December 27, 2017

The Honorable Board of Supervisors and
Citizens of the County of Fresno, California

Members of the Board and Citizens of the County of Fresno:

The Comprehensive Annual Financial Report (CAFR) of the County of Fresno (County) for the fiscal year ended June 30, 2017, is hereby submitted in accordance with the provisions of Sections 25250 and 25253 of the Government Code of the State of California.

The report contains financial statements that have been prepared in conformity with generally accepted accounting principles (GAAP) prescribed for governmental entities. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the County's management. An established comprehensive framework of internal controls has been designed to provide reasonable assurance that the enclosed data is accurate in all material respects and that its presentation fairly depicts the financial position and changes in financial position of County funds. Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls is designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatements.

The County's financial statements have been audited by the certified public accounting firm of Brown Armstrong Accountancy Corporation. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2017 are free of material misstatement. The independent certified public accounting firm has issued an unmodified ("clean") opinion on the County's financial statements as of and for the year ended June 30, 2017. The auditor's report is located at the beginning of the financial section of this report.

This letter of transmittal is designed to complement, and should be read in conjunction with, Management's Discussion and Analysis (MD&A), and the included financial statements and financial statement notes. MD&A provides a narrative introduction, overview, and analysis of the financial statements and can be found immediately following the report of the independent auditors.

PROFILE OF THE GOVERNMENT

The County was created from parts of Merced, Tulare and Mariposa counties in 1856 and is a political subdivision chartered by the State of California (the State). It is the sixth largest county in the State in terms of area, occupying over 6,000 square miles in the heart of the San Joaquin Valley and has a population of 995,975 as of January 1, 2017. There are 15 incorporated cities within the County: Fresno, Clovis, Reedley, Sanger, Selma, Coalinga, Parlier, Kerman, Kingsburg, Mendota, Orange Cove, Firebaugh, Huron, Fowler, and San Joaquin. The largest employment categories include public administration, retail trade,

transportation, accommodation & food services, education & health services, administrative services, agriculture, and manufacturing.

Policy making and legislative authority are vested in the County Board of Supervisors (Board), which consists of an elected supervisor from each of five districts. The Board is responsible for, among other things, passing ordinances, adopting budgets, appointing committees, and appointing the County Administrative Officer (CAO). The CAO, in turn, appoints the non-elected department heads that are not otherwise appointed by law. The County has five elected department heads responsible for the offices of Assessor-Recorder, Auditor-Controller/Treasurer-Tax Collector, County Clerk/Registrar of Voters, District Attorney-Public Administrator, and Sheriff-Coroner. The following organization chart reflects the various functional categories reported in the government-wide Statement of Activities, and identifies principal officials in each area.

Elizabeth Diaz Public Defender	Kari Gilbert Director Child Support Services				Robert W. Bash Director of Internal Services-Chief Information Officer
					Brandi L. Orth County Clerk/Registrar of Voters

The County, with an average of 6,934 full-time equivalent employees, provides a full range of services to its residents as the above organizational chart depicts. Included in reported operations are various component units that provide specific services County-wide or to distinct geographic areas within the County. They

include, among others, a plethora of County Service Areas (CSAs), the Fresno County Financing Authority (FCFA), the Fresno County Tobacco Funding Corporation, and the San Joaquin Valley Insurance Authority. While these entities are legally separate from the County, the County has some financial accountability for them, their governing bodies are substantially the same as the County's Board, and in most cases, provide services exclusively to the County.

For financial planning and control, the Board adopts an annual appropriated budget for the County. Activities of the General Fund, Special Revenue Funds, Capital Projects Fund, and the Debt Service Fund are included in the annual budget. Budgetary control is exercised at the department level in both the General and Special Revenue Funds. The legal level of control is at the object level except for capital assets, which are controlled at the sub-object level. Project-length financial plans are adopted for capital improvements. The County also maintains an encumbrance accounting system to assist with budgetary control. Encumbered appropriations supported by a written commitment do not lapse at year-end; encumbrances outstanding at that time are reported as assignments of fund balance for the following year's budget. Budget-to-actual comparisons are provided in this report for each major governmental fund and each nonmajor special revenue fund for which an appropriated annual budget has been adopted.

The County of Fresno internet site at <http://www.co.fresno.ca.us> provides extensive information about the County government and its services to the citizens of Fresno County and to those who visit. The County's website includes information about the Board, including how to contact the Board, and provides Board Agendas, County job listings, bid solicitations, County directories, information on how to appeal assessments, voter information, County permits and forms, and financial information such as the County tax rate book, the annual budget, and recent CAFRs. The site also provides several online services, including the ability to view both live and archived Board meetings, look up election results and polling places, and pay property taxes.

ECONOMIC OVERVIEW

The County of Fresno serves as a financial, trade, commercial and educational center for central California. The County is one of eight counties in the San Joaquin Valley that routinely account for one-half of California's agricultural production. In addition to an extensive highway and road system, several motor freight carriers and a railway network, the County is also home to Fresno Yosemite International Airport, which provides both passenger and cargo services.

California has the largest labor market in the United States with a labor force of 19,137,800 persons as of June 30, 2017. The employed labor force at June 30, 2017, was 18,236,600 persons on a seasonally adjusted basis. This number demonstrates a steady improvement in the California labor market. The State-wide unemployment rate is 4.7% or 901,200 persons. The County of Fresno has experienced a similar growth in labor force and employment with a corresponding decline in unemployment. The County of Fresno labor force consisted of 444,600 persons as of June 30, 2017. Unemployment in the County has declined by 1.4% from the prior year, and is at a rate of 7.8% as of June 30, 2017.

The County's economy continues to have moderate growth in property tax and sales tax revenues. The net assessed value of the Property Tax Secured Roll increased to \$66,425,865,194 in the 2016-17 fiscal year. Property tax revenues increased by 4.89% from fiscal year 2015-16 to fiscal year 2016-17, while sales tax revenues increased by 3% over the same time period. This movement indicated a steady and continued recovery in the County's economy.

The housing market in the County continues to show significant growth. The median home price within the County was up to \$254,950 during the month of October 2017; this represents an increase of \$19,950 or

8.48%, as compared to the median home prices in October 2016 of \$235,000. Furthermore, housing sales increased by 6.2% in October compared to the same period last year. The current Unsold Inventory Index, which is a measure in number of months, of current housing inventory, based on current sales volume, decreased from 3.8 months in October 2016 to 3 months in October 2017. A six to seven-month supply is considered typical in a normal market.

The County remained one of the leading agricultural counties in the State and nation. Total gross agricultural production in 2016 decreased by 7.23% from 2015. This is largely due to the low level of surface water allocation along with decreased market conditions. The number one crop in value was once again Almonds (\$1,201,052,000) followed by Grapes (\$715,428,000). Fruit and nut crops provide 52.52% (\$3,247,839,000) of the gross agricultural production value followed by Livestock at 22.11% (\$1,367,355,000) and Vegetables at 17.87% (\$1,105,362,000).

While agriculture currently accounts for 13.14% of wage and salary employment, other important sources of employment include: government 19.1%; trade, transportation and utilities 16.81%, of which 9.75% is retail trade; health care and social assistance 15.60%; leisure and hospitality services 8.19%; professional and business services 8.09%; manufacturing 6.26%; and construction 4.32%.

MAJOR INITIATIVES, SERVICE EFFORTS AND ACCOMPLISHMENTS

Current Financial Planning

The County maintains the largest road system in the State covering over 3,505 miles of roads. The 2017-2018 Road Fund adopted budget totals \$80.2 million, which reflects an increase of 27% from the prior year adopted budget. Major projects anticipated for fiscal year 2017-18 include participation in the Federal Transportation Improvement Program, which includes \$79 million of Highway Bridge Program funding. Participation in this effort includes increasing staff to manage the more than 30 projects over the next ten years. The 2017-2018 road maintenance programs include \$40.92 million dedicated to pavement seals and maintenance overlays, contracted preventative maintenance, routine maintenance, traffic signs and striping, and traffic safety and operations.

In April 2006, the County issued subordinate Tobacco Settlement Asset-Backed Bonds in the amount of \$39,015,131 to fund future capital projects. As of June 30, 2017, all bond proceeds have been allocated to future capital expenditures. The West Annex Jail project will be three floors with 300 medium/maximum security beds and will be located next to the North Annex Jail. It will replace outdated linear cells with new generation pods to allow greater observation and supervision of inmates along with providing program space for special needs inmates, specifically those with behavioral health issues. Groundbreaking on this project is expected to occur in 2018.

Long-term Financial Planning

The County's budget is strongly influenced by the State's fiscal budget. The State passed the fiscal year 2017 State budget of \$180 billion on June 27, 2016, an increase of 7% over the revised prior year budget. For the fiscal year, State operations did not result in a deficit; as such, the State was able to increase spending in some areas while paying down several key liabilities. However, the State budget remains precariously balanced. The budget includes an approximately \$8.5 billion increase in special fund expenditures from the prior year's adopted budget, which is largely due to increased spending related to transportation and Medi-Cal.

The County's fiscal year 2017-18 adopted budget is \$290.1 million greater than the prior year. The increase is due to increases in County revenues including sales and property tax revenues, Realignment Funds, and Special Revenue Funds. During a restructure of fund balance, \$39 million in available one-time monies were revealed; this will assist in the payment of Pension Obligation reserves and other one-time needs.

RELEVANT FINANCIAL POLICIES

Investments

The County manages the Treasury Investment Pool (Pool). The Pool is comprised of all County and agency funds that are deposited in the County Treasury for operating purposes. A formal investment policy is administered by staff to ensure that investments satisfy legal guidelines, provide liquidity to meet the daily demands upon the Treasury, and provide the highest interest earnings within these constraints. A Treasury Oversight Committee is responsible for regulatory oversight.

Investments authorized under this policy include U.S. Treasury and agency obligations, bankers' acceptances, commercial paper, certificates of deposit, repurchase agreements, medium-term notes, the State's Local Agency Investment Fund (LAIF), mutual funds, and mortgage-backed securities. The policy further restricts investments such that the average weighted maturity of the Pool cannot exceed 1,278 days or 3½ years unless an investment is matched to a specific cash flow.

General Fund, Fund Balance Classifications

During budget preparations, the County establishes various Commitments and Assignments of fund balance within the General Fund to provide for unforeseen expenditures or emergencies that may arise during the course of the fiscal year, and to accumulate funds in the General Fund for designated uses. General Fund Assignments differ from Commitments in that the Board can transfer Assignments during the fiscal year to finance unanticipated expenditures, while Commitments can only be used for the specific purpose for which they were established and are not available to finance current year expenditures except in cases where the Board declares an emergency as defined by Government Code 29127. The Board can approve increases to Commitments and Assignments during the fiscal year.

As part of the County's debt policy, a "pay-as-you-go" financing policy has been deemed an acceptable use of unassigned fund balance to provide a cushion in the event of unanticipated revenue downturns and emergency situations. The County continues to develop fiscal policies for departmental reserve minimums and constraints that will guard against future deficits created by a dependency on fund balance and reserves during times of economic uncertainty.

Budget

Under State law, the County is required to approve an adopted budget by resolution for the County and dependent Special Districts, no later than October 2 of each year. The budget includes the operations of the County and other agencies whose affairs and finances are under the supervision and control of the Board of Supervisors. Before adopting by resolution, the Board of Supervisors holds a public hearing at which anyone may appear and testify on any item in the proposed budget.

Appropriations within the adopted budget will be controlled by the Board of Supervisors at the object level, except for capital assets. Transfers of appropriations between funds and departments require approval from the Board of Supervisors. Transfers of appropriations between expenditure objects, e.g., Salaries and Employee Benefits, Services and Supplies, Other Charges, and Capital Assets, within a department are permitted with the approval of the County Administrative Officer.

The County Administrative Officer supervises and directs the preparation of the annual budget of the County for the Board and is responsible for its administration after adoption.

Debt Limitations

The County abides by California Constitution Article XVI, section 18, which limits the amount of debt that the County may lawfully incur without approval of 2/3 of the qualified electorate: "(a) No county... shall incur any indebtedness or liability in any manner or for any purpose exceeding in any year the income and revenue provided for such year, without the assent of two-thirds of the voters of the public entity voting at an election to be held for that purpose."

The County will evaluate legal limitations and affordability of debt prior to any new financing or refinancing. It is important for the County to consider its current debt levels as well as legal restrictions imposed by statute or by existing bond covenants. The County will employ specialized legal and financial advisors, as necessary, to assist in the evaluation of additional debt.

AWARDS AND ACKNOWLEDGEMENTS

Certificate of Achievement

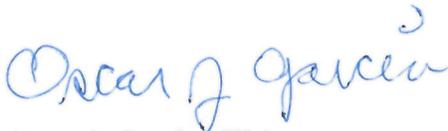

The Government Finance Officers Association of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the County for its CAFR for the fiscal year ended June 30, 2016. The County has received this prestigious award for over thirty years. In order to be awarded a Certificate of Achievement, the County is required to publish an easily readable and efficiently organized CAFR that satisfies both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to Certificate of Achievement Program requirements, and we are submitting it to the Government Finance Officers Association to determine its eligibility for another certificate.

Acknowledgments

I wish to express my appreciation to the staff of the Auditor-Controller/Treasurer-Tax Collector's Office, whose hard work, professionalism and dedication are responsible for the timely preparation of this report, and to Brown Armstrong Accountancy Corporation for their professional assistance. Finally, I would like to thank the Board and members of the Audit Committee for their continued efforts in planning and conducting the County's financial operations in a responsible and progressive manner.

Respectfully submitted,

Oscar J. Garcia, CPA

INDEPENDENT AUDITOR'S REPORT

To the Honorable Board of Supervisors
County of Fresno
Fresno, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Fresno, California (the County), as of and for the year ended June 30, 2017, and, where applicable, cash flows, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County, as of and for the year ended June 30, 2017, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note 2 to the financial statements, the County implemented Governmental Accounting Standards Board (GASB) Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*; GASB Statement No. 77, *Tax Abatements*; GASB Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*; GASB Statement No. 80, *Blending Requirements for Certain Component Units*; and GASB Statement No. 82, *Pension Issues*, during the fiscal year ended June 30, 2017. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis; the Fresno County Employees' Retirement Association Schedule of the County's Proportionate Share of the Net Pension Liability; the Fresno County Employees' Retirement Association Schedule of the County's Contributions; and the respective budgetary comparison information for the General Fund, Behavioral Health – MH, Social Services, Local Health and Welfare Fund, and 2011 Realignment, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 27, 2017, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

County of Fresno
Management's Discussion and Analysis
June 30, 2017
(amounts expressed in thousands)

The County of Fresno's (County) management's discussion and analysis is designed to present a narrative overview of the financial activities of the County and an analysis of the County's financial performance during the fiscal year ended June 30, 2017. Please read it in conjunction with the transmittal letter at the front of this report and the County's basic financial statements following this section. All dollar amounts are expressed in thousands unless otherwise indicated.

FINANCIAL HIGHLIGHTS

- At the close of the 2016-2017 fiscal year, the liabilities and deferred inflows of resources of the County exceeded assets and deferred outflows of resources by \$288,505. The residual of this difference is referred to as "net position." The County has an unrestricted net position of (\$903,332). The County's net position also includes a restricted net position of \$1,589 representing assets which can only be used for specific purposes, and \$613,238 representing the County's net investment in capital assets.
- The County's long-term debt increased by \$390,765. Long-term debt totals \$2,301,442 at June 30, 2017.
- The primary government's total net position decreased to (\$288,505). The governmental activities net position is (\$383,422) and business-type activities net position is \$94,917.
- As of June 30, 2017, the County's governmental funds reported combined ending fund balances of \$799,120, which is an increase of \$32,383 in comparison to the prior year. Approximately 89.34% of combined fund balances, or \$713,927, is either nonspendable or restricted for specific uses; 10.66%, or \$85,193, is unrestricted to meet the County's current and future uses.
- The total fund balance in the County's primary operating fund, the General Fund, at year-end was \$211,440. Approximately \$126,247 is either nonspendable or restricted for specific uses. The remaining \$85,193, which approximates to 6.63% of the General Fund's total expenditures for the year, is unrestricted.

OVERVIEW OF THE FINANCIAL STATEMENTS

The following narrative is an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components: 1) **Government-wide** financial statements, 2) **Fund** financial statements and 3) **Notes** to the basic financial statements. Required supplementary information is included in addition to the basic financial statements.

Government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business. Therefore, the statements are reported using the accrual basis of accounting. Please refer to *Note 2, section (B)* on page 32 for further information on the accrual basis of accounting.

The *Statement of Net Position* presents information on all County assets and liabilities, deferred inflows and outflows of resources, with the residual of these elements being reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

County of Fresno
Management's Discussion and Analysis
June 30, 2017
(amounts expressed in thousands)

The *Statement of Activities* presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.

Both of these government-wide financial statements distinguish functions of the County that are principally supported by intergovernmental revenues and property and sales taxes (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government; public protection; public ways and facilities; health, sanitation, and public assistance; education; and culture and recreation. The business-type activities of the County include the Fresno County Solid Waste Enterprise (Landfills) and the County Service Areas (CSAs).

Component units are included in our basic financial statements and can be blended or discretely presented. Blended component units consist of legally separate entities for which the County is financially accountable and have substantially the same governing board as the County or provide services entirely to the County. The County's blended component units include the CSAs, the Fresno County Tobacco Funding Corporation, and the Fresno County Financing Authority. Discretely presented component units are legally separate entities, which have some financial accountability to the County Board of Supervisors (Board); though the entity's governing board is substantially different from the County Board. As of June 30, 2017, the County has no discretely presented component units.

The government-wide financial statements can be found on pages 16-17 of this report.

Fund Financial Statements present the County's financial activities in a traditional fund format. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. The fund financial statements are reported using the modified accrual basis of accounting. See *Note 2, section (B)* on page 32, which explains the modified accrual basis of accounting. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. Both the governmental funds Balance Sheet and the governmental funds Statement of Revenues, Expenditures and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains thirty individual governmental funds, six of which are considered to be major governmental funds. Information for the General Fund, Debt Service, Behavioral Health-MH, Social Services, Local Health and Welfare, and 2011 Realignment Fund is presented separately in the governmental funds Balance Sheet and in the governmental funds Statement of Revenues, Expenditures

County of Fresno
Management's Discussion and Analysis
June 30, 2017
(amounts expressed in thousands)

and Changes in Fund Balances. Data for the other, nonmajor governmental funds are combined into a single, aggregated presentation. Summary fund data by fund type and individual fund data for these nonmajor governmental funds is provided as other supplementary information in the form of *combining statements* found on pages 88-120 of this report.

The County adopts an annual appropriated budget for all governmental funds. A budgetary comparison statement is provided for the General Fund and other governmental funds to demonstrate compliance with this budget. The County's General Fund, Behavioral Health-MH, Social Services, Local Health and Welfare, and 2011 Realignment Fund budgetary comparison schedules are presented as Required Supplementary Information.

The governmental funds financial statements can be found on pages 18-21 of this report

Proprietary funds are generally used to account for services provided by the County where fees are charged for these services. The County maintains two different types of proprietary funds – enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for the Landfills' and CSAs' operations whose revenues are collected from external user fees. Internal service funds are used to report activities that provide supplies and services for certain County programs and activities. The County uses internal service funds to account for its fleet, information technology, central printing, risk management, PeopleSoft software operations, facility services, security services, and communications functions. Substantially all of the revenues for the County's internal service funds come from other internal County departments. Because these services predominantly benefit governmental rather than business-type functions, they have been included with governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements; however, information is provided in more detail and includes cash flow statements. The Landfills' and CSAs' operations are considered to be major funds of the County. The County's eight internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data for the internal service funds is provided as supplementary information in the form of combining statements which can be found on pages 124-131 of this report.

