

# SERVICE AGREEMENT

This Service Agreement (“Agreement”) is dated January 6, 2026 and is between ACCO Engineered Systems, Inc., a California corporation (“Contractor”), and the County of Fresno, a political subdivision of the State of California (“County”).

## Recitals

A. Public Contract Code section 20128.5 authorizes the Board of Supervisors to award annual contracts for repair, remodeling, or other repetitive work to be done according to unit prices, to the lowest responsible bidder, based on plans and specifications for typical work.

B. County has a need for mechanical repair, remodeling, or other repetitive services to be performed pursuant to an annual contract.

C. On September 4, 2025, the County released Request for Quotation (“RFQ”) No. 26-001 requesting up to four successful bidders to provide quotes for competitively bid, firm, fixed-price, indefinite quantity contracts for detailed repair and construction tasks specified in The Gordian Group, Inc. Construction Task Catalog® (“CTC®”) that was developed for the County.

D. The Contractor provided appropriate award criteria figures by the closing date of September 25, 2025 and was offered a tentative award.

E. County desires to engage Contractor to perform mechanical repair, remodeling, or repetitive work according to unit prices on an annual basis pursuant to the terms of this Agreement.

The Contractor is qualified and willing to perform said services. The parties therefore agree as follows:

## Article 1

## **Contractor's Responsibilities**

**1.1 Scope of Services.** The Contractor shall perform all of the services provided in this Article 1, and as further detailed in Exhibit A to this Agreement, titled "Scope of Services."

1.2 **Representation.** The Contractor represents that it is qualified, ready, willing, and able to perform all of the services provided in this Agreement.

1       1.3   **Compliance with Laws.** The Contractor shall, at its own cost, comply with all  
2 applicable federal, state, and local laws and regulations in the performance of its obligations  
3 under this Agreement, including but not limited to workers compensation, labor, and  
4 confidentiality laws and regulations.

5       1.4   **Immigration Reform and Control Act of 1986.** Contractor warrants on behalf of  
6 itself and all subcontractors engaged for the performance of job order or orders under this  
7 Agreement ("Work") that only persons authorized to work in the United States pursuant to the  
8 Immigration Reform and Control Act of 1986 and other applicable laws shall be employed in the  
9 performance of the Contractor's Work.

10      1.5   **Data Security.** Contractor shall employ adequate controls and data security  
11 measures, both internally and externally, to ensure and protect the confidential information  
12 and/or data provided to Contractor by County, preventing the potential loss, misappropriation, or  
13 inadvertent access, viewing, use or disclosure of County data, including sensitive or personal  
14 client information; abuse of County resources; and/or disruption to County operations.

15       Individuals and/or agencies may not connect to or use County networks/systems via  
16 personally owned mobile, wireless, or handheld devices unless authorized by County for  
17 telecommuting purposes and provide a secure connection; up-to-date virus protection and  
18 mobile devices must have the remote wipe feature enabled. Computers or computer peripherals  
19 including mobile storage devices may not be used (County or Contractor device) or brought in  
20 for use into County's system(s) without prior authorization from County's Chief Information  
21 Officer and/or designee(s).

22       No storage of County's private, confidential, or sensitive data on any hard-disk drive,  
23 portable storage device or remote storage installation, unless encrypted according to advance  
24 encryption standards (AES of 128 bit or higher).

25       County will immediately be notified of any violations, breaches, or potential breaches of  
26 security related to County's confidential information, data, and/or data processing equipment  
27 which stores or processes County data, internally or externally.

1       County shall provide oversight to Contractor's response to all incidents arising from a  
2 possible breach of security related to County's confidential client information.

3       Contractor shall issue any notification to affected individuals as required by law, or as  
4 deemed necessary by County, in its sole discretion. Contractor will be responsible for all costs  
5 incurred as a result of providing the required notification.

6       1.6   **Confidentiality.** All services performed by Contractor shall be in strict conformance  
7 with all applicable federal, state, and/or local laws and regulations relating to confidentiality,  
8 including but not limited to, California Civil Code, California Welfare and Institutions Code,  
9 California Health and Safety Code, California Code of Regulations, and the Code of Federal  
10 Regulations.

11       Contractor shall submit to County's monitoring of said compliance. Contractor may be a  
12 business associate of County, as that term is defined in the "Privacy Rule" enacted by the  
13 Health Insurance Portability and Accountability Act of 1996 (HIPAA). As a HIPAA Business  
14 Associate, Contractor may use or disclose protected health information ("PHI") to perform  
15 functions, activities or services for or on behalf of County as specified by County, provided that  
16 such use or disclosure shall not violate HIPAA and its implementing regulations. The uses and  
17 disclosures if PHI may not be more expansive than those applicable to County, as the "Covered  
18 Entity" under HIPAA's Privacy Rule, except as authorized for management, administrative, or  
19 legal responsibilities of the Business Associate.

20       Contractor shall not use or further disclose PHI other than as permitted or required by  
21 County, or as required by law without written notice to County. Contractor shall ensure that any  
22 agent, including any subcontractor, to which Contractor provides PHI received from, or created  
23 or received by the Contractor on behalf of County, shall comply with the same restrictions and  
24 conditions with respect to such information.

25       1.7   **Confidentiality of Inmates/Wards/Patients/Clients' Identity.** Some of the Work to  
26 be performed under this Agreement may occur in secured facilities or facilities that require  
27 confidentiality. Contractor shall alert and inform its employees and agents that State law  
28

1 requires that the identities of inmates/wards/patients/clients be kept confidential. Revealing the  
2 identities of inmates/wards/patients/clients is punishable by law.

3       **1.8     Security.** Security is of great concern to County. Failure to comply with the security  
4 requirements listed below will be considered a breach of contract, and may result in termination  
5 of this Agreement and any Job Order for default. Contractor's personnel shall cooperate with all  
6 County security personnel at all times, and shall be subject to and conform to County security  
7 rules and regulations, including, but not limited to County security rules and procedures, as  
8 detailed in Exhibits D through G. Any violations or disregard of these rules may be cause for  
9 denial of access to County property. The background checks required, and policies listed below,  
10 may change throughout the life of this Agreement. It is Contractor's responsibility to request  
11 updates from County. All of Contractor's employees, agents, and subcontractors must read the  
12 policies listed below. Please see the following Exhibits:

- 13           • Exhibit D – Fresno County Probation Department Juvenile Justice Policy Manual
  - 14            ○ Policy 309 – Vendors, Volunteers and Student Interns

20        Security provisions will be strictly enforced. All parties who are required to perform their  
21 individual services at the site shall be limited to the area required to complete the Work. Such  
22 access shall be obtained by notification to the Facilities Services Manager, or their designee, of  
23 the time and place, prior to commencing the Work.

24        All keys used during Work shall be numbered. Each key issued shall be recorded, and  
25 its prompt return shall be strictly enforced. Duplication of any keys issued is strictly prohibited.  
26 These keys shall be returned to County's representative at the end of each working day, when  
27 required.

Some of the Work to be done under this Agreement may be in secured facilities such as jails. Prior to commencement of Work, Contractor, including all subcontractors and contractors, shall obtain security clearances for all employees that will be working or making deliveries to the sites.

When Work is performed in secured facilities, it is incumbent upon all contractors to alert all workmen of the necessity for extreme care in accounting for, and keeping all areas free of any and all types of hand tools, power tools, small parts, scrap material, and all other materials which might be concealed upon the person of an inmate/ward/patient, at all times when such tools and materials are not used for the task at hand.

Each work area shall be kept clean and in order both during working hours and at the completion of the working day.

## Article 2

## County's Responsibilities

2.1 The Work to be performed pursuant to this Agreement includes a comprehensive listing of detailed repair, remodeling, and other repetitive tasks and specifications that have preestablished units of measure and unit prices listed in The Gordian Group, Inc.'s proprietary CTC®. The Work performed under this Agreement shall be carried out pursuant to individual tasks or job orders, and shall involve repair, remodeling, or other repetitive work for public buildings, streets, utilities, and other public works ("Job Order(s)").

Pursuant to terms detailed in Exhibit A, Outline of Procedure for Ordering Work:

(A) County shall identify projects, as well as County's intended results for each project, and may, at County's discretion, work with Contractor to develop a scope and specifications.

(B) County shall issue a Notice to Proceed for each Job Order and shall issue any required subsequent Job Orders for each project.

(C) County shall provide inspection and written acceptance of the Work.

(D) County shall provide a County representative ("County Representative") to represent County, who will work with Contractor to carry out Contractor's obligations

under this Agreement. The County Representative will be County's Facilities Division Manager, and/or their designee(s). Contractor shall provide a contact person to the County Representative upon execution of this Agreement and is responsible for informing County as changes in personnel occur.

(E) County may perform or employ others to undertake any portions of Work persistently neglected by Contractor, provided that, after three (3) days' written notice to Contractor, such Work is still not completed to County's satisfaction. In such case, the Work shall be completed under direction of the Project Manager, and the cost deducted from the amount of next payment falling due to Contractor. Such action shall, in no way, affect the status of either party under this Agreement, nor be held as a basis of any claim by Contractor for damages or extension of time.

