# ANALYTICAL LABORATORY TESTING SERVICES COST PER SAMPLE QUOTATION SCHEDULE

The testing of water/wastewater samples will be requested on an as needed basis. The number of samples to be submitted with each chain of custody will vary (estimated annual quantities are indicated). Quantities shown in the bid schedule are approximate and the County guarantees no minimum amount. The County reserves the right to increase or decrease quantities. Bidder shall use the space provided below to quote the cost per sample. Bidder agrees that prices quoted are maximum for the contract period, and in the event of a price decline such lower prices shall be extended to the County of Fresno.

Fresno County Department of Public Works and Planning is a member of the California Rural Water Association (CRWA). If a bidding firm is a preferred provider with CRWA and is offering discounted rates to the County, state rate below. <u>Discount should already be applied to the prices below.</u>

DISCOUNT: N/A

Provide a sample analysis report for each of the panels listed on the Quotation Schedule in the order shown, to include EPA method numbers, Method Detection Limits (MDL's), and Practical Quantitation Limits (PQL's) when applicable. Sample MDL's and PQL's should reflect the most recent MDL study completed by the Bidder's laboratory. The response shall also detail how often MDL studies are conducted by the Bidder's laboratory

**Please Note:** In order to be considered, bidders must bid for all testing listed below. County will award to the bidder with the lowest Total Estimated Annual Cost.
