

County of Fresno

DEPARTMENT OF PUBLIC WORKS AND PLANNING
STEVEN E. WHITE, DIRECTOR

February 3, 2017

This is an important notice about the recommendation to keep County Service Area 1 (Tamarack) on Normal Water Conservation for April 1, 2017, through March 31, 2018.

If you have any questions about this notice, please contact Jerod Weeks, Staff Analyst, at (559) 600-4259 or via email at jweeks@co.fresno.ca.us.

Dear Resident,

This letter:

- Gives notice of a Board hearing on the water conservation report before the County of Fresno Board of Supervisors where residents and property owners in the affected districts shall have the opportunity to protest the declaration of a water conservation stage and present their respective needs and any other relevant information to the Board; and
- Explains (1) the relevant dates of the conservation period, (2) the water conservation stage recommended for that period in the water conservation report, and (3) the reasons for that recommendation; and
- Explains the regulations corresponding to the recommended water conservation stage, and the penalties for violations.

This notice is required by Fresno County Ordinance Code Section 14.01.050.

Notice of Board Hearing on the Water Conservation Report:

On **March 7, 2017, at 9:00 A.M.** (or as soon after as practicable), the Fresno County Board of Supervisors will hold a **Board hearing** in the **meeting chambers** of the **Fresno County Board of Supervisors, 2281 Tulare Street, 3rd Floor, Fresno, California 93721**. At the public hearing, the Board will consider all protests against the declaration of a water conservation stage. The Board may adopt a resolution declaring the water conservation stage that will conserve the water supply for the greatest public benefit for the relevant conservation period at the public hearing.

Recommendation: NORMAL WATER CONSERVATION

Based upon the information for your District in the annual Water Conservation Report, County staff is recommending that **County Service Area 1 (CSA 1)** remain at **Normal Water Conservation** for the 2017-18 water year **beginning on April 1, 2017 and ending on March 31, 2018.**

Staff recommends Normal Water Conservation because water capacity is forecasted to consistently exceed demand, so that the supply of water for human consumption, sanitation, and fire protection is not adversely affected, and that condition is expected to continue for the relevant period of this water conservation report.

It is important to note that the State of California has extended emergency drought regulations through February 28, 2017, and therefore all water customers including those within CSA 1, are expected to continue conserving. CSA 1 usage data was submitted to the State in December of 2016 in compliance with the emergency drought regulations.

Normal Water Conservation Regulations and Violations:

Regulations for Normal Water Conservation are in section 14.01.070 of Fresno County Ordinance Code Chapter 14.01, entitled "Water Conservation."

Regulations for the enforcement of water conservation restrictions are in section 14.01.130 of Fresno County Ordinance Code Chapter 14.01, entitled "Water Conservation."

Fresno County Ordinance 14.01.050 is available on-line at:

www.co.fresno.ca.us/DepartmentPage.aspx?id=58137

Sincerely,

Special Districts Administration

Recommendation: WATER CONSERVATION STAGE 4 “SEVERE WATER SHORTAGE EMERGENCY”

Based upon the information for your District in the annual Water Conservation Report, County staff recommends that **County Service Area 30 (CSA 30)** be placed at **Water Conservation Stage Four (Severe Water Shortage Emergency Condition)** for the 2017-18 water year **beginning on April 1, 2017 and ending on March 31, 2018.**

Staff recommends Water Conservation Stage Four because it closely aligns with the restrictions imposed by Westlands Water District (Westlands), the water supplier for CSA 30, and those restrictions are most likely to ensure a sufficient supply of water for human consumption, sanitation,

Condado de Fresno

DEPARTAMENTO DE OBRAS PÚBLICAS Y LA PLANIFICACION
STEVEN E. WHITE, DIRECTOR

3 de Febrero del 2017

Este es un informe importante sobre la recomendación para declarar el Área de Servicio del Condado No. 30 (El Porvenir) en el Nivel Cuatro de la Ordenanza de Conservación de Agua sobre las fechas del 1 de Abril de 2017 al 31 de Marzo de 2018.

