3 **2. CONTRACTOR'S OBLIGATIONS**

4 The CONTRACTOR shall have the following **SCOPE OF WORK /**  
5 **DUTIES AND RESPONSIBILITIES:** CONTRACTOR shall provide snow removal  
6 services in the Service Area. Snow removal at all times shall be done in a manner to  
7 preserve and protect the roads to the extent necessary to insure safe and efficient  
8 transportation. The work shall be performed in a professional, workmanlike manner,  
9 and CONTRACTOR shall use those methods and equipment consistent with the best  
10 practices of the snow removal trade. Snow removal services are divided into two  
11 periods: The "November through April Snow Removal Period" begins at 12:00 AM on  
12 November 1, and lasts through 12:00 PM on the following April 30. The "Out-of-  
13 Season Snow Removal Period" is begins at 12:00 PM on April 30 and last through  
14 12:00 AM on the following November 1. The CONTRACTOR's responsibilities and  
15 duties are detailed below.

16 A. The CONTRACTOR's responsibilities and duties for the November  
17 through April Snow Removal Period are as follows.

- 18 1. Before November 1, the CONTRACTOR shall:
- 19 a. Provide COUNTY staff with current certificates of insurance  
20 for all categories of required coverage.
- 21 b. Conduct an inspection of the roadways in the Service Area,  
22 while accompanied by the COUNTY Representative (as defined below), and one or  
23 more Citizens Advisory Council members for the relevant zone of County Service Area  
24 No. 35 within the Service Area, to accomplish all of the following:
- 25 (i) Document in writing and in digital photographs the  
26 location and extent of any previous damage to roadway pavement, curbs, gutters,  
27 driveway approaches, drainage and sewer collection facilities. The documentation  
28 shall be transmitted to the COUNTY Representative promptly and will be retained by

1 the COUNTY as a benchmark for evaluating future damage.

2 (ii) Determine where snow poles are needed to be  
3 placed. The CONTRACTOR shall give particular attention to areas susceptible to  
4 damage during the performance of snow removal services, such as curves in the  
5 roadway or cul-de-sacs. The CONTRACTOR can obtain snow poles from the  
6 COUNTY's Special Districts staff by written request (which may include by email).  
7 Snow poles should be placed close to roadside curbing and close enough to each  
8 other to guide the snow removal equipment operator away from causing damage to  
9 curbs and other obstacles.

10 c. Contact the Permit Engineer in the Road Maintenance and  
11 Operations Division of the COUNTY Department of Public Works and Planning and  
12 obtain an encroachment permit for snow removal for all eligible roadways.  
13 CONTRACTOR is solely responsible to pay encroachment permit fees. If  
14 CONTRACTOR fails to obtain encroachment permits COUNTY may terminate this  
15 agreement.

16 2. During the November through April Snow Removal Period, the  
17 CONTRACTOR shall:

18 a. Have all necessary equipment in working and well-  
19 maintained condition, have all necessary materials (such as sand) on hand, and have  
20 all necessary labor available 24 hours a day, seven days a week, to perform snow  
21 removal services in the Service Area.

22 b. Perform snow removal operations in the Service Area such  
23 that **snow does not accumulate to more than three (3) inches in any one place**  
24 **including during storms.** The CONTRACTOR must commit the necessary  
25 equipment and manpower to reach the above referenced standard, no matter what  
26 other snow removal commitments it has, and no matter the length of roadways or the  
27 amount of snow. The COUNTY Representative may allow CONTRACTOR to deviate  
28 from the above referenced standard in extreme or abnormal situations.

1 c. The roadways in the Service Area shall be cleared of snow  
2 (i) so that **two (2) traffic lanes** are open at all times, or (ii) if a roadway is not wide  
3 enough for two traffic lanes, to within two (2) feet of curbs or edge of roadway  
4 pavement.

5 d. Make every reasonable effort to avoid piling or pushing  
6 snow up on driveway approaches or access ways.

7 e. To limit potholing and rutting of the roads, the Contractor  
8 will remove snow that accumulates and packs during a storm as soon as weather  
9 conditions permit, even if the accumulation is less than three inches.

