SUBJECT: SYPHILIS OUTBREAK STRATEGY GRANT FUNDING

The California Department of Public Health (CDPH), Sexually Transmitted Disease Control Branch (STDCB) is pleased to announce the intent to award State local assistance funds through the Syphilis Outbreak Strategy (SOS) Grant, a one-time appropriation in the [2022 California Budget Act](#) for spend down from July 1, 2022 through June 30, 2027. The new (SOS) funds shall be allocated to eight local health jurisdictions (LHJs) with high rates of early syphilis or CS and to support innovative and impactful syphilis and CS prevention and control activities, with a focus on disproportionately impacted populations as determined by local or regional syphilis and CS epidemiology, which may include, but are not limited to, African American/Black people, Latinx people, American Indians/Alaska Native people, trans women, pregnant people experiencing homelessness or who use drugs, (e.g., people who exchange sex for money, drugs, or a place to stay), and gay, bisexual, and other men who have sex with men (MSM).

The amount of annual funding was determined by a non-competitive formula set forth in the [2022 California Budget Act, allocating 40% of funds based on congenital syphilis and 60% of funds based on early syphilis cases](#). The below chart is a summary of the SOS funding allocation for the eight identified LHJs.

In FY 2022-23, the SOS funds were appropriated at nine million for expenditure until June 30, 2027. Subsequent allocation of nine million each for FY 2023-24 and FY 2024-25 will be made available if funds are appropriated through the California state budget. In addition to the availability of appropriated funds, Grantees will need to demonstrate satisfactory performance in previous years to receive funding for subsequent years. Funds shall be used to supplement, but not supplant, existing financial and resource commitments of the LHJs for sexually transmitted disease prevention and control activities.

Grant Activities

Grantees will be responsible for all grant objectives in Exhibit A – Attachment 1 – Grant Activities unless they are marked as “Optional.” Grantees are encouraged to consider innovative approaches to addressing early syphilis and congenital syphilis prevention and control that may not be specifically listed in the grant activities. Innovative approaches must be described in the narrative portion of each part. The grant activities are enclosed (Exhibit A – Attachment 1 – Grant Activities) for your information and focused on the following key strategic targets:

- **Part I: Health Access for All: Syphilis Testing, Treatment, and Other Health Care** focuses on syphilis testing, treatment, and prophylaxis (e.g., DoxyPEP) to interrupt ongoing syphilis transmission and prevent adverse outcomes. Linkages to prenatal, preconception or family planning care are also included to prevent unintended pregnancies in people who do not want to become pregnant, and to prevent adverse outcomes for pregnant people, including congenital syphilis.
- **Part II: Supportive Services: Housing, Mental Health, and Substance Use** focuses on wrap-around services identified as priorities for syphilis and congenital syphilis prevention. Grantees must identify at least one activity from Part II.
- **Part III: Core Surveillance and Disease Intervention** focuses on core public health functions that may not be met by existing local, state, or federal funding and is considered an optional use of these funds.

All Grantees must adhere to the grant activities and STDCB Terms and Conditions, and any subsequent revisions, along with all instructions, policy memorandums, or directives issued by CDPH/STDCB. CDPH/STDCB will make any changes and/or additions to these guidelines in writing and, whenever possible, notification of such changes shall be made 30 days prior to implementation.

Travel Costs in Budget

The grant budget may include funds for staff to attend meetings, statewide conferences, and trainings related to addressing early syphilis and congenital syphilis prevention and control. The budget may also include travel expenditures for case investigations or outbreak response. The amount of funds allocated for travel may be adjusted or redirected to another line item on a later date to accurately reflect actual planned trips. For additional information about travel reimbursement, please refer to Exhibit B, section 5.

