California's Long Term Caregivers

*Dear Fresno County Board of Supervisors*

*IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our community's aging residents every day — they deserve our support for a livable and respectable wage.*

*We hope the Fresno county Board of Supervisors puts wages and benefits on a path to \$20 like other counties in California.*

*IHSS providers work on the front lines, caring for Fresno County's aging population and others in need of in-home care. IHSS providers risk their lives daily, keeping our elderly and disabled out of the hospital. Let's begin to acknowledge each caregiver's valuable compassion and work on a worthy living wage. Let's avoid a crisis in our communities— a shortage of caregivers that's only getting worse and use this opportunity to retain workers for the future.*

*We're calling on the Fresno Board of Supervisors to put low wages at the center and improve the lives of many IHSS providers in the county. It's time that Fresno County invests in IHSS workers.*

*By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, but we will also bring in additional State and Federal funding and help meet the increasing need for cost-effective long-term care.*

*Invest in caregivers today!*

*Sincerely,*

*Susana Luna*

*IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our community's aging residents every day — they deserve our support for a livable and respectable wage.*

*We hope the Fresno county Board of Supervisors puts wages and benefits on a path to \$20 like other counties in California.*

*IHSS providers work on the front lines, caring for Fresno County's aging population and others in need of in-home care. IHSS providers risk their lives daily, keeping our elderly and disabled out of the hospital. Let's begin to acknowledge each caregiver's valuable compassion and work on a worthy living wage. Let's avoid a crisis in our communities — a shortage of caregivers that's only getting worse and use this opportunity to retain workers for the future.*

*We're calling on the Fresno Board of Supervisors to put low wages at the center and improve the lives of many IHSS providers in the county. It's time that Fresno County invests in IHSS workers.*

*By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, but we will also bring in additional State and Federal funding and help meet the increasing need for cost-effective long-term care.*

*Invest in caregivers today!*

*Sincerely,*

*Ramona Carrillo*

These caregivers support our community's aging residents every day — they deserve our support for a livable and respectable wage.*

*We hope the Fresno county Board of Supervisors puts wages and benefits on a path to \$20 like other counties in California.*

*IHSS providers work on the front lines, caring for Fresno County's aging population and others in need of in-home care. IHSS providers risk their lives daily, keeping our elderly and disabled out of the hospital. Let's begin to acknowledge each caregiver's valuable compassion and work on a worthy living wage. Let's avoid a crisis in our communities—a shortage of caregivers that's only getting worse and use this opportunity to retain workers for the future.*

*We're calling on the Fresno Board of Supervisors to put low wages at the center and improve the lives of many IHSS providers in the county. It's time that Fresno County invests in IHSS workers.*

*By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, but we will also bring in additional State and Federal funding and help meet the increasing need for cost-effective long-term care.*

*Invest in caregivers today!*

*Sincerely,*

*Delia Fragosa*

*We hope the Fresno county Board of Supervisors puts wages and benefits on a path to \$20 like other counties in California.*

*IHSS providers work on the front lines, caring for Fresno County's aging population and others in need of in-home care. IHSS providers risk their lives daily, keeping our elderly and disabled out of the hospital. Let's begin to acknowledge each caregiver's valuable compassion and work on a worthy living wage. Let's avoid a crisis in our communities—a shortage of caregivers that's only getting worse and use this opportunity to retain workers for the future.*

*We're calling on the Fresno Board of Supervisors to put low wages at the center and improve the lives of many IHSS providers in the county. It's time that Fresno County invests in IHSS workers.*

*By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, but we will also bring in additional State and Federal funding and help meet the increasing need for cost-effective long-term care.*

*Invest in caregivers today!*

*Sincerely,*

*Gerry Sanchez*

*We hope the Fresno county Board of Supervisors puts wages and benefits on a path to \$20 like other counties in California.*

*IHSS providers work on the front lines, caring for Fresno County's aging population and others in need of in-home care. IHSS providers risk their lives daily, keeping our elderly and disabled out of the hospital. Let's begin to acknowledge each caregiver's valuable compassion and work on a worthy living wage. Let's avoid a crisis in our communities—a shortage of caregivers that's only getting worse and use this opportunity to retain workers for the future.*

*We're calling on the Fresno Board of Supervisors to put low wages at the center and improve the lives of many IHSS providers in the county. It's time that Fresno County invests in IHSS workers.*

*By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, but we will also bring in additional State and Federal funding and help meet the increasing need for cost-effective long-term care.*

*Invest in caregivers today!*

*Sincerely,*

*Patricia Wright*

*We hope the Fresno county Board of Supervisors puts wages and benefits on a path to \$20 like other counties in California.*