## Article 3

## Compensation, Invoices, and Payments

3.1 The County agrees to pay, and the Contractor agrees to receive, compensation for each Job Order in accordance with Contractor's Adjustment Factors stated on the Bid, as described in this section.

### 3.2 The Contractor's Adjustment Factors are as follows:

|  |        |
|--|--------|
| General Facilities Normal Working Hours Adjustment Factor            | 1.2600 |
| General Facilities Other than Normal Working Hours Adjustment Factor | 1.3100 |
| Secured Facilities Normal Working Hours Adjustment Factor            | 1.2900 |
| Secured Facilities Other than Normal Working Hours Adjustment Factor | 1.3300 |

At no time shall the total sum of the outstanding Job Orders exceed the amount of

1 Contractor's Payment Bond and Performance Bond. A Job Order is outstanding until County  
2 has accepted the Work described in the Job Order by execution of a written notice of  
3 completion. Contractor shall not be issued Job Orders with compensation amounts that in total  
4 exceed the Maximum Agreement Value. County makes no guarantee that Contractor will  
5 receive Job Orders totaling the Maximum Agreement Value.

6       In no event shall compensation paid for services performed under this Agreement  
7 exceed the Maximum Agreement Value during the term of this Agreement. All expenses  
8 incidental to Contractor's performance of services under this Agreement shall be borne by  
9 Contractor.

10      **3.3 Maximum Compensation.** The maximum compensation payable to the Contractor  
11 under this Agreement for all Job Orders ("Maximum Agreement Value") performed by  
12 Contractor shall not exceed five million dollars (\$5,000,000). There is no Minimum Contract  
13 Value.

14      **3.4**     The Contractor acknowledges that the County is a local government entity and does  
15 so with notice that the County's powers are limited by the California Constitution and by State  
16 law, and with notice that the Contractor may receive compensation under this Agreement only  
17 for services performed according to the terms of this Agreement and while this Agreement is in  
18 effect, and subject to the maximum amount payable under this section. The Contractor further  
19 acknowledges that County employees have no authority to pay the Contractor except as  
20 expressly provided in this Agreement.

21      **3.5 Invoices.** Payments shall be made for inspected and approved Work only. If an  
22 individual Job Order requires forty-five (45) days or less for completion, County will normally  
23 make one payment to Contractor after the Notice of Completion, if required by County, and  
24 retention shall be paid after final acceptance of all Work contained under the Job Order and all  
25 Agreement requirements for final payment have been satisfied. For Job Orders requiring greater  
26 than a forty-five (45) day performance period, County shall consider a request for partial  
27 payments to Contractor, which shall not occur more often than monthly. County will make  
28

1 progress payments to Contractor upon completion of portions of the Work, as covered by the  
2 Agreement, in accordance with established County procedures:

3 (A) Before payment is made, Contractor shall prepare for the Project Manager's  
4 approval a statement covering the actual Work completed under the terms of the Job  
5 Order. A schedule of values listed by "CSI" or "Category" from Contractor's Job  
6 Order Price Proposal may be utilized for this schedule of values.

7 (B) In making such payment, there shall be a retention of 5% of the payment requested.  
8 If, after 50% of the Work of the Job Order has been completed, the Project Manager  
9 finds that satisfactory progress is being made, the Project Manager may reduce the  
10 retention to 2.5% of the amount requested. In addition, after 97.5% of the Work has  
11 been completed, the Project Manager may reduce the amount withheld to such  
12 lesser amount as the Project Manager determines to be adequate security for the  
13 fulfillment of the balance of the Work, and other requirements of this Agreement. In  
14 no event shall this amount be reduced to less than 1.25% percent of the estimated  
15 value of the Work yet to be completed, as determined by the Project Manager. Such  
16 reduction shall only be made upon the written request of Contractor, and shall be  
17 approved in writing by the surety upon the Performance Bond and the surety upon  
18 the Payment Bond. The signature of persons executing the approval for the surety  
19 shall be properly acknowledged, and the power of attorney authorizing those persons  
20 to give such consent must accompany the approval document.

21 (i) Substitution of securities for any moneys withheld by County to ensure  
22 performance under this Agreement shall be permitted, provided that  
23 substitution of securities provisions shall not apply to contracts in which there  
24 will be financing provided by the Farmers Home Administration of the United  
25 States Department of Agriculture pursuant to the Consolidated Farm and  
26 Rural Development Act (7 U.S.C. Sec. 1921 et seq.), and where federal  
27 regulations or policies, or both, do not allow the substitution of securities.

- (ii) At the request and expense of Contractor, and in compliance with Public Contract Code section 22300, securities equivalent to the amount withheld pursuant to these specifications shall be deposited by Contractor with County, or with a state or federally chartered bank as the escrow agent, who shall then pay such withheld amounts to Contractor upon written authorization of County.
- (iii) Securities eligible for investment under this section shall include those listed in section 16430 of the Government Code, bank or savings and loans certificates of deposit, interest bearing demand deposit accounts, standby letters of credit, or any other security mutually agreed to by Contractor and County.
- (iv) Securities to be placed in escrow shall be of a value at least equivalent to the amounts of retention to be paid to Contractor.
- (v) Contractor shall be beneficial owner of any securities substituted for moneys withheld and shall receive any interest thereon.
- (vi) Contractor shall enter into an escrow agreement satisfactory to County, which agreement shall substantially comply with Public Contract Code section 22300.
- (vii) Contractor shall obtain the written consent of the surety to such escrow agreement.

(C) All material and Work covered by progress payments made shall thereupon become the sole property of County, but this provision shall not be construed as relieving Contractor from the sole responsibility for all materials and work upon which payments have been made or the restoration of any damaged Work, or as a waiver

(D) Upon completion and acceptance of all Work whatsoever required, and the release of all claims against County as specified, the Project Manager shall file a written

Notice of Completion, if required by County, with County Recorder as to the entire amount of Work performed.

(E) Forty-five (45) days after the filing of such Notice of Completion, if required by County, County shall pay to Contractor the amount therein stated, except as provided in paragraph 2.11, less all prior payment and advances whatsoever to or for the account of Contractor, and less material and labor claims duly filed with County on account of this Agreement. All prior estimates and payments, including those relating to extra work, shall be subject to correction by this final payment, which is referred to throughout this Agreement as the Final Payment.

(F) The acceptance by Contractor of the Final Payment shall be, and shall operate as, a release to County of all claims and of all liability to Contractor for all things done or furnished in connection with this Work, and for every act and neglect of County and others relating to or arising out of this Work, excepting Contractor's claims for interest upon Final Payment, if this payment be improperly delayed. No payments, however, final, or otherwise, shall operate to release Contractor or his/her sureties from any obligations under this Agreement or the Performance and Payment Bonds.

(G) Payments may be withheld in the whole or in part, if deemed necessary to protect County from loss on account of the failure of Contractor to (1) meet Contractor's obligations, (2) expedite the Work, (3) correct rejected Work, (4) settle damages as herein provided, (5) produce substantial evidence that no claims will be or have been filed, or (6) that unpaid balances may be insufficient to complete the Work.

(H) Contractor shall pay:

- (i) For all transportation and utility services not later than the 20th day of the calendar month following that in which such services are rendered.
- (ii) For all materials, tools, and other expendable equipment to the extent of 90% of the cost thereof, not later than the 20th day of the calendar month following that in which such materials, tools, and equipment are delivered at the site of the project, and the balance of the cost thereof not later than the 30th day

1 following the completion of that part of the Work in or on which such  
2 materials, tools, and equipment are incorporated or used.

3 3.6 To each of Contractor's subcontractors, not later than the tenth day following each  
4 payment to Contractor, the respective amounts allowed Contractor on account of the Work  
5 performed by Contractor's Sub- Contractors, including that Work performed and paid for under a  
6 Change to the Job Order as provided in Article 2, section 2.7 to the extent of each  
7 subcontractor's interest therein.

8 3.7 Contractor shall submit invoices on the first day of the month in accordance with the  
9 rates and charges agreed upon by that Contractor for the services provided to County during  
10 the previous monthly billing period. Each invoice shall reference this Agreement number, the  
11 Facility and Asset Management System work order number, the date and name of the facility  
12 where the services were performed, and a clear itemization of services performed, and shall be  
13 emailed to FacilitiesAP@fresnocountyca.gov or mailed to County of Fresno, Facility Services,  
14 ATTN: Facility Services Manager, 4590 E Cesar Chavez Blvd, Fresno, CA 93702. County shall  
15 make payment to Contractor no later than forty-five (45) days after receipt and approval of each  
16 invoice, which shall be given upon verification of satisfactory performance.

17 3.8 **Payment.** The County shall pay each correctly completed and timely submitted  
18 invoice within forty-five (45) days after receipt. The County shall remit any payment to the  
19 Contractor's address specified in the invoice.

20 3.9 **Incidental Expenses.** The Contractor is solely responsible for all of its costs and  
21 expenses that are not specified as payable by the County under this Agreement.

