8 CONTRACTOR'S performance of services under this Agreement shall be borne by CONTRACTOR.

9 **SECTION 6. INVOICING / PAYMENTS**

10 Payments shall be made for inspected and approved Work only. If an individual Job Order
11 requires 45 days or less for completion, COUNTY will normally make one payment to CONTRACTOR
12 after the Notice of Completion, if required by COUNTY, and retention shall be paid after final
13 acceptance of all Work contained under the Job Order and all Agreement requirements for final
14 payment have been satisfied. For Job Orders requiring greater than 45 days performance period,
15 COUNTY shall consider a request for partial payments to CONTRACTOR, which shall not occur more
16 often than monthly.

17 COUNTY will make progress payments to CONTRACTOR upon completion of portions of the

25 2. In making such payment, there shall be a retention of 5% of the payment requested. If,
26 after 50% of the Work of the Job Order has been completed, the Director finds that
27 satisfactory progress is being made, the Director may reduce the retention to 2½% of the

1 amount requested. In addition, after 97.5% of the Work has been completed, the
2 Director may reduce the amount withheld to such lesser amount as the Director
3 determines to be adequate security for the fulfillment of the balance of the Work, and
4 other requirements of this Agreement. In no event shall this amount be reduced to less
5 than 125% percent of the estimated value of the Work yet to be completed, as
6 determined by the Director. Such reduction shall only be made upon the written request
7 of CONTRACTOR, and shall be approved in writing by the surety upon the Performance
8 Bond and the surety upon the Payment Bond. The signature of persons executing the
9 approval for the surety shall be properly acknowledged, and the power of attorney
10 authorizing those persons to give such consent must accompany the approval
11 document.

17 Rural Development Act (7 U.S.C. Sec. 1921 et seq.), and where federal
18 regulations or policies, or both, do not allow the substitution of securities.

20 Contract Code Section 22300, securities equivalent to the amount withheld
21 pursuant to these specifications shall be deposited by CONTRACTOR with
22 COUNTY, or with a state or federally chartered bank as the escrow agent,
23 who shall then pay such withheld amounts to CONTRACTOR upon written
24 authorization of COUNTY.
- 25 c. Securities eligible for investment under this section shall include those listed
26 in Section 16430 of the Government Code, bank or savings and loans
27 certificates of deposit, interest bearing demand deposit accounts, standby
28

1 letters of credit, or any other security mutually agreed to by CONTRACTOR
2 and COUNTY.

3 d. Securities to be placed in escrow shall be of a value at least equivalent to the
4 amounts of retention to be paid to CONTRACTOR.

5 e. CONTRACTOR shall be beneficial owner of any securities substituted for
6 moneys withheld and shall receive any interest thereon.

7 f. CONTRACTOR shall enter into an escrow agreement satisfactory to
8 COUNTY, which agreement shall substantially comply with Public Contract
9 Code Section 22300.

10 g. CONTRACTOR shall obtain the written consent of the surety to such escrow
11 agreement.

12
13 3. All material and Work covered by progress payments made shall thereupon become the
14 sole property of COUNTY, but this provision shall not be construed as relieving
15 CONTRACTOR from the sole responsibility for all materials and work upon which
16 payments have been made or the restoration of any damaged Work, or as a waiver of
17 the right of COUNTY to require the fulfillment of all of the terms of the Agreement,

18 4. Upon completion and acceptance of all Work whatsoever required, and the release of all
19 claims against COUNTY as specified, the Director shall file a written Notice of
20 Completion, if required by COUNTY, with COUNTY Recorder as to the entire amount of
21 Work performed.

22 5. Forty-five (45) days after the filing of such Notice of Completion, if required by COUNTY,
23 COUNTY shall pay to CONTRACTOR the amount therein stated, except as provided in
24 paragraph 2.11(g), less all prior payment and advances whatsoever to or for the account
25 of CONTRACTOR, and less material and labor claims duly filed with COUNTY on
26 account of this Agreement. All prior estimates and payments, including those relating to
27

1 extra work, shall be subject to correction by this final payment, which is referred to
2 throughout this Agreement as the Final Payment.

3 6. The acceptance by CONTRACTOR of the Final Payment shall be, and shall operate as
4 a release to COUNTY of all claims and of all liability to CONTRACTOR for all things
5 done or furnished in connection with this Work, and for every act and neglect of
6 COUNTY and others relating to or arising out of this Work, excepting CONTRACTOR's
7 claims for interest upon final payment, if this payment be improperly delayed. No
8 payments, however, final, or otherwise, shall operate to release CONTRACTOR or
9 his/her sureties from any obligations under this Agreement or the Performance and
10 Payment Bonds.

11 7. Payments may be withheld in the whole or in part, if deemed necessary to protect
12 COUNTY from loss on account of the failure of CONTRACTOR to (1) meet
13 CONTRACTOR's obligations, (2) expedite the Work, (3) correct rejected Work, (4) settle
14 damages as herein provided, (5) produce substantial evidence that no claims will be or
15 have been filed, or (6) that unpaid balances may be insufficient to complete the Work.

16 8. CONTRACTOR shall pay:
17 a. For all transportation and utility services not later than the 20th day of the
18 calendar month following that in which such services are rendered.
19 b. For all materials, tools, and other expendable equipment to the extent of 90%
20 of the cost thereof, not later than the 20th day of the calendar month following
21 that in which such materials, tools, and equipment are delivered at the site of
22 the project, and the balance of the cost thereof not later than the 30th day
23 following the completion of that part of the Work in or on which such
24 materials, tools, and equipment are incorporated or used.
25 c. To each of CONTRACTOR's Sub-Contractors, not later than the tenth day
26 following each payment to CONTRACTOR, the respective amounts allowed
27 CONTRACTOR on account of the Work performed by CONTRACTOR's Sub-

1 Contractors, including that Work performed and paid for under a Change to
2 the Job Order as provided in Section 2.12, to the extent of each Sub-
3 Contractor's interest therein.

4 CONTRACTOR shall submit invoices on the first day of the month in accordance with the rates
5 and charges agreed upon by that CONTRACTOR for the services provided to COUNTY during the
6 previous monthly billing period. Each invoice shall reference this Agreement number, the FAMIS work
7 order number, the date and name of the facility where the services were performed, and a clear
8 itemization of services performed, and shall be emailed to isdap-ar@fresnocountyca.gov or mailed to
9 COUNTY of Fresno, ISD, ATTN: Business Office (A/P Division), 333 W. Pontiac Way, Clovis, CA
10 93612. COUNTY shall make payment to CONTRACTOR no later than forty-five (45) days after receipt
11 and approval of each invoice, which shall be given upon verification of satisfactory performance.

12
13 **SECTION 7. INDEPENDENT CONTRACTOR**

14 In performance of the work, duties, and obligations assumed by CONTRACTOR under this
15 Agreement, it is mutually understood and agreed that CONTRACTOR, including any and all of
16 CONTRACTOR's officers, agents, subcontractors, and employees, shall at all times be acting and
17 performing as independent contractors, and shall act in an independent capacity and not as an officer,
18 agent, servant, employee, joint venturer, partner, or associate of COUNTY.

