The undersigned submits this written Engineer's Report to the Board of Supervisors as follows:

1. **Engineer's Report:** This Engineer's Report supports the FY 2022-23 annual levy of a park maintenance assessment in the Tenaya Park Assessment District by the Board of Supervisors on behalf of County Service Area No. 2. The Tenaya Park Assessment District is coterminous with County Service Area No. 2, which was formed solely for the purpose of operating and maintaining Tenaya Park.
2. **Authorization:** This Engineer's Report is submitted under the County Service Area law found in Title 3, Division 2, Part 2, Chapter 2.5 of the Government Code (beginning with section 25210), particularly Government Code section 25215.3; the Landscaping and Lighting Act of 1972 (Streets and Highways Code, Division 15, Part 2, beginning with section 22520); and Article XIII D, Section 4, of the California Constitution (Proposition 218).
3. **Purpose of the Benefit Assessment:** The purpose of this annual assessment is to provide park maintenance for Tenaya Park in County Service Area No. 2 (CSA 2). Tenaya Park specially benefits the 142 parcels in CSA 2, which is also known as Tenaya Estates. Those parcels were created by Tract Map 1939. The Tenaya Park Assessment District includes all of the parcels in CSA 2 that are identified by Assessor's Parcel Number in the Assessment Roll attached to this Report as Exhibit "D." The CSA 2 Citizens Advisory Council (CAC) in 2014 requested a proceeding to levy and collect an assessment of the total cost of the maintenance and operation expenses and to build reserves for Tenaya Park. That proceeding in 2014 resulted in the formation of the Tenaya Park Assessment District, the first levy of such an assessment for those costs, and approval under Proposition 218 by the owners of specially benefitted properties for the Board of Supervisors on behalf of CSA 2 to levy annual assessments according to the methodology set forth in the April 2014 Engineer's Report for the Tenaya Park Assessment District (2014 Proposition 218 Proceeding).¹ Included in the costs assessed are electrical power and water costs, county administration costs (labor, annual audits) and the following "improvements" as that term is defined in Streets and Highways Code section 22525:
 - Sprinkler system maintenance
 - Sidewalk repairs
 - Curbs and gutter repairs
 - Street lighting maintenance
 - Electrical system maintenance for street lighting and sprinkler system
 - Landscaping
 - Playground equipment maintenance
 - Recreational improvements (as detailed in Exhibit C)

The assessments approved in the 2014 Proposition 218 Proceeding provide for reserves to build over a ten-year period to fund the replacement of the aging playground surface, curbs and gutters, sidewalks, street lights, sprinkler and electrical controls for the sprinkler, the basketball court, turf reseeding, and any other maintenance needs that may arise.

4. **Current Funding**²: Under the Revenue and Taxation Code, a portion of the ad valorem property taxes levied on properties in CSA 2 is allocated by the County Auditor to CSA 2 for providing services. The amount of ad valorem property tax revenues allocated to CSA 2

¹ Board of Supervisors Resolution 14-230 (June 17, 2014).

² This section of the report was revised in FY 2019-20, as compared to previous years' reports, due to a refinement in the projection of ad valorem tax revenue. The FY 2019-20 revisions have been carried forward in subsequent years' reports, including this one.

fluctuates from year to year, but trends upward. The average annual increase in the allocation over the past 10 years has been 3.4%. Currently, ad valorem property taxes allocated to CSA 2 are considered slightly volatile and, aside from inflation increases or decreases in assessed value, there are no anticipated significant changes in that amount for the foreseeable future. For those reasons, this report projects that the amount of ad valorem property tax revenues allocated to CSA 2 in FY 2022-23 will be \$13,870, which is an increase of 3.4% over the allocation received for FY 2021-22, and is included in the Assessment calculations of this report. For purposes of the annual assessment in this report, the portion of CSA 2 costs paid by ad valorem property tax revenue is considered to be contributed in equal shares by each assessed parcel. Thus, the maximum assessment listed in Exhibit B for FY 2022-23 includes the ad valorem projection of \$13,870 that is deemed contributed in equal shares by each assessed parcel. CSA 2 also receives interest on its cash reserve balance. The interest rate on cash reserves is equal to the current treasury pool rate for the County of Fresno (as of March 31, 2022 the rate is 1.312%).³