Article 1.5 requires that its provisions or a summary thereof be set forth in the plans and specifications for any work which may give rise to a claim thereunder. Accordingly, this Agreement incorporates all of the terms and conditions of Article 1.5, as follows:

#### (A) Article 1.5 Resolutions of Contract Claims, section 20104.

- i. (a) This article applies to all public works claims of three hundred seventy-five thousand dollars (\$375,000) or less which arise between a Contractor and a local agency.

(b) This article shall not apply to any claims resulting from a contract between a Contractor and a public agency when the public agency has elected to resolve any disputes pursuant to Article 7.1 (commencing with section 10240) of Chapter 1 of Part 2.

ii. (a) "Public work" has the same meaning as in sections 3100 and 3106 of the Civil Code, except that "public work" does not include any work or improvement contracted for by the state or the Regents of the University of California.

(b) "Claim" means a separate demand by the Contractor for (A) a time extension, (B) payment of money or damages arising from work done by, or on behalf of, the Contractor pursuant to the contract for a public work and payment of which is not otherwise expressly provided for or the claimant is not otherwise entitled to, or (C) an amount the payment of which is disputed by the local agency.

iv. This article applies only to contracts entered into on or after January 1, 1991.

(B) Article 1.5 Resolutions of Contract Claims, section 20104.2

For any claim subject to this article, following requirements apply:

27 construction law, and, upon stipulation of the parties, mediators and  
28 arbitrators shall be paid necessary and reasonable hourly rates of pay not

1 to exceed their customary rate, and such fees and expenses shall be paid  
2 equally by the parties, except in the case of arbitration where the  
3 arbitrator, for good cause, determines a different division. In no event  
4 shall these fees or expenses be paid by state or County funds.

5 (c) In addition to Chapter 2.5 (commencing with section 1141.10) of Title 3 of  
6 Part 3 of the Code of Civil Procedure, any party who after receiving an  
7 arbitration award requests a trial de novo but does not obtain a more  
8 favorable judgment shall, in addition to payment of costs and fees under  
9 that chapter, pay the attorney's fees of the other party arising out of the  
10 trial de novo.

12 in the mediation or arbitration process. Arbitrators shall be experienced in

### 19 Termination and Suspension

20 10.1 **Termination for Non-Allocation of Funds.** The terms of this Agreement are  
21 contingent on the approval of funds by the appropriating government agency. If sufficient funds  
22 are not allocated, then the County, upon at least thirty (30) days' advance written notice to the  
23 Contractor, may:

24 (A) Modify the services provided by the Contractor under this Agreement; or  
25 (B) Terminate this Agreement.

26 10.2 **Termination for Breach.**

27 (A) Upon determining that a breach (as defined in paragraph (C) below) has  
28 occurred, the County may give written notice of the breach to the Contractor. The written

1 notice may suspend performance under this Agreement, and must provide at least thirty  
2 (30) days for the Contractor to cure the breach.

3 (B) If the Contractor fails to cure the breach to the County's satisfaction within the  
4 time stated in the written notice, the County may terminate this Agreement immediately.

5 (C) For purposes of this section, a breach occurs when, in the determination of the  
6 County, the Contractor has:

- 8 ii. Failed to comply with any part of this Agreement;
- 9 iii. Submitted a substantially incorrect or incomplete report to the County; or
- 10 iv. Improperly performed any of its obligations under this Agreement.

11 10.3 **Termination without Cause.** In circumstances other than those set forth above, the  
12 County may terminate this Agreement by giving at least thirty (30) days advance written notice  
13 to the Contractor.

14 10.4 **No Penalty or Further Obligation.** Any termination of this Agreement by the County  
15 under this Article 10 is without penalty to or further obligation of the County.

16 10.5 **County's Rights upon Termination.** Upon termination for breach under this Article  
17 10, the County may demand repayment by the Contractor of any monies disbursed to the  
18 Contractor under this Agreement that, in the County's sole judgment, were not expended in  
19 compliance with this Agreement. The Contractor shall promptly refund all such monies upon  
20 demand. This section survives the termination of this Agreement.

23 11.1 **Status.** In performing under this Agreement, the Contractor, including its officers,  
24 agents, employees, and volunteers, is at all times acting and performing as an independent  
25 Contractor, in an independent capacity, and not as an officer, agent, servant, employee, joint  
26 venturer, partner, or associate of the County.

**11.2 Verifying Performance.** The County has no right to control, supervise, or direct the manner or method of the Contractor's performance under this Agreement, but the County may verify that the Contractor is performing according to the terms of this Agreement.

**11.3 Benefits.** Because of its status as an independent Contractor, the Contractor has no right to employment rights or benefits available to County employees. The Contractor is solely responsible for providing to its own employees all employee benefits required by law. The Contractor shall save the County harmless from all matters relating to the payment of Contractor's employees, including compliance with Social Security withholding and all related regulations.

**11.4 Services to Others.** The parties acknowledge that, during the term of this Agreement, the Contractor may provide services to others unrelated to the County.

The County may conduct or participate in its own defense without affecting the Contractor's obligation to indemnify and hold harmless or defend the County.

**12.2 Survival.** This Article 12 survives the termination of this Agreement.

## Article 13

## Insurance

13.1 The Contractor shall comply with all the insurance requirements in Exhibit C to this Agreement.

## Article 14

**14.1 Inspection of Documents.** The Contractor shall make available to the County, and the County may examine at any time during business hours and as often as the County deems necessary, all of the Contractor's records and data with respect to the matters covered by this Agreement, excluding attorney-client privileged communications. The Contractor shall, upon request by the County, permit the County to audit and inspect all of such records and data to ensure the Contractor's compliance with the terms of this Agreement.

**14.2 State Audit Requirements.** If the compensation to be paid by the County under this Agreement exceeds \$10,000, the Contractor is subject to the examination and audit of the California State Auditor, as provided in Government Code section 8546.7, for a period of three years after final payment under this Agreement. This section survives the termination of this Agreement.

**14.3 Public Records.** The County is not limited in any manner with respect to its public disclosure of this Agreement or any record or data that the Contractor may provide to the County. The County's public disclosure of this Agreement or any record or data that the Contractor may provide to the County may include but is not limited to the following:

(A) The County may voluntarily, or upon request by any member of the public or governmental agency, disclose this Agreement to the public or such governmental agency.

(B) The County may voluntarily, or upon request by any member of the public or governmental agency, disclose to the public or such governmental agency any record or data that the Contractor may provide to the County, unless such disclosure is prohibited by court order.

(C) This Agreement, and any record or data that the Contractor may provide to the County, is subject to public disclosure under the Ralph M. Brown Act (California Government Code, Title 5, Division 2, Part 1, Chapter 9, beginning with section 54950).

(D) This Agreement, and any record or data that the Contractor may provide to the County, is subject to public disclosure as a public record under the California Public Records Act (California Government Code, Title 1, Division 10, Chapter 1, beginning with section 7920.000) (“CPRA”).

(E) This Agreement, and any record or data that the Contractor may provide to the County, is subject to public disclosure as information concerning the conduct of the people's business of the State of California under California Constitution, Article 1, section 3, subdivision (b).

(F) Any marking of confidentiality or restricted access upon or otherwise made with respect to any record or data that the Contractor may provide to the County shall be disregarded and have no effect on the County's right or duty to disclose to the public or governmental agency any such record or data.

**14.4 Public Records Act Requests.** If the County receives a written or oral request under the CPRA to publicly disclose any record that is in the Contractor's possession or control, and which the County has a right, under any provision of this Agreement or applicable law, to possess or control, then the County may demand, in writing, that the Contractor deliver to the County, for purposes of public disclosure, the requested records that may be in the possession or control of the Contractor. Within five (5) business days after the County's demand, the Contractor shall (a) deliver to the County all of the requested records that are in the Contractor's possession or control, together with a written statement that the Contractor, after conducting a diligent search, has produced all requested records that are in the Contractor's possession or control, or (b) provide to the County a written statement that the Contractor, after conducting a diligent search, does not possess or control any of the requested records. The Contractor shall cooperate with the County with respect to any County demand for such records. If the Contractor wishes to assert that any specific record or data is exempt from disclosure under the CPRA or other applicable law, it must deliver the record or data to the County and assert the exemption by citation to specific legal authority within the written statement that it provides to the County under this section. The Contractor's assertion of any exemption from disclosure is

1 not binding on the County, but the County will give at least ten (10) days' advance written notice  
2 to the Contractor before disclosing any record subject to the Contractor's assertion of exemption  
3 from disclosure. The Contractor shall indemnify the County for any court-ordered award of costs  
4 or attorney's fees under the CPRA that results from the Contractor's delay, claim of exemption,  
5 failure to produce any such records, or failure to cooperate with the County with respect to any  
6 County demand for any such records.

7 **Article 15**

8 **Disclosure of Self-Dealing Transactions**

9 **15.1 Applicability.** This Article 15 applies if the Contractor is operating as a corporation,  
10 or changes its status to operate as a corporation.

12 self-dealing transaction, he or she shall disclose the transaction by completing and signing a  
13 "Self-Dealing Transaction Disclosure Form" (Exhibit B to this Agreement) and submitting it to the  
14 County before commencing the transaction or immediately after.

