Existing vs. Proposed Allocations

Existing

If the existing Measure 'C' allocations were extended "as-is" in the new Measure, the County would receive about \$559M total, starting with \$10.2M and \$32M in the final year

Existing revenues to the County are currently \$9.5M annually

The Existing Measure allocates revenues based on a 75% population / 25% road miles allocation

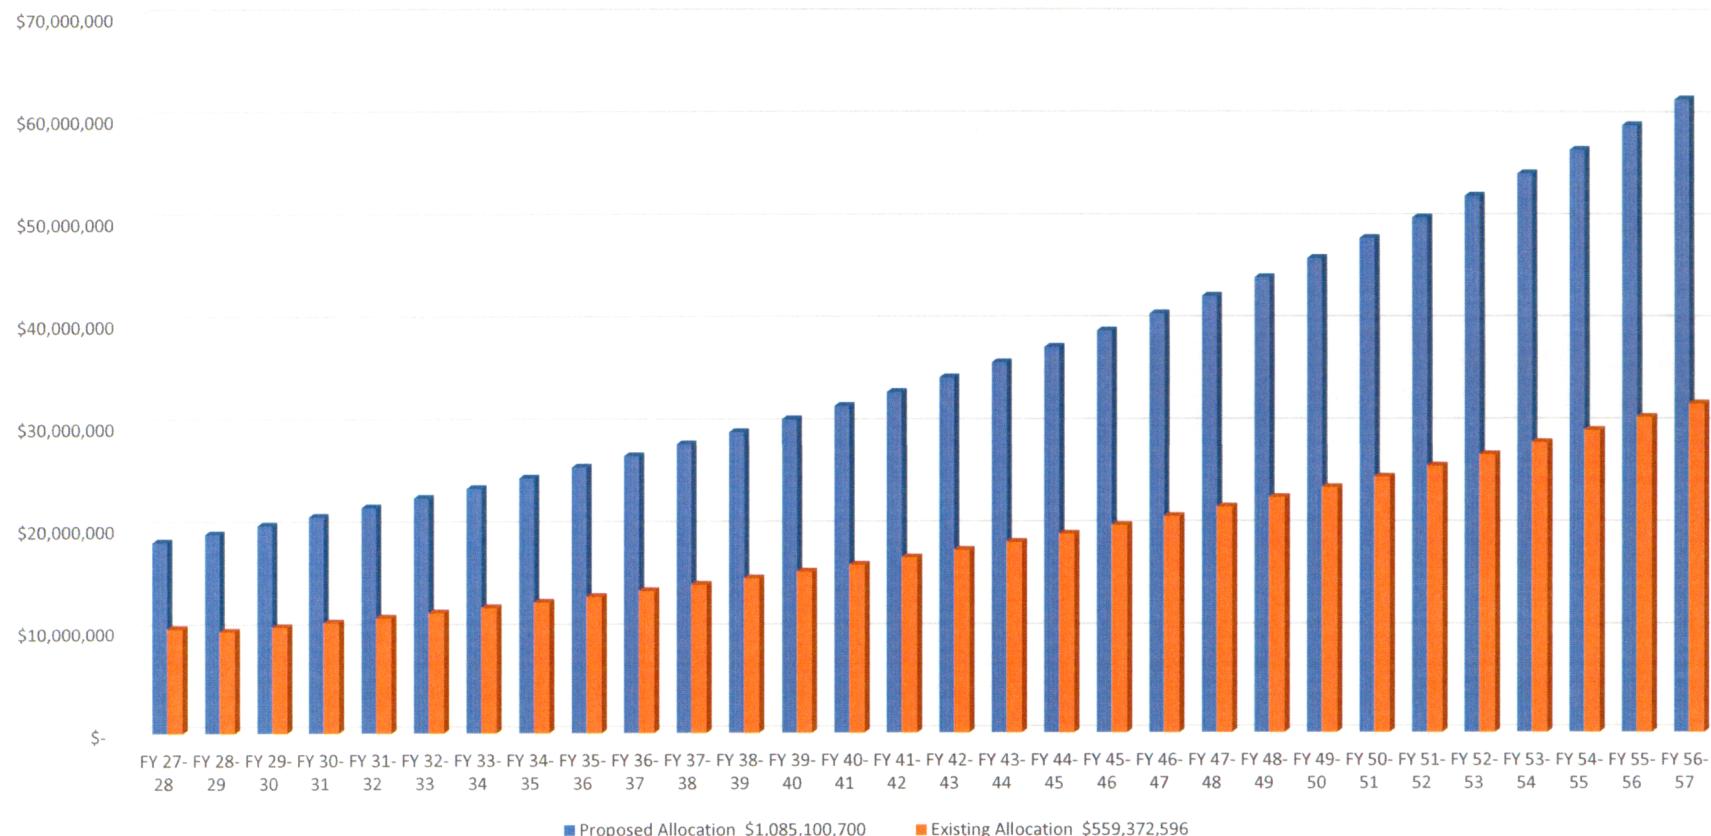

Proposed

The High Priority proposal recommended by the Steering Committee is projected to allocate over \$1 billion dollars to the County between 2027-2057, a 93% increase

If the new Measure passes as proposed by the Steering Committee, first year revenues are projected at \$18.6M and would increase to \$61.8M in the final year

The Proposed Measure allocates revenues based on an 80% population / 20% road miles

Measure C Existing Allocation vs. Proposed Allocation

City of Fresno vs. County Allocation Percentages

City

- Roads: 120% increase over current Measure Allocations
- Transit (FAX): 44% increase over current Measure Allocations

County

- 93% increase over current Measure Allocations

Next Steps

- The Steering Committee meets on November 19th
- The Fresno COG Policy Board will consider the proposal on November 20th
- The FCTA Board will consider the proposal on December 10th
- If approved by the Policy Board and FCTA Board , the proposal will be presented to your Board in early next year for inclusion on the 2026 Ballot