Indirect Costs

Beginning with FY 2014/2015, the CDPH negotiated the Indirect Cost Rate (ICR) with each LHJ to standardize the rate. This rate is applied to all contracts and grants that CDPH has with your agency. Please see the attached FY 2022-23 ICR for your use in completing your budgets. Please note that most of the LHJs apply the ICR to the total personnel costs only. However, there are a few that apply the rate to the total direct costs (this includes personnel, benefits, operating expenses, travel, and subcontracts line items). Your ICR cannot exceed the negotiated amount, nor can the application of the ICR be changed. However, you may elect to reduce the published Indirect Cost Rate percentage or not include Indirect Costs in the budget

Board of Resolution or Minute Order Requirements

All agreements with LHJs must have a current Board of Resolution or Minute Order. If the grant is amended during the term of the agreement, a new Board of Resolution or Minute Order must be obtained unless the original resolution clearly states the allowance for amendments, extensions, and renewals to be approved without going through the Board of Supervisors.

Terms and Conditions and HIV Confidentiality Documents

To enhance coordination across CDPH programs and compliance with CDPH regulations and policies, the STD Control Branch developed guidance documents associated with local assistance funding. Please see the attached STD Terms and Conditions and Exhibit B, Budget Detail and Payment Provision. Additionally, LHJ staff who work with client-level data will be required to sign confidentiality agreements to ensure appropriate handling and data security of STD/HIV data.

The grant agreement documents have been prepared by the STD Control Branch, Business Operation Support Section (BOSS) and approved by CDPH – Contracts Management Unit. **In an effort to expedite this grant agreement through the approval process, we request that the following items be returned no later than 12/12/2022 via email at STDLHJContracts@cdph.ca.gov with a cc to Adriana.Cervantes@cdph.ca.gov.**

Grant Activities

Grantees are encouraged to consider innovative approaches to addressing early syphilis and congenital syphilis prevention and control that may not be specifically listed in the Grant Activities below. Innovative approaches must be described in the narrative portion of each part. The three parts of the Grant Activities are focused on the following key strategic targets:

- **Part I: Health Access for All: Syphilis Testing, Treatment, and Other Health Care** focuses on syphilis testing, treatment, and post-exposure prophylaxis (DoxyPEP) to interrupt ongoing syphilis transmission and prevent adverse outcomes. Grant Activities A – C are required. Grantees may also choose one or more optional activities D – L, but are not required. Provide a description of the proposed approach to the required and selected activities in the area provided under each activity in the table. Describe how the Grantee will center racial equity in their activities under the Part I Narrative section.

A. Increase access to syphilis screening and pregnancy testing in settings that serve priority populations in at least one setting, such as homeless encampments, community-based organizations (CBO), correctional facilities, emergency departments (ED), mental health care programs/facilities, harm reduction programs, syringe service providers, substance use disorder treatment programs, institutions of higher education, agricultural settings, and faith-based organizations.	• Number of syphilis tests performed • Number of pregnancy tests performed • By setting: Number/percent of reactive syphilis tests/total number of syphilis tests performed • By setting: Number of new syphilis diagnoses/total number of positive syphilis tests • By setting: Number of new diagnosis that received adequate treatment for stage/Number of new syphilis diagnoses Where possible: • Number of previously diagnosed syphilis cases/total number of positive syphilis tests • Number of previously diagnosed syphilis cases that were inadequately treated at time of test/Number of previously diagnosed syphilis cases • Number of previously diagnosed syphilis cases that were inadequately treated at time of test who received adequate treatment/Number of previously diagnosed syphilis cases	7/1/22 – 6/30/27

