Dear Supervisor Buddy Mendes

Make the care of our seniors and those with disabilities a County priority!

Every day, nearly 16,000 Fresno County In-Home Supportive Services (IHSS) providers deliver the vital home care that almost 18,000 low-income county seniors and people with disabilities rely on in order to live safely and independently as possible at home.

But even as they administer this lifesaving care, IHSS providers are not paid a livable and respectable wage. That's unjust!

Fresno County IHSS caregivers aren't asking for much — just the dignity and respect they deserve and the ability to earn a livable living wage that allows them to provide for their families.

As a Fresno County resident, I urge you and your fellow supervisors to make caregivers the Fresno County priority they should be. YOUR DECISION WOULD IMPACT HOW WE VOTE IN THE NEXT ELECTION.

In solidarity,

Name: William Lopez Zip Code: 93662
