8 repayment agreement, to recover the amount of funds to be recouped. The County has the  
9 discretion to extend the repayment plan up to a total of twenty-four (24) months from the date of  
10 the repayment agreement. The repayment agreement may be made with the signed written  
11 approval of County's DBH Director, or designee, and respective Contractor through a

14 forego a repayment agreement and recoup all funds immediately. This remedy is not exclusive,  
15 and County may seek recoupment from any other means, including, but not limited to, a separate  
16 contract or agreement with Contractor.

2 further compensation.

3       **4.15 Restrictions and Limitations.** This Agreement shall be subject to any restrictions,  
4 limitations, and/or conditions imposed by County or state or federal funding sources that may in  
5 any way affect the fiscal provisions of, or funding for this Agreement. This Agreement is also  
6 contingent upon sufficient funds being made available by County, state, or federal funding  
7 sources for the term of the Agreement. If the federal or state governments reduce financial  
8 participation in the Medi-Cal program, County agrees to meet with Contractor to discuss  
9 renegotiating the services required by this Agreement.

10           Funding is provided by fiscal year. Any unspent fiscal year appropriation does not roll  
11 over and is not available for services provided in subsequent years.

12           In the event that funding for these services is delayed by the State Controller, County  
13 may defer payments to Contractor. The amount of the deferred payment shall not exceed the  
14 amount of funding delayed by the State Controller to the County. The period of time of the  
15 deferral by County shall not exceed the period of time of the State Controller's delay of payment  
16 to County plus forty-five (45) days.

24 be used to pay the salary of an individual per fiscal year at a rate in excess of Level 1 of the  
25 Executive Schedule at <https://www.opm.gov/> (U.S. Office of Personnel Management), as from  
26 time to time amended.

27           Federal Financial Participation is not available for any amount furnished to an Excluded  
28 individual or entity, or at the direction of a physician during the period of exclusion when the

1 person providing the service knew or had reason to know of the exclusion, or to an individual or  
2 entity when the County failed to suspend payments during an investigation of a credible  
3 allegation of fraud [42 U.S.C. section 1396b(i)(2)].

12 funded program to another funded program unless the person served is also eligible for services  
13 under the second funded program.

14 **4.18 Financial Audit Report Requirements for Pass-Through Entities.** If County

17 principles and administrative requirements including claims for payment or reimbursement by  
18 County as set forth in 2 C.F.R. § 200 et seq., as may be amended from time to time. Contractor  
19 shall observe and comply with all applicable financial audit report requirements and standards.

20 Financial audit reports must contain a separate schedule that identifies all funds included  
21 in the audit that are received from or passed through the County. County programs must be  
22 identified by Agreement number, Agreement amount, Agreement period, and the amount  
23 expended during the fiscal year by funding source.

24 Contractor will provide a financial audit report including all attachments to the report and  
25 the management letter and corresponding response within six months of the end of the audit  
26 year to the County’s DBH Director or designee. The County’s Director or designee is  
27 responsible for providing the audit report to the County Auditor.

28

1 Contractor must submit any required corrective action plan to the County simultaneously

26 (1) Fraud and abuse are defined in C.F.R. Title 42, § 455.2 and W&I Code,

5 documentation.

6 (C) Other reasons specified in the SMHS Reasons for Recoupment document  
7 released annually by DHCS and posted on the DHCS BHIN website.

8 Contractor shall reimburse County for all overpayments identified by Contractor, County,

10 by law or Country or state or federal agency. Funds owed to County will be due within forty-five

13 to County under this or any other Agreement between the County and Contractor.

14 **13.6 Cooperation with Audits.** Contractor shall cooperate with County in any review  
15 and/or audit initiated by County, DHCS, or any other applicable regulatory body. This  
16 cooperation may include such activities as onsite program, fiscal, or chart reviews and/or audits.

18 including, but not limited to, files for persons served.

19 Contractor shall notify the County of any scheduled or unscheduled external evaluation  
20 or site visits when it becomes aware of such visit. County shall reserve the right to attend any or  
21 all parts of external review processes.

22 Contractor shall allow inspection, evaluation and audit of its records, documents and  
23 facilities for ten (10) years from the term end date of this Agreement or in the event Contractor  
24 has been notified that an audit or investigation of this Agreement has been commenced, until  
25 such time as the matter under audit or investigation has been resolved, including the exhaustion  
26 of all legal remedies, whichever is later pursuant to 42 C.F.R. §§ 438.3(h) and 438.230I(3)(i-iii).