Grant Activities

Please describe proposed approach to this activity:		
Increase syphilis screening and pregnancy testing at methadone clinics. Look into partnering with Fresno County Department of Behavioral Health to adopt routine opt-out syphilis and other STD's screening and treatment. Collaboration with DBH will serve as both an entry to methadone clinics and to possibly other DBH programs servicing individuals with mental health and substance use disorders. There are currently 3 methadone clinics in Fresno: Aegis, Bay Area Addictioin and Treatment (BAART), and Med-Mark. Clinic selection and type of testing method, rapid or blood draw, and how often will have to be determined at a later time. Contract with Economic Opportunities Commission Community Health to increase syphilis testing among LGBTQ and women of childbearing age.		
Activities	Performance Indicators	Timeline
B. Increase low-barrier access to syphilis treatment and/or DoxyPEP among priority populations, such as through non-340b-purchased medication to reduce administrative restrictions on providers. (e.g., Bicillin delivery to providers, correctional facilities, emergency departments, and other settings; administration of syphilis treatment in the field; provision of DoxyPEP).	• Number of Bicillin doses delivered to providers • Number of Bicillin doses delivered/administered in the field • By setting: Number of DoxyPEP prescriptions/doses provided to patients • By setting: Number of early syphilis cases receiving treatment/total number of early syphilis cases diagnosed • By setting: Number of pregnant people with syphilis receiving adequate treatment/total number of pregnant people diagnosed with syphilis • By setting: Median number of days between early syphilis diagnosis and treatment	7/1/22 – 6/30/27
Please describe proposed approach to this activity:		
Increase the number of providers that are participating in Fresno County Bicillin distribution program. During the course of their case investigations, DIS will inform providers and staff of Urgent Care Clinics, OB/GYN, and Internal Medicine Clinics of the benefits of our Bicillin program. We will look to expand our program through converting clinics currently receiving Bicillin on a case by case basis to assigning one box, five doses, at a time. We will continue to track their adherence to using the Bicillin ONLY for syphilis and proper completion of log sheets and returning log sheets within a week of client's completion of treatment. Establish DoxyPEP program for post exposure prophylaxis at Fresno State Health Center, providing health services to students, and Fresno Economic Opportunities Commission Community Health Center a primary care and comprehensive family planning and reproductive health clinic helping men, women, and teens DOXY-PEP would be an additional activity for clients who test negative, but were potentially exposed to bacterial infections such as syphilis and chlamydia.

C. Link people diagnosed with or at risk for syphilis to clinical services to prevent sexually transmitted infections (STI), HIV, unintended pregnancy, and adverse pregnancy outcomes (e.g., HIV PrEP/PEP, DoxyPEP, family planning, prenatal care).	- Description of linkage protocols - Number of linkages to HIV PrEP/PEP, DoxyPEP, family planning, and/or prenatal care	7/1/22 – 6/30/27
Please describe proposed approach to this activity:		
DIS assist clients, and their contacts, with scheduling appointments for syphilis and other STD screening at outside agencies. Clients diagnosed with syphilis and no record of HIV testing, are offered a rapid test here at the LHJ or referred to another clinic. Clients who have arecent negative HIV test are offered a referral to the LHJ's HIV PrEP navigator. In the event a client requires a referral for HIV PEP, the navigator may assist with linkage to those services as well. A formal protocol will be developed and performance indicators will be addressed. Forms used to track PrEP referrals from the STD Program have been developed and utilized for 5+ years. In addition, PreP referrals are tracked on HIV testing forms and entered into the Office of AIDS LEO data entry system.

LGBT Stakeholder meeting to increase awareness of STDs and HIV in Fresno and Counties, Additional topics will include the Ending the Epidemics initiative, local efforts to increase HIV/STD/ Mpox testing vaccinations, and access to PrEP/PEP. The meeting will be a collaboration with Madera County Public Health and the meeting location will be EOC's LGBT Resource Center,

- 3) Upon the effective date of termination of the Grant and the payment by CDPH of all items properly chargeable to CDPH hereunder, Grantee shall transfer, assign and make available to CDPH all property and materials belonging to CDPH, all rights and claims to any and all reservations, grants, and arrangements with owners of media/PR materials, or others, and shall make available to CDPH all written information regarding CDPH's media/PR materials, and no extra compensation is to be paid to Grantee for its services.
- 4) Take such action as may be necessary, or as CDPH may specify, to protect and preserve any property related to this agreement which is in the possession of the Grantee and in which CDPH has or may acquire an interest.