5. **Determination of Necessity:** The total amount assessed is estimated to be sufficient to ensure that Tenaya Park conforms to the State Parks and Playground regulations found in the Health and Safety Code, sections 115725 through 115735.
6. **Limitation on Expending Assessment Proceeds:** Any funds collected from the assessment will be expended only for the operation and maintenance of Tenaya Park, which specially benefits all of the parcels within CSA 2. Any unexpended funds raised by the assessment remaining at the end of the fiscal year will be carried over for the same purpose in the next fiscal year.
7. **Basis for Assessment:**
 - A. The historical costs and current fiscal year budget for the operation and maintenance of CSA 2 is detailed in Exhibit B of this report. Exhibit B also details the Projected Budget for Fiscal Year 2022-23, the ending cash reserve balance for fiscal year 2021-22, and the Annual Assessment Per Parcel. The amounts for the projected budgets are derived from the historical costs and include the annual replacement reserve accumulation target amount of \$13,580 shown in Exhibit C, and a maximum annual inflation factor of 5% over the prior year. The annual replacement reserve detailed in Exhibit C has been calculated based on the estimated cost of repairs and infrastructure replacement to be completed over various periods depending upon the lifecycle of the various equipment. The cost of the operation and maintenance of Tenaya Park includes the price under a contractual agreement with Tenaya Estates, Inc., to provide park maintenance, utilities, parts, and repairs and the cost for County staff to administer CSA 2, which was formed for the sole purpose of operating and maintaining Tenaya Park. The current agreement with Tenaya Estates, Inc., was originally entered on August 10, 2010 (County Agreement No. 10-432). It was first amended on September 30, 2014 (County Agreement No. 10-432-1), amended a second time on April 25, 2016 (County Agreement No. 10-432-2), and amended a third time on May 26, 2020 (County Agreement No. 10-432-3), effective through June 30, 2024. The agreement, as amended, provides for a maximum payment to Tenaya Estates, Inc., of \$63,500 for FY 2022-23.

³ The Fresno County Auditor-Controller/Treasurer-Tax Collector "invests public funds in a manner which will provide a market average rate of return consistent with the objectives of the Investment Policy while meeting the daily cash flow demands of the County Treasury, and conform to all state laws governing the investment of public funds." Interest rates on cash reserves are reported each quarter for the prior quarter. (Source: <https://www.co.fresno.ca.us/departments/auditor-controller-treasurer-tax-collector/publications/interest-rates>.)

- B. Each parcel in Tenaya Park Assessment District receives an equal special benefit from the park operation and maintenance service of Tenaya Park. No parcel owned by any public agency, the State of California or the United States but not identified, and described on the attached Exhibit A, will receive any special benefit from the park operation and maintenance service to be funded by the assessment. The amount of the assessment for each parcel is proportional to the special benefit derived by that parcel in relationship to the entirety of the cost of the park maintenance services to be provided. Although Tenaya Park is accessible to the public, there is no general benefit derived because the park is centrally located within boundary of CSA 2 and expressly designed as a recreational use park only for Tract Map 1939, which has 142 residential parcels. No assessment proposed for any parcel exceeds the reasonable cost of the proportional special benefit conferred on that parcel.
- C. The total amount assessed may be adjusted in FY 2022-23 for inflation not to exceed 5% over the total amount assessed in FY 2021-22. The assessments as presented in the Exhibit B and further shown in the Exhibit D are the maximum assessments that may be imposed to each of the 142 parcels in CSA 2 in FY 2022-23. The annual Consumer Price Index for All Urban Consumers (CPI-U) for January 2022, as compared to July 2021, is 7.5%, but the maximum inflation increase allowed under the 2014 Proposition 218 Proceedings for CSA 2 is 5%, which is applied to the assessment under this report.
- D. The proposed assessment is composed of the following:

The estimated costs for park maintenance, administration, and contributions to a replacement reserve. To lessen the impact of the creation of the reserve, the amount of the assessment contributed to the reserve is spread over a period of ten years, beginning in fiscal year 2014-15, and ending in fiscal year 2023-24. The assessments are derived by taking the sum of the total forecasted expenses, minus the ad valorem revenues, minus the estimated interest, plus an amount to meet the reserve target, all not to exceed the maximum assessment approved by the property owners in the 2014 Proposition 218 Proceeding, and dividing that by the 142 parcels.