27 **13.7 Single Audit Clause.** If Contractor expends Seven Hundred Fifty Thousand and  
28 No/100 Dollars (\$750,000.00) or more in Federal and Federal flow-through monies, Contractor

4 findings or a statement that there were no findings. If there were negative findings, Contractor  
5 must include a corrective action plan signed by an authorized individual. Contractor agrees to  
6 take action to correct any material non-compliance or weakness found as a result of such audit.  
7 Such audit shall be delivered to County's DBH Finance Division for review within nine (9)  
8 months of the end of any fiscal year in which funds were expended and/or received for the  
9 program. Failure to perform the requisite audit functions as required by this Agreement may  
10 result in County performing the necessary audit tasks, or at County's option, contracting with a  
11 public accountant to perform said audit, or may result in the inability of County to enter into  
12 future agreements with Contractor. All audit costs related to this Agreement are the sole  
13 responsibility of Contractor.

14         A single audit report is not applicable if Contractor's Federal contracts do not exceed the  
15 Seven Hundred Fifty Thousand and No/100 Dollars (\$750,000.00) requirement or Contractor's  
16 only funding is through Drug-related Medi-Cal. If a single audit is not applicable, a program audit  
17 must be performed and a program audit report with management letter shall be submitted by  
18 Contractor to County as a minimum requirement to attest to Contractor solvency. Said audit  
19 report shall be delivered to County's DBH Finance Division for review no later than nine (9)  
20 months after the close of the fiscal year in which the funds supplied through this Agreement are  
21 expended. Failure to comply with this Act may result in County performing the necessary audit  
22 tasks or contracting with a qualified accountant to perform said audit. All audit costs related to  
23 this Agreement are the sole responsibility of Contractor who agrees to take corrective action to  
24 eliminate any material noncompliance or weakness found as a result of such audit. Audit work  
25 performed by County under this paragraph shall be billed to Contractor at County cost, as  
26 determined by County's Auditor-Controller/Treasurer-Tax Collector.

27         Contractor shall make available all records and accounts for inspection by County, the  
28 State of California, if applicable, the Controller General of the United States, the Federal Grantor

1 Agency, or any of their duly authorized representatives, at all reasonable times for a period of at  
2 least three (3) years following final payment under this Agreement or the closure of all other  
3 pending matters, whichever is later.

4 13.8 **Public Records.** The County is not limited in any manner with respect to its public  
5 disclosure of this Agreement or any record or data that the Contractor may provide to the  
6 County. The County's public disclosure of this Agreement or any record or data that the  
7 Contractor may provide to the County may include but is not limited to the following:

8 (A) The County may voluntarily, or upon request by any member of the public or  
9 governmental agency, disclose this Agreement to the public or such governmental  
10 agency.

11 (B) The County may voluntarily, or upon request by any member of the public or  
12 governmental agency, disclose to the public or such governmental agency any record or  
13 data that the Contractor may provide to the County, unless such disclosure is prohibited  
14 by court order.

15 (C) This Agreement, and any record or data that the Contractor may provide to the  
16 County, is subject to public disclosure under the Ralph M. Brown Act (California  
17 Government Code, Title 5, Division 2, Part 1, Chapter 9, beginning with section 54950).

18 (D) This Agreement, and any record or data that the Contractor may provide to the  
19 County, is subject to public disclosure as a public record under the California Public  
20 Records Act (California Government Code, Title 1, Division 7, Chapter 3.5, beginning  
21 with section 6250) ("CPRA").

22 (E) This Agreement, and any record or data that the Contractor may provide to the  
23 County, is subject to public disclosure as information concerning the conduct of the  
24 people's business of the State of California under California Constitution, Article 1,  
25 section 3, subdivision (b).

26 (F) Any marking of confidentiality or restricted access upon or otherwise made with  
27 respect to any record or data that the Contractor may provide to the County shall be  
28

1 disregarded and have no effect on the County's right or duty to disclose to the public or  
2 governmental agency any such record or data.

3 **13.9 Public Records Act Requests.** If the County receives a written or oral request  
4 under the CPRA to publicly disclose any record that is in the Contractor's possession or control,  
5 and which the County has a right, under any provision of this Agreement or applicable law, to  
6 possess or control, then the County may demand, in writing, that the Contractor deliver to the  
7 County, for purposes of public disclosure, the requested records that may be in the possession  
8 or control of the Contractor. Within five business days after the County's demand, the  
9 Contractor shall (a) deliver to the County all of the requested records that are in the Contractor's  
10 possession or control, together with a written statement that the Contractor, after conducting a  
11 diligent search, has produced all requested records that are in the Contractor's possession or  
12 control, or (b) provide to the County a written statement that the Contractor, after conducting a  
13 diligent search, does not possess or control any of the requested records. The Contractor shall  
14 cooperate with the County with respect to any County demand for such records. If the  
15 Contractor wishes to assert that any specific record or data is exempt from disclosure under the  
16 CPRA or other applicable law, it must deliver the record or data to the County and assert the  
17 exemption by citation to specific legal authority within the written statement that it provides to  
18 the County under this section. The Contractor's assertion of any exemption from disclosure is  
19 not binding on the County, but the County will give at least 10 days' advance written notice to  
20 the Contractor before disclosing any record subject to the Contractor's assertion of exemption  
21 from disclosure. The Contractor shall indemnify the County for any court-ordered award of costs  
22 or attorney's fees under the CPRA that results from the Contractor's delay, claim of exemption,  
23 failure to produce any such records, or failure to cooperate with the County with respect to any  
24 County demand for any such records.