I. CDPH may, at its discretion, require the Grantee to cease performance of certain components of the Scope of Work as designated by CDPH and complete performance of other components prior to the termination date of the Grant.

2. Avoidance of Conflicts of Interest by Grantee

A. CDPH intends to avoid any real or apparent conflict of interest on the part of the Grantee, subgrants, or employees, officers and directors of the Grantee or subgrants. Thus, CDPH reserves the right to determine, at its sole discretion, whether any information, assertion or claim received from any source indicates the existence of a real or apparent conflict of interest; and, if a conflict is found to exist, to require the Grantee to submit additional information or a plan for resolving the conflict, subject to CDPH review and prior approval.

B. Conflicts of interest include, but are not limited to:

- 1) An instance where the Grantee or any of its subgrants, or any employee, officer, or director of the Grantee or any subgrant or has an interest, financial or otherwise, whereby the use or disclosure of information obtained while performing services under the grant would allow for private or personal benefit or for any purpose that is contrary to the goals and objectives of the grant.

Exhibit D
Additional Provisions

- 2) An instance where the Grantee's or any subgrant's employees, officers, or directors use their positions for purposes that are, or give the appearance of being, motivated by a desire for private gain for themselves or others, such as those with whom they have family, business or other ties.
- C. If CDPH is or becomes aware of a known or suspected conflict of interest, the Grantee will be given an opportunity to submit additional information or to resolve the conflict. A Grantee with a suspected conflict of interest will have five (5) working days from the date of notification of the conflict by CDPH to provide complete information regarding the suspected conflict. If a conflict of interest is determined to exist by CDPH and cannot be resolved to the satisfaction of CDPH, the conflict will be grounds for terminating the grant. CDPH may, at its discretion upon receipt of a written request from the Grantee, authorize an extension of the timeline indicated herein.

3. Dispute Resolution Process

- A. A Grantee grievance exists whenever there is a dispute arising from CDPH's action in the administration of an agreement. If there is a dispute or grievance between the Grantee and CDPH, the Grantee must seek resolution using the procedure outlined below.
- 1) The Grantee should first informally discuss the problem with the CDPH Program Grant Manager. If the problem cannot be resolved informally, the Grantee shall direct its grievance together with any evidence, in writing, to the program Branch Chief. The grievance shall state the issues in dispute, the legal authority or other basis for the Grantee's position and the remedy sought. The Branch Chief shall render a decision within ten (10) working days after receipt of the written grievance from the Grantee. The Branch Chief shall respond in writing to the Grantee indicating the decision and reasons therefore. If the Grantee disagrees with the Branch Chief's decision, the Grantee may appeal to the second level.
 - 2) When appealing to the second level, the Grantee must prepare an appeal indicating the reasons for disagreement with Branch Chief's decision. The Grantee shall include with the appeal a copy of the Grantee's original statement of dispute along with any supporting evidence and a copy of the Branch Chief's decision. The appeal shall be addressed to the Deputy Director of the division in which the branch is organized within ten (10) working days from receipt of the Branch Chief's decision. The Deputy Director of the division in which the branch is organized or his/her designee shall meet with the Grantee to review the issues raised. A written decision signed by the Deputy Director of the division in which the branch is organized or his/her designee shall be directed to the Grantee within twenty (20) working days of receipt of the Grantee's second level appeal.

