**5. SUMMARY OF WORK TO BE PERFORMED:**

- A. Contractor shall be a county entity which will coordinate, participate in, and facilitate a collaborative community stakeholder workgroup focused on developing and implementing local solutions that target the reduction of the number of individuals with serious mental illness arrested and incarcerated for behavior connected to their illness. This can include, but not be limited to, planning for care court, coordinating treatment, discussing housing options, planning for rearrest and/or reentry into diversion programs. The workgroup shall also focus on targeting the reduction of Felony Incompetent to Stand Trial (FIST) commitments overall within the county. If the Contractor is not from one of the county entities required to participate in the workgroup as referenced in 6.A, facilitation and participation responsibilities may be delegated to another workgroup member.

**6. CONTRACTOR RESPONSIBILITIES:**

- A. The members of the workgroup coordinated by the Contractor must include, but are not limited to, representatives from the County Superior Court, the Public Defender's Office, the District Attorney's Office, the County Sheriff, the County Department of Behavioral Health or Primary Service Provider, and the County Probation Officer. The Contractor responsible for coordinating the workgroup may or may not be from one of the county entities required to participate on the collaborative community stakeholder workgroup.
- B. The Contractor shall submit and maintain an annual roster of all current members of their workgroup. The Contractor shall email the roster to DSH at [DSHDiversion@dsh.ca.gov](mailto:DSHDiversion@dsh.ca.gov) no later than July 31<sup>st</sup> of each fiscal year.
- C. Contractor shall actively utilize this workgroup to develop and implement local solutions that reduce the number of individuals with serious mental illness arrested who are incarcerated for behavior connected to their illness. Contractor must also utilize this workgroup to implement local solutions that target the reduction of FIST commitments overall within the county.
- D. Contractor shall coordinate meetings with the workgroup as often as necessary but, the Contractor must hold one (1) substantive quarterly meeting at a minimum.
- E. Meetings shall include, at a minimum, four (4) roster members or representatives of the roster members present to be eligible for invoicing. Contractor, in coordination with collaborative community stakeholder workgroup members, shall establish workgroup norms and processes to obtain concurrence and resolve disputes during developing, prioritizing, and implementing possible solutions.

- F. Contractor shall provide DSH with a list of roster members who attended the meeting, a copy of the meeting agenda which includes a list of action items discussed, and a brief summary of the current status and outcomes resulting from the workgroup's efforts as verification for disbursement.
- G. Contractor and its subcontractors shall procure and keep in full force and effect during the term of this Agreement all permits, registrations and licenses necessary to accomplish the work specified in this Agreement and shall give all notices necessary and incident to the lawful prosecution of the work. Contractor shall provide proof of any such license(s) permits(s), and certificate(s) upon request by the DSH. Contractor agrees that failure by itself or its subcontractors to provide evidence of licensing, permits, or certifications shall constitute a material breach for which the DSH may terminate this Agreement with cause.
- H. Contractor shall provide services as outlined in this Agreement. Contractor shall be responsible to fulfill the requirements of this Agreement and shall incur expenses at its own risk and invest sufficient amount of time and capital to fulfill the obligations as contained herein.
- I. Contractor and its subcontractors shall keep informed of, observe, comply with, and cause all its agents and employees to observe and to comply with all prevailing Federal, State, and local laws, rules, and regulations made pursuant to pertinent Federal, State, and local laws. If any conflict arises between provisions of the plans and specifications and any such law above referred to, Contractor shall immediately notify DSH in writing.
- J. The DSH may terminate the Agreement for cause, pursuant to section 7 of Exhibit C if the Contractor or its subcontractors fails to comply with a federal, state or local law and the noncompliance, based on the facts and circumstances would constitute a material breach of this Agreement under California law.
- K. On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. By submitting a bid or proposal, Contractor represents that it is not a target of Economic Sanctions. Should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for rejection of the Contractor's bid/proposal any time prior to contract execution, or, if determined after contract execution, shall be grounds for termination by the State.