The proprietary funds financial statements can be found on pages 22-25 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of these funds are not available to support the County's own programs. The accounting used for fiduciary funds, except for the agency funds, is much like that used for proprietary funds. Individual fund data for agency funds is provided as supplementary information in the form of combining statements. These statements can be found on page 135 of this report.

The fiduciary fund financial statements can be found on pages 26-27 of this report.

Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. They are an integral part of the financial statements and should be read in conjunction with them. The notes can be found on pages 29-71 of this report.

(amounts expressed in thousands)

Required Supplementary Information includes the Budgetary Comparison Schedules for the General Fund, Behavioral Health-MH, Social Services, Local Health and Welfare, 2011 Realignment Fund and nonmajor special revenue funds. Additionally, this section includes the Fresno County Employees' Retirement Association (FCERA) Schedule of the County's Proportionate Share of the Net Pension Liability, which provides information regarding the County's portion of the net pension liability, along with the Schedule of County Contributions, which provides information on the actuarially determined contribution amounts for the last 10 fiscal years. Required supplementary information can be found on pages 73-79 of this report.

The combining and individual fund statements and schedules referred to earlier provide information for nonmajor governmental funds, internal service funds, and fiduciary funds, and are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 88-135 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the County, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$288,505 at June 30, 2017.

Summary of Net Position
June 30, 2017 and 2016

	Governmental Activities		Business-type Activities		Total	
	2016-17	2015-16	2016-17	2015-16	2016-17	2015-16
Assets:						
Current and other assets	\$ 1,086,030	\$ 1,041,441	\$ 93,148	\$ 88,095	\$ 1,179,178	\$ 1,129,536
Capital assets	742,019	734,033	56,970	59,945	798,989	793,978

Total liabilities	<u>2,366,362</u>	<u>1,960,668</u>	<u>56,402</u>	<u>57,019</u>	<u>2,422,764</u>	<u>2,017,687</u>
Deferred Inflows of Resources:						
Deferred pensions	103,514	291,496	802	2,257	104,316	293,753
Total deferred inflows of resources	<u>103,514</u>	<u>291,496</u>	<u>802</u>	<u>2,257</u>	<u>104,316</u>	<u>293,753</u>
Net Position:						
Net investment in capital assets	556,268	539,314	56,970	56,353	613,238	595,667
Restricted	-	-	1,589	1,588	1,589	1,588
Unrestricted	(939,690)	(795,311)	36,358	32,533	(903,332)	(762,778)
Total net position	<u>\$ (383,422)</u>	<u>\$ (255,997)</u>	<u>\$ 94,917</u>	<u>\$ 90,474</u>	<u>\$ (288,505)</u>	<u>\$ (165,523)</u>

The largest portion of the County's net position, \$613,238, represents its investment in capital assets (e.g. land, land improvements, buildings, equipment, infrastructure, intangible assets, construction in progress), less any outstanding debt used to acquire those assets. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the County uses these capital assets to provide services to citizens. Restricted net position balance of \$1,589 represents resources that are subject to external restrictions on how they may be used. The remaining balance for unrestricted net position, (\$903,332), may be used to meet the County's ongoing obligation to citizens and creditors.

County of Fresno
Management's Discussion and Analysis
June 30, 2017
(amounts expressed in thousands)

Current and other assets increased from \$1,129,536 to \$1,179,178 or 4.39%. This increase is primarily due to an increase in accounts and loans receivable to the County along with an increase to cash and investments.

Capital assets increased by \$5,011 from \$793,978 to \$798,989, or 0.63% from the prior year. The increase was primarily due to the decrease in depreciable assets, with a corresponding increase in non-depreciable assets (construction in progress). The corresponding depreciation to those previously non-depreciable assets slightly increased the net book value of the assets.

Long-term liabilities due beyond one year increased by \$378,781, from \$1,844,197 to \$2,222,978, or 20.5% from the prior year. This is primarily due to an increase of Net Pension Liability by the amount of \$415,561.

The following table indicates the changes in net position for governmental and business-type activities:

Summary of Changes in Net Position

County of Fresno
Management's Discussion and Analysis
June 30, 2017
(amounts expressed in thousands)

Governmental activities. Governmental activities decreased the County's net position by \$127,410, which accounts for the majority of the total decrease in net position of the County, which is a \$122,982 decrease in net position from fiscal year 2015-2016. Revenue related to charges for services increased by \$9,110 due to an increase in service levels. Operating grant revenue increased by \$30,205, primarily due to the increase in Medi-Cal-related grant revenues. Property taxes increased by \$21,396. This increase in property taxes is due to a slight increase in assessed values and a slightly decreased property tax delinquency rate. Sales taxes decreased by \$21,118 as the state-wide sales tax rate decreased in 2017.

Expenses for general government increased by \$249; health, sanitation, and public assistance increased by \$71,167; and public protection increased by \$19,068, primarily due to increased costs for salaries and benefits along with filling previously vacant positions. Expenses for public ways and facilities increased by \$48,599, due to increased expenditures for road building and repairing activities.

One point to keep in mind when analyzing the increases/decreases noted above is the application of the accrual basis of accounting for the County's governmental activities. Governmental activities budget and subsequently issue fund financial statements that reflect their budget and accounting practices under the modified accrual basis of accounting. Under this approach, capital asset purchases and debt principal payments are expensed. Further, revenues are accrued if measurable and available within the County's availability period (established at 60 days for general revenue or 180 days for grant revenue). In contrast, the Statement of Activities (summarized here as "Summary of Changes in Net Position") is reported under the full accrual basis of accounting, which capitalizes capital asset purchases, reduces liabilities by principal payments and recognizes revenues regardless of if they are available within the 60 to 180 day period. See the reconciliation on page 21, which further explains the difference between changes in the County's fund balance under the modified accrual basis and changes in net position under the accrual basis of accounting.

Business-type activities. Business-type activities decreased the County's net position by \$530. Combined with the prior period adjustment increasing the net position by \$4,973, the net increase in net position from business-type activities is attributable an increase in grants revenues as well as increased tax and use of money and property revenues.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses *fund accounting* to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The general government functions are reported in the General, Special Revenue, Debt Service, and Capital Projects Funds. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

County of Fresno
Management's Discussion and Analysis
June 30, 2017
(amounts expressed in thousands)

At June 30, 2017, the County's governmental funds reported combined ending fund balances of \$799,120, an increase of \$32,383 in comparison with the prior fiscal year. Approximately 10.66% of this total amount, or \$85,193, constitutes fund balance that is available for appropriation in the upcoming year. The remainder of the fund balance, totaling \$713,927, is restricted; this includes \$50,438 "not in spendable form" for items that are not expected to be converted into cash, such as long-term receivables, inventories and imprest cash balances, that are long-term in nature and thus do not represent available spendable resources. The remainder of the fund balance also includes \$663,489 restricted for programs at various levels.

General Fund. The General Fund is the chief operating fund of the County. At June 30, 2017, unassigned fund balance of the General Fund was \$85,193, while total fund balance was \$211,440. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 6.63% of total fund expenditures less transfers, while total fund balance represents 16.47% of that same amount.

The fund balance of the County's General Fund increased \$11,269 during the current fiscal year primarily due to the increase in the aid from other governmental agencies.

Revenues for the General Fund without transfers totaled \$524,940, which represents a 10.2% increase from fiscal year 2015-2016. Tax revenue increased by \$6,350, along with aid from other governmental agencies by \$46,534.

Expenditures without transfers for the General Fund totaled \$1,284,069 in fiscal year 2016-2017, which represents an increase of 4.9% from fiscal year 2015-2016. The primary cause for the increase is an overall increase in public protection and assistance.

Debt Service Fund. The Debt Service Fund is a major governmental fund. Fund balance decreased by \$8,872 from \$62,135 to \$53,263 or 14.28%. This decrease is due to the increase in debt service expenditures during the fiscal year 2016-2017.

Behavioral Health-MH Fund. The Behavioral Health-MH Fund was established during fiscal year 2014-2015, as this fund was previously reported in the General Fund. This fund was created pursuant to the Mental Health Services Act. This fund received \$45,932 in revenues without transfers and distributed \$38,124 to the General Fund. The fund balance increased by \$7,808 or 8% from fiscal year 2015-2016. The fund balance increase was primarily attributable to increased State revenues.

Social Services Fund. The Social Services Fund was established during fiscal year 2014-2015, as these funds were previously reported in the General Fund. This fund was created primarily to house welfare assistance and administration revenues. This fund received \$356,257 in revenues without transfers and distributed \$360,616 to the General Fund. The fund balance increased by \$498 or 0.77% from fiscal year 2015-2016. The fund balance increase was attributable to an increase of transfers in over decreased revenues.

Local Health and Welfare Fund. The Local Health and Welfare Fund existed as a nonmajor special revenue fund in previous fiscal years. This fund was created pursuant to Assembly Bill 1288 of 1991. This fund received \$223,875 in revenues without transfers and distributed \$221,973 to the General Fund which, when combined with the \$69,870 in restricted fund balance from the prior year, resulted in \$83,132 in restricted fund balance for fiscal year 2016-2017.

County of Fresno
Management's Discussion and Analysis
June 30, 2017
(amounts expressed in thousands)

2011 Realignment Fund. The 2011 Realignment Fund was established in fiscal year 2011-2012. This fund was created pursuant to Assembly Bill 118, which realigned particular Public Safety and Health programs. This fund received \$157,212 in revenues without transfers in and distributed \$144,861 to the General Fund which, when combined with the \$90,948 in restricted fund balance from the prior year, resulted in \$103,803 in restricted fund balance for fiscal year 2016-2017.

Proprietary funds. The County's proprietary funds provide the same type of information found in the government-wide financial statements, except in more detail.

Landfills have \$71,170 in net position at June 30, 2017, and the CSAs have \$23,747. The Landfills' and CSAs' unrestricted net positions are \$35,730 and \$628, respectively; this comprises 50.2% and 2.6%, respectively, of their total net positions. Overall, net position increased by \$4,443 for the combined Landfills and CSAs funds.

GENERAL FUND BUDGETARY HIGHLIGHTS

The total change in fund balance between the original budget and the final amended budget was a decrease of \$45,644. Some of the significant differences between the original budget and the final amended budget are briefly summarized as follows:

- The Sheriff Department's appropriations increased by \$8,634 primarily due to purchasing several large pieces of equipment during the course of the fiscal year along with an increase in the departmental supplies.
- The Public Health Department's appropriations increased by \$3,879 primarily due to an increase in professional and specialized services.
- The Interest and Miscellaneous Expenditures Department's appropriations increased by \$14,931 primarily due to an increase in other charges related to the payment of Pension Obligation Bond (POB) claimed costs to the Federal and State governments.
- The Department of Behavioral Health's appropriations increased by \$10,629, which is primarily due to increased contracted services.

The actual General Fund revenue balance of \$524,940 was \$17,229 or 3.18% lower than what was expected. The primary reason for the revenue deficit is a decrease in other miscellaneous revenues. Actual General Fund expenditures fell below the total budget estimates by \$135,987, or 9.6%. The savings were achieved by an array of continuous efforts to effectively manage the County's budget.

- \$65,900 decrease in salaries and benefits primarily due to the elimination of vacant positions across all functions.
- \$37,753 decrease in services and supplies and \$29,397 decrease in other charges primarily due to a reduction in contract and miscellaneous expenditures and savings from prudent spending.

County of Fresno
Management's Discussion and Analysis
June 30, 2017
(amounts expressed in thousands)

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital assets

As of June 30, 2017, the County's investment in capital assets for its governmental and business-type activities was \$798,989. This investment in capital assets includes infrastructure, infrastructure in progress, land, right-of-way, buildings and improvements, equipment, intangible assets, intangible in progress, and construction in progress. The total increase in the County's investment in capital assets for the current period was \$5,011.

Capital asset projects during the current fiscal year included the following:

- Construction of road projects.
- Various improvement projects.

For government-wide financial statement presentation, all depreciable capital assets except land, right-of-way, infrastructure in progress and construction in progress, were depreciated from acquisition date to the end of the current fiscal year. Fund financial statements record capital asset purchases as expenditures.

Capital assets for the governmental and business-type activities are presented below to illustrate changes from the prior year:

County of Fresno
Management's Discussion and Analysis
June 30, 2017
(amounts expressed in thousands)

Infrastructure Assets

The County capitalizes and depreciates the value of bridges, streets, and traffic lights using the straight-line depreciation method. Right-of-way is treated as a non-depreciable asset, labeled as land easements. During fiscal year 2016-2017, the County added infrastructure totaling \$20,789. Accumulated depreciation for infrastructure increased by \$12,374.

Long-term debt

At June 30, 2017, the County had total long-term debt outstanding of \$2,301,442, compared to \$1,910,677 for the prior fiscal year. This amount includes \$2,247,296 from governmental activities, which was comprised of \$43,453 in compensated absences; \$2,934 in capital leases; \$77,707 in liability for self-insurance; \$483,024 in bonds payable; \$203,271 from accreted interest; \$22,300 from an adverse judgment; and \$1,414,607 in net pension liability. This combined with \$54,146 from business activities, which was comprised of \$39,349 in closure and post-closure care; \$3,205 in bonds payable; \$370 in loans payable; \$260 in compensated absences; and \$10,962 in net pension liability. Please refer to Note 9 through Note 11 on pages 52 through 57 for further information on the County's long-term debt.

Economic Factors and Next Year's Budget and Rates

- The national, state, and local economies have seen solid gains in their recovery from the recession. Fresno County has seen upward trends in property taxes, as well as in program-related revenues. However, high unemployment and overall uncertainty about the economic policies of the government continue to persist, although nonfarm unemployment has decreased. Also, while new construction activity in the housing market has occurred, housing inventory remains low, leading to higher median home prices.
- Due to the County being heavily dependent on agriculture, it experiences chronically high unemployment, which places continual pressure on the County to provide adequate social and medical services. In addition, certain types of crime are considered high profile and public protection is a high priority to citizens.
- With an improved economy, the County is moving in a positive direction to take its first steps toward improving financial stability. Property tax revenues have seen solid increases, although sales tax revenues have decreased from prior year due to the decreased state-wide sales tax rate. At the same time, the portion of the County's budget that relies on this revenue continues to experience increased costs due to general inflation, medical insurance, workers' compensation, retirement increases, and increases in service demands.
- Realignment funds support the County's public safety, social services, health, and mental health programs. These are comprised of vehicle license fees and sales taxes. Realignment funds increased significantly pursuant to Assembly Bill 118, which realigned additional programs and reassigned responsibility of overseeing and providing core services to local governments. While Realignment funds continue to increase, specific program-related revenue continues to fall to compensate.

County of Fresno
Management's Discussion and Analysis
June 30, 2017
(amounts expressed in thousands)

To the extent these factors were known, or could be estimated, they were considered in preparing the County's budget for fiscal year 2017-2018. The County will make adjustments to its budget as necessary to deal with further expected State budget actions.

Request for Information

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Auditor-Controller/Treasurer-Tax Collector, 2281 Tulare Street, Fresno, CA 93721.

County of Fresno
Reconciliation of the Governmental Funds Balance Sheet
to the Statement of Net Position
June 30, 2017
(amounts expressed in thousands)

Fund balances - total governmental funds	\$	799,120
Amounts reported for net position of governmental activities are different because:		
Capital assets are not recorded in governmental fund types but are recorded in government-wide statements to conform with generally accepted accounting principles.		707,845
Deferred outflows of resources are not recorded in governmental fund types but are recorded in the government-wide statements.		245,741
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the governmental funds. This amount is net of internal service fund activity.		(2,094,951)
Unmatured interest on long-term debt is not accrued in the governmental funds, but rather is recognized as an expenditure when due. This amount is net of internal service fund activity.		(4,178)
Deferred inflows of resources are not recorded in governmental fund types but are recorded in the government-wide statements.		(98,441)
Because the focus of governmental funds is not short-term financing, some assets will not be available to pay current period expenditures. Those assets are offset by deferred revenues in the governmental funds. This amount is net of internal service fund activity.		40,471
Internal service funds are used by management to charge the cost of fleet services, information systems, printing and mailing services, facility services, security, risk management and communications to individual funds. The assets, deferred outflows, liabilities, and deferred inflows of the internal service funds are included in the statement of net position.		20,971
Net position of governmental activities	<u>\$</u>	<u>(383,422)</u>

County of Fresno
Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Fiscal Year Ended June 30, 2017
(amounts expressed in thousands)

Net change in fund balances - total governmental funds	\$	32,398
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense.		
Expenditures for general capital assets, infrastructure and other related capital asset adjustments	\$	31,362
Less - current year depreciation expense	<u>(25,234)</u>	6,128
Interest is expended in the governmental funds when paid, while interest on long-term debt is accrued in the Statement of Net Position. This is the amount by which the current year accrued interest decreased from the prior year's reported total.		
		1,025
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of the governmental funds. Neither transaction, however, has any effect on net position. This amount is net of internal service fund activity.		
		17,522
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds. This amount is net of internal service fund activity.		
		(177,684)
Certain revenues are deferred because they are not available within the County's 180 day availability period. However, they are recognized in the government-wide financial statements. Amounts at the beginning of the fiscal year are netted with those at the end of the fiscal year. This amount is net of internal service fund activity.		
		(9,255)
Internal service funds are used by management to charge the cost of fleet services, information systems, printing and mailing services, facility services, security, risk management and communications to individual funds. The net expense of certain activities of the internal service funds is reported with governmental activities.		
		2,456
Change in net position of governmental activities	<u>\$</u>	<u>(127,410)</u>

The notes to the financial statements are an integral part of this statement.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

NOTE 1 - The Financial Reporting Entity

The County of Fresno (County) is a political subdivision chartered by the State of California (State) and, as such, can exercise the powers specified by the Constitution and laws of the State. The County operates under its Charter and is governed by an elected five member Board of Supervisors (Board). The Board is responsible for the legislative and executive control of the County. The County provides various services on a countywide basis including law and justice, education, detention, social, health, road construction, road maintenance, park and recreation facilities, elections and records, communications, planning, zoning, and tax collection.

The governmental reporting entity consists of the County (primary government) and its component units. Component units are legally separate organizations for which the Board is financially accountable or other organizations whose nature and significant relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The following circumstances set forth a primary government's financial accountability for a legally separate organization (from Governmental Accounting Standards Board (GASB) Statement No. 61):

- a. The primary government is financially accountable if it appoints a voting majority of the organization's governing body *and* (1) it is able to impose its will on that organization *or* (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government.
- b. The primary government is financially accountable if an organization is fiscally dependent on *and* there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government.

The basic financial statements include blended component units. The blended component units, although legally separate entities are, in substance, part of the County's operations and data from these units is combined with data of the primary government.

For financial reporting purposes, the County's basic financial statements include all financial activities that are controlled by or are dependent upon actions taken by the County's Board. The financial statements of the individual component units may be obtained by making a request to the County of Fresno, Auditor-Controller/Treasurer-Tax Collector's Office, 2281 Tulare Street, Room 105, Fresno, California 93721.