6 of the Contractor under this Agreement on any one or more occasions is not a waiver of  
7 performance of any continuing or other obligation of the Contractor and does not prohibit  
8 enforcement by the County of any obligation on any other occasion.

9       16.41 **Entire Agreement.** This Agreement, including its exhibits, is the entire agreement  
10 between the Contractor and the County with respect to the subject matter of this Agreement,  
11 and it supersedes all previous negotiations, proposals, commitments, writings, advertisements,  
12 publications, and understandings of any nature unless those things are expressly included in  
13 this Agreement. If there is any inconsistency between the terms of this Agreement without its  
14 exhibits and the terms of the exhibits, then the inconsistency will be resolved by giving  
15 precedence first to the terms of this Agreement without its exhibits, and then to the terms of the  
16 exhibits.

17       16.42 **No Third-Party Beneficiaries.** This Agreement does not and is not intended to  
18 create any rights or obligations for any person or entity except for the parties.

23 authorized to do so and his or her signature on this Agreement legally binds the  
24 Contractor to the terms of this Agreement.

26 electronic signature as provided in this section.

27           (A) An “electronic signature” means any symbol or process intended by an individual

2 electronically scanned and transmitted (for example by PDF document) version of an  
3 original handwritten signature.

4 (B) Each electronic signature affixed or attached to this Agreement (1) is deemed  
5 equivalent to a valid original handwritten signature of the person signing this Agreement  
6 for all purposes, including but not limited to evidentiary proof in any administrative or  
7 judicial proceeding, and (2) has the same force and effect as the valid original  
8 handwritten signature of that person.

14 paragraphs (1) through (5), and agrees that each other party may rely upon that  
15 representation.

18 handwritten signature.

1) Job Order Structure and Execution.

- a. The CTC® contains construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material, and equipment prices and are for the direct cost of construction.
- b. The Contractor will be required to work at any of the County's facilities. The County makes no commitment as to the award of individual Job Orders. All costs associated with preparing Job Order Proposals shall be the responsibility of the Contractor.
- c. Work or performance shall be made only as authorized by Job Orders issued in accordance with this Scope of Services. The Contractor shall furnish to the County, the supplies or services specified in the Job Orders up to and including the Maximum Contract Value.
- d. The Scope of Services of this Agreement shall be determined by individual Job Orders. The Job Order shall reference the Detailed Scope of Work, and set forth the Job Order Completion Time, and the Job Order Price. The Job Order Price is determined by multiplying the preset Unit Prices by the appropriate quantities and by the appropriate Adjustment Factor. The Job Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. A separate Job Order will be issued for each project. Extra work, credits, and deletions will be contained in additional Job Orders. The Contractor shall provide all pricing, management, design drawings, shop drawings, documents, work, materials, supplies, parts (to include system components), transportation, plant, supervision, labor, and equipment needed to complete the Job Order. The Contractor shall provide quality assurance as specified in strict accordance with the Agreement. The Contractor shall also be responsible for site safety as well as site preparation and cleanup.

## Exhibit A

- 1 e. Contractor shall maintain accurate and complete records, files, and libraries of  
2 documents, to include federal, state, and local regulations, codes, applicable  
3 laws listed herein, and manufacturers' instructions and recommendations, which  
4 are necessary and related to the Work to be performed.
- 5 f. Contractor shall prepare and submit required reports, maintain current record  
6 drawings, and submit required information. The Contractor shall provide:  
7 materials lists to include trade names and brand names, and model materials  
8 lists to include trade names, brand names, model number, and ratings (if  
9 appropriate) for all materials necessary for a complete job.
- 10 g. The design of architectural, structural, mechanical, electrical, civil, or other  
11 engineering features of the Work required by the Agreement shall be  
12 accomplished or reviewed and approved by the Architect or Engineer.
- 13 h. In addition to the Work unit requirements in the General Requirements, Contract  
14 Technical Specifications, Volume 3, and the CTC®, Volume 4, the County may,  
15 from time to time, require NPP Tasks. The parties shall proceed with these  
16 requirements in accordance with the Procedure for Ordering Work contained in  
17 Section (b), herein. These NPP Work unit requirements will be incorporated in  
18 individual Job Orders, and the Contractor shall accomplish those requirements  
19 with the same diligence as those Work units incorporated in this Agreement in  
20 the CTC® and Technical Specifications.

21 2) Changes to the Job Order.

- 22 a. Changes Requested by County - Without invalidating the Job Order, order  
23 changes, modifications, deletions, and extra work, County may request changes  
24 by issuing additional written Job Orders during the progress of the Work.  
25 Contractor shall not be entitled to compensation for any extra Work performed,  
26 unless the Project Manager has issued an additional written Job Order  
27 designating (i) the extra Work to be performed, (ii) the price of the extra Work,  
28 and (iii) the time for completion of the extra Work. If County orders Work added

## Exhibit A

1 or deleted from the Job Order, the price for the additional Job Order shall be  
2 determined using the Procedure for Ordering Work set forth in Exhibit A. Credits  
3 for Pre-Priced Tasks and Non Pre-Priced Tasks shall be calculated at the pre-set  
4 Unit Prices, and multiplied by the appropriate Adjustment Factors. Credits for  
5 Tasks that have been deleted from the Detailed Scope of Work (SOW) will be  
6 given at 100% of the value at which they were included in the original Job Order  
7 Price Proposal.

8 b. Changes in the Work Claimed by Contractor - Contractor may request a change  
9 in the Job Order Price, or an extension of time for completion of the Job Order  
10 due to changes in the Work that are not within the scope of the Job Order. The  
11 request must be in writing and must be submitted to County prior to beginning  
12 the extra work. Furthermore, Contractor shall not be entitled to compensation for  
13 any extra work performed unless the Project Manager has issued an additional  
14 written Job Order designating (i) the extra work to be performed, (ii) the price of  
15 the extra work, and (iii) the time for completion of the extra work. If County  
16 agrees that work is added to or deleted from the Job Order, the price for the  
17 additional Job Order shall be determined using the Procedure for Ordering Work  
18 set forth in Exhibit A.

19 c. Where Contractor and County disagree on the scope, price, and/or time for  
20 changes in the Detailed SOW, County may require Contractor to perform such  
21 Work under a written protest, pursuant to the Resolution of Contract Claims in  
22 Article 9, section 9.1, herein. Contractor's failure to submit a written protest to the  
23 Project Manager within five (5) days of beginning such Work constitutes a waiver  
24 of any claim.

25 3) Discrepancies. Should Contractor, at any time, discover a mistake in any of the  
26 Agreement Documents or any discrepancy therein, or any variation between dimensions  
27 on the Agreement Documents and measurements at site, or any missing dimensions or

## Exhibit A

1 other information, Contractor shall report at once to the Project Manager for correction,  
2 and shall not proceed with the affected Work until such correction has been made.

3 4) Resolving Conflicts. In resolving conflicts resulting from errors or discrepancies pursuant  
4 to this Agreement, the order of precedence shall be as follows:

- 5 a. Permits from other agencies as may be required by law
- 6 b. Permits issued by County
- 7 c. Changes to Job Orders
- 8 d. Job Orders
- 9 e. This Agreement
- 10 f. Addenda
- 11 g. SOW
- 12 h. Technical Specifications
- 13 i. CTC®
- 14 j. Reference Specifications

15 5) Control of the Work. The Parties agree that the Project Manager shall be the arbiter  
16 between parties thereto, and the entire Work is under the Project Manager's jurisdiction  
17 to such end. It is the Project Manager's function to interpret the Agreement Documents;  
18 pass upon merits of materials and workmanship; compute amounts of and issue  
19 certificates for all payments to which Contractor may be entitled; decide upon all  
20 deductions from and additions to the Job Order Price resulting from alterations after  
21 letting of Job Order; determine amount of damages accruing to either Party from any  
22 cause; or conferences at any time during the progress of the Work, and such order shall  
23 require Contractor and any or all subcontractors or other Contractors to attend; and  
24 perform any other required duties.

25 It shall be the responsibility of the Project Manager to make written decisions in  
26 regard to all claims of County or Contractor, and to interpret the Agreement Documents  
27 in regard to all questions arising in connection with the execution of the Work.

## Exhibit A

1 Orders from the Project Manager shall be in writing only, and properly signed. No oral  
2 orders from the Project Manager, nor from anyone acting for him, shall be considered  
3 binding in case of dispute, and no one, other than County, or the Project Manager acting  
4 for him, has authority to order changes involving extra expenditures or deductions.

5 Superintendents or Inspectors may be assigned by County and/or Engineer to assist  
6 them in the conduct of the Work, and these persons shall be entitled to the same free  
7 access to all parts of Work, and the degree of authority of such employees to act for the  
8 Engineer is as prescribed for the Engineer, such employees acting within the scope of  
9 the particular duties entrusted to them.

10 Authority to stop the Work is vested in the Project Manager, and may be involved  
11 whenever the Project Manager deems such action necessary to ensure proper execution  
12 of the Agreement, and Work may not thereafter be resumed until the Project Manager  
13 has given written consent.