## **7. DSH RESPONSIBILITIES:**

- A. DSH shall distribute funds to Contractor in accordance with the schedule outlined in Exhibit B, Section 5. Budget Detail, with approved submission of deliverables.
- B. Rights of the DSH to Perform Quality Assurance and Financial Audits/Reviews

If it is found that any party fails to perform or is physically or mentally incapable of providing services as required by the Agreement, then that party shall not perform services for the DSH.
- ii. The DSH may monitor and evaluate services provided in fulfillment of the requirements of this Agreement, as detailed in Exhibit A. Such monitoring and evaluation may occur on a regular cycle or as deemed necessary by the Contract Manager. The DSH retains sole and absolute discretion in determining any such evaluation schedule.
- iii. Inspections may be conducted by the DSH staff at any time during the Agreement term to check on the quality of work. Payment shall not be provided for services deemed unacceptable by the Contract Manager and/or their designee.

The DSH may hire third parties to perform the audit and examination, including but not limited to, accountants, consultants, or service providers in the applicable field. Contractor shall cooperate fully with the audits and examinations.
- v. If as a result of an audit and examination, the DSH is informed of underpayments or overpayments, the DSH shall notify Contractor of the need for payment or reimbursement. Upon receipt of a final audit report, Contractor has thirty (30) calendar days to reimburse any overpayment or to dispute or challenge the report. Contractor and the DSH shall confer and negotiate in good faith with respect to any disputed portion of the final audit report to reach agreement with respect to adjustments, payments, and reimbursements.
- vi. The DSH shall submit its findings to Contractor and establish a deadline for correcting any deficiencies in fulfilling the obligations set forth in this section. Failure by the Contractor to timely correct deficiencies shall be reason for termination of services under this Agreement.

**8. PERFORMANCE MEASURES:**

A. Complete and Timely Provision of Services

- i. Expectations: Contractor is expected to provide all services, including any and all required reports, in a timely manner – in accordance with timelines established in Exhibit A, Scope of Work.

- II. Effect on lower tier transactions: The terms of this Exhibit shall apply to all contracts, subcontracts, and subawards, and the information privacy and security requirements Contractor is obligated to follow with respect to DSH PCI disclosed to Contractor, or collected, created, maintained, stored, transmitted or used by Contractor for or on behalf of DSH, pursuant to Contractor’s agreement with DSH. When applicable the Contractor shall incorporate the relevant provisions of this Exhibit into each subcontract or subaward to its agents, subcontractors, or independent consultants.
- III. Definitions: For purposes of the agreement between Contractor and DSH, including this Exhibit, the following definitions shall apply:
  - A. Breach: “Breach” means:
    1. the unauthorized acquisition, access, use, or disclosure of DSH PCI in a manner which compromises the security, confidentiality or integrity of the information; or

- B. The Contractor shall retain each employee's certifications for DSH inspection for a period of three years following contract termination or completion.
- C. Contractor shall provide DSH with its employee's certifications within five (5) business days of a request by DSH for the employee's certifications.
- X. Employee Discipline: Contractor shall impose discipline that it deems appropriate (in its sole discretion) on such employees and other Contractor workforce members under Contractor's direct control who intentionally or negligently violate any provisions of this Exhibit.
- XI. Contractor CCPA Responsibilities: Contractor, its employees, agents, and sub-contractors, shall comply with all Contractor's legal obligations pursuant to the California Consumer Privacy Protection Act (CCPA), including but not limited to the handling and disclosure of personal information received resulting from this agreement, abiding by CCPA notice requirements on Contractor's website(s), safeguarding personal information received in connection with this agreement, refraining from using personal information received in connection with this agreement outside of the enumerated business purpose contained therein. Contractor's failure to comply with such laws and regulations shall constitute a material breach of this Agreement, and shall be grounds for immediate termination of the Agreement by DSH, pursuant to section 7 of Exhibit C. By executing this Agreement, Contractor certifies that it is aware of its legal obligations as set forth under the CCPA, that it is in compliance with the CCPA, and shall remain in compliance with all such laws and regulations for the term of this Agreement.