*IHSS providers work on the front lines, caring for Fresno County's aging population and others in need of in-home care. IHSS providers risk their lives daily, keeping our elderly and disabled out of the hospital. Let's begin to acknowledge each caregiver's valuable compassion and work on a worthy living wage. Let's avoid a crisis in our communities—a shortage of caregivers that's only getting worse and use this opportunity to retain workers for the future.*

*We're calling on the Fresno Board of Supervisors to put low wages at the center and improve the lives of many IHSS providers in the county. It's time that Fresno County invests in IHSS workers.*

*By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, but we will also bring in additional State and Federal funding and help meet the increasing need for cost-effective long-term care.*

*Invest in caregivers today!*

*Sincerely,*

**NICHELLE HARRIS**

*We hope the Fresno county Board of Supervisors puts wages and benefits on a path to \$20 like other counties in California.*

*IHSS providers work on the front lines, caring for Fresno County's aging population and others in need of in-home care. IHSS providers risk their lives daily, keeping our elderly and disabled out of the hospital. Let's begin to acknowledge each caregiver's valuable compassion and work on a worthy living wage. Let's avoid a crisis in our communities— a shortage of caregivers that's only getting worse and use this opportunity to retain workers for the future.*

*We're calling on the Fresno Board of Supervisors to put low wages at the center and improve the lives of many IHSS providers in the county. It's time that Fresno County invests in IHSS workers.*

*By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, but we will also bring in additional State and Federal funding and help meet the increasing need for cost-effective long-term care.*

*Invest in caregivers today!*

*Sincerely,*

*Ar Thao*

*We hope the Fresno county Board of Supervisors puts wages and benefits on a path to \$20 like other counties in California.*

*IHSS providers work on the front lines, caring for Fresno County's aging population and others in need of in-home care. IHSS providers risk their lives daily, keeping our elderly and disabled out of the hospital. Let's begin to acknowledge each caregiver's valuable compassion and work on a worthy living wage. Let's avoid a crisis in our communities—a shortage of caregivers that's only getting worse and use this opportunity to retain workers for the future.*

*We're calling on the Fresno Board of Supervisors to put low wages at the center and improve the lives of many IHSS providers in the county. It's time that Fresno County invests in IHSS workers.*

*By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, but we will also bring in additional State and Federal funding and help meet the increasing need for cost-effective long-term care.*

*Invest in caregivers today!*

*Sincerely,*

*Theshonda Holiwell*

*We hope the Fresno county Board of Supervisors puts wages and benefits on a path to \$20 like other counties in California.*

*IHSS providers work on the front lines, caring for Fresno County's aging population and others in need of in-home care. IHSS providers risk their lives daily, keeping our elderly and disabled out of the hospital. Let's begin to acknowledge each caregiver's valuable compassion and work on a worthy living wage. Let's avoid a crisis in our communities—a shortage of caregivers that's only getting worse and use this opportunity to retain workers for the future.*

*We're calling on the Fresno Board of Supervisors to put low wages at the center and improve the lives of many IHSS providers in the county. It's time that Fresno County invests in IHSS workers.*

*By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, but we will also bring in additional State and Federal funding and help meet the increasing need for cost-effective long-term care.*

*Invest in caregivers today!*

*Sincerely,*

*Maria G Jovel*

## California's Long Term Caregivers

Dear Fresno County Board of Supervisors

IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our community's aging residents every day — they deserve our support for a livable and respectable wage.

We hope the Fresno county Board of Supervisors puts wages and benefits on a path to \$20 like other counties in California.

IHSS providers work on the front lines, caring for Fresno County's aging population and others in need of in-home care. IHSS providers risk their lives daily, keeping our elderly and disabled out of the hospital. Let's begin to acknowledge each caregiver's valuable compassion and work on a worthy living wage. Let's avoid a crisis in our communities—a shortage of caregivers that's only getting worse and use this opportunity to retain workers for the future.

We're calling on the Fresno Board of Supervisors to put low wages at the center and improve the lives of many IHSS providers in the county. It's time that Fresno County invests in IHSS workers.

By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, but we will also bring in additional State and Federal funding and help meet the increasing need for cost-effective long-term care.

Invest in caregivers today!