Blended Component Units: The following organizations are included in the County's financial statements as blended components.

County Service Areas, Other (CSAs) which include Lighting and Maintenance Districts and Waterworks Districts, are blended as Special Revenue funds and Enterprise funds because they are an integral part of the County, their governing bodies are comprised of the Board, and there is potential that the organization can provide specific financial benefits or impose financial burdens on the County.

The Fresno County Financing Authority (FCFA) was formed to finance the construction, installation and equipping of the County facilities. The bonds issued by the FCFA are recorded in the County financial statements. The FCFA and the County have a financial and operational relationship (FCFA is financially accountable to the County), which requires that the FCFA's

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

financial statements be blended into the County's financial statements. The FCFA's policies are determined by a five-member board appointed by the Board.

The Fresno County Tobacco Funding Corporation is reported as a Debt Service fund in the financial statements because it is an integral part of the County. The Fresno County Tobacco Funding Corporation Board consists of members of the Board or members appointed by the Board. Also, the financial benefit/burden relationship exists between the two entities. A separate financial report can be reviewed at the Auditor-Controller/Treasurer-Tax Collector's office.

Discretely Presented Component Unit: Discretely presented component units are legally separate entities, which have some financial accountability to the Board; though the entity's governing board is substantially different from the Board. As of June 30, 2017, the County has no discretely presented component units.

NOTE 2 - Summary of Significant Accounting Policies

(A) Basis of Presentation

Government-wide Financial Statements

The statement of net position and statement of activities display information about the primary government (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the County. Governmental activities, which normally are supported by taxes and inter-governmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and therefore are clearly identifiable to a particular function. Program revenues include 1) charges paid by the recipients of goods or services offered by the programs and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented instead as general revenues. When both restricted and unrestricted net position is available for use, restricted resources are used prior to depleting unrestricted resources.

Fund Financial Statements

The fund financial statements provide information about the County's funds, including fiduciary funds and blended component units. Separate statements for each fund category: *governmental, proprietary, and fiduciary*, are presented. The emphasis of fund financial statements is on major governmental and enterprise funds. These funds are each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and combined in one column for reporting as nonmajor funds in the fund financial statements.

Proprietary funds distinguish *operating* revenues, such as charges for services, which result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

in which each party receives and gives up essentially equal values. *Non-operating* revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The County reports six major governmental funds:

- The *General Fund* is used to account for all revenues and expenditures necessary to carry out the basic governmental activities of the County that are not accounted for through other funds. For the County, the General Fund includes the following services: public protection, public ways and facilities, health and sanitation, public assistance, education, and recreation.
- The *Debt Service Fund* accounts for all activities involving the issuance and payment of debt. This includes receipt of bond issuance proceeds, the distribution of those proceeds, along with the payment of principal and interest to extinguish the debt.
- The *Behavioral Health – Mental Health (MH) Fund* is used to account for health services mandated under the California Mental Health Act. Revenue is derived primarily from state grants.
- The *Social Services Fund* accounts for a variety of public assistance and social service programs that are funded primarily from federal and state grants.
- The *Local Health and Welfare Fund* is used to account for proceeds of sales tax designated for State/Local Program Realignment. In addition, the fund is used to deposit Vehicle License Fees received in the General Fund from the Local Revenue Fund of the State for Realignment.
- The *2011 Realignment Fund* is utilized to account for funds provided by the State pursuant to Assembly Bill 118, which required counties to use moneys with the County Local Revenue Fund 2011 exclusively for specific public safety services related to appropriate rehabilitative, housing, and supervision services to youth offenders.

The County reports both of its enterprise activities as major proprietary funds:

- The *Solid Waste Enterprise Fund* is used to account for the County's operation of one transfer station, three disposal sites located in various areas of the County, one planning joint powers agreement, and one administrative fund.
- The *County Service Areas, Other Fund* is used to account for special districts, governed by the Board, which include County Service Areas (CSAs) and Waterworks districts and one administrative fund. They were established to provide water and sewer services within specific areas of the County.

The County reports the following additional fund types:

Internal Service Funds account for the financing of goods or services provided by one County department to another County department on a cost reimbursement basis. Internal service funds account for the activities of fleet maintenance, centralized printing and mailing, centralized telecommunications, information services, the County's financial software, and centralized facility services and security. In addition, the County's Risk Management Fund accounts for the County's self-insurance programs -

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

worker's compensation, long-term disability, employee benefits, and personal injury and property damage, on a cost-reimbursement basis.

Fiduciary Funds are utilized to account for funds held by the County for other entities. The Investment Trust Fund accounts for the investments of legally separate entities that deposit cash with the County Treasurer. These entities include school and community college districts, other special districts governed by local boards, and regional boards and authorities. The Investment Trust Fund also accounts for tax collections passed through to cities within the County. This fund reports the assets, primarily cash and investments, and the related liability of the County to disburse these monies on demand. The Agency Funds account for assets held by the County as an agent for various local governments. Refer to Note 12 for more information on Fresno County Employees' Retirement Association (FCERA).

(B) Basis of Accounting

The government-wide, proprietary, and investment trust funds are reported using the economic resources measurement focus and the accrual basis of accounting. Other agency funds do not use a measurement focus. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements, and donations. Using the accrual basis of accounting, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligible requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property taxes are accrued when their receipt is within sixty days after the end of the accounting period, so as to be both measurable and available. Sales taxes, interest, certain state and federal grants, and charges for services are accrued when their receipt occurs within one hundred eighty days after the end of the accounting period. Expenditures are generally recorded when a liability is incurred, as under the accrual basis of accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and capital leases are reported as other financing sources.

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's enterprise funds and the various other funds of the government.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating*. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

(C) Budgeting

In accordance with the provisions of Sections 29000 through 29144 and Section 30200 of the California Government Code and other statutory provisions, commonly known as the County Budget Act, the County prepares and legally adopts a final balanced budget on or before October 2 for each fiscal year. Until the adoption of this final balanced budget, the appropriations are based on the budget of the preceding year as allowed per California Government Code 29124. The final adopted budget (County Budget) is available for review in the Auditor-Controller/Treasurer-Tax Collector's office.

A balanced operating budget is adopted each fiscal year for the General and Special Revenue funds and the Debt Service Fund on the modified accrual basis of accounting with some exceptions. The Tobacco Tax Funding Corporation is an exception, because it has no adopted budget. A budget is not adopted for the Capital Project Fund. Public hearings are conducted on the proposed budget to review all appropriations and the source of financing. Because the final budget must be balanced, any shortfall in revenue requires an equal reduction in appropriations.

Budgetary control is exercised at the department level in both the General and Special Revenue funds. Some Special Revenue funds benefit multiple departments, while most operate under a single department. The legal level of control is at the object level except for capital assets, which are controlled at the sub-object level. All amendments, expenditures that exceed appropriations and transfers of appropriations between levels within the same department or between departments within any fund are authorized by the County Administrative Office and must be approved by the Board. The Board must also approve supplemental appropriations financed by unanticipated revenues.

The General Fund, Behavioral Health-MH, Social Services, Local Health and Welfare, and 2011 Realignment Budgetary Comparison Schedules are part of Required Supplementary Information on pages 73-77. Encumbrances, which are commitments related to executory contracts for goods or services, are recorded for budgetary control purposes in the General, Special Revenue, and Capital Project funds. Encumbrance accounting is utilized to assure effective budgetary control and accountability and to facilitate effective cash planning and control. Encumbrances outstanding at year-end do not constitute expenditures or liabilities. Unencumbered appropriations lapse at year-end and encumbrances outstanding at that time are reported as reservations of fund balance for subsequent year expenditures.

(D) Cash and Cash Equivalents

Cash and cash equivalents as reported in the Statement of Cash Flows consist of cash and short-term, highly liquid investments that are readily convertible to known amounts of cash and have an original maturity of three months or less.

(E) Restricted Cash and Investments

The County reports restricted cash and investments in the Debt Service Fund, Capital Project Fund, and the enterprise funds. Amounts reported in the Debt Service Fund and CSA, Other enterprise fund are restricted for debt service payments. Amounts reported in the Capital Project Fund are restricted for future projects. The amount reported in the Solid Waste enterprise fund is money set aside based on estimates to cover closure costs and thirty years of post-closure maintenance costs to provide financial assurance once the landfills are closed.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

(F) Investments

Statutes authorize the County to invest its surplus cash (excluding cash belonging to the FCERA) in obligations of the U.S. Treasury, agencies and instrumentalities, corporate bonds rated P-1 by Standard & Poor's Corporation or A-1 by Moody's Investor Service, bankers' acceptances, certificates of deposit, commercial paper, repurchase agreements, and the State Local Agency Investment Fund (LAIF). Gains and losses are recognized based upon the specific identification method. All pooled investments are reported at fair value. The fair values of equity and fixed income securities are derived from quoted market prices. The fair values of private market investments are estimated from fair values provided by the real estate investment funds, futures investment managers, and alternative investment managers.

(G) Receivables

The County accrues revenues at fiscal year-end in both the governmental and government-wide statements. Certain receivables have an element of uncertainty in their ability to be collected; as such, County receivables are reported net of uncollectible accounts.

The County is responsible for the assessment, collection, and apportionment of property taxes for all jurisdictions including the school and special districts within the County. The Board levies property taxes as of September 1, on property values certified on July 1. Secured property tax payments are due in two equal installments. The first is generally due November 1 and delinquent with penalties after December 10 and the second is generally due on February 1 and delinquent with penalties after April 10. Secured property taxes become a lien on the property on January 1. Property taxes on the unsecured roll are due upon receipt of the tax bill and become delinquent if unpaid on August 31. Property taxes are accounted for in the Property Tax Collection fund, an Agency fund, until apportionment and disbursement to taxing jurisdictions.

All jurisdictions within California derive their taxing authority from the State Constitution and various legislative provisions contained in the State Government Code and Revenue and Taxation Code. Pursuant to Article XIII A (known as Proposition 13) of the State Constitution, the County is permitted to levy a maximum tax of 1 percent of full cash value. For fiscal year 2016-17, the County recorded \$254,804 in property taxes that were used to finance general governmental services.

Teeter Plan - The County elected the alternative property tax treatment (Teeter Plan) effective July 1, 1993, whereby the County, through the Property Tax Collection fund, purchases the current secured unpaid taxes remaining at year-end from participating agencies. In return, the Property Tax Collection fund records tax receivable and receives the delinquent penalties and redemption interest accruing to delinquent collections related to participating agencies. The participating agencies, including the County, special districts, and school districts, in turn, receive their full tax distribution with no liability for uncollected taxes to the Property Tax Collection fund. Therefore, for participating agencies, revenue is measurable and available and is recorded in the period the payment of current secured unpaid taxes is received.

(H) Inventories and Prepaid Items

Inventories are valued at cost, which is determined on a first-in, first-out basis. Inventories in the General and Special Revenue funds consist of expendable supplies held for consumption. Inventories are charged to operations as consumed in both the government-wide and fund financial statements.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

(I) Capital Assets

Capital assets, including infrastructure, are recorded at historical cost, or at estimated historical cost, if the actual cost is not available. Contributed capital assets are valued at their estimated fair value on the date contributed. Certain donated property uses the entry price measurement, also known as acquisition value, which measures the price that would be paid to acquire that asset with equivalent service potential in an orderly market transaction at the acquisition date.

The County defines capital assets as assets with an initial, individual, cost of more than \$5 for equipment and \$100 for buildings, infrastructure and intangible assets. Capital assets also have an estimated useful life in excess of one year. Capital assets used in operations are depreciated or amortized (applicable to assets procured under capital leases) using the straight-line method over the asset's estimated life (or capital lease period) in the government-wide financial statements and proprietary fund financial statements. Maintenance and repairs are charged to operations when incurred. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

Depreciation on capital assets is taken over the following estimated lives:

Type of Asset	Estimated Useful Life in Years
Land	0
Buildings and improvements	20-50
Equipment	3-15
Infrastructure	40
Intangible	5-15

(J) Deferred Outflows and Inflows of Resources

Pursuant to GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, the County recognizes deferred outflows and inflows of resources on the face of its financial statements.

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. A deferred outflow of resources is defined as a consumption of net position by the government that is applicable to a future reporting period.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. A deferred inflow of resources is defined as an acquisition of net position by the government that is applicable to a future reporting period.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

(K) Liability for Earned Compensated Absences

The County reports a liability for compensated absences attributable to services already rendered as of the statement of net position date. This liability is based on the probability that the County will eventually compensate employees for these benefits through paid time off, or some other means, such as annual leave cash-outs or cash payments at termination or retirement. The liability is calculated based on pay or salary rates in effect at the statement of net position date and includes amounts for salary-related payments, such as Social Security and Medicare taxes. The County has included the liability within the government-wide financial statements and the proprietary fund financial statements.

(L) Allocation of Net Pension Liability

The County reports a net pension liability in its proprietary and government-wide financial statements, resulting from the application of GASB Statement No. 68. The County has allocated this liability amongst the governmental and business-type activities based on calculated shares of pension contributions as of the first year of implementation (fiscal year 2015). For the sake of comparability and consistency, the County has elected to utilize that basis to allocate; should there be a material operational shift (wherein projected contributions from the various funds change substantially), the allocation methodology will be updated and an accounting estimate adjustment will be made and disclosed.

(M) Bond Issuance Costs and Discounts

In the government-wide financial statements and the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net position. Bond discounts, as well as issuance costs, as a result of GASB Statement No. 65, are expensed in the period in which they are incurred. Bonds payable are reported net of the applicable bond discount or premium.

In the fund financial statements, governmental fund types recognize bond discounts, as well as bond issuance costs, during the current period. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

(N) Fund Balance

In the fund financial statements, in accordance with GASB Statement No. 54, governmental funds report fund balance as nonspendable, restricted, committed, assigned or unassigned based primarily on the extent to which the County is bound to honor constraints on how specific amounts can be spent. The Board, the County's highest decision-making authority, establishes, modifies, or rescinds fund balance commitments by passage of an ordinance or resolution (ordinances and resolutions are considered of equal authority with respect to fund balance). In addition, per County policy, the County's Administrative Officer and Auditor-Controller/Treasurer-Tax Collector can establish, modify, or rescind fund balance assignments through the encumbrance process. Please refer to Note 14 for more information on fund balance.

(O) Special Assessments

The total amount of special assessments for special districts paid at June 30, 2017 was \$50,996. Special assessments take many forms and are authorized to exist under various state codes such as Streets and Highways, Government, Health and Safety, Water, Public Utilities, and others. Certain Special

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

Assessments may be authorized to be bonded. They can include both debt collection activity and fees for services provided by the special district. The County is not liable for this; rather, it acts solely as an agent for the special district, which is liable for the debt or providing the services. Accordingly, this liability is not reflected in these financial statements. The assessments are added to the tax bill in accordance with several state codes as mentioned herein such as Proposition 218.

(P) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period.

(Q) Recently Issued Accounting Pronouncements

During the year ended June 30, 2017, the County implemented the following GASB Statements:

The GASB has issued Statement No. 74 - *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. This statement replaces Statements No. 43, as amended, and No. 57. It also includes requirements for defined contribution Other Postemployment Benefit (OPEB) plans that replace the requirements for those OPEB plans in Statement No. 25 as amended, Statement No. 43, and Statement No. 50. This statement is effective for financial statements for fiscal years beginning after June 15, 2016. Earlier application is encouraged.

The GASB has issued Statement No. 77 - *Tax Abatement Disclosures*. This statement requires disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and that reduce the reporting government's tax revenues. The requirements of this statement are effective for financial statements for periods beginning after December 15, 2015. Earlier application is encouraged.

The GASB has issued Statement No. 78 - *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*. This statement amends the scope and applicability of Statement No. 68 to exclude pensions provided to employees of state or local governmental employers through a cost-sharing multiple-employer defined benefit pension plan that (1) is not a state or local governmental pension plan, (2) is used to provide defined benefit pensions both to employees of state or local governmental employers and to employers that are not state or local governmental employers, and (3) has no predominant state or local governmental employer. The requirements of this statement are effective for reporting periods beginning after December 15, 2015. Earlier application is encouraged.

The GASB has issued Statement No. 80 - *Blending Requirements for Certain Component Units*. This statement replaces GASB Statement No. 14 as amended. The requirements of this statement are effective for reporting periods beginning after June 15, 2016.

The GASB has issued Statement No. 82 - *Pension Issues*. This statement replaces GASB Statements No. 67, No. 68, and No. 73 as amended. The requirements of this statement are effective for reporting periods beginning after June 15, 2016, except for the requirements of paragraph 7 in a circumstance in which an employer's pension liability is measured as of a date other than the employer's most recent fiscal year-end. In that circumstance, the requirements of paragraph 7 are effective for that employer in the first

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

reporting period in which the measurement date of the pension liability is on or after June 15, 2017. Earlier application is encouraged.

The following GASB Statements will be implemented and are currently being analyzed to determine the potential impact on the County's future financial statements:

The GASB has issued Statement No. 75 - *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. This statement replaces the requirements of Statements No. 45, as amended, and No. 57. This statement establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. This statement is effective for fiscal years beginning after June 15, 2017.

The GASB has issued Statement No. 81 - *Irrevocable Split-Interest Agreements*. The requirements of this statement are effective for periods beginning after December 15, 2016.

The GASB has issued Statement No. 83 - *Certain Asset Retirement Obligations*. The requirements of this statement are effective for periods beginning after June 15, 2018.

The GASB has issued Statement No. 84 - *Fiduciary Activities*. The requirements of this statement are effective for periods beginning after December 15, 2018.

The GASB has issued Statement No. 85 - *Omnibus 2017*. The requirements of the statement are effective for periods beginning after June 15, 2017.

The GASB has issued Statement No. 86 - *Certain Debt Extinguishment Issues*. The requirements of the statement are effective for periods beginning after June 15, 2017.

The GASB has issued Statement No. 87 - *Leases*. The requirements of the statement are effective for periods beginning after June 15, 2019.

NOTE 3 - Cash and Investments

Cash and investments as of June 30, 2017 are classified in the accompanying financial statements as follows:

Statement of Net Position:	
Cash and investments	\$ 873,609
Restricted cash and investments	77,520
Fiduciary Funds:	
Cash and investments	2,383,558
Total cash and investments	<u>\$ 3,334,687</u>

Investments authorized by the California Government Code (CGC) and the County of Fresno Treasury Investment Pool Investment Policy (IP)

The following table identifies the investment types that are authorized for the County by CGC, or the IP, where more restrictive. The table also identifies the more restrictive provisions of the CGC or the IP that address interest rate risk, credit risk, and concentration of credit risk. This table does not address investment of debt proceeds held by bond trustees that are governed by the provisions of the County's debt agreements, rather than the general provisions of either the CGC or the IP.

Authorized Investment Types	Maximum Percentage Of Portfolio	Maximum Maturity
U.S. Treasury Bills, Notes and Bonds	100%	5 Years
U.S. Government Agency Obligations	100%	5 Years
Bankers' Acceptances	40%	180 Days
Commercial Paper	40%	270 Days
Negotiable Certificates of Deposit	30%	13 Months
Non-negotiable Certificates of Deposit	50%	13 Months
Repurchase Agreements	15%	Overnight/Weekend
Local Agency Investment Fund	\$65,000	Daily Liquidity
Medium Term Notes	30%	5 Years
Mutual Funds	20%	Daily Liquidity
Mortgage-Backed Securities	10%	5 Years

Investment Authorized by Debt Agreements

The County and its component units have \$13,094 in investments held by bond trustees pledged to the payment or security of certain debt issues. These funds are invested in accordance with bond covenants and are pledged for payment of principal, interest, and specified capital improvements.

