

Application Checklist

The following documents are required and must be submitted via Smartsheets in one single PDF document, not to exceed 25 MB. Keep the file name brief, as files are corrupted when file names are too long. Refer to the Grant Application Guide for additional information and/or samples. Failure to include any of the required documents will result in a reduced application score.

PDF documents should be submitted in their fillable PDF formats. The original file formats will be required upon grant award.

Required Application Documents

Sustainable Transportation Planning Grant Program

GRANT APPLICATION COVER SHEET

PART A. APPLICATION INFORMATION

FY 2023-24

Grant Category (select only one)

Climate Adaptation (MPOs, RTPAs, Transit Agencies, Cities, Counties, Tribes, other Public Transportation Planning Entities)

11.47% Local Match requirement (Not Applicable to Native American Tribal Governments)

Sustainable Communities (MPOs with sub-applicant, RTPAs, Transit Agencies, Cities, Counties, Tribes, other Public Transportation Planning Entities)

Strategic Partnerships (MPOs and RTPAs only)

✓	Sustainable Communities Competitive (11.47% Local Match requirement)		Strategic Partnerships (FHWA SPR Part I) (20% Local Match requirement)
	Sustainable Communities Competitive Technical (11.47% Local Match requirement)		Strategic Partnerships Transit (FTA 5304) (11.47% Local Match requirement)

Application Submittal Type (more than one may be selected)

New

Prior Phases

Re-Submittal

✓	New Application		Continuation of a prior project. If so, list the Grant FY and project title below.		Re-submittal from a prior grant cycle.
				1	How many times has an application been submitted for this project, including this one?

PART B. PROJECT INFORMATION

Project Title and Location

Project Title	Active Transportation Plan for DUCs in Fresno County			
Project Location (City)	Fresno County, CA	Project Location (County)	Fresno County	

Funding Information

- Is the applicant proposing to meet the minimum local match requirement or an over-match? Use the Match Calculator to determine the appropriate match. [Match Calculator](#)
☐ Minimum Local Match ☒ Over-Match
- What is the source of Local Match funds being used?
(MPOs – Federal Toll Credits, PL, and FTA 5303 cannot be used to match Sustainable Communities Competitive or Adaptation Planning grants)
☒ Local Transportation Funds ☐ Local Sales Tax ☐ Special Bond Measures
☒ Other, specify: Measure C

Grant Funds Requested	Local Match (Cash)	Local Match (In-Kind)	Total Local Match	% Local Match	Total Project Cost
\$ 250,000	\$ 30,000	\$ 20,000	\$ 50,000	16.66%	\$ 300,000

Sustainable Transportation Planning Grant Program

GRANT APPLICATION COVER SHEET

PART B. PROJECT INFORMATION (CONTINUED)

Project Description (3-5 Sentences Max.)

Insert Application Narrative:

1. Project Description

The County of Fresno (County) has identified the need for a more comprehensive Active Transportation Plan to select local communities in which to focus efforts on infrastructure project identification and implementation. The projects that are generated by this plan will be considered for selection for state and federal grants such as the Active Transportation Program (ATP) and Safe Streets for All (SS4A). The funding, if awarded, will be used to hire a consultant who will be tasked with investigating and analyzing the needs of the County's Disadvantaged Unincorporated Communities (DUCs) and provide the necessary information to identify those areas within the County most in need of infrastructure improvements. The County will make available supplemental funding such Measure C (Bicycle, Pedestrian, Urban & Rural trails, etc.) for the local match.

Project Type

Choose the Project Type that best represents the focus of the proposed project. See Grant Application Guide for examples. Two max. may be selected.

- ☒ Active Transportation (Bicycle and Pedestrian)
- ☐ Climate Change (Infrastructure Adaptation, Vulnerability and Resiliency)
- ☐ Complete Streets (Multimodal specific type)
- ☐ Corridor (Local Streets or Highways)
- ☐ Freight/Goods Movement
- ☐ General Plan (Circulation Element, Land Use Element, Specific Plan)
- ☐ Multimodal (Motorized and Active Transportation)
- ☐ Technical (Modeling, VMT Mitigation, ZEV Infrastructure, ZEB Transition, etc.)
- ☐ Transit (Bus, Light Rail, and Commuter Rail Service)
- ☐ Other, specify:

Underserved Community Definitions

If applicable to the project, what tools were used to identify the underserved communities in the project area? Choose all that apply.

