

Board Agenda Item 50

DATE: May 20, 2025

TO: Board of Supervisors

SUBMITTED BY: Steven E. White, Director
Department of Public Works and Planning

SUBJECT: Maintained Mileage of Fresno County Roads

RECOMMENDED ACTION(S):

Adopt Resolution revising the number of miles of maintained Fresno County roads and direct the Director of the Department of Public Works and Planning or his designee to transmit a copy of the adopted Resolution to the California Department of Transportation (Caltrans).

Approval of the recommended action will certify the County's maintained road mileage as of December 31, 2024, at 3,466.146 miles. This represents a decrease of approximately 7.624 miles from 2023. The resolution is required annually pursuant to California Streets and Highways Code, section 2121. Assuming your Board's adoption of the recommended resolution, the Department will submit the resolution to Caltrans. This item is countywide.

ALTERNATIVE ACTION(S):

There is no viable alternative action.

FISCAL IMPACT:

There is no Net County Cost associated with the recommended action. However, transportation funds distributed by Caltrans are allocated to the various local agencies based on a formula, which includes the maintained mileage of the local agencies. As a result of the reduction in the County's roadway mileage, there could be a minimal decrease in Road funds that the County receives from the State.

DISCUSSION:

By May of each year, the State of California requires each County to certify, by resolution, the length of County maintained roads as of December 31st of the previous year. For the calendar year ending December 31, 2023, the maintained mileage in the County was approximately 3,473.770 miles. For the calendar year ending December 31, 2024, the maintained mileage was approximately 3,466.146 miles. This reflects a net reduction of approximately 7.624 miles due to annexations by various cities, vacations, and other corrections. These changes are detailed in the resolution.
