I. PROJECT DESCRIPTION

Since 2018, the County of Fresno Department of Behavioral Health (DBH) has partnered with the City of Fresno Police Department (Fresno PD) in providing behavioral health Crisis Intervention Team (CIT) Services within the Fresno metropolitan area. The CIT program consists of specially trained law enforcement officers and behavioral health clinicians, who co-locate and co-respond to behavioral health crisis calls for service dispatched by 9-1-1 operators. This collaboration allows Fresno PD CIT officers and behavioral health clinicians to respond to calls in which there is a behavioral health need and provide compassionate, person-centered crisis intervention services within a secure scene. CIT staff will respond to the initial crisis, which allows Fresno PD patrol officers to respond to incoming 9-1-1 calls, and provide post-crisis follow-up, referrals, and linkages. CIT services are fully funded by the Mental Health Services Act (MHSA) Prevention and Early Intervention (PEI) funds.

Behavioral health services provided by DBH and DBH-contracted clinicians include, but are not limited to screenings, suicide risk assessments, crisis intervention, community referrals and linkages, and short-term case management. Services shall also include community outreach, engagement, education, and prevention to those potentially in need of services for mental illness and/or co-occurring substance use disorders, the general public, emergency first responders, and other community agencies.

A. Program Methods

Exhibit A

Scope of Services

1. With behavioral health and law enforcement co-response, staff will be able to establish data that denotes behavioral health individuals served, crisis and interventions, and will identify those that have repeated use of emergency and crisis resources in metropolitan Fresno.
2. The co-response model will increase justice system resources for rapid response to safety and criminal behavioral needs.
3. Individuals engaged by the Fresno Metro CIT program will have more efficient access to crisis services, receive services more sensitive to their behavioral health needs, and mitigate further involvement with the criminal justice system.

In 2021, Fresno PD CIT received 1,671 behavioral health crisis calls for service with 80% of those calls resulting in de-escalation of the crisis, rather than involuntary hospitalization, and without the use of force. Fresno PD CIT's response to behavioral health crisis calls saved 1,543 hours of patrol officer time, allowing them to respond to other 9-1-1 calls.

II. SERVICES START DATE

Services shall begin on July 1, 2022.

III. TARGET POPULATION

The target population to be served by the Fresno Metro CIT program shall be any individual with metropolitan Fresno experiencing a behavioral health crisis, as dispatched by Fresno PD.

IV. LOCATION OF SERVICES

Fresno PD CIT services will be provided in person within metropolitan Fresno.

V. PROGRAM GOALS AND OBJECTIVES

A. The goals and objectives of this project include, but are not limited to:

1. CIT-trained officer response to behavioral health crisis calls dispatched through 9-1-1 to release the Fresno PD patrol officer on scene;
2. Collaborative crisis intervention services with CIT-trained officers and behavioral health clinicians to provide crisis intervention and crisis stabilization interventions to aide in de-escalation of the crisis and avoid unnecessary hospitalization, arrest or jail admission;
3. Provide "the right help the first time" by engaging the individual, assessing their needs and providing appropriate CIT services through the mutual interagency coordination between behavioral health and law enforcement to connect or

Exhibit A

Scope of Services

reconnect individuals to treatment and support, and to mitigate future contact with law enforcement; and

4. Consultation with other entities (e.g., emergency medical services, community-based organizations, treatment providers) to provide the most appropriate support for individuals contacted by the Fresno Metro CIT program.

VI. STAFFING LEVELS

Fresno PD CIT staffing shall include one (1) Fresno PD Sergeant to provide program oversight and supervision to four (4) Fresno PD CIT Officers.

VII. HOURS OF OPERATION

Fresno PD CIT will operate Monday through Friday from 7:00am to 5:00pm, including holidays.

VIII. PERFORMANCE AND OUTCOME MEASUREMENTS

Fresno PD CIT shall comply with all project monitoring and compliance protocols, procedures, data collection methods, and reporting requirements requested by DBH. DBH and Fresno PD CIT shall use performance outcome measures for evaluating program and system effectiveness to ensure services and service delivery strategies are positively impacting the service population.