- ☐ Rural Communities of 50,000 or less and outside of urbanized areas
- ☐ Native American Tribal Governments
- ☒ Regionally/Locally Defined Underserved Communities
- ☐ At/Below 80% Assembly Bill 1550 (Gomez, Statutes of 2016)
- ☐ At/Above 75% California Department of Education, Free or Reduced Priced Meals Data
- ☒ At/Above 75% CalEnviroScreen Version 4.0
- ☒ At/Below 25% California Healthy Places Index

Sustainable Transportation Planning Grant Program

GRANT APPLICATION COVER SHEET

PART C. CONTACT INFORMATION*

	Primary Applicant	Sub-Applicant	Sub-Applicant
Organization (Legal name)	County of Fresno		
Dept./Division	Public Works & Planning/Design Division		
Street Address	2220 Tulare Street, 6 th Floor		
City	Fresno		
Zip Code	93721		
Phone Number	(559) 600-4109		
Executive Director Name	Steven E. White		
Title	Director		
Executive Director E-mail	stwhite@fresnocountyca.gov

Sustainable Transportation Planning Grant Program GRANT APPLICATION COVER SHEET

PART D. COMPLIANT HOUSING ELEMENT

City/County Primary/Sub-Applicants for Sustainable Communities Grants	Yes	No
Does the City/County have a compliant Housing Element? If No, explain the current status:	X	
Has the City/County submitted Annual Progress Report to the California Department of Housing and Community Development for calendar years 2020 and 2021?	X	

PART E. OTHER FUNDING PROGRAMS

Applicants may leverage other program funds for this planning grant, as long as the activities are eligible.

	Yes	No	N/A
Is the applicant applying for the Governor's Office of Planning and Research (OPR) Climate Adaptation Planning Grant Program? Applicants should not submit the same project application to both funding programs. However, applicants may propose to leverage funds from one funding program to another. For instance, an applicant with a large project may propose to fund one component with Caltrans funds, and another with OPR funds. Applicants may also propose two entirely different projects to each funding program. If yes, identify the differences between each proposal, and briefly summarize the leverage opportunity if awarded both Caltrans and OPR funding:		X	
Is the applicant applying for any other funding programs to complete this project? If yes, list them here:		X	

Sustainable Transportation Planning Grant Program

GRANT APPLICATION COVER SHEET

PART F. LEGISLATIVE INFORMATION

Use the following link to determine the appropriate legislative members in the Project area.

Search by address: <http://findyourrep.legislature.ca.gov/>

State Senator(s)		Assembly Member(s)	
District	Name	District	Name
8	Angelique Ashby	23	Marc Berman
12	Shannon Grove	31	Dr. Joaquin Arambula
14	Melissa Hurtado		

PART G. LETTERS OF SUPPORT

List all letters of support received for the proposed project. Letters should be addressed to the applicant.

Name/Agency	Name/Agency
Fresno Council of Governments	
Fresno County Rural Transit Agency	
Housing & Comm. Dev. Community Advisory Committee	
Del Rey Community Services District	
Laton Community Services District

Sustainable Transportation Planning Grant Program
SUSTAINABLE COMMUNITIES - GRANT APPLICATION
NARRATIVE

PART H. APPLICATION NARRATIVE

FY 2023-24

Project Information

Organization (Legal name)	
Project Title	
Project Area Boundaries	
Project Timeframe (Start and End Dates)	

Do not alter application format and font size 10

Application Narrative

- 1. Project Description (10 points) - 3-5 sentences maximum; Do not exceed the space provided.**
Briefly summarize project in a clear and concise manner, including why the project is necessary, major deliverables, parties involved, and any connections to relevant local, regional, and/or State planning efforts.