19 Furthermore, COUNTY shall have no right to control or supervise or direct the manner or
20 method by which CONTRACTOR performs its work and functions. However, CONTRACTOR'S
21 methods must be compatible with COUNTY's standards, and must result in satisfactory and timely
22 completion of the work assigned, and the quality and quantity of work produced must be acceptable to
23 COUNTY. COUNTY retains the right to verify that CONTRACTOR is performing its obligations in
24 accordance with this Agreement's terms and conditions. CONTRACTOR and COUNTY shall comply
25 with all applicable provisions of law and the rules and regulations, if any, of governmental authorities
26 having jurisdiction over matters covered by this Agreement.

1 Because of its status as an independent contractor, CONTRACTOR shall have absolutely no
2 right to employment rights and benefits available to COUNTY employees. CONTRACTOR shall be
3 solely liable and responsible for providing to, or on behalf of, their employees all legally required
4 employee benefits. In addition, CONTRACTOR shall be solely responsible, and shall hold COUNTY
5 harmless from all matters relating to payment of CONTRACTORS' employees, including compliance
6 with Social Security withholding, and all other regulations governing such matters. It is acknowledged
7 that during the term of this Agreement, CONTRACTOR may be providing services to others unrelated
8 to COUNTY or to this Agreement.

9
10 **SECTION 8. SUB-CONTRACTORS**

- 11 1. **Agreements** - Agreements between CONTRACTOR, Sub-Contractors, and Sub-Contractors of
12 lower tier shall be subject to the approval of COUNTY, but in no case does such approval
13 relieve CONTRACTOR of any conditions imposed by the Agreement Documents.
14 Subcontractors may be added, deleted, or substituted only in accordance with the provisions of
15 Public Contract Code Section 4100 et seq.
- 16 2. **Relation with Sub-Contractor** - CONTRACTOR shall bind every Sub-Contractor, and every
17 Sub-Contractor agrees to be bound by the terms of the Agreement Documents to carry out their
18 provisions insofar as applicable to their Work; and CONTRACTOR further agrees to pay to each
19 Sub-Contractor promptly upon issuance of Certificate of Payment, that Sub-Contractor's due
20 portion.
- 21 3. **County's Relation** - Neither the acceptance of the name of Sub-Contractor, nor the suggestion
22 of such name, nor any other act of COUNTY, nor anything contained in any Agreement
23 Document is to be construed as creating any contractual relation between COUNTY and any
24 Sub-Contractor of any tier.
- 25 4. If CONTRACTOR conducts or participates in bid shopping or bid peddling after the award of this
26 Agreement, CONTRACTOR shall not receive any additional Job Orders under this Agreement,
27 and such conduct shall be grounds for immediate termination of this Agreement.

1 5. COUNTY reserves the right to reject any proposed subcontractor, installer, or supplier who
2 cannot show satisfactory evidence of meeting the qualifications required by the Agreement
3 Documents. In the event of such rejection, CONTRACTOR shall, within the time frame listed for
4 submittal of revised Proposals, submit the name and qualifications of a replacement
5 subcontractor, installer, or supplier satisfactory to COUNTY. Such replacement submittal shall
6 be in accordance with all Agreement Documents.

7 f. No adjustment of Job Order Price shall be made in the event of such replacement.
8

9 **SECTION 9. PEROGATIVE OF COUNTY**

10 COUNTY may perform or employ others to undertake any portions of Work persistently
11 neglected by CONTRACTOR, provided that, after three days' written notice to CONTRACTOR, such
12 Work is still not completed to COUNTY's satisfaction. In such case, the Work shall be completed under
13 direction of the Director or designated County Official or designee, and the cost deducted from the
14 amount of next payment falling due to CONTRACTOR. Such action shall, in no way, affect the status of
15 either party under this Agreement, nor be held as a basis of any claim by CONTRACTOR for damages
16 or extension of time.

17
18 **SECTION 10. CONTROL OF THE WORK**

19 The Parties agree that the Director shall be the arbiter between parties thereto, and the entire
20 Work is under the Director's jurisdiction to such end. It is the Director's function to interpret the
21 Agreement Documents; pass upon merits of materials and workmanship, compute amounts of and
22 issue certificates for all payments to which CONTRACTOR may be entitled; decide upon all deductions
23 from and additions to the Job Order Price resulting from alterations after letting of Job Order; determine
24 amount of damages accruing to either Party from any cause; or conferences at any time during the
25 progress of the Work, and such order shall require CONTRACTOR and any or all Sub-Contractors or
26 other Contractors to attend; and perform any other required duties.

1 It shall be the responsibility of the Director or designee to make written decisions in regard to all
2 claims of COUNTY or CONTRACTOR, and to interpret the Agreement Documents in regard to all
3 questions arising in connection with the execution of the Work.

4 Orders from the Director shall be in writing only, and properly signed; no oral orders from
5 Director, nor from anyone acting for him, shall be considered binding in case of dispute, and no one,
6 other than COUNTY, or the Director acting for him, has authority to order changes involving extra
7 expenditures or deductions. Superintendents or Inspectors may be assigned by COUNTY and/or
8 Engineer to assist them in the conduct of the Work, and these persons shall be entitled to the same
9 free access to all parts of Work, and the degree of authority of such employees to act for the Engineer
10 is as prescribed for the Engineer, such employees acting within the scope of the particular duties
11 entrusted to them.

12 Authority to stop the Work is vested in the Director, and may be involved whenever the Director
13 deems such action necessary to insure proper execution of the Agreement, and Work may not
14 thereafter be resumed until the Director has given written consent.

15
16 **SECTION 11. CHANGES TO THE JOB ORDER**

17 **Changes Requested by COUNTY** -COUNTY may, without invalidating the Job Order, order
18 changes, modifications, deletions, and extra work by issuing additional written Job Orders during the
19 progress of the Work. CONTRACTOR shall not be entitled to compensation for any extra Work
20 performed, unless the Director has issued an additional written Job Order designating (i) the extra Work
21 to be performed, (ii) the price of the extra Work, and (iii) the time for completion of the extra Work. If
22 COUNTY orders Work added or deleted from the Job Order, the price for the additional Job Order shall
23 be determined using the Procedure for Ordering Work set forth in Section (b) of Attachment A. Credits
24 for Pre-priced and Non Pre-priced Tasks shall be calculated at the pre-set Unit Prices, and multiplied by
25 the appropriate Adjustment Factors. Credits for Tasks that have been deleted from the Detailed Scope
26 of Work will be given at 100% of the value at which they were included in the original Job Order Price
27 Proposal.

1 **Changes in the Work Claimed by CONTRACTOR** - CONTRACTOR may request a change in
2 the Job Order Price, or an extension of time for completion of the Job Order due to changes in the
3 Work that are not within the scope of the Job Order. The request must be in writing, and must be
4 submitted to COUNTY prior to beginning the extra work. CONTRACTOR shall not be entitled to
5 compensation for any extra work performed unless the Director has issued an additional written Job
6 Order designating (i) the extra work to be performed, (ii) the price of the extra work, and (iii) the time for
7 completion of the extra work. If COUNTY agrees that work is added to or deleted from the Job Order,
8 the price for the additional Job Order shall be determined using the Procedure for Ordering Work set
9 forth in Section (b) of Attachment A.

