6 9.04.270 – Running at Large – Spaying and Neutering Prior to Redemption

7 A. Any unlicensed, unaltered dog impounded pursuant to this Chapter must be spayed or neutered, unless  
8 there is a medical exemption under subsection B of this section. The dog’s owner shall have three (3) days  
9 to obtain a license for the dog if they do not wish for it to be spayed or neutered. If the owner does not obtain  
a license within three (3) days, and there is no medical exemption under subsection B of this section, the dog  
must be spayed or neutered before release to the owner. Then only upon the payment of all fees, charges,  
and expenses due may the dog be released.

10 B. The sheltermaster may release intact any unaltered dog impounded pursuant to this Chapter that cannot be  
11 spayed or neutered due to a medical condition verified by a veterinarian licensed to practice veterinary  
12 medicine in the State of California. Before redemption of said dog, the sheltermaster shall issue the dog’s  
13 owner a written notice requiring the owner to spay or neuter the dog when the dog is healthy enough to be  
14 spayed or neutered and provide proof of spay/neuter within two months of the date of notice. The owner  
shall pay a deposit of \$40 as per Section 30503(b) 1, California Food and Agricultural Code, which shall be  
returned in full to the owner within two months of the owner providing proof of the spaying or neutering to the  
County sheltermaster. The sheltermaster may extend the two-month mandatory spay/neuter deadline if,  
based upon opinion of a veterinarian licensed to practice veterinary medicine in the State of California, the  
medical condition continues to prevent the dog from being spayed or neutered. The dog’s owner shall be  
responsible for paying the costs of any medical examinations rendered pursuant to this section.

15 C. Any licensed, unaltered dog impounded pursuant to this Chapter may be released intact by the  
sheltermaster on the first occasion the dog is impounded within a three-year period, upon payment of all  
fees, charges, and expenses due.

16 D. Any licensed, unaltered dog impounded pursuant to this Chapter on a second occasion within the same  
17 three-year period shall be spayed or neutered prior to owner redemption of said dog, at the cost of the  
owner, unless the dog has a medical exemption as described under subsection B of this section. Then only  
upon the payment of all fees, charges, and expenses due, may the dog be redeemed by its owner.

18 9.04.275 – Running at Large – Microchip Identification Required Prior to Redemption

19 Any dog three (3) months or older impounded pursuant to Section 9.040.060 of this Chapter, not  
20 previously microchipped, shall be implanted with a microchip identification device upon arrival at the county  
21 animal shelter. The owner of said dog shall pay the county for costs associated with the microchip implantation in  
addition to all other costs, fees, and expenses due. The cost for microchip implementation shall be the true cost  
value of the current Fresno County animal control contractor. It shall be the owner’s responsibility to maintain  
correct and current information registered with the microchip identification device at all times.

22 9.04.300 - Impoundment—Dangerous dog.

23 A. The sheltermaster or law enforcement shall have the power to summarily and immediately impound a dog  
where there is evidence it is a dangerous dog as defined in Section 9.04.010(G) of this chapter. The

1 sheltermaster or law enforcement shall impound such dog pending any court or administrative proceeding  
arising out of the incident upon which the impoundment is based.

2 B. Failure to surrender to the sheltermaster or law enforcement upon demand a dog that is subject to being  
impounded pursuant to this section is an infraction.

3 C. A dog, impounded pursuant to the authority of this section, shall be returned to the owner or custodian as  
provided by 9.04.310 of this chapter: when it is no longer required as evidence, or if a notice of a hearing  
4 pursuant to declare the dog a potentially dangerous and/or vicious dog has not been served on the owner or  
custodian within a reasonable time after the impoundment, unless the dog is irremediably suffering from a  
5 severe illness or severe injury.

6 D. In lieu of impoundment pursuant to this section, the sheltermaster or law enforcement may permit the dog to  
be confined at the owner's or custodian's expense in a dog kennel by the sheltermaster, or a veterinary  
7 facility within the county of Fresno, or at the owner's or custodian's residence in an enclosure described in  
Section 9.04.010 of this chapter; provided that, the owner or custodian:

- 8 1. Shall not remove the dog from the kennel, veterinary facility or residence without the prior written  
approval of the sheltermaster, law enforcement or their authorized representative;
- 9 2. Shall make the dog available, during the period of impoundment, for observation and inspection by the  
sheltermaster and members of law enforcement or their authorized representatives; and
- 10 3. Shall verify to the sheltermaster or law enforcement that the dog will be confined in such a way as to  
prevent its coming into contact with members of the public other than the immediate family of the owner  
or custodian.