En caso de tener alguna pregunta respecto a esta carta, póngase en contacto, por favor, con Amina Flores, Analista Principal, al (559) 600-4259 o por correo electrónico en afloresvelazquez@co.fresno.ca.us.

Estimado Residente,

Esta carta:

- Da aviso de una audiencia de pública ante la Junta de Supervisores del Condado de Fresno para presentar el reporte de conservación de agua, durante la cual miembros de la comunidad pueden protestar la declaración de un nivel de conservación de agua por la Junta y presentar información pertinente sobre el Distrito de agua;
- Explica (1) las fechas del reporte de conservación, (2) el nivel de conservación de agua siendo recomendado para su Distrito de agua en el reporte de conservación de agua, y (3) las razones por la recomendación;
- Explica los reglamentos que corresponden a la recomendación del nivel de conservación de agua, y las sanciones por violaciones.

Este informe es obligatorio por la Ordenanza del Condado de Fresno Sección 14.01.050.

Aviso de Audiencia Pública sobre el Reporte de Conservación de Agua:

El **7 de Marzo de 2017 a las 9:00 A.M.** (o tan pronto posible después), la Junta llevara a cabo una **audiencia pública** en las **salas de reunión de la Junta de Supervisores del Condado de Fresno, 2281 Tulare Street, 3^{er} Piso, Fresno, California 93721**. En la audiencia pública, la Junta va a considerar protestas en contra de la declaración del nivel de conservación de agua. La Junta puede adoptar una resolución que declarara el nivel de conservación de agua que conservaría la cantidad de agua mayor para el beneficio público sobre el periodo de conservación pertinente.

Recomendación: NIVEL CUATRO “GRAVE EMERGENCIA DE AGUA”

Basado en la información sobre su Distrito en el Reporte anual de Conservación de Agua, personal del Condado están recomendado que pare el **Área de Servicio del Condado No. 30 (en inglés CSA 30)** se declare el **Nivel Cuatro de la Ordenanza de Conservación de Agua** para el año de agua 2017-18 que **comienza el 1 de Abril de 2017 y termina 31 de Marzo de 2018**.

Personal del Condado está recomendado el Nivel Cuatro de la Ordenanza de Conservación de Agua porque este nivel más refleja las restricciones de la agencia de Westlands, quien proporciona el agua al Distrito. Las restricciones del Nivel Cuatro aseguran suficiente agua para el consumo de agua, saneamiento, y protección de fuego.

and fire protection. Westlands currently has a prohibition against all outdoor watering that is similar with the watering schedule under the County's Water Conservation Stage Four regulations. No outdoor watering also includes limiting vehicle and equipment washing to commercial car washes or commercial service stations, which is applicable under the County's Water Conservation Stage Four.

Water Conservation Stage Four Regulations and Violations:

Regulations for Water Conservation Stage Four are in section 14.01.110 of Fresno County Ordinance Code Chapter 14.01, entitled "Water Conservation."

Regulations for the enforcement of water conservation restrictions are in section 14.01.130 of Fresno County Ordinance Code Chapter 14.01, entitled "Water Conservation."

Fresno County Ordinance Code 14.01.050 is available on-line at:

www.co.fresno.ca.us/DepartmentPage.aspx?id=58137

Sincerely,

Special Districts Administration

La agencia de Westlands actualmente prohíbe el regar al aire libre y esta prohibición es similar al horario de regar al aire libre de los reglamentos del Nivel Cuatro de Conservación de Agua. La prohibición de regar al aire libre incluye la prohibición de lavar carros y maquinas residenciales. Solo se puede lavar carros o maquinas en estaciones comerciales de lava coches o estaciones de servicios comerciales. Estos reglamentos son aplicables por el Nivel Cuatro de la Ordenanza de Conservación de Agua.

Reglamentos y Violaciones del Nivel Cuatro de la Ordenanza de Conservación de Agua:

Los reglamentos del Nivel Cuatro de la Ordenanza de Conservación de Agua están detallados en el capítulo 14.01 de la Ordenanza del Condado de Fresno Capítulo 14.01, titulado "Water Conservation."