14 6) Coordination of Work. Time is of the essence in the performing of any Job Order under  
15 this Agreement. Contractor shall schedule the Work in a manner that will progress to  
16 completion without interruption. This includes minimizing any interruptions to the normal  
17 operation of County operations, particularly interruptions to air conditioning, electrical  
18 services, alarm system, communications, and computer systems.

19 7) Workday. All Work shall be set forth as part of the Job Order. Saturday and Sunday  
20 Work will not be allowed except by written approval of County, and upon 48 hours  
21 advance notice. Payment requirements for shift differential and overtime shall be as set  
22 forth in the Collective Bargaining Agreement for the trade, on file with the State  
23 Department of Industrial Relations, Division of Labor Statistics and Research.  
24 Contractors are urged to contact the Prevailing Wage Unit at (415) 703-4774 or  
25 information on these requirements.

26 8) Coordination Between Contractors.

27 a. If separate Agreements are let for Work within or adjacent to the Project site, as  
28 may further be hereinafter detailed in the Agreement Documents, Contractor

## Exhibit A

1 shall conduct the Work so as not to interfere with or hinder the progress of  
2 completion of the Work being performed by other contractors.

3 b. Contractor shall assume all liability, financial or otherwise, in connection with this  
4 Agreement, and shall protect and hold harmless County from any and all  
5 damages or claims (including attorney's fees and costs) arising because of  
6 inconvenience, delay, or loss experienced by Contractor because of the  
7 presence and operations of other contractors working within the limits of the  
8 same improvement. Contractor shall assume all responsibility for all Work not  
9 completed or accepted because of the presence and operations of other  
10 contractors.

11 c. Contractor shall arrange the Work and placement and disposal of the materials  
12 being used, so as not to interfere with the operations of other contractors within  
13 or adjacent to the limits of the Project site. Contractor shall join the Work with that  
14 of others in an acceptable manner and shall perform it in proper sequence to that  
15 of others.

16 9) Supervision Procedures.

17 a. Contractor shall give efficient supervision to the Work, using skill and diligence  
18 for which Contractor is compensated in the Agreement Adjustment Factors.  
19 Contractor shall carefully inspect the site, and study and compare all Agreement  
20 Documents and other instructions, as ignorance of any phase of any of the  
21 features or conditions affecting the Agreement shall not excuse Contractor from  
22 carrying out its provisions to its full intent.

23 b. Contractor shall employ a competent superintendent and necessary assistants  
24 who shall attend the project site during the progress of the Work. The  
25 superintendent shall represent Contractor, and all communications given to the  
26 superintendent shall be as binding as if given to Contractor. Contractor shall  
27 identify in writing the name and experience of the superintendent for County

## Exhibit A

1 review. Contractor's superintendent shall not manage more than four (4) projects  
2 that are in construction at any one time.

- 3 c. Contractor shall be responsible to County for the acts and omissions of his/her  
4 employees, subcontractors and their agents and employees, and other persons  
5 performing any of the Work under a contract with Contractor.
- 6 d. Contractor shall at all times enforce strict discipline and good order among  
7 Contractor's employees and agents, and shall not employ on the Work any unfit  
8 person or anyone not skilled in that person's task.
- 9 e. Contractor shall not be relieved from Contractor's obligations to perform the Work  
10 in accordance with the Agreement Documents, either by the activities or duties of  
11 the Project Manager in their administration of the Agreement, or by inspections,  
12 tests or approvals required or performed by persons other than Contractor.

13 10) Construction Procedures.

- 14 a. Means and Methods - Contractor shall be solely responsible for, and control of  
15 construction means, methods, techniques, sequences, and procedures for all the  
16 Work of this Agreement. Additionally, Contractor shall be responsible for safety  
17 precautions and programs in connection with the Work.
- 18 b. Progress Schedule - Contractor, immediately after being awarded a Job Order,  
19 shall update the schedule submitted as part of the Proposal, and submit for  
20 County's information an estimated progress schedule.
- 21 c. Laws of City, County and State - Contractor must comply with all rules,  
22 regulations, and ordinances of the City and County in which the work is being  
23 done, and all local, state, and federal laws pertaining to the work.
- 24 d. Safeguards - Contractor shall provide, in conformity with all state and local laws,  
25 codes, and ordinances, and as may be required, such temporary walls, fences,  
26 guard-rails, barricades, lights, danger signs, and enclosures, and shall maintain  
27 such safeguards until all Work is completed.

## Exhibit A

- 1 e. When County furnishes equipment or materials to Contractor for use or inclusion  
2 in the Work, Contractor's responsibility for all such equipment and materials shall  
3 be the same as for materials furnished by the Contractor.
- 4 f. Housekeeping - Contractor shall keep the premises free of excess accumulated  
5 debris, and clean up as required, and as directed by the Engineer. At completion  
6 of Work, all debris shall be removed from the site.
- 7 g. Contractor's Right to Stop Work or Terminate Agreement - If, through no fault of  
8 Contractor or of anyone employed by Contractor, (1) the Work is stopped by  
9 order of any court or governmental authority, or (2) County fails to issue any  
10 certificate for payment within forty-five (45) days after it is due, or (3) County fails  
11 to pay Contractor within forty-five (45) days after its presentation, any sum  
12 certified by County, then Contractor may, upon ten (10) days' written notice to  
13 County, stop Work or terminate the Agreement.
- 14 h. Hazardous Substances - With the invoice, or within twenty-five (25) days of  
15 delivery, Contractor must provide to County a Material Safety Data Sheet for any  
16 product used by Contractor, which contains any substance on The Hazardous  
17 Substances List, published by the State Director of Industrial Relations. (See  
18 Hazardous Substances Information and Training Act, California State Labor  
19 Code sections 6360 through 6399.7).
- 20 i. Recycled Products/Materials - Contractor is encouraged to provide recycled or  
21 recyclable products/materials which meet stated specifications per Job Order.

22 11) Building Permits. Contractor shall be responsible for all fees and costs incurred in  
23 connection with obtaining permits; however, County will reimburse Contractor for the  
24 actual cost of the permit or inspection fees, as part of the Job Order, with no additional  
25 allowance for overhead and profit.

26 12) Codes and Regulations. All Work, materials, and equipment shall be in full compliance  
27 with the 2022 edition of the California Building Code; California Plumbing Code;  
28 California Electrical Code; Cal/Occupational Safety and Health Administration (OSHA)

## Exhibit A

1 Safety Regulations; and all federal, state and local laws, ordinances, regulations, and  
2 Fresno County Charter provisions applicable in the performance of the Work.

3 13) Inspection. All material and workmanship (if not otherwise designated by the Agreement  
4 Documents) shall be subject to inspection, examination, and testing by the General  
5 Services Director, or their designee of the specific project (hereinafter "Project  
6 Manager"), at any and all times during manufacture and/or construction, and at any and  
7 all places where such manufacture and/or construction are carried on. The Project  
8 Manager shall have the right to reject defective material and workmanship or require its  
9 correction.

10 Contractor shall furnish promptly without additional charge, all reasonable facilities,  
11 labor, and materials necessary for the safe and convenient inspection and tests that may  
12 be required by the Project Manager.

13 If considered necessary or advisable by the Project Manager at any time either before  
14 acceptance of the entire Work, or after acceptance and within the guaranty period, to  
15 make an examination of Work already completed, by removing or tearing out same,  
16 Contractor shall, on request, promptly furnish all necessary facilities, labor, and material.  
17 If such Work is found to be defective in any material respect, due to the fault of  
18 Contractor or their subcontractors, the Contractor shall defray all the expenses of such  
19 examination and of satisfactory reconstruction. If, however, such Work is found to meet  
20 the requirements of this Agreement, Contractor's costs necessarily incurred in the  
21 examination and replacement, as determined by use of the CTC®, shall be reimbursed  
22 to Contractor and Contractor shall, in addition, if completion of the Work has been  
23 delayed thereby, be granted a suitable extension of time on account of the additional  
24 Work involved.

25 When the Work is completed, Contractor shall notify County in writing that the Work  
26 shall be ready for final inspection and test on a definite date, which shall be stated in  
27 such notice.

## Exhibit A

1 14) Record Drawings. Contractor shall be provided with xerox bond prints at no cost, upon  
2 which a record of all changes to the project plans shall be made. As the Work  
3 progresses, Contractor shall be responsible for and shall maintain a record of all  
4 deviations in the mechanical, electrical, plumbing, and other Work from that indicated on  
5 the plans. As a condition for considering the project complete, the record drawings must  
6 be delivered to the Engineer, and deemed acceptable.

7 15) Shop Drawings. Mill drawings, shop drawings, setting diagrams, schedules, maker's  
8 specifications, and illustrations requisite for the various parts of the Work shall be  
9 provided, and promptly submitted by Contractor. These shall be submitted in duplicate or  
10 as directed, shall be corrected if necessary, and resubmitted until review by the Project  
11 Manager is complete, after which corrected copies of each shall be filed with Project  
12 Manager and the necessary additional copies supplied for use in connection with the  
13 Work. Corrections or comments made on the shop drawings during this review do not  
14 relieve Contractor of his/her responsibility to comply with the requirements of the  
15 drawings and specifications. This review is only to check for general conformance with  
16 the design concept of the project and general compliance with the Agreement  
17 Documents. Contractor remains responsible for: confirming and correlating all  
18 dimensions and quantities; selecting fabrication processes and techniques of  
19 construction; coordinating the work of the trades; and performing the work in a safe and  
20 satisfactory manner.