To the fullest extent permitted by State law, pursuant to section 5 of Exhibit C of this Agreement, Contractor agrees to indemnify and hold the DSH harmless from and against any and all liability, loss, suit, damage or claim, including third party claims brought against the DSH, as well as damages and reasonable costs assessed against the DSH by a court of competent jurisdiction (or, at Contractor's option, that are included in a settlement of such claim or action in accordance herewith), to the extent such claim arises from Contractor's violation of the CCPA in relation to Contractor's performance under this agreement; provided, that (i) Contractor is notified promptly in writing of the claim; (ii) Contractor controls the defense and settlement of the claim; (iii) Contractor provides a defense with counsel approved by the DSH; and (iv) the DSH cooperates with all reasonable requests of Contractor (at Contractor's expense) in defending or settling the claim.

XII. Breach and Security Incident Responsibilities:

A. Notification to DSH of Breach or Security Incident: The Contractor shall notify DSH **immediately by telephone call plus email or fax** upon the discovery of a breach (as defined in this Exhibit), **and within twenty-four (24) hours by email or fax** of the discovery of any security incident (as defined in this Exhibit), unless a law enforcement agency determines that the notification will impede a criminal investigation, in which case the notification required by this section shall be made to DSH immediately after the law enforcement agency determines that such notification will not compromise the investigation. Notification shall be provided to the DSH Program Contract Manager, the DSH Privacy Officer and the DSH Chief Information Security Officer, using the contact information listed in Section XI(F), below. If the breach or security incident is discovered after business hours or on a weekend or holiday and involves DSH PCI in electronic or computerized form, notification to DSH shall be provided by calling the DSH Information Security Office at the telephone numbers listed in Section XI(F), below. For purposes of this Section, breaches and security incidents shall be treated as discovered by Contractor as of the first day on which such breach or security incident is known to the Contractor, or, by exercising reasonable diligence would have been known to the Contractor. Contractor shall be deemed to have knowledge of a breach if such breach is known, or by exercising reasonable diligence would have been known, to any person, other than the person committing the breach, who is an employee or agent of the Contractor.

Contractor shall take:

As soon as the information is known and subject to the legitimate needs of law enforcement, Contractor shall inform the DSH Program Contract Manager, the DSH Privacy Officer, and the DSH Chief Information Security Officer of:
1. what data elements were involved, and the extent of the data disclosure or access involved in the breach, including, specifically, the number of individuals whose personal information was breached; and
  2. a description of the unauthorized persons known or reasonably believed to have improperly used the DSH PCI and/or a description of the unauthorized persons known or reasonably believed to have improperly accessed or acquired the DSH PCI, or to whom it is known or reasonably believed to have had the DSH PCI improperly disclosed to them; and
  3. a description of where the DSH PCI is believed to have been improperly used or disclosed; and
  4. a description of the probable and proximate causes of the breach or security incident; and
  5. whether Civil Code sections 1798.29 and 1798.82 (2021) or any other federal or state laws requiring individual notifications of breaches have been triggered.
- C. Written Report: The Contractor shall provide a written report of the investigation to the DSH Program Contract Manager, the DSH Privacy Officer, and the DSH Chief Information Security Officer as soon as practicable after the discovery of the breach or security incident. The report shall include, but not be limited to, the information specified above, as well as a complete, detailed corrective action plan, including information on measures that were taken to halt and/or contain the breach or security incident, and measures to be taken to prevent the recurrence or further disclosure of data regarding such breach or security incident.
- D. Notification to Individuals: If notification to individuals whose information was breached is required under state or federal law, and regardless of whether Contractor is considered only a custodian and/or non-owner of the DSH PCI, Contractor shall, at its sole expense, and at the sole election of DSH, either:

1. make notification to the individuals affected by the breach (including substitute notification), pursuant to the content and timeliness provisions of such applicable state or federal breach notice laws. ## Attachment 1 Contractor Data Security Standards

