tasks and material component pricing to cover the actual costs incurred. Provided, however, that there is no other work for that trade on the project or other work for that trade can not be scheduled at the same time and the final charge does not exceed \$1,000.00.
- (d) Processing Time Limits
- (1) Request for Proposal Submittal. Contractor shall submit the Proposal for the Job Order to the Owner on or before the due date stated in the Request for Proposal (RFP) (14 days maximum unless otherwise specified).
- (2) Request for Information Submittal. Contractor shall make a thorough analysis of each Job Order and submit all Requests For Information (RFI's) within 7 days after issuance of any RFP. Submission of RFI's shall in no way extend the proposal due date unless deemed necessary by the Owner.
- (3) Job Order Price Proposal Review. Contractor's Project Manager or agent shall be available for Job Order Price Proposal review meetings within 24 hours of being notified by the Owner (via fax, e-mail, or telephone). After review of the Job Order Price Proposal, Contractor shall remove all inappropriate line items and adjust quantities as directed by the Owner.
- (4) Job Order Price Proposal Modification. Only on the Contractor's second Job Order Price Proposal shall he/she be granted the opportunity to add new valid line items that may have been omitted from the first Job Order Price Proposal. Contractor shall submit a revised Job Order Price Proposal within 24 hours of Job Order Price Proposal review meeting (unless otherwise specified). Upon review of revised Job Order Price Proposal, the Contractor shall remove all line items

or adjust quantities deemed inappropriate by the Owner and re-submit the Job Order Price Proposal within 24 hours. No new line items may be added to the Job Order Price Proposal. No quantities increases or added modifiers will be accepted unless agreed to by the Owner during the second Job Order Price Proposal review meeting.

- (5) The Owner reserves the right to reject a Contractor's Proposal or cancel a project for any reason. The Owner reserves the right to issue a Notice to Proceed to the Contractor without having a mutual agreement on a final Job Order Price, and that the Contractor will be paid by multiplying the actual quantities used by the appropriate Construction Task Catalog® Unit Price and the applicable Adjustment Factors. Non Pre-priced (NPP) Tasks will be priced according to the formula set forth in Section 1.22 b 4 (c) of these General Conditions. The Owner also reserves the right to not award a Job Order if it is determined to be in the best interests of the Owner or the proposed cost exceeds the Owner's estimate. The Owner may perform such work by other means. In these instances, the Contractor has no right of claim to recoup Proposal expenses including but not limited to the costs to attend the Joint Scope Meeting, review the Detailed Scope of Work, prepare a Job Order Proposal (including incidental architectural and engineering services), subcontractor costs, and the costs to review the Job Order Proposal with the Owner.
- (6) Unilateral Job Order – The owner reserves the right to issue Job Orders based on the Owners Job Order Price Proposal for a specified Detailed Scope of Work (DSOW).
- (e) By submitting a signed Proposal to the Owner, the Contractor is agreeing to accomplish the Work outlined in the Detailed Scope of Work in accordance with the Request for Proposal at the lump sum price submitted for that particular Job Order. The Contractor shall include the necessary tasks and quantities in the Job Order Price Proposal and apply the appropriate Adjustment Factor(s) prior to delivering it to the Owner. The value of the Job Order Price Proposal shall be calculated by summing the total of the calculations for each Pre-priced Task (Unit Price x quantity x Adjustment Factor) plus the value of all Non Pre-priced Tasks. The Job Order Price shall be the value of the approved Job Order Price Proposal.
- (f) The Owner will evaluate the entire Job Order Priced Proposal and compare these with the Owner's estimate of the Detailed Scope of Work to determine the reasonableness of approach, including the appropriateness of the tasks and quantities proposed.
- (g) The Contractor may choose the means and methods of construction; subject however, to the Owner's right to reject any means and methods proposed by the Contractor that:
 - (1) Will constitute or create a hazard to the work, or to persons or property;
 - (2) Will not produce finished Work in accordance with the terms of the Contract; or
 - (3) Unnecessarily increases the price of the Job Order when alternative means and methods are available.
- (h) Each Job Order provided to the Contractor shall reference the Detailed Scope of Work and set forth the Job Order Price and the Job Order Completion Time. All clauses of this Contract shall be applicable to any Job Orders issued under this clause. Job Orders will be written on an appropriate form. The Job Order, which must be signed by the Owner, constitutes the Owner's acceptance of the Contractor's Proposal. A signed copy will be provided to the Contractor.
- (i) Except in an "emergency response" the Contractor is not to proceed with any Job Order without having required permits and a Notice to Proceed (NTP) signed by the Contract Manager.
- (j) In the event that "immediate emergency response" is necessary, the Owner may elect to use an alternative procedure for such type of Job Orders as long as the alternative procedure is not substantially more burdensome to the Contractor than the procedure described in this section.
- (k) All Proposals submitted by the Contractor are valid for the duration of the Contract.

c. Measurements to be Verified

REVISED: 08-06-90, 12-25-94, 05-06-96, 09-01-99, 12-01-10

APPROVED BY: Sheriff M. Mims

BY: Assistant Sheriff T. Gattie

AUTHORITY: California Code of Regulations, Title 15, Section 1029(a)(7)(B) and Penal Code Section 236.