As stated previously in this report, no assessment may be imposed on any parcel that exceeds the reasonable cost of the services provided to that parcel. In the event that there are no reductions in the reserve balance caused by unforeseen repairs or other events that cause the cost of service to exceed revenues, the projected assessments may reflect the projected adjustments and the projected assessments may, for the fiscal year in which the assessment has exceeded the revenues, be fixed in an amount necessary to provide service at a rate sufficient to pay the cost of services with no or reduced contribution to reserves, in any event no greater than the maximum projected assessments provided in this report.

- E. For the fiscal year 2022-23, the assessment for each of the 142 developed single-family residence parcels in CSA 2 is \$454.00. That amount is based on each parcel receiving an equal special benefit from the operation and maintenance of Tenaya Park. The projected assessment for each of the 142 developed single-family residence parcels in CSA 2 may be increased by no more than 5% over the previous year to build the reserves required by the policy of the Board of Supervisors. The maximum assessment per parcel as approved by the property owners in a Proposition 218 proceeding in 2014 is shown below:

FY 2014-15	FY 2015-16	FY 2016-17	FY 2017-18	FY 2018-19	FY 2019-20	FY 2020-21	FY 2021-22	FY 2022-23	FY 2023-24
\$308.00	\$324.00	\$340.00	\$356.00	\$374.00	\$392.00	\$412.00 ⁴	\$432.00	\$454.00	\$476.00

F. The lien date will be that prescribed by law.

8. **Collection:** The assessment will be collected by the County of Fresno on behalf of CSA 2 in the same manner, and subject to the same penalties, as other fees, charges, and taxes fixed and collected by the County. The County's reasonable cost to collect the assessment each year is included in proposed assessment.
9. **Contents:** As required by the Landscaping and Lighting Act of 1972 and Article XIII D of the California Constitution, this written Engineer's Report contains the following:
 - A. Exhibit "A" identifies all parcels that have a special benefit conferred on them and on which the annual Assessment will be imposed.
 - B. Exhibit "B" identifies the entirety of the cost of park maintenance services and assessment revenue for CSA 2.
 - C. Exhibit "C" specifies the improvements, which are in addition to the operation and maintenance of Tenaya Park.
 - D. An estimate of the costs of the improvements.
 - E. An assessment of the estimated costs of the improvements.
 - F. A determination that the proportionate special benefit derived by each identified parcel in relationship to the entirety of the cost of park maintenance services to be provided is as set forth in Exhibit "D."
 - G. A determination that no assessment on any parcel exceeds the reasonable cost of the proportional special benefit conferred on that parcel.
 - H. A determination that the only benefits assessed are special benefits, that general benefits have been separated from the special benefits conferred on each parcel, and that there is no general benefit derived from the park maintenance services to be provided.
 - I. A determination that no parcel owned by any public agency, the State of California or the United States but not identified and described on the attached Exhibit "D" receives any special benefit from the proposed Assessment.
10. **Procedure for Annual Assessments Levied After The Formation of an Assessment District**
 - A. Under current law, a procedure must be followed by the County to levy annual assessments under California Streets and Highways Code, Division 15, Part 2, Chapter 3 of the Landscaping and Lighting Act of 1972.

⁴ The Engineer's Report from the 2014 Proposition 218 Proceeding stated that the "Maximum Projected Assessment per parcel" was \$421.00 for FY 2020-21, but that was a typographical error and it should have said \$412.00.

- B. As required by Government Code section 6061, and California Streets and Highways Code, Division 15, Part 2, Chapter 3, Sections 22552 and 22553, the Board of Supervisors shall direct the Clerk of the Board to give notice by causing the resolution of intention to be published one time, no later than 10 days prior to the public hearing.

Any interested person may, prior to the conclusion of the hearing, file a written protest with the clerk or, having previously filed a protest, may file a written withdrawal of that protest. A written protest shall state all grounds of objection. A protest by a property owner shall contain a description sufficient to identify the property owned by him or her.⁵ Because the assessment described in this report is not "increased" as the term is used in Streets and Highways Code section 22630.5, Government Code section 54954.6, subdivision (a)(1), or Government Code section 53750, subdivision (h)(1), the procedural requirements of Proposition 218, including the provision of printed protest ballots, are not applicable here.