Interest Rate Risk

Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity is of its fair value to changes in market interest rates. A way the County manages its exposure to interest rate risk is by purchasing a combination of short term and long term investments as well as timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturing evenly over time as necessary to provide the cash flow and liquidity needed for operations.

County of Fresno
Notes to the Basic Financial Statements

(amounts expressed in thousands)

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligations to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

Presented in the following schedule is the minimum rating required by the CGC, or the IP, or debt agreements, and the actual rating as of year-end for each investment type.

Pooled Investments in County Treasury:

Investment Type	Total	Minimum Legal Rating	Exempt from Disclosure	Ratings as of the Year End 6/30/2017			
				A1/P1 A-AAA	B-BBB	C-CCC	Not Rated
U.S. Government Agency Obligations	\$ 1,724,434	N/A	\$ -	\$ 1,724,434	\$ -	\$ -	\$ -
Medium-Term Corporate Notes	739,868	A3	-	739,868	-	-	-
U.S. Treasury Notes	324,919	N/A	-	324,919	-	-	-
Commerical Paper	109,894	A-1	-	109,894	-	-	-
Negotiable Certificates of Deposit	50,011	A-1	-	50,011	-	-	-
Municipal Bonds	33,681	N/A	-	33,681	-	-	-
Mutual Fund	95,000	N/A	-	30,000	-	-	65,000
Bank Accounts	223,918	N/A	-	-	-	-	223,918
Total	<u>\$ 3,301,725</u>		<u>\$ -</u>	<u>\$ 3,012,807</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 288,918</u>

Investments with Fiscal Agents:

Investment Type	Total	Minimum Legal Rating	Exempt from Disclosure	Ratings as of the Year End 6/30/2017			
				A1/P1 A-AAA	B-BBB	C-CCC	Not Rated
Cash Balance	\$ 3,588		\$ -	3,588	\$ -	\$ -	\$ -
Federated Government Obligation Fund	443	N/A	-	443	-	-	-
Money Market Mutual Funds	9,063	N/A	-	9,063	-	-	-
Total	<u>\$ 13,094</u>		<u>\$ -</u>	<u>\$ 13,094</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

Concentration of Credit Risk

The IP does not limit the amount that can be invested in any one issuer beyond the limitations stipulated by the CGC. Investments in any one issuer (other than U.S. Treasury securities, mutual funds and external investment pools) that represent 5% or more of the County's total investments are as follows:

Issuer	Investment Type	Reported Amount
Federal Home Loan Bank	Federal Agency Securities	\$ 577,358
Federal Home Loan Mortgage Corporation	Federal Agency Securities	290,360
Federal National Mortgage Association	Federal Agency Securities	709,098
Bank of the West	Bank Accounts	223,913

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that the County will not be able to recover its deposits or will not be able to recover collateral securities in the possession of an outside party if a depository institution fails. The custodial credit risk for *investments* is the risk that the County will not be able to recover the value of its investment or collateral securities held by another party if the counterparty (e.g., broker-dealer) to a transaction fails. The CGC and IP do not contain legal or policy requirements that would limit exposure to custodial credit risk for deposits or investments, other than the following provision applicable to *deposits*: To guarantee the safety of the public funds, any deposits must be collateralized in accordance with CGC Section 53652 et.al.

As of June 30, 2017, all of the County's deposits with financial institutions in excess of federal depository insurance limits were held in fully collateralized accounts, as permitted by the CGC. As of June 30, 2017, all of the County's investments were held with the County's custodian or by a broker-dealer (counterparty) other than the broker-dealer used by the County to purchase the securities.

Investment in State Investment Pool

The County is a voluntary participant in the LAIF that is regulated by the CGC under the oversight of the Treasurer of the State. The fair value of the County's investments in this pool is reported in the accompanying financial statements at amounts based upon the County's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawals is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis, which is different from the fair value of the County's position in the LAIF pool. A copy of the most recent annual report of the State's Pooled Money Investment Board, which manages the LAIF pool, is available at the following link: <http://www.treasurer.ca.gov/pmia-laif/reports/annual.asp>

GASB Statement No. 79 established specific criteria used to determine whether a qualifying external investment pool may elect to use an amortized cost exception to fair value measurement. Those criteria will provide qualifying external investment pools and participants in those pools with consistent application of an amortized cost-based measurement for financial reporting purposes. The statement also establishes additional note disclosures for qualifying investment pools. There was no material impact on the County's financial statements as a result of the implementation of GASB Statement No. 79.

Fair Value Measurements

In fiscal year 2016, the County implemented GASB Statement No. 72, *Fair Value Measurement and Application*. The statement provides guidance on fair value measurements under accounting principles generally accepted in the United States of America (GAAP) and recognizes them within a three-tiered fair value hierarchy, as follows:

- Level 1: Investments reflect prices quoted in active markets;
- Level 2: Investments reflect prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered to be active; and,
- Level 3: Investments reflect prices based upon unobservable sources.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

The County's pooled investments have the following recurring fair value measurements as of June 30, 2017:

Investment Type	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
U.S. Government Agency Obligations	\$ 1,724,434	\$ -	\$ 1,724,434	\$ -
Medium-Term Corporate Notes	739,868	-	739,868	-
U.S. Treasury Notes	324,919	-	324,919	-
Commercial Paper	109,894	-	109,894	-
Negotiable Certificates of Deposit - IDC or Union Bank	50,011	-	50,011	-
Municipal Bonds	33,681	-	33,681	-
Total investments measured at fair value	\$ 2,982,807	\$ -	\$ 2,982,807	\$ -
Investments at net asset value:				
Mutual Fund	95,000			
Bank Account	223,918			
	<u>\$ 3,301,725</u>			

NOTE 4 - Restricted Cash and Investments

Cash and investments are restricted for various purposes in the funds that comprise governmental and business-type activities. Restricted cash and investments consist of the following:

Governmental activities:	
General Fund:	
EBT/other social services accounts	\$ 16,402
Letter of credit	1,440
Debt Service:	
Bond repayment	12,669
Capital Projects:	10,054
Total	<u>\$ 40,565</u>
Business-type activities:	
Enterprise funds:	
Solid Waste Enterprise:	
American Avenue post-closure care - other	\$ 34,665
Corrective action	703
Subtotal	<u>35,368</u>
CSAs:	
Bond repayment/construction	1,587
Subtotal	<u>1,587</u>
Total	<u>\$ 36,955</u>

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

NOTE 5 - Receivables

Taxes and accounts receivable balances for the General, Debt Service, nonmajor governmental funds, Internal Service, and Proprietary funds are stated net of allowances for uncollectible accounts.

At June 30, 2017, the General Fund had an allowance of \$909 while the Internal Service Funds had an allowance of \$97. The total for uncollectible accounts was \$1,006.

GASB Statement No. 38, *Certain Financial Statement Note Disclosures*, requires disclosure of significant receivable balances not expected to be collected within one year of the date of the financial statements. The detail of receivable balances not expected to be collected within the next fiscal year is as follows:

Loans Receivable

The County engages in programs designed to encourage construction or improvement of housing for persons with low to moderate incomes. Under these programs, loans are provided under favorable terms to homeowners or developers who agree to spend these funds in accordance with County terms. Since the County does not expect to collect these loans in the near term, they have been offset by nonspendable fund balance in the fund financials statements. The amount not expected to be collected within the next fiscal year is \$40,742.

The County Board approved a loan for \$5,000 from the General Fund to the San Joaquin Valley Insurance Authority (SJVIA) to assist with cash flow needs. The borrowed funds, including accrued interest at the County Treasury pool rate, are to be repaid no later than June 30, 2021.

The County established a County Service Area (CSA) Revolving Fund to provide temporary financial assistance to CSAs that have or are projected to have short-term financial deficits. Currently, there is a \$300 receivable due January 31, 2027.

NOTE 6 - Interfund Transactions and Balances

Loans reported as receivables and payables are referred to as either “due to/from other funds” (the current portion of interfund loans) or “advances to/from other funds” (the noncurrent portion of interfund loans) as appropriate and are subject to elimination upon consolidation. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as “internal balances.”

Services provided or used, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements occur when the funds responsible for particular expenditures or expenses repay the funds that initially paid for them. Such reimbursements are reflected as expenditures or expenses in the reimbursing fund and reductions to expenditures or expenses in the reimbursed fund. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statement presentation.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

The composition of interfund balances as of June 30, 2017 was as follows:

	<u>Due from Other Funds</u>	<u>Due to Other Funds</u>
General Fund	\$ 355	\$ 6,845
Nonmajor governmental funds	94	937
Solid Waste Enterprise	122	232
CSAs	274	399
Internal Service Funds	11,070	3,502
	<u>\$ 11,915</u>	<u>\$ 11,915</u>

The following schedule briefly summarizes the County's transfer activity for the fiscal year ended June 30, 2017:

	<u>Transfers In</u>	<u>Transfers Out</u>
General Fund	\$ 826,820	\$ 56,670
Debt Service	37,244	2,062
Behavioral Health - MH	-	38,124
Social Services	4,857	360,616
Local Health and Welfare	11,360	221,973
2011 Realignment Fund	504	144,861
Capital Projects	6,509	34
Nonmajor governmental funds	1,188	66,666
Solid Waste Enterprise	838	132
CSAs	14	75
Internal Service Funds	4,598	2,719
	<u>\$ 893,932</u>	<u>\$ 893,932</u>

Transfers are comprised principally of transfers between the General Fund and special revenue funds and are related to State/Local Program Realignment (Assembly Bill 1288), Vehicle License Fees, and to debt service transfers to pay principal and interest payments on pension obligation bonds. In addition, significant transfers occurred between the various special revenue funds and the General Fund due to the County's budgetary practice of receiving revenues in the special revenue funds but budgeting for and spending expenditures in the General Fund. Resources are subsequently transferred to reimburse the General Fund.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

The following schedule briefly summarizes the County's residual equity transfer activity for the fiscal year ended June 30, 2017:

	Residual Equity Transfers In	Residual Equity Transfers Out
Information Technology Services	\$ 2,682	\$ -
Graphic Communications Services	1,271	-
Communications	-	3,953
	\$ 3,953	\$ 3,953

Residual equity transfers are nonrecurring or non-routine transfers of equity between funds when residual equity balances of discontinued funds are transfers from one fund to another. Significant residual equity transfers occurred between internal service funds due to the Graphic Communication Services and Communications being consolidated into Information Technology Services.

The following schedule briefly summarizes the County's advances between funds for the fiscal year ended June 30, 2017:

	To Other Funds	From Other Funds
General Fund	\$ 136	\$ -
CSAs	-	136
	\$ 136	\$ 136

Advances from the General Fund to the CSAs are specifically for construction projects, wherein the County has entered into grant agreements with the State to fund specific projects and is spending funding upfront with reimbursement trailing from the grant agreements. While the expenditures and expected revenue are budgeted for and spent out of the General Fund, they are truly construction expenditures of the CSAs, and therefore are reported in that fund, with advances representing the amount owed to the General Fund.

NOTE 7 – Tax Abatements

The County provides property tax abatements through the California Land Conservation (Williamson) Act of 1965. The program enrolls land in Williamson Act or Farmland Security Zone contracts within established agricultural preserves whereby the land is restricted to agricultural or qualified recreational uses in exchange for reduced property tax assessments. Participation in the program is voluntary. Enrollment of new land in the Williamson Act or the Farmland Security Zone programs has been placed on hold until such time that the State of California re-instates full subvention payment for partial replacement of local property tax revenue foregone resulting from the participation in the Williamson Act Program. The Williamson Act Program is administered according to the statute and the County of Fresno's Interim Program Guidelines adopted by the Board of Supervisors. The Development Services Division of the Public Works and Planning Department is responsible for administering the County's Williamson Act Program.

The Fresno County Assessor administers the property tax reduction that parcels enrolled in the program receive. Parcels enrolled in the Williamson Act Program are assessed for property tax purposes at a rate consistent with their actual use, rather than the market value of the property. The minimum contract term for the Williamson Act is ten years and for the Farmland Security Zone is twenty years. Both the Williamson Act and the Farmland Security Zone contracts automatically renew until a notice of non-renewal or a certificate of cancellation is recorded. Under the non-renewal process, the annual tax assessment gradually increases over a defined period of time until the assessment reflects the market value of the property. Under the cancellation process, a onetime cancellation fee is assessed based upon a certain percentage of the unrestricted, current fair market value of the property.

No other commitments were made by the County as part of the Williamson Act or Farmland Security Zone contracts. For the fiscal year ended June 30, 2017, the Williamson Act Program tax abatements were \$31,280.

Depreciation

Depreciation expense was charged to governmental functions as follows:

General government	\$ 10,315
Public protection	2,736
Public ways and facilities	11,036
Health, sanitation, and public assistance	586
Education	1,074
Depreciation on capital assets held by the County's internal service funds are charged to the various functions based on their usage of the assets	8,206
Total depreciation expense - governmental functions	\$ 33,953

Depreciation expense was charged to business-type functions as follows:

Solid waste enterprise	\$ 2,279
County service areas, other	521
Total depreciation expense - business-type functions	\$ 2,800

NOTE 9 - Leases

Operating Leases

The County conducts some of its operations from leased facilities. The total rental expense for the year ended June 30, 2017, for operating leases was \$9,900.

The following is a schedule of future minimum rental payments required under operating leases entered into by the County that have initial or remaining non-cancelable lease terms in excess of one year as of June 30, 2017:

Fiscal year ended June 30	Governmental Activities
2018	\$ 9,430
2019	8,106
2020	6,518
2021	4,294
2022	1,968
2023-2028	11,413
Total	\$ 41,729

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

Capital Leases

The County has entered into certain capital lease agreements under which the related equipment will become the property of the County when all terms of the lease agreements are met. The County has also entered into similar capital lease agreements for buildings. In addition, the County has entered into certain equipment and building lease agreements under which the assets, while not becoming property of the County when all terms of the agreement are met, still qualify as capital leases.

The following is a schedule of future minimum lease payments under capital leases together with the present value of future minimum lease payments as of June 30, 2017:

Governmental Activities Fiscal year ended June 30	Total Payments	Imputed Interest	Net Present Value of Minimum Lease Payments
2018	\$ 1,606	\$ 108	\$ 1,498
2019	1,034	50	984

2021	146	3	143
2022	2	-	2
Total	<u>\$ 3,113</u>	<u>\$ 179</u>	<u>\$ 2,934</u>

The following is a schedule of property under capital leases segregated by major class at June 30, 2017:

	Governmental Activities
Equipment	\$ 25,003
Accumulated depreciation	(22,069)
Net	<u>\$ 2,934</u>

NOTE 10 – Service Concession Arrangements (SCA)

GASB Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements (SCA)* defines an SCA as a type of public-private or public-public partnership. As used in Statement No. 60, an SCA is an arrangement between a government (the transferor) and an operator in which all of the following criteria are met:

- a. The transferor conveys to the operator the right and related obligation to provide public services through the use and operation of a capital asset (referred to in the statement as a “facility”) in exchange for significant consideration, such as an up-front payment, installment payments, a new facility, or improvements to an existing facility.
- b. The operator collects and is compensated by fees from third parties.
- c. The transferor determines or has the ability to modify or approve what services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services.

The County has determined that it has no arrangements that meet the criteria set forth above.

NOTE 11 - Long-Term Debt

Long-term obligations of the County consist of bonds, capital lease obligations, post-closure care costs of landfills, earned compensated absences, adverse judgments, a liability for self-insurance, and the County's proportionate share of net pension liability.

The following is a schedule of long-term liabilities for governmental activities for the year ended June 30, 2017:

	Balance			Balance	Amounts
	July 1, 2016	Additions	Deductions	June 30, 2017	due within
					one year
Earned compensated absences	\$ 42,778	\$ 45,034	\$ (44,359)	\$ 43,453	\$ 19,141
Capital lease obligations (Note 9)	3,926	1,427	(2,419)	2,934	1,498
Liability for self-insurance (Note 13)	80,236	16,381	(18,910)	77,707	15,705
Adverse Judgment	22,000	300	-	22,300	-
Bonds payable	523,491	-	(40,467)	483,024	40,035
Accreted interest	180,993	22,278	-	203,271	-
Net pension liability (Note 12)	1,002,241	412,366	-	1,414,607	-
General long-term debt payable	<u>\$ 1,855,665</u>	<u>\$ 497,786</u>	<u>\$ (106,155)</u>	<u>\$ 2,247,296</u>	<u>\$ 76,379</u>

Compensated absences typically have been liquidated in the General, Other Governmental, Enterprise, and Internal Service Funds.

The following is a schedule of future bonds payable requirements for governmental activities:

(amounts expressed in thousands)

Pension Obligation Bonds

In March 2002, the County issued \$117,055 in Taxable Pension Obligation Bonds; Refunding Series 2002 to advance refund a portion of the County's Taxable Pension Obligation Bonds, Series 1998. The 1998 Series bonds were originally issued in March 1998 in the amount of \$184,910. The proceeds of the refunding issue were used to purchase U.S. Government Securities and to provide cash, which was placed into an irrevocable escrow account with a trustee bank. The purpose of the escrow account is to provide resources to service a portion of the 1998 Series when the respective bonds come due between August 2002 and August 2008. As a result, the refunded bonds are considered defeased and the liability is not reported in the governmental activities column of the statement of net position. This advance refunding was undertaken to reduce the debt service requirements for the next six fiscal years by extending the overall payments by eleven years and resulted in a net present value loss of \$7,704.

The portion of the County's taxable Pension Obligation Bonds, Series 1998 that were not refunded have various maturity dates between 2002 and 2008. The interest rates range from 6.01% to 6.26%. The County's taxable Pension Obligation Bonds, Refunding Series 2002 include both serial and term bonds. The serial bonds have various maturity dates between 2009 and 2014 with interest rates ranging between 6.06% and 6.45%. The term bonds mature in 2018 with an interest rate of 6.67% and a mandatory sinking fund redemption commencing in 2016. The 1998 Pension obligation bonds that were refunded in 2002 have matured.

In March 2004 the County issued Series 2004 A and B Pension Obligation Bonds for \$327,898 and \$75,000, respectively. These were issued to fund a portion of the County's unfunded accrued actuarial liability in the retirement system. The Series 2004 A Pension Obligation Bonds include current interest bonds, term bonds, and capital appreciation bonds. The Series 2004 B bonds were issued as auction rate bonds. The debt matures between 2005 and 2033. In September 2006, the Series 2004 B Pension Obligation Bonds were converted from auction rate to fixed rate securities. The Series 2004A Pension Obligation Bonds (Fixed Rate Bonds) maturing in August 2019 (totaling \$26,765) were refunded from the issuance of Series 2015A Taxable Pension Obligation Refunding Bonds.

In September 2015 the County issued \$27,255 in Series 2015A Taxable Pension Obligation Refunding Bonds, maturing in fiscal year 2020. The Taxable Pension Obligation Refunding Bonds generated a net present value savings (net of all costs) of \$2,018 or 7.5% of the refunded bond par amount. This financing refunded, on a current basis, a portion of the Series 2004A Pension Obligation Bonds totaling \$26,765.