In addition, these measures shall be used to ensure the program is in alignment with MHSA guiding principles relevant to the contractor, which are inclusive of an integrated service experience; community collaboration; cultural competence; individual/family driven service; and wellness, resilience, and recovery-focused services.

Performance outcome measures shall be tracked on an ongoing basis and used to update DBH as requested. In addition, performance outcome measures are reported to DBH annually in accumulative reports for overall program and contract evaluation. Forms and tools used to gather, and report data reflecting services provided, populations served, and impact of those services are to be developed by DBH and Fresno PD CIT. Fresno PD CIT will work closely with DBH to analyze the data and make necessary adjustments to service delivery and reporting requirements before the start of each new fiscal year and at appropriate intervals during the fiscal year.

Measurable outcomes may be reviewed for input and approval by a designated DBH work group upon contract execution and adjusted as needed each new fiscal year. The purpose of this review process is to ensure a comprehensive system-wide approach to the evaluation of programs through an effective outcome reporting process.

Additional Reporting Requirements

Exhibit A

Scope of Services

Fresno PD CIT will be responsible for meeting with DBH on a monthly basis, or more often as agreed upon between DBH and Fresno PD CIT, for contract and performance monitoring.

FPD CIT will be required to submit monthly reports to the DBH that will include, but not be limited to: date and time of CIT calls for service, responding agencies, call duration, call disposition and demographic information of the person served.

Invoices must be submitted by the 10th of each month and shall include expenses and revenues from the prior month.

Annual Performance Outcome Measures reports shall be completed at least annually and submitted to DBH as requested. County staff will notify Fresno PD CIT when its agency's participation is required. The performance outcome measurement report process will include survey instruments, person served and staff interviews, chart reviews, and other methods of obtaining necessary information as appropriate. See Attachment 1 – DBH PPG 1.2.7 Performance Outcome Measures for more information.

IX. CONTRACTOR RESPONSIBILITIES

- A. Co-respond with behavioral health clinical staff to known or potential behavioral health-related calls and assist in providing CIT services.
- B. Be flexible and adaptable to meet the evolving needs of the community, in particular the increased volume of behavioral health-related calls for service and services required.
- C. Assist in providing culturally, ethnically, and linguistically appropriate behavioral health crisis services.
- D. Collect data regarding call volume, which may include, but not be limited to: date and time of CIT calls for service, responding agencies, call duration, call disposition and demographic information of the person served as well as housing status and prevention/outreach activities.
- E. Dress in appropriate specialized Fresno PD CIT “casual wear” (i.e., polo shirt) to minimize the intimidation factor felt by individuals when approached by fully uniformed law enforcement officers.
- F. Lease and utilize specialized, non-standard law enforcement patrol vehicles that are less intimidating to individuals than typical fully-outfitted, standard, patrol vehicles.
- G. Acquire and attend on-going trainings, as necessary but at least annually, related to crisis intervention and de-escalation tactics.

Kannika Toonnachat (Division Manager)

POLICY: It is the policy of Fresno County Department of Behavioral Health and the Fresno County Mental Health Plan (FCMHP) to ensure procedures for developing performance measures which accurately reflect vital areas of performance and provide for systematic, ongoing collection and analysis of valid and reliable data. Data collection is not intended to be an additional task for FCMHP programs/providers but rather embedded within the various non-treatment, treatment and clinical documentation.

PURPOSE: To determine the effectiveness and efficiency of services provided by measuring performance outcomes/results achieved by the persons served during service delivery or following service completion, delivery of service, and of the individuals' satisfaction. This is a vital management tool used to clarify goals, document the efforts toward achieving those goals, and thus measure the benefit the service delivery to the persons served. Performance measurement selection is part of the planning and developing process design of the program. Performance measurement is the ongoing monitoring and reporting of progress towards pre-established objectives/goals.

3. **Fresno County Mental Health Plan (FCMHP):** Fresno County's contract with the State Department of Health and Human Services that allows for the provision of specialty mental health services. Services may be delivered by county-operated programs, contracted organizational, or group providers.
4. **Objective (Goal):** Intended results or the impact of learning, programs, or activities.
5. **Outcomes:** Specific results or changes achieved as a consequence of the program or intervention. Outcomes are connected to the objectives/goals identified by the program or intervention.

