- C: PROPOSED BENEFIT ASSESSMENT ROLL

The undersigned submits this written Engineer's Report to the Board of Supervisors as follows:

1. **Engineer's Report:** This Engineer's Report supports the FY 2023-24 annual levy of an assessment for street lighting, open space maintenance, and public right-of-way landscape maintenance (Services) in the Renaissance at Bella Vista Lighting, Open Space and Landscape Maintenance District (Assessment District) by the Board of Supervisors on behalf of County Service Area No. 34, Zone D (CSA 34D). The Assessment District is coterminous with CSA 34D, which was formed to provide a variety of government services in CSA 34D, including the Services funded by the Assessment District.
2. **Authorization:** This Engineer's Report is submitted under the County Service Area law found in Title 3, Division 2, Part 2, Chapter 2.5 of the Government Code (beginning with section 25210), particularly Government Code section 25215.3; the Landscaping and Lighting Act of 1972 (Streets and Highways Code, Division 15, Part 2, beginning with section 22520); and Article XIII D, Section 4, of the California Constitution (Proposition 218).
3. **Purpose of the Benefit Assessment:** The purpose of this annual assessment is to fund the provision of the Services within CSA 34D. The Services specially benefit the 106 parcels in CSA 34D and the Assessment District. Those parcels were created by Tract Map 4968. The Assessment District includes all of the parcels in CSA 34D, which are identified by Assessor's Parcel Number in the Assessment Roll attached to this Report as Exhibit "C." There are no parcels other than CSA 34D parcels that are in the Assessment District. The developer of CSA 34D, in 2017, requested that the Board form a county service area to provide municipal services to all of the 106 parcels in Tract 4968. The County conducted a proceeding resulting in the following: the formation of CSA 34D and the Assessment District; the first levy of an assessment for the cost of the Services; and approval under Proposition 218 by the owners of specially benefitted properties for the Board of Supervisors on behalf of CSA 34D to levy annual assessments in the Assessment District according to the methodology set forth in the December 2017 Engineer's Report (2017 Proposition 218 Proceeding).<sup>1</sup>

Included in the costs assessed are the following "improvements" as that term is defined in Streets and Highways Code section 22525:

Street Lighting Services

PG&E owned and operated street lighting, including the Lighting System Operations and Maintenance Services such as the payment of PG&E usage charges, the payment of all administrative costs associated therewith, and the contribution to and maintenance of operating reserves, to provide year-round street safety lighting along all of the CSA 34D streets and to maintain the visual presentation of those streets for the benefit of all CSA 34D parcels.

Open Space Maintenance

All work and expenses associated with the monitoring of the restored riparian habitat and maintenance of the recreational trails and open space along the White Fox Creek Parkway corridor, which includes Outlots A and B of Tract 4968, as required by the open space impact mitigation requirements set forth in the Conditions of Development Approval for Tract 4968.

Public Right-of-Way Landscape Maintenance

All work and expenses associated with the maintenance of the 0.76 acres of public-right-of-way and common area landscaping, as required by the Millerton Specific Plan and the Conditions of Development Approval for Tract 4968, to enhance the visual presentation of the community for the benefit of all of the CSA 34D parcels, including twice-monthly service that includes weed

and trash removal, plant care and irrigation system maintenance, and weed and trash removal on two outlots designated for the protection of cultural resources, and including a portion for operating reserves.

Administration

County administration costs (including labor, legal, and annual audits).