Exhibit D
Additional Provisions

- B. If the Grantee wishes to appeal the decision of the Deputy Director of the division in which the branch is organized or his/her designee, the Grantee shall follow the procedures set forth in Division 25.1 (commencing with Section 38050) of the Health and Safety Code and the regulations adopted thereunder. (Title 1, Division 2, Chapter 2, Article 3 (commencing with Section 1140) of the California Code of Regulations).
- C. Disputes arising out of an audit, examination of an agreement or other action not covered by subdivision (a) of Section 20204, of Chapter 2.1, Title 22, of the California Code of Regulations, and for which no procedures for appeal are provided in statute, regulation or the Agreement, shall be handled in accordance with the procedures identified in Sections 51016 through 51047, Title 22, California Code of Regulations.
- D. Unless otherwise stipulated in writing by CDPH, all dispute, grievance and/or appeal correspondence shall be directed to the CDPH Grant Manager.
- E. There are organizational differences within CDPH's funding programs and the management levels identified in this dispute resolution provision may not apply in every contractual situation. When a grievance is received and organizational differences exist, the Grantee shall be notified in writing by the CDPH Grant Manager of the level, name, and/or title of the appropriate management official that is responsible for issuing a decision at a given level.

4. Executive Order N-6-22 - Economic Sanctions

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. The EO directs state agencies to terminate contracts with, and to refrain from entering any new contracts with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should the State determine Grantee is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this Agreement. The State shall provide Grantee advance written notice of such termination, allowing Grantee at least 30 calendar days to provide a written response. Termination shall be at the sole discretion of the State.

Exhibit D
Additional Provisions

Prior to awarding and executing grant, the State shall conduct its due diligence to determine if the proposed awardee is a named individual or entity on federal and any state Economic Sanctions lists. If the proposed awardee is listed, the State shall refrain from entering into the Grant. Resources for locating names of sanctioned individuals and entities are available on the DGS Office of Legal Services' webpage: [Ukraine-Russia \(ca.gov\)](#).

If this Agreement is valued at \$5 million or more, upon execution the State will send a separate notification outlining additional requirements specified under the EO. Compliance with this Economic Sanctions imposed in response to Russia's actions in Ukraine is required, including with respect to, but not limited to, the federal executive orders identified in the EO and the sanctions identified on the U.S. Department of the Treasury website (<https://home.treasury.gov/policy-issues/financial-sanctions/sanctionsprograms-and-country-information/ukraine-russia-related-sanctions>). Failure to comply may result in the termination of this Agreement.

STD Local Assistance Funds – Standards and Procedures

1. Overview

The California Department of Public Health (CDPH) STD Control Branch (STDCB) sets forth the following standards and procedures. These standards and procedures specify the conditions for receipt of CDPH STDCB local assistance funds. This funding is intended to support innovative and impactful syphilis and congenital syphilis (CS) prevention and control activities, with a focus on disproportionately impacted populations as determined by local or regional syphilis and CS epidemiology, which may include, but are not limited to, African American/Black people, Latinx people, American Indians/Alaska Native people, trans women, pregnant people experiencing homelessness or who use drugs, (e.g., people who exchange money for sex, drugs, or a place to stay), and gay, bisexual, and other men who have sex with men (MSM).

All Grantees must adhere to these standards and procedures, and any subsequent revisions, along with all instructions, policy memorandums, or directives issued by CDPH STDCB. CDPH STDCB will make any changes and/or additions to these provisions in writing and, whenever possible, notification of such changes shall be made 30 days prior to implementation.

The local health department has the authority for STD Prevention and Control as outlined in the Summary of Regulations Related to STD Prevention and Control Efforts in California. <https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/STD-ForLocalHealthJurisdictions.aspx>

2. Grantee's Responsibilities

The Grantee agrees to:

- A. Direct activities toward achieving the program objectives set forth by the CDPH STDCB.
- B. Use these funds in accordance with any additional guidance set forth by the CDPH STDCB regarding the granting, use and reimbursement of the STDCB local assistance funds. Additional consideration should be given to other guidance from the CDPH and Centers for Disease Control and Prevention (CDC) intended to highlight successful sexually transmitted disease (STD) prevention and control strategies or outline California specific initiatives, policies and procedures. Please find relevant programmatic guidance documents on the CDPH STDCB website: <https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/STD.aspx>