PURPOSE:

The purpose of this policy is to establish procedures which provide for the resolution of a hostage-taking incident while preserving the safety of staff, public, inmates, and hostages, and maintaining facility security.

POLICY:

The Fresno County Sheriff's Office Jail Division maintains a **NO HOSTAGE FACILITY** and will not consider bargaining with hostage takers for ANY reason.

It is the policy of the Fresno County Sheriff's Office Jail Division that once any staff member is taken hostage, they immediately lose their authority and any orders issued by that person will not be followed regardless of their rank or status.

It is the policy of the Fresno County Sheriff's Office Jail Division that the primary responsibility of all staff members in a hostage situation is to protect every person involved, if possible, from serious injury or death.

PROCEDURES:

I. DEFINITION

Hostage Situation: any staff member, citizen or inmate held against their will by another person for the purpose of escape, monetary gain or any reason which may place an individual in danger of losing life or suffering serious injury.

II. NOTIFICATIONS, CONTAINMENT AND CONTROL OF THE SITUATION

- A. Emergency procedures and notifications shall be implemented as per Emergency Planning procedures (B-101/FILE: EMERGENCY).
- B. The Watch Commander will notify the Patrol Watch Commander and apprise them of the incident. The Patrol Watch Commander may be requested to activate the Crisis Negotiations Team (CNT), outside support agencies, equipment, personnel, and dispatch a detective to the scene for the crime report.

III. DURING NEGOTIATIONS

- A. While at the scene, the CNT members will conduct all verbal or written communications between the hostage taker(s) and the Incident Commander. CNT will immediately notify the Incident Commander of any changes in the following situations:
 - 1. Hostage status
 - 2. Incident changes and developments
 - 3. Hostage taker demands

Attachment A

4. Any and all pertinent information concerning the incident
- B. Staff members at the scene not actively involved with negotiations will not act or speak out to the hostage taker(s) or hostages.
- C. The Tactical Commander will formulate a plan to take the necessary actions, using the appropriate force, to terminate the hostage situation in the event negotiations fail. Hostage safety will be of paramount concern.

IV. HOSTAGE SURVIVAL STRATEGIES [\[SRC1\]](#)

- A. If taken hostage, it is important to make the transition from being a victim to being a survivor. The following are not strict rules that must be rigidly followed, but rather general guidelines. There will always be exceptions.
 1. Regain/maintain composure. Try to be calm, focused and clear-headed at all times. Do not stand out from other hostages. Drawing unnecessary attention increases the chance of being singled out and victimized.
 2. Maintain a low-key, unprovocative posture. Overt resistance is usually counterproductive in a hostage situation.
 - a. Remain calm and follow instructions. Comply with the hostage takers when at all possible.
 - b. Be stoic. Maintain an outward face of acceptance of adversity with dignity. Avoid open displays of cowardice and fear. Inmates will view frailty and feebleness as weakness, which may lead to victimization.
 - c. Do not antagonize, threaten or aggravate the hostage takers. Avoid saying "no", or arguing with the hostage takers. Do not act authoritative. The hostage takers must make it known that they are in charge.
 - d. Eye contact may be regarded as a challenge; make eye contact with the hostage takers sparingly.
 - e. Fight off basic instincts, such as anger and hostility. Be polite and remain alert. Speak normally and don't complain.
 3. Hostages should try to establish a level of rapport or communication with their captors in attempt to get the captors to recognize them as human beings.
 - a. Find a mutual ground, an association with the hostage takers. Foster communication on non-threatening topics (e.g., family, hobbies, sports, interests).
 - b. Use the captors' first names, if known. However, if hostage takers are attempting to conceal their identity, do not give any indication that they are recognized.
 - c. Listen actively to the captors' feelings and concerns, but never praise, participate in, or debate their "cause". If they want to talk about their cause, act interested in their viewpoints. Avoid being overly solicitous, which may be viewed as patronizing or insincere.
 - d. Do not befriend the inmates; such an attempt will likely result in exploitation.
 - e. Try asking for items that will increase personal comfort. Make requests in a reasonable, low-key manner.
 4. Be prepared to be isolated and disoriented.
 - a. Do not talk to other hostages. The hostage takers may think a plot is being formed.