10 f. Maintain and keep clear of snow all over-board drains  
11 provided on the subject roadways.

12 g. Remove snow from fire hydrants sufficient to keep them all  
13 accessible and maintainable.

14 h. Apply sand to road areas that are slippery or subject to  
15 icing, or at the request of the COUNTY Representative.

16 i. Be responsible, and indemnify the COUNTY, for all  
17 damages to public and private property resulting from snow removal and ancillary  
18 services. If the CONTRACTOR damages COUNTY-owned property or property that  
19 the COUNTY is responsible for maintaining, the COUNTY Representative shall  
20 determine, and notify the CONTRACTOR in writing, whether the CONTRACTOR is  
21 directly responsible to repair the damages or shall pay the COUNTY for the actual  
22 cost of repair within 15 days after written notice.

23 j. Without additional compensation, remove snow or ice that  
24 accumulated because CONTRACTOR failed to ensure that snow did not accumulate.  
25 The COUNTY is not responsible for any damage or injury to equipment or persons  
26 resulting from the removal of accumulated snow or ice.

27 k. Respond in writing to the COUNTY Representative about  
28 complaints made by residents in the Service Area.

1                   l.       If there are complaints of insufficient services by the  
2 CONTRACTOR, the COUNTY Representative will ask complainants to provide digital  
3 photo images with time stamps. If the COUNTY Representative receives a first  
4 complaint of insufficient service, the CONTRACTOR shall investigate and provide a  
5 written response to the COUNTY regarding the circumstances.

6                   m.       If the COUNTY Representative receives a second  
7 complaint about the same insufficient service, or about similar insufficient service after  
8 a later snow storm and is not satisfied with the written explanation provided by the  
9 CONTRACTOR, the COUNTY Representative may request a meeting with the  
10 CONTRACTOR to discuss any improvements in operation the CONTRACTOR can  
11 provide.

12                  n.       If the COUNTY Representative receives a third complaint  
13 about the same insufficient service, or about similar insufficient service after a later  
14 snow storm and is not satisfied with the CONTRACTOR's written response, the  
15 COUNTY Representative may assess liquidated damages of up to ten percent (10%)  
16 of the monthly's compensation. Further complaints about the same insufficient  
17 service, or about similar insufficient service, are cause for the COUNTY to terminate  
18 this agreement.

19                  o.       Replace all snow poles damaged or removed during the  
20 season.

21                  3.       After the November through April Snow Removal Period, the  
22 CONTRACTOR shall:

23                  a.       Provide street sweepings on all roadways in the Service  
24 Area that received by snow removal services, preferably before the Memorial Day  
25 weekend, unless prohibited by unseasonable snows. The purpose of street sweeping  
26 is to remove excess sand and debris and whatever has been deposited in roadways  
27 due to snow removal.

28                  b.       Repair all surfaces, curbs, bent snow poles and signs, and

1 other facilities that were damaged by snow removal. The COUNTY Representative  
2 may withhold payment under this agreement until repairs are made.

3 B. For the Out-of-Season Snow Removal Period: If snowstorm episodes  
4 occur during the Out-of-Season Snow Removal Period, the COUNTY Representative  
5 may give verbal authorization to the CONTRACTOR to remove snow from an area  
6 within the Service Area. The COUNTY Representative may determine the level of  
7 service, type of equipment, and manpower levels that may or may not match the level  
8 of service provided in the November through April Snow Removal Period. Unless  
9 there are extraordinary conditions that imminently jeopardize the health and safety of  
10 residents, or will result in damage to vital equipment or property, the CONTRACTOR  
11 shall not provide snow removal services until the COUNTY Representative provides  
12 verbal authorization. If extraordinary conditions occur, the CONTRACTOR shall  
13 inform the COUNTY Representative in writing of the reason for initiating snow removal  
14 without verbal authorization.

15 3. COUNTY'S OBLIGATIONS

16 A. COUNTY shall compensate the CONTRACTOR as provided in this  
17 agreement.

18 B. The COUNTY Representative is the COUNTY Director of Public Works  
19 and Planning or his or her designee. The CONTRACTOR shall communicate and  
20 coordinate with the COUNTY Representative, who will provide the following services:

21 1. Examine documents and written notices submitted to the COUNTY  
22 by the CONTRACTOR and timely render decisions as needed; and

23 2. Provide communication between the CONTRACTOR and COUNTY  
24 officials and staff.