Los reglamentos de la aplicación del Nivel Cuatro de la Ordenanza de Conservación de Agua están detallados en el capítulo 14.01 de la Ordenanza del Condado de Fresno Capítulo 14.01, titulado "Water Conservation."

Ordenanza del Condado de Fresno 14.01.050 está disponible en la página del web:

Personal del Condado está recomendado el Nivel Cuatro de la Ordenanza de Conservación de Agua porque este nivel más refleja las restricciones de la agencia de Westlands, quien proporciona el agua al Distrito. Las restricciones del Nivel Cuatro aseguran suficiente agua para el consumo de agua, saneamiento, y protección de fuego.

and fire protection. Westlands currently has a prohibition against all outdoor watering that is similar with the watering schedule under the County's Water Conservation Stage Four regulations. No outdoor watering also includes limiting vehicle and equipment washing to commercial car washes or commercial service stations, which is applicable under the County's Water Conservation Stage Four.

Water Conservation Stage Four Regulations and Violations:

Regulations for Water Conservation Stage Four are in section 14.01.110 of Fresno County Ordinance Code Chapter 14.01, entitled "Water Conservation."

Regulations for the enforcement of water conservation restrictions are in section 14.01.130 of Fresno County Ordinance Code Chapter 14.01, entitled "Water Conservation."

Fresno County Ordinance Code 14.01.050 is available on-line at:

www.co.fresno.ca.us/DepartmentPage.aspx?id=58137

Sincerely,

Special Districts Administration

La agencia de Westlands actualmente prohíbe todo riego al aire libre y esta prohibición es similar a horario de regar al aire libre de los reglamentos del Nivel Cuatro de la Ordenanza de Conservación de Agua. La prohibición de regar al aire libre incluye prohibir lavar carros y maquinas residenciales. Solo se puede lavar carros o maquinas en estaciones comerciales de lava coches o estaciones de servicios comerciales. Todos estos reglamentos son aplicables por el Nivel Cuatro de Conservación de Agua.

Reglamentos y Violaciones del Nivel Cuatro de la Ordenanza de Conservación de Agua:

Los reglamentos del Nivel Cuatro de la Ordenanza de Conservación de Agua están detallados en el capítulo 14.01 de la Ordenanza del Condado de Fresno Capítulo 14.01, titulado "Water Conservation."

Los reglamentos de la aplicación del Nivel Cuatro de la Ordenanza de Conservación de Agua están detallados en el capítulo 14.01 de la Ordenanza del Condado de Fresno Capítulo 14.01, titulado "Water Conservation."

Ordenanza del Condado de Fresno 14.01.050 está disponible en la página del web:

DEPARTMENT OF PUBLIC WORKS AND PLANNING
STEVEN E. WHITE, DIRECTOR

February 3, 2017

This is an important notice about the recommendation to keep County Service Area 34 Zones A and C (Brighton Crest/Bella Vista) on Normal Water Conservation for April 1, 2017, through March 31, 2018.

If you have any questions about this notice, please contact Julie Zimmer-Belle, Staff Analyst, at (559) 600-4259 or via email at jzimmer@co.fresno.ca.us.

Dear Resident,

This letter:

- Gives notice of a Board hearing on the water conservation report before the County of Fresno Board of Supervisors where residents and property owners in the affected districts shall have the opportunity to protest the declaration of a water conservation stage and present their respective needs and any other relevant information to the Board; and
- Explains (1) the relevant dates of the conservation period, (2) the water conservation stage recommended for that period in the water conservation report, and (3) the reasons for that recommendation; and
- Explains the regulations corresponding to the recommended water conservation stage, and the penalties for violations.

This notice is required by Fresno County Ordinance Code Section 14.01.050.

Notice of Board Hearing on the Water Conservation Report:

On **March 7, 2017, at 9:00 A.M.** (or as soon after as practicable), the Fresno County Board of Supervisors will hold a **Board hearing** in the **meeting chambers** of the **Fresno County Board of Supervisors, 2281 Tulare Street, 3rd Floor, Fresno, California 93721**. At the public hearing, the Board will consider all protests against the declaration of a water conservation stage. The Board may adopt a resolution declaring the water conservation stage that will conserve the water supply for the greatest public benefit for the relevant conservation period at the public hearing.