### 1. General Security Controls

- A. **Confidentiality Statement.** All persons that will be working with DSH PCI must sign a confidentiality statement. The statement must include at a minimum, General Use, Security and Privacy safeguards, Unacceptable Use, and Enforcement Policies. The statement must be signed by the workforce member prior to access to DSH PCI. The statement must be renewed annually. The Contractor shall retain each person's written confidentiality statement for DSH inspection for a period of three (3) years following contract termination.
- B. **Background check.** Before a member of the Contractor's workforce may access DSH PCI, Contractor must conduct a thorough background check of that worker and evaluate the results to assure that there is no indication that the worker may present a risk for theft of confidential data. The Contractor shall retain each workforce member's background check documentation for a period of three (3) years following contract termination.
- C. **Workstation/Laptop encryption.** All workstations and laptops that process and/or store DSH PCI must be encrypted using a FIPS 140-2 certified algorithm, such as Advanced Encryption Standard (AES), with a 128bit key or higher. The encryption solution must be full disk unless approved by the DSH Information Security Office.
- D. **Server Security.** Servers containing unencrypted DSH PCI must have sufficient administrative, physical, and technical controls in place to protect that data, based upon a risk assessment/system security review.
- E. **Minimum Necessary.** Only the minimum necessary amount of DSH PCI required to perform necessary business functions may be copied, downloaded, or exported.
- F. **Removable media devices.** All electronic files that contain DSH PCI data must be encrypted when stored on any removable media or portable device (i.e. USB thumb drives, floppies, CD/DVD, smart devices tapes etc.). PCI must

be encrypted using a FIPS 140-2 certified algorithm, such as Advanced Encryption Standard (AES), with a 128bit key or higher

- G. **Antivirus software.** All workstations, laptops and other systems that process and/or store DSH PCI must install and actively use a comprehensive anti-virus software solution with automatic updates scheduled at least daily.
- H. **Patch Management.** All workstations, laptops and other systems that process and/or store DSH PCI must have operating system and application security patches applied, with system reboot if necessary. There must be a documented patch management process which determines installation timeframe based on risk assessment and vendor recommendations. At a maximum, all applicable patches must be installed within 30 days of vendor release.
- I. **User IDs and Password Controls.** All users must be issued a unique user name for accessing DSH PCI. Username must be promptly disabled, deleted, or the password changed upon the transfer or termination of an employee with knowledge of the password. Passwords are not to be shared. Must be at least eight characters. Must be a non-dictionary word. Must not be stored in readable format on the computer. Must be changed every 60 days. Must be changed if revealed or compromised. Must be composed of characters from at least three of the following four groups from the standard keyboard:
- Upper case letters (A-Z)
  - Lower case letters (a-z)
  - Arabic numerals (0-9)
  - Non-alphanumeric characters (punctuation symbols)
- J. **Data Sanitization.** All DSH PCI must be sanitized using NIST Special Publication 800-88 standard methods for data sanitization when the DSH PCI is no longer needed.

## 2. System Security Controls

- A. **System Timeout.** The system must provide an automatic timeout, requiring reauthentication of the user session after no more than 20 minutes of inactivity.
- B. **Warning Banners.** All systems containing DSH PCI must display a warning banner each time a user attempts access, stating that data is confidential, systems are logged, and system use is for business purposes only. User must be directed to log off the system if they do not agree with these requirements.

- C. **System Logging.** The system must maintain an automated audit trail which can identify the user or system process which initiates a request for DSH PCI, or which alters DSH PCI. The audit trail must be date and time stamped, must log both successful and failed accesses, must be read only, and must be restricted to authorized users. This logging must be included for all user privilege levels including, but not limited to, systems administrators. If DSH PCI is stored in a database, database logging functionality must be enabled. Audit trail data must be archived for at least 3 years after occurrence.
- D. **Access Controls.** The system must use role based access controls for all user authentications, enforcing the principle of least privilege.
- E. **Transmission encryption.** All data transmissions of DSH PCI outside the contractor's secure internal network must be encrypted using a FIPS 140-2 certified algorithm, such as Advanced Encryption Standard (AES), with a 128bit key or higher. Encryption can be end to end at the network level, or the data files containing DSH PCI can be encrypted. This requirement pertains to any type of DSH PCI in motion such as website access, file transfer, and E-Mail.
- F. **Intrusion Detection.** All systems involved in accessing, holding, transporting, and protecting DSH PCI that are accessible via the Internet must be protected by a comprehensive intrusion detection and prevention solution.