16 under this Agreement without the prior written consent of the other party.

21 related to this Agreement, and, subject to the Government Claims Act, all such actions must be  
22 brought and maintained in Fresno County.

23 **25.5 Construction.** The final form of this Agreement is the result of the parties' combined  
24 efforts. If anything in this Agreement is found by a court of competent jurisdiction to be

19 disability.

20       25.10 **No Waiver.** Payment, waiver, or discharge by the County of any liability or obligation  
21 of the Contractor under this Agreement on any one or more occasions is not a waiver of  
22 performance of any continuing or other obligation of the Contractor and does not prohibit  
23 enforcement by the County of any obligation on any other occasion.

24       25.11 **Entire Agreement.** This Agreement, including its exhibits, is the entire agreement  
25 between the Contractor and the County with respect to the subject matter of this Agreement,

27 publications, and understandings of any nature unless those things are expressly included in  
28 this Agreement. If there is any inconsistency between the terms of this Agreement without its

1 exhibits and the terms of the exhibits, then the inconsistency will be resolved by giving  
2 precedence first to the terms of this Agreement without its exhibits, and then to the terms of the  
3 exhibits.

5 create any rights or obligations for any person or entity except for the parties.

Reasons for discharge include the child or caregiver refuses or terminates services; the child is transferred to another program mutually agreed upon by the child, parent/caregiver, and BBFF; mutual agreement that the treatment goals have been met; and/or the child is 10 years old.

## Exhibit C

### FULL SERVICE PARTNERSHIP SERVICE DELIVERY MODEL

Full Service Partnerships (FSP) are designed as a partnership between enrollees and the service provider. The FSP service delivery ethic incorporates recovery and cultural competence into the services and supports offered to consumers. In this partnership, the service provider commits to do "whatever it takes" and to "meet the client where they are" in order to assist the enrollee achieve their personal recovery/resiliency and wellness goals.

#### **1. The Target Population is consistent with the population identified in the Fresno County MHS Community Planning Process.**

The target population must meet requirements for SMI/SED diagnosis, and must address reduction of specific ethnic disparities, as indicated in the MHS Community Services and Supports proposal.

The target population will include clients who are not currently served ***and*** meet one or more of the following criteria:

- Homeless.
- At risk of homelessness – such as youth aging out of foster care or persons coming out of jail.
- Involved in the criminal justice system (including adults with child protection issues).
- Frequent users of hospital and emergency room services.

***or*** are so underserved that they are at risk of:

- Homelessness – such as persons living in institutions or nursing homes.
- Criminal justice involvement.
- Institutionalization.

Diagnoses that serve as criteria for inclusion in the target population will be based on definitions found in California Welfare and Institutions Code Section 5600.3 defining seriously emotionally disturbed mental disorder or serious mental disorder. The operational definition of "diagnosis" for programs serving the chronically homeless may also include: co-occurring disorders, personality disorders, general anxiety/mood disorders, and Post Traumatic Stress Disorder.

#### **2. FSP Program Components:**

**All MHS FSP Programs must include the following in their program descriptions:**

- **Providers who are part of the multidisciplinary, community based "treatment" teams serve as an ally to the consumer's recovery process.** The partnership allows clients and family members opportunities for informed choice.
  - The team description must demonstrate commitment and capacity to do "whatever it takes" to assist the enrolled member, specifically:
    - Low staff to client ratio (approximately 1:12 or the ratio that has been specified in the RFP's scope of work).
    - 24/7 availability of the multidisciplinary team.
    - Team culture is created where each member of the team knows each client and the clients are familiar with each member of the team.
    - Members of the team speak the client's language, are familiar with community resources that reflect the healing beliefs of the client's culture, and are positioned to assist the client make meaningful connection with those resources.

- Crisis response comes from a person known to the client.
  - Staff is given the administrative flexibility and flex-funding to connect consumers with non-mental health services and same day needs. Examples include: housing; primary care; dual disorder services; education services and supports; vocational services and supports; payee services/benefits advocacy; community recreational activities (YMCA classes, libraries, movie theaters, etc.); social services; food; transportation; and clothing.
  - Availability of Integrated Dual Diagnosis Treatment or other dual recovery intervention that will provide effective treatment for the target population.
- **Outreach and engagement.** The team's outreach and engagement strategy must be voluntary and driven by the values of client culture. This means that consumers will be engaged "where they are" in terms of their community location, their need for clinical and non-clinical services/supports and their phase of recovery. Outreach workers will have culturally competent language skills and will function as an ally to the consumer's decision to receive services. Peer Support will be included in the outreach and engagement of new clients.
  - **Procedures for enrollment and dis-enrollment will be easily understood, clearly communicated and non-coercive.** Enrollment is voluntary. A condition of enrollment is that the client indicates that they want services from the assertive-community treatment model team.
  - **Each adult, older adult, and transition age youth enrollee must have a Personal Service Coordinator (PSC).** The PSC is an ally to the enrollee and acts as a "single point of responsibility" within the multidisciplinary team for coordinating services and supports.