Sustainable Transportation Planning Grant Program

SUSTAINABLE COMMUNITIES - GRANT APPLICATION

NARRATIVE

2A. Project Justification (15 points) - Do not exceed the space provided

- Describe the problems or deficiencies the project is attempting to address, as well as how the project will address the identified problems or deficiencies
- Describe the ramifications and impact of not funding this project
- Clearly define the existing issues surrounding the project (e.g., transportation issues, inadequate transit services, impacts of heavy trucking on local streets, air pollution, etc.)
- Competitive applications support the need for the project with empirical data
- Describe how this project addresses issues raised
- Define the public benefit
- Explain how the public was involved with identifying issues

Sustainable Transportation Planning Grant Program
SUSTAINABLE COMMUNITIES - GRANT APPLICATION
NARRATIVE

2A. Project Justification (continued)

Sustainable Transportation Planning Grant Program

SUSTAINABLE COMMUNITIES - GRANT APPLICATION

NARRATIVE

2B. Underserved Communities Justification (5 points) - Do not exceed the space provided

- Explain how the project area or portions of the project area are defined as an underserved community, including Native American Tribal Governments and rural communities
- Explain how the proposed project addresses the needs of the underserved community
- Describe how underserved communities will benefit from the proposed planning project
- Cite data sources, the Grant Application Guide Appendix A tools used to define underserved communities, and include a comparison to the statewide thresholds that are established in each tool

2C. Underserved Communities Engagement (5 points) - Do not exceed the space provided

- See Grant Application Guide, Appendix A, for community engagement best practices
- Describe how the proposed effort would engage underserved communities, including Native American Tribal Governments and rural communities. Include specific outreach methods for involving underserved communities
- Describe how underserved communities will continue to be engaged during the next phases after the proposed planning project is complete, including project implementation.

Sustainable Transportation Planning Grant Program

SUSTAINABLE COMMUNITIES - GRANT APPLICATION

NARRATIVE

3. Grant Specific Objectives (Total 35 points)

Integrate the following Grant Program Considerations (Grant Application Guide, Chapter 1.2) in the responses for 3A-G below, as applicable:

- Caltrans Strategic Plan
- California Transportation Plan (CTP)
- Modal Plans that Support the CTP
- Title VI and Environmental Justice
- Climate Action Plan for Transportation Infrastructure
- California Adaptation Strategy
- Master Plan for Aging

3A. Grant Specific Objectives (5 points) - Do not exceed the space provided

- Explain how the proposal encourages local and regional multimodal transportation, housing and land use planning that furthers the region's RTP SCS (where applicable)
- Demonstrate how the proposed effort would coordinate transportation, housing, and land use planning components of the project to inform one another (i.e., regular coordination meetings between responsible entities, joint community meetings, letters of commitment from all relevant implementing agencies, etc.
- Explain how the proposed effort would contribute to shifts in land use towards more sustainable and equitable communities, such as more affordable housing near transit or more compact regional development patterns (Reference Grant Application Guide, Chapter 2.2, for example project types)

Sustainable Transportation Planning Grant Program

SUSTAINABLE COMMUNITIES - GRANT APPLICATION

NARRATIVE

3B. Grant Specific Objectives (5 points) - Do not exceed the space provided

- Explain how the proposal contributes to the State's GHG reduction targets and advances transportation related GHG emission reduction project types/strategies (i.e., mode shift, demand management, travel cost, operational efficiency, accessibility, and coordination with future employment and residential land use, etc.)

3C. Grant Specific Objectives (5 points) - Do not exceed the space provided

- Explain how the proposal supports other State goals, including but not limited to:
 - State Planning Priorities (Government Code Section 65041.1)
 - Climate Adaptation Goals (State Adaptation Strategy)
 - Goals and Best Practices cited in the 2017 RTP Guidelines, Appendices K and L

Sustainable Transportation Planning Grant Program

SUSTAINABLE COMMUNITIES - GRANT APPLICATION

NARRATIVE

3D. Grant Specific Objectives (5 points) - Do not exceed the space provided

- Explain how the proposal encourages stakeholder involvement
- List the stakeholders involved in the planning effort (e.g., first responders, community-based organizations, local housing and public health departments, transit agencies, and partners including State, federal, local agencies)
- Explain how stakeholders will be involved throughout the project

3E. Grant Specific Objectives (5 points) - Do not exceed the space provided

- Explain how the proposal involves active community engagement
- Describe the specific public outreach methods/events that will be employed throughout the project
- Explain how public input will inform the project
- Describe how the effort will survey the public at the end of each outreach event to gauge effectiveness of these activities for the planning effort

Sustainable Transportation Planning Grant Program

SUSTAINABLE COMMUNITIES - GRANT APPLICATION

NARRATIVE

3F. Grant Specific Objectives (5 points) - Do not exceed the space provided

- Explain how the proposal assists in achieving the Caltrans Mission and Grant Program Objectives (Grant Application Guide, Chapter 1.2): Sustainability, Preservation, Accessibility, Safety, Innovation, Economy, Health, and Social Equity, as applicable

