

AGREEMENT

This Agreement is made and entered into this 3rd day of April, 2018, by and between the City of Fresno, a municipal corporation, (City) and the County of Fresno, a political subdivision of the State of California (County), to define the responsibilities and obligations of the aforementioned Parties for the placement of asphalt concrete overlay and the performance of other improvements along Orange Avenue.

RECITALS:

WHEREAS, segments of Orange Avenue, specifically between California and Jensen Avenues (hereinafter the Project Limits) are located across City/County jurisdictional boundaries as shown on Exhibit A hereto, with fifty-one percent (51%) within the jurisdiction of County and forty-nine percent (49%) within the jurisdiction of City; and

WHEREAS, the contemplated improvements generally consist of milling the road surface, placing a hot mix asphalt overlay, and constructing Americans with Disabilities Act (ADA) compliant curb ramps within the Project Limits (hereinafter the Project); and,

WHEREAS, City and County, while maintaining their respective jurisdictions, recognize it will be to their mutual benefit to complete the Project as a cooperative endeavor; and

WHEREAS, the Project will be primarily funded through federal and local funding sources; and

WHEREAS, City and County will each contribute the resources, financial or otherwise, necessary to fully fund the Project; and

WHEREAS, preliminary engineering (PE), construction engineering (CE), and construction (CON), are necessary to complete the Project; and

WHEREAS, the parties intend, by entering into this Agreement, to establish the terms and conditions of their cooperative approach regarding completion of this Project.

NOW, THEREFORE, in consideration of the mutual acknowledgments, covenants, and conditions herein contained, it is hereby agreed as follows:

1. The Project shall be performed and administered by City or its agents thereof

1 and shall be constructed under a single construction contract.

2 2. Upon completion of Project, each Party's jurisdictional and maintenance
3 responsibilities shall remain unchanged from those which existed prior to completion of the
4 Project except as modified through any street maintenance agreement entered into between
5 City and County.

6 3. City shall, either with City staff or by contracting with a consultant, provide PE
7 in accordance with the requirements of the funding agencies and all federal, state, and local
8 laws, including:

9 a. Administering California Environmental Quality Act Environmental and
10 National Environmental Policy Act compliance.

11 b. Oversight of any consultant(s) employed by City for the design of the
12 Project.

13 c. Preparation and administration of permits necessary for the construction
14 of the improvements.

15 d. Performing the administration for the advertisement, bidding, and award
16 of the Project construction contract.

17 e. Providing Design Engineering services; including preparation of plans,
18 specifications, and engineer's estimates and other Project documents necessary for
19 the bidding and construction of the Project.

20 4. City shall provide to County, for County's review and approval, plans,
21 specifications, and engineer's estimates, for the work to be performed within County's
22 jurisdiction.

23 5. City shall provide CE, including general administration of the construction
24 contract and furnishing all necessary field engineering, inspection, and testing for
25 performance of the construction work. County may, at its option, inspect the construction
26 contractor's work; provided, however, that any costs incurred by County for any such
27 inspection will be borne entirely by County, and those costs will not be included as part of
28 the Project costs upon which the percentage allocation of cost sharing hereunder is

determined, nor will such inspection costs be reimbursable through project funding sources.

6. County and City shall each be responsible for the actual costs of the County and City obligations identified in the Preliminary Engineer's Estimates attached as Exhibit B hereto. The estimated cost for the County is \$692,960.00 and the estimated cost for the City is \$632,424.00.

7. Any addenda or revisions to Project's approved construction documents for improvements performed within County's jurisdiction (except for adjustments made to account for actual quantities used in construction of the Project), resulting in an increase in bid item quantity or cost of any bid item by more than ten percent (10%), shall be approved by City's Director of Public Works, or designee, and County's Director of Public Works and Planning, or designee..

8. County's share of cost as shown in the preliminary estimate of probable costs (Exhibit B) shall not be increased by more than ten percent (10%) (except for adjustments made to account for actual quantities used in construction of the Project), unless otherwise approved in writing by County's Director of Public Works and Planning.