10
11 Where CONTRACTOR and COUNTY disagree on the scope, price, and/or time for changes in
12 the Detailed Scope of Work, COUNTY may require CONTRACTOR to perform such Work under a
13 written protest, pursuant to the Resolution of Contract Claims in Section 17, herein. CONTRACTOR's
14 failure to submit a written protest to the Director within 5 days of beginning such Work constitutes a
15 waiver of any claim.

16
17 **SECTION 12. ASSIGNMENT OF MONEYS**

18 CONTRACTOR shall not assign moneys due or to become due to CONTRACTOR under the
19 Agreement without the written consent of the Auditor-Controller of Fresno County. Any assignment of
20 moneys shall be subject to all proper set-offs in favor of COUNTY of Fresno, and to all deductions
21 provided for in the Agreement, and particularly all money withheld, whether assigned or not, shall be
22 subject to being used by COUNTY for the completion of the Work in the event that CONTRACTOR
23 defaults under this Agreement.

24
25 **SECTION 13. INSPECTION**

26 All material and workmanship (if not otherwise designated by the Agreement Documents) shall
27 be subject to inspection, examination, and test by the Director or designated County Official at any and
28

1 all times during manufacture and/or construction, and at any and all places where such manufacture
2 and/or construction are carried on. The Director shall have the right to reject defective material and
3 workmanship or require its correction.

4 CONTRACTOR shall furnish promptly without additional charge, all reasonable facilities, labor,
5 and materials necessary for the safe and convenient inspection and tests that may be required by the
6 Director.

7 If considered necessary or advisable by the Director at any time either before acceptance of the
8 entire Work, or after acceptance and within the guaranty period, to make an examination of Work
9 already completed, by removing or tearing out same, CONTRACTOR shall, on request, promptly
10 furnish all necessary facilities, labor, and material. If such Work is found to be defective in any material
11 respect, due to the fault of CONTRACTOR or his/her Sub-Contractors, he shall defray all the expenses
12 of such examination and of satisfactory reconstruction. If, however, such Work is found to meet the
13 requirements of this Agreement, CONTRACTOR's costs necessarily incurred in the examination and
14 replacement, as determined by use of the Construction Task Catalog®, shall be reimbursed to
15 CONTRACTOR and CONTRACTOR shall, in addition, if completion of the Work has been delayed
16 thereby, be granted a suitable extension of time on account of the additional Work involved.

17 When the Work is completed, CONTRACTOR shall notify COUNTY in writing that the Work
18 shall be ready for final inspection and test on a definite date, which shall be stated in such notice.

19
20 **SECTION 14**

21 **TAXES, PERMITS, FEES, AND INDEMNIFICATION FOR PATENT INFRINGEMENT CLAIM**

22 CONTRACTOR shall pay for and include all Federal, State, and local taxes, direct or indirect,
23 upon all materials, and take out and pay all fees and charges for permits and licenses, unless otherwise
24 specified in the Job Order or Technical Specifications .

25 Royalty and license fees incidental to the use of any patented material, device or process shall
26 be paid by CONTRACTOR, and in the event of a claim of alleged infringement of patent copyright, or
27 Trade Secret rights, CONTRACTOR shall indemnify, save COUNTY free and harmless, and defend, at

1 CONTRACTOR's own expense, any and all suits that may be brought in connection with such royalty
2 and license fees.

3
4 **SECTION 15. GUARANTEE OF WORK**

5 All Work shall be guaranteed by CONTRACTOR, except as may be otherwise specified, against
6 defects resulting from the use of inferior materials, equipment, or workmanship for one year from the
7 date of completion of the Job Order.

8 If repairs or changes are required in connection with guaranteed Work within any guaranteed
9 period, which, in the opinion of COUNTY are rendered necessary as the result of the use of materials,
10 equipment, or workmanship, which are inferior, defective, or not in accordance with the terms of this
11 Agreement, CONTRACTOR shall, promptly upon receipt of notice from COUNTY, and without expense
12 to COUNTY (1) place in satisfactory condition in every particular all of such guaranteed Work, correct
13 all defects therein, and (2) make good all damage to the building or site, or equipment or contents
14 thereof, which, in the opinion of COUNTY, is the result of the use of materials, equipment, or
15 workmanship which are inferior, defective, or not in accordance with the terms of the Agreement; and
16 (3) make good any work or materials, or the equipment and contents of said building or site disturbed in
17 fulfilling any such guarantee.

18 If CONTRACTOR disturbs any Work guaranteed under another Agreement in fulfilling the
19 requirements of the Agreement or of any guarantee, embraced in or required thereby, CONTRACTOR
20 shall restore such disturbed Work to a condition satisfactory to the Director, and guarantee such
21 restored Work to the same extent as it was guaranteed under such other Agreement.

22 COUNTY may have the defects corrected if CONTRACTOR, after notice, fails to proceed
23 promptly to comply with the terms of the guarantee, and CONTRACTOR and his/her surety shall be
24 liable for all expense incurred.

25 All special guarantees applicable to definite parts of the Work that may be stipulated in the
26 Agreement Documents shall be subject to the terms of this Section 15 during the first year of the life of
27 such special guarantee.

1
2 **SECTION 16. RESPONSIBILITY FOR DAMAGE**

3 Neither COUNTY, the Director of Department of Internal Services, nor any officer or employee
4 of COUNTY, or any incorporated city, or officer or employee thereof, within the limits of which the Work
5 is being performed, shall be answerable or accountable in any manner, for any loss or damage to the
6 Work or any part thereof; or for any of the materials or other things used or employed in performing the
7 Work; or for injury to any person or persons, either workmen or the public, for damage to property from
8 any cause which might have been prevented by CONTRACTOR, or his/her workers, or anyone
9 employed by CONTRACTOR, against all of which injuries or damages to persons and property
10 CONTRACTOR having control over such Work must properly guard.

11 CONTRACTOR shall be responsible for any liability imposed by law for any damage to any
12 person or property resulting from defects or obstructions or from any cause whatsoever during the
13 progress of the Work or at any time before the completion and final acceptance.

17 arise between a Contractor and a local public agency shall be resolved in accordance with the
18 provisions of Article 1.5 (Sections 20104-20104.6, inclusive) of Chapter 1 of Part 3 of Division 2 of the

8 (c) The provisions of this article or a summary thereof shall be set forth in the plans or

11 For any claim subject to this article, following requirements apply:

12 (a) The claim shall be in writing and include the documents necessary to substantiate the claim.
13 Claims must be filed on or before the date of final payment. Nothing in this subdivision is intended to
14 extend the time limit or supersede notice requirements otherwise provided by contract for the filing of
15 claims.

16 (b)(1) For claims of less than fifty thousand dollars (\$50,000), the local agency shall respond in
17 writing to any written claim within 45 days of receipt of the claim, or may request, in writing, within 30

11 respond within the time prescribed, the claimant may so notify the local agency in writing, either within
12 15 days of receipt of the local agency's response or within 15 days of the local agency's failure to
13 respond within the time prescribed, respectively, and demand an informal conference to meet and
14 confer for settlement of the issues in dispute, Upon a demand, the local agency shall schedule a meet
15 and confer conference within 30 days for settlement of the dispute.

