1. PROBLEM STATEMENT

When the Preventing Repeat Impaired Driving Effectively (PRIDE) grant was implemented in 2006, the Fresno County Probation Department (FCPD) had seen a significant increase in DUI offenders being placed on probation. From 2005 to 2006, countywide misdemeanor DUI convictions increased 21%, and countywide felony DUI convictions increased 121%. The FCPD did not have adequate resources to effectively supervise felony DUI offenders and local statistics during that time indicated a pressing need for a concerted effort on reducing DUI incidents in our community.

Alcohol-related deaths and injuries declined substantially during the time Fresno County has operated this Repeat DUI program. According to the California Highway Patrol's Statewide Integrated Traffic Records System (SWITRS), alcohol-related fatalities decreased over 30% between 2006 and 2010, while injuries decreased nearly 24%. Although the numbers trended downward every year from 2007 to 2010, it should be noted that 2010 was an especially good year for Fresno County, with numbers coming in substantially lower than would be predicted by the previous progression. Both deaths and injuries attributed to alcohol-involved collisions increased from 2010 to 2011. However, the figures for alcohol-involved fatal collisions and fatalities in 2011 follow the downward trend experienced from 2007-2009. The figures for alcohol-involved injury collisions and the number of persons injured were higher in 2011 than anticipated. Alcohol-involved fatal collisions decreased from 2012 to 2013, increased from 2013 to 2014, and decreased again in 2015.

We compared Fresno County's DUI experience during the three years prior to implementation of our Repeat DUI program to the time period since Repeat DUI has been in operation. The average number of alcohol-involved fatalities has dropped from 66 to 20 per year, a reduction of 69%, while the average number of injured persons dropped from 858 to 592 per year, a reduction of 31%.

It is evident that grant funded intensive supervision of high-risk, repeat DUI offenders has been very effective, but alcohol-involved fatal and injury collisions continue to pose a grave problem in our community. DUI related collisions afflict Fresno County families—disrupting their lives, interfering with plans, altering capabilities and, all too often, ending relationships in an instant. DUI related casualties also impact Fresno County's economy—with employers losing man-hours and employees losing work (and paychecks) due to another person's choice to drive after drinking alcohol or when impaired by drugs. All too often, the person who made that choice is a repeat offender, causing untold physical, emotional, and economic damage to yet another victim...or victims!

According to the California Office of Traffic Safety (OTS) Collision Rankings, Fresno County has experienced an increase in alcohol involved collisions in relation to miles driven. In 2009, Fresno County ranked 38 out of 58 counties for alcohol involved collisions based on daily vehicle miles traveled. (The County ranked number 1 has the highest or "worst" rate of collisions to miles.) In 2011, Fresno County's rank adversely moved to 21 of 58. In 2012, Fresno County's rank increased to 53rd among the 58 counties, but the ranking methodology was revised during that data collection period. In 2013, Fresno County's rank continued to increase to 57th among the 58 counties. In 2014, Fresno County's rank decreased to 35th among the 58 counties.

Tracking collisions, injuries and fatalities in Fresno County demonstrates that intensive supervision of DUI offenders has averted collisions and prevented victims from being killed and injured in alcohol involved collisions; however, there is a need to provide intensive supervision of offenders who sustain convictions for driving under the influence of drugs (DUID). Recently, researchers in traffic safety have placed great emphasis in detecting, apprehending and monitoring DUID's.

A 2012 statewide survey on alcohol and drug use of California nighttime weekend drivers found that:

"In terms of breath and oral fluid test results, [14%] tested positive for at least one drug, and 7.3% tested positive for alcohol. One percent of tested drivers were at .08 blood alcohol content (BAC) or above."

The survey results revealed that over half of the drivers who tested positive for "at least one drug" tested positive for marijuana. Nearly 90% of drug positive drivers tested negative for alcohol. Based on this information, it is likely that many DUI collisions involved drivers impaired by drug use. Statewide, drug involved crash injuries increased 9% over the past decade; while drug involved crash fatalities increased 39%.

The FCPD conducted a random sample of DUI offenders under active supervision to evaluate the need to establish an intensive DUID caseload. The need was validated and FCPD has been supervising DUID cases for the past two grant cycles.

A trend the FCPD has seen is the increase in DUI offenses with children in the vehicle, resulting in a DUI and Child Abuse conviction. These cases have been supervised on a non-intensive caseload. Forty cases were reviewed from October 1, 2016 to September 30, 2017; on average, these offenders were seen in the office four times during that year, 27 were currently in a DUI program, and 12 of them had been alcohol tested. These results indicated that offenders with DUI/Child abuse charges are in need of intensive supervision as this is a very high risk population. With an additional DPO, the FCPD can more effectively supervise these probationers and it is anticipated that alcohol/drug involved collisions, fatalities and injuries will decrease in Fresno County.