4. **Determination of Necessity:** The total amount assessed is estimated to be sufficient for operations and maintenance of the Services within the Assessment District.
5. **Limitation on Expending Assessment Proceeds:** Any funds collected from the assessment will be expended only for the Services, which specially benefit all of the parcels within the Assessment District. Any unexpended funds raised by the assessment remaining at the end of the fiscal year will be carried over for the any Service in the next fiscal year.
6. **Basis for Assessment:**
  - A. The historical and current fiscal year estimated budgets for the operation and maintenance of CSA 34D is detailed in Exhibit B-1 for street lighting utility services; Exhibit B-2 for open space maintenance; Exhibit B-3 for public right-of-way landscape maintenance of this report. Exhibit B-1 through B-3 also details the Projected Budget for Fiscal Year 2023-24, and the Annual Assessment Per Parcel. The amounts for the projected budgets are derived from the historical costs and inflation, which may not exceed a factor of 2.16% over the prior fiscal year. These assessments were approved by the County of Fresno County Board of Supervisors Resolution 17-544.
  - B. Each parcel in the Assessment District receives an equal special benefit from the Services. That is because all of the lots have equal access to the open space areas, the public right-of-way landscape maintenance enhances the visual presentation of the community for the equal benefit of each lot, and all properties share equally in the benefit provided by the street lighting. No parcel owned by any public agency, the State of California or the United States but not identified, and described on the attached Exhibit A, will receive any special benefit from the Services. The amount of the assessment for each parcel is proportional to the special benefit derived by that parcel in relationship to the entirety of the cost of the Services. No assessment proposed for any parcel exceeds the reasonable cost of the proportional special benefit conferred on that parcel.
  - C. The total amount assessed may be adjusted in FY 2023-24 for inflation not to exceed 2.16% over the total amount assessed in FY 2022-23. The assessments as presented in Exhibit B and further shown in the Exhibit C are the maximum assessments that may be imposed to each of the 106 parcels in CSA 34D in FY 2023-24. The annual Consumer Price Index for All Urban Consumers (CPI-U) for January 2023, as compared to July 2022, is 6.4%, but the maximum inflation increase allowed under the 2017 Proposition 218 Proceedings for CSA 34D is 2.16%, which is applied under this report. The assessment amounts per parcel for FY 2023-24, as shown in Exhibit B to Board Resolution 17-544, which is \$18.29 for open space maintenance, \$169.29 for public right-of-way landscape maintenance, and \$69.30 for street lighting. That is the rate approved by the property owners in the 2017 Proposition 218 Proceeding. The total amount assessed for FY 2023-24 is \$1,939.00 for open space maintenance, \$17,944.00 for public right-of-way landscape maintenance, and \$7,346.00 for street lighting.
  - D. The proposed assessment is composed of the following:

The estimated costs for street lighting, open space maintenance, and public right-of-way landscape maintenance, administration, and contributions to an operations reserve for street lighting, open space maintenance, and public right-of-way landscape maintenance. To lessen the impact of the creation of the reserves, the amount of the assessment contributed to the reserve is spread over a period of years, beginning in fiscal year 2017-18, and ending in fiscal year 2023-24. The assessments are derived by taking the sum of the total forecasted expenses, minus the estimated interest, plus an amount to build reserves, all not to exceed the maximum assessment approved by the property owners in the 2017 Proposition 218 Proceeding, and dividing that by the 106 parcels.

As stated previously in this report, no assessment may be imposed on any parcel that exceeds the reasonable cost of the services provided to that parcel. In the event that there are no reductions in the reserve balance caused by unforeseen repairs or other events that cause the cost of service to exceed revenue, the projected assessments may reflect the projected adjustments. The projected assessments may, for the fiscal year in which the assessment has exceeded the revenues, be fixed in an amount necessary to provide services. The rate shall be sufficient to pay the cost of services, which can result in not contributing to the reserves or a reduced contribution to reserves that fiscal year, in any event, the rate shall be no greater than the maximum projected assessments provided in this report.

E. For the fiscal year 2023-24, the assessment for each of the 106 developed single family residence parcels in CSA 34D is \$256.88. That amount is based on each parcel receiving an equal special benefit from the street lighting, open space maintenance, and public right-of-way landscape maintenance services. The projected assessment for each of the 106 developed single family residence parcels in CSA 34D may be increased by no more than 2.16% over the previous fiscal year to build the reserves required by policy of the Board of Supervisors. The **maximum** assessment per parcel as approved by the property owners in the 2017 Proposition 218 Proceeding is shown in the table below:

FY	Open Space	Landscape	Street Lighting	Annual Total Per Parcel	# of Parcels	Total Assessments Collected
2017-18	\$ 16.08	\$ 15.57	\$ 31.13	\$ 62.78	106	\$ 6,654.68
2018-19	\$ 16.42	\$ 30.46	\$ 68.49	\$ 115.37	106	\$ 12,229.22
2019-20	\$ 16.78	\$ 31.10	\$ 69.97	\$ 117.85	106	\$ 12,492.10
2020-21	\$ 17.14	\$ 31.78	\$ 71.49	\$ 120.41	106	\$ 12,763.46
2021-22	\$ 17.51	\$ 96.96	\$ 73.04	\$ 187.51	106	\$ 19,876.06
2022-23	\$ 17.90	\$ 181.94	\$ 74.61	\$ 274.45	106	\$ 29,091.70
2023-24	\$ 18.29	\$ 169.29	\$ 69.30	\$ 256.88	106	\$ 27,229.28

F. The lien date will be that prescribed by law.

7. **Collection:** The assessment will be collected by the County of Fresno on behalf of the Assessment District in the same manner, and subject to the same penalties, as other fees, charges, and taxes fixed and collected by the County. The County's reasonable cost to collect the assessment each fiscal year is included in proposed assessment.
8. **Contents:** As required by the Landscaping and Lighting Act of 1972 and Article XIID of the California Constitution, this written Engineer's Report contains the following:
  - A. Exhibit "A" identifies all parcels that have a special benefit conferred on them and on which the annual Assessment will be imposed.