PROCEDURE:

- I. Each FCMHP program/provider shall engage in measurement of outcomes in order to generate reliable and valid data on the effectiveness and efficiency of programs or interventions. Programs/providers will establish/select objectives (goals), decide on a methodology and timeline for the collection of data, and use an appropriate data collection tool. This occurs during the program planning and development process. Outcomes should be in alignment with the program/provider goals.
- II. Outcomes should be measureable, obtainable, clear, accurately reflect the expected result, and include specific time frames. Once the measures have been selected, it is necessary to design a way to gather the information. For each service delivery performance indicator, FCMHP program/provider shall determine: to whom the indicator will be applied; who is responsible for collecting the data; the tool from which data will be collected; and a performance target based on an industry benchmark, or a benchmark set by the program/provider.
- III. Performance measures are subject to review and approval by FCMHP Administration.
- IV. Performance measurement is the ongoing monitoring and reporting of progress towards pre-established objectives/goals. Annually, each FCMHP program/provider must measure service delivery performance in each of the areas/domains listed below. Dependent on the program/provider service deliverables, exceptions must be approved by the FCMHP Administration.
 - a. Effectiveness of services – How well programs performed and the results achieved. Effectiveness measures address the quality of care through measuring change over time. Examples include but are not limited to: reduction

Satisfaction measures are usually oriented toward clients, family members, personnel, the community, and funding sources. Examples include but are not limited to: did the organization/program focus on the recovery of the person served, were grievances or concerns addressed, overall feelings of satisfaction, and satisfaction with physical facilities, fees, access, service effectiveness, and efficiency.

Exhibit C
Health Insurance Portability and Accountability Act (HIPAA)

1. The County is a “Covered Entity,” and the Contractor is a “Business Associate,” as these terms are defined by 45 CFR 160.103. In connection with providing services under the Agreement, the parties anticipate that the Contractor will create and/or receive Protected Health Information (“PHI”) from or on behalf of the County. The parties enter into this Business Associate Agreement (BAA) to comply with the Business Associate requirements of HIPAA, to govern the use and disclosures of PHI under this Agreement. “HIPAA Rules” shall mean the Privacy, Security, Breach Notification, and Enforcement Rules at 45 CFR Parts 160 and 164.

The parties to this Agreement shall be in strict conformance with all applicable federal and State of California laws and regulations, including, but not limited to California Welfare and Institutions Code sections 5328, 10850, and 14100.2 *et seq.*; 42 CFR 2; 42 CFR 431; California Civil Code section 56 *et seq.*; the Health Insurance Portability and Accountability Act of 1996, as amended (“HIPAA”), including, but not limited to, 45 CFR Parts 160, 45 CFR 162, and 45 CFR 164; the Health Information Technology for Economic and Clinical Health Act (“HITECH”) regarding the confidentiality and security of patient information, including, but not limited to 42 USC 17901 *et seq.*; and the Genetic Information Nondiscrimination Act (“GINA”) of 2008 regarding the confidentiality of genetic information.

Except as otherwise provided in this Agreement, the Contractor, as a business associate of the County, may use or disclose Protected Health Information (“PHI”) to perform functions, activities or services for or on behalf of the County, as specified in this Agreement, provided that such use or disclosure shall not violate HIPAA Rules. The uses and disclosures of PHI may not be more expansive than those applicable to the County, as the “Covered Entity” under the HIPAA Rules, except as authorized for management, administrative or legal responsibilities of the Contractor.

2. The Contractor, including its subcontractors and employees, shall protect from unauthorized access, use, or disclosure of names and other identifying information, including genetic information, concerning persons receiving services pursuant to this Agreement, except where permitted in order to carry out data aggregation purposes for health care operations [45 CFR §§ 164.504(e)(2)(i), 164.504(e)(2)(ii)(A), and 164.504(e)(4)(i)]. This pertains to any and all

Exhibit C
Health Insurance Portability and Accountability Act (HIPAA)

persons receiving services pursuant to a County-funded program. This requirement applies to electronic PHI. The Contractor shall not use such identifying information or genetic information for any purpose other than carrying out the Contractor's obligations under this Agreement.