11 E. The sheltermaster, law enforcement, or their designated representatives may have a dog impounded or  
confined as provided in subsections A and D of this section, identified by means of permanent marking prior  
to release from impound or confinement.

12 (Ord. 05-021, § 4)

13 9.04.310 - Dangerous dog—Procedures.

14 A. Hearing. A hearing officer/agency appointed by the county administrative officer shall conduct a hearing to  
determine whether or not a dog confined or impounded pursuant to Section 9.04.300 of this chapter is a  
15 dangerous dog. The hearing shall be informally conducted, and technical rules of evidence shall not apply,  
except that the hearing officer/agency shall have discretion to exclude irrelevant and unduly repetitious  
evidence.

16 B. Dangerous Animal—Declared. The hearing officer/agency after a hearing, may declare any dog to be a  
dangerous animal whenever it meets the definition of a dangerous dog set forth in Section 9.04.010 of this  
chapter. The owner of a dog which has been declared dangerous shall reimburse the county for all costs  
associated with the hearing process.

17 C. Determination of Dangerous Dog—Evidence. In making a determination that a dog is or is not dangerous,  
evidence of the following shall be considered:

- 18 1. Any previous history of the dog attacking, biting or causing injury to a human or other animal;
- 19 2. The nature and extent of injuries inflicted, and the number of victims involved;
- 20 3. The place where the bite, attack or injury occurred;
- 21 4. The presence or absence of any provocation for the bite, attack or injury;
- 22 5. The extent to which property has been damaged or destroyed;
- 23 6. Whether the dog exhibits any characteristics of being trained for fighting or attack or other evidence to  
show such training or fighting;
7. Whether the dog exhibits characteristics of aggressive or unpredictable temperament or behavior in the  
presence of human beings or dogs or other animals;

- 1 8. Whether the dog can be effectively trained or retrained to change its temperament or behavior;
- 2 9. The manner in which the dog had been maintained by its owner or custodian;
- 3 10. Any other relevant evidence concerning the maintenance of the dog;
- 4 11. Any other relevant evidence regarding the ability of the owner or custodian, or the sheltermaster to protect the public safety in the future if the dog is permitted to remain in the county.

4 D. Disposition of Dangerous Dog.

- 5 1. It is unlawful for any person to own, possess, harbor or keep any dog declared by the hearing officer/agency, after a hearing, to be dangerous.
- 6 2. Any dog declared by the hearing officer/agency to be dangerous, if not already impounded by the sheltermaster, shall be immediately surrendered to the sheltermaster, and it is the duty of the sheltermaster to take up and impound any such dog.
- 7 3. Any dog declared to be a dangerous dog shall be humanely destroyed. The hearing officer/agency shall sign an order authorizing the destruction of the dog after the time for appeal to a court of competent jurisdiction has passed without an appeal being filed.

8 E. Dog Found Not Dangerous—Procedure. If it is determined that the dog is not dangerous, but that the bite, attack or injury was the result of improper or negligent training, handling or maintenance, the dog license may:

- 9 1. Be revoked if it is determined that the owner or custodian is unable or unwilling to properly train, handle or maintain the dog and a similar incident is likely to occur in the future without proper training, handling or maintenance; or
- 10 2. Be reissued with reasonable terms, conditions or restrictions imposed for the training, handling or maintenance of the dog to protect the public health, safety and welfare if it is determined that the owner or custodian is able and willing to properly train, handle or maintain the dog and a similar incident is not likely to occur in the future with proper training, handling or maintenance.

11 Prior to reissuance of the license, the owner of the dog shall show proof that the dog has successfully completed a training course with a qualified animal or dog obedience trainer. The sheltermaster shall maintain a list of dog obedience trainers which, in the sheltermaster's discretion, are able and qualified to successfully train dogs which have exhibited dangerous behavior. Upon request, the sheltermaster shall make such list available to the owner of a dog affected by the provisions of this section.