Recommendation: NORMAL WATER CONSERVATION

Based upon the information for your District in the annual Water Conservation Report, County staff is recommending that **County Service Area 34 Zones A and C (CSA 34 A&C)** remain at **Normal Water Conservation** for the 2017-18 water year **beginning on April 1, 2017 and ending on March 31, 2018**.

Staff recommends Normal Water Conservation because the Districts have consistently used less than half of their annual allocation of water, so that the supply of water for human consumption, sanitation, and fire protection is not adversely affected, and that condition is expected to continue for the relevant period of this water conservation report.

It is important to note that the State of California has extended emergency drought regulations through February 28, 2017, and therefore all water customers including those within CSA 34 A&C, are expected to continue conserving. CSA 34 A&C usage data was submitted to the State in December of 2016 in compliance with the emergency drought regulations.

Normal Water Conservation Regulations and Violations:

Regulations for Normal Water Conservation are in section 14.01.070 of Fresno County Ordinance Code Chapter 14.01, entitled "Water Conservation."

Regulations for the enforcement of water conservation restrictions are in section 14.01.130 of Fresno County Ordinance Code Chapter 14.01, entitled "Water Conservation."

Fresno County Ordinance 14.01.050 is available on-line at:

www.co.fresno.ca.us/DepartmentPage.aspx?id=58137

Sincerely,

Special Districts Administration

Recommendation: STAGE TWO "SIGNIFICANT WATER SHORTAGE" STAGE THREE "CRITICAL WATER SHORTAGE"

Based upon the information for your District in the annual Water Conservation Report, County staff recommends that **County Service Area No. 39AB (CSA 39AB)** be placed at **Water Conservation Stage Two (Significant Water Shortage Emergency Condition)** from **May 1, 2017 through November 30, 2017** and **Water Conservation Stage Three (Critical Water Shortage Emergency Condition)** from **April 1, 2017 through April 30, 2017 and also December 1, 2017 through March 31, 2018** for the 2017-18 water year **beginning on April 1, 2017 and ending on March 31, 2018**.

Condado de Fresno

DEARTMENTO DE OBRAS PÚBLICAS Y LA PLANIFICACION
STEVEN E. WHITE, DIRECTOR

3 de Febrero del 2017

Este es un informe importante sobre la recomendación para declarar el Área de Servicio del Condado No. 39AB (Beran Way/Prospect) en el Nivel Dos de la Ordenanza de Conservación de Agua sobre las fechas del 1 de Mayo de 2017 al 30 de Noviembre de 2017 y Nivel Tres de la Ordenanza de Conservación de Agua sobre las fechas del 1 de Abril de 2016 al 30 de Abril de 2017 y el 1 de Diciembre de 2017 al 31 de Marzo de 2018.

En caso de tener alguna pregunta respecto a esta carta, póngase en contacto, por favor, con Amina Flores, Analista Principal, al (559) 600-4259 o por correo electrónico en afloresvelazquez@co.fresno.ca.us.

Estimado Residente,

Esta carta:

- Da aviso de una audiencia de pública ante la Junta de Supervisores del Condado de Fresno para presentar el reporte de conservación de agua, durante la cual miembros de la comunidad pueden protestar la declaración de un nivel de conservación de agua por la Junta y presentar información pertinente sobre el Distrito de agua;
- Explica (1) las fechas del reporte de conservación, (2) el nivel de conservación de agua siendo recomendado para su Distrito de agua en el reporte de conservación de agua, y (3) las razones por la recomendación;
- Explica los reglamentos que corresponden a la recomendación del nivel de conservación de agua, y las sanciones por violaciones.

Este informe es obligatorio por la Ordenanza del Condado de Fresno Sección 14.01.050.