21 16) Materials. All materials, unless otherwise specified, shall be new and of good quality,  
22 proof of which shall be furnished by Contractor; in case of doubt as to kind or quality  
23 required, samples shall be submitted to the Project Manager who will specify the kind  
24 and use of the material appropriate to the location and the function of the item in  
25 question, and Contractor shall furnish such accordingly.

26 17) Trade Names and Alternatives. The intent of the specifications is to specify high-grade  
27 standard equipment, and it is not the intent of these specifications to exclude or omit the  
28 products of any responsible manufacturer, if such products are equal in every respect to

## Exhibit A

1 those mentioned herein. Wherever an article, or any class of materials, is specified by  
2 the trade name or by the name of any particular patentee, manufacturer, or dealer, it  
3 shall be taken as intending to mean and specify the article of material described or any  
4 other equal thereto in quality, finish, and durability, and equally as serviceable for the  
5 purpose for which it is, or they are intended.

6 18) Temporary Facilities.

7 a. Water and Electricity: Contractor may connect to existing water and electricity  
8 available on the site, provided it is suitable to Contractor's requirements. Water  
9 and electricity costs shall be paid by County. Contractor shall bear all expenses  
10 for carrying the water or electricity to the appropriate locations, and for  
11 connecting or tapping into existing lines. Contractor shall furnish fuel and other  
12 power for the operation of the heavy equipment, pneumatic tools, and  
13 compressors.

14 b. Toilet Facilities may be available on the site to the workers engaged in the  
15 performance of this Agreement. The use of such facilities may be revoked in the  
16 event of excess janitorial requirements, or at the discretion of County.

17 19) Fire Protection. Contractor shall not perform any fire hazardous operation adjacent to  
18 combustible materials. Any fire hazardous operation shall have proper fire extinguishers  
19 close by, and the adjacent area shall be policed before stopping work for the day.  
20 Contractor shall provide not less than one OSHA / National Fire Protection Association  
21 Class 10-ABC fire extinguisher for each 3,000 square feet of project area or fraction  
22 thereof.

23 20) Dust Separation and Protective Barricades. When directed as part of an individual Job  
24 Order, Contractor shall erect temporary dust separation partitions and floor mats as  
25 necessary to confine dust and debris within the area of Work. Contractor shall post  
26 signs, and erect, and maintain barriers and warning devices for the protection of the  
27 general public and Contractor and County personnel.

## Exhibit A

1 Contractor shall provide adequate protection for all parts of the present buildings and its  
2 contents and occupants wherever Work under this Agreement is to be performed.

3 Contractor shall observe that the health and welfare of occupants of the existing  
4 buildings may be affected by noises and fumes produced by the construction. Contractor  
5 shall avoid creating loud and unnecessary noise, and noise-producing Work shall be  
6 performed as far away from occupied areas as is consistent with the efficient conduct of  
7 the Work.

8 21) Damage to Existing Work. Damage to existing construction, equipment, and planting by  
9 Contractor in the performance of the Work shall be replaced or repaired and restored to  
10 original condition by Contractor at Contractor's expense.

11 22) Protection of Alarms, Security, Communications, and Computer Systems. Contractor  
12 shall be responsible for all costs incurred by County on these systems as a result of  
13 Work by Contractor or damage caused by Contractor's operations, including costs  
14 associated with false fire alarms caused by Contractor operations.

15 23) Parking. County will provide parking spaces at the project site when parking is available;  
16 however, Contractor shall not rely on County to provide parking.

17 24) Asbestos Containing Material ("ACM"). When the Job Order requires Contractor not to  
18 remove ACM, Contractor shall exercise caution when working around ACM to prevent  
19 the release of ACM into the atmosphere. If damage to ACM results in release of airborne  
20 asbestos fibers to the atmosphere, then control measures required by Federal and State  
21 regulations must be instituted at Contractors expense. Any ACM damaged by  
22 Contractor's operations shall be repaired at Contractor's expense in accordance with  
23 applicable Federal, State, and local laws and regulations. When the Job Order requires  
24 the removal of ACM, Contractor shall remove, transport, and dispose of either non-  
25 friable ACM or less than 100 square feet of friable ACM in accordance with Federal,  
26 State, and local statutes and regulations. Contractor shall furnish project notification  
27 documents, employee information, equipment certifications, material specifications and  
28 samples, project work plan and air monitoring plan, and other project submittals or

## Exhibit A

1 documentation as required by statute or regulation. The methods for removal and  
2 disposal of either non-friable ACM or friable ACM selected by Contractor shall be  
3 approved by County before commencing removal operations. If, during the course of  
4 removal operations, County determines that removal methods used by Contractor result  
5 or may result in releasing airborne asbestos fibers to the atmosphere, Contractor shall  
6 immediately cease Contractor's current ACM removal operations, and propose a new  
7 method for removal of ACM for the approval of County. If removal of ACM results in  
8 release of airborne asbestos fibers to the atmosphere, then control measures required  
9 by Federal and State regulations must be instituted at Contractor's expense. Work area  
10 air monitoring may be required for individual Job Orders, at the discretion of County.  
11 Work area air monitoring shall be paid for by Contractor. The Engineer reserves the right  
12 to require Contractor, at Contractors expense, to utilize a Contractor certified by  
13 Contractors State License Board and registered with the Division of Occupational Safety  
14 and Health to remove and dispose of ACM, if, in the opinion of the Engineer based on  
15 Contractor's performance of ACM removal, only a certified and registered Contractor  
16 would possess the technical skills and resources required to remove the ACM. At  
17 Contractor's option, removal and disposal of non-friable ACM or friable ACM where  
18 removal and disposal may result in release of airborne asbestos fibers to the  
19 atmosphere may be subcontracted to a Contractor certified by Contractors State License  
20 Board and registered with the Division of Occupational Safety and Health.

21 25) Trenching and Excavation. In accordance with section 7104 of the California Public  
22 Contract Code, the following provisions shall apply to any contract involving digging of  
23 trenches or other excavations that extend deeper than four feet below the surface:

24 a. Contractor shall promptly, and before the following conditions are disturbed,  
25 notify County, in writing, of any:  
26 i. Material that Contractor believes may be material that is hazardous waste, as  
27 defined in section 25117 of the Health and Safety Code that is required to be

## Exhibit A

1 removed to a Class I, Class II, or Class III disposal site in accordance with  
2 provisions of existing law.

3 ii. Subsurface or latent physical conditions at the site differing from those  
4 indicated.

5 iii. Unknown physical conditions at the site of any unusual nature, different  
6 materially from those ordinarily encountered and generally recognized as  
7 inherent in work of the character provided for in the Job Order.

8 b. County shall promptly investigate the conditions, and if it finds that the conditions  
9 do materially so differ, or do involve hazardous waste, and cause a decrease or  
10 increase in Contractor's cost of, or the time required for, performance of any part  
11 of the work, shall issue an additional Job Order.

12 c. In the event that a dispute arises between County and Contractor whether the  
13 conditions materially differ, or involve hazardous waste, or cause a decrease or  
14 increase in Contractor's cost of, or time required for, performance of any part of  
15 the Work, Contractor shall not be excused from any scheduled completion date  
16 provided for by the Agreement but shall proceed with all Work to be performed  
17 under the Agreement. Contractor shall retain any and all rights provided either by  
18 contract or by law which pertain to the resolution of disputes and protests  
19 between the contracting parties.

20 26) In-Patient Care Facilities. Some of the Work may require Contractor to work in in-patient  
21 care facilities. The intent of Agreement Documents will be to construct or reconstruct the  
22 hospital facilities for an individual Job Order in accordance with Title 24, California Code  
23 of Regulations. If any conditions develop that are not covered by the Agreement  
24 Documents, wherein the completed Work shall not comply with said Title 24, California  
25 Code of Regulations, County shall develop a Job Order detailing any required Work and  
26 shall submit it to The Office of Statewide Health Planning and Development for approval  
27 prior to Contractor proceeding with the Work.

## Exhibit A

1 27) Warranty Response. In lieu of any time limits imposed or implied by the above-  
2 referenced Agreement Documents or stated in standard product warranties or special  
3 warranties, Contractor shall respond within 24 hours' notice from County that repairs or  
4 changes are required in connection with guaranteed Work, or equipment within the  
5 guarantee period.

6 28) Rights and Remedies of County for Default. In case of default by Contractor, County  
7 may procure the articles or service from another source and may recover the cost  
8 difference and related expenses from any unpaid balance due Contractor or by  
9 proceeding against performance bond of Contractor, if any, or by suit against Contractor.  
10 The prices paid by County shall be considered the prevailing market price at the time  
11 such purchase is made.