Attachment A

- b. Develop mind games to stimulate thinking and maintain mental alertness.
- 5. Be tolerant of fellow hostages. Just as each person has different reactions to stress, each individual will have different methods of coping as a hostage. Some methods are not effective and may endanger the group, or be annoying to other hostages (e.g., constant talking). Try to help these people cope in other ways.
- 6. Gather intelligence. Hostages should take in and store as much detail, about their captors as possible without drawing attention to their efforts. Make mental notes and attempt to gather the following information: identification of the ring leader, the number of hostage takers, the type of weapons they are using, their tactics, location within the area, etc.
- 7. Maintain hope. Depending on the circumstances, resolution of hostage situations can be a lengthy process.
- B. Stay away from doors and windows through which rescue teams may enter or shoot. If a rescue is attempted, drop to the floor and keep hands in view.
- C. If there is a chance to escape, the hostage should be certain of their success.
 - 1. Balance the likely payoff of any behavior with the possible consequences. Hostage takers may use violence or death to teach a lesson.
 - 2. Realize that Central Control will not open any doors for anyone.
- D. Hostages should be aware of the “Stockholm Syndrome”, whereby hostages begin to show sympathy toward their captors. Hostages who develop Stockholm Syndrome often view the captor as *giving life* by simply not taking it. Such hostages often misinterpret a *lack of abuse* as kindness and may develop feelings of appreciation for the perceived benevolence. [\[SRC2\]](#)

NO HOSTAGE SITUATIONS

California Code of Regulations

Subject: Hostage Situations

Policy Number: 326.0

Page: 1 of 2

Date Originated: April 1, 2004

Date Revised: February 1, 2008

It is imperative for the safety and security of all persons within Juvenile Justice Campus (JJC) facilities, as well as for those in the community, that minors are not allowed to leave the secure confines of the facilities by the taking of a hostage(s). If successful in securing a release through these means minors would be much more likely in the future to use this practice again in an attempt to escape the confines of the facilities. This would put those visiting and working at the JJC at higher level of risk and would jeopardize the safety of the community if the minor was in fact successful in securing his/her release.

The JJC is a "no-hostage" facility. This means that minors will not be released from custody under any circumstances due to the taking of a hostage(s). Any staff person taken hostage, no matter what their rank or status, immediately loses their authority and any orders issued by that person will not be followed.

I. HOSTAGE SITUATION PROCEDURES

- A. If any minor(s) and/or other person(s) in the facility attempt to hold any person hostage, and they do not respond to verbal commands to stop staff will immediately notify the Watch Commander. He/she will respond to the location and assess the situation. If a hostage situation is in progress the Watch Commander will:
 1. Summon assistance from other officers as required.
 2. Establish a secure perimeter around the hostage takers and allow no one to pass into it for any reason without authorization. Risks should not be taken that might allow the taking of additional hostages.
 3. Evacuate all non-essential persons at the scene to a safe location or any housing pod that is not directly involved in the incident.
 4. Direct officers to place minors in uninvolved housing pods in their rooms and have them remain there until directed otherwise. Minors outside of housing pods will remain in place under officer supervision until it is safe to return to their respective housing pods or any housing pod that is not directly involved in the incident.
 5. Immediately notify the Director or the Probation Services Manager/Assistant Director in his/her absence and confer with higher authority as to action to be taken. Administration in turn will notify the Chief.

Attachment A

- B. The Fresno Sheriff's Dispatch Center (488-3111) will be notified immediately and a request for a trained hostage negotiator and other emergency personnel will be made as needed. Prior to the arrival of the Sheriff Department's hostage negotiator the Watch Commander will attempt to ascertain:
 - 1. The number and identity of both the hostages and hostage takers;
 - 2. Any known weapons possessed by the hostage takers;
 - 3. The demands of the hostagetakers.
- C. The Watch Commander will retain and direct departing custody officers, as well as, available Probation peace officer staff to assist with security and safety needs, as necessary. Additional Juvenile Correctional Officers should be called in as may be needed to insure the safe and secure operation of the facility.
- D. The Watch Commander will coordinate with the Sheriff's Department all activities taken to resolve the hostage situation, including the use of appropriate force, and will maintain control of the facility until relieved of that duty by the presence of a Probation Services Manager/Assistant Director, Director, or the Chief Probation Officer.
- E. Once the hostage situation has been resolved the minors involved should be housed in the most secure setting available and all appropriate charges should be filed.
- F. Each officer and/or non-sworn staff member who was involved or observed the incident will complete an incident report and if required, the appropriate critical incident evaluation report(s) regarding the details of the incident prior to the end of his/her shift. (See Incident Report, located in JAS Probation View, under "Word Templates".)
- G. The Watch Commander will prepare a Critical Incident Investigation Report, using the Critical Incident Evaluation Report - Page 2 report form and the critical incident evaluation report(s) completed by the reporting persons at the time of the incident.

II. PARENTAL AND MEDIA INFORMATION

- A. Attempts will be made at the direction of Administration to reach the families of the hostages to advise them of the situation. Notification will also be made to the parents of the hostage takers as deemed appropriate.
- B. All media inquiries will be referred to the Chief's office per departmental policy.

III. SECURITY AND OPERATIONAL REVIEW

Once the incident has been resolved a team will be established to conduct a security and operational review of the incident. The review will be conducted within 2 days of the resolution of the incident. The review team will be comprised of the facility administrator and/or facility Director, Probation Services Manager/Assistant Director and Supervising Juvenile Correctional Officers who are relevant to the incident. The team will review the circumstances leading up to the incident and any necessary corrective action necessary to insure that such an incident does not repeat itself.