The Debt Service fund is utilized to pay for pension obligation bonds. Payments for pension obligation bonds for the current year are shown as transfers out in the General, Special Revenue, Enterprise and Internal Service Funds and as transfers-in in the Debt Service Fund.

Lease Revenue Bonds

In February 2004 the FCFA, which was established to provide for the acquisition, disposition and/or financing of capital improvements and/or working capital for the County, issued \$26,000 in lease revenue bonds for the Juvenile Justice Campus. These bonds were refunded from the issuance of Series 2012 A Refunding Lease Revenue Bonds.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

The FCFA issued \$14,375 of lease revenue bonds October 1, 2004 to fund the County's Energy Project. The majority of the debt issued was to fund a gas energy generating plant, which will produce energy for the County Jail and other facilities. The remaining portion was used to upgrade lighting and electrical fixtures. These bonds were refunded from the issuance of Series 2012 A Refunding Lease Revenue Bonds.

On April 16, 2007, the FCFA issued \$55,350 in lease revenue bonds for the construction of a juvenile court and offices for joint occupancy and use by the County and the County of Fresno Superior Court. The Series 2007 Bonds consist of \$25,605 in serial bonds maturing between 2010 and 2021 with interest rates ranging from 4.0% to 4.125%, and \$29,745 in term bonds maturing between 2023 and 2030 with interest rates ranging between 4.3% and 4.75%. These bonds were refunded from the issuance of Series 2016 Lease Revenue Refunding Bonds.

In September 2012, the County issued \$22,425 in Series 2012 A Refunding Lease Revenue Bonds, maturing between 2013 and 2022. The Series 2012 A Refunding Lease Revenue Bonds generated present value savings (net of all costs) of \$2,790 or 10.66% of the refunded bond par amount. This financing refunded, on a current basis, all outstanding maturities of the County's Series 2004 and 2004B Lease Revenue Bonds.

In June 2016, the County issued \$37,270 in Series 2016 Lease Revenue Refunding Bonds, maturing between 2017 and 2030, with interest rates ranging from 3.0% to 5.0%. The Series 2016 Lease Revenue Refunding Bonds generated present value savings (net of all costs) of \$5,946 or 14.2% of the refunded par amount. This was an advance, in-substance defeasance of the Series 2007 Lease Revenue Bonds, refunding that bond series in its entirety.

Tobacco Settlement Asset-Backed Bonds

In July 2002, the California County Tobacco Securitization Agency (the Agency) issued \$9,925 in Series 2002 asset-backed serial maturities and \$83,030 in Series 2002 asset-backed term bonds. These bonds mature between 2005 and 2038. The interest rates for the asset-backed serial maturities range from 3% to 5%. The interest rates for the asset-backed term bonds range from 5.63% to 6.13%.

In April of 2006, the Agency issued the Tobacco Settlement Asset-Backed Bonds, Subordinate Series 2006 in the amount of \$39,015. The Fresno County Tobacco Funding Corporation entered into a loan agreement with the Agency to borrow the bond proceeds and to secure the loan with County Tobacco Assets consisting of seventy-five percent of its rights to future tobacco settlement revenues. The 2006 Tobacco Bonds are turbo capital appreciation bonds, issued in four series and maturing in 2046 through 2055. The interest rates on the bonds range from 6.50% to 7.75%.

Capital Appreciation and Series Bonds

The County has issued two series of capital appreciation bonds. The first series is the Series 2004 A Pension Obligation Bonds for \$327,898. The second is the Series 2006 Tobacco Settlement Asset-Backed Bonds. Capital appreciation bonds are debt securities on which the investment return on an initial principal amount is reinvested at a stated compounded rate until maturity, at which time the investor receives a single payment (the "maturity value") representing both the initial principal amount and the total investment return. The following schedule represents the capital appreciation bonds issued by the County and the California County Tobacco Securitization Agency:

Limited Obligation Improvement Bonds

In September of 1997, the Fresno County Financing Authority issued \$5,392 limited obligation improvement bonds reported in the CSAs fund with an average interest rate of 5.92% payable semi-annually to purchase infrastructure improvements for Quail Lakes, a planned community. The bonds are payable from assessments on the property owners within the special district and are not payable from any funds of the County.

The following is a schedule of future debt service requirements for business-type activities bonds:

County of Fresno

2019	220	194	414
2020	235	178	413
2021	250	162	412
2022	270	145	415
2023-2027	1,630	419	2,049
2028-2032	395	13	408
Total	<u>\$ 3,205</u>	<u>\$ 1,319</u>	<u>\$ 4,524</u>

Loans Payable

As part of funding for a Surface Water Treatment Plant, CSA No. 49 received, along with grant funding, an \$80 loan from the State. As of June 30, 2017, the special district had repaid \$10 of the loan, leaving a balance of \$70 to be repaid to the State. On June 20, 2017, the Board of Supervisors approved a \$300 loan from the CSA revolving fund that was established on February 7, 2017. This loan is due to be repaid over a 10-year period with the first payment due in October 2017.

Landfill closure and post-closure costs

The County accounts for all solid waste landfill closure and post-closure costs based on the provisions of GASB Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Post-closure Care Costs*. State and federal laws and regulations require the County to place a final cover on its landfill sites when it stops accepting waste and to perform certain maintenance and monitoring functions at the sites for thirty years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and post-closure costs as an operating expense and liability in each period based on landfill capacity used as of each balance sheet date.

The County owns a solid waste landfill which is currently operating, the American Avenue Disposal Site, as well as two landfills which ceased accepting waste in fiscal years 1991 and 2010, the Southeast Regional Disposal Site and the Coalinga Disposal Site, respectively. Southeast Regional completed its closure activities during fiscal year 1999 and began post-closure activities which are still ongoing as of June 30, 2017.

The \$39,349 reported as landfill closure and post-closure care liability at June 30, 2017, represents the cumulative amount reported to date based on the landfill capacity used to date. The County will recognize the remaining estimated cost of closure and post-closure care of \$37,516 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all remaining closure and post-closure care as of June 30, 2017. The total current cost of landfill closure and post-closure care is an estimate and subject to changes resulting from inflation, deflation, technology, or changes in applicable laws or regulations.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

The percentage of landfill capacity used to date, the estimated remaining landfill life, the liability for closure and post-closure care at the balance sheet date, and the estimated remaining local closure and post-closure costs to be recognized for the three landfills are as follows:

<u>Landfill</u>	<u>Capacity used at June 30, 2017</u>	<u>Estimated Years Remaining</u>	<u>Total Estimated Liability June 30, 2017</u>	<u>Liability Recognized June 30, 2017</u>	<u>Remaining Liability to be Recognized</u>
American Avenue	46.50%	40	\$ 70,128	\$ 32,612	\$ 37,516
Coalinga	49.30%	-	2,839	2,839	-
Southeast Regional	100.00%	-	3,898	3,898	-
Total			<u>\$ 76,865</u>	<u>\$ 39,349</u>	<u>\$ 37,516</u>

The increase from fiscal year 2015-2016 in the closure and post-closure care liability for American Avenue and the decrease for Coalinga in closure and post-closure care liability is reported as an operating expense in 2016-2017. Closure and post-closure costs for Southeast Regional are reported as non-operating expenses. The County is required by state and federal laws to finance closure and post-closure care. Amounts collected from current users for these costs are reported in restricted cash and investments. Regarding the American Avenue Site, the County expects that future user fees and interest earnings over the remaining landfill lives will fund the closure and post-closure liabilities. Regarding the Southeast Regional and Coalinga Disposal Sites, the County expects any ongoing costs to be funded from interest earnings and from quarterly payments from waste haulers and cities by agreement.

Additionally, Title 22 of the California Code of Regulations (CFR) requires that counties finance certain closure and post-closure maintenance and monitoring activities for their hazardous waste disposal sites. Post-closure activities are required for a minimum of 30 years after closure. The County's Blue Hills Hazardous Waste Disposal Site closed in the fiscal year 1992-93.

The County is further required by 40 CFR 264.144 to establish a financial assurance for post-closure care in accordance with the approved post-closure plan for the facility 60 days prior to the initial receipts of hazardous waste or the effective date of the regulation, whichever was later. The County used the financial test under 40 CFR 264.145(f) for over twenty years to provide financial assurance before being informed in 2008 by the California Department of Toxic Substances Control that this financial test was unusable by local governments to provide financial assurance. The County changed financial assurance options in April 2012 changing to a Post-Closure letter of credit as allowed under 40 CFR 264.145(d). The Irrevocable Standby Letter of Credit was established in the amount of \$1,468 in favor of the Department of Toxic Substances Control.

Arbitrage

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years. During the current year, the County performed calculations of excess investment earnings on various bonds, and at June 30, 2017 does not expect to incur a liability.

NOTE 12 - Pensions

Plan Description - The County of Fresno provides pension benefits to eligible employees through a cost sharing multiple-employer defined benefit pension plan (pension plans) administered by the Fresno County Employees Retirement Association (FCERA). FCERA is governed by the Board of Retirement under the 1937 County Employees Retirement Law (1937 Act). Readers should refer to the 1937 Act for more complete information. Members of the pension plans include all permanent employees working full-time or at least 50% part-time for the County and the following entities: Superior Court of California-County of Fresno, Clovis Veterans Memorial District, Fresno Mosquito and Vector Control District, and Fresno/Madera Area Agency on Aging (FMAAAA). Employees become eligible for membership commencing with the pay period following the date of employment in a permanent position.

FCERA is a contributory defined benefit plan established on January 1, 1945 under the provisions of the 1937 Act and provides service retirement, disability, death and survivor benefits for employees of the County of Fresno and participating entities. The County of Fresno Board of Supervisors and governing boards of participating entities adopt resolutions, as permitted by State of California Government Code 31450 (County Employees Retirement Law of 1937 (CERL)), which affect the benefits of FCERA members. FCERA is governed by the California Constitution, CERL, and the bylaws, policies and procedures adopted by FCERA Board of Retirement.

FCERA issues a stand-alone financial report that can be reviewed at the FCERA website: <http://www2.co.fresno.ca.us/9200/default.htm> or FCERA's office, located at 7772 North Palm Avenue, Fresno, CA 93711.

FCERA administers nine (9) pension plans for General and Safety members. As a result of the passage of the Public Employee Pension Reform Act (PEPRA), the County established two (2) new tiers for General and Safety members – General Tier V and Safety Tier V. PEPRA changed the benefits that may be offered to employees hired on or after January 1, 2013 including increasing the minimum retirement age, increasing the percentage for member contributions, and excluding certain types of compensation as pensionable. PEPRA also created limits on the pensionable compensation tied to the Social Security taxable wage base limit. The cumulative effect of PEPRA changes will be to reduce the County's long-term retirement costs.

Summary of Pension Plans and Eligible Participants

General Members

- Tier I General members hired on or before June 30, 2005 and General members of certain bargaining units hired after June 30, 2005.
- Tier II General Members of certain bargaining units hired after June 30, 2005 and General Tier I members hired on or before June 30, 2005 who elect to transfer to Tier II.
- Tier III General Members of certain bargaining units hired after December 17, 2007 and eligible Tier II members hired on or before December 17, 2007 who elect to transfer to Tier III.
- Tier IV General Members hired on or after June 11, 2012.
- Tier V General Members hired on or after January 1, 2013.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

Safety Members

- Tier I Safety members hired on or before June 30, 2005 and Safety members of certain bargaining units hired after June 30, 2005.
- Tier II Safety members of certain bargaining units hired after June 30, 2005 and Safety Tier I members hired on or before June 30, 2005 who elect to transfer to Tier II.
- Tier III Not offered.
- Tier IV Safety members hired on or after June 11, 2012.
- Tier V Safety members hired on or after January 1, 2013.

Benefits Provided

All pension plans provide benefits in accordance with CERL regulations upon retirement, disability, or death of members. Retirement benefits are based upon years of service, final average compensation, and retirement age. Employees terminating before accruing ten (10) years of service credit (except members who have attained the age of 70 or five (5) years for General Member and Safety Member Tier V) forfeit the right to receive retirement benefits unless they establish reciprocity with another eligible public agency within the prescribed time period. Non-vested employees who terminate service are entitled to withdraw their accumulated contribution plus accrued interest. Employees, who terminate service after earning five (5) or ten (10) years of retirement service credit, may leave their contributions on deposit and elect to take a deferred retirement. Difference between expected and actual experience for vested and non-vested benefits may result in an increase or decrease to pension expense and net pension liability.

Service related disability benefits are based upon final average compensation or retirement benefits (if eligible). Non-service related disability benefits are based upon (1) years of service and final average compensation or (2) retirement benefits (if eligible). Death benefits are based upon a variety of factors including whether the employee was retired or not.

Annual cost-of-living adjustments (COLA) after retirement are provided to General Member Tiers I, II, and III and Safety Member Tiers I and II. General and Safety Member Tiers IV and V are not eligible for COLA increases. COLAs are granted to eligible retired members effective in April of each year based upon the Bureau of Labor statistics Consumer Price Index, West Region as of the preceding January 1 and is subject to an annual maximum of three percent (3%).

Specific details for retirement, disability, or death benefit calculations and COLA information are available in the FCERA Comprehensive Annual Financial Report (CAFR). The FCERA CAFR is available at <http://www2.co.fresno.ca.us/9200/reports.htm#financialbm>.

Contributions

The FCERA Board of Retirement is authorized under Article 16 of the Constitution of the State to establish and amend retirement contributions for active employees and participating employers.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

Contributions are made by the members and the employers at rates recommended by FCERA's independent actuary and approved by the Board of Retirement and the County Board. Employee contribution rates vary according to age and classification (Safety or General), and are designed to provide funding for approximately one-fourth of the regular retirement benefits and one-half of all cost-of-living benefits. Members are required to contribute between 6.89% and 12.68% of their annual covered salary. Employee contribution rates are established and may be amended pursuant to Articles 6 and 6.8 of the 1937 Act. Employer contribution rates are determined pursuant to Section 31453 of the 1937 Act and are designed to provide funding for the remaining regular retirement and cost-of-living benefits, as well as all regular disability and survivor's benefits.

Employer and employee contributions and active members are as follows:

<u>Retirement Plan</u>	<u>Employer Contribution Rates</u>	<u>Employee Contribution Rates</u>	<u>Active Members</u>
General Tier I	56.56%	9.99%	3,420
General Tier II	53.52%	7.26%	136
General Tier III	53.06%	8.00%	734
General Tier IV	43.95%	7.11%	293
General Tier V	42.45%	7.26%	1,794
Safety Tier I	81.63%	13.21%	563
Safety Tier II	81.80%	11.59%	63
Safety Tier IV	66.15%	10.06%	61
Safety Tier V	63.99%	12.03%	233
All Categories	56.74%	9.62%	7,297

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At June 30, 2017, the County reported a pension liability of \$1,425,569 for its proportionate share of the net pension liability (NPL). The NPL was measured as of June 30, 2016 and the total pension liability used to calculate the NPL was determined by an actuarial valuation as of that date. The County's proportion of the NPL was based on a projection of the County's long-term share of contributions to the pension plan relative to the projected contributions of all Pension Plan (FCERA) participants, actuarially determined.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

For the year ended June 30, 2017, the County recognized a pension expense of \$188,287. Pension expense represents the change in the NPL during the measurement period, adjusted for actual contributions and the deferred recognition of changes in investment gain/loss, actuarial gain/loss, actuarial assumptions of methods, and plan benefits. At June 30, 2017, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual Experience changes in assumptions	\$ - 169,335	\$ 103,335 -
Net difference between projected and actual earnings on retirement plan investments	260,272	-
Changes in proportion and differences between County contributions and proportionate share of contributions	2,364	981
Net difference between County contributions and actuarial reported employer contributions	(171,563)	-
	\$ 260,408	\$ 104,316

Deferred outflows of resources in the amount of \$260,408 and deferred inflows of resources in the amount of \$104,316 above represent the unamortized portion of changes to net pension liability to be recognized in future periods in a systematic and rational manner.

The remaining amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Amount
2017	\$ -
2018	52,997
2019	56,628
2020	146,720
2021	71,310
Thereafter	-
	\$ 327,655

Actuarial Assumptions

The total pension liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions. Total pension liability represents the portion of the actuarial present value of projected benefit payments attributable to past periods of service for current and inactive employees.

Inflation	3.00%
Employee Contribution Crediting Rate	3.00% compounded semi-annually

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

Administrative Expenses	1.10% of payroll allocated to employer and member based in components of total average contribution rate (before expenses) for employer and member
Salary increases	3.00% plus 0.50% “across the board” salary increase plus merit and longevity component
COLA increases	Investment rate of return 3.00% maximum for retiree COLA increase applicable to General Member Tiers I, II and III and Safety Member Tiers I and II
Post-Retirement mortality Healthy	<p>For general members and all beneficiaries; Headcount-Weighted RP-2014 Combined Mortality projected with 20 years with two-dimensional scale MM2015D; set forward one year for females</p> <p>For safety members; Headcount-Weighted RP-2014 Mortality projected with 20 years with two-dimensional scale MM2015D; set back two years</p>
Disabled	<p>For general members: Headcount-Weighted RP-2014 Mortality projected with 20 years with two-dimensional scale MM2015D set forward eight years</p> <p>For safety members: Headcount-Weighted RP-2014 Mortality projected with 20 years with two-dimensional scale MM2015D set forward seven years</p>
Contribution Rates	<p>For general members and all beneficiaries; Headcount-Weighted RP-2014 Combined Mortality projected with 20 years with two-dimensional scale MM2015D, set forward one year for females, weighted 35% males and 65% females for members and weighted 65% male and 35% female for beneficiaries</p> <p>For safety members; Headcount-Weighted RP-2014 Combined Mortality projected with 20 years with two-dimensional scale MM2015D, set back two years weighted 80% male and 20% female</p> <p>For safety beneficiaries; Headcount-Weighted RP-2014 Combined Mortality projected with 20 years with two-dimensional scale MM2015D; set forward one year for females, weighted 20% male and 80% female</p>
Actuarial Cost Method	Entry Age Cost Method; age is age at the member’s hire date and actuarial accrued liability calculated on individual basis and based on costs allocated as a level percentage of compensation

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

Expected Remaining
Service Lives

Average expected service lives of all employees is determined by:

- Calculating each active employee's expected remaining service life as the present value of \$1 per year of future services at zero percent interest
- Setting remaining service life to zero for each nonactive or retired member
- Dividing the sum of the above amounts by the total number of active employees, nonactive and retired members

The actual assumptions used in the June 30 valuation were based on the results of an actuarial experience study for the period July 1, 2012 through June 30, 2015 and June 30, 2016 Economic Actuarial Assumptions Report both dated March 10, 2016.