9. If the lowest responsible bid for Project's construction contract does not exceed the engineer's estimate, including contingency, as shown on Exhibit B, by more than ten percent (10%), City's Department of Public Works shall recommend to the City Council that the construction contract be awarded to that bidder. In the event that the lowest responsible bid for Project's construction contract exceeds the engineer's estimate, including contingency, as shown on Exhibit B, by more than ten percent (10%), then City's Department of Public Works will not recommend that the City Council award the construction contract, unless mutually agreed upon in writing by City's Director of Public Works and County's Director of Public Works and Planning.

10. If the lowest responsible bidder's proposal is more than ten percent (10%) above the engineer's estimate, including contingency, and award of the project is mutually agreed upon in accordance with Section 10 of this Agreement, County's share of cost will be adjusted to reflect the increased cost; however, County's share of cost shall not exceed the

1 share of cost percentage specified in this Agreement unless mutually agreed upon in writing
2 by City's and County's respective Directors of Public Works.

3 11. Within forty-five (45) days after award of Project's construction contract by the
4 City Council, County shall deposit with City an amount equal to ninety percent (90%) of
5 County's estimated share of cost as shown on Exhibit B of this Agreement.

6 12. Final project costs and County's share thereof will not be determined until
7 construction is completed and the Project is accepted by both City and County and closed
8 out in accordance with each agency's policies.

9 13. Following final acceptance of the Project by City and County, and within forty-
10 five (45) days of County's receipt of an invoice from City requesting County's payment of the
11 remaining balance of County's share of costs as adjusted (if necessary), in accordance with
12 actual costs and the terms of this Agreement, County shall deliver payment in full of such
13 remaining balance to City's Department of Public Works

14 14. City agrees to indemnify, save, hold harmless, and at County's request, defend
15 County, its officers, agents, and employees from any and all costs and expenses, damages,
16 liabilities, claims, and losses occurring or resulting to any person, firm, or corporation who
17 may be injured or damaged by the performance, or failure to perform, by City, its officers,
18 agents and employees, under this Agreement; provided, that nothing herein shall constitute
19 a waiver by City of governmental immunity that may be available as a defense to any such
20 third-party claim(s) under or pursuant to Government Code Section 810 et seq. This section
21 shall survive expiration or termination of this Agreement.

22 15. County agrees to indemnify, save, hold harmless, and at City's request, defend
23 City, its officers, agents, and employees from any and all costs and expenses, damages,
24 liabilities, claims, and losses occurring or resulting to any person, firm, or corporation who
25 may be injured or damaged by the performance, or failure to perform, by County, its officers,
26 agents and employees, under this Agreement; provided, that nothing herein shall constitute
27 a waiver by County of governmental immunity that may be available as a defense to any
28 such third-party claim(s) under or pursuant to Government Code Section 810 et seq. This

1 section shall survive expiration or termination of this Agreement.

2 16. Without limiting the applicability or scope of the indemnification provisions
3 contained in Sections 14 and 15, County and City shall maintain, at their sole expense,
4 insurance policies or self-insurance programs including, but not limited to, an insurance
5 pooling arrangement and/or Joint Powers Agreement sufficient to fund their respective
6 liabilities hereunder throughout the term of this Agreement. Coverage shall be provided for
7 comprehensive general liability, automobile liability, professional liability, and workers'
8 compensation.

9 17. Neither Party shall assign, transfer, or sub-contract this Agreement, nor any of
10 its respective rights or duties hereunder without the written consent of the other Party.

11 18. This Agreement shall become effective immediately upon execution and shall
12 expire on June 30, 2019; provided, however, that its term may be extended by a maximum
13 of two additional one-year terms, upon mutual written consent of City's Director of Public
14 Works and County's Director of Public Works and Planning. This Agreement may be
15 executed in one or more counterparts, each of which when executed will be deemed to
16 constitute one and the same instrument and agreement.

17 19. The provisions of this Agreement are severable. The invalidity or
18 unenforceability of any one provision of this Agreement shall not affect the other provisions.

19 20. This Agreement may be modified only by written instrument executed by duly
20 authorized representatives of both City and County.

21 21. Each Party acknowledges that it has read and fully understands the contents
22 of this Agreement and represents that this constitutes the entire Agreement between City
23 and County with respect to the subject matter contained herein and that this Agreement
24 supersedes all prior negotiations, representations, or agreements, either written or oral.