12 Articles or services, which upon delivery inspection do not meet specifications, shall  
13 be rejected, and Contractor will be considered in default. Contractor shall reimburse  
14 County for expenses related to delivery of non-specified goods or services.  
15 Regardless of Freight on Board point, Contractor agrees to bear all risks of loss, injury or  
16 destruction to goods and materials ordered herein which occur prior to delivery; loss,  
17 injury, or destruction shall not release Contractor from any obligation hereunder.  
18 Contractor agrees to furnish all labor and materials, including tools, implements, and  
19 appliances required, and to perform all the Work in a good and workmanlike manner,  
20 free from any and all liens and claims of mechanics, material-men, subcontractors,  
21 artisans, machinists, teamsters, day-men, and laborers required for completing specific  
22 Job Orders, as directed by County.

23 29) Patent Indemnity. Contractor shall hold County, its officers, agents, and employees,  
24 harmless from liability of any nature or kind, including costs and expenses (including  
25 attorney's fees and costs), for infringement or use of any copyrighted or uncopyrighted  
26 composition, secret process, patented or unpatented invention, article or appliance  
27 furnished or used in connection with this Agreement.

1 30) Liquidated Damages. It is understood and agreed by both parties to this Agreement that  
2 if all the work specified or indicated in the Job Order is not completed within the specified  
3 time frames set forth in the Job Order, or within such time limits as extended, damages  
4 will be sustained by County in the event of and by reason of such delay. It is, and will be,  
5 impractical and extremely difficult to determine the actual damage which County will  
6 sustain by reason of the delay. It is therefore agreed that Contractor will pay, at a  
7 minimum, to County the sum of money stipulated per day in the Job Order for each day's  
8 delay in completing the work beyond the time prescribed.

9 For each calendar day that the Detailed SOW for a Job Order shall remain  
10 incomplete after the Job Order Completion Time, as amended pursuant to this Contract,  
11 the amount per calendar day specified in following table, Schedule of Liquidated  
12 Damages, may be deducted from any money due the Contractor, not as a penalty but as  
13 liquidated damages.

| Value of Job Order   | Liquidated Damages |
|----------------------|--------------------|
| \$0 to \$10,000      | \$100/Day          |
| \$10,001 to \$50,000 | \$250/Day          |
| Over \$50,000        | \$500/Day          |

14 County shall determine the application of liquidated damages, and the value of  
15 liquidated damages. Each Job Order shall state whether liquidated damages will be  
16 applied. County may withhold liquidated damages from payments to Contractor as such  
17 damages accrue, or, at County's discretion, withhold liquidated damages from any  
18 payments due or that become due pursuant to a Job Order, including Retention and final  
19 payment (pursuant to Government Code section 53069.85). County shall execute a  
20 credit Job Order to assess liquidated damages against Contractor.

21 31) Assignment of Moneys. The Contractor agrees to furnish all labor and materials,  
22 including tools, implements, and appliances required, and to perform all the Work in a  
23 good and workmanlike manner, free from any and all liens and claims of mechanics,  
24

## Exhibit A

1 material-men, subcontractors, artisans, machinists, teamsters, day-men, and laborers  
2 required for completing specific Job Orders, as directed by the County.

3 Contractor shall use The Gordian Group, Inc.'s Job Order Contracting (JOC) System for  
4 its JOC program. The Gordian Group, Inc.'s JOC System includes proprietary JOC  
5 applications that shall be used by Contractor to prepare and submit JOC proposals,  
6 subcontractor lists, and other requirements as specified by County. Contractor shall be  
7 assessed a Contractor license fee by The Gordian Group, Inc. of one percent (1%) of  
8 the value of construction of each project awarded by County ("Contractor License Fee").  
9 Such Contractor License Fee shall be billable by The Gordian Group, Inc., and is  
10 payable to The Gordian Group, Inc.

11 32) Prevailing Wage. In accordance with Labor Code section 1770, et seq., the Director of  
12 the Department of Industrial Relations of the State of California has determined the  
13 general prevailing wage rates and employer payments for health and welfare, pension,  
14 vacation, travel time and subsistence pay as provided for in section 1773.1,  
15 apprenticeship or other training programs authorized by section 3093, and similar  
16 purposes applicable to the work to be done.

17 Information pertaining to applicable Prevailing Wage Rates may be found on the  
18 website for the State of California – Department of Industrial Relations:  
19 <http://www.dir.ca.gov/oprl/PWD/index.htm>.

20 Information pertaining to applicable prevailing wage rates for apprentices may be found  
21 on the website for the State of California – Department of Industrial Relations:  
22 <http://www.dir.ca.gov/oprl/pwappwage/PWAppWageStart.asp>.

23 It shall be mandatory upon Contractor and upon any subcontractor to pay not less  
24 than the prevailing wage rates, including overtime and holiday rates, to all workers,  
25 laborers, or mechanics employed on this public work project, including those workers  
26 employed as apprentices. Further, Contractor and each subcontractor shall comply with  
27 Labor Code sections 1777.5 and 1777.6 concerning the employment of apprentices. A  
28

## Exhibit A

1 copy of the above-mentioned prevailing wage rates shall be posted by Contractor at the  
2 job site where it will be available to any interested party.

3 Contractor shall comply with Labor Code section 1775, and shall forfeit as a penalty  
4 to County Two Hundred Dollars (\$200.00) for each calendar day or portions thereof, for  
5 each worker paid less than the prevailing wage rates for the work or craft in which the  
6 worker is employed for any work done under this project by Contractor or by any  
7 subcontractor under Contractor in violation of Labor Code section 1770, et seq. In  
8 addition to the penalty, the difference between the prevailing wage rates and amount  
9 paid to each worker for each calendar day or portion thereof for which each worker was  
10 paid less than the prevailing wage rate shall be paid to each worker by Contractor or  
11 subcontractor.

12 Contractor and each of its subcontractors shall keep a log showing the name,  
13 address, social security number, work classification, straight time and overtime hours  
14 worked each day and week, and the actual per diem wages paid to each journeyman,  
15 apprentice, worker, or other employee employed by him or her in connection with this  
16 public work project. In accordance with Labor Code section 1776, each payroll record  
17 shall be certified and verified by a written declaration under penalty of perjury stating that  
18 the information within the payroll record is true and correct, and that Contractor or  
19 subcontractor has complied with the requirements of Labor Code sections 1771, 1811  
20 and 1815 for any work performed by its employees on this public work project. These  
21 records shall be open at all reasonable hours to inspection by County, its officers, and  
22 agents, and to the representatives of the State of California – Department of Industrial  
23 Relations, including but not limited to the Division of Labor Standards Enforcement.

24 33) Subcontractor Oversight. Contractor shall bind every subcontractor to the terms of this  
25 Agreement to carry out its provisions insofar as applicable to their work, and Contractor  
26 further agrees to pay to each subcontractor their due portion promptly upon issuance of  
27 certificate of payment.

## Exhibit A

1 Neither the acceptance of the name of a subcontractor, the suggestion of such  
2 name, any other act of the County, nor anything contained in the Agreement, shall be  
3 construed as creating any contractual relationship between County and any  
4 subcontractor.

5 County reserves the right to reject any proposed subcontractor, installer, or supplier  
6 who cannot show satisfactory evidence of meeting the qualifications required by this  
7 Agreement. In the event of such rejection, Contractor shall, within the time frame listed  
8 for submittal of revised Proposals, submit the name and qualifications of a replacement  
9 subcontractor, installer, or supplier satisfactory to County. Such replacement submittal  
10 shall be in accordance with this Agreement. No adjustment of a Job Order price proposal  
11 shall be made in the event of such replacement.

12 This Agreement is subject to nondiscrimination requirements, including, but not  
13 limited to, compliance by Contractor and its subcontractors with the provisions of  
14 Government Code section 12940.

15 34) Disadvantaged Business Enterprise (“DBE”). When an individual Job Order utilizes  
16 federal funds, and Contractor elects to require DBE participation, Contractor shall follow  
17 the Federal Good Faith Effort requirements for inclusion of DBE subcontractors and  
18 suppliers.

19 35) Division of Contract Documents. For convenience of reference and to facilitate the  
20 execution of independent contracts, the Agreement Documents may be separated into  
21 certain sections; such separation shall not operate to oblige the Project Manager to  
22 establish the limits of any contract between Contractor and subcontractor, each of whom  
23 shall depend upon their own contract stipulations. This Agreement shall apply with equal  
24 force to all Work, including extra Work.