3. The Contractor, including its subcontractors and employees, shall not disclose any such identifying information or genetic information to any person or entity, except as otherwise specifically permitted by this Agreement, authorized by Subpart E of 45 CFR Part 164 or other law, required by the Secretary of the United States Department of Health and Human Services ("Secretary"), or authorized by the client/patient in writing. In using or disclosing PHI that is permitted by this Agreement or authorized by law, the Contractor shall make reasonable efforts to limit PHI to the minimum necessary to accomplish intended purpose of use, disclosure or request.

4. For purposes of the above sections, identifying information shall include, but not be limited to, name, identifying number, symbol, or other identifying particular assigned to the individual, such as fingerprint or voiceprint, or photograph.

5. For purposes of the above sections, genetic information shall include genetic tests of family members of an individual or individual(s), manifestation of disease or disorder of family members of an individual, or any request for or receipt of genetic services by individual or family members. Family member means a dependent or any person who is first, second, third, or fourth degree relative.

6. The Contractor shall provide access, at the request of the County, and in the time and manner designated by the County, to PHI in a designated record set (as defined in 45 CFR § 164.501), to an individual or to COUNTY in order to meet the requirements of 45 CFR § 164.524 regarding access by individuals to their PHI. With respect to individual requests, access shall be provided within thirty (30) days from request. Access may be extended if the Contractor cannot provide access and provides the individual with the reasons for the delay and the date when access may be granted. PHI shall be provided in the form and format requested by the individual or the County.

The Contractor shall make any amendment(s) to PHI in a designated record set at the

Exhibit C
Health Insurance Portability and Accountability Act (HIPAA)

request of the County or individual, and in the time and manner designated by the County in accordance with 45 CFR § 164.526.

The Contractor shall provide to the County or to an individual, in a time and manner designated by the County, information collected in accordance with 45 CFR § 164.528, to permit the County to respond to a request by the individual for an accounting of disclosures of PHI in accordance with 45 CFR § 164.528.

7. The Contractor shall report to the County, in writing, any knowledge or reasonable belief that there has been unauthorized access, viewing, use, disclosure, security incident, or breach of unsecured PHI not permitted by this Agreement of which the Contractor becomes aware, immediately and without reasonable delay and in no case later than two (2) business days of discovery. Immediate notification shall be made to the County's Information Security Officer and Privacy Officer and the County's Department of Public Health ("DPH") HIPAA Representative, within two (2) business days of discovery. The notification shall include, to the extent possible, the identification of each individual whose unsecured PHI has been, or is reasonably believed to have been, accessed, acquired, used, disclosed, or breached. The Contractor shall take prompt corrective action to cure any deficiencies and any action pertaining to such unauthorized disclosure required by applicable federal and State laws and regulations. The Contractor shall investigate such breach and is responsible for all notifications required by law and regulation or deemed necessary by the County and shall provide a written report of the investigation and reporting required to the County's Information Security Officer and Privacy Officer and the County's DPH HIPAA Representative.

This written investigation and description of any reporting necessary shall be postmarked within the thirty (30) working days of the discovery of the breach to the addresses below:

8. The Contractor shall make its internal practices, books, and records relating to the use and disclosure of PHI received from the county, or created or received by the Contractor on behalf of the County, in compliance with Parts the HIPAA Rules. The Contractor shall make its internal practices, books, and records relating to the use and disclosure of PHI received from the County, or created or received by the Contractor on behalf of the County, available to the Secretary upon demand.

The Contractor shall cooperate with the compliance and investigation reviews conducted by the Secretary. PHI access to the Secretary must be provided during the Contractor's normal business hours; however, upon exigent circumstances access at any time must be granted. Upon the Secretary's compliance or investigation review, if PHI is unavailable to the Contractor and in possession of a subcontractor of the Contractor, the Contractor must certify to the Secretary its efforts to obtain the information from the subcontractor.