Exhibit E

STD Local Assistance Funds – Standards and Procedures

- C. Funds shall be used to supplement, but not supplant, existing financial and resource commitments of the LHJs for sexually transmitted disease (STD) prevention and control activities. Supplanting of funds is defined (for the purposes of this agreement) as using local assistance award monies to “replace” or “take the place of” existing local funding. For example, reductions in local funds cannot be offset by the use of any dollars for the same purpose.
- D. Abide by the most recent standards of care for syphilis and CS screening, treatment, control and prevention as promulgated by:
 - 1. California Department of Public Health
<https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/STDs-ClinicalGuidelines.aspx>
 - 2. Centers for Disease Control and Prevention
<https://www.cdc.gov/std/>
- E. Share health advisories, health education materials, outreach, testing and linkage to care and care coordination protocols, and other products created to enhance syphilis and CS awareness, prevention, testing, linkage to care, and care coordination funded with these dollars with CDPH and other LHJs and community-based organizations (CBOs) in California. The intent of this is to allow duplication (where possible) and cross-jurisdictional reach of successful syphilis and CS interventions and activities aimed at the priority populations, clinical providers, and community partners. Source documents should be submitted to CDPH STDCB upon completion and with the annual progress report, and upon request from CDPH, as relevant.
- F. Submit information and reports as requested by the CDPH STDCB.
- G. Ensure the use of a competitive bid process in the selection of all sub grantees. If the sub grantee is one where the LHJ has a current agreement with, indicate the date the agreement was effective. If the CBO is a non-profit agency as defined by Internal Revenue Code 501(c), ensure the LHJ has a current letter on file from the Internal Revenue Service for the CBO.

3. Reporting Requirements

A. Case Report, Laboratory, and Interview Record

All Grantees shall comply with morbidity reporting requirements for reportable STDs identified in Title 17, California Code of Regulations (CCR) §2500, §2593, §2641.5-2643.20, and §2800 – 20182 Reportable Diseases and Conditions.

<https://www.cdph.ca.gov/Programs/CID/DCDC/CDPH%20Document%20Library/ReportableDiseases.pdf>

All Grantees, excluding Los Angeles and San Francisco, must enter syphilis and CS case reports, laboratory results, and interview data for their jurisdiction directly into the California Reportable Disease Information Exchange (CalREDIE) system, the CDPH web-based reporting software for notifiable diseases. Data must be entered into the appropriate tabs and forms in CalREDIE. Submission of hard copy forms for data entry into CalREDIE by CDPH or scanning of case reports, laboratory results, or interview records into the electronic filing cabinet (EFC), sans data entry, will not be accepted. Specific case investigation and report requirements are as follows:

1. Syphilis laboratory tests and confidential morbidity reports should be processed and assigned for investigation according to the California Syphilis Reactor Alert System (SRAS). Some health jurisdictions may have a more nuanced local system for prioritizing reported reactive syphilis tests.
<https://www.cdph.ca.gov/Programs/CID/DCDC/CDPH%20Document%20Library/SyphilisReactorSRASChartAlgorithm.pdf>
2. Syphilis cases and CS case investigations are to be reported according to updated CDPH STDCB protocols on the appropriate case report forms (Syphilis Interview Record or California Congenital Syphilis-CS Case Investigation and Report) found in CalREDIE; samples of these forms can be viewed at <https://www.cdph.ca.gov/Programs/PSB/Pages/CommunicableDiseaseControl.aspx>. Grantees will complete and close investigations in CalREDIE within 45 days of initial report to local health department.
3. Grantees will participate in syphilis and CS-specific CalREDIE trainings and conduct quality control procedures, including review of cases to ensure appropriate surveillance case definition and reconciliation of case counts.