3G. Grant Specific Objectives (5 points) - Do not exceed the space provided

- Explain how the proposal ultimately results in funded and programmed multimodal transportation system improvements
- Discuss next steps for project implementation, including timing for programming improvements that would result from the planning effort

Sustainable Transportation Planning Grant Program
SUSTAINABLE COMMUNITIES - GRANT APPLICATION
NARRATIVE

4. Project Management (Total 30 points)

See Scope of Work and Cost and Schedule samples and checklists for requirements (Grant Application Guide, Appendix B), also available on the Caltrans grants website:
<https://dot.ca.gov/programs/transportation-planning/division-of-transportation-planning/regional-and-community-planning>

4A. Scope of Work (15 points)

4B. Cost and Schedule (15 points)

Scope of Work Checklist

The Scope of Work (SOW) is the official description of the work that is to be completed during the contract. Tasks 1-6 outlined in the SOW are for illustrative purposes only.

Applications with missing components will be at a competitive disadvantage. Please use this checklist to make sure your Scope of Work is complete.

Scope of Work Checklist	
(✓) Ensure these items are completed prior to submitting to Caltrans	
✓	Use the Fiscal Year 2023-24 template provided
✓	Include the activities discussed in the grant application
✓	List all tasks using the same title as stated in the Project Cost and Schedule
✓	Include task numbers in accurate and proper sequencing, consistent with the Cost and Schedule
✓	Exclude sub-task numbers; only include sub-headings
✓	Exclude tasks for project management and/or staff/consultant coordination; these activities should be spread among relevant tasks
✓	Include a thorough Introduction to describe relevant background, related planning efforts, the project and project area demographics, including a description of the disadvantaged community involved with the project, if applicable
✓	Include a thorough and accurate narrative description of each task
✓	Task 01 is a required task. It must be titled "Project Administration", it cannot exceed 5% of the grant award amount, and only the grantee and sub-recipient(s) can charge against this Task. This Task must only include the following activities and deliverables: • Caltrans and grantee Project kick-off meeting at the start of the grant • Invoicing and quarterly reporting to Caltrans • DBE Reporting (federal grants only)
✓	Include Task 02 for the procurement of a consultant (if needed). This task is for the <u>grantee and sub-recipient(s) only</u> .
✓	Include detailed public participation and services to diverse communities in the Public Outreach Task (excluding technical projects)
✓	Identify public outreach strategies in a manner that provides flexibility and allows for a diverse range of outreach methods (both in-person and on-line), considering the current COVID-19 environment (excluding technical projects)
✓	Include a Task(s) for a Draft and Final product. The draft plan must include an opportunity for the public to provide feedback (excluding technical projects).
✓	Include a summary of next steps your agency will take towards implementing the project in the Final Product
✓	List achievable project deliverables for each Task
✓	EXCLUDE environmental, complex design, engineering work, and other ineligible activities outlined in the Grant Application Guide

SCOPE OF WORK

Project Information	
Grant Category	Sustainable Transportation Planning Grant
Grant Fiscal Year	2023-24
Project Title	Active Transportation Plan for DUCs in Fresno County
Organization (Legal name)	County of Fresno, Department of Public Works and Planning

Disclaimer

Agency commits to the Scope of Work below. Any changes will need to be approved by Caltrans prior to initiating any Scope of Work change or amendment.

Introduction

The County of Fresno (County) has identified the need for a more comprehensive Active Transportation Plan to select local communities in which to focus efforts on infrastructure project identification and implementation. A regional Active Transportation Plan was developed by Fresno Council of Governments (FCOG) in 2018; however, the plan does not address the needs of the County's Disadvantaged Unincorporated Communities (DUCs) in a way that would be helpful in identifying potential projects. The projects that are generated by this plan will be considered for selection for state and federal grants such as the Active Transportation Program (ATP) and Safe Streets for All (SS4A). The funding, if awarded, will be used to hire a consultant who will be tasked with investigating and analyzing the needs of the County's Disadvantaged Unincorporated Communities (DUCs) and provide the necessary information to identify those areas within the County most in need of infrastructure improvements. The County will make available supplemental funding such Measure C (Bicycle, Pedestrian, Urban & Rural trails, etc.) for the local match.

