Chairperson Quintero, Board of Supervisors, and County Staff:

My name is Paul Cumming; I work in the admissions department of Ever Well Health Systems, an unlocked residential treatment provider, for people with serious mental illness.

We appreciate our inclusion in Fresno County's Behavioral Health Care System of providers.

Ever Well has been growing the next generation of modern therapeutic communities for nearly ten years to bring lasting recovery in an ever-changing healthcare environment. We contract with many counties to provide integrated services in seven residential community environments.

We are grateful and excited as our partnership with Fresno County has grown to serve the most vulnerable and provide modern, effective behavioral healthcare in the least restrictive, and dignified, settings.

We are proud of our staff, who are responsive, friendly, and caring as we accomplish our mission. Ever Well will continue to focus on reducing the social burden of restrictive care on individuals in recovery by providing opportunities to experience the essentials of everyday life, so people can focus on healing.

Ever Well encourages the Board and the Fresno community to visit our Healing Community Enclaves for a tour.

To share program accomplishments:

Fiscal year 2022 to 2023, which just ended.

- Ever Well's contract offered a total of 29,000 bed days.
- We admitted seven new residents.
- We facilitated nine planned discharges, 2 of which were from the previous year.
- The total fiscal year 2022-2023 approved budget was \$6,000,000

Fiscal year 2023 to 2024.

- A total of 30,000 bed-days is available under the contract for new referrals.
- We facilitated ten planned discharges.
- The Total fiscal year 2023-2024 approved budget is of \$6,500,000

For the fiscal years 2024 to 2025, the approved budget is \$7.5 million.

Thank you for your time, attention, and commitment to this important partnership.