BACKGROUND INVESTIGATIONS AND IDENTIFICATION (ID) BADGES

Background Investigations

Prior to the beginning of any services, one (1) background check may be required for every member of the Contractor's personnel providing services to a building location for the life of the agreement. Background checks provided by any agency other than the County of Fresno Sheriff's Department will not be accepted.

The current cost of a background check is \$52 per person. This cost will be incurred by the successful Bidder. One check covering the cost of background checks for all employees shall be made payable to: Sheriff, County of Fresno. The successful bidder will be notified regarding the result of background checks. Those that are accepted will report to County of Fresno Security to have their photo taken and ID badge issued.

Background checks are done on a first-come, first serve basis between the hours of 7:00 a.m and 12:00 noon. Monday through Friday. The process takes approximately 20 minutes time. The amount of time it takes to receive the result of background checks varies from one day to a month (or longer), dependent upon the individual's history.

Individuals who are cleared through this process are entered into the Department of Justice database. Their records are flagged and the County of Fresno Sheriff's Department is notified if the person is ever arrested in the future.

When required by County, applicants' background checks must be approved prior to entering any County facility. Approval will not be granted to any individual possessing any of the following circumstances:

1. They have been convicted of a felony, or any crime involving moral turpitude, or carrying or possessing a dangerous weapon.
2. They have ever been charged with a felony or are currently under investigation for a felony.
3. They are charged with or convicted of any crime committed in or at a correctional institution.

7. Make omissions or false statements on their application.
8. They have no valid reason for entering a facility.
9. Their admission into a facility could represent a threat to security, staff or inmate safety.
10. Further information regarding the criteria for background check clearance, including an appeal for process for someone who may be denied clearance is available upon request.

COUNTY and CONTRACTOR may be referred to as a "Party" or collectively as "Parties" to this Agreement.

WITNESSETH

WHEREAS, Public Contracts Code §20128.5 authorizes a board of supervisors to award annual contracts for repair, remodeling, or other repetitive work, to be done according to unit prices, to the lowest responsible bidder, based on plans and specifications for typical work;

WHEREAS, the COUNTY has a need for such repair, remodeling, or other repetitive services to be performed pursuant to an annual contract; and

WHEREAS, CONTRACTOR is qualified and willing to perform said services.

NOW, THEREFORE, in consideration of their mutual covenants and conditions, the Parties agree as follows:

- B. The obligations of all Parties shall be as set forth in this Agreement, and detailed in accordance with COUNTY's Request For Quotations No. 00-0000 and all addendums thereto (collectively, the "RFQ"), and CONTRACTOR's Response to the RFQ ("Response"), both of which are attached as Attachments A and B, are incorporated by this reference, and are made a part of this

Federal Other than Normal Working Hours Adjustment Factor	_____
Award Criteria Figure	_____

Attachment A

CONTRACTOR shall receive the opportunity to perform Job Orders totaling a minimum of at least twenty five thousand dollars (\$25,000) during the Agreement term. The total value of all Job Orders ("Maximum Agreement Value") performed by CONTRACTOR shall not exceed two million dollars (\$2,000,000). The Maximum Agreement Value may be increased up to the sum authorized by Public Contract Code Section 20128.5 (currently approximately \$4,900,000). Any increase in the Maximum Agreement Value will be by mutual written agreement.

At no time shall the total sum of the outstanding Job Orders exceed the amount of CONTRACTOR'S Payment Bond and Performance Bond. A Job Order is outstanding until the COUNTY has accepted the work described in the Job Order by execution of a written notice of completion. CONTRACTOR shall not be issued Job Orders that in total exceed the Maximum Agreement Value. COUNTY makes no guarantee that CONTRACTOR will receive Job Orders totaling the Maximum Agreement Value. CONTRACTOR shall submit monthly invoices per Job Order, as described in Section 5, below.

In no event shall services performed under this Agreement exceed the Maximum Agreement Value during the term of this Agreement. All expenses incidental to CONTRACTOR'S performance of services under this Agreement shall be borne by CONTRACTOR.

SECTION 5. INVOICING

CONTRACTOR shall submit invoices in accordance with the rates and charges agreed upon for the services provided to the COUNTY by that CONTRACTOR during the previous monthly billing period on the first day of the month. Each invoice shall reference this Agreement number, the date and name of the facility where the services were performed, and a clear itemization of services performed, and shall be mailed to The County of Fresno, ISD, ATTN: Business Office (A/P Division), 333 W. Pontiac Way, Clovis, CA 93612. COUNTY shall make payment to CONTRACTOR(S) no later than forty-five (45) days after receipt and approval of each invoice, which shall be given upon verification of satisfactory performance.

SECTION 6. INDEPENDENT CONTRACTOR

In performance of the work, duties, and obligations assumed by CONTRACTOR under this Agreement, it is mutually understood and agreed that CONTRACTOR, including any and all of CONTRACTOR's officers, agents, subcontractors, and employees shall at all times be acting and performing as independent contractors, and shall act in an independent capacity and not as an officer, agent, servant, employee, joint venturer, partner, or associate of the COUNTY.

