California Department of Public Health (CDPH)
Maternal, Child and Adolescent Health (MCAH) Program
Scope of Work (SOW)

☒ **IMPORTANT:** By clicking this box, I agree to allow the state MCAH Program to post my Scope of Work on the CDPH/MCAH website.

The Local Health Jurisdiction (LHJ), in collaboration with the State MCAH Program, shall strive to develop systems that protect and improve the health of California's women of reproductive age, infants, children, adolescents and their families. The goals and objectives in this MCAH SOW incorporate local problems identified by LHJs 5-Year Needs Assessments and reflect the Title V priorities of the MCAH Division. The local 5-Year Needs Assessment identified problems that LHJs may address in their 5-Year Action Plans. The LHJ 5-Year Action Plans will then inform the development of the annual MCAH SOW.

All LHJs must perform the activities in the shaded areas in Goals 1-3 and monitor and report on the corresponding evaluation/performance measures. In addition, each LHJ is required to develop at least two objectives in Goal 1, one to address the health of reproductive age women and one to address the needs of pregnant women and two objectives for Goal 3, a SIDS/SUID objective and an objective to improve infant health. LHJs that receive FIMR funding will perform the activities in the shaded area in Goal 3.5, including one objective addressing fetal, neonatal, post-neonatal and infant deaths. In the second shaded column of 3.5a, Intervention Activities to Meet Objectives, insert the number and percent of cases that will be reviewed for the fiscal year. Lastly, if resources allow, LHJs should develop additional objectives, which can be placed under any of the Goals 1-5. All activities in this SOW must take place within the fiscal year. Please see the MCAH Policies and Procedures Manual for further instructions on completing the SOW.

The development of this SOW was guided by several public health frameworks including the ones listed below. Please consider integrating these approaches when conceptualizing and organizing local program, policy, and evaluation efforts.

- o Strengthening Families: <http://www.cssp.org/reform/strengthening-families>

All Title V programs must comply with the MCAH Fiscal Policies and Procedures Manual which is found on the CDPH/MCAH website

CDPH/MCAH Division expects each LHJ to make progress towards Title V State Performance Measures and Healthy People 2020 goals. These goals involve complex issues and are difficult to achieve, particularly in the short term. As such, in addition to the required activities to address Title V State Priorities, and Title V and State requirements, the MCAH SOW provides LHJs the opportunity to develop locally determined objectives and activities that can be realistically achieved given the scope and resources of local MCAH programs.

LHJs are required to comply with requirements as stated in the MCAH Program Policies and Procedures Manual, such as attending statewide meetings, conducting a Needs Assessment every five years, submitting Agreement Funding Applications, and completing Annual Reports.

California Department of Public Health (CDPH)
Maternal, Child and Adolescent Health (MCAH)
Black Infant Health (BIH) Scope of Work (SOW)

Black Infant Health Program

The BIH Program is a specialized CDPH MCAH program under the local MCAH system and helps to address MCAH SOW Goal 2 – Improve Maternal and Women's Health. The goals in this SOW incorporate local problems identified by the Local Health Jurisdiction's (LHJs') 5-Year Needs Assessments and reflect the Title V priorities of the MCAH Division.

All BIH sites are required to comply with BIH Policy and Procedures (P&P) and the Fiscal Policies and Procedures <https://www.cdph.ca.gov/Programs/CFH/DMCAH/Pages/Fiscal-Documents.aspx> in their entirety. In addition, all BIH Sites shall work towards maximizing fidelity in the following four domains (*adherence, dose, participant engagement and quality of service delivery*) by implementing Program services, fulfilling all deliverables associated with benchmarks, attending required meetings and trainings and completing other MCAH-BIH reports as required. A list of the fidelity indicators for each domain is located in table 1: BIH Fidelity Indicator Listing (rev. 7/1/2017).