Aviso de Audiencia Pública sobre el Reporte de Conservación de Agua:

El **7 de Marzo de 2017 a las 9:00 A.M.** (o tan pronto posible después), la Junta llevara a cabo una **audiencia pública** en las **salas de reunión de la Junta de Supervisores del Condado de Fresno, 2281 Tulare Street, 3^{er} Piso, Fresno, California 93721**. En la audiencia pública, la Junta va a considerar protestas en contra de la declaración del nivel de conservación de agua. La Junta puede adoptar una resolución que declarara el nivel de conservación de agua que conservaría la cantidad de agua mayor para el beneficio público sobre el periodo de conservación pertinente.

Recomendación: NIVEL DOS “EMEGENCIA DE AGUA SIGNIFICANTE” NIVEL TRES “EMERGENCIA DE AGUA CRITICA”

Basado en la información sobre su Distrito en el Reporte anual de Conservación de Agua, personal del Condado están recomendado que para el **Área de Servicio del Condado No. 39AB (en inglés CSA 39AB)** se declare el **Nivel Dos de la Ordenanza de Conservación de Agua** para las fechas empezando en el **1 de Abril de 2016 a el 30 de Noviembre de 2016 y el 2 de Marzo de 2017 al 31 de Marzo de 2017** y el **Nivel Tres de la Ordenanza de Conservación de Agua** para las fechas empezando en el **1 de Diciembre de 2016 al 1 de Marzo de 2017**.

Staff is recommending Water Conservation Stage Two and Stage Three because they closely align with the summer (March 2-November 30) and winter (December 1-March 1) restrictions imposed by the City of Fresno, the water supplier for your District, and those restrictions are most likely to ensure a sufficient supply of water for human consumption, sanitation, and fire protection. The City of Fresno watering schedule allows for two days per week outdoor watering during the Spring and Summer seasons, and one day per week outdoor watering in the Winter. The City's restrictions for Spring/Summer and Winter are similar to the water regulations used in the County's Water Conservation Stage Two and Stage Three, respectively. In addition, both seasons for the City's water regulations include the prohibition of using water to wash down sidewalks, driveways, parking areas, tennis courts, patios, or any other exterior paved areas, as well as a prohibition of flood irrigation; these prohibitions are also applicable under the County's Water Conservation Stages Two and Three.

Water Conservation Stages Two and Three Regulations and Violations:

Regulations for Water Conservation Stages Two and Three are in sections 14.01.090 and 14.01.100, respectively, of Fresno County Ordinance Code Chapter 14.01, entitled "Water Conservation."

Regulations for the enforcement of water conservation restrictions are in section 14.01.130 of Fresno County Ordinance Code Chapter 14.01 entitled "Water Conservation."

Fresno County Ordinance Code 14.01.050 is available on-line at:

www.co.fresno.ca.us/DepartmentPage.aspx?id=58137

Sincerely,

Special Districts Administration

Personal del Condado está recomendado el Nivel Dos y Nivel Tres de la Ordenanza de Conservación de Agua porque estos niveles más reflejan las restricciones de temporadas de verano e invierno requeridas por la Ciudad de Fresno, quien proporciona el agua al Distrito. Estas restricciones aseguran suficiente agua para el consumo de agua, saneamiento, y protección de fuego. El horario de regar al aire libre de la Ciudad de Fresno permite dos días por semana para regar durante la primavera y verano, y un día por semana durante el invierno. Este horario es similar a los reglamentos en los Niveles Dos y Tres, respectivamente, de la Ordenanza de Conservación de Agua del Condado. La Ciudad también prohíbe el uso de agua para lavar banquetas, área de estacionar carros, canchas de tenis, patios, y otras áreas pavimentadas cuales son exteriores a la residencia. La Ciudad también prohíbe el regar al aire libre cual causa inundación. Estas prohibiciones también son reglamentos en los Niveles Dos y Tres de la Ordenanza de Conservación de Agua del Condado.

Reglamentos y Violaciones de los Niveles Dos y Tres de la Ordenanza de Conservación de Agua:

Los reglamentos de los Niveles Dos y Tres de la Ordenanza de Conservación de Agua están detallados en el capítulo 14.01 de la Ordenanza del Condado de Fresno Capítulo 14.01, titulado "Water Conservation."