Furthermore, COUNTY shall have no right to control or supervise or direct the manner or method by which CONTRACTOR performs its work and functions. However, CONTRACTOR'S methods must be compatible with COUNTY's standards and must result in satisfactory and timely completion of the work assigned, and the quality and quantity of work produced must be acceptable to the COUNTY. COUNTY retains the right to verify that CONTRACTOR is performing its obligations in accordance with this Agreement's terms and conditions. CONTRACTOR and COUNTY shall comply with all applicable provisions of law and the rules and regulations, if any, of governmental authorities having jurisdiction over matters covered by this Agreement.

Because of its status as an independent contractor, CONTRACTOR shall have absolutely no right to employment rights and benefits available to COUNTY employees. CONTRACTOR shall be solely liable and responsible for providing to, or on behalf of, their employees all legally required employee benefits. In addition, CONTRACTOR shall be solely responsible and shall hold the COUNTY harmless from all matters relating to payment of CONTRACTORS' employees, including compliance with Social Security withholding, and all other regulations governing such matters. It is acknowledged that during the term of this Agreement, CONTRACTOR may be providing services to others unrelated to the COUNTY or to this Agreement.

SECTION 7. TERMINATION OF AGREEMENT

This Agreement may be terminated for the following reasons:

- A. Non-Allocation of Funds - The terms of this Agreement and any extensions, and the services to be provided, are contingent on the approval of funds by the appropriating government agency. If sufficient funds are not allocated, the services provided may be modified, or this Agreement terminated at any time by giving CONTRACTOR thirty (30) days' advance written notice.
- B. Breach of Contract - COUNTY may immediately suspend or terminate this Agreement in whole or in part, where in the determination of the COUNTY there is:
 - 1. An illegal or improper use of funds;
 - 2. A failure to comply with any term of this Agreement
 - 3. A substantially incorrect or incomplete report submitted to the COUNTY; or
 - 4. Improperly performed services.

In no event shall any payment by the COUNTY constitute a waiver by the COUNTY of any breach of this Agreement or any default which may then exist on the part of the CONTRACTOR. Such payment shall not impair or prejudice any remedy to the COUNTY with respect to the breach or default. COUNTY shall have the right to demand of the CONTRACTOR the repayment to the COUNTY of any funds disbursed to the CONTRACTOR under this Agreement, which in the judgment of the COUNTY, were not expended in accordance with the terms of this Agreement. CONTRACTOR shall promptly refund any such funds upon demand.

- C. Without Cause - Under circumstances other than those set forth above, this Agreement may be terminated by COUNTY by giving thirty (30) days advance written notice of an

intention to terminate to CONTRACTOR. In the event of such termination, COUNTY shall pay CONTRACTOR for satisfactory services or supplies provided up until the date of termination.

SECTION 8. HOLD HARMLESS AND INDEMNIFICATION

CONTRACTOR agrees to indemnify, save, hold harmless, and at COUNTY's request, defend the COUNTY, its officers, agents and employees, from any and all costs and expenses (including attorney's fees and costs), claims, suits, liabilities, losses and damages occurring or resulting to COUNTY in connection with the performance, or failure to perform, by CONTRACTOR, its officers, agents or employees under this Agreement, and from any and all costs and expenses (including attorney's fees and costs), damages, liabilities, claims and losses occurring or resulting to any person, firm or corporation who may be injured or damaged by the performance, or failure to perform, of CONTRACTOR, its officers, agents, subcontractors, assigns, or employees under this Agreement. QUESTIONS AND ANSWERS

Q1. Per the Pre-Bid JOC Conference meeting, it is our understanding that should a sub-contractor be required, and one cannot be found at a cost equal to or less than the pre-set price, then upon the submission of three complete sub-contractors bids for the work, said pre-set price will be adjusted to accommodate the actual cost of same, is this correct? Or will said bid be adjusted to our (percentage)? For example- If sub-bid is at 100.00 our bid at .95, what is payout to the Prime?

A1. The contractual payment on any item of work shall be: unit price x quantity x correct adjustment factor, regardless of subcontractor quote(s). No other adjustments will be made to the Construction Task Catalog. If an item is not in the Construction Task Catalog, it will be priced per the non-pre-priced guidelines set forth in the RFQ 19-043 Volume 2 bid documents.

Q2. Has the County considered allowing bidders to furnish bonds per awarded project in smaller dollar amounts, instead of requiring upfront bonds in high dollar amounts?

A2. All options have been considered. Bonding requirements are set forth in RFQ 19-043 bid documents.

Q3. Does a contractor have to have Errors and Omission insurance for design work?

A3. Per California Public Contract Code, design work shall not be procured through a Job Order Contract.

Q4. Can you provide a copy of the JOC Pre-Bid Conference sign-in sheet?

A4. Yes, see Exhibit A attached.

Q5. Can you provide the Adjustment Factors for the vendors awarded last JOC 2018-2019?