25 C. COUNTY Representative shall consider all matters submitted by the  
26 CONTRACTOR for approval in a manner reasonably calculated to avoid substantial  
27 delays in the CONTRACTOR's provision of services under this agreement.

28 4. COMPENSATION:

1           A.     November through April Snow Removal Period: The CONTRACTOR's  
2 compensation for the November through April Snow Removal Period is derived from  
3 the "Quotation for an average year" amount provided in the CONTRACTOR's informal  
4 bid response, which was \$49,000 for County Service Area 35, Zone AS, \$4,500 for the  
5 driveway from Solitude Lane to the Shaver Lake Wastewater Treatment Facilities,  
6 \$10,000 for County Service Area 35, Zone AT, and \$7,000 for Bretz Road from State  
7 Highway 168 to Slick Rock Lane. The CONTRACTOR is guaranteed a minimum of  
8 seventy percent (70%) of that amount, which will be paid in equal monthly installments  
9 for the first five months starting in November. The CONTRACTOR may receive  
10 additional compensation only as provided in this agreement.

11                 1.     For all purposes of this agreement, the amount of precipitation is  
12 established by taking the precipitation (rain and snowmelt) amounts at the Granite  
13 Ridge Pump Station for the period between November 1 and April 30, as stated in  
14 section 4.A.2., below. For purposes of this agreement, the ten-year average  
15 precipitation is defined as the total amount of precipitation over the 10 year period  
16 immediately preceding the year in which the average is determined, divided by 10.

17                 2.     The electronic measuring equipment at the Granite Ridge Pump  
18 Station is linked to the website [http://www.wunderground.com/personal-weather-](http://www.wunderground.com/personal-weather-station/dashboard?ID=KCASHAVE11#history)  
19 [station/dashboard?ID=KCASHAVE11#history](http://www.wunderground.com/personal-weather-station/dashboard?ID=KCASHAVE11#history). This electronic measuring equipment  
20 has a battery backup in the event of power failure, but if this equipment is damaged or  
21 fails to function correctly, measurement data taken manually on a daily basis by  
22 COUNTY staff at the same location will be substituted during the period of equipment  
23 failure. If the electronic measuring equipment fails, and manual measurements are  
24 not obtainable, then measurements from measuring equipment located at the Shaver  
25 Lake Regional Wastewater Facility will be substituted during that period. If there is an  
26 equipment failure, the Special Districts staff have sole discretion to determine when  
27 manual measurements, or measurements from the Shaver Lake Regional Facility, will  
28 be used. The California Department of Water Resources (DWR) announcement of

“Final Snow Survey Results” and data available from stations in the southern Sierra from other agencies will not be used as a backup if there is equipment failure at the Shaver Lake Regional Wastewater Facility or Granite Ridge Pump Station.

3. After April 30, the amount of precipitation for the immediately preceding snow season from November to April will be tabulated by the COUNTY. If the total amount of precipitation for that period is greater than 70 percent of the ten-year average of precipitation, the CONTRACTOR will receive additional compensation calculated as the number of inches by which the amount of precipitation exceeds 70 percent of the ten-year average of precipitation multiplied by the unit price per inch. In any case, the compensation paid to CONTRACTOR for each November through April Snow Removal Period shall not exceed 150 percent of the compensation amounts for an average year as stated below. If the total amount of precipitation for the immediately preceding snow season from November to April is less than or equal to 70 percent of the ten-year average of precipitation, the CONTRACTOR will not receive any compensation in addition to the guaranteed minimum.

4. Below are the compensation amounts for an average year, for 70 percent of an average year (the guaranteed minimum compensation), for the monthly payment for five months to reach the guaranteed minimum compensation, and the unit price per inch for precipitation exceeding 70 percent of the ten-year average of precipitation.

5. For illustrative purposes only, the table below shows what the CONTRACTOR's additional compensation would be if the ten-year average of precipitation were 29.3 inches and the total amount of precipitation for the immediately preceding snow season from November to April were 40.5 inches.