The CDPH Maternal, Child and Adolescent Health (MCAH) Division places a high priority on the poor outcomes that disproportionately impact the African-American community in California. The BIH site agrees to implement all activities in this Scope of Work (SOW). Central to the efforts in reducing these disparities, listed below are the four (4) goals that are the hallmark of the program:

1. Improve African-American (AA) infant and maternal health.
2. Increase the ability of African-American women to manage chronic stress.
3. Decrease Black-White health disparities and social inequities for women and infants.
4. Engage the community to support African-American families' health and well-being with education and outreach efforts.

To achieve these goals, the BIH Program is a client-centered, strength-based group intervention with complementary case management that embraces the lifecourse perspective and promotes skill building, stress reduction and life goal setting. Each BIH Site shall also assure program fidelity, collect and enter participant and program data into the electronic Efforts to Outcomes (ETO) data system and engage community partner agencies.

All BIH Sites are required to comply with the following tiered staffing matrix per the BIH 2015 Request For Supplemental Information (RSI) BIH RSI Instructions to ensure fidelity and standardization across all sites:

Staffing Requirements	Tier 1	Tier 2	Tier 3	Tier 4	Tier 5
Local Health Jurisdiction	San Francisco, Santa Clara,	Contra Costa, Long Beach, Fresno, San Joaquin, Solano, Kern	San Diego, Alameda, Riverside	Sacramento, San Bernardino	Los Angeles
BIH Coordinator	0.5 FTE	0.5 FTE	0.5 FTE	0.5 FTE	0.5 FTE
FHA/Group Facilitator	2.0 FTE	3.0 FTE	4.0 FTE	6.0 FTE	8.0 FTE
Mental Health Professional	0.5 FTE	0.5 FTE	0.5 FTE	0.5 FTE	0.5 FTE
Outreach Liaison	1.0 FTE	1.0 FTE	1.0 FTE	1.0 FTE	1.0 FTE
Data Entry	0.5 FTE	0.5 FTE	0.5 FTE	0.5 FTE	0.5 FTE

All BIH Sites are required to and will be held accountable for complying with the following tiered enrollment target per the BIH 2015 Request For Supplemental Information (RSI) BIH RSI Instructions:

Enrollment Target	Tier 1	Tier 2	Tier 3	Tier 4	Tier 5
Local Health Jurisdiction	San Francisco, Santa Clara,	Contra Costa, Long Beach, Fresno, San Joaquin, Solano, Kern	San Diego, Alameda, Riverside	Sacramento, San Bernardino	Los Angeles

Contained within the BIH SOW, under the Measures (Process and Outcome) cells, there are Source Keys that are designed to provide a reference for reporting purposes. The "E" Source Key refers to information that is based on participant-level program data included and maintained in ETO. The "N" Source Key refers to narrative information provided in quarterly reports or site surveys.

It is the responsibility of the LHJ to meet the goals and objectives of this SOW. The LHJ shall strive to develop systems that protect and improve the health of California's women of reproductive age, infants, children, adolescents, and their families. It is the responsibility of an LHJ to solicit technical assistance and guidance from MCAH if performance issues arise. If a program does not meet the goals and objectives outlined in this SOW, the LHJ may be placed on a corrective action plan (CAP) status. **After implementation of the CAP, if the LHJ does not demonstrate substantial growth or fails to successfully meet the goals and objectives of this SOW, MCAH will either cancel the Agreement or amend it to reflect reduced funding.** Continued participation in the BIH program beyond the current fiscal year is also subject to successful performance of agreed upon activities.

The development of this SOW was guided by several public health frameworks including the Ten Essential Services of Public Health and the three (3) core functions of assessment, policy development, and assurance; the Spectrum of Prevention; the Life Course Perspective; the Social-Ecological Model, and the Social Determinants of Health. Please integrate these approaches when conceptualizing and organizing local program, policy, and evaluation efforts.

All activities in this SOW shall take place within the fiscal year.

For each fiscal year of the contract period, the LHJ shall submit the deliverables identified below. All deliverables shall be submitted to the MCAH Division to your designated Program Consultant in accordance with the BIH P&P Manual and postmarked or emailed no later than the due date.