Los reglamentos de la aplicación de los Niveles Dos y Tres de la Ordenanza de Conservación de Agua están detallados en el capítulo 14.01 de la Ordenanza del Condado de Fresno Capítulo 14.01, titulado "Water Conservation."

Ordenanza del Condado de Fresno 14.01.050 está disponible en la página del web:

This notice is required by Fresno County Ordinance Code Section 14.01.050.

Notice of Board Hearing on the Water Conservation Report:

On **March 7, 2017, at 9:00 A.M.** (or as soon after as practicable), the Fresno County Board of Supervisors will hold a **Board hearing** in the **meeting chambers** of the **Fresno County Board of Supervisors, 2281 Tulare Street, 3rd Floor, Fresno, California 93721**. At the public hearing, the Board will consider all protests against the declaration of a water conservation stage. The Board may adopt a resolution declaring the water conservation stage that will conserve the water supply for the greatest public benefit for the relevant conservation period at the public hearing.

Recommendation: NORMAL WATER CONSERVATION

Based upon the information for your District in the annual Water Conservation Report, County staff is recommending that **County Service Area 47 (CSA 47)** be placed at **Normal Water Conservation** for the 2017-18 water year **beginning on April 1, 2017 and ending on March 31, 2018**.

Staff recommends Normal Water Conservation because water capacity is forecasted to consistently exceed demand, so that the supply of water for human consumption, sanitation, and fire protection is not adversely affected, and that condition is expected to continue for the relevant period of this water conservation report.

It is important to note that the State of California has extended emergency drought regulations through February 28, 2017, and therefore all water customers including those within CSA 47, are expected to continue conserving. CSA 47 usage data was submitted to the State in December of 2016 in compliance with the emergency drought regulations.

Normal Water Conservation Regulations and Violations:

Regulations for Normal Water Conservation are in section 14.01.070 of Fresno County Ordinance Code Chapter 14.01, entitled "Water Conservation."

Regulations for the enforcement of water conservation restrictions are in section 14.01.130 of Fresno County Ordinance Code Chapter 14.01, entitled "Water Conservation."

Fresno County Ordinance 14.01.050 is available on-line at:

www.co.fresno.ca.us/DepartmentPage.aspx?id=58137

Sincerely,

Special Districts Administration

February 3, 2017

This is an important notice about the recommendation to place County Service Area 49 (O'Neill Farming) on the Water Conservation Stage Four for April 1, 2017, through March 31, 2018.

If you have any questions about this notice, please contact Nayiri Moumdjian, Staff Analyst, at (559) 600-4259 or via email at nmoumdjian@co.fresno.ca.us.

Dear Resident,

This letter:

- Gives notice of a Board hearing on the water conservation report before the County of Fresno Board of Supervisors where residents and property owners in the affected districts shall have the opportunity to protest the declaration of a water conservation stage and present their respective needs and any other relevant information to the Board; and
- Explains (1) the relevant dates of the conservation period, (2) the water conservation stage recommended for that period in the water conservation report, and (3) the reasons for that recommendation; and
- Explains the regulations corresponding to the recommended water conservation stage, and the penalties for violations.

This notice is required by Fresno County Ordinance Code Section 14.01.050.

Notice of Board Hearing on the Water Conservation Report:

On **March 7, 2017, at 9:00 A.M.** (or as soon after as practicable), the Fresno County Board of Supervisors will hold a **Board hearing** in the **meeting chambers** of the **Fresno County Board of Supervisors, 2281 Tulare Street, 3rd Floor, Fresno, California 93721**. At the public hearing, the Board will consider all protests against the declaration of a water conservation stage. The Board may adopt a resolution declaring the water conservation stage that will conserve the water supply for the greatest public benefit for the relevant conservation period at the public hearing.

Recommendation: WATER CONSERVATION STAGE 4 "SEVERE WATER SHORTAGE EMERGENCY"

Based upon the information for your District in the annual Water Conservation Report, County staff recommends that **County Service Area 49 (CSA 49)** be placed at **Water Conservation Stage Four (Severe Water Shortage Emergency Condition)** for the 2017-18 water year **beginning on April 1, 2017 and ending on March 31, 2018**.