B. Out-of-Season Snow Removal Period: During the Out-of-Season Snow Removal Period, the CONTRACTOR will be compensated at the rates stated in the table below. The CONTRACTOR shall submit in writing the hours engaged in Out-of-Season snow removal when a minimum of three inches has accumulated on the subject roadway. No allowance will be made for travel time to and from the service area. The CONTRACTOR may be required to provide snow removal services for other areas that the CONTRACTOR is not responsible for during the November through April Snow Removal Period. The table below provides the hourly rate that may be utilized for Out-of-Season Snow Removal.

| Out-of-Season Snow Removal Period Hourly Rates                        |             |
|-----------------------------------------------------------------------|-------------|
| SERVICE AREA                                                          | Hourly Rate |
| County Service Area 35 Zone AS                                        | \$200       |
| Driveway from Solitude Lane to Shaver Lake Wastewater Treatment Plant | \$200       |
| County Service Area 35 Zone AT                                        | \$200       |
| Bretz Road from Highway 168 to Slick Rock Lane                        | \$200       |

C. The maximum compensation that may be paid to the CONTRACTOR for each year of the two-year term of this agreement is \$105,750 for the November

1 through April Snow Removal Period and \$14,100 for the Out-of-Season Snow  
2 Removal Period, for a total of \$119,850.

3 D. CPI ADJUSTMENT: For each of the two additional one year extensions  
4 past the two year term, the price quote(s) will be adjusted based on the Consumer  
5 Price Index (CPI) All Urban Consumers for San Francisco-Oakland-San Jose, CA,  
6 Standard Metropolitan Statistical Area published by the United States Department of  
7 Labor, Bureau of Labor Statistics or any successor index. The CPI information will be  
8 taken from the U.S. Department of Labor's website: <http://www.bls.gov/cpi/>.

9 The price quote(s) for an average year for the November through April snow removal  
10 period and rate(s) per hour for Out-of-Season snow removal shall be adjusted as  
11 follows.

12 1. In the third year of the service agreement, if both the COUNTY  
13 Representative and CONTRACTOR agree to extend the agreement by one year, the  
14 CPI value for April 2016 will be subtracted from the CPI value for April 2018 and the  
15 difference divided into the April 2016 value to determine the percentage change in the  
16 CPI from April 2016 to April 2018. The percentage change will be calculated to a  
17 tenth of one percent. If the COUNTY Representative and the CONTRACTOR agree  
18 to extend the agreement in the third year, all compensation amounts will be adjusted  
19 up by the percentage change from April 2016 to April 2018 not to exceed six percent  
20 (6%).

21 2. In the fourth year of the service agreement, if both the COUNTY  
22 Representative and the CONTRACTOR agree to extend the agreement by one more  
23 year, the CPI value for April 2018 will be subtracted from the CPI value for April 2019  
24 and the difference divided into the CPI value for April 2018 to determine the  
25 percentage change during that period. If the COUNTY Representative and the  
26 CONTRACTOR agree to extend the agreement in the fourth year, all compensation  
27 amounts will be adjusted up by the percentage change not to exceed three percent  
28 (3%).

1                   3.     If the percentage change is zero or negative, the respective  
2 quotations and hourly rates shall remain the same in either or both of the third or the  
3 fourth year of the agreement.

4     5.     INVOICING:

5             CONTRACTOR shall prepare and send to the COUNTY Representative a  
6 separate invoice for each County Service Area zone within the Service Area. If the  
7 precipitation amount is above the ten-year average, the CONTRACTOR shall prepare  
8 and send to the COUNTY an invoice by the end of May showing the adjustment  
9 calculation.

10            The CONTRACTOR shall send invoices by United States First-Class Mail to:

11            Fresno County Department of Public Works and Planning  
12            Resources Division, Special Districts Section  
13            2220 Tulare Street, Sixth Floor  
14            Fresno, CA 93721-2106

14     6.     PAYMENT:

15            Upon receipt of a proper invoice, the COUNTY will take a maximum of forty-five  
16 (45) working days to review, approve, and issue payment through the COUNTY Auditor-  
17 Controller/Treasurer-Tax Collector. Unsatisfactory or inaccurate invoices may be  
18 returned to the CONTRACTOR for correction and resubmittal.