9. Safeguards

The Contractor shall implement administrative, physical, and technical safeguards as required by the HIPAA Security Rule, Subpart C of 45 CFR Part 164, that reasonably and appropriately protect the confidentiality, integrity, and availability of PHI, including electronic PHI, that it creates, receives, maintains or transmits on behalf of the County and to prevent unauthorized access, viewing, use, disclosure, or breach of PHI other than as provided for by this Agreement. The Contractor shall conduct an accurate and thorough assessment of the potential risks and vulnerabilities to the confidentiality, integrity and availability of electronic PHI. The Contractor shall develop and maintain a written information privacy and security program that includes administrative, technical and physical safeguards appropriate to the size and complexity of the Contractor's operations and the nature and scope of its activities. Upon the County's request, the Contractor shall provide the County with information concerning such safeguards.

The Contractor shall implement strong access controls and other security safeguards and precautions in order to restrict logical and physical access to confidential, personal (e.g., PHI) or sensitive data to authorized users only. Said safeguards and precautions shall include

Exhibit C

the following administrative and technical password controls for all systems used to process or store confidential, personal, or sensitive data:

A. Passwords must **not** be:

- (1) Shared or written down where they are accessible or recognizable by anyone else; such as taped to computer screens, stored under keyboards, or visible in a work area;
- (2) A dictionary word; or
- (3) Stored in clear text

B. Passwords must be:

- (1) Eight (8) characters or more in length;
- (2) Changed every ninety (90) days;
- (3) Changed immediately if revealed or compromised; and
- (4) Composed of characters from at least three (3) of the following four (4) groups from the standard keyboard:
 - a) Upper case letters (A-Z);
 - b) Lowercase letters (a-z);
 - c) Arabic numerals (0 through 9); and
 - d) Non-alphanumeric characters (punctuation symbols).

The Contractor shall implement the following security controls on each workstation or portable computing device (e.g., laptop computer) containing confidential, personal, or sensitive data:

- 1. Network-based firewall and/or personal firewall;
- 2. Continuously updated anti-virus software; and
- 3. Patch management process including installation of all operating system/software vendor security patches.

The Contractor shall utilize a commercial encryption solution that has received FIPS 140-2 validation to encrypt all confidential, personal, or sensitive data stored on portable electronic media (including, but not limited to, compact disks and thumb drives) and on portable

Exhibit C
Health Insurance Portability and Accountability Act (HIPAA)

computing devices (including, but not limited to, laptop and notebook computers).

The Contractor shall not transmit confidential, personal, or sensitive data via e-mail or other internet transport protocol unless the data is encrypted by a solution that has been validated by the National Institute of Standards and Technology (NIST) as conforming to the Advanced Encryption Standard (AES) Algorithm. The Contractor must apply appropriate sanctions against its employees who fail to comply with these safeguards. The Contractor must adopt procedures for terminating access to PHI when employment of employee ends.

10. Mitigation of Harmful Effects

The Contractor shall mitigate, to the extent practicable, any harmful effect that is suspected or known to the Contractor of an unauthorized access, viewing, use, disclosure, or breach of PHI by the Contractor or its subcontractors in violation of the requirements of these provisions. The Contractor must document suspected or known harmful effects and the outcome.

11. The Contractor's Subcontractors

The Contractor shall ensure that any of its contractors, including subcontractors, if applicable, to whom the Contractor provides PHI received from or created or received by the Contractor on behalf of the County, agree to the same restrictions, safeguards, and conditions that apply to the Contractor with respect to such PHI and to incorporate, when applicable, the relevant provisions of these provisions into each subcontract or sub-award to such agents or subcontractors.

Nothing in this section 11 or this Exhibit C authorizes the Contractor to perform services under this Agreement using subcontractors.

12. Employee Training and Discipline

The Contractor shall train and use reasonable measures to ensure compliance with the requirements of these provisions by employees who assist in the performance of functions or activities on behalf of the County under this Agreement and use or disclose PHI, and discipline such employees who intentionally violate any provisions of these provisions, which may include termination of employment.