### 3. Audit Controls

- A. **System Security Review.** All systems processing and/or storing DSH PCI must have at least an annual system risk assessment/security review which provides assurance that administrative, physical, and technical controls are functioning effectively and providing adequate levels of protection. Reviews shall include vulnerability scanning tools.
- B. **Log Reviews.** All systems processing and/or storing DSH PCI must have a routine procedure in place to review system logs for unauthorized access.
- C. **Change Control.** All systems processing and/or storing DSH PCI must have a documented change control procedure that ensures separation of duties and protects the confidentiality, integrity and availability of data.

### 4. Business Continuity / Disaster Recovery Controls

- A. **Disaster Recovery.** Contractor must establish a documented plan to enable continuation of critical business processes and protection of the security of electronic DSH PCI in the event of an emergency. Emergency means any circumstance or situation that causes normal computer operations to become

unavailable for use in performing the work required under this agreement for more than 24 hours.

- B. **Data Backup Plan.** Contractor must have established documented procedures to securely backup DSH PCI to maintain retrievable exact copies of DSH PCI. The backups shall be encrypted. The plan must include a regular schedule for making backups, storing backups offsite, an inventory of backup media, and the amount of time to restore DSH PCI should it be lost. At a minimum, the schedule must be a weekly full backup and monthly offsite storage of DSH data.

## 5. Paper Document Controls

- A. **Supervision of Data.** DSH PCI in paper form shall not be left unattended at any time, unless it is locked in a file cabinet, file room, desk or office. Unattended means that information is not being observed by an employee authorized to access the information. DSH PCI in paper form shall not be left unattended at any time in vehicles or planes and shall not be checked in baggage on commercial airplanes.
- B. **Escorting Visitors.** Visitors to areas where DSH PCI is contained shall be escorted and DSH PHI shall be kept out of sight while visitors are in the area.
- C. **Confidential Destruction.** DSH PCI must be disposed of through confidential means, using NIST Special Publication 800-88 standard methods for data sanitization when the DSH PSCI is no longer needed.
- D. **Removal of Data.** DSH PCI must not be removed from the premises of the Contractor except with express written permission of DSH.
- E. **Faxing.** Faxes containing DSH PCI shall not be left unattended and fax machines shall be in secure areas. Faxes shall contain a confidentiality statement notifying persons receiving faxes in error to destroy them. Fax numbers shall be verified with the intended recipient before sending.
- F. **Mailing.** DSH PCI shall only be mailed using secure methods. Large volume mailings of DSH PHI shall be by a secure, bonded courier with signature required on receipt. Disks and other transportable media sent through the mail must be encrypted with a DSH approved solution, such as a solution using a vendor product specified on the CALIFORNIA STRATEGIC SOURCING INITIATIVE.

Pursuant to Public Contract Code section 2010, a person that submits a bid or proposal to, or otherwise proposes to enter into or renew a contract with, a state agency with respect to any contract in the amount of \$100,000 or above shall certify, under penalty of perjury, at the time the bid or proposal is submitted or the contract is renewed, all of the following:

1. **CALIFORNIA CIVIL RIGHTS LAWS:** For contracts executed or renewed after January 1, 2017, the contractor certifies compliance with the Unruh Civil Rights Act (Section 51 of the Civil Code) and the Fair Employment and Housing Act (Section 12960 of the Government Code); and
2. **EMPLOYER DISCRIMINATORY POLICIES:** For contracts executed or renewed after January 1, 2017, if a Contractor has an internal policy against a sovereign nation or peoples recognized by the United States government, the Contractor certifies that such policies are not used in violation of the Unruh Civil Rights Act (Section 51 of the Civil Code) or the Fair Employment and Housing Act (Section 12960 of the Government Code).