Project Stakeholders

The new Plan will engage divisions within PWP, such as the Community Development Division, the Development Services Division, the Road Maintenance and Operations Division. Outside of PWP, the County's Department of Public Health will be engaged to assist in health data acquired from the various DUCs. The Plan will also engage FCOG's resources and data from the U.S. Census Bureau to pinpoint exactly which communities are most in need of improvements. Other agencies which may be involved in the Plan include the San Joaquin Valley Air Pollution Control District, the Fresno County Housing Authority, Leadership Counsel for Justice and Accountability, and County Rural Legal Assistance.

The County believes that also involving any of the DUCs' community services districts, as well as their residents, will lead to a better process, greater community support, and more ideas on the table. The Plan will result in a better understanding of these communities with a participatory process which will foster an overall more effective effort to take advantage of all the possible advantages brought by infrastructure improvements.

A consultant will be engaged to conduct research into the DUCs and compile data about the transportation needs of each community. A report will be created that the County will use to identify projects that are high priority and can be used to apply for future grant funding.

Overall Project Objectives

Sustainability

The proposed study will address sustainability issues by identifying the DUCs most in need of reliable and efficient mobility of people, goods, and services, while meeting the State's GHG emission reduction goals.

Preservation

Preservation of the County's transportation systems is vital to the long-term success of its transportation planning goals identifying projects which will enhance the quality of life and environmental health of the County's DUCs.

Accessibility

The study will examine potential methods to increase accessibility within the County's transportation infrastructure and ways to improve mobility of people in the County's DUCs, inclusive of those with disabilities and/or socio-economic disadvantage.

Safety

The safety and security of its citizens are a priority for the County. The study will aim to increase the safety and security of its DUCs' transportation system for motorized and active transportation users.

Innovation

A valuable portion of the study would be the investigation of potential technology and innovative designs which may improve the performance and social equity of the County's transportation system, as well as provide sustainable transportation options.

Economy

The projects generated from the proposed study would focus on improving transportation efficiency among the County's DUCs, which would increase the economic vitality and equity of these communities by offering residents outlets to reduce barriers to employment through transportation infrastructure improvements.

Health

The proposed study will focus on recommending projects that decrease exposure to local pollution sources, reduce serious injuries and fatalities on the transportation system, and promote physical activity across the lifespan, inclusive of those with disabilities, especially through transportation means.

Social Equity

The projects that are recommended by the proposed study will promote transportation solutions that focus on and prioritize the needs of disadvantaged communities most affected by poverty, air pollution and climate change. The projects will focus on solutions that integrate community values with transportation safety and performance while encouraging meaningful public involvement in the transportation decision making process. Transportation solutions that focus on and prioritize the needs of the County's DUCs will mitigate the challenges of social equity by encouraging residents to participate in the transportation decision-making process.

Summary of Project Tasks

Task 01: Project Administration

This is an Administrative Task that shall only be charged against by the Grantee for the Administration of this grant project. Costs for this task cannot exceed 5% of the grant award amount.

Grantee will manage and administer the grant project according to the Grant Application Guidelines, Regional Planning Handbook, and the executed grant contract between Caltrans and the grantee.

Task Deliverables
• Kick-off meeting with Caltrans - Meeting Notes • Quarterly invoices and progress reports

Task 02: Consultant Procurement

Grantee will procure a consultant, consistent with state and federal requirements, Local Assistance Procedures Manual for procuring non-Architectural and Engineering consultants, the Grant Application Guide, Regional Planning Handbook, and the executed grant contract between Caltrans and the grantee.

Task Deliverables
• Provide current procurement procedures • Copy of the Request for Proposal/Qualifications • Copy of the contract between consultant and grantee, copies and amendments to the consultant contract • Meeting notes from project kick-off with consultant

Task 1: Existing Conditions

The consultant will inventory existing roads, sidewalks, bike lanes, and lack thereof in 36 disadvantaged communities.

Task Deliverables
• Gather Data on Existing Transportation Facilities in Disadvantaged Unincorporated Communities (DUCs) • Review Existing Plans • Create a Comprehensive Map of Transportation Facilities in DUCs • Provide a report of Existing Conditions Summary

Task 2: Analysis

The consultant will analyze the information and make recommendations on what improvements are needed, how much they cost, and develop an initial priority list.