Staff recommends Water Conservation Stage Four because it closely aligns with the restrictions imposed by Westlands Water District (Westlands), the water supplier for the District, and those restrictions are most likely to ensure a sufficient supply of water for human consumption, sanitation,

Condado de Fresno

DEPARTAMENTO DE OBRAS PÚBLICAS Y LA PLANIFICACION
STEVEN E. WHITE, DIRECTOR

3 de Febrero del 2017

Este es un informe importante sobre la recomendación para declarar el Área de Servicio del Condado No. 49 (O'Neil Farming) en el Nivel Cuatro de la Ordenanza de Conservación de Agua sobre las fechas del 1 de Abril de 2017 al 31 de Marzo de 2018.

En caso de tener alguna pregunta respecto a esta carta, póngase en contacto, por favor, con Amina Flores, Analista Principal, al (559) 600-4259 o por correo electrónico en afloresvelazquez@co.fresno.ca.us.

Estimado Residente,

Esta carta:

- Da aviso de una audiencia de pública ante la Junta de Supervisores del Condado de Fresno para presentar el reporte de conservación de agua, durante la cual miembros de la comunidad pueden protestar la declaración de un nivel de conservación de agua por la Junta y presentar información pertinente sobre el Distrito de agua;
- Explica (1) las fechas del reporte de conservación, (2) el nivel de conservación de agua siendo recomendado para su Distrito de agua en el reporte de conservación de agua, y (3) las razones por la recomendación;
- Explica los reglamentos que corresponden a la recomendación del nivel de conservación de agua, y las sanciones por violaciones.

Este informe es obligatorio por la Ordenanza del Condado de Fresno Sección 14.01.050.

Aviso de Audiencia Pública sobre el Reporte de Conservación de Agua:

El **7 de Marzo de 2017 a las 9:00 A.M.** (o tan pronto posible después), la Junta llevara a cabo una **audiencia pública** en las **salas de reunión de la Junta de Supervisores del Condado de Fresno, 2281 Tulare Street, 3^{er} Piso, Fresno, California 93721**. En la audiencia pública, la Junta va a considerar protestas en contra de la declaración del nivel de conservación de agua. La Junta puede adoptar una resolución que declarara el nivel de conservación de agua que conservaría la cantidad de agua mayor para el beneficio público sobre el periodo de conservación pertinente.

Recomendación: NIVEL CUATRO “GRAVE EMERGENCIA DE AGUA”

Basado en la información sobre su Distrito en el Reporte anual de Conservación de Agua, personal del Condado están recomendado que pare el **Área de Servicio del Condado No. 49 (en inglés CSA 49)** se declare el **Nivel Cuatro de la Ordenanza de Conservación de Agua** para el año de agua 2017-18 que **comienza el 1 de Abril de 2017 y termina 31 de Marzo de 2018**.

Personal del Condado está recomendado el Nivel Cuatro de la Ordenanza de Conservación de Agua porque este nivel más refleja las restricciones de la agencia de Westlands, quien proporciona el agua al Distrito. Las restricciones del Nivel Cuatro aseguran suficiente agua para el consumo de agua, saneamiento, y protección de fuego.

and fire protection. Westlands currently has a prohibition against all outdoor watering that is similar with the watering schedule under the County's Water Conservation Stage Four regulations. No outdoor watering also includes limiting vehicle and equipment washing to commercial car washes or commercial service stations, which is applicable under the County's Water Conservation Stage Four.

Water Conservation Stage Four Regulations and Violations:

Regulations for Water Conservation Stage Four are in section 14.01.110 of Fresno County Ordinance Code Chapter 14.01, entitled "Water Conservation."

Regulations for the enforcement of water conservation restrictions are in section 14.01.130 of Fresno County Ordinance Code Chapter 14.01, entitled "Water Conservation."