At the public hearing, the Board of Supervisors must consider all oral statements and all written protests made or filed by any interested person. The Board of Supervisors may approve or disapprove the annual assessment based on their independent discretion. The Board of Supervisors may continue the hearing from time to time, provided that no continuance shall be made to a date after August 10 without the prior consent of the County Auditor.⁶

During the course or upon the conclusion of the hearing, the Board of Supervisors may order changes in any of the matters provided in the report, provided that none of those changes increases any applicable rate used to calculate the assessment or revises the methodology by which the assessment is calculated, if that revision results in an amount being levied on any person or parcel that exceeds what was approved in the 2014 Proposition 218 proceeding.⁷

The Board of Supervisors may adopt a resolution confirming the assessment, either as originally proposed or as changed by the Board. The adoption of the resolution shall constitute the levy of an assessment for FY 2022-23.⁸

Any person may obtain additional information concerning the proposed Assessment in Tenaya Park Assessment District through CSA 2 by contacting Special Districts Administration, Resources Division, County of Fresno Department of Public Works and Planning, 2220 Tulare Street, Sixth Floor, Fresno, CA 93721, telephone (559) 600-4259.

11. General Rules Regarding Protests:

- A. All written protests must be filed with the Clerk to the Board of Supervisors on or before the close of the public portion of the public hearing. Written protests from registered voters, property owners, taxpayers or other interested parties may be withdrawn in writing at any time prior to conclusion to the hearing.
- B. The validity of the assessment announced by the Board of Supervisors shall not be contested in any action or proceeding unless the action or proceeding is commenced within thirty days after the assessment is announced and adopted (Fresno County Ordinance Code Section 4.28.040).

⁵ Streets and Highways Code section 22628.

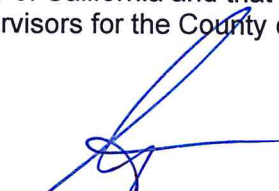

⁶ Streets and Highways Code section 22629.

⁷ Streets and Highways Code section 22630.

⁸ Streets and Highways Code section 22631.

Under subdivision (b) of Section 4 of Article XIID of the California Constitution, I certify that I am a registered professional engineer certified by the State of California and that I prepared this report. I hereby submit this report to the Board of Supervisors for the County of Fresno.

Dated: 6/7, 2022

TENAYA PARK ASSESSMENT DISTRICT
COUNTY SERVICE AREA NO. 2
TRACT 1939 TENAYA ESTATES
BOUNDARY DESCRIPTION
(BOUNDARY MAP ATTACHED)

County Service Area No. 2 is described as that certain real property situate and being a portion of lots 28, 29, 30, 31, 32, and 33 in Section 5. T. 13 S., N. 20 E., M.D.B. & M., of Bullard Lands Irrigated Subdivision No. 1, according to map thereof recorded in volume 9 page 2 of Record of Surveys in the office of the County Recorder, Fresno County, California, and being more particularly described as follows:

Beginning at the Northwest corner of the Southeast $\frac{1}{4}$ of said Section 5, thence S. $1^{\circ} 02' 30''$ W. and along the West line of said Southeast $\frac{1}{2}$ a distance of 1313.27 feet more or less to its point of intersection with no westerly prolongation of the centerline of that certain County Road known as Escalon Avenue; thence S. $89^{\circ} 26' 12''$ E. and along the centerline a distance of 653.50 feet from the East line of said Southeast $\frac{1}{4}$; thence N. $1^{\circ} 08' 03''$ E. and parallel to the East line of said Southeast $\frac{1}{4}$ a distance of 22.50 feet to the Southeast corner of the West $\frac{1}{2}$ of said lot 26; thence N. $1^{\circ} 05' 11''$ E. and along the East line of the West $\frac{1}{2}$ of said lot 28 and its Northerly prolongation a distance of 668.45 feet to a point on the North line of said Southeast $\frac{1}{4}$ of Section 5; thence N. $89^{\circ} 23' 48''$ W. and along said North line of distance of 1963.51 feet to the Point of Beginning, said parcel of land contains 59.48 acres a little more or less.

Notes.

- 1) Unit costs are at present rates. No inflation factor was used.
- 2) Replacement cost for curb & gutter and sidewalk is based on small quantities (50' to 100') constructed at one time. Replacement of larger or smaller sections would generally affect the unit price. A significant amount if very small or very large sections are replaced under one contract.
- 3) Miscellaneous (Basketball hoop, bollards and chain, and trash receptacles) estimated annual maintenance/replacement expense \$100/each.
- 4) Miscellaneous (drinking fountain, benches, Street light bulbs, and picnic tables) estimated annual maintenance/replacement expense \$200/each.
- 5) It is anticipated that concrete improvements will be partially funded by County Roads and that grants may be available over time to partially offset the replacement cost of the play equipment.