16 (e) If following the meet and confer conference the claim or any portion remains in dispute,
17 the claimant may file a claim pursuant to Chapter 1 (commencing with Section 900) and Chapter 2
18 (commencing with Section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For
19 purposes of those provisions, the running of the period of time within which a claim must be filed shall
20 be tolled from the time the claimant submits his/her or her written claim pursuant to subdivision (a) until

26 parties. The mediation process shall provide for the selection within 15 days by both parties of
27 disinterested third person as mediator, shall be commenced within 30 days of the submittal, and shall

1 be concluded within 15 days from the commencement of the mediation unless a time requirement is
2 extended upon a good cause showing to the court or by stipulation of both parties. If the parties fail to
3 select a mediator within the 15-day period, any party may petition the court to appoint the mediator.

4 (b)(1) If the matter remains in dispute, the case shall be submitted to the judicial arbitration
5 pursuant to Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil
6 Procedure, notwithstanding Section 1141.11 of that code. The Civil Discovery Act of 1986 (Article 3
7 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of Civil Procedure) shall apply to any
8 proceeding brought under this subdivision consistent with the rule pertaining to judicial arbitration.

9 (2) Notwithstanding any other provision of law, upon stipulation of the parties, arbitrators
10 appointed for purposes of this article shall be experienced in construction law, and, upon stipulation of
11 the parties, mediators and arbitrators shall be paid necessary and reasonable hourly rates of pay not to
12 exceed their customary rate, and such fees and expenses shall be paid equally by the parties, except in
13 the case of arbitration where the arbitrator, for good cause, determines a different division. In no event
14 shall these fees or expenses be paid by state or county funds.

15 (3) In addition to Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the
16 Code of Civil Procedure, any party who after receiving an arbitration award requests a trial de novo but
17 does not obtain a more favorable judgment shall, in addition to payment of costs and fees under that
18 chapter, pay the attorney's fees of the other party arising out of the trial de novo.

19 (c) The court may, upon request by any party, order any witnesses to participate in the
20 mediation or arbitration process. Arbitrators shall be experienced in construction law.

21 20104.6 (a) No local agency shall fail to pay money as to any portion of a claim which is
22 undisputed except as otherwise provided in the contract.

26
27 **SECTION 18. RIGHTS AND REMEDIES OF COUNTY FOR DEFAULT**

1 In case of default by CONTRACTOR, COUNTY may procure the articles or service from
2 another source, and may recover the cost difference and related expenses from any unpaid balance
3 due CONTRACTOR or by proceeding against performance bond of CONTRACTOR, if any, or by suit
4 against CONTRACTOR. The prices paid by COUNTY shall be considered the prevailing market price at
5 the time such purchase is made.

10 to goods and materials ordered herein which occur prior to delivery; loss, injury, or destruction shall not
11 release CONTRACTOR from any obligation hereunder.

12
13 **SECTION 19. CONFIDENTIALITY OF INMATES/WARDS/PATIENTS/CLIENTS IDENTITY**

14 Some of the Work to be performed under this Agreement may occur in secured facilities or
15 facilities that require confidentiality. CONTRACTOR shall alert and inform its employees and agents

17 Revealing the identities of inmates/wards/patients/clients is punishable by law.
18

19 **SECTION 20. INTENT OF AGREEMENT DOCUMENTS**

20 Some of the Work may require CONTRACTOR to work in in-patient care facilities. The intent of
21 Agreement Documents will be to construct or reconstruct the hospital facilities for an individual Job
22 Order in accordance with Title 24, California Code of Regulations. If any conditions develop that are not
23 covered by the Agreement Documents, wherein the completed Work shall not comply with said Title 24,
24 California Code of Regulations, COUNTY shall develop a Job Order detailing any required Work, and
25 shall submit it to OSHPD for approval prior to CONTRACTOR proceeding with the Work.
26

27 **SECTION 21. BUILDING PERMITS**

1 CONTRACTOR shall be responsible for all fees and costs incurred in connection with obtaining
2 permits; however, COUNTY will reimburse CONTRACTOR for the actual cost of the permit or
3 inspection fees, as part of the Job Order, with no additional allowance for overhead and profit.

4
5 **SECTION 22. CODES AND REGULATIONS**

6 All work, materials, and equipment shall be in full compliance with the 2013 edition of the
7 California Building Code; California Plumbing Code; California Electrical Code; Cal/OSHA Safety

9 Provisions applicable in the performance of the work.

10
11 **SECTION 23. COORDINATION OF WORK**

12 CONTRACTOR shall coordinate all work with COUNTY to minimize any interruptions to the
13 normal operation of COUNTY operations, particularly interruptions to air conditioning, electrical
14 services, alarm system, communications, and computer systems.

16 **SECTION 24. WORK DAY**

17 All work shall be set forth as part of the Job Order. Saturday and Sunday work will not be
18 allowed except by written approval of COUNTY, and upon 48 hours advance notice. Payment

17 default. COUNTY shall have the right to demand of the CONTRACTOR the repayment to

15 or within such time limits as extended, damages will be sustained by COUNTY in the event of and by
16 reason of such delay. It is, and will be, impractical and extremely difficult to determine the actual
17 damage which COUNTY will sustain by reason of the delay. It is therefore agreed that CONTRACTOR
18 will pay, at a minimum, to COUNTY the sum of money stipulated per day in the Job Order for each
19 day's delay in completing the work beyond the time prescribed.

20 COUNTY shall determine the application of liquidated damages, and the value of liquidated
21 damages. Each Job Order shall state whether liquidated damages will be applied. COUNTY may
22 withhold liquidated damages from payments to CONTRACTOR as such damages accrue, or, at
23 COUNTY's discretion, withhold liquidated damages from any payments due or that become due
24 pursuant to a Job Order, including Retention and final payment (pursuant to Government Code
25 §53069.85). COUNTY shall execute a credit Job Order to assess liquidated damages against
26 CONTRACTOR.

2 The parties agree that this Agreement may be executed by electronic signature as provided in
3 this section. An “electronic signature” means any symbol or process intended by an individual signing
4 this Agreement to represent their signature, including but not limited to (1) a digital signature; (2) a
5 faxed version of an original handwritten signature; or (3) an electronically scanned and transmitted (for
6 example by PDF document) of a handwritten signature. Each electronic signature affixed or attached to
7 this Agreement (1) is deemed equivalent to a valid original handwritten signature of the person signing
8 this Agreement for all purposes, including but not limited to evidentiary proof in any administrative or
9 judicial proceeding, and (2) has the same force and effect as the valid original handwritten signature of
10 that person. The provisions of this section satisfy the requirements of Civil Code section 1633.5,
11 subdivision (b), in the Uniform Electronic Transaction Act (Civil Code, Division 3, Part 2, Title 2.5,

13 and satisfied the requirements of Government Code section 16.5, subdivision (a), paragraphs (1)
14 through (5), and agrees that each other party may rely upon that representation. This Agreement is not
15 conditioned upon the parties conducting the transactions under it by electronic means and either party