12 F. Revoked License—Previously Impounded or Confined.

- 13 1. If a dog has been impounded or confined pursuant to Section 9.04.300 of this chapter and its license has been revoked pursuant to subsection (E) (1) of this section and the owner or custodian wishes to reclaim and remove it from the custody of the sheltermaster, the sheltermaster shall release it provided the dog is taken to a location outside the county immediately and directly upon its release from impound or confinement. Failure to permanently remove the dog immediately and directly from the county upon release from impound or confinement is an infraction.
- 14 2. Any dog which has previously been impounded or otherwise confined pursuant to Section 9.04.300 of this chapter and which has not been claimed within five calendar days of service of a notice of revocation of its license shall be deemed abandoned and shall be disposed of by the sheltermaster in accordance with this article. Notwithstanding this section, the owner may enter into a written agreement with the sheltermaster to take additional time to remove, or to cause the dog to be removed, to a new location outside the county. Such additional time shall not exceed ten days. For each additional day agreed to, the pound fees as established by the sheltermaster shall be paid prior to the release of the dog.

15 G. Animal Identification. Any dog subject to this section must be identified by the sheltermaster by the use of permanent marking prior to its release from impound or confinement.

16 H. Any person whose dog has been declared dangerous or whose license has been revoked under this section shall not own, possess, control or be in charge of any dog of the breed declared to be dangerous or whose

1 license has been revoked for a period of three years from the date of the action declaring the dog  
2 dangerous or revoking the license. The license collector shall not issue or renew any license for such breed  
3 of animal, except that upon the written request of the person whose dog has been declared dangerous or  
4 whose license has been revoked, the sheltermaster may in his discretion authorize the issuance of a dog  
5 license.

- 6 I. No dog may be declared dangerous that inflicts injury or damage on a person committing a willful trespass  
7 or other tort upon premises occupied by the owner of the dog, or teasing, tormenting, abusing or assaulting  
8 the dog, or committing or attempting to commit a crime. No dog may be declared dangerous if it inflicts  
9 injury or damage on a domestic animal that was teasing, tormenting, abusing or assaulting the dog. No dog  
10 may be declared dangerous for taking any action to defend or protect a human being within the immediate  
11 vicinity of the dog from an unjustified attack or assault.

22 9.10.010 Definitions

24 9.10.030 Community Cat Protocol  
25 9.10.040 Record Keeping

26 9.10.010 – Definitions.

27 The following words and terms used in this chapter are defined for purposes thereof as follows:

28 A. “Caregiver” means any Fresno County governmental entity responsible for animal control (directly or  
29 through arrangements with third parties), providing support or sustenance to a Community Cat in a  
30 good-faith effort to facilitate the protection and welfare of human beings, Community Cats, and/or  
31 other species. Such support or sustenance may include providing food, shelter, or medical/veterinary  
32 care to a Community Cat, but does not constitute any indication of the Caregiver’s ownership of, or  
33 any legal or equitable right or interest in, the Community Cat.

B. “Cat” means an animal of the genus and species *Felis domesticus*.

- 1 C. "Community Cat" means a cat who has no identifiable signs of ownership and who primarily lives  
2 outdoors in Fresno County - whether alone, as part of an identifiable colony of similar cats, or  
3 otherwise. A Community Cat may be born feral or be a cat who previously lived with human beings.  
4 Neither temperament nor degree of socialization are considerations with respect to the determination  
5 of whether a cat is a Community Cat.
- 6 D. "Community Cat Protocol" means the process the County supports to affect the Trap, Neuter and  
7 Release cat population control service. It sets the process of humanely trapping Community Cats in  
8 accordance with the provisions of this section; checking for microchips and other indicia of ownership  
9 of the Community Cat; providing a veterinary evaluation of the Community Cat; vaccinations and  
10 other medical care as necessary and appropriate; sterilizing the Community Cat; Ear-Tipping, and  
11 possibly tattooing the Community Cat, for purposes of identifying the Community Cat as a sterilized  
12 animal; and returning the Community Cat to its original habitat location or as close as feasible to such  
13 location.
- 14 E. "Ear-Tipping" means the anesthetized, sterile, surgical removal of a small notch of a Community Cat's  
15 left ear by a State of California licensed veterinarian.
- 16 F. "Trap, Neuter, Return (TNR)" is a method that attempts to manage populations of feral domestic cats.  
17 The process involves live-trapping the cats, having them spayed or neutered (aka: desexed), ear-  
18 tipped for identification and, if possible, vaccinated, then releasing them back into their territory.

9.10.020 – Funding

The County of Fresno may (limited to resources available), establish a fund or provide services to offset the costs of the Community Cat Protocol. To the extent that funding is available, the County may assist Caregivers in unincorporated areas of Fresno County in carrying out the Community Cat Protocol.