The long-term expected rate of return on pension plan investments (7.00%) was determined using a building block method in which expected future real return (expected return, net of inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by target asset allocation percentage, adding expected inflation, and subtracting expected investment expenses and a risk margin. The target allocation and best estimated of arithmetic real rates of returns for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Large Cap U.S. Equity	14.00%	5.80%
Small Cap U.S. Equity	3.00%	6.52%
Developed International Equity	12.00%	6.89%
Emerging Markets Equity	7.00%	8.88%
U.S. Core Fixed Income	5.00%	0.76%
High Yield Fixed Income	5.00%	3.55%
Global Bonds	7.00%	0.41%
Bank Loans	5.00%	2.34%
TIPS	4.00%	0.41%
Emerging Market Debt	5.00%	4.52%
Real Estate	5.00%	4.48%
Commodities	3.00%	4.14%
Infrastructure	3.00%	3.80%
Hedge Funds	8.00%	4.40%
Private Credit	8.00%	7.70%
Private Equity	6.00%	9.00%
Total	<u>100.00%</u>	

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

Discount Rate

The discount rate used to measure the total pension liability (TPL) was 7.00%. The projection of cash flows used to determine the discount rate assumed plan member contributions will be made at the current contribution rate and employer contributions will be made at the rates equal to the actuarially determined contribution rates. Employer contributions that are intended to fund benefits for current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based upon these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. The long-term expected rate of return on pension investments was applied to all periods of projected benefit payments to determine the TPL as of June 30, 2016.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the NPL of FCERA as of June 30, 2016 which is allocated to all employers calculated using the discount rate of 7.00% as well as what the County's proportionate share of net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.00%) or 1-percentage point higher (8.00%) than the current rate.

	6.00%	7.00%	8.00%
County's proportionate share of the NPL	\$ 2,147,357	\$ 1,425,569	\$ 834,573

Pension Fund Fiduciary Net Position

Detailed information about the pension fund's fiduciary net position is available in the separately issued FCERA CAFR.

NOTE 13 - Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has established a Risk Management Fund (an Internal Service Fund) to account for and finance its uninsured risks of loss. The fund is also used to account for the unemployment benefits program and for employee medical coverage provided through contracts with various health maintenance organizations.

The Risk Management Fund provides coverage of the general liability, workers' compensation, medical malpractice, and property-other programs. Property-other consists of fire, bond, and miscellaneous insurance and damaged vehicle loss programs. General liability coverage is self-insured up to a maximum of \$750 per claim. Excess coverage up to \$25,000 per claim is provided through a risk pool agreement with the California State Association of Counties (CSAC) Excess Insurance Authority.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

Crime bond coverage is self-insured up to a maximum of \$2.50 per occurrence and excess coverage of \$105,000 per occurrence is provided through a risk pool agreement with CSAC Excess Insurance Authority.

Pollution liability coverage is self-insured for \$100 per claim and excess coverage up to a maximum of \$10,000 is provided through a risk pool agreement with CSAC Excess Insurance Authority.

Workers' compensation claims are self-insured up to a maximum of \$500 per claim. Excess coverage up to a statutory amount per claim is provided through a risk pool agreement with CSAC Excess Insurance Authority.

The County is entirely self-insured for medical malpractice claims.

Property-other is self-insured up to a deductible of \$25 per claim with a maximum of \$600,000 in excess coverage per claim. Flood and earthquake coverage each have maximums in excess insurance of \$25,000 in Towers VI. Excess insurance is provided through a risk pool agreement with CSAC.

Aircraft coverage has a maximum limit in excess insurance of \$25,000 provided through a risk pool agreement with CSAC Excess Insurance Authority.

County departmental contributions to the workers' compensation, general liability, and medical malpractice programs are based on actuarial recommendations. The reported actuarial liabilities for workers' compensation and general liability assume a long-term annual rate of return of 1.21 percent. The undiscounted actuarial liability for these programs is \$77,707. Reserves for self-insurance for these programs include estimated liability amounts for claims filed against the County for their programs, as well as the estimated amount of claims incurred but not reported, as computed by the actuary. Contributions to the property damage, unemployment, and vehicle damage programs are based on actual historical claim loss experience.

The claims liability of \$77,707 reported in the Risk Management Fund at June 30, 2017 is based on the requirement that claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

The claims liability includes all allocated loss adjustment expenses. While the ultimate amount of claims is dependent on future developments, management is of the opinion that the claims liability at June 30, 2017 is adequate to cover such claims. Changes in the Risk Management Fund's claims liability amount during the last two fiscal years were as follows:

	<u>June 30, 2017</u>	<u>June 30, 2016</u>
Beginning of fiscal year liability	\$ 80,236	\$ 85,805
Current year claims provision and changes in estimates	16,381	12,066
Claim payments	<u>(18,910)</u>	<u>(17,635)</u>
Balance at fiscal year-end	<u>\$ 77,707</u>	<u>\$ 80,236</u>

County of Fresno

(amounts expressed in thousands)

NOTE 14 - Fund Balance

As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2017, fund balance for governmental funds are made up of the following:

- Nonspendable Fund Balance – includes amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example: inventories, prepaid amounts, and long-term notes receivable.
- Restricted Fund Balance – includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.
- Committed Fund Balance – includes amounts that can only be used for the specific purposes determined by a formal action of the County’s highest level of decision-making authority, the County’s Board. Commitments may be changed or lifted only by the County taking the same formal action that imposed the constraint originally.
- Assigned Fund Balance – comprises amounts intended to be used by the County for specific purposes that are neither restricted nor committed. Intent is expressed by (1) the County’s Board or (b) a body (for example: a budget or finance committee) or official to which the County’s Board has delegated the authority to assign amounts to be used for specific purposes. Per County policy, the County’s Administrative Officer and Auditor-Controller/Treasurer-Tax Collector can establish, modify, or rescind fund balance assignments through the encumbrance process.
- Unassigned Fund Balance – is the residual classification for the General Fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is generally depleted in the order of restricted, committed, assigned and unassigned.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

NOTE 15 – Net Position

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted.

- Net Investment in Capital Assets groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets reduce the balance in this category.
- Restricted Net Position reflects net position that is subject to constraints either (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (2) imposed by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the County to assess, levy, charge, or otherwise mandate payment of resources and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. A legally enforceable enabling legislation restriction is one that a party external to a government – such as citizens, public interest groups, or the judiciary – can compel a government to honor.
- Unrestricted Net Position represents net position of the County that is not restricted for any project or purpose.

NOTE 16 - Contingent Liabilities and Commitments

The County is subject to various lawsuits and claims involving public liability and other actions incidental to the ordinary course of County operations. In the aggregate, these claims seek monetary damages in significant amounts. To the extent the outcome of such litigation has been determined to result in probable financial loss to the County, a liability for litigation of \$22,300, representing the County's best estimate of the ultimate loss, has been accrued in the government-wide Statement of Net Position. Refer to Note 10 for more information on these and other long-term liabilities.

A number of lawsuits and claims are pending against the County for which the financial loss to the County has been determined to be reasonably possible. The County intends to vigorously defend itself against these lawsuits. The County has recorded actuarially determined reserves in the internal service funds to adequately cover estimated potential material adverse losses at June 30, 2017.

The County participates in many state and federal assisted grant programs, which are subject to program compliance audits by the grantors or their representatives. The amounts, if any, of current or previous expenditures which may be disallowed upon future audits by the grantors cannot be determined until such an audit occurs. The County expects such amounts, if any, will not be material to its financial statements. Amounts have been accrued for disallowed expenditures resulting from completed audits.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

Encumbrances outstanding for the General Fund, major and nonmajor funds are shown below:

	Encumbrances
General Fund for capital assets	\$ 3,438
General Fund for other purposes	3,561
Behavioral Health-MH for other purposes	3,280
Social Services for other purposes	24,733
Local Health and Welfare for other purposes	17,272
2011 Realignment for other purposes	17,279
Nonmajor funds for capital assets	21,742
Nonmajor funds for other purposes	3,810
Total	\$ 95,115

Note 17 – Deficit Fund Equity

The County has internal service funds with a deficit net position caused by presenting their proportionate share of net pension liability due to the implementation of GASB Statement No. 68.

Internal Service Funds	Deficit Net Position
Information Technology Services	\$ 16,814
Facility Services	3,105
Security Services	4,669

NOTE 18 – Joint Venture

A joint venture is defined by GASB Statement No. 14, *The Financial Reporting Entity*, as “a legal entity or other organization that results from a contractual arrangement and that is owned, operated, or governed by two or more participants as a separate and specific activity subject to joint control in which the participants retain either (a) an ongoing financial interest, or (b) an ongoing financial responsibility.” The County participates in the following joint venture:

San Joaquin Valley Insurance Authority (SJVIA) - On September 29, 2009, the Counties of Tulare and Fresno entered into a Joint Exercise of Powers Agreement by which they created the SJVIA as a separate public agency charged with the responsibility of providing health and medical benefits for over 9,000 Fresno and Tulare County employees. Independently audited financial statements can be obtained from the Fresno County Auditor-Controller’s Office, 2281 Tulare Street #105, Fresno, California 93721.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

NOTE 19 – Prior Period Adjustments

A prior period adjustment decreasing net position by \$15 was made in the governmental activities affecting various funds. In the Capital Project Fund an adjustment was made to recognize that an accrual reversal had been doubled in a prior year. An adjustment was made in CSA Special Revenue Fund to align prior year Comprehensive Annual Financial Report (CAFR) fund balance to the CSA audited financial statements.

The business-type activities had additional prior period adjustments increasing net position in the amount of \$4,973. These adjustments were due to adjusting beginning balances for closure and post-closure liability along with various asset related adjustments.

The following table outlines the change in net position affected by prior period adjustments in the government-wide financial statements:

	Governmental Activities	Business-type Activities	Totals
Net position, stated at 6/30/16	\$ (255,997)	\$ 90,474	\$ (165,523)
Capital Project Fund - capital related items	14	-	14
CSA Special Revenue Fund - cash	(29)	-	(29)
CSA and Solid Waste - closure/post closure, assets, cash	-	4,973	4,973
Net position, restated at 6/30/16	(256,012)	95,447	(160,565)
Change in net position	(127,410)	(530)	(127,940)
Net position at 6/30/17	<u>\$ (383,422)</u>	<u>\$ 94,917</u>	<u>\$ (288,505)</u>

NOTE 20 - Subsequent Events

In accordance with accounting standards generally accepted in the United States, subsequent events have been evaluated through December 27, 2017, the date in which the financial statements have been issued.

Based upon developments in claim loss experience and revised projections received in the County's most current actuary report, the estimated liability for unpaid loss for general liability claims has increased from \$8,034 to \$15,187. This report was received subsequent to the preparation of the Risk Management Fund financial statements. This report is currently in draft form and is subject to further evaluation.

On August 8, 2017, the County purchased a new office building in downtown Fresno to be used by the Assessor-Recorder Department. The purchase price was \$2,408. Escrow is expected to close on or about December 28, 2017.

On August 8, 2017, the County accepted a monetary donation of approximately \$5,642 from the Hygus Adams Trust to the Fresno County Public Library for new library facilities.

During the week of September 18, 2017, the County's recommended budgets for the fiscal year 2017-18 were submitted to the Board and were approved.

County of Fresno
Notes to the Basic Financial Statements
June 30, 2017
(amounts expressed in thousands)

On September 26, 2017, the County entered into a ten-year lease agreement for a new office building in downtown Fresno to be used by the District Attorney-Public Administrator. Base rent for ten years is \$15,129. The lease agreement includes an option to purchase the property for \$15,000 which may be exercised between the 114th and 120th full months of the lease term. The lease provides for a ten-year extension term after the initial ten-year period expires if the purchase option is not yet exercised.

On September 26, 2017, the County entered into a lease agreement for a new office building to be used by the Probation Department. The lease term provides for an initial five-year term plus three one-year automatic renewals. Base rent for the eight years is \$3,193.

On September 26, 2017, the County entered into a lease agreement for an office building and warehouse space in Clovis to be used by the Department of Social Services. The term of the lease is eight years plus one optional two-year extension. Rent for the ten years is \$24,116 plus operation costs for a total not to exceed \$35,813.

On October 17, 2017, the County entered into a lease agreement for an office building to be used by the Probation Department starting March 1, 2018. The term of the lease is five years plus three one-year automatic renewals. Base rent for eight years is \$3,344.

COUNTY OF FRESNO
Notes to the Budgetary Comparison Schedules
For the Fiscal Year Ended June 30, 2017
(In Thousands)

BUDGETARY BASIS OF ACCOUNTING

In accordance with the provisions of Sections 29000 through 29143 and Section 30200 of the California Government Code and other statutory provisions, commonly known as the County Budget Act, the County is required to prepare a balanced budget for each fiscal year on or before October 2. Budgeted expenditures are enacted into law through the passage of a resolution of adoption. The resolution of adoption specifies the maximum authorized expenditures for each budget unit for that fiscal year and cannot be exceeded except by subsequent amendments to the budget by the County Board of Supervisors (Board).

In May of each year, the County Administrative Officer prepares and submits the recommended budget document to the County Board. In June, public hearings are held to provide the general public with an opportunity to speak on any budget items before the Board. The recommended budget, once adopted, is uploaded to the County's financial system in early July so that budget monitoring for the new fiscal year can begin. After fiscal year-end closing activities are completed and the State Budget is approved, the County Administrative Officer presents quarterly budget updates to the Board for adjustments to the recommended budget, as necessary, as a result of State Budget adjustments or other unforeseen changes.

An operating budget is adopted each fiscal year for all governmental funds and proprietary funds. Governmental funds that are budgeted include the General Fund, special revenue funds, and the debt services fund but do not include the capital projects fund. Proprietary funds include the enterprise funds and internal services funds. Expenditures are controlled at the object level within each budget unit of the County except for capital assets, which are controlled at the sub-object level. The object level (sub-object level for capital assets) within a budget unit is the legal level of budgetary control at which the County's management may not reallocate resources without special approval. Any amendments or transfers of appropriations between object levels (sub-object level for capital assets) within the same budget unit, or between budget units or funds, must be authorized by the County Administrative Office and approved by the Board. Supplemental appropriations, normally financed by unanticipated revenues during the year, require the Board's approval as well. Pursuant to Government Code Section 29092, the County Administrative Officer is authorized to approve transfers and revision of appropriations within a single budget unit as deemed necessary and appropriate. Budgeted amounts in the budgetary comparison schedules are reported as originally adopted and as amended during the fiscal year.

The County uses an encumbrance system as an extension of normal budgetary accounting for all governmental funds and proprietary funds to control expenditures. Under the encumbrance system, purchase orders, contracts, and other commitments for the expenditure of monies are encumbered in order to reserve that portion of applicable appropriations. Encumbrances are combined with expenditures for budgetary comparison purposes. Unencumbered appropriations lapse at year-end; encumbered appropriations at year-end are carried forward in the ensuing new fiscal year's budget but are kept separate from the new fiscal year's budget. The encumbrances are reported as prior budget year appropriations on all financial reports, but are available for expenditures in the new fiscal year.

The budget approved by the Board for the General Fund includes budgeted expenditures and reimbursements for amounts disbursed on behalf of other governmental funds. In the accompanying budgetary comparison schedules, actual reimbursements for these items have been eliminated from the resources and related expenditures have been eliminated from the charges to appropriations to provide a meaningful comparison of actual and budgeted results of operations.

COUNTY OF FRESNO
Notes to the Budgetary Comparison Schedules
For the Fiscal Year Ended June 30, 2017
(In Thousands)

The budgets for governmental funds may include an account known as “Intrafund Revenue.” This account is used by the County to show reimbursements between operations within the same fund (an example would be charges by one budget unit to another budget unit within the General Fund).

The amounts reported on the budgetary basis differ from the basis used to present the basic financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP). Annual budgets are prepared using the modified accrual basis of accounting except that current year encumbrances are budgeted as expenditures; reimbursements for amounts disbursed on behalf of other governmental funds are reported as resources and related expenditures as charges to the appropriation; certain transactions are accounted for in different periods between budgetary and GAAP reporting basis; and securities lending activities and transactions from sub-funds reclassified from County Agency funds are reported in GAAP reporting basis.

THIS PAGE INTENTIONALLY BLANK

**Combining and Individual
Fund Financial Statements and Schedules**

Capital Project Fund

The Capital Project Fund is used to account for the acquisition and construction of major facilities other than those financed by Proprietary and certain Trust Funds. Budgets are adopted in the General Fund at the beginning of projects and are periodically modified by the Board of Supervisors during the course of construction as circumstances require. Transfers are made from the General Fund to the Capital Project Fund to finance capital expenditures. There are no combining statements because the County uses one Capital Projects Fund, which is reported on the nonmajor combining financial statements.

Special Revenue Funds

Special Revenue Funds are established to finance particular governmental activities and are funded by receipts of specific taxes or other earmarked revenues. Such funds are authorized by statutory or charter provisions to pay for certain activities of a continuing nature.

Road Fund

The road fund is used to finance operations to provide maintenance, rehabilitation, and reconstruction of County roads, bridges, and attendant facilities as authorized by California Streets and Highways Code and to provide for traffic safety.

County Administrative Office (CAO) Indian Gaming

The County Administrative Office Indian Gaming fund, established pursuant to Government Code Sections 12710-12718, is used to account for funding and administrative costs for Indian Gaming activities.

County Administrative Office

The County Administrative Office fund was established and is used to receive and distribute discretionary revenues received by the County through payments made for parking, misdemeanor, and felony fees & fines owed.

Auditor Controller Treasurer Tax Collector

The Auditor Controller Treasurer Tax Collector fund was established to account for the collection and retention of fees used specifically for the preparation of delinquent tax records and giving notice of delinquency.

Assessor Recorder

California Revenue and Taxation Code Section 95.35 allowed for the establishment of the Assessor Recorder fund to account for resources that support, maintain, improve, and/or provide for the full operation of modernized computer systems.

Behavioral Health

The Behavioral Health fund accounts for revenues generated by various code section fines and fees, to be used in specified mental health and substance abuse categories.

County Clerk Elections

Pursuant to Health and Safety Code Section 103625(i)(f), the County Clerk Elections fund was established to provide enhanced services to the public through improvements of the record systems.

Child Support Services

The Child Support Services fund was established to account for mandated accountability pursuant to FSD Letter 00-03 in order to receive deposits from the State for administering child support programs and related costs.

District Attorney

The District Attorney fund was established to account for revenues and assets seized as authorized by the Health and Safety Code. Funds are later transferred to other divisions to cover costs in District Attorney operations.

Probation

The Probation fund receives its funds from the State Victim Compensation Program and uses it specifically for the purpose of emergency needs of crime victims in Fresno County.

Public Health

The Public Health fund was established to account for revenues received from fees and grants. Monies received provide for such activities as health preparedness, emergency medical system administrative costs, and other various health programs for the County.

Public Works

The Public Works fund was established to account for a variety of specified fines and fees, which are subsequently utilized for an assortment of public way and facility projects.

Public Works CDBG

The Public Works CDBG fund was established to house revenues related to the Community Development Block Grant (CDBG) program.

Community Facilities Districts

The Community Facilities Districts fund was created to segregate amounts to be utilized in improvements to the various Community Facilities Districts within the County.

Public Facilities Fees

Traffic mitigation fees are collected by Board action from property owners, developers, and builders to be used for road infrastructure improvements.

Sheriff Coroner

The Sheriff Coroner Fund was established to account for state-authorized fees as well as asset forfeiture. These funds are subsequently used in the Sheriff's Civil Division for specific projects.

Inmate Welfare

California Penal Code requires the Sheriff's Office to maintain an Inmate Welfare Fund. These funds are solely for the benefit of inmates, and cannot be used to supplant required levels of service by the Sheriff's Office.

County Free Library

The Fresno County Free Library is a Special District, under the governance of the Board of Supervisors, which provides informational, cultural, and recreational services to the public through 35 library outlets.

Fish and Game

This fund was established to receive the County's share of fines levied for violations of fish and game laws within its boundaries. Expenditures are made from time to time for purposes of improving the habitat for wildlife propagation and for incidental administrative matters.