*"Personal Service Coordinators (PSCs) for adults – case managers for children and youth – must have a caseload that is low enough so that: (1) their availability to the individual and family is appropriate to their service needs, (2) they are able to provide intensive services and supports when needed, and (3) they can give the individual served and/or family member considerable personal attention...PSCs/case managers must be culturally competent, and know the community resources of the client's racial ethnic community." (Source: DMH Planning Requirements, Section III Identifying Populations for Full Service Partnerships, Aug 2005)*

- **Each enrollee must have an Integrated Services and Supports Plan (ISSP) that is developed with their Personal Services Coordinator.** This ISSP is a planning tool that builds on the consumer's strengths. It includes goals and provides a map of the steps that the enrollee identifies as necessary to move along his/her recovery path.

*"Integrated Services and Supports Plans must operationalize the five fundamental concepts (identified in section three of this exhibit) and should reflect community collaboration, be culturally competent, be client/family driven with a wellness/recovery/resiliency focus and they must provide an integrated service experience for the client/family. In addition, the ISSP will be person/child-centered, and give individuals and their families' sufficient information to allow them to make informed choices about the services in which they participate. Services should also include linkage to, or provision of, all needed services or benefits as defined by the client and or family in consultation with the PSC/case manager. This includes the capability of increasing or decreasing service intensity as needed." (Source: DMH Planning*

Requirements, Section III Identifying Populations for Full Service Partnerships, Aug 2005)

- **Peer support services will be made available to the client.** At least two staff (a minimum of 1 FTE) who act in peer support roles will be employed in each MHSa program.
  - The enrollee is given significant access to peer recovery and self-help services. Tools such as Advanced Directives are made available to adult and older adult clients, and Wellness Recovery Action Plans (WRAP) are made available to adult, transition age youth and older adult clients.
  - Peer Counselors are included as equal partners in the multidisciplinary team, and play a critical role in developing the recovery culture and client orientation of the team.

**3. The Five (5) Core MHSa Concepts are embedded in each program.**

**Concept 1: Recovery/Resiliency Orientation:** FSPs will embody the values of recovery and resiliency (i.e., hope, personal responsibility, self-advocacy, choice, respect) and the program principles of recovery and resiliency, including:

- Client-driven goal setting and Individualized Services and Supports Plans.
- Providers are allies to the client's recovery process.
- A harm-reduction approach to substance use that encourages recovery and abstinence but does not penalize consumers or withdraw help from them if they are using.
- A built in understanding and expectation of setbacks as part of recovery.
- Links to a range of services that are part of the consumers "pathway to wellness" (i.e., employment, health care, peer support, housing, medications, food and clothing).

**Concept 2: Cultural Competence Orientation:** The program's structure, staffing and service delivery values will reflect the cultural values and orientation of the program's target populations.

The FSP program will embody principals of cultural competence including:

- Diverse staff, representative of the primary ethnic groups to be reached through the program.
- Staff trained regarding common access barriers for racial and ethnic groups targeted (including the impact of housing discrimination).
- Links to community-based organizations that share the healing beliefs and practices of ethnic communities served by the FSP.

The FSP program must also be able to deal with gender and sexual orientation diversity. Training in sensitivity to gender and sexuality issues is a key component for staff on the team.

**Concept 3: Community Collaboration:** FSP Collaborations ensure that community resources are made available to enrollees. These collaborations include subcontracts between the vendor and other agencies, memoranda of understanding with community non-profits and businesses regarding providing services to clients, and informal relationships built between FSP staff and community stakeholders that result in improved access and decreased discrimination.

**Concept 4: Client/Family Driven program:** In FSPs, the Integrated Services and Supports Plan (ISSP) is used by adult clients and families of children and youth to identify their needs and preferences which lead to the services and supports that will be most effective for them. Providers work in full partnership with clients to develop these ISSPs. Their needs and preferences drive the policy and financing decisions that affect them.

**Concept 5: Integrated Service Experience:** FSP programs were incorporated into the MHSA to ensure that these dollars funded “integrated service experiences”. This means that services are “seamless” to clients and that clients do not have to negotiate multiple agencies and funding sources to get critical needs met and to move towards recovery and develop resiliency. Services are delivered, or at a minimum, coordinated through a single agency or a system of care. The integrated service experience centers on the individual/family, uses a strength-based approach, and includes multi-agency programs and joint planning to best address the individual/family’s needs using the full range of community-based treatment, case management, and interagency system components required by children/transition age youth/adults/older adults.