Fresno County Ordinance Code 14.01.050 is available on-line at:

www.co.fresno.ca.us/DepartmentPage.aspx?id=58137

Sincerely,

Special Districts Administration

La agencia de Westlands actualmente prohíbe el regar al aire libre y esta prohibición es similar al horario de regar al aire libre de los reglamentos del Nivel Cuatro de Conservación de Agua. La prohibición de regar al aire libre incluye la prohibición de lavar carros y maquinas residenciales. Solo se puede lavar carros o maquinas en estaciones comerciales de lava coches o estaciones de servicios comerciales. Estos reglamentos son aplicables por el Nivel Cuatro de la Ordenanza de Conservación de Agua.

Reglamentos y Violaciones del Nivel Cuatro de la Ordenanza de Conservación de Agua:

Los reglamentos del Nivel Cuatro de la Ordenanza de Conservación de Agua están detallados en el capítulo 14.01 de la Ordenanza del Condado de Fresno Capítulo 14.01, titulado "Water Conservation."

Los reglamentos de la aplicación del Nivel Cuatro de la Ordenanza de Conservación de Agua están detallados en el capítulo 14.01 de la Ordenanza del Condado de Fresno Capítulo 14.01, titulado "Water Conservation."

Ordenanza del Condado de Fresno 14.01.050 está disponible en la página del web:

County of Fresno

DEPARTMENT OF PUBLIC WORKS AND PLANNING
STEVEN E. WHITE, DIRECTOR

February 3, 2017

This is an important notice about the recommendation to place Waterworks District 40 (Shaver Springs) on the Water Conservation Stage Four for April 1, 2017, through March 31, 2018.

If you have any questions about this notice, please contact Jerod Weeks, Staff Analyst, at (559) 600-4259 or via email at jweeks@co.fresno.ca.us.

Dear Resident,

This letter:

- Gives notice of a Board hearing on the water conservation report before the County of Fresno Board of Supervisors sitting as the Board of Directors for Waterworks District No. 40 where residents and property owners in the affected districts shall have opportunity to protest the declaration of a water conservation stage and present their respective needs and any other relevant information to the Board; and
- Explains (1) the relevant dates of the conservation period, (2) the water conservation stage recommended for that period in the water conservation report, and (3) the reasons for that recommendation; and
- Explains the regulations corresponding to the recommended water conservation stage, and the penalties for violations.

This notice is required by Fresno County Ordinance Code Section 14.01.050.

Notice of Board Hearing on the Water Conservation Report:

On **March 7, 2017, at 9:00 A.M.** (or as soon after as practicable), the Fresno County Board of Supervisors, sitting as the Board of Directors for Waterworks District No. 40, will hold a **Board hearing** in the **meeting chambers** of the **Fresno County Board of Supervisors, 2281 Tulare Street, 3rd Floor, Fresno, California 93721**. At the public hearing, the Board will consider all protests against the declaration of a water conservation stage. The Board may adopt a resolution declaring the water conservation stage for Waterworks District No. 40 (WWD 40) that will conserve the water supply for the greatest public benefit for the relevant conservation period at the public hearing.

Recommendation: STAGE 4 “SEVERE WATER SHORTAGE EMERGENCY CONDITION”

Based upon the information for your District in the annual Water Conservation Report, County staff recommends that **Waterworks District 40 (WWD 40)** be placed at **Water Conservation Stage Four (Severe Water Shortage Emergency Condition)** for the 2017-18 water year **beginning on April 1, 2017 and ending on March 31, 2018.**

Staff is recommending Water Conservation Stage Four, because the capacity of the WWD 40 water system has been unable to meet usage demands during high use months. For this reason, the continued use of the private out-of-district well as a backup water supply is still necessary. In addition, the implementation of Stage Four may make WWD 40 eligible for further emergency drought-related grants from the State.

Water Conservation Stage Four Regulations and Violations:

Regulations for Water Conservation Stage Four are in section 14.01.110 of Fresno County Ordinance Code Chapter 14.01, entitled "Water Conservation."

Regulations for the enforcement of water conservation restrictions are in section 14.01.130 of Fresno County Ordinance Code Chapter 14.01, entitled "Water Conservation."