Exhibit C
Health Insurance Portability and Accountability Act (HIPAA)

13. Termination for Cause

Upon the County's knowledge of a material breach of these provisions by the Contractor, the County will either:

A. Provide an opportunity for the Contractor to cure the breach or end the violation, and the County may terminate this Agreement if the Contractor does not cure the breach or end the violation within the time specified by the County; or

B. Immediately terminate this Agreement if the Contractor has breached a material term of this Exhibit C and cure is not possible, as determined by the County.

C. If neither cure nor termination is feasible, the County's Privacy Officer will report the violation to the Secretary of the U.S. Department of Health and Human Services.

14. Judicial or Administrative Proceedings

The County may terminate this Agreement if: (1) the Contractor is found guilty in a criminal proceeding for a violation of the HIPAA Privacy or Security Laws or the HITECH Act; or (2) there is a finding or stipulation in an administrative or civil proceeding in which the Contractor is a party that the Contractor has violated a privacy or security standard or requirement of the HITECH Act, HIPAA or other security or privacy laws.

15. Effect of Termination

Upon termination or expiration of this Agreement for any reason, the Contractor shall return or destroy all PHI received from the County (or created or received by the Contractor on behalf of the County) that the Contractor still maintains in any form, and shall retain no copies of such PHI. If return or destruction of PHI is not feasible, the Contractor shall continue to extend the protections of these provisions to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible. This provision applies to PHI that is in the possession of subcontractors or agents, if applicable, of the Contractor. If the Contractor destroys the PHI data, a certification of date and time of destruction shall be provided to the County by the Contractor.

16. Compliance with Other Laws

To the extent that other state and/or federal laws provide additional, stricter and/or more

Exhibit C
Health Insurance Portability and Accountability Act (HIPAA)

protective privacy and/or security protections to PHI or other confidential information covered under this BAA, the Contractor agrees to comply with the more protective of the privacy and security standards set forth in the applicable state or federal laws to the extent such standards provide a greater degree of protection and security than HIPAA Rules or are otherwise more favorable to the individual.

17. Disclaimer

The County makes no warranty or representation that compliance by the Contractor with these provisions, the HITECH Act, or the HIPAA Rules, will be adequate or satisfactory for the Contractor's own purposes or that any information in the Contractor's possession or control, or transmitted or received by the Contractor, is or will be secure from unauthorized access, viewing, use, disclosure, or breach. The Contractor is solely responsible for all decisions made by the Contractor regarding the safeguarding of PHI.

18. Amendment

The parties acknowledge that Federal and State laws relating to electronic data security and privacy are rapidly evolving and that amendment of this Exhibit C may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to amend this agreement in order to implement the standards and requirements of the HIPAA Rules, the HITECH Act and other applicable laws relating to the security or privacy of PHI. The County may terminate this Agreement upon thirty (30) days written notice in the event that the Contractor does not enter into an amendment providing assurances regarding the safeguarding of PHI that the County in its sole discretion, deems sufficient to satisfy the standards and requirements of the HIPAA Rules, and the HITECH Act.

19. No Third-Party Beneficiaries

Nothing expressed or implied in the provisions of this Exhibit C is intended to confer, and nothing in this Exhibit C does confer, upon any person other than the County or the Contractor and their respective successors or assignees, any rights, remedies, obligations or liabilities whatsoever.

Exhibit C
Health Insurance Portability and Accountability Act (HIPAA)

20. Interpretation

The provisions of this Exhibit C shall be interpreted as broadly as necessary to implement and comply with the HIPAA Rules, and applicable State laws. The parties agree that any ambiguity in the terms and conditions of these provisions shall be resolved in favor of a meaning that complies and is consistent with the HIPAA Rules.

21. Regulatory References

A reference in the terms and conditions of these provisions to a section in the HIPAA Rules means the section as in effect or as amended.

22. Survival

The respective rights and obligations of the Contractor as stated in this Exhibit C survive the termination or expiration of this Agreement.

23. No Waiver of Obligation

Change, waiver or discharge by the County of any liability or obligation of the Contractor under this Exhibit C on any one or more occasions is not a waiver of performance of any continuing or other obligation of the Contractor and does not prohibit enforcement by the County of any obligation on any other occasion.