A5. Please see Attachment A – Adjustment Factors 2018. However, Adjustment Factors from last year should not be used as a baseline for vendor's Adjustment Factors this year. Instead, contractors should complete an individual assessment of the Construction Task Catalog including requirements outlined in the guidelines titled "Using the Construction Task Catalog" to determine an adjustment factor by which they can provide accurate price proposals to the County of Fresno.

In accordance with Labor Code section 1770, et seq., the Director of the Department of Industrial Relations of the State of California has determined the general prevailing wages rates and employer payments for health and welfare pension, vacation, travel time and subsistence pay as provided for in Section 1773.1, apprenticeship or other training programs authorized by Section 3093, and similar purposes applicable to this public work project.

The prevailing wage rates for all hours worked, including holiday and overtime rates, on this project are on file with the Purchasing Department, 4525 E. Hamilton Avenue, Fresno, California 93702, and are herein incorporated by this reference. Information pertaining to applicable Prevailing Wage Rates may be found on the website for the State of California – Department of Industrial Relations: <http://www.dir.ca.gov/oprl/PWD/index.htm>. Information pertaining to applicable prevailing wage rates for apprentices may be found on the website for the State of California – Department of Industrial Relations: <http://www.dir.ca.gov/oprl/pwappwage/PWAppWageStart.asp>

It shall be mandatory upon the Contractor herein and upon any subcontractor to pay not less than the prevailing wage rates, including overtime and holiday rates, to all workers, laborers, or mechanics employed on this public work project, including those workers employed as apprentices. Further, Contractor and each subcontractor shall comply with Labor Code sections 1777.5 and 1777.6 concerning the employment of apprentices. A copy of the above-mentioned prevailing wage rates shall be posted by the Contractor at the job site where it will be available to any interested party.

Contractor shall comply with Labor Code section 1775 and forfeit as a penalty to County Two Hundred Dollars (\$200.00) for each calendar day or portion thereof, for each worker paid less than the prevailing wage rates for the work or craft in which the worker is employed for any work done under this project by Contractor or by any subcontractor under Contractor in violation of Labor Code section 1770, et seq. In addition to the penalty, the difference between the prevailing wage rates and amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the Contractor or subcontractor.

Contractor and each subcontractor shall keep an accurate record showing the names, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him or her in connection with this public work project. In accordance with Labor Code section 1776, each payroll record shall be certified and verified by a written declaration under penalty of perjury stating that the information within the payroll record is true and correct and that the Contractor or subcontractor complied with the requirements of Labor Code sections 1771, 1811 and 1815 for any work performed by its employees on this public work project. These records shall be open at all reasonable hours to inspection by the County, its officers and agents, and to the representatives of the State of California – Department of Industrial Relations, including but not limited to the Division of Labor Standards Enforcement.

Quotation No. 19-043

APPRENTICES

- A. Pursuant to Sections 1770-1780 of the Labor Code of the State of California, the Director of the Department of Industrial Relations has determined the general prevailing rate of wages in the locality for each craft or type of worker needed to execute the work. Said wage rates pursuant to Section 1773.2 of the Labor Code are on file with the Clerk to the Fresno County Board of Supervisors, and will be made available to any interested person on request. A copy of this wage scale may also be obtained at the following Web Site: www.dir.ca.gov/dlsr.
- B. Pursuant to Section 1775 of the Labor Code of the State of California, nothing in this Article shall prevent the employment of properly registered apprentices upon public works. Every such apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he/she is employed, and shall be employed only at the work of the craft or trade to which he/she is registered.
- C. Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards and written apprentice agreements under Chapter 4 (commencing at Section 3070), Division 3, of the Labor Code, are eligible to be employed on public works. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which he/she is training.
- D. Fresno County is committed to increasing the availability of employment and training opportunities, with particular attention to the plight of those who are most economically disadvantaged. In an effort to advance that purpose, the County will require that, for certain specified projects, as identified by the County in the Request for Proposal submitted by the County for that particular Job Order, the Contractor and each subcontractor employed thereon shall use their best efforts to ensure that thirty-three percent (33%) of apprentice hours, as determined by California Labor Code Section 1777.5 for each contractor and subcontractor of any tier on this Project, are performed by qualified participants in state approved apprenticeship programs who also are current or former "Welfare-to-Work" participants in the CalWORKs program.

Provided, that this Paragraph D shall not apply to any projects that are federally funded in whole or in part, or to any projects that fall within the definition of "maintenance work" as that term is defined in California Public Contract Code § 22002(d); and each project to which this Paragraph D is applicable shall be identified by the County in the Request for Proposal submitted by the County for that particular Job Order. Provided further, that nothing contained in this Paragraph D shall be interpreted to relieve or in any way diminish the obligation of the Contractor and each subcontractor to comply fully with all applicable apprenticeship laws in accordance with the California Labor Code and the California Code of Regulations; and accordingly such requirements as are contractually imposed by this Paragraph D shall be in addition to such legally mandated requirements, and applicable only to the extent fully consistent therewith.