### Insurance Requirements

#### 1. Required Policies

Without limiting the County's right to obtain indemnification from the Contractor or any third parties, Contractor, at its sole expense, shall maintain in full force and effect the following insurance policies throughout the term of this Agreement.

- (A) **Commercial General Liability.** Commercial general liability insurance with limits of not less than Two Million Dollars (\$2,000,000) per occurrence and an annual aggregate of Four Million Dollars (\$4,000,000). This policy must be issued on a per occurrence basis. Coverage must include products, completed operations, property damage, bodily injury, personal injury, and advertising injury. The Contractor shall obtain an endorsement to this policy naming the County of Fresno, its officers, agents, employees, and volunteers, individually and collectively, as additional insureds, but only insofar as the operations under this Agreement are concerned. Such coverage for additional insureds will apply as primary insurance and any other insurance, or self-insurance, maintained by the County is excess only and not contributing with insurance provided under the Contractor's policy.
- (B) **Automobile Liability.** Automobile liability insurance with limits of not less than One Million Dollars (\$1,000,000) per occurrence for bodily injury and for property damages. Coverage must include any auto used in connection with this Agreement.
- (C) **Workers Compensation.** Workers compensation insurance as required by the laws of the State of California with statutory limits.
- (D) **Employer's Liability.** Employer's liability insurance with limits of not less than One Million Dollars (\$1,000,000) per occurrence for bodily injury and for disease.
- (E) **Professional Liability.** Professional liability insurance with limits of not less than One Million Dollars (\$1,000,000) per occurrence and an annual aggregate of Three Million Dollars (\$3,000,000). If this is a claims-made policy, then (1) the retroactive date must be prior to the date on which services began under this Agreement; (2) the Contractor shall maintain the policy and provide to the County annual evidence of insurance for not less than five years after completion of services under this Agreement; and (3) if the policy is canceled or not renewed, and not replaced with another claims-made policy with a retroactive date prior to the date on which services begin under this Agreement, then the Contractor shall purchase extended reporting coverage on its claims-made policy for a minimum of five years after completion of services under this Agreement.
- (F) **Molestation Liability.** Sexual abuse / molestation liability insurance with limits of not less than Two Million Dollars (\$2,000,000) per occurrence, with an annual aggregate of Four Million Dollars (\$4,000,000). This policy must be issued on a per occurrence basis.
- (G) **Cyber Liability.** Cyber liability insurance with limits of not less than Two Million Dollars (\$2,000,000) per occurrence. Coverage must include claims involving Cyber Risks. The cyber liability policy must be endorsed to cover the full replacement value of damage to, alteration of, loss of, or destruction of intangible property (including but not limited to information or data) that is in the care, custody, or control of the Contractor.

## Exhibit I

**Definition of Cyber Risks.** “Cyber Risks” include but are not limited to (i) Security Breach, which may include Disclosure of Personal Information to an Unauthorized Third Party; (ii) data breach; (iii) breach of any of the Contractor’s obligations under [identify the Article, section, or exhibit containing data security obligations] of this Agreement; (iv) system failure; (v) data recovery; (vi) failure to timely disclose data breach or Security Breach; (vii) failure to comply with privacy policy; (viii) payment card liabilities and costs; (ix) infringement of intellectual property, including but not limited to infringement of copyright, trademark, and trade dress; (x) invasion of privacy, including release of private information; (xi) information theft; (xii) damage to or destruction or alteration of electronic information; (xiii) cyber extortion; (xiv) extortion related to the Contractor’s obligations under this Agreement regarding electronic information, including Personal Information; (xv) fraudulent instruction; (xvi) funds transfer fraud; (xvii) telephone fraud; (xviii) network security; (xix) data breach response costs, including Security Breach response costs; (xx) regulatory fines and penalties related to the Contractor’s obligations under this Agreement regarding electronic information, including Personal Information; and (xxi) credit monitoring expenses.

If the Contractor is a governmental entity, it may satisfy the policy requirements above through a program of self-insurance, including an insurance pooling arrangement or joint exercise of powers agreement.

