Item 6

Dear board members,

My name is Mariana Alvarenga with Leadership Counsel for Justice and Accountability.

We appreciate County staff for their efforts to address reasonable accommodations, density bonus, and supportive housing amendments and for working with us to ensure the County is complying with state law. The residents we represent also want to ensure Fresno County complies with the Court's order in our case with Comunidades Unidas por un Cambio. For example, residents would like to see community plans created and updated. This is important because it will help a community further develop the way residents envision that growth to be. Residents we represent have also voiced the need to bring more housing to their communities and will be engaged as Fresno County undergoes its 6th cycle housing element update. We look forward to working with County staff as the county continues to address yearly commitments in Program 4, 6, and 8.