QUESTIONS AND ANSWERS

- Q1. Per the Pre-Bid JOC Conference meeting, it is our understanding that should a sub-contractor be required, and one cannot be found at a cost equal to or less than the pre-set price, then upon the submission of three complete sub-contractors bids for the work, said pre-set price will be adjusted to accommodate the actual cost of same, is this correct? Or will said bid be adjusted to our (percentage)? For example- If sub-bid is at 100.00 our bid at .95, what is payout to the Prime?**
- A1. The contractual payment on any item of work shall be: unit price x quantity x correct adjustment factor, regardless of subcontractor quote(s). No other adjustments will be made to the Construction Task Catalog. If an item is not in the Construction Task Catalog, it will be priced per the non-pre-priced guidelines set forth in the RFQ 19-043 Volume 2 bid documents.*
- Q2. Has the County considered allowing bidders to furnish bonds per awarded project in smaller dollar amounts, instead of requiring upfront bonds in high dollar amounts?**
- A2. All options have been considered. Bonding requirements are set forth in RFQ 19-043 bid documents.*
- Q3. Does a contractor have to have Errors and Omission insurance for design work?**
- A3. Per California Public Contract Code, design work shall not be procured through a Job Order Contract.*
- Q4. Can you provide a copy of the JOC Pre-Bid Conference sign-in sheet?**
- A4. Yes, see Exhibit A attached.*
- Q5. Can you provide the Adjustment Factors for the vendors awarded last JOC 2018-2019?**
- A5. Please see Attachment A – Adjustment Factors 2018. However, Adjustment Factors from last year should not be used as a baseline for vendor's Adjustment Factors this year. Instead, contractors should complete an individual assessment of the Construction Task Catalog including requirements outlined in the guidelines titled "Using the Construction Task Catalog" to determine an adjustment factor by which they can provide accurate price proposals to the County of Fresno.*

NOTE: ALL BIDS SUBJECT TO VERIFICATION PRIOR TO AWARD

NO HOSTAGE SITUATIONS

California Code of Regulations

Subject: Hostage Situations

Policy Number: 326.0

Page: 1 of 2

Date Originated: April 1, 2004

Date Revised: February 1, 2008

It is imperative for the safety and security of all persons within Juvenile Justice Campus (JJC) facilities, as well as for those in the community, that minors are not allowed to leave the secure confines of the facilities by the taking of a hostage(s). If successful in securing a release through these means minors would be much more likely in the future to use this practice again in an attempt to escape the confines of the facilities. This would put those visiting and working at the JJC at higher level of risk and would jeopardize the safety of the community if the minor was in fact successful in securing his/her release.

The JJC is a "no-hostage" facility. This means that minors will not be released from custody under any circumstances due to the taking of a hostage(s). Any staff person taken hostage, no matter what their rank or status, immediately loses their authority and any orders issued by that person will not be followed.

I. HOSTAGE SITUATION PROCEDURES

- A. If any minor(s) and/or other person(s) in the facility attempt to hold any person hostage, and they do not respond to verbal commands to stop staff will immediately notify the Watch Commander. He/she will respond to the location and assess the situation. If a hostage situation is in progress the Watch Commander will:
 1. Summon assistance from other officers as required.
 2. Establish a secure perimeter around the hostage takers and allow no one to pass into it for any reason without authorization. Risks should not be taken that might allow the taking of additional hostages.
 3. Evacuate all non-essential persons at the scene to a safe location or any housing pod that is not directly involved in the incident.
 4. Direct officers to place minors in uninvolved housing pods in their rooms and have them remain there until directed otherwise. Minors outside of housing pods will remain in place under officer supervision until it is safe to return to their respective housing pods or any housing pod that is not directly involved in the incident.
 5. Immediately notify the Director or the Probation Services Manager/Assistant Director in his/her absence and confer with higher authority as to action to be taken. Administration in turn will notify the Chief.

Attachment C

- B. The Fresno Sheriff's Dispatch Center (488-3111) will be notified immediately and a request for a trained hostage negotiator and other emergency personnel will be made as needed. Prior to the arrival of the Sheriff Department's hostage negotiator the Watch Commander will attempt to ascertain:
 - 1. The number and identity of both the hostages and hostage takers;
 - 2. Any known weapons possessed by the hostage takers;
 - 3. The demands of the hostagetakers.
- C. The Watch Commander will retain and direct departing custody officers, as well as, available Probation peace officer staff to assist with security and safety needs, as necessary. Additional Juvenile Correctional Officers should be called in as may be needed to insure the safe and secure operation of the facility.
- D. The Watch Commander will coordinate with the Sheriff's Department all activities taken to resolve the hostage situation, including the use of appropriate force, and will maintain control of the facility until relieved of that duty by the presence of a Probation Services Manager/Assistant Director, Director, or the Chief Probation Officer.
- E. Once the hostage situation has been resolved the minors involved should be housed in the most secure setting available and all appropriate charges should be filed.
- F. Each officer and/or non-sworn staff member who was involved or observed the incident will complete an incident report and if required, the appropriate critical incident evaluation report(s) regarding the details of the incident prior to the end of his/her shift. (See Incident Report, located in JAS Probation View, under "Word Templates".)
- G. The Watch Commander will prepare a Critical Incident Investigation Report, using the Critical Incident Evaluation Report - Page 2 report form and the critical incident evaluation report(s) completed by the reporting persons at the time of the incident.

