

BEFORE THE BOARD OF SUPERVISORS

COUNTY OF FRESNO

STATE OF CALIFORNIA

IN THE MATTER OF)
)
 THE ADOPTION OF A PROJECT LIST OF) RESOLUTION
SENATE BILL 1 FUNDING FOR FY 2023-24)

WHEREAS, Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the Legislature and signed into law by the Governor in April 2017 in order to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB 1 includes accountability and transparency provisions that will ensure that the residents of Fresno County are aware of the projects proposed for funding in the community and which projects have been completed each fiscal year; and

WHEREAS, the County must adopt by resolution a list of all projects proposed to receive funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB 1, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, the County will receive an estimated \$25,996,788 in RMRA funding in FY 2023-24 from SB 1; and

WHEREAS, this is the sixth year in which the County is receiving SB 1 funding and such funding will enable the County to continue essential road maintenance and rehabilitation projects, safety improvements, repair and replacement of aging bridges, and will increase access and mobility options for the traveling public that would not have otherwise been possible without SB 1; and

WHEREAS, the County has undergone a public process to ensure public input into the community's transportation priorities and the SB 1 Project List (Exhibit A); and

WHEREAS, the public process was comprised of the inclusion of the majority of the projects shown on Exhibit A in the County's annual Road Improvement Program, adopted pursuant to a duly publicized, regularly scheduled meeting of the Board of Supervisors of the County of Fresno; and by the adoption of

1 this Resolution in a duly publicized, regularly scheduled meeting of the Board of Supervisors of the County
2 of Fresno; and

3 WHEREAS, the County used a Pavement Management System and the California Department of
4 Transportation (Caltrans) biannual bridge inspection reports to develop the attached SB 1 Project List to
5 ensure revenues are being used on the most high-priority and cost-effective projects that also meet the
6 community's priorities for transportation investment; and

7 WHEREAS, the funding from SB 1 will help the County maintain, overlay, reconstruct and improve
8 roadways, provide widened paved shoulders, and replace bridges which are structurally deficient, all
9 throughout the County in FY 2023-24, and will facilitate hundreds of similar projects into the future; and

10 WHEREAS, the 2018 California Statewide Local Streets and Roads Needs Assessment found that
11 the County's streets and roads are in at-risk condition, and this revenue will help the County increase the
12 overall quality of the street and road system and over the next decade may help to maintain the overall
13 current condition of the streets and roads, while bringing selected roads into good-to-excellent condition;
14 and

15 WHEREAS, the SB 1 Project List and overall investment in local street and road infrastructure with
16 a focus on basic maintenance and safety and on replacement of aging bridges will have significant positive
17 co-benefits statewide.