19     7.     TERM AND RENEWAL:

20            This agreement is effective when signed through October 31, 2018, provided  
21 however that this agreement may be extended for no more than two one-year periods  
22 after October 31, 2018, by the COUNTY Representative. To exercise each one-year  
23 extension, the COUNTY Representative will notify the CONTRACTOR of the extension  
24 by written letter before June 30, 2018, for the first extension and before June 30, 2019,  
25 for the second extension.

26     8.     DEFAULT:

27            In case of default by CONTRACTOR, the COUNTY may procure snow removal  
28 services from another source and may recover the loss occasioned thereby from any

1 unpaid balance due the CONTRACTOR or by any other legal means available to the  
2 COUNTY.

3 9. TERMINATION:

4 A. Non-Allocation of Funds - The terms of this agreement, and the services  
5 to be provided thereunder, are contingent on the approval of funds by the COUNTY.  
6 Should sufficient funds not be allocated, the services provided may be modified, or this  
7 agreement terminated, at any time by giving the CONTRACTOR thirty (30) days  
8 advance written notice.

9 B. Breach of Contract - The COUNTY may immediately suspend or terminate  
10 this agreement in whole or in part, where in the determination of the COUNTY there is:

- 11 1) An illegal or improper use of funds;

- 13 3) A substantially incorrect or incomplete report submitted to the  
14 COUNTY;
- 15 4) Improperly performed service.

16 In no event shall any payment by the COUNTY constitute a waiver by the  
17 COUNTY of any breach of this agreement or any default, which may then exist on the  
18 part of the CONTRACTOR. Neither shall such payment impair or prejudice any remedy  
19 available to the COUNTY with respect to the breach or default. The COUNTY shall  
20 have the right to demand of the CONTRACTOR the repayment to the COUNTY of any  
21 funds disbursed to the CONTRACTOR under this agreement, which in the judgment of  
22 the COUNTY were not expended in accordance with the terms of this agreement. The  
23 CONTRACTOR shall promptly refund any such funds upon demand.

24 C. Without Cause - Under circumstances other than those set forth above,  
25 this agreement may be terminated by either party upon the giving of ninety (90) days  
26 advance written notice of an intention to terminate to other party. In the event of such  
27 termination, the CONTRACTOR shall be paid for satisfactory services or supplies  
28 provided to the date of termination.

10. LAWS AND REGULATIONS:

The CONTRACTOR shall comply with all laws, rules and regulations whether they are Federal, State or municipal, which may be applicable to CONTRACTOR's business, equipment and personnel engaged in service covered by this Agreement.

11. AUDITS AND INSPECTIONS:

A. The CONTRACTOR shall at any time during business hours, and as often as the COUNTY may deem necessary, make available to the COUNTY for examination all of its records and data with respect to the matters covered by this agreement. The CONTRACTOR shall, upon request by the COUNTY, permit the COUNTY to audit and inspect all of such records and data necessary to ensure CONTRACTOR'S compliance with the terms of this agreement.

B. If this agreement exceeds ten thousand dollars (\$10,000.00), CONTRACTOR shall be subject to the examination and audit of the Auditor General for a period of three (3) years after final payment under contract (Government Code Section 8546.7).

12. HOLD HARMLESS:

CONTRACTOR agrees to indemnify, save, hold harmless, and at COUNTY'S request, defend the COUNTY, its officers, agents, and employees from any and all costs and expenses, damages, liabilities, claims, and losses occurring or resulting to COUNTY in connection with the performance, or failure to perform, by CONTRACTOR, its officers, agents, or employees under this agreement, and from any and all costs and expenses, damages, liabilities, claims, and losses occurring or resulting to any person, firm, or corporation who may be injured or damaged by the performance, or failure to perform, of CONTRACTOR, its officers, agents, or employees under this agreement.

11 herein; and that this insurance shall not be cancelled or changed without a minimum of  
12 thirty (30) days advance, written notice given to COUNTY.

13 In the event CONTRACTOR fails to keep in effect at all times insurance