Off-Highway License

The Off-Highway Vehicle Law of 1971 requires users of trail bikes, dune buggies, and similar vehicles designed for off-highway use to purchase an identification certificate. This fund can only be used to account for acquisition and development of off-road recreation areas. Such expenditures include feasibility studies, planning studies, and environmental impact reports.

Emergency Medical Services (EMS)

The EMS fund was established in 1989-90 to receive deposits associated with Senate Bill (SB) 12 and Proposition 99 monies. Disbursements from this fund must be in accordance with Health & Safety Code Section 1797.98a and Assembly Bill (AB) 75. Such expenditures include reimbursing physicians and hospitals for emergency treatment performed on individuals who are unable to pay.

Community Corrections Performance Incentive

This fund was established as a result of California SB 678. These funds are utilized to reduce recidivism of felony probationers by improving probation services.

County Service Areas, Other

These special districts, governed by the Fresno County Board of Supervisors, including County Service Areas, and Lighting and Maintenance Districts. These districts were established to provide services such as road, park, and lighting maintenance to specific areas in the County. They are financed by ad valorem property taxes in the area benefited, or by special assessments levied on specific properties.

Internal Service Funds

Internal Service Funds (ISF) are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the County and to other governmental units on a cost reimbursement basis.

Fleet Services

Fleet Services is responsible for management of the County's vehicle and heavy equipment fleet, including fleet planning, acquisition, maintenance, operation, and sale of surplus equipment. Fleet Services also maintains radio communications for law enforcement and other departments with field operations.

Information Technology Services

Information Technology Services provides a wide range of data processing services to County departments and other agencies. The scope of department activities includes computer programming, systems and programming support, on-line teleprocessing services via remote terminal devices, and data entry. As of June 30, 2017, the operations of Graphic Communications Services and Communications were absorbed into this ISF.

Graphic Communications Services

Graphic Communications Services provides printing, duplicating, and mailing services to facilitate the needs of the County's various departments. As of June 30, 2017, this ISF was closed and its operations absorbed into the Information Technology Services ISF.

Facility Services

Facility Services provides mechanical, electrical, structural and janitorial services to County departments. This includes routine and preventive maintenance, remodeling and modifications, computer cabling and furniture moves.

Security Services

Security Services is responsible for the physical security of most County facilities and employees. Security Services also administers the County parking program, which includes enforcement of parking regulations in all County parking areas.

Risk Management

Risk Management provides the mechanism to finance all County insurance and self-insurance programs. Financing for the health and dental plans covering County employees and retirees is also maintained by Risk Management, including the cost of administering these benefits. Other activities include coordination of the County safety program, and the recovery of damages to County employees and property from responsible third parties.

Communications

Communications finances the administration, design, installation, and maintenance of the County's telephone system. Other services provided include County telephone operators and the toll free County number. Communications also provides consultant services to ensure cost-effective utilization of telecommunication systems by user departments as needs are identified. As of June 30, 2017, this ISF was closed and its operations absorbed into the Information Technology Services ISF.

PeopleSoft Operations

PeopleSoft Operations provides services and support for the financial accounting system software used by the County. The components financed through this internal service fund include the financial accounting system and the payroll system. Charges for this internal service fund support both the purchasing of software and the provision of technical support for the software.

Fiduciary Funds

The County maintains an Investment Trust Fund that is used to account for the investments made by the County. The County, in a fiduciary capacity, also maintains various Agency Funds that are used to account for assets held for others by the County. These funds include County funds which are segregated from other County funds for purposes of control, property taxes collected on behalf of other governmental units and monies held by the Public Administrator-Guardian. It should be noted that the Investment Trust fund is discretely presented in the basic financial statements.

Trust Funds:

Investment – This fund is used to account for the investments made by the County of Fresno on behalf of Non-County entities.

Agency Funds:

Property Tax Collection - This fund is used by the County in its role as Tax Collector to record property tax receipts awaiting apportionment to other governmental units and recipient County funds and their periodic distribution.

Public Administrator-Guardian - This fund is used for the accounting and recording of all Public Administrator-Guardian monies held by the County in a fiduciary capacity.

San Joaquin Valley Insurance Authority – The San Joaquin Valley Insurance Authority was established as a multi-entity authority with the express goal of negotiating, purchasing, or otherwise providing funding for health, vision, dental and life insurance for the employees of the various entities in the authority (including the County of Fresno). This fund is used for the accounting and recording of all San Joaquin Valley Insurance Authority monies held by the County in a fiduciary capacity.

Other Agency Funds - These funds are under the control of various County officials and agencies and are used to accumulate resources for specific purposes.

STATISTICAL SECTION

Statistical Section

Financial Trends

These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the County's most significant local revenue source.

Debt Capacity

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and help the reader assess the County's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and activities it performs.

Sources:

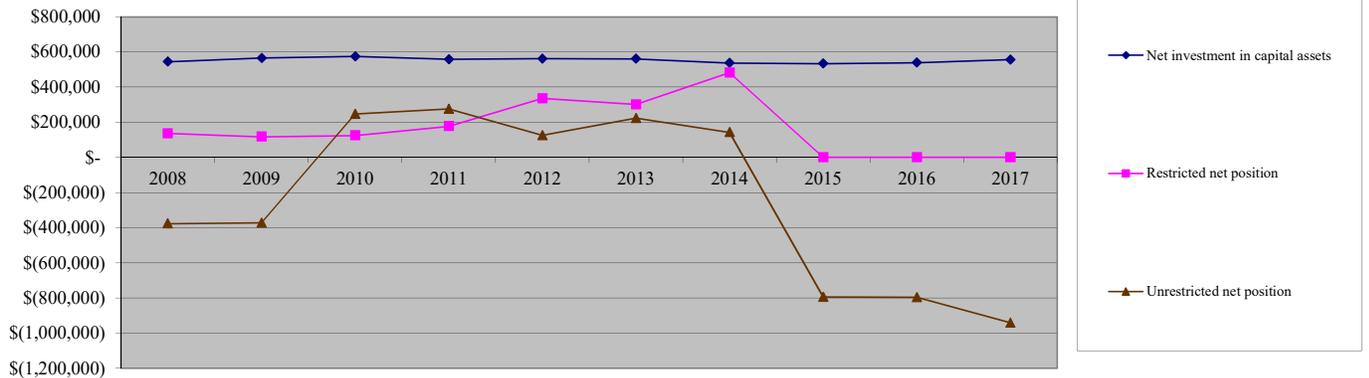

Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The County implemented GASB Statement 34 in 2002; schedules presenting government-wide information include information beginning in that year.

Notes:

(1) The above tax rates are for Tax Rate Area 005-001, which applies to most property within the City of Fresno.

(2) California voters, on June 6, 1978, approved a constitutional amendment to Article XIII A of the California Constitution, commonly known as Proposition 13, which limits the taxing power of California public agencies. Legislation enacted by the California Legislature to implement Article XIII A (Statutes of 1978, Chapter 292, as amended) provides that notwithstanding any other law, local agencies may not levy any property tax except to pay debt service on indebtedness approved by voters prior to July 1, 1978, and that each County will levy the maximum tax permitted by Article XIII A of \$1 per \$100 of full cash value. Assessed value is equal to full cash value, pursuant to Senate Bill 1656, Statutes of 1978.

Glossary

County of Fresno Glossary for the Comprehensive Annual Financial Report

ACCOUNTS PAYABLE. A short-term liability account reflecting amounts owed to private persons or organizations for goods and services received by a government (but not including amounts due to other funds or other governments).

ACCOUNTS RECEIVABLE. An asset account reflecting amounts due from private persons or organizations for goods and services furnished by a government (but not including amounts due from other funds or other governments).

ACCRUAL BASIS OF ACCOUNTING. The recording of the financial effects on a government of transactions and other events and circumstances that have cash consequences for the government in the periods in which those transactions, events, and circumstances occur, rather than only in the periods in which cash is received or paid by the government.

ACCUMULATED DEPRECIATION. A contra-asset account used to report the accumulation of periodic credits to reflect the expiration of the estimated service life of capital assets.

ACTIVE EMPLOYEES. Individuals employed at the end of the reporting or measurement period, as applicable.

ACTUARIAL VALUATION. The determination, as of a point in time (the actuarial valuation date), of the service cost, total pension liability, and related actuarial present value of projected benefit payments for pensions performed in conformity with Actuarial Standards of Practice unless otherwise specified by the GASB.

ACTUARIAL VALUATION DATE. The date as of which an actuarial valuation is performed.

ACTUARIALLY DETERMINED CONTRIBUTION. A target or recommended contribution to a defined benefit pension plan for the reporting period, determined in conformity with Actuarial Standards of Practice based on the most recent measurement available when the contribution for the reporting period was adopted.

ADVANCE FROM OTHER FUNDS. A liability account used to record noncurrent portions of a long-term loan from one fund to another fund within the same reporting entity. See DUE TO OTHER FUNDS and INTERFUND RECEIVABLE/PAYABLE.

ADVANCE TO OTHER FUNDS. An asset account used to record noncurrent portions of a long-term loan from one fund to

another fund within the same reporting entity. See DUE FROM OTHER FUNDS and INTERFUND RECEIVABLE/PAYABLE.

AGENCY FUND. A fund normally used to account for assets held by a government as an agent for individuals, private organizations, or other governments and/or other funds.

AGENT MULTIPLE-EMPLOYER PLAN. Group of single-employer plans with pooled administrative and investment functions but separate actuarial valuations and contribution rates.

AMORTIZATION. The portion of the cost of a limited-life or intangible asset charged as an expense during a particular period. The reduction of debt by regular payments of principal and interest sufficient to retire the debt by maturity.

ANNUAL OPEB COST. An accrual-basis measure of the periodic cost of an employer's participation in a defined benefit OPEB plan.

ANNUAL REQUIRED CONTRIBUTIONS (ARC). Term used in connection with other postemployment benefit plans to describe the amount an employer must contribute in a given year.

APPROPRIATION. A legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation usually is limited in amount and time it may be expended.

ASSESSED VALUATION. A valuation set upon real estate or other property by a government as a basis for levying taxes.

ASSIGNED FUND BALANCE. Amounts that are constrained by the County's intent to be used for specific purposes. The intent can be established at either the highest level of decision-making authority, or by a body or an official designated for that purpose. This is also the classification for residual funds in the County's special revenue funds..

AUDITOR'S REPORT. In the context of a financial audit, a statement by the auditor describing the scope of the audit and the auditing standards applied in the examination, and setting forth the auditor's opinion on the fairness of presentation of the financial information in conformity with GAAP or some other comprehensive basis of accounting.

County of Fresno Glossary for the Comprehensive Annual Financial Report

BALANCE SHEET. The financial statement disclosing the assets, liabilities and equity of an entity at a specified date in conformity with GAAP.

BASIC FINANCIAL STATEMENTS (BFS). The minimum combination of financial statements and note disclosures required for fair presentation in conformity with GAAP. Basic financial statements have three components: government-wide financial statements, fund financial statements, and notes to the financial statements.

BASIS OF ACCOUNTING. A term used to refer to *when* revenues, expenditures, expenses, and transfers - and the related assets and liabilities - are recognized in the accounts and reported in the financial statements. Specifically, it relates to the *timing* of the measurements made, regardless of the nature of the measurement, on either the cash or the accrual basis.

BUDGET. A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year. The term "budget" is used in two senses in practice. Sometimes it designates the financial plan presented to the appropriating governing body for adoption, and sometimes, the plan finally approved by that body.

BUDGETARY CONTROL. The control or management of a government or enterprise in accordance with an approved budget to keep expenditures within the limitations of available appropriations and available revenues.

BUSINESS-TYPE ACTIVITIES. One of two classes of activities reported in the government-wide financial statements. Business-type activities are financed in whole or in part by fees charged to external parties for goods and services. These activities are usually reported in enterprise funds.

CAPITAL ASSETS. Long-lived tangible assets obtained or controlled as a result of past transactions, events or circumstances. Capital assets include buildings, equipment, and improvements other than buildings, land, intangible assets, and infrastructure. In the private sector, these assets are referred to most often as property, plant and equipment, and intangible assets.

CAPITAL EXPENDITURES. Expenditures resulting in the acquisition of or addition to the government's general capital assets.

CAPITALIZATION POLICY. The criteria used by a government to determine which outlays should be reported as capital assets.

CAPITAL LEASE. An agreement that conveys the right to use property, plant, or equipment, usually for a stated period of time. See LEASE-PURCHASE AGREEMENTS.

CAPITAL PROJECTS FUND. A fund created to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

CASH BASIS OF ACCOUNTING. A basis of accounting under which transactions are recognized only when cash is received or disbursed.

CASH WITH FISCAL AGENT. An asset account reflecting deposits with fiscal agents, such as commercial banks, for the payment of bond principal and interest.

CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING PROGRAM. A voluntary program administered by the GFOA to encourage governments to publish efficiently organized and easily readable CAFR's and to provide technical assistance and peer recognition to the finance officers preparing them.

CHANGE IN THE FAIR VALUE OF INVESTMENTS. The difference between the fair value of investments at the beginning of the year and at the end of the year, taking into consideration investment purchases, sales, and redemptions.

CLAIM. A demand for payment of damages or a policy benefit because of the occurrence of an event, such as the destruction or damage of property and related deaths or injuries.

CLOSED AMORTIZATION PERIOD. Term used in connection with the unfunded actuarial accrued liability associated with defined benefit pension and other postemployment benefit plans. A specific number of years that is counted from one date and, therefore, declines to zero with the passage of time. For example, if the amortization period is initially 30 years on a closed

County of Fresno Glossary for the Comprehensive Annual Financial Report

basis, 29 years remain after the first year, 28 years after the second year, and so forth.

COLLECTIVE DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS. Deferred outflows of resources and deferred inflows of resources related to pensions arising from certain changes in the collective net pension liability.

COLLECTIVE NET PENSION LIABILITY. The net pension liability for benefits provided through (1) a cost-sharing pension plan or (2) a single-employer or agent pension plan in circumstances in which there is a special funding situation.

COLLECTIVE PENSION EXPENSE. Pension expense arising from certain changes in the collective net pension liability.

COMMITTED FUND BALANCE. Amounts that can only be used for specific purposes determined by formal action of the County's highest level of decision-making authority (the Board of Supervisors) and that remain binding unless removed in the same manner. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.

COMPENSATED ABSENCES. Absences, such as vacations, illness and holidays, for which it is expected employees will be paid. The term does not encompass severance or termination pay, postretirement benefits, deferred compensation or other long-term fringe benefits, such as group insurance, and long-term disability pay.

COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR). A financial report that encompasses all funds and component units of the government. The CAFR should contain (a) the basic financial statements and required supplementary information, (b) combining statements to support columns in the basic financial statements that aggregate information from more than one fund or component unit, and (c) individual fund statements as needed. The CAFR is the governmental unit's official annual report and also should contain introductory information, schedules necessary to demonstrate compliance with finance-related legal and contractual provisions, and statistical data.

CONTINGENT LIABILITY. Items that may become liabilities as a result of conditions undetermined at a given date, such as guarantees, pending lawsuits, judgments under appeal, unsettled

disputed claims, unfilled purchase orders and uncompleted contracts. Contingent liabilities should be disclosed within the financial statements (including the notes) when there is a reasonable possibility a loss may have been incurred. Guarantees, however, should be disclosed even though the possibility of loss may be remote.

CONTRIBUTION DEFICIENCIES. The difference between the annual required contributions (ARC) of the employer(s), and the employer's actual contributions in relation to the ARC.

CONTRIBUTIONS. Additions to a pension plan's fiduciary net position for amounts from employers, nonemployer contributing entities (for example, state government contributions to a local government pension plan), or employees. Contributions can result from cash receipts by the pension plan or from recognition by the pension plan of a receivable from one of these sources.

COST-OF-LIVING ADJUSTMENTS. Postemployment benefit changes intended to adjust benefit payments for the effects of inflation.

COST-SHARING MULTIPLE-EMPLOYER PLAN. A single plan with pooling (cost-sharing) arrangements for the participating employers. All risks, rewards, and costs, including benefit costs, are shared and are not attributed individually to the employers. A single actuarial valuation covers all plan members and the same contribution rate(s) applies for each employer.

COVERED PAYROLL. Term used in connection with defined benefit pension and other postemployment benefit plans to describe all elements of annual compensation paid to active employees on which contributions to a plan are based.

CREDIT RISK. The risk that an issuer or other counterparty to an investment will not fulfill its obligations.

CURRENT FINANCIAL RESOURCES MEASUREMENT FOCUS. Measurement focus according to which the aim of a set of financial statements is to report the near-term (current) inflows of resources, outflows of resources, and balances of expendable (spendable) financial resources. The current financial resources measurement focus is unique to accounting and financial reporting for state and local governments and is used solely for reporting the financial position and results of operations of governmental funds.

County of Fresno

Glossary for the Comprehensive Annual Financial Report

DEBT. An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of governments include bonds, time warrants, and notes.

DEBT SERVICE FUND. A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

DEFERRED CHARGES. Expenditures that are not chargeable to the fiscal period in which they were made that are carried as an asset on the balance sheet, pending amortization or other disposition (e.g., bond issuance costs). Deferred charges differ from prepaid items in that they usually extend over a long period of time (more than five years) and are not regularly recurring costs of operation.

DEFERRED INFLOWS OF RESOURCES. An acquisition of net position by the government that is applicable to a future reporting period.

DEFERED OUTFLOWS OF RESOURCES. A consumption of net position by the government that is applicable to a future reporting period.

DEFICIT. (1) The excess of the liabilities of a fund over its assets. (2) The excess of expenditures over revenues during an accounting period or, in the case of proprietary funds, the excess of expenses over revenues during an accounting period.

DEFINED BENEFIT OPEB PLAN. Plan having terms that specify the amount of benefits to be provided at or after separation from employment. The benefits may be specified in dollars (for example, a flat dollar payment or an amount based on one or more factors such as age, years of service, and compensation), or as a type or level of coverage (for example, prescription drugs or a percentage of healthcare insurance premiums).

DEFINED BENEFIT PENSION PLAN. A pension plan having terms that specify the amount of pension benefits to be provided at a future date or after a certain period of time; the amount specified usually is a function of one or more factors such as age, years of service, and compensation.

DEPRECIATION. (1) Expiration in the service life of capital assets, other than wasting assets, attributable to wear and tear, deterioration, action of the physical elements, inadequacy and obsolescence. (2) The portion of the cost of a capital asset, other

than a wasting asset, charged as an expense during a particular period. In accounting for depreciation, the cost of a capital asset, less any salvage value, is prorated over the estimated service life of such an asset, and each period is charged with a portion of such cost. Through this process, the entire cost of the asset is ultimately charged off as an expense.

DISCOUNT RATE. The single rate of return that, when applied to all projected benefit payments, results in an actuarial present value of projected benefit payments equal to the total of the following:

1. The actuarial present value of benefit payments projected to be made in future periods in which (a) the amount of the pension plan's fiduciary net position is projected to be greater than the benefit payments that are projected to be made in that period and (b) pension plan assets up to that point are expected to be invested using a strategy to achieve the long-term expected rate of return, calculated using the long-term expected rate of return on pension plan investments.
2. The actuarial present value of projected benefit payments not included in (1), calculated using the municipal bond rate.

DUE FROM OTHER FUNDS. An asset account used to indicate amounts owed to a particular fund by another fund for goods sold or services rendered. This account includes only short-term obligations on open account, not interfund loans.

