FISCAL IMPACT:

There is no additional Net County Cost associated with the recommended actions.

DISCUSSION:

The Federal Legislative Platform is used by County officials and staff as policy guidelines for legislative action and to facilitate timely responses to requests from the County's Federal Legislative Delegation, the County's Washington Lobbyist, and interested citizens. The Federal Legislative Platform was last updated by your Board on February 26, 2013. Prior to that, the last update was on January 15, 2008. Going forward, the Legislative Platform will be updated on an annual basis.

The platform serves as a guide for departments to easily identify if Federal issues they are working on fall within the County's Federal Platform. Any specific Federal issues falling outside of the platform would require an agenda item for presentation to your Board.

The proposed platform (Attachment A) contains three sections:

- I. Introduction - an explanation of the purpose of the legislative platform.
- II. Major Legislative Issues - identifies significant issues for the County.
- III. General Principles - provides positions that will guide County actions and advocacy efforts in specified categories of Community Development and Workforce Investment; Criminal Justice and Public Protection; Elections; Energy/Air Quality; Environmental Quality; Federal Lands and Installations; General Government and Finance; Library; Public Health, Mental Health, and Health Care Services; Social Services; Transportation and Infrastructure; and Water.

Approval of the recommended actions will adopt the updated Federal Legislative Platform; authorize the Chairman to execute letters of support or opposition in accordance with the platform, and allow the County Administrative Office to express your Board's position on legislation in accordance with the platform.

OTHER REVIEWING AGENCIES:

The legislative platform was developed with the cooperation and input of County departments and the County's Washington lobbyist.