### 2. Additional Requirements

- (A) **Verification of Coverage.** Within 30 days after the Contractor signs this Agreement, and at any time during the term of this Agreement as requested by the County’s Risk Manager or the County Administrative Office, the Contractor shall deliver, or cause its broker or producer to deliver, to the County Risk Manager, at 2220 Tulare Street, 16th Floor, Fresno, California 93721, or [HRRiskManagement@fresnocountyca.gov](mailto:HRRiskManagement@fresnocountyca.gov), and by mail or email to the person identified to receive notices under this Agreement, certificates of insurance and endorsements for all of the coverages required under this Agreement.
- (i) Each insurance certificate must state that: (1) the insurance coverage has been obtained and is in full force; (2) the County, its officers, agents, employees, and volunteers are not responsible for any premiums on the policy; and (3) the Contractor has waived its right to recover from the County, its officers, agents, employees, and volunteers any amounts paid under any insurance policy required by this Agreement and that waiver does not invalidate the insurance policy.
  - (ii) The commercial general liability insurance certificate must also state, and include an endorsement, that the County of Fresno, its officers, agents, employees, and volunteers, individually and collectively, are additional insureds insofar as the operations under this Agreement are concerned. The commercial general liability insurance certificate must also state that the coverage shall apply as primary insurance and any other insurance, or self-insurance, maintained by the County shall be excess only and not contributing with insurance provided under the Contractor’s policy.

## Exhibit I

- (iii) The automobile liability insurance certificate must state that the policy covers any auto used in connection with this Agreement.
  - (iv) The professional liability insurance certificate, if it is a claims-made policy, must also state the retroactive date of the policy, which must be prior to the date on which services began under this Agreement.
  - (v) The cyber liability insurance certificate must also state that it is endorsed, and include an endorsement, to cover the full replacement value of damage to, alteration of, loss of, or destruction of intangible property (including but not limited to information or data) that is in the care, custody, or control of the Contractor.
- (B) **Acceptability of Insurers.** All insurance policies required under this Agreement must be issued by admitted insurers licensed to do business in the State of California and possessing at all times during the term of this Agreement an A.M. Best, Inc. rating of no less than A: VII.
- (C) **Notice of Cancellation or Change.** For each insurance policy required under this Agreement, the Contractor shall provide to the County, or ensure that the policy requires the insurer to provide to the County, written notice of any cancellation or change in the policy as required in this paragraph. For cancellation of the policy for nonpayment of premium, the Contractor shall, or shall cause the insurer to, provide written notice to the County not less than 10 days in advance of cancellation. For cancellation of the policy for any other reason, and for any other change to the policy, the Contractor shall, or shall cause the insurer to, provide written notice to the County not less than 30 days in advance of cancellation or change. The County in its sole discretion may determine that the failure of the Contractor or its insurer to timely provide a written notice required by this paragraph is a breach of this Agreement.
- (D) **County's Entitlement to Greater Coverage.** If the Contractor has or obtains insurance with broader coverage, higher limits, or both, than what is required under this Agreement, then the County requires and is entitled to the broader coverage, higher limits, or both. To that end, the Contractor shall deliver, or cause its broker or producer to deliver, to the County's Risk Manager certificates of insurance and endorsements for all of the coverages that have such broader coverage, higher limits, or both, as required under this Agreement.
- (E) **Waiver of Subrogation.** The Contractor waives any right to recover from the County, its officers, agents, employees, and volunteers any amounts paid under the policy of worker's compensation insurance required by this Agreement. The Contractor is solely responsible to obtain any policy endorsement that may be necessary to accomplish that waiver, but the Contractor's waiver of subrogation under this paragraph is effective whether or not the Contractor obtains such an endorsement.
- (F) **County's Remedy for Contractor's Failure to Maintain.** If the Contractor fails to keep in effect at all times any insurance coverage required under this Agreement, the County may, in addition to any other remedies it may have, suspend or terminate this Agreement upon the occurrence of that failure, or purchase such insurance coverage, and charge the cost of that coverage to the Contractor. The County may offset such

charges against any amounts owed by the County to the Contractor under this Agreement.

**Subcontractors.** The Contractor shall require and verify that all subcontractors used by the Contractor to provide services under this Agreement maintain insurance meeting all insurance requirements provided in this Agreement. This paragraph does not authorize the Contractor to provide services under this Agreement using subcontractors.

### FRESNO COUNTY MENTAL HEALTH PLAN

#### **Grievances**

Fresno County Mental Health Plan (MHP) provides beneficiaries with a grievance and appeal process and an expedited appeal process to resolve grievances and disputes at the earliest and the lowest possible level.

Title 9 of the California Code of Regulations requires that the MHP and its fee-for-service providers give verbal and written information to Medi-Cal beneficiaries regarding the following:

- How to access specialty mental health services
- How to file a grievance about services
- How to file for a State Fair Hearing

The MHP has developed a Consumer Guide, a beneficiary rights poster, a grievance form, an appeal form, and Request for Change of Provider Form. All of these beneficiary materials must be posted in prominent locations where Medi-Cal beneficiaries receive outpatient specialty mental health services, including the waiting rooms of providers' offices of service.

Please note that all fee-for-service providers and contract agencies are required to give the individuals served copies of all current beneficiary information at intake and annually thereafter.

Beneficiaries have the right to use the grievance and/or appeal process without any penalty, change in mental health services, or any form of retaliation. All Medi-Cal beneficiaries can file an appeal or state hearing.