It is evident that OTS Repeat DUI grant-funded intensive supervision has suppressed criminal and unfavorable behavior of Repeat DUI offenders in Fresno County. Without funding from OTS and the National Highway Traffic Safety Administration, FCPD's supervision of DUI offenders would be adversely impacted. Without grant funding, DUI offender recidivism and the number of alcohol and drug involved traffic collisions, including injuries and fatalities would likely increase, posing a great risk to our community.

2. PERFORMANCE MEASURES

A. Goals:

1. Reduce the number of persons killed in traffic collisions.
2. Reduce the number of persons injured in traffic collisions.
3. Reduce the number of DUI probationers arrested/cited for driving with suspended or revoked license.
4. Increase the percentage of DUI probationers in compliance with court-ordered probation.
5. Reduce the number of new DUI offenses by DUI probationers.

B. Objectives:

1. Issue a press release announcing the kick-off of the grant by November 15. The kick-off press releases and media advisories, alerts, and materials must be emailed to the OTS Public Information Officer at pio@ots.ca.gov , and copied to your OTS Coordinator, for approval 14 days prior to the issuance date of the release.	Target Number 1
2. Develop (by December 31) and/or maintain a "HOT Sheet" program to notify patrol and traffic officers to be on the lookout for identified repeat DUI offenders with a suspended or revoked license as a result of DUI convictions. Updated HOT sheets should be distributed to patrol and traffic officers monthly.	1
3. Send law enforcement personnel to the NHTSA Standardized Field Sobriety Testing (SFST) (minimum 16 hours) POST-certified training.	3
4. Establish all grant-funded positions and train staff on defined roles and duties, including data collection and reporting requirements by October 31.	2
5. Develop a written (and submit by October 31) "Operational Plan" to establish the method of operation and the policies applicable to carry out the activities of the DUI Probationer Supervision grant program.	1
6. Obtain, or develop, and utilize a risk or needs assessment tool to identify high-risk DUI offenders for placement on formal probation by October 31.	1
7. Establish caseload(s) of high-risk DUI probationers each, for intensive supervision by October 31.	2
8. Work with court officials and the prosecutor's office throughout the grant period to ensure the court establishes probation orders necessary to conduct and sustain intensive supervision of DUI probationers.	4
9. Track the number of attempted field contacts (anywhere other than in the office, including all "door knocks") with or without search, of high-risk DUI probationers.	4
10. Track and report SCRAM usage, and resulting SCRAM violations of high-risk DUI probationers.	4
11. Track and report probation violations and probation revocation proceedings for program participants who fail to abide by the terms and conditions of probation throughout the grant period.	4
12. Make unannounced field contacts (anywhere other than in the office) with search of DUI probationers body/property. Note: Surprise home contacts with search are the preferred	100

