 - In an emergency when goods or services are immediately necessary for the preservation of the public health, welfare, or safety, or for the protection of County property.
 - When the contract is with a federal, state, or local governmental agency.
 - When the department head, with the concurrence of the Purchasing Agent, finds that the cost of preparing and administering a competitive bidding process in a particular case will equal or exceed the estimated contract amount or \$5,000 whichever is more.
 - When a contract provides only for payment of per diem and travel expenses and there is to be no payment for services rendered.
 - When obtaining the services of expert witnesses for litigation or special counsel to assist the County.

The selected attorney has to be duly licensed attorney-at-law in good standing who has been admitted to practice law in California for at least five (5) years prior to appointment, must have public entity defense experience, must have trial experience as a lead attorney, and must be licensed through the California Bar Association to practice law in California State and Federal Districts Courts with extensive knowledge of the California Government Code
7. Provide a comprehensive explanation of the research done to verify that the recommended vendor is the only vendor with the unique qualities and/or capabilities stated above. Include a list of all other vendors contacted, what they were asked, and their responses.
Weakley & Arendt, PC is on the Risk Management General Liability's legal panel and is currently handling cases for the County. It would be detrimental to switch to another firm because services would terminate and litigated cases for the County would be at a halt. They have extensive knowledge of the County's litigated lawsuits and of Fresno County's agency operations. The County of Fresno's Risk Management division has determined that Weakley & Arendt, PC is an essential firm to have on their legal panel and to defend the County in liability cases.
