Re: ABC License Application at Three Rocks Market

Dear Board of Supervisors,

We, Hani Mohsen and Nayef Mohsen, owners of Three Rocks Market, have requested a TYPE 20- Off-Sale Beer & Wine license. We are currently operating a Seller's Permit, Check Cashier's Permit, as well as a Cigarette license. Obtaining a Type 20 license will allow us the ability to offer our customers what they most desire, all in one location. Both owners are well suited and experienced in the small business industry, well trained for food and safety, and beverage services, and public safety.

1. We strongly believe the issuance of a license would not tend to create a law enforcement problem nor increase the level of crime activity in the city. Previous owners of this business have reassured us that there have not been any issues with law enforcement since they've operated for the past twenty-five years. I will enforce that alcoholic beverages are sold for consumption off the premises in original, sealed containers. Security cameras will be installed in and around the premises to monitor activity and deter crime and theft.
2. The issuance of a license would provide a needed service to the community and without it, there would be an inconvenience to the community. Three Rocks Market is the only store in town. We will operate every day of the week, including holidays. Our business is of great convenience to serving the small community of Cantua Creek and neighboring towns as well as the many people that drive along the HWY 33 strip. Residents depend entirely on our business for acquiring their goods and services.
3. We strongly believe the issuance of this license will help the business and community thrive, causing a positive impact on the local economy. We look forward to supporting our local schools with donations and sponsorships of local events. With great support from locals, I strongly feel that this business will bring nothing but positive opportunities and service to the community.

We will continue to support and expand our business in hopes of providing positive services to the community.

Thank you, Hani Aideroos Mohamed Mohsen, Nayef Aideroos Mohamed Mohsen