method for ensuring compliance with court-ordered terms of probation.	
13. Make office contacts with DUI probationers.	1,250
14. Conduct alcohol tests of DUI probationers.	1,275
3. METHOD OF PROCEDURE A. Phase 1 – Program Preparation (1st Quarter of Grant Year) - The Probation Department will hire grant-funded staff positions responsible for conducting supervision and other related duties. - Grant-related purchases of equipment and/or minor equipment, if any, will be initiated and other necessary equipment and supplies will be acquired. - Staff will be trained in the use and calibration of Portable Alcohol Screening (PAS) devices and on relevant statutes pertaining to DUI offenders. - The Risk Assessment tool will be purchased or developed, and staff will be trained on the use of the tool and the policies and procedures for identifying risk-levels and making caseload assignments. - Staff will receive training and orientation related to the Department’s SCRAM program (if applicable) and will begin working closely with the SCRAM vendor to ensure a timely response to any violations by DUI offenders. - A written operational plan will be developed and submitted. The plan will outline the Department’s policies and procedures related to the DUI Probationer Intensive Supervision Program including participant criteria, how individuals are identified and selected for inclusion on the caseload, how risk assessment is conducted, how and why offenders are moved on and off the caseload, policies and procedures for office visits, drug/alcohol testing, field contacts, home searches, and court monitoring. The operational plan should include contact information for referrals to resources such as county mental health, treatment, Alcoholics Anonymous, vocational training, job search and placement. The operational plan should be written in a manner that allows it to serve as a manual for new or additional program staff working with the DUI supervision program. <u>Media Requirements</u> - Issue a press release announcing the kick-off of the grant by November 15, but no earlier than October 1. If unable to meet the November 15 date, communicate reasons to your OTS Coordinator. The kick-off press releases and any related media advisories, alerts, and materials must be emailed for approval to the OTS Public Information Officer at pio@ots.ca.gov, and copied to your OTS Coordinator, 14 days prior to the issuance date of the release.	
B. Phase 2 – Program Operations (Throughout Grant Year) - News releases highlighting program successes and high visibility programs, such as warrant service operations, will be developed, approved by OTS and issued to the media throughout the grant period. - To ensure compliance with all court ordered conditions of probation, the Probation Department will conduct the intensive supervision activities specified in the grant objectives. Activities include: risk assessment and assignment; initial home evaluation; office visits; field contacts; warrant sweeps; surveillance; alcohol and drug tests; home searches; monitoring of treatment and other program participation; review and monitoring of SCRAM alerts (if applicable); and Ignition Interlock compliance. - Staff should work with the court and District or City Attorney’s office to ensure appropriate terms of probation are ordered. - Probation should maintain and distribute a “Hot Sheet” to local law enforcement and will perform necessary record keeping and reporting. - Probation should respond to all known probation violations and initiate appropriate interventions up to and including court action. <u>Media Requirements</u> - Send all grant-related activity press releases, media advisories, alerts and general public materials to the OTS Public Information Officer (PIO) at pio@ots.ca.gov, with a copy to your OTS Coordinator. The following requirements are for grant-related activities and are different from those regarding any grant kick-off release or announcement. - If an OTS-supplied, template-based press release is used, there is no need for pre-approval, however, the OTS PIO and Coordinator should be copied when at the same time as the release is distributed to the press. - If an OTS-supplied template is not used, or is substantially changed, a draft press release shall be sent to the OTS PIO for approval. Optimum lead-time would be 10 days prior to the release	

distribution date, but should be no less than 5 working days prior to the release distribution date.

- Press releases reporting the immediate and time-valued results of grant activities such as enforcement operations are exempt from the recommended advance approval process, but still should be copied to the OTS PIO and Coordinator when the release is distributed to the press.
- Activities such as warrant or probation sweeps and court stings that could be compromised by advanced publicity are exempt from pre-publicity, but are encouraged to offer embargoed media coverage and to report the results.
- Use the following standard language in all press, media, and printed materials: Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
- Email the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator at least 30 days in advance, a short description of any significant grant-related traffic safety event or program so OTS has sufficient notice to arrange for attendance and/or participation in the event.
- Submit a draft or rough-cut of all printed or recorded material (brochures, posters, scripts, artwork, trailer graphics, etc.) to the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator for approval 14 days prior to the production or duplication.
- Space permitting, include the OTS logo, on grant-funded print materials; consult your OTS Coordinator for specifics and format-appropriate logos.
- Contact the OTS PIO or your OTS Coordinator, sufficiently far enough in advance of need, for consultation when deviation from any of the above requirements might be contemplated.

C. Phase 3 – Data Collection & Reporting (Throughout Grant Year)

- Invoice Claims (due January 30, April 30, July 30, and October 30)
- Quarterly Performance Reports (due January 30, April 30, July 30, and October 30)
 - Collect and report quarterly, appropriate data that supports the progress of goals and objectives.
 - Provide a brief list of activity conducted, procurement of grant-funded items, and significant media activities. Include status of grant-funded personnel, status of contracts, challenges, or special accomplishments.
 - Provide a brief summary of quarterly accomplishments and explanations for objectives not completed or plans for upcoming activities.
 - Collect, analyze and report statistical data relating to the grant goals and objectives.

4. METHOD OF EVALUATION

Using the data compiled during the grant, the Grant Director will complete the “Final Evaluation” section in the fourth/final Quarterly Performance Report (QPR). The Final Evaluation should provide a brief summary of the grant’s accomplishments, challenges and significant activities. This narrative should also include whether goals and objectives were met, exceeded, or an explanation of why objectives were not completed.

5. ADMINISTRATIVE SUPPORT

This program has full administrative support, and every effort will be made to continue the grant activities after grant conclusion.

RESTRICTION ON STATE LOBBYING

(applies to subrecipients as well as States)

Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

BUY AMERICA ACT

(applies to subrecipients as well as States)

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE

(applies to subrecipients as well as States)

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

LAW ENFORCEMENT AGENCIES

All subrecipient law enforcement agencies shall comply with California law regarding profiling. Penal Code section 13519.4, subdivision (e), defines “racial profiling” as the “practice of detaining a suspect based on a broad set of criteria which casts suspicion on an entire class of people without any individualized suspicion of the particular person being stopped.” Then, subdivision (f) of that section goes on to provide, “A law enforcement officer shall not engage in racial profiling.”