II. PARENTAL AND MEDIA INFORMATION

- A. Attempts will be made at the direction of Administration to reach the families of the hostages to advise them of the situation. Notification will also be made to the parents of the hostage takers as deemed appropriate.
- B. All media inquiries will be referred to the Chief's office per departmental policy.

III. SECURITY AND OPERATIONAL REVIEW

Once the incident has been resolved a team will be established to conduct a security and operational review of the incident. The review will be conducted within 2 days of the resolution of the incident. The review team will be comprised of the facility administrator and/or facility Director, Probation Services Manager/Assistant Director and Supervising Juvenile Correctional Officers who are relevant to the incident. The team will review the circumstances leading up to the incident and any necessary corrective action necessary to insure that such an incident does not repeat itself.

NO HOSTAGE POLICY

EFFECTIVE DATE: 12-18-89 REVISED: 08-06-90, 12-25-94, 05-06-96, 09-01-99,

of all staff members in a hostage situation is to protect every person involved, if possible, from
serious injury or death.

PROCEDURES:

I. DEFINITION

HOSTAGE SITUATION: any staff member, citizen or inmate held against their will by
another person for the purpose of escape, monetary gain or any reason which may place an
individual in danger of losing life or suffering serious injury.

- A. Emergency procedures and notifications shall be implemented as per Emergency
Planning procedures (B-101/FILE: EMERGENCY)

Background Investigations

Prior to the beginning of any services, one (1) background check may be required for every member of the Contractor's personnel providing services to a building location for the life of the agreement. The background check may be required before access is given to any County facility/property. Clearance will only be granted after a successful background check, completed by the County of Fresno Sheriff's Department. Background checks provided by any agency other than the County of Fresno Sheriff's Department will not be accepted.

The current cost of a background check is \$52 per person. This cost will be incurred by the successful Bidder. One check covering the cost of background checks for all employees shall be made payable to: Sheriff, County of Fresno. The successful bidder will be notified regarding the result of background checks. Those that are accepted will report to County of Fresno Security to have their photo taken and ID badge issued.

Background checks are done on a first-come, first serve basis between the hours of 7:00 a.m and 12:00 noon. Monday through Friday. The process takes approximately 20 minutes time. The amount of time it takes to receive the result of background checks varies from one day to a month (or longer), dependent upon the individual's history.

Individuals who are cleared through this process are entered into the Department of Justice database. Their records are flagged and the County of Fresno Sheriff's Department is notified if the person is ever arrested in the future.

When required by County, applicants' background checks must be approved prior to entering any County facility. Approval will not be granted to any individual possessing any of the following circumstances:

1. They have been convicted of a felony, or any crime involving moral turpitude, or carrying or possessing a dangerous weapon.
2. They have ever been charged with a felony or are currently under investigation for a felony.
3. They are charged with or convicted of any crime committed in or at a correctional institution.
4. They are currently on parole or probation or are a sentenced inmate at any correctional facility.
5. They have been refused a license as a private investigator or had such license revoked.
6. They have fraudulently represented themselves, their credentials, their employment or their criminal or arrest record on their application.
7. Make omissions or false statements on their application.
8. They have no valid reason for entering a facility.
9. Their admission into a facility could represent a threat to security, staff or inmate safety.
10. Further information regarding the criteria for background check clearance, including an appeal for process for someone who may be denied clearance is available upon request.

Attachment F

Identification (ID) Badges

The successful bidder's employees will be issued a badge that must be worn and be visible at all times during performance of work in any County building to identify the wearer as an individual who is authorized to enter County facilities.

1. ID badges will be given only after successfully completing the background investigation. ID badges will be issued when the photo is taken. If electronic access to any County facility is required, activation of the badge may take an additional 48 hours to complete.
2. The successful Bidder shall pay \$11.99 per individual badge by submitting one check covering the cost for all the Bidder's employees made payable to: County of Fresno, Security.
3. Costs for ID badges are established by County Auditor and fluctuate annually, therefore the cost of obtaining a new ID badge for a Bidder's new employee may not remain the same throughout the contract term.
4. The wearer will not escort or bring any other individuals into any County facilities. County issued ID badges are for the exclusive use of the individual named and pictured on the badge.
5. All ID badges will remain the property of the County and are returnable upon demand or upon the expiration of the contract. The successful Bidder will be responsible for collecting all ID badges issued and turning them in to the County Security Office when a contract ends or when an employee leaves employment. The Bidder will assume all responsibility for their employee's use of and the return of the County ID badges.
6. The ID badges will only be issued to individuals passing the Background check. Each individual will need to present themselves in person with a valid, clean, and legible copy of a Driver's license or State issued Identification Card to receive an ID badge.