- B. Exhibit “B” identifies the entirety of the assessment revenue collected for street lighting, open space maintenance, and public right-of-way landscape maintenance services for CSA 34D and the projected annual budgets for each of these Services.
- C. A determination that the proportionate special benefit derived by each identified parcel in relationship to the entirety of the cost of street lighting, open space maintenance, and public right-of-way landscape maintenance services to be provided is as set forth in Exhibit C.
- D. A determination that no assessment on any parcel exceeds the reasonable cost of the proportional special benefit conferred on that parcel.
- E. A determination that the only benefits assessed are special benefits, that general benefits have been separated from the special benefits conferred on each parcel, and that there is no general benefit derived from the street lighting, open space maintenance, and public right-of-way landscape maintenance services to be provided.
- F. A determination that no parcel owned by any public agency, the State of California or the United States but not identified and described on the attached Exhibit C receives any special benefit from the proposed Assessment.

**9. Procedure for Annual Assessments Levied After The Formation of an Assessment District**

- A. Under current law, a procedure must be followed by the County to levy annual assessments under California Streets and Highways Code, Division 15, Part 2, Chapter 3 of the Landscaping and Lighting Act of 1972.
- B. As required by Government Code section 6061, and California Streets and Highways Code, Division 15, Part 2, Chapter 3, Sections 22552 and 22553, the Board of Supervisors shall direct the Clerk of the Board to give notice by causing the resolution of intention to be published one time, no later than 10 days prior to the public hearing.

Any interested person may, prior to the conclusion of the hearing, file a written protest with the clerk or, having previously filed a protest, may file a written withdrawal of that protest. A written protest shall state all grounds of objection. A protest by a property owner shall contain a description sufficient to identify the property owned by him or her.<sup>2</sup> Because the assessment described in this report is not “increased” as the term is used in Streets and Highways Code section 22630.5, Government Code section 54954.6, subdivision (a)(1), or Government Code section 53750, subdivision (h)(1), the procedural requirements of Proposition 218, including the provision of printed protest ballots, are not applicable here.

At the public hearing, the Board of Supervisors must consider all oral statements and all written protests made or filed by any interested person. The Board of Supervisors may approve or disapprove the annual assessment based on their independent discretion. The Board of Supervisors may continue the hearing from time to time, provided that no continuance shall be made to a date after July 18, 2023, without the prior consent of the County Auditor-Controller/Treasurer-Tax Collector so there is time to put the assessment onto the tax roll for the 2023-24 tax year.

During the course or upon the conclusion of the hearing, the Board of Supervisors may order changes in any of the matters provided in the report, provided that none of those changes increases any applicable rate used to calculate the assessment or revises the methodology by

---

<sup>2</sup> Streets and Highways Code section 22628.

which the assessment is calculated, if that revision results in an amount being levied on any person or parcel that exceeds what was approved in the 2017 Proposition 218 proceeding.<sup>3</sup>

The Board of Supervisors may adopt a resolution confirming the assessment, either as originally proposed or as changed by the Board. The adoption of the resolution shall constitute the levy of an assessment for FY 2023-24.<sup>4</sup>

Any person may obtain additional information concerning the proposed Assessment in Renaissance at Bella Vista Assessment District through CSA 34D by contacting Special Districts Administration, Resources Division, County of Fresno Department of Public Works and Planning, 2220 Tulare Street, Ninth Floor, Fresno, CA 93721, (559) 600-4259.

**11. General Rules Regarding Protests:**

- A. All written protests must be filed with the Clerk to the Board of Supervisors on or before the close of the public comment portion of the public hearing. Written protests from registered voters, property owners, taxpayers or other interested parties may be withdrawn in writing at any time prior to conclusion to the hearing.
- B. Property owners wishing to preserve the opportunity to file a lawsuit challenging the assessment, if levied, must file a written protest and state therein the specific grounds of protest. Any grounds of protest not stated in a written format filed prior to the close of the public portion of the hearing are deemed waived in any subsequent lawsuit and may not be raised in such lawsuit.
- C. The validity of the assessment announced by the Board of Supervisors shall not be contested in any action or proceeding unless the action or proceeding is commenced within thirty days after the assessment is announced and adopted. (Fresno County Ordinance Code Section 4.28.040).

Under subdivision (b) of Section 4 of Article XIID of the California Constitution, I certify that I am a registered professional engineer certified by the State of California and that I prepared this report. I hereby submit this report to the Board of Supervisors for the County of Fresno.