Sincerely,

Marlon Usher

*IHSS providers work on the front lines, caring for Fresno County's aging population and others in need of in-home care. IHSS providers risk their lives daily, keeping our elderly and disabled out of the hospital. Let's begin to acknowledge each caregiver's valuable compassion and work on a worthy living wage. Let's avoid a crisis in our communities—a shortage of caregivers that's only getting worse and use this opportunity to retain workers for the future.*

*We're calling on the Fresno Board of Supervisors to put low wages at the center and improve the lives of many IHSS providers in the county. It's time that Fresno County invests in IHSS workers.*

*By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, but we will also bring in additional State and Federal funding and help meet the increasing need for cost-effective long-term care.*

*Invest in caregivers today!*

*Sincerely,*

*Aida Brhane*

## California's Long Term Caregivers

*Dear Fresno County Board of Supervisors*

*IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our community's aging residents every day — they deserve our support for a livable and respectable wage.*

*We hope the Fresno county Board of Supervisors puts wages and benefits on a path to \$20 like other counties in California.*

*IHSS providers work on the front lines, caring for Fresno County's aging population and others in need of in-home care. IHSS providers risk their lives daily, keeping our elderly and disabled out of the hospital. Let's begin to acknowledge each caregiver's valuable compassion and work on a worthy living wage. IHSS providers risk their lives daily, keeping our elderly and disabled out of the hospital. Let's begin to acknowledge each caregiver's valuable compassion and work on a worthy living wage. Let's avoid a crisis in our communities—a shortage of caregivers that's only getting worse and use this opportunity to retain workers for the future.*

*We're calling on the Fresno Board of Supervisors to put low wages at the center and improve the lives of many IHSS providers in the county. It's time that Fresno County invests in IHSS workers.*

*By investing in the IHSS program now, we will not only raise wages for thousands of home care workers, but we will also bring in additional State and Federal funding and help meet the increasing need for cost-effective long-term care.*

*Invest in caregivers today!*

*Sincerely,*

*Maria Sosa*

## California's Long Term Caregivers

Dear Fresno County Board of Supervisors

*IHSS caregivers provide vital care to seniors and people living with disabilities, allowing them to live safely and as independently as possible at home in the Fresno community. These caregivers support our community's aging residents every day — they deserve our support for a livable and respectable wage.*

*We hope the Fresno county Board of Supervisors puts wages and benefits on a path to \$20 like other counties in California.*

*IHSS providers work on the front lines, caring for Fresno County's aging population and others in need of in-home care. IHSS providers risk their lives daily, keeping our elderly and disabled out of the hospital. Let's begin to acknowledge each caregiver's valuable compassion and work on a worthy living wage. Let's avoid a crisis in our communities—a shortage of caregivers that's only getting worse and use this opportunity to retain workers for the future.*

**Tell Fresno County Supervisors: Invest in IHSS Providers!**

IHSS providers are working on the front lines, caring for Fresno County's growing aging population and communities with disabilities. We're told IHSS providers are essential – but aren't paid essential living wages. Every day that IHSS providers are on the job, they risk getting themselves and their recipients sick.

**Let's be clear:** It's time that Fresno County invests in IHSS workers. Let's start with respectable living wages, dignified healthcare and maintaining our IHSS workers on the job and lessening the current burden of hospitals in Fresno County from crisis levels.

Join us, and tell the Fresno County Board of Supervisors that we will not standby any longer!

IHSS providers are working on the front lines, caring for Fresno County's growing aging population and communities with disabilities. We're told IHSS providers are essential – but aren't paid essential living wages. Every day that IHSS providers are on the job, they risk getting themselves and their recipients sick.

**Let's be clear:** It's time that Fresno County invests in IHSS workers. Let's start with respectable living wages, dignified healthcare and maintaining our IHSS workers on the job and lessening the current burden of hospitals in Fresno County from crisis levels.

Join us, and tell the Fresno County Board of Supervisors that we will not standby any longer!

We're told IHSS providers are essential – but aren't paid essential living wages. Every day that IHSS providers are on the job, they risk getting themselves and their recipients sick.

**Let's be clear:** It's time that Fresno County invests in IHSS workers. Let's start with respectable living wages, dignified healthcare and maintaining our IHSS workers on the job and lessening the current burden of hospitals in Fresno County from crisis levels.

Join us, and tell the Fresno County Board of Supervisors that we will not standby any longer!

**Tell Fresno County Supervisors: Invest in IHSS Providers!**

IHSS providers are working on the front lines, caring for Fresno County's growing aging population and communities with disabilities. We're told IHSS providers are essential – but aren't paid essential living wages. Every day that IHSS providers are on the job, they risk getting themselves and their recipients sick.

**Let's be clear:** It's time that Fresno County invests in IHSS workers. Let's start with respectable living wages, dignified healthcare and maintaining our IHSS workers on the job and lessening the current burden of hospitals in Fresno County from crisis levels.

Join us, and tell the Fresno County Board of Supervisors that we will not standby any longer!