SCOPE OF WORK

SCOPE OF WORK AND PROCEDURE FOR ORDERING WORK

a. Scope of Work

1. The Construction Task Catalog® contains construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material, and equipment prices and are for the direct cost of construction.
2. The Contractor will be required to work at any of the County's facilities. The County makes no commitment as to the award of individual Job Orders. All costs associated with preparing Job Order Proposals shall be the responsibility of the Contractor.
3. Work or performance shall be made only as authorized by Job Orders issued in accordance with this Scope of Work. The Contractor shall furnish to the County, the supplies or services specified in the Job Orders up to and including the Maximum Contract Value. The County shall give the Contractor the opportunity to perform at least the Minimum Contract Value of construction services designated in the Agreement Documents.
4. The Scope of Work of this Agreement shall be determined by individual Job Orders. The Job Order will reference the Detailed Scope of Work, and set forth the Job Order Completion Time, and the Job Order Price. The Job Order Price is determined by multiplying the preset Unit Prices by the appropriate quantities and by the appropriate Adjustment Factor. The Job Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. A separate Job Order will be issued for each project. Extra work, credits, and deletions will be contained in additional Job Orders. The Contractor shall provide all pricing, management, design drawings, shop drawings, documents, Work, materials, supplies, parts (to include system components), transportation, plant, supervision, labor, and equipment needed to complete the Job Order. The Contractor shall provide quality assurance as specified in strict accordance with the Agreement. The Contractor shall also be responsible for site safety as well as site preparation and cleanup.
5. The Contractor shall conduct the Work in strict accordance with the Agreement, and all applicable federal, state, and local laws, regulations, or codes.
6. Contractor shall maintain accurate and complete records, files, and libraries of documents, to include federal, state, and local regulations, codes, applicable laws listed herein, and manufacturers' instructions and recommendations, which are necessary and related to the Work to be performed.
7. Contractor shall prepare and submit required reports, maintain current record drawings, and submit required information. The Contractor shall provide: materials lists to include trade names and brand names, and model materials lists to include trade names, brand names, model number, and ratings (if appropriate) for all materials necessary for a complete job.
8. All Work will be ordered and funded when needed in accordance with the procedures contained in the Contract Documents.
9. All Work will be controlled and monitored by the County or designated representative.
10. The design of architectural, structural, mechanical, electrical, civil, or other engineering features of the Work required by the Agreement shall be accomplished or reviewed and approved by architects or engineers registered in the State of California to practice in the

particular professional field involved.

11. In addition to the Work unit requirements in the General Requirements, Contract Technical Specifications, Volume 3, and the Construction Task Catalog® (CTC), Volume 4, the County may, from time to time, require Non Pre-priced (NPP) Tasks. The parties shall proceed with these requirements in accordance with the Procedure for Ordering Work contained in Section (b), herein. These NPP Work unit requirements will be incorporated in individual Job Orders, and the Contractor shall accomplish those requirements with the same diligence as those Work units incorporated in this Agreement in the Construction Task Catalog® and Technical Specifications.

b. Procedure for Ordering Work

1. As the need for Work arises, the County will notify in writing the Contractor of the Work.
2. Upon receipt of this notification, the Contractor shall respond within one working day by:
 - (a) Establishing verbal contact with the County to further define the scope of the requirement, and
 - (b) Visiting the proposed Work site in the company of the County, and participating in the conduct of a Joint Scope Meeting, which will include discussion and establishment of the following:
 - (1) Project number and title
 - (2) Existing site conditions
 - (3) Methods and alternatives for accomplishing Work
 - (4) Definition and refinement of requirements
 - (5) Detailed Scope of Work
 - (6) Requirements for design drawings, sketches, shop drawings, submittals, etc.
 - (7) Tentative construction schedule
 - (8) Preliminary quantity estimates
 - (9) Access to the site and protocol for admission
 - (10) Hours of operation
 - (11) Staging area
 - (12) Liquidated damages
 - (13) Presence of hazardous materials
 - (14) Proposal due date
3. Upon completion of the Joint Scope Meeting, the Owner will prepare a draft Detailed Scope of Work referencing any sketches, drawings, photographs, and specifications required to document accurately the Work to be accomplished. The Contractor shall review the Detailed Scope of Work, and request any required changes or modifications. When an acceptable Detailed Scope of Work has been prepared, the County will issue a Request for Job Order Proposal (RFJOP) and Detailed Scope of Work, which requires that the Contractor prepare a Proposal for the Work under consideration. The Detailed Scope of Work, unless modified by both the Contractor and the County, will be the basis on which the Contractor will develop its Job Order Proposal, and the County will evaluate the same. The Contractor does not have the right to refuse to perform any task or any Work in connection with a particular Project.

4. The County may, at its option, include quantities in the Detailed Scope of Work if it helps to define the Detailed Scope of Work, if the actual quantities required are not known or cannot be determined at the time the Detailed Scope of Work is prepared, if the Contractor and the County cannot agree on the quantities required, or for any other reason as determined by the County. In all such cases, the County shall issue a Supplemental Job Order adjusting the quantities appearing in the Detailed Scope of work to the actual quantities.
5. The Contractor will prepare the Job Order Price Proposal in accordance with the following:
- (a) Pre-priced Work requirements. A Pre-priced Task is a task described and for which a Unit Price is set forth in the Construction Task Catalog®. Pre-priced Work requirements will identify the type and number of Work units required from the Construction Task Catalog® (CTC). The price per unit set forth in the CTC shall serve as the base price for the purpose of the operation of this provision. The total of the Job Order Price Proposal shall be the sum of the cost of each applicable CTC task, which is calculated according to the following formula:
- A= Number of Units Required for CTC Task B= Applicable Adjustment Factor
- C= CTC Price per Unit Cost of CTC Task
- A x B x C
- (b) The Contractor's Job Order Proposal shall include support documentation to indicate that adequate engineering and planning for the requirement have been done, and that the Work units and quantities proposed are reasonable for the tasks to be performed. Documentation to be submitted with the Job Order Proposal shall include, but not be limited to, the Job Order Price Proposal, design drawings, calculations, catalog cuts, specifications, and architectural renderings, Subcontractor list, and construction schedule. Any Job Order Proposal lacking the required items will be considered incomplete, and shall be returned and treated as if never received. Job Order Proposals submitted to the County are valid for the duration of the Agreement.
- (c) Non Pre-priced Work Requirements: Non Pre-priced Work shall be separately identified and submitted in the Job Order Price Proposal. Information submitted in support of Non Pre-priced Work shall include, but not be limited to, the following:
- (1) Complete specifications and technical data, including Work unit content, support drawings, Work unit costs data, quality control and inspection requirements.
 - (2) Work schedule in written form.
 - (3) Pricing data submitted in support of Non Pre-priced work units shall include a cost or price analysis report, establishing the basis for selecting the approach proposed to accomplish the requirements. Unless otherwise directed by the County, costing data will be submitted, demonstrating that the Contractor sought and received three quotes. The Contractor shall provide an installed unit price (or demolition price if appropriate), which shall include all costs required to accomplish the Non Pre-priced Task.
 - (4) If the Contractor will perform the work with its own forces, it shall submit three independent quotes for all material to be installed and shall, to the extent possible, use Pre-Priced Tasks for labor and equipment from the Construction Task Catalog®. If the work is to be subcontracted, the Contractor shall submit three independent quotes from subcontractors.

The Contractor shall not submit a quote from any subcontractor or materialman that the Contractor is not prepared to use. County may require additional quotes if

the subcontractors or materialmen are not acceptable, or if the prices are not reasonable. If three quotes cannot be obtained, the Contractor shall provide County with a written explanation. If the explanation is accepted by County, the Contractor may provide less than three quotes.