Contractor Data Security Standards

I. Personnel Controls

- A. *Workforce Members Training and Confidentiality.*** Before being allowed access to CDPH PCI, all Contractor's workforce members who will be granted access to CDPH PCI must be trained in their security and privacy roles and responsibilities at Contractor's expense and must sign a confidentiality and acceptable CDPH PCI use statement. Training must be on an annual basis. Acknowledgments of completed training and confidentiality statements, which have been signed and dated by workforce members must be retained by the Contractor for a period of three (3) years following contract termination. Contractor shall provide the acknowledgements within five (5) business days to CDPH if so requested.
- B. *Workforce Members Discipline.*** Appropriate sanctions, including termination of employment where appropriate, must be applied against workforce members who fail to comply with privacy policies and procedures, acceptable use agreements, or any other provisions of these requirements.
- C. *Workforce Member Assessment.*** Before being permitted access to CDPH PCI, Contractor must assure there is no indication its workforce member may present a risk to the security or integrity of CDPH PCI. Contractor shall retain the workforce member's assessment documentation for a period of three (3) years following contract termination.

II. Technical Security Controls

- A. *Encryption.*** All desktop computers, mobile computing devices, and portable electronic storage media that processes or stores CDPH PCI must be encrypted using a FIPS 140-2 certified 128 bit or higher algorithm. The encryption solution must be full disk unless approved by the CDPH Information Security Office (ISO) and Privacy Office (PO). FIPS 140-2 certified 128 bit or higher algorithm end-to-end, individual file encryption, or ISO approved compensating security controls, shall be used to protect CDPH PCI transmitted or accessed outside the Contractor's secure internal network (e.g., email, remote access, file transfer, internet/website communication tools).
- B. *Server Security.*** Servers containing unencrypted CDPH PCI must have sufficient local and network perimeter administrative, physical, and technical controls in place to protect the CDPH information asset, based upon a current risk assessment/system security review.
- C. *Minimum Necessary.*** Only the minimum amount of CDPH PCI required to complete an authorized task or workflow may be copied, downloaded, or exported to any individual device.
- D. *Antivirus software.*** Contractor shall employ automatically updated malicious code protection mechanisms (anti-malware programs or other physical or software-based solutions) at its network perimeter and at workstations, servers, or mobile computing devices to continuously monitor and take action against system or device attacks, anomalies, and suspicious or inappropriate activities.
- E. *Patch Management.*** All devices that process or store CDPH PCI must have a documented patch management process. Vulnerability patching for Common Vulnerability Scoring System (CVSS)

Exhibit F
Information Privacy and Security Requirements
(For Non-HIPPA/HITECH Act Contracts)

“Critical” severity ratings (CVSS 9.0 – 10.0) shall be completed within forty-eight (48) hours of publication or availability of vendor supplied patch; “High” severity rated (CVSS 7.0- 8.9) shall be completed within seven (7) calendar days of publication or availability of vendor supplied patch; all other vulnerability ratings (CVSS 0.1 – 6.9) shall be completed within thirty (30) days of publication or availability of vendor supplied patch, unless prior ISO and PO variance approval is granted.

