CLIENT's Department of Human Resources – Risk Management and PTS each consider and represent themselves as covered entities as defined by the U.S. Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 (HIPAA) and agree to use and disclose protected health information as required by law. CLIENT and PROVIDER intend to protect the privacy and provide for the security of Protected Health Information (PHI) pursuant to the Agreement in compliance with HIPAA, the Health Information Technology for Economic and Clinical Health Act, Public Law 111-005 (HITECH), and regulations promulgated thereunder by the U.S. Department of Health and Human Services (HIPAA Regulations) and other applicable laws.

As part of the HIPAA Regulations, the Privacy Rule and the Security Rule require PTS to enter into a contract containing specific requirements prior to the disclosure of PHI, as set forth in, but not limited to, Title 45, Sections 164.314(a), 164.502(e) and 164.504(e) of the Code of Federal Regulations (CFR).

#### **12. EXTENSION OF STATE EXCEPTION**

The HIPAA Privacy Rule creates a special rule for a subset of public health activities whereby HIPAA cannot preempt state law if, "[t]he provision of state law, including state procedures established under such law, as applicable, provides for the reporting of disease or injury, child abuse, birth, or death, or for the conduct of public health surveillance, investigation, or intervention." (45 C.F.R. section 160.203(c) [HITECH Act, section 13421, sub. (a)].)

To the extent a disclosure or use of data under this agreement may also be considered a disclosure or use of "Protected Health Information" (PHI) of an individual, as that term is defined in Section 160.103 of Title 45, Code of Federal Regulations, the following Privacy Rule provisions apply to permit such data disclosure and/or use by the parties, without the consent or authorization of the individual who is the subject of the PHI.

HIPAA cannot preempt state law if, "[t]he provision of state law, including state procedures established under such law, as applicable, provides for the reporting of disease or injury, child abuse, birth, or death, or for the conduct of public health surveillance, investigation, or intervention." (45 C.F.R. section 160.203(c) [HITECH Act, section 13421, sub. (a)].)

A covered entity may disclose PHI to a "public health authority" carrying out public health activities authorized by law; (45 C.F.R. section 164.512(b).)

A covered entity may use or disclose protected health information to the extent that such use or disclosure is required by law and the use or disclosure complies with and is limited to the relevant requirements of such law." (Title 45 C.F.R. sections 164.502(a)(1)(vii), 164.512(a)(1).)

PTS agrees that, with respect to this Agreement and any Services that PTS may provide at any of the Bond Financed Facilities, PTS is not entitled to take, and shall not take, any position (also known as a "tax position") with the Internal Revenue Service

("IRS") that is inconsistent with being a "service provider" to the CLIENT, as a "qualified user" with respect to the Bond-Financed Facilities, as "managed property," as all of those terms are used in Internal Revenue Service Revenue Procedure 2017-13, and to that end, for example, and not as a limitation, PTS agrees that PTS shall not, in connection with any federal income tax return that it files with the IRS or any other statement or information that it provides to the IRS, (a) claim ownership, or that it is a lessee, of any portion of the Bond Financed Facilities, or (b) claim any depreciation or amortization deduction, investment tax credit, or deduction for any payment as rent with respect to the Bond-Financed Facilities.