- (5) The final price submitted for Non Pre-priced (NPP) Tasks shall be according to the following formula:

Contractor Performed Duties

A= The number of hours for each labor classification and hourly rates B=
Equipment costs (other than small tools)

C= Lowest of three independent quotes for all materials

Total Cost for self-performed work = (A+B+C) x 15% (Only if A & B cannot be priced out of the CTC) For Work performed by Subcontractors:

If the Work is to be subcontracted, the Contractor must submit three independent bids from Subcontractors. If three quotes or bids cannot be obtained, the Contractor will provide the reason in writing for the County's approval as to why three quotes cannot be submitted.

D = Subcontractor Costs (supported by three quotes)

Total Costs of Non-Pre-Priced Task = D x 15%

- (6) The County will evaluate the entire Proposal and proposed Work units, and compare these with the County's estimate of the Detailed Scope of Work to determine the reasonableness of approach, including the nature and number of Work units proposed. The County will determine whether the Contractor's Job Order Price Proposal is in line with its own estimate.
- (7) After using a Non Pre-priced item on three separate Job Orders, the unit price for the work item will be established, following approval by the County, and fixed as a permanent pre-priced item, which will no longer require price justification.
- (8) The County's determination as to whether an item is a Pre-priced Task or a Non Pre-priced Task shall be final, binding and conclusive as to the Contractor.
- (9) Whenever, because of trade jurisdiction rules or small quantities, the cost of a minor task in the Job Order Price Proposal is less than the cost of the actual labor and materials to perform such task, the County may permit the Contractor to be paid for such task as a Non Pre-priced Task, or use Pre-priced labor tasks and material component pricing to cover the actual costs incurred. Provided, however, that there is no other Work for that trade on the project or other Work for that trade cannot be scheduled at the same time, and the final charge does not exceed \$1,000.00.
- (d) Processing Time Limits
- (1) Request for Proposal Submittal. Contractor shall submit the Job Order Proposal to the County on or before the due date stated in the RFJOP (14 days maximum unless otherwise specified).
- (2) Request for Information Submittal. Contractor shall make a thorough analysis of each Job Order, and submit all Requests For Information (RFI's) within 7 days after issuance of any RFJOP. Submission of RFI's shall in no way extend the proposal due date unless deemed necessary by the County.
- (3) Job Order Price Proposal Review. Contractor's Project Manager or agent shall be

available for Job Order Price Proposal review meetings within 24 hours of being notified by the County (via fax, e-mail, or telephone). After review of the Job Order Price Proposal, Contractor shall remove all inappropriate line items and adjust quantities as directed by the County.

- (4) Job Order Price Proposal Modification. Only on the Contractor's second Job Order Price Proposal shall he/she be granted the opportunity to add new valid line items that may have been omitted from the first Job Order Price Proposal. Contractor shall submit a revised Job Order Price Proposal within 24 hours of Job Order Price Proposal review meeting (unless otherwise specified). Upon review of revised Job Order Price Proposal, the Contractor shall remove all line items or adjust quantities deemed inappropriate by the County, and re-submit the Job Order Price Proposal within 24 hours. No new line items may be added to the Job Order Price Proposal. No quantity increases or added modifiers will be accepted unless agreed to in writing by the County during the second Job Order Price Proposal review meeting.
- (5) The County reserves the right to reject a Contractor's Job Order Proposal or cancel a project for any reason. The County reserves the right to issue a Notice to Proceed to the Contractor without having a mutual agreement on a final Job Order Price, and that the Contractor will be paid by multiplying the actual quantities used by the appropriate Construction Task Catalog® Unit Price and the applicable Adjustment Factors. Non Pre-priced (NPP) Tasks will be priced according to the formula set forth in Section 1.22 b 4 (c) of these General Conditions. The County also reserves the right to not award a Job Order if it is determined to be in the best interests of the County, or the proposed cost exceeds the County's estimate. The County may perform such work by other means. In these instances, the Contractor has no right of claim to recoup Job Order Proposal expenses, including but not limited to, the costs to attend the Joint Scope Meeting, review the Detailed Scope of Work, prepare a Job Order Proposal (including incidental architectural and engineering services), subcontractor costs, and the costs to review the Job Order Proposal with the County.
- (6) Unilateral Job Order – The County reserves the right to issue Job Orders based on the County's Job Order Price Proposal for a specified Detailed Scope of Work (DSOW).
- (e) By submitting a signed Job Order Proposal to the County, the Contractor is agreeing to accomplish the Work outlined in the Detailed Scope of Work in accordance with the RFJOP at the lump sum price submitted for that particular Job Order. The Contractor shall include the necessary tasks and quantities in the Job Order Price Proposal and apply the appropriate Adjustment Factor(s) prior to delivering it to the County. The value of the Job Order Price Proposal shall be calculated by summing the total of the calculations for each Pre-priced Task (Unit Price x quantity x Adjustment Factor) plus the value of all Non Pre-priced Tasks. The Job Order Price shall be the value of the approved Job Order Price Proposal.
- (f) The County will evaluate the entire Job Order Priced Proposal and compare these with the County's estimate of the Detailed Scope of Work to determine the reasonableness of approach, including the appropriateness of the tasks and quantities proposed.
- (g) The Contractor may choose the means and methods of construction; subject however, to the County's right to reject any means and methods proposed by the Contractor that:
 - (1) Will constitute or create a hazard to the work, or to persons or property;
 - (2) Will not produce finished Work in accordance with the terms of the Agreement; or

(3) Unnecessarily increases the price of the Job Order when alternative means and methods are available.

(h) Each Job Order provided to the Contractor shall reference the Detailed Scope of Work, and set forth the Job Order Price and the Job Order Completion Time. All clauses of this Agreement shall be applicable to any Job Orders issued under this clause. Job Orders will be written on an appropriate form. The Job Order, which must be signed by the County, constitutes the County's acceptance of the Contractor's Proposal. A signed copy will be provided to the Contractor.

(i) Except in an "emergency response" the Contractor is not to proceed with any Job Order without having required permits and a Notice to Proceed (NTP) signed by the Contract Manager.

(j) In the event that "immediate emergency response" is necessary, the County may elect to use an alternative procedure for such type of Job Orders, as long as the alternative procedure is not substantially more burdensome to the Contractor than the procedure described in this section.

(k) All Proposals submitted by the Contractor are valid for the duration of the Agreement.

c. Measurements to be Verified

Before ordering any material or doing any Work, the Contractor shall verify all measurements at the site of a specific Job Order, and shall be responsible for the correctness of the measurements. No extra charge or compensation will be allowed based on the difference between actual dimensions and the measurements indicated in the Request for Proposal.

d. Contractor's Responsibility

It is the Contractors' responsibility to verify any and all such items prior to submission of the Job Order Proposal. Contractors are also cautioned that any Job Order awarded is for all services or Work, as necessary, to repair, and construct the facilities covered by the Agreement in accordance with all Agreement terms and conditions. It shall also be the duty and responsibility of the Contractor to manage and conduct the required Work in the most effective and efficient manner possible and meet or exceed minimum critical rates or standards.