Grievances and appeals forms and self addressed envelopes must be available for beneficiaries to pick up at all provider sites without having to make a verbal or written request. Forms can be sent to the following address:

Fresno County Mental Health Plan  
P.O. Box 45003  
Fresno, CA 93718-9886  
(800) 654-3937 (for more information)  
(559) 488-3055 (TTY)

#### **Provider Problem Resolution and Appeals Process**

The MHP uses a simple, informal procedure in identifying and resolving provider concerns and problems regarding payment authorization issues, other complaints and concerns.

Informal provider problem resolution process – the provider may first speak to a Provider Relations Specialist (PRS) regarding his or her complaint or concern.

## Exhibit J

The PRS will attempt to settle the complaint or concern with the provider. If the attempt is unsuccessful and the provider chooses to forego the informal grievance process, the provider will be advised to file a written complaint to the MHP address (listed above).

Formal provider appeal process – the provider has the right to access the provider appeal process at any time before, during, or after the provider problem resolution process has begun, when the complaint concerns a denied or modified request for MHP payment authorization, or the process or payment of a provider's claim to the MHP.

Payment authorization issues – the provider may appeal a denied or modified request for payment authorization or a dispute with the MHP regarding the processing or payment of a provider's claim to the MHP. The written appeal must be submitted to the MHP within 90 calendar days of the date of the receipt of the non-approval of payment.

The MHP shall have 60 calendar days from its receipt of the appeal to inform the provider in writing of the decision, including a statement of the reasons for the decision that addresses each issue raised by the provider, and any action required by the provider to implement the decision.

If the appeal concerns a denial or modification of payment authorization request, the MHP utilizes a Managed Care staff who was not involved in the initial denial or modification decision to determine the appeal decision.

If the Managed Care staff reverses the appealed decision, the provider will be asked to submit a revised request for payment within 30 calendar days of receipt of the decision

Other complaints – if there are other issues or complaints, which are not related to payment authorization issues, providers are encouraged to send a letter of complaint to the MHP. The provider will receive a written response from the MHP within 60 calendar days of receipt of the complaint. The decision rendered by the MHP is final.

### INCIDENT REPORTING

#### PROTOCOL FOR COMPLETION OF INCIDENT REPORT

The Incident Report must be completed for all incidents involving individuals served through DBH's current incident reporting portal, Logic Manager, at <https://fresnodbh.logicmanager.com/incidents/?t=9&p=1&k=182be0c5cdcd5072bb1864cdee4d3d6e>

- The reporting portal is available 24 hours a day, every day.
- Any employee of the Contractor can submit an incident using the reporting portal at any time. No login is required.
- The designated administrator of the Contractor can add information to the follow up section of the report after submission.
- When an employee submits an incident within 24 hours from the time of the incident or first knowledge of the incident, the Contractor's designated administrator, the assigned contract analyst and the Incident Reporting email inbox will be notified immediately via email from the Logic Manager system that there is a new incident to review.
- Meeting the 24 hour incident reporting requirements will be easier as there are no signatures to collect.
- The user guide attached identifies the reporting process and the reviewer process, and is subject to updates based on DBH's selected incident reporting portal system.
- Employees involved in a crisis incident should be offered appropriate Employee Assistance Program (EAP) or similar related wellness and recovery assistance. In conjunction with the DBH's Guiding Principles of Care Delivery and wellness of the workforce, Contractor shall align their practices around this vision and ensure needed debriefing services are offered to all employees involved in a crisis incident. Employees shall be afforded all services to strengthen their recovery and wellness related to the crisis incident. Appropriate follow-up with the employee shall be carried out and a plan for workforce wellness shall be submitted to DBH.

Questions about incident reporting, how to use the incident reporting portal, or designating/changing the name of the administrator who will review incidents for the Contractor should be emailed to [DBHIncidentReporting@fresnocountyca.gov](mailto:DBHIncidentReporting@fresnocountyca.gov) and the assigned contract analyst.

### Mental Health Plan (MHP) and Substance Use Disorder (SUD) services Incident Reporting System

## INCIDENT REVIEWER ROLE – User Guide

Fresno County Department of Behavioral Health (DBH) requires all of its county-operated and contracted providers (through the Mental Health Plan (MHP) and Substance Use Disorder (SUD) services) to complete a written report of any incidents compromising the health and safety of persons served, employees, or community members.

Yes! Incident reports will now be made through an on online reporting portal hosted by Logic Manager. It's an easier way for any employee to report an incident at any time. A few highlights:

- No supervisor signature is immediately required.
- Additional information can be added to the report by the program supervisor/manager without having to resubmit the incident.
- When an incident is submitted, the assigned contract analyst, program supervisor/manager, clinical supervisor and the DBHIncidentReporting mailbox automatically receives an email notification of a new incident and can log in any time to review the incident. Everything that was on the original paper/electronic form matches the online form.
- Do away with submitting a paper version with a signature.
- This online submission allows for timely action for the health and safety of the persons-served, as well as compliance with state reporting timelines when necessary.