CERTIFICATION OF INDIRECT COST RATE METHODOLOGY

Please provide you agency's detailed methodology that includes all indirect costs, fees and percentages in the box below.

County of Fresno, Department of Public Health's Indirect Cost Rate (ICR) of 26.5% was calculated by dividing the Total Allowable Indirect Costs by the Total Allowable Direct Costs for Salaries. The ICR was prepared and calculated using the 2015-2016 actual costs and budget information for the Department of Public Health. The allocation of allowable indirect costs were accomplished by classifying the total cost, based on actual cost incurred, as direct or indirect cost, which included salaries, benefits, computer services, audit services, janitorial services, rental expenses, mileage/travel, office supplies, telephone, liability insurance, etc. The ICR is based on the most recent audited financials for the County which received an unqualified clean opinion from the County's independent external auditors.

This rate was reviewed and approved by the County of Fresno, Auditor-Controller/Treasurer-Tax Collector. County will claim CDPH's approved ICR of 25% of Total Personnel Costs for the Black Infant Health program.

Please submit this form via email to your assigned Contract Manager.

The undersigned certifies that the costs used to calculate the ICR are based on the most recent, available and independently audited actual financials and are the same costs approved by the CDPH to determine the Department approved ICR.

Attestation of Compliance with the Sexual Health Education Accountability Act of 2007

Agency Name: County of Fresno
Agreement/Grant Number: 201810
Compliance Attestation for Fiscal Year: 2018-19

The Sexual Health Education Accountability Act of 2007 (Health and Safety Code, Sections 151000 – 151003) requires sexual health education programs (programs) that are funded or administered, directly or indirectly, by the State, to be comprehensive and not abstinence-only. Specifically, these statutes require programs to provide information that is medically accurate, current, and objective, in a manner that is age, culturally, and linguistically appropriate for targeted audiences. Programs cannot promote or teach religious doctrine, nor promote or reflect bias (as defined in Section 422.56 of the Penal Code), and may be required to explain the effectiveness of one or more drugs and/or devices approved by the federal Food and Drug Administration for preventing pregnancy and sexually transmitted diseases. Programs directed at minors are additionally required to specify that abstinence is the only certain way to prevent pregnancy and sexually transmitted diseases.

In order to comply with the mandate of Health & Safety Code, Section 151002 (d), the California Department of Public Health (CDPH) Maternal, Child and Adolescent Health (MCAH) Program requires each applicable Agency or Community Based Organization (CBO) contracting with MCAH to submit a signed attestation as a condition of funding. The Attestation of Compliance must be submitted to CDPH/MCAH annually as a required component of the Agreement Funding Application (AFA) Package. By signing this letter the MCAH Director or Adolescent Family Life Program (AFLP) Director (CBOs only) is attesting or "is a witness to the fact that the programs comply with the requirements of the statute". The signatory is responsible for ensuring compliance with the statute. Please note that based on program policies that define them, the Sexual Health Education Act inherently applies to the Black Infant Health Program, AFLP, and the California Home Visiting Program, and may apply to Local MCAH based on local activities.

The undersigned hereby attests that all local MCAH agencies and AFLP CBOs will comply with all applicable provisions of Health and Safety Code, Sections 151000 – 151003 (HS 151000–151003). The undersigned further acknowledges that this Agency is subject to monitoring of compliance with the provisions of HS 151000–151003 and may be subject to contract termination or other appropriate action if it violates any condition of funding, including those enumerated in HS 151000–151003.