- F. *User Identification and Access Control.*** All Contractor workforce members must have a unique local and/or network user identification (ID) to access CDPH PCI. The unique ID may be passwords, physical authenticators, or biometrics, or in the case of multi-factor authentication, some combination thereof. Should a workforce member no longer be authorized to access CDPH PCI, or an ID has been compromised, that ID shall be promptly disabled or deleted. User ID’s must integrate with user role-based access controls to ensure that individual access to CDPH PCI is commensurate with job-related responsibilities.
- G. *CDPH PCI Destruction.*** When no longer required for business needs or legal retention periods, all electronic and physical media holding CDPH PCI must be purged from Contractor’s systems and facilities using the appropriate guidelines for each media type as described in the prevailing “National Institute of Standards and Technology – Special Publication 800-88” – “Media Sanitization Decision Matrix.”
- H. *System Inactivity Timeout.*** Contractor’s computing devices holding, or processing CDPH PCI must be configured to automatically log-off an authenticated user or lock the device in a manner where the user must reauthenticate the user session after no more than twenty (20) minutes of user inactivity.
- I. *Warning Banners.*** During a user log-on process, all systems providing access to CDPH PCI, must display a warning banner stating that the CDPH PCI is confidential, system and user activities are logged, and system and CDPH PCI use is for authorized business purposes only. User must be directed to log-off the system if they do not agree with these conditions.
- J. *System Logging.*** Contractor shall ensure its information systems and devices that hold or process CDPH PCI are capable of being audited and the events necessary to reconstruct transactions and support after-the-fact investigations are maintained. This includes the auditing necessary to cover related events, such as the various steps in distributed, transaction-based processes and actions in service-oriented architectures. Audit trail information with CDPH PCI must be stored with read-only permissions and be archived for three (3) years after event occurrence. There must also be a documented and routine procedure in place to review system logs for unauthorized access.
- K. *Intrusion Detection.*** All Contractor systems and devices holding, processing, or transporting CDPH PCI that interact with untrusted devices or systems via the Contractor intranet and/or the internet must be protected by a monitored comprehensive intrusion detection system and/or intrusion prevention system.

III. Audit Controls

Exhibit F
Information Privacy and Security Requirements
(For Non-HIPPA/HITECH Act Contracts)

- A. *System Security Review.*** Contractor, to assure that administrative, physical, and technical controls are functioning effectively and providing adequate levels of protection for CDPH PCI, shall conduct at least, an annual administrative assessment of risk, including the likelihood and magnitude of harm from the unauthorized access, use, disclosure, disruption, modification, or destruction of an information system or device holding processing, or transporting CDPH PCI, along with periodic technical security reviews using vulnerability scanning tools and other appropriate technical assessments.
- B. *Change Control.*** All Contractor systems and devices holding, processing, or transporting CDPH PCI shall have a documented change control process for hardware, firmware, and software to protect the systems and assets against improper modification before, during, and after system implementation.

IV. Business Continuity / Disaster Recovery Controls

- A. *Emergency Mode Operation Plan.*** Contractor shall develop and maintain technical recovery and business continuity plans for systems holding, processing, or transporting CDPH PCI to ensure the continuation of critical business processes and the confidentiality, integrity, and availability of CDPH PCI following an interruption or disaster event lasting more than twenty-four (24) hours.
- B. *CDPH PCI Backup Plan.*** Contractor shall have a documented, tested, accurate, and regularly scheduled full backup process for systems and devices holding CDPH PCI.

V. Paper Document Controls

- A. *Supervision of CDPH PCI.*** CDPH PCI in any physical format shall not be left unattended at any time. When not under the direct observation of an authorized Contractor workforce member, the CDPH PCI must be stored in a locked file cabinet, desk, or room. It also shall not be left unattended at any time in private vehicles or common carrier transportation, and it shall not be placed in checked baggage on common carrier transportation.
- B. *Escorting Visitors.*** Visitors who are not authorized to see CDPH PCI must be escorted by authorized workforce members when in areas where CDPH PCI is present, and CDPH PCI shall be kept out of sight of visitors.
- C. *Removal of CDPH PCI.*** CDPH PCI in any format must not be removed from the secure computing environment or secure physical storage of the Contractor, except with express written permission of the CDPH PCI owner.
- D. *Faxing and Printing.*** Contractor shall control access to information system output devices, such as printers and facsimile devices, to prevent unauthorized individuals from obtaining any output containing CDPH PCI. Fax numbers shall be verified with the intended recipient before transmittal.
- E. *Mailing.*** Mailings of CDPH PCI shall be sealed and secured from damage or inappropriate viewing to the extent possible. Mailings which include five hundred (500) or more individually identifiable records of CDPH PCI in a single package shall be sent using a tracked mailing method which