9.10.030 – Community Cat Protocol

- A. This Community Cat Protocol shall be the preferred method of implementing the Trap, Neuter, Return strategy for the control of the Community Cat population in unincorporated areas in Fresno County, subject to a licensed veterinarian's determination of each Community Cat's health and presumed ability to live outdoors. Any person, or any Fresno County governmental entity (directly or through arrangements with third parties), is authorized to conduct and/or facilitate this Community Cat Protocol and to treat Community Cats who otherwise come into their possession in a manner consistent with the principles of the Community Cat Protocol.
- B. Only a humane box trap or drop trap may be utilized when trapping a Community Cat. No darts, tranquilizers, or any other mind-altering substances may be administered to a Community Cat when being trapped.
- C. Once trapped, a Community Cat shall be transported to a facility which provides spay/neuter services in accordance with California law. No tranquilizers or any other mind-altering substances may be administered to a Community Cat while being transported. While being transported, the Community Cat shall be safely enclosed within the motor vehicle or otherwise safely prevented from escape.
- D. All veterinary procedures conducted under this Community Cat Protocol, including but not limited to sterilizing, vaccinating, Ear-Tipping, and tattooing, shall be done in accordance with California law.

- E. A sterilized and Ear-Tipped Community Cat shall be returned to the location from which the Community Cat was trapped or as close to such location as possible.
- F. By providing support or sustenance to a Community Cat, a Caregiver does not obtain any legal or equitable right or interest in, or become the owner, harbinger, controller or keeper of the Community Cat.
- G. No aspect of the Community Cat Protocol, including the return of a Community Cat to its outdoor location, constitutes abandonment of the Community Cat.
- H. Notwithstanding any other provision of the Fresno County Ordinance Code, a California licensed veterinarian (or his/her designee) may provide a Community Cat to a Caregiver for the purpose of returning the Community Cat to its original habitat location in accordance with this Community Cat Protocol.

**9.10.040 – Records**

Treatment and medical records pertaining to Community Cats shall be maintained separate and apart from records pertaining to other animals.

9.12.010 - Definitions.

The following words and terms used in this chapter are defined for purposes thereof as follows:

- A. "agricultural commissioner" means the agricultural commissioner of the county;
- B. "shelter" means the place provided by the board of supervisors for the impounding of domestic animals whether maintained directly by the county or by an agency, society or other organization pursuant to agreement or contract with the county;

The board of supervisors shall establish or cause to be established by contract or agreement with an agency, society or organization organized for that purpose a suitable place for the impounding of domestic animals from unincorporated areas of the county, which premises shall be considered as the Fresno County shelter; provided, that nothing herein contained shall be construed as preventing the shelter from being operated in conjunction with a shelter operated by said agency, society or organization.

(Prior code, § 431)

1 9.12.030 - Taking up—Care—Disposition.

2 Except as provided in Article 5, Chapter 7, Division 9, Part 1 (commencing with Section 17121) of the  
3 Food and Agricultural Code of the State pertaining to estrays in areas devoted chiefly to grazing, it is unlawful for  
4 any person owning, harboring, or controlling livestock to permit such livestock to run at large upon private  
5 property of another without permission of the person owning or occupying said private property, or upon the  
6 streets or public places in Fresno County. The enforcement officer, as defined by Section 9.040.010, subsection  
(G), is authorized whenever deemed necessary to designate individuals, who are properly equipped, to capture  
and transport livestock that are running at large in violation of this chapter. Each animal captured or transported  
pursuant to this Chapter shall be impounded at the expense of the owner and have lien for all expenses,  
including any penalties that may be imposed, which are incurred in taking up, keeping, transporting, caring for  
and selling each animal.

6 9.12.040 - Taking up—Notice—Contents.

7 A. Within five days after taking up or taking possession of any stray horse, mule, burro, sheep, goat or swine  
8 the sheltermaster, in addition to giving any notice required by Section 17003 of the Agricultural Code, shall  
file with the agricultural commissioner and with the sheriff-coroner of the county a notice which contains all of  
the following:

- 9 1. A description of the animal held;
- 10 2. The marks and brands, if any;
- 11 3. The probable value of the animal;
- 12 4. A statement of the date and place where it was taken up by the sheltermaster and confined;
- 13 5. Any other information which in the opinion of the sheltermaster will be helpful in identifying such  
14 animal;
- 15 6. A statement that the animal may be redeemed by its owner before its sale by the sheltermaster.