CALIFORNIA CODES
HEALTH AND SAFETY CODE
SECTION 151000-151003

151000. This division shall be known, and may be cited, as the Sexual Health Education Accountability Act.

151001. For purposes of this division, the following definitions shall apply:

- (a) "Age appropriate" means topics, messages, and teaching methods suitable to particular ages or age groups of children and adolescents, based on developing cognitive, emotional, and behavioral capacity typical for the age or age group.
- (b) A "sexual health education program" means a program that provides instruction or information to prevent adolescent pregnancy, unintended pregnancy, or sexually transmitted diseases, including HIV, that is conducted, operated, or administered by any state agency, is funded directly or indirectly by the state, or receives any financial assistance from state funds or funds administered by a state agency, but does not include any program offered by a school district, a county superintendent of schools, or a community college district.
- (c) "Medically accurate" means verified or supported by research conducted in compliance with scientific methods and published in peer review journals, where appropriate, and recognized as accurate and objective by professional organizations and agencies with expertise in the relevant field, including, but not limited to, the federal Centers for Disease Control and Prevention, the American Public Health Association, the Society for Adolescent Medicine, the American Academy of Pediatrics, and the American College of Obstetricians and Gynecologists.

151002. (a) Every sexual health education program shall satisfy all of the following requirements:

- (1) All information shall be medically accurate, current, and objective.
- (2) Individuals providing instruction or information shall know and use the most current scientific data on human sexuality, human development, pregnancy, and sexually transmitted diseases.
- (3) The program content shall be age appropriate for its targeted population.
- (4) The program shall be culturally and linguistically appropriate for its targeted populations.
- (5) The program shall not teach or promote religious doctrine.
- (6) The program shall not reflect or promote bias against any person on the basis of disability, gender, nationality, race or ethnicity, religion, or sexual orientation, as defined in Section 422.56 of the Penal Code.
- (7) The program shall provide information about the effectiveness and safety of at least one or more drugs and/or devices approved by the federal Food and Drug Administration for preventing pregnancy and for reducing the risk of contracting sexually transmitted diseases.

Exhibit K

Attestation of Compliance with the Sexual Health Education Accountability Act of 2007

- (b) A sexual health education program that is directed at minors shall comply with all of the criteria in subdivision (a) and shall also comply with both the following requirements:
 - (1) It shall include information that the only certain way to prevent pregnancy is to abstain from sexual intercourse, and that the only certain way to prevent sexually transmitted diseases is to abstain from activities that have been proven to transmit sexually transmitted diseases.
 - (2) If the program is directed toward minors under the age of 12 years, it may, but is not required to, include information otherwise required pursuant to paragraph (7) of subdivision (a).
- (c) A sexual health education program conducted by an outside agency at a publicly funded school shall comply with the requirements of Section 51934 of the Education Code if the program addresses HIV/AIDS and shall comply with Section 51933 of the Education Code if the program addresses pregnancy prevention and sexually transmitted diseases other than HIV/AIDS.
- (d) An applicant for funds to administer a sexual health education program shall attest in writing that its program complies with all conditions of funding, including those enumerated in this section. A publicly funded school receiving only general funds to provide comprehensive sexual health instruction or HIV/AIDS prevention instruction shall not be deemed an applicant for the purposes of this subdivision.
- (e) If the program is conducted by an outside agency at a publicly funded school, the applicant shall indicate in writing how the program fits in with the school's plan to comply fully with the requirements of the California Comprehensive Sexual Health and HIV/AIDS Prevention Education Act, Chapter 5.6 (commencing with Section 51930) of the Education Code. Notwithstanding Section 47610 of the Education Code, "publicly funded school" includes a charter school for the purposes of this subdivision.
- (f) Monitoring of compliance with this division shall be integrated into the grant monitoring and compliance procedures. If the agency knows that a grantee is not in compliance with this section, the agency shall terminate the contract or take other appropriate action.
- (g) This section shall not be construed to limit the requirements of the California Comprehensive Sexual Health and HIV/AIDS Prevention Education Act (Chapter 5.6 (commencing with Section 51930) of Part 28 of the Education Code).
- (h) This section shall not apply to one-on-one interactions between a health practitioner and his or her patient in a clinical setting.

151003. This division shall apply only to grants that are funded pursuant to contracts entered into or amended on or after January 1, 2008.