Task Deliverables
• Make recommendations for improvements to existing conditions • Create initial cost estimates for improvements • Develop initial priority list based on need and feasibility

Task 3: Public Outreach

The project consultant and/or sub-consultant will be tasked with organizing a minimum of five public outreach events. Depending on the on-going needs of COVID these may be a combination of in person or virtual events. These events will provide an introductory event, a minimum of three feedback/progress events, and a final report event. Should funding and needs allow for additional feedback/progress events then those may be arranged for pending approval from the Grant facilitator(s).

Task Deliverables
• Develop strategy for public outreach, through use of social media, traditional media, and community-based organizations • Produce surveys, flyers, and advertisements • Provide outreach and meetings in multiple languages as needed • Hold minimum of 5 meetings (combination of in-person and virtual) and present draft plan, priority list and conceptual drawings to the public • Provide sign in sheets/proof of attendance • Provide summary report of public outreach events and feedback received

Task 4: Advisory Committee Meetings

The project consultant and/or sub-consultant will be tasked with attending and presenting to advisory groups as needed or requested.

Task Deliverables
• Present Draft and, later, Final Plan at up to 4 advisory group meetings • Preparation of Visual Media Presentation of Draft and Final Plans through slideshow or video • Assisting with preparation of advance agenda material • Give presentation and answer questions from the group, and incorporate recommendations when possible

Task 5: Financial Evaluation

The consultant will further develop cost estimates for projects and provide recommendations on funding sources to pay for improvements as well as to provide recommendations on funding mechanisms to maintain improvements.

Task Deliverables
• Provide Specific Cost Estimates • Identify Resources for Construction/Maintenance • Identify Partner Entities/Mechanisms • Identify Alternative Funding Sources

Task 6: Draft and Final Plan

The consultant will prepare a draft plan based on their analysis and Feedback from County staff. The Consultant will prepare a final plan based on feedback received from public outreach, the Board of Supervisors, and County staff.

Task Deliverables

- Draft Plan for County Review – list of comments
- Draft Plan for Public Review – list of comments
- Draft Plan for Board of Supervisors Review – list of comments
- Final Plan that includes a summary of next steps towards implementation, a starting list of projects and their ranked prioritization based on most efficient use of funds and their potential scoring for future funding, credits FHWA, FTA, and/or Caltrans on the cover or title page, submitted to Caltrans in an ADA accessible electronic copy

Task 7: Board Review/Approval

The project consultant and/or sub-consultant will be tasked with attending and presenting the Draft Plan and Final Plan to the Board of Supervisors, and potentially other oversight groups.

Task Deliverables

- Present Draft and later, Final Plan at the Board of Supervisors meetings
- Preparation of Visual Media Presentation of Draft and Final Plans through slideshow or video
- Assisting with preparation of advance agenda material
- Give presentation and answer questions from the Board, and defend recommendations
- Give presentations at up to 2 additional meetings if needed

Table Of Contents Table

COUNTY OF FRESNO
COLLISON DATA (1/1/2018 to 10/15/21)

The image displays a map of a street intersection and a corresponding data table. The map shows a street labeled 'S FRESNO COLLINGA RD CA' running diagonally. It intersects with 'W EXCELSIOR AVE' at the top and 'W PAIGE AVE' at the bottom. A green circular marker with the number '145' is placed on the diagonal road. Other streets shown are 'S BUTTE AVE' and 'S LAKE AVE'. Below the map is a table window titled 'Collisions db'. The table has the following columns: ReportNo, CollDate, CollTime, PriRoad, SecRoad, OfficerID *, NCICNo, Distance, Direction, InvolvedWi, and CollType. The table is currently empty. At the bottom of the window, there is a status bar showing '(0 out of *2000 Selected)' and a 'Table Of Contents' button.

COUNTY OF FRESNO
COLLISION DATA (1/1/2018 to 10/15/21)

A map showing the intersection of W Mount Whitney Ave and S Lassen Ave CA. The map highlights the 145 and 269 bus routes. W Mount Whitney Ave runs horizontally across the top, and S Lassen Ave CA runs vertically down the center. S Fresno Coalinga Rd CA runs diagonally from the bottom left towards the intersection. The 145 route is marked with a green circle containing the number 145, and the 269 route is marked with a green circle containing the number 269. The map also shows a grid of streets and some building footprints.