As an Incident Reviewer, the responsibility is to:

- Log in to Logic Manager and review incident submitted within 48 hours of notification of incident.
- Review incident for clarity, missing information and add in additional information deemed appropriate.
- Notify [DBHIncidentReporting@fresnocountyca.gov](mailto:DBHIncidentReporting@fresnocountyca.gov) if there is additional information to be report after initial submission
- Contact [DBHIncidentReporting@fresnocountyca.gov](mailto:DBHIncidentReporting@fresnocountyca.gov) if there are any concerns, questions or comments with Logic Manager or incident reporting.

# National Standards for Culturally and Linguistically Appropriate Services (CLAS) in Health and Health Care

The National CLAS Standards are intended to advance health equity, improve quality, and help eliminate health care disparities by establishing a blueprint for health and health care organizations to:

## Principal Standard:

1. Provide effective, equitable, understandable, and respectful quality care and services that are responsive to diverse cultural health beliefs and practices, preferred languages, health literacy, and other communication needs.

## Governance, Leadership, and Workforce:

2. Advance and sustain organizational governance and leadership that promotes CLAS and health equity through policy, practices, and allocated resources.
3. Recruit, promote, and support a culturally and linguistically diverse governance, leadership, and workforce that are responsive to the population in the service area.
4. Educate and train governance, leadership, and workforce in culturally and linguistically appropriate policies and practices on an ongoing basis.

## Communication and Language Assistance:

5. Offer language assistance to individuals who have limited English proficiency and/or other communication needs, at no cost to them, to facilitate timely access to all health care and services.
6. Inform all individuals of the availability of language assistance services clearly and in their preferred language, verbally and in writing.
7. Ensure the competence of individuals providing language assistance, recognizing that the use of untrained individuals and/or minors as interpreters should be avoided.
8. Provide easy-to-understand print and multimedia materials and signage in the languages commonly used by the populations in the service area.

## Engagement, Continuous Improvement, and Accountability:

9. Establish culturally and linguistically appropriate goals, policies, and management accountability, and infuse them throughout the organization's planning and operations.
10. Conduct ongoing assessments of the organization's CLAS-related activities and integrate CLAS-related measures into measurement and continuous quality improvement activities.
11. Collect and maintain accurate and reliable demographic data to monitor and evaluate the impact of CLAS on health equity and outcomes and to inform service delivery.
12. Conduct regular assessments of community health assets and needs and use the results to plan and implement services that respond to the cultural and linguistic diversity of populations in the service area.
13. Partner with the community to design, implement, and evaluate policies, practices, and services to ensure cultural and linguistic appropriateness.
14. Create conflict and grievance resolution processes that are culturally and linguistically appropriate to identify, prevent, and resolve conflicts or complaints.
15. Communicate the organization's progress in implementing and sustaining CLAS to all stakeholders, constituents, and the general public.

# The Case for the National CLAS Standards

Health equity is the attainment of the highest level of health for all people.<sup>1</sup> Currently, individuals across the United States from various cultural backgrounds are unable to attain their highest level of health for several reasons, including the social determinants of health, or those conditions in which individuals are born, grow, live, work, and age,<sup>2</sup> such as socioeconomic status, education level, and the availability of health services.<sup>3</sup>

Though health inequities are directly related to the existence of historical and current discrimination and social injustice, one of the most modifiable factors is the lack of culturally and linguistically appropriate services, broadly defined as care and services that are respectful of and responsive to the cultural and linguistic needs of all individuals.

Health inequities result in disparities that directly affect the quality of life for all individuals. Health disparities adversely affect neighborhoods, communities, and the broader society, thus making the issue not only an individual concern but also a public health concern. In the United States, it has been estimated that the combined cost of health disparities and subsequent deaths due to inadequate and/or inequitable care is \$1.24 trillion.<sup>4</sup>

Culturally and linguistically appropriate services are increasingly recognized as effective in improving the quality of care and services.<sup>5,6</sup> By providing a structure to implement culturally and linguistically appropriate services, the National CLAS Standards will improve an organization's ability to address health care disparities.

The National CLAS Standards align with the HHS Action Plan to Reduce Racial and Ethnic Health Disparities<sup>7</sup> and the National Stakeholder Strategy for Achieving Health Equity,<sup>8</sup> which aim to promote health equity through providing clear plans and strategies to guide collaborative efforts that address racial and ethnic health disparities across the country.

Similar to these initiatives, the National CLAS Standards are intended to advance health equity, improve quality, and help eliminate health care disparities by providing a blueprint for individuals and health and health care organizations to implement culturally and linguistically appropriate services. Adoption of these Standards will help advance better health and health care in the United States.

**Of all the forms of inequality, injustice in health care is the most shocking and inhumane.**