In addition, the County will not entertain claims for additional money, when such claim is based upon a contention the Agreement fails to mention a specific item or component of facility covered by the Job Order and the Work is required in the normal course of operations. For example, surfaced area repair statements may not mention culverts. However, culverts are a normal component of roads, streets, or erosion controls and are shown on plots or maps provided. As culverts are a normal component of the system, the Contractor shall be responsible for providing all necessary repair, or replacement Work or service.

e. Pre-Construction Conference

Before the issuance of the first Job Order under this Agreement, a conference will be conducted by the County to acquaint the Contractor with County's procedures that are to be observed during the execution of the Work, and to develop mutual understanding relative to the administration of the Agreement.

f. Computer and Communications Equipment Requirements

The Contractor shall maintain at its office for its use a computer with, at a minimum, a 1 GHz processor and an internet connection. The Contractor shall maintain individual email accounts for each of its project managers.

g. Job Order Contracting Software and License Fee JOC Software and System License

The County of Fresno selected The Gordian Group's (Gordian) Job Order Contracting (JOC) system

for their JOC program. The Gordian JOC Solution™ includes Gordian's proprietary eGordian®, JOC Software, JOC applications, construction cost data, and Construction Task Catalog® which shall be used by the Contractor solely for the purpose of fulfilling its obligations under this Agreement, including the preparation and submission of Job Order Proposals, subcontractor lists, and other requirements specified in the general conditions and as may be requested by the County of Fresno. The Contractor shall be required to execute Gordian's JOC System License and Fee Agreement, and shall pay a 1% JOC System License Fee on all Work awarded to Contractor by the County for access to the Gordian JOC Solution™.

NO HOSTAGE SITUATIONS

California Code of Regulations

Subject: Hostage Situations

Policy Number: 326.0

Page: 1 of 2

Date Originated: April 1, 2004

Date Revised: February 1, 2008

It is imperative for the safety and security of all persons within Juvenile Justice Campus (JJC) facilities, as well as for those in the community, that minors are not allowed to leave the secure confines of the facilities by the taking of a hostage(s). If successful in securing a release through these means minors would be much more likely in the future to use this practice again in an attempt to escape the confines of the facilities. This would put those visiting and working at the JJC at higher level of risk and would jeopardize the safety of the community if the minor was in fact successful in securing his/her release.

The JJC is a "no-hostage" facility. This means that minors will not be released from custody under any circumstances due to the taking of a hostage(s). Any staff person taken hostage, no matter what their rank or status, immediately loses their authority and any orders issued by that person will not be followed.

I. HOSTAGE SITUATION PROCEDURES

- A. If any minor(s) and/or other person(s) in the facility attempt to hold any person hostage, and they do not respond to verbal commands to stop staff will immediately notify the Watch Commander. He/she will respond to the location and assess the situation. If a hostage situation is in progress the Watch Commander will:
 1. Summon assistance from other officers as required.
 2. Establish a secure perimeter around the hostage takers and allow no one to pass into it for any reason without authorization. Risks should not be taken that might allow the taking of additional hostages.
 3. Evacuate all non-essential persons at the scene to a safe location or any housing pod that is not directly involved in the incident.
 4. Direct officers to place minors in uninvolved housing pods in their rooms and have them remain there until directed otherwise. Minors outside of housing pods will remain in place under officer supervision until it is safe to return to their respective housing pods or any housing pod that is not directly involved in the incident.
 5. Immediately notify the Director or the Probation Services Manager/Assistant Director in his/her absence and confer with higher authority as to action to be taken. Administration in turn will notify the Chief.

- B. The Fresno Sheriff's Dispatch Center (488-3111) will be notified immediately and a request for a trained hostage negotiator and other emergency personnel will be made as needed. Prior to the arrival of the Sheriff Department's hostage negotiator the Watch Commander will attempt to ascertain:
 - 1. The number and identity of both the hostages and hostage takers;
 - 2. Any known weapons possessed by the hostage takers;
 - 3. The demands of the hostagetakers.
- C. The Watch Commander will retain and direct departing custody officers, as well as, available Probation peace officer staff to assist with security and safety needs, as necessary. Additional Juvenile Correctional Officers should be called in as may be needed to insure the safe and secure operation of the facility.
- D. The Watch Commander will coordinate with the Sheriff's Department all activities taken to resolve the hostage situation, including the use of appropriate force, and will maintain control of the facility until relieved of that duty by the presence of a Probation Services Manager/Assistant Director, Director, or the Chief Probation Officer.
- E. Once the hostage situation has been resolved the minors involved should be housed in the most secure setting available and all appropriate charges should be filed.
- F. Each officer and/or non-sworn staff member who was involved or observed the incident will complete an incident report and if required, the appropriate critical incident evaluation report(s) regarding the details of the incident prior to the end of his/her shift. (See Incident Report, located in JAS Probation View, under "Word Templates".)
- G. The Watch Commander will prepare a Critical Incident Investigation Report, using the Critical Incident Evaluation Report - Page 2 report form and the critical incident evaluation report(s) completed by the reporting persons at the time of the incident.

II. PARENTAL AND MEDIA INFORMATION

- A. Attempts will be made at the direction of Administration to reach the families of the hostages to advise them of the situation. Notification will also be made to the parents of the hostage takers as deemed appropriate.
- B. All media inquiries will be referred to the Chief's office per departmental policy.

III. SECURITY AND OPERATIONAL REVIEW

Once the incident has been resolved a team will be established to conduct a security and operational review of the incident. The review will be conducted within 2 days of the resolution of the incident. The review team will be comprised of the facility administrator and/or facility Director, Probation Services Manager/Assistant Director and Supervising Juvenile Correctional Officers who are relevant to the incident. The team will review the circumstances leading up to the incident and any necessary corrective action necessary to insure that such an incident does not repeat itself.

AUTHORITY: Sheriff M. Mims APPROVED BY: Assistant Sheriff T. Gattie

REFERENCE: California Code of Regulations, Title 15, Section 1029(a)(7)(B) and
Penal Code Section 236.

PURPOSE:

The purpose of this policy is to establish procedures which provide for the resolution of a hostage-taking incident while preserving the safety of staff, public, inmates, and hostages, and maintaining facility security.

POLICY:

The Fresno County Sheriff's Office Jail Division maintains a **NO HOSTAGE FACILITY** and will not consider bargaining with hostage takers for ANY reason.

It is the policy of the Fresno County Sheriff's Office Jail Division that once any staff member is taken hostage, they immediately lose their authority and any orders issued by that person will not be followed regardless of their rank or status.

It is the policy of the Fresno County Sheriff's Office Jail Division that the primary responsibility of all staff members in a hostage situation is to protect every person involved, if possible, from serious injury or death.

PROCEDURES:

I. DEFINITION

HOSTAGE SITUATION: any staff member, citizen or inmate held against their will by another person for the purpose of escape, monetary gain or any reason which may place an individual in danger of losing life or suffering serious injury.

II. NOTIFICATIONS, CONTAINMENT AND CONTROL OF THE SITUATION

NO: B-130

- A. Emergency procedures and notifications shall be implemented as per Emergency Planning procedures (B-101/FILE: EMERGENCY).
- B. The Watch Commander will notify the Patrol Watch Commander and apprise them of the incident. The Patrol Watch Commander may be requested to activate the Crisis Negotiations Team (CNT), outside support agencies, equipment, personnel, and dispatch a detective to the scene for the crime report.