16 B. In addition to the filing of notice with the agricultural commissioner and with the sheriff-coroner, the  
17 sheltermaster shall post a copy of such notice in a conspicuous place at the shelter to which the public has  
access during business hours.

18 (Prior code, § 433)

15 9.12.050 - Public auction or private sale.

16 If, after ten days from the date of the filing and posting of notice as required in Section 9.12.040, no  
17 satisfactory proof of ownership of the animal has been made or if the owner fails or refuses to pay all expenses  
18 which were incurred, the sheltermaster may immediately sell such animal at public auction or private sale.

19 All sales which are made pursuant to this chapter convey good and valid title to the purchaser. The  
20 former owner of the animal so sold is thereafter barred from all right to recover it.

21 (Prior code, § 434)

18 9.12.060 - Sale—Proceeds—Records.

19 A. Except as provided in Section 9.12.070, the sheltermaster may retain for the operation of the shelter all  
20 proceeds from the sale of any animal under the provisions of this chapter.

21 B. The sheltermaster shall maintain for at least one year a copy of the notice filed with the agricultural  
22 commissioner and the sheriff-coroner under Section 9.12.040 together with a record of the amount received  
23 in the sale of such animal and of all expenses incurred in connection with taking up, keeping, caring for and  
selling it. Copies of such notices and records shall be available to the public for inspection at the shelter  
office.

24 (Prior code, § 435)

23 9.12.070 - Proof of ownership—Lien payment.

1 If any person shall, within one year after the date of the sale, prove to the satisfaction of the  
2 sheltermaster or the agricultural commissioner his ownership of the animal which was sold pursuant to this  
chapter, the sheltermaster shall pay such person the proceeds of the sale of the animal less any amount  
3 necessary to satisfy his lien for care and costs.

**Chapter 9.16 - RODENTS AND PREDATORY ANIMALS<sup>[2]</sup>**

**Sections:**

- 6 9.16.020 Keeping wild or nondomesticated animals.
- 7 9.16.040 Violations

**Footnotes:**

9 **State Law reference**— For statutory provisions authorizing counties to control and destroy predatory animals,  
see Gov. Code § 25803.

10 9.16.010 - Predatory animals—Control.

11 Whenever an infestation with rodents or predatory animals exists on any premises within the county, it  
shall be the duty of the agricultural commissioner to cause said infestation to be eradicated or controlled and the  
reasonable expenses incurred therefor shall be a county charge. The agricultural commissioner shall, whenever  
he deems it necessary, cause an inspection to be made of any premises within the county for the purpose of  
ascertaining whether said premises are infested with rodents or predatory animals.  
12 (Ord. 555, § 1, 1973; prior code, § 420)

13 9.16.020 - Power to eradicate.

14 The agricultural commissioner may prescribe the methods to be used to eradicate or control rodents and  
predatory animals, and may manufacture and sell poison barley and such other materials as are convenient or  
necessary in destroying rodents and predatory animals. All such materials shall be furnished at cost to any  
person giving satisfactory assurance to the commissioner that such materials shall be used on premises within  
the county for the purpose of controlling or eradicating rodents or predatory animals.  
15 (Ord. 555, § 1, 1973; prior code, § 421)

16 9.16.030 - Keeping wild or nondomesticated animals.

17 A. It is unlawful for any person to possess, keep or harbor any cheetah, jaguar, bear, African lion, mountain  
lion, tiger, leopard, panther, cougar, lynx, wildcat, ocelot or wolf, except in strict accordance with a permit  
issued therefor by the local health officer. The local health officer may issue a permit therefor and may attach  
such conditions thereto as in his opinion may be necessary to protect the public health and safety. Such  
permit shall be in effect for one year subject to renewal upon the anniversary date thereof. The local health  
officer may at any time inspect the premises where any such animal kept or proposed to be kept and may  
investigate the conditions under which such animals are maintained in order to determine the appropriate  
conditions to include in any permit or whether existing conditions of such permit are being complied with. He  
may at any time add to or modify the conditions of a permit when in his opinion the public health and safety  
so require. The local health officer may, after notice and hearing, revoke such permit upon a showing of  
persistent violation of the terms and conditions thereof. The local health officer shall charge a fee of ten  
dollars upon the issuance and renewal of a permit.

22 B. This section shall not apply to any circus, carnival, regularly established zoo or animal shelter, or to a public  
officer or employee in the performance of his duties.

23 (Ord. 555, § 1, 1973; prior code, § 423)