The screenshot displays a data table application window. The title bar reads 'Table'. Below the title bar is a toolbar with various icons for file operations. The main area is titled 'Collisions db' and contains a table with the following columns: ReportNo, CollDate, CollTime, PriRoad, SecRoad, OfficerID *, NCICNo, Distance, Direction, InvolvedWi, and CollType. The table is currently empty. At the bottom, a status bar shows '(0 out of *2000 Selected)'. A small 'Table Of Contents' pane is visible on the left side of the bottom bar.

RE: Support for Fresno County's Sustainable Transportation Planning Grant Application for
Fiscal Year 2023-24

Dear Grant Selection Committee:

I am writing to express our support for Fresno County's Sustainable Transportation Planning Grant Application for Fiscal Year 2023-24. We strongly support the projects that would result from this funding if awarded and believe they would represent responsible uses of federal funds.

The County of Fresno oversees 36 Disadvantaged Unincorporated Communities which are mostly rural, farming communities, regularly overlooked for infrastructure improvements due to a variety of reasons, such as low population. With this funding, a comprehensive study would take place under the County's direction to first, determine those communities' transportation deficiencies and then, the avenues to rectify. To ensure community support and a better understanding of community needs, local advocates, organizations, and residents will participate in the process. The study will identify projects such as safe walking paths between neighborhoods, improved bicycling facilities, and smoother roadways, which increase physical activity, reduce collision injuries and fatalities, minimize air pollution, and contribute to the overall health and well-being of residents in the County's Disadvantaged Unincorporated Communities.

Thank you for your consideration of Fresno County's Sustainable Transportation Planning Grant Application for Fiscal Year 2023-24.

Sincerely,

Mariana Alvarenga
Policy Advocate
Leadership Counsel for Justice and Accountability

**RE: Support for Fresno County's Sustainable Transportation Planning Grant Application
FY 2023-24**

To Whom It May Concern:

Fresno Council of Governments (Fresno COG) is pleased to provide this letter of support for Fresno County's proposal for a Caltrans Sustainable Communities grant to conduct a countywide study to identify the multimodal transportation needs of its 36 Disadvantaged Unincorporated Communities (DUCs). We understand that by preparing this study the County will be better positioned to pursue grants and partnerships to implement improvements that will expand multimodal options for the County.

The Disadvantaged Unincorporated Communities have many infrastructure needs including community-wide bicycle and pedestrian facilities, drainage, road repairs, and/or traffic control options. The County's efforts to plan for the needs of the region's DUCs will not only contribute to GHG reduction targets, but also to compliment Caltrans' planning goals.

Fresno COG works to provide efficient, safe, integrated transportation systems to serve the mobility needs of people, including accessible pedestrian and bicycle facilities, while fostering economic prosperity and development and minimizing mobile sources of air pollution. We are committed to creating safe, active, and healthy environments in Fresno County. The proposed project supports Fresno COG's regional vision and goals. Fresno COG strongly supports the County of Fresno's application. We truly hope that Caltrans will provide Fresno County with this important grant and look forward to working with Fresno County on this project and others that improve transportation options for our communities.

Sincerely,

Tony Boren

RE: Letter of Support for Caltrans' FY 2022-23 Sustainable Transportation Planning Grant Application

To Whom it May Concern:

Fresno County Rural Transit Agency (FCRTA) is pleased to provide this letter of support for the Caltrans Sustainable Transportation Planning Grant proposed by the Fresno County Department of Public Works and Planning (County) to conduct a county-wide study to identify the multi-modal transportation needs of its 36 Disadvantaged Unincorporated Communities (DUCs).

The 36 unincorporated communities in Fresno County are small, severely disadvantaged communities. These communities have many infrastructure needs including community-wide bicycle and pedestrian facilities, drainage, road repairs, and/or traffic control options. The project will help identify and highlight which communities should be the subject of focus for future multi-modal grant opportunities.

In conclusion, FCRTA believes the County's efforts to plan for the needs of the region's DUCs will not only contribute to GHG reduction targets, but also to compliment Caltrans' planning goals. I fully support the efforts the County is taking as they seek external funding to support a study designed to help address the needs of its DUCs. Any funding programs that can help our residents travel more safely, either as drivers, cyclists, or pedestrians, is greatly needed. I appreciate Caltrans' consideration of this project and am very pleased to submit this letter of support.

Sincerely,

Moses Stites
Fresno County Rural Transit Agency