III. DURING NEGOTIATIONS

- A. While at the scene, the CNT members will conduct all verbal or written communications between the hostage taker(s) and the Incident Commander. CNT will immediately notify the Incident Commander of any changes in the following situations:
 - 1. Hostage status
 - 2. Incident changes and developments
 - 3. Hostage taker demands
 - 4. Any and all pertinent information concerning the incident
- B. Staff members at the scene not actively involved with negotiations will not act or speak out to the hostage taker(s) or hostages.
- C. The Tactical Commander will formulate a plan to take the necessary actions, using the appropriate force, to terminate the hostage situation in the event negotiations fail. Hostage safety will be of paramount concern.

IV. HOSTAGE SURVIVAL STRATEGIES

- A. If taken hostage, it is important to make the transition from being a victim to being a survivor. The following are not strict rules that must be rigidly followed, but rather general guidelines. There will always be exceptions.
 - 1. Regain/maintain composure. Try to be calm, focused and clear-headed

at all times. Do not stand out from other hostages. Drawing unnecessary attention increases the chance of being singled out and victimized.

2. Maintain a low-key, unprovocative posture. Overt resistance is usually counterproductive in a hostage situation.
 - a. Remain calm and follow instructions. Comply with the hostage takers when at all possible.
 - b. Be stoic. Maintain an outward face of acceptance of adversity with dignity. Avoid open displays of cowardice and fear. Inmates will view frailty and feebleness as weakness, which may lead to victimization.
 - c. Do not antagonize, threaten or aggravate the hostage takers. Avoid saying "no", or arguing with the hostage takers. Do not act authoritative. The hostage takers must make it known that they are in charge.
 - d. Eye contact may be regarded as a challenge; make eye contact with the hostage takers sparingly.
 - e. Fight off basic instincts, such as anger and hostility. Be polite and remain alert. Speak normally and don't complain.
3. Hostages should try to establish a level of rapport or communication with their captors in attempt to get the captors to recognize them as human beings.
 - a. Find a mutual ground, an association with the hostage takers. Foster communication on non-threatening topics (e.g., family, hobbies, sports, interests).
 - b. Use the captors' first names, if known. However, if hostage takers are attempting to conceal their identity, do not give any indication that they are recognized.
 - c. Listen actively to the captors' feelings and concerns, but never praise, participate in, or debate their "cause". If they want to talk about their cause, act interested in their viewpoints. Avoid being overly solicitous, which may be viewed as patronizing or insincere.
 - d. Do not befriend the inmates; such an attempt will likely result in

- exploitation.
- e. Try asking for items that will increase personal comfort. Make requests in a reasonable, low-key manner.
- 4. Be prepared to be isolated and disoriented.
 - a. Do not talk to other hostages. The hostage takers may think a plot is being formed.
 - b. Develop mind games to stimulate thinking and maintain mental alertness.
 - 5. Be tolerant of fellow hostages. Just as each person has different reactions to stress, each individual will have different methods of coping as a hostage. Some methods are not effective and may endanger the group, or be annoying to other hostages (e.g., constant talking). Try to help these people cope in other ways.
 - 6. Gather intelligence. Hostages should take in and store as much detail, about their captors as possible without drawing attention to their efforts. Make mental notes and attempt to gather the following information: identification of the ring leader, the number of hostage takers, the type of weapons they are using, their tactics, location within the area, etc.
 - 7. Maintain hope. Depending on the circumstances, resolution of hostage situations can be a lengthy process.
- B. Stay away from doors and windows through which rescue teams may enter or shoot. If a rescue is attempted, drop to the floor and keep hands in view.
 - C. If there is a chance to escape, the hostage should be certain of their success.
 - 1. Balance the likely payoff of any behavior with the possible consequences. Hostage takers may use violence or death to teach a lesson.
 - 2. Realize that Central Control will not open any doors for anyone.
 - D. Hostages should be aware of the "Stockholm Syndrome", whereby hostages

BACKGROUND INVESTIGATIONS AND IDENTIFICATION (ID) BADGES

Background Investigations

Prior to the beginning of any services, one (1) background check may be required for every member of the Contractor's personnel providing services to a building location for the life of the agreement. The background check may be required before access is given to any County facility/property. Clearance will only be granted after a successful background check, completed by the County of Fresno Sheriff's Department. Background checks provided by any agency other than the County of Fresno Sheriff's Department will not be accepted.

The current cost of a background check is \$52 per person. This cost will be incurred by the successful Bidder. One check covering the cost of background checks for all employees shall be made payable to: Sheriff, County of Fresno. The successful bidder will be notified regarding the result of background checks. Those that are accepted will report to County of Fresno Security to have their photo taken and ID badge issued.

Background checks are done on a first-come, first serve basis between the hours of 7:00 a.m and 12:00 noon. Monday through Friday. The process takes approximately 20 minutes time. The amount of time it takes to receive the result of background checks varies from one day to a month (or longer), dependent upon the individual's history.

Individuals who are cleared through this process are entered into the Department of Justice database. Their records are flagged and the County of Fresno Sheriff's Department is notified if the person is ever arrested in the future.

When required by County, applicants' background checks must be approved prior to entering any County facility. Approval will not be granted to any individual possessing any of the following circumstances:

1. They have been convicted of a felony, or any crime involving moral turpitude, or carrying or possessing a dangerous weapon.
2. They have ever been charged with a felony or are currently under investigation for a felony.
3. They are charged with or convicted of any crime committed in or at a correctional institution.
4. They are currently on parole or probation or are a sentenced inmate at any correctional facility.
5. They have been refused a license as a private investigator or had such license revoked.
6. They have fraudulently represented themselves, their credentials, their employment or their criminal or arrest record on their application.
7. Make omissions or false statements on their application.
8. They have no valid reason for entering a facility.
9. Their admission into a facility could represent a threat to security, staff or inmate safety.
10. Further information regarding the criteria for background check clearance, including an appeal for process for someone who may be denied clearance is available upon request.

Identification (ID) Badges

The successful bidder's employees will be issued a badge that must be worn and be visible at all times during performance of work in any County building to identify the wearer as an individual who is authorized to enter County facilities.

1. ID badges will be given only after successfully completing the background investigation. ID badges will be issued when the photo is taken. If electronic access to any County facility is required, activation of the badge may take an additional 48 hours to complete.
2. The successful Bidder shall pay \$11.99 per individual badge by submitting one check covering the cost for all the Bidder's employees made payable to: County of Fresno, Security.
3. Costs for ID badges are established by County Auditor and fluctuate annually, therefore the cost of obtaining a new ID badge for a Bidder's new employee may not remain the same throughout the contract term.
4. The wearer will not escort or bring any other individuals into any County facilities. County issued ID badges are for the exclusive use of the individual named and pictured on the badge.
5. All ID badges will remain the property of the County and are returnable upon demand or upon the expiration of the contract. The successful Bidder will be responsible for collecting all ID badges issued and turning them in to the County Security Office when a contract ends or when an employee leaves employment. The Bidder will assume all responsibility for their employee's use of and the return of the County ID badges.
6. The ID badges will only be issued to individuals passing the Background check. Each individual will need to present themselves in person with a valid, clean, and legible copy of a Driver's license or State issued Identification Card to receive an ID badge.