DUE TO OTHER FUNDS. A liability account reflecting amounts owed by a particular fund to another fund for goods sold or services rendered. These amounts include only short-term obligations on open account, not interfund loans.

ECONOMIC RESOURCES MEASUREMENT FOCUS. Measurement focus under which the aim of a set of financial statements is to report all inflows of resources, outflows of resources, and balances affecting or reflecting an entity's net position. The economic resources measurement focus is used for proprietary and fiduciary funds, as well as for government-wide financial reporting. It is also used by business enterprises in the private sector.

EMPLOYER'S CONTRIBUTIONS. Term used in the context of pension and other postemployment benefits to describe contributions actually made by the employer in relation to the annual required contribution (ARC) of the employer. (Only amounts paid to trustees and outside parties qualify.)

County of Fresno Glossary for the Comprehensive Annual Financial Report

ENCUMBRANCES. Commitments related to unperformed (executory) contracts for goods or services. Used in budgeting, encumbrances are not GAAP expenditures or liabilities, but represent the estimated amount of expenditures ultimately to result if unperformed contracts in process are completed.

ENTERPRISE FUND. Proprietary fund type used to report an activity for which a fee is charged to external users for goods and services.

ENTRY AGE ACTUARIAL COST METHOD. A method under which the actuarial present value of the projected benefits of each individual included in an actuarial valuation is allocated on a level basis over the earnings or service of the individual between entry age and assumed exit age(s). The portion of this actuarial present value allocated to a valuation year is called the normal cost. The portion of this actuarial present value not provided for at a valuation date by the actuarial present value of future normal costs is called the actuarial accrued liability.

EXCHANGE-LIKE TRANSACTION. Transaction in which there is an identifiable exchange between the reporting government and another party, but the values exchanged may not be quite equal or the direct benefits of the exchange may not be exclusively for the parties to the exchange.

EXPENDITURES. Decreases in net financial resources. Expenditures include current operating expenses requiring the present or future use of current net position, debt service and capital outlays, and intergovernmental grants, entitlements and shared revenues.

EXPENDITURE-DRIVEN GRANTS. Government-mandated or voluntary non-exchange transactions in which expenditure is the prime factor for determining eligibility. Also referred to as reimbursement grants.

EXPENSES. Outflows of resources or other using up of assets or incurrence of liabilities (or a combination of both) from delivering or producing goods, rendering services or carrying out other activities that constitute the entity's ongoing major or central operations.

EXTERNAL AUDITORS. Independent auditors typically engaged to conduct an audit of a government's financial statements.

EXTERNAL INVESTMENT POOL. An arrangement that commingles (pools) the moneys of more than one legally separate entity and invests, on the participants' behalf, in an investment portfolio; one or more of the participants is not part of the sponsors reporting entity. An external investment pool can be sponsored by an individual government, jointly by more than one government, or by a nongovernmental entity. An investment pool that is sponsored by an individual state or local government is an external investment pool if it includes participation by a legally separate entity that is not part of the same reporting entity as the sponsoring government. If a government-sponsored pool includes only the primary government and its component units, it is an internal investment pool and not an external investment pool.

FAIR VALUE. The amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

FIDUCIARY FUNDS. The trust and agency funds used to account for assets held by a government unit in a trustee capacity or as an agent for individuals, private organizations, other government units and/or other funds.

FINANCIAL RESOURCES. Resources that are or will become available for spending. Financial resources include cash and resources ordinarily expected to be converted to cash (e.g., receivables, investments). Financial resources may also include inventories and pre-pays (because they obviate the need to expend current available resources).

FISCAL AGENT. A fiduciary agent, usually a bank or county treasurer, who performs the function of paying debt principal and interest when due.

FUND. A fiscal and accounting entity with a self-balancing set of accounts in which cash and other financial resources, all related liabilities and residual equities, or balances, and changes therein, are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions or limitations.

FUND BALANCE. Net position of a governmental fund (difference between assets, liabilities, deferred outflows of resources, and deferred inflows of resources).

County of Fresno Glossary for the Comprehensive Annual Financial Report

FUND FINANCIAL STATEMENTS. Basic financial statements presented on the basis of funds. Term used in contrast with *government-wide financial statements*.

FUND TYPE. Any one of seven categories into which all funds are classified in governmental accounting. The seven fund types are: general, special revenue, debt service, capital projects, enterprise, internal service, and trust and agency.

GENERAL FUND. The general fund is one of five governmental fund types and typically serves as the chief operating fund of the government. The general fund is used to account for all financial resources except those required to be accounted for in another fund.

GENERAL REVENUES. All revenues that are not required to be reported as program revenues. All taxes, even those that are levied for a specific purpose, are general revenues and should be reported by type of tax - for example, property tax, sales tax, transient occupancy tax. All other nontax revenues (including interest, grants and contributions) that do not meet the criteria to be reported as program revenues should also be reported as general revenues.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP). The convention, rules, and procedures that serve as the norm for the fair presentation of financial statements. The various sources of GAAP for the state and local governments are set forth by SAS No. 69, *The Meaning of "Present Fairly in Conformity with Generally Accepted Accounting Principles"* in the Independent Auditor's Report.

GOVERNMENT FINANCE OFFICERS ASSOCIATION (GFOA). An association of public finance professionals founded in 1906 as the Municipal Finance Officers Association. The GFOA has played a major role in the development and promotion of GAAP for state and local governments since its inception and has sponsored the Certificate of Achievement for Excellence in Financial Reporting Program since 1946.

GOVERNMENTAL ACCOUNTING. The composite activity of analyzing, recording, summarizing, reporting and interpreting the financial transactions of governments.

GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB). The ultimate authoritative accounting and financial reporting standard-setting body for state and local governments.

The GASB was established in June 1984 to replace the National Council on Governmental Accounting (NCGA).

GOVERNMENTAL ACTIVITIES. Activities generally financed through taxes, intergovernmental revenues, and other non-exchange revenues. These activities are usually reported in governmental funds and internal service funds.

GOVERNMENTAL FUNDS. Funds generally used to account for tax-supported activities. There are five different types of governmental funds: the general fund, special revenue funds, debt service funds, capital projects funds, and permanent funds.

GOVERNMENT-WIDE FINANCIAL STATEMENTS. Financial statements that incorporate all of a government's governmental and business-type activities, as well as its nonfiduciary component units. There are two basic government-wide financial statements: the statement of net position and the statement of activities. Both basic governmental financial statements are presented using the economic resources measurement focus and the accrual basis of accounting.

IMPROVEMENT. An addition made to, or change made in, a capital asset, other than maintenance, to prolong its life or to increase its efficiency or capacity. The cost of the addition or change is added to the book value of the asset.

INACTIVE EMPLOYEES. Terminated individuals that have accumulated benefits but are not yet receiving them, and retirees or their beneficiaries currently receiving benefits.

INDIRECT EXPENSES. Expenses that cannot be specifically associated with a given service, program, or department and thus, cannot be clearly associated with a particular functional category.

INFRASTRUCTURE. Long-lived capital assets that normally are stationary in nature and normally can be preserved for a significantly greater number of years than most capital assets. Examples of infrastructure assets include roads, bridges, tunnels, drainage systems, water and sewer systems, dams, and lighting systems.

INTERFUND RECEIVABLE/PAYABLE. Short-term loans made by one fund to another fund or the current portion of an advance to or from another fund.

County of Fresno

Glossary for the Comprehensive Annual Financial Report

INTERFUND TRANSFERS. Flow of assets (such as cash or goods) between funds and blended component units of the primary government without equivalent flows of assets in return and without a requirement for payment.

INTERNAL SERVICE FUND. A fund used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost-reimbursement basis.

JOINT VENTURE. A legal entity or other contractual arrangement in which a government participates as a separate and specific activity for the benefit of the public or service recipients and in which the government retains an ongoing financial interest.

LAPSE. As applied to appropriations, the automatic termination of an appropriation. Except for indeterminate appropriations and continuing appropriations, an appropriation is made for a certain period of time. At the end of this period, any unexpended or unencumbered balance thereof lapses, unless otherwise provided by law.

LEASE-PURCHASE AGREEMENTS. Contractual agreements that are termed leases, but that in substance are purchase contracts.

LEGAL LEVEL OF BUDGETARY CONTROL. The level at which spending in excess of budgeted amounts would be a violation of law.

LEVEL OF BUDGETARY CONTROL. The level at which a government's management may not reallocate resources without special approval from the legislative body.

LEVEL PERCENTAGE OF PROJECTED PAYROLL AMORTIZATION METHOD. Amortization payments are calculated so that they are a constant percentage of the projected payroll of active plan members over a given number of years. The dollar amount of the payments generally will increase over time as payroll increases due to inflation; in dollars adjusted for inflation, the payments can be expected to remain level.

LIABILITIES. Probable future sacrifices of economic benefits, arising from present obligations of a particular entity to transfer assets or provide services to other entities in the future as a result of past transactions or events.

LOANS RECEIVABLE. An asset account reflecting amounts loaned to individuals or organizations external to a government, including notes taken as security for such loans. Loans to other funds and governments should be recorded and reported separately.

MAJOR FUND. A governmental fund or enterprise fund reported as a separate column in the basic fund financial statements. The general fund is always a major fund. Otherwise, major funds are those whose revenues/expenditures, assets or liabilities, are at least 10 percent of corresponding totals for all government or enterprise funds and at least 5 percent of the aggregate amount for all governmental and enterprise funds for the same items. Any other government or enterprise fund may be reported as a major fund if the government's officials believe that fund is particularly important to financial statement users.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A). A component of required supplementary information used to introduce the basic financial statements and to provide an analytical overview of the government's financial activities.

MEASUREMENT FOCUS. A way of presenting an entity's financial performance and position by considering which *resources* are measured (financial or economic) and *when* the effects of transactions or events involving those resources are recognized (the basis of accounting). The measurement focus of government-wide financial statements, proprietary fund financial statements, and fiduciary fund financial statements is economic resources. The measurement focus of governmental fund financial statements is current financial resources.

MEASUREMENT PERIOD. The period between the prior and the current measurement dates.

MODIFIED ACCRUAL BASIS OF ACCOUNTING. The accrual basis of accounting adapted to the governmental fund-type measurement focus. Under it, revenues and other financial resource increments (e.g., bond issue proceeds) are recognized when they become susceptible to accrual; that is, when they become both "measurable" and "available to finance expenditures of the current period." "Available" means collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period. Generally, expenditures are recognized when the fund liability is incurred. All governmental funds, expendable trust funds and agency funds are accounted for using the modified accrual basis of accounting.

County of Fresno
Glossary for the Comprehensive Annual Financial Report

NET INVESTMENT IN CAPITAL ASSETS. One of three components of net position that must be reported in both government-wide and proprietary fund financial statements. It consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of borrowings attributable to the acquisition, construction, or improvements of those assets. Deferred outflows of resources and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets or related debt should also be included. If there are significant unspent related debt proceeds or deferred inflows of resources at the end of the reporting period, the portion of the debt or deferred inflows of resources attributable to the unspent amount should not be included.

NET OPEB OBLIGATION. In the context of defined benefit pension and other postemployment benefit plans, the cumulative difference between annual pension cost and the employer's contributions to the plan, including the pension/OPEB liability (asset) at transition, if any, and excluding (a) short-term differences and (b) unpaid contributions that have been converted to pension-related/OPEB-related debt.

NET PENSION LIABILITY. The liability of employers and nonemployer contributing entities to employees for benefits provided through a defined benefit pension plan.

NET POSITION. The residual of all other elements presented in a statement of financial position. It is the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources.

NONSPENDABLE FUND BALANCE. The portion of fund balance of a governmental fund that cannot be spent either because the underlying resources are not in spendable form or because the government is legally or contractually required to maintain the resources intact.

OPERATING LEASE. A lease does not transfer ownership rights, risks, and rewards from the lessor to the lessee; the lease is called an operational lease and is similar to a rental.

OTHER FINANCING SOURCES. An increase in current financial resources that is reported separately from revenues to avoid distorting revenue trends. The use of the other financing sources category is limited to items classified by GAAP.

OTHER FINANCING USES. A decrease in current financial resources that is reported separately from expenditures to avoid distorting expenditure trends. The use of the other financing uses category is limited to items so classified by GAAP.

OTHER POSTEMPLOYMENT BENEFITS (OPEB). Medical, dental, vision, and other health-related benefits provided to terminated employees, retired employees, dependents, and beneficiaries.

OVERLAPPING DEBT. The proportionate share property within which each government must bear of the debts of all local governments located wholly or in part within the geographic boundaries of the reporting government. Except for special assessment debt, the amount of debt of each unit applicable to the reporting unit is arrived at by (1) determining what percentage of the total assessed value of the overlapping jurisdiction lies within the limits of the reporting unit, and (2) applying this percentage to the total debt of the overlapping jurisdiction. Special assessment debt is allocated on the basis of the ratio of assessment receivable in each jurisdiction, which will be used wholly or in part to pay off the debt, to total assessments, which will be used wholly or in part for this purpose.

PAY-AS-YOU-GO. A method of financing a pension plan under which the contributions to the plan are generally made at about the same time and in about the same amount as benefit payments and expenses becoming due.

PAYROLL GROWTH RATE. An actuarial assumption with respect to future increases in total covered payroll attributable to inflation; used in applying the level percentage of projected payroll amortization method.

PENSION BENEFITS. Retirement income and all other benefits, including disability benefits, death benefits, life insurance, and other ancillary benefits, except healthcare benefits, that are provided through a defined benefit pension plan to plan members and beneficiaries after termination of employment or after retirement. Postemployment healthcare benefits are considered other postemployment benefits, whether they are provided through a defined benefit pension plan or another type of plan.

PENSION PLANS. Arrangements through which pensions are determined, assets dedicated for pensions are accumulated and managed, and benefits are paid as they come due.

County of Fresno
Glossary for the Comprehensive Annual Financial Report

PLAN MEMBERS. Individuals that are covered under the terms of a pension plan. Plan members generally include (a) employees in active service (active plan members) and (b) terminated employees who have accumulated benefits but are not yet receiving them and retirees or their beneficiaries currently receiving benefits (inactive plan members).

POSTEMPLOYMENT. Period following termination of employment, including the time between termination and retirement postemployment healthcare benefits.

PROGRAM REVENUES. Term used in connection with the government-wide statement of activities. Revenues that derive directly from the program itself or from parties outside the reporting government's taxpayers or citizenry, as a whole; they reduce the net cost of the function to be financed from the government's general revenues.

PROJECTED BENEFIT PAYMENTS. All benefits estimated to be payable through the pension plan to current active and inactive employees as a result of their past service and their expected future service.

PROPRIETARY FUNDS. Funds that focus on the determination of operating income, changes in net position (or cost recovery), financial positions, and cash flows. There are two different types of proprietary funds: enterprise funds and internal service funds.

REAL RATE OF RETURN. The rate of return on an investment after adjustment to eliminate inflation.

REBATABLE ARBITRAGE. A term used in connection with the reinvestment of the proceeds of tax-exempt debt. A requirement to remit to the federal government interest revenue in excess of interest costs when the proceeds from the sale of tax-exempt securities are reinvested in a taxable money market instrument with a materially higher yield.

REPORTING ENTITY. The oversight unit and all of its component units, if any, that are combined in the CAFR/BFS.

REQUIRED SUPPLEMENTARY INFORMATION. Consists of statements, schedules, statistical data, or other information which, according to the GASB, is necessary to supplement, although not required to be a part of the basic financial statements.

RESTRICTED ASSETS. Assets whose use is subject to constraints that are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

RESTRICTED FUND BALANCE. Amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

RESTRICTED NET POSITION. One of three components of net position that must be reported in both government-wide and proprietary fund financial statements. It consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Generally, a liability or deferred inflow of resources relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability/deferred inflow of resources or if the liability will be liquidated with the restricted assets reported.

RETAINED EARNINGS. An equity account reflecting the accumulated earnings of an enterprise fund or internal service fund.

REVENUE BONDS. Bonds whose principal and interest are payable exclusively from earnings of an enterprise fund. In addition to a pledge of revenues, such bonds sometimes contain a mortgage on the enterprise fund's property.

RISK MANAGEMENT. All the ways and means used to avoid accidental loss or to reduce its consequences if it does occur.

SELF-INSURANCE. A term often used to describe the retention by an entity of a risk of loss arising out of the ownership of property or from some other cause, instead of transferring the risk to an independent third party through the purchase of an insurance policy. It is sometimes accompanied by the setting aside of assets to fund any related losses. Because no insurance is involved, the term self-insurance is a misnomer.

SERVICE LIFE. The average remaining years of service of all members of the plan (both current employees and retirees).

County of Fresno

Glossary for the Comprehensive Annual Financial Report

SINGLE AUDIT. An audit performed in accordance with the Single Audit Act of 1997 and the United States' Office of Management and Budget's (OMB) Circular A-133, *Audits of State and Local Governments and Non-Profit Organizations*. The Single Audit Act allows or requires governments (depending on the amount of federal assistance received) to have one audit performed to meet the needs of all federal agencies.

SPECIAL DISTRICT. An independent unit of local government organized to perform a single government function or a restricted number of related functions. Special districts usually have the power to incur debt and levy taxes; however, certain types of special districts are entirely dependent upon enterprise earnings and cannot impose taxes. Examples of special districts are water districts, drainage districts, flood control districts, hospital districts, fire protection districts, transit authorities, port authorities, and electric power authorities.

SPECIAL REVENUE FUND. A fund used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

STATEMENT OF NET POSITION. A financial statement reporting all assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position. This statement reports the residual amount of all assets, deferred outflows of resources, liabilities, deferred inflows of resources as net position.

SUBSTANTIVE PLAN. Terms of an OPEB plan as understood by the employer(s) and plan members.

TAX AND REVENUE ANTICIPATION NOTES (TRANS). Notes issued in anticipation of the collection of taxes and revenues, usually retired only from tax collections, and frequently only from the proceeds of the tax and revenues levy whose collection they anticipate.

TERMINATION BENEFITS. Inducements offered by employers to active employees to hasten the termination of services, or payments made in consequence of the early termination of services. Termination benefits include early-retirement incentives, severance benefits, and other termination-related benefits.

TOTAL PENSION LIABILITY. The portion of the actuarial present value of projected benefit payments that is attributed to past periods of employee service.

TRUST FUNDS. Funds used to account for assets held by a government in a trustee capacity for individuals, private organizations, other governments and/or other funds.

UNASSIGNED FUND BALANCE. The residual classification for the County's General Fund that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

UNASSIGNED FUND BALANCE. The residual classification for the County's General Fund that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

UNEARNED REVENUES. Resource inflows that do not yet meet the criteria for revenue recognition. In governmental funds, earned amounts also are reported as unearned revenue until they are available to liquidate liabilities of the current period.

UNMODIFIED OPINION. An opinion rendered without reservation by the independent auditor that financial statements are fairly presented.

UNRESTRICTED NET POSITION. One of three components of net position that must be reported in both government-wide and proprietary fund financial statements. It is the difference between net position and its two other components (net investment in capital assets and restricted net position).

VARIABLE-RATE INVESTMENT. An investment with terms that provide for the adjustment of its interest rate (such as the last day of the month or a calendar quarter) and that, upon each adjustment until the final maturity of the instrument or the period remaining until the principal amount can be recovered through demand, can reasonably be expected to have a fair value that will be unaffected by interest rate charges.