### 25 **Outline of Procedure for Ordering Work**

26 1) As the need for Work arises, the County will notify the Contractor in writing.  
27 2) Upon receipt of this notification, the Contractor shall respond within one working day by:  
28

## Exhibit A

- 1 a) Establishing verbal contact with the County to further define the scope of the  
2 project, and;
- 3 b) Visiting the proposed Work site in the company of the County, and participating  
4 in a Joint Scope Meeting, which will include discussion and establishment of the  
5 following:
  - 6 i. Project number and title
  - 7 ii. Existing site conditions
  - 8 iii. Methods and alternatives for accomplishing Work
  - 9 iv. Definition and refinement of requirements
  - 10 v. Detailed Scope of Work
  - 11 vi. Requirements for design drawings, sketches, shop drawings, submittals,  
etc.
  - 12 vii. Tentative construction schedule
  - 13 viii. Preliminary quantity estimates
  - 14 ix. Access to the site and protocol for admission
  - 15 x. Hours of operation
  - 16 xi. Staging area
  - 17 xii. Liquidated damages
  - 18 xiii. Presence of hazardous materials
  - 19 xiv. Proposal due date
- 20 3) Upon completion of the Joint Scope Meeting, the Contractor will prepare a draft Detailed  
21 SOW referencing any sketches, drawings, photographs, and specifications required to  
22 accurately the Work to be accomplished. The County shall review the Detailed Scope of  
23 Work, and request any required changes or modifications. When an acceptable Detailed  
24 SOW has been prepared, the County will issue a Request for Job Order Proposal  
25 ("RFJOP") and Detailed SOW, which requires that the Contractor prepare a Proposal for  
26 the Work under consideration. The Detailed SOW, unless modified by both the  
27 Contractor and the County, will be the basis on which the Contractor will develop its Job  
28

## Exhibit A

1 Order Proposal, and the County will evaluate the same. The Contractor does not have  
2 the right to refuse to perform any task or any Work in connection with a particular  
3 RFJOP or Detailed SOW without the County's written approval and consent.

4 4) The County may, at its option, include quantities in the Detailed SOW if it helps to define  
5 the Detailed Scope of Work, if the actual quantities required are not known or cannot be  
6 determined at the time the Detailed SOW is prepared, if the Contractor and the County  
7 cannot agree on the quantities required, or for any other reason as determined by the  
8 County. In all such cases, the County shall issue a Supplemental Job Order adjusting  
9 the quantities appearing in the Detailed SOW to the actual quantities.

10 5) The Contractor will prepare the Job Order Price Proposal in accordance with the  
11 following:

12 a) Pre-priced Work requirements. A Pre-priced Task is a task described and for  
13 which a Unit Price is set forth in the ®. Pre-priced Work requirements will identify  
14 the type and number of Work units required from the CTC). The price per unit set  
15 forth in the CTC® shall serve as the base price for the purpose of the operation  
16 of this provision. The total of the Job Order Price Proposal shall be the sum of  
17 the cost of each applicable CTC® task, which is calculated according to the  
18 following formula:

19 **A= Number of Units Required for CTC® Task**

20 **B= Applicable Adjustment Factor**

21 **C= CTC® Price per Unit Cost of CTC® Task**

22 **A x B x C**

23 b) The Contractor's Job Order Proposal shall include supporting documentation to  
24 indicate that adequate engineering and planning for the Project have been done,  
25 and that the Work units and quantities proposed are reasonable for the tasks to  
26 be performed. Documentation to be submitted with the Job Order Proposal shall  
27 include, but not be limited to, the Job Order Price Proposal, design drawings,  
28 calculations, catalog cuts, specifications, and architectural renderings,

## Exhibit A

1 subcontractor list, and construction schedule. Any Job Order Proposal lacking  
2 the required items will be considered incomplete, and shall be returned and  
3 treated as if never received. Job Order Proposals submitted to the County are  
4 valid for the duration of the Agreement.

5 c) NPP Work Requirements: NPP Work shall be separately identified and submitted  
6 in the Job Order Price Proposal. Information submitted in support of NPP Work  
7 shall include, but not be limited to, the following:

- 8 i. Complete specifications and technical data, including Work unit content,  
9 support drawings, Work unit costs data, quality control and inspection  
10 requirements.
- 11 ii. Work schedule in written form.
- 12 iii. Pricing data submitted in support of NPP work units shall include a cost or  
13 price analysis report, establishing the basis for selecting the approach  
14 proposed to accomplish the project. Unless otherwise directed by the  
15 County, costing data will be submitted, demonstrating that the Contractor  
16 sought and received three quotes. The Contractor shall provide an  
17 installed unit price (or demolition price if appropriate), which shall include  
18 all costs required to accomplish the NPP Task.
- 19 iv. If the Contractor will perform the work with its own forces, it shall submit  
20 three independent quotes for all material to be installed and shall, to the  
21 extent possible, use Pre-Priced Tasks for labor and equipment from the  
22 CTC®. If the work is to be subcontracted, the Contractor shall submit  
23 three independent quotes from subcontractors.

24 The Contractor shall not submit a quote from any subcontractor or  
25 materialman that the Contractor is not prepared to use. County may  
26 require additional quotes if the subcontractors or materialmen are not  
27 acceptable, or if the prices are not reasonable. If three quotes cannot be  
28 obtained, the Contractor shall provide County with a written explanation. If

## Exhibit A

1 the explanation is accepted by County, the Contractor may provide less  
2 than three quotes.

3 v. The final price submitted for NPP Tasks shall be according to the  
4 following formula:

5 **Contractor Performed Duties**

6 A = The number of hours for each labor classification and hourly rates B =  
7 Equipment costs (other than small tools) C = Lowest of three independent  
8 quotes for all materials **Total Cost for self-performed work = (A+B+C) x**  
9 **15% (Only if A & B cannot be priced out of the CTC) For Work**  
10 **performed by Sub-Contractors:**

11 If the Work is to be subcontracted, the Contractor must submit three  
12 independent bids from subcontractors. If three quotes or bids cannot be  
13 obtained, the Contractor will provide the reason in writing for the County's  
14 approval as to why three quotes cannot be submitted.

15 D = Sub-Contractor Costs (supported by three quotes)

16 **Total Costs of Non-Pre-Priced Task = D x 15%**

17 vi. The County will evaluate the entire Proposal and proposed Work units,  
18 and compare these with the County's estimate of the Detailed SOW to  
19 determine the reasonableness of approach, including the nature and  
20 number of Work units proposed. The County will determine whether the  
21 Contractor's Job Order Price Proposal is in line with its own estimate.  
22 vii. After using a NPP item on three separate Job Orders, the unit price for  
23 the work item will be established, following approval by the County, and  
24 fixed as a permanent pre-priced item, which will no longer require price  
25 justification.  
26 viii. The County's determination as to whether an item is a Pre-priced Task or  
27 a NPP Task shall be final, binding and conclusive as to the Contractor.

## Exhibit A

- ix. Whenever, because of trade jurisdiction rules or small quantities, the cost of a minor task in the Job Order Price Proposal is less than the cost of the actual labor and materials to perform such task, the County may permit the Contractor to be paid for such task as a NPP Task, or use Pre-priced labor tasks and material component pricing to cover the actual costs incurred. Provided, however, that there is no other Work for that trade on the project or other Work for that trade cannot be scheduled at the same time, and the final charge does not exceed \$1,000.00.

d) Processing Time Limits

- i. Request for Proposal Submittal. Contractor shall submit the Job Order Proposal to the County on or before the due date stated in the RFJOP (14 days maximum unless otherwise specified).
- ii. Request for Information Submittal. Contractor shall make a thorough analysis of each Job Order, and submit all Requests For Information (RFI's) within 7 days after issuance of any RFJOP. Submission of RFI's shall in no way extend the proposal due date unless deemed necessary by the County.
- iii. Job Order Price Proposal Review. Contractor's Project Manager or agent shall be available for Job Order Price Proposal review meetings within 24 hours of being notified by the County (via facsimile, electronic mail, or telephone). After review of the Job Order Price Proposal, Contractor shall remove all inappropriate line items and adjust quantities as directed by the County. Job Order Price Proposal Modification. Only on the Contractor's second Job Order Price Proposal shall he/she be granted the opportunity to add new valid line items that may have been omitted from the first Job Order Price Proposal. Contractor shall submit a revised Job Order Price Proposal within 24 hours of Job Order Price Proposal review meeting (unless otherwise specified). Upon review of revised Job

- iv. The County reserves the right to reject a Contractor's Job Order Proposal or cancel a project for any reason. The County reserves the right to issue a Notice to Proceed to the Contractor without having a mutual agreement on a final Job Order Price, and that the Contractor will be paid by multiplying the actual quantities used by the appropriate CTC® Unit Price and the applicable Adjustment Factors. NPP Tasks will be priced according to the formula set forth in Exhibit A, section 5(c)(v) of these General Conditions. The County also reserves the right to not award a Job Order if it is determined to be in the best interests of the County, or the proposed cost exceeds the County's estimate. The County may perform such work by other means. In these instances, the Contractor has no right of claim to recoup Job Order Proposal expenses, including but not limited to, the costs to attend the Joint Scope Meeting, review the Detailed Scope of Work, prepare a Job Order Proposal (including incidental architectural and engineering services), subcontractor costs, and the costs to review the Job Order Proposal with the County.
- v. Unilateral Job Order – The County reserves the right to issue Job Orders based on the County's Job Order Price Proposal for a specified Detailed SOW.
- vi. By submitting a signed Job Order Proposal to the County, the Contractor is agreeing to accomplish the Work outlined in the Detailed SOW in accordance with the RFJOP at the lump sum price submitted for that

## Exhibit A

1 particular Job Order. The Contractor shall include the necessary tasks  
2 and quantities in the Job Order Price Proposal and apply the appropriate  
3 Adjustment Factor(s) prior to delivering it to the County. The value of the  
4 Job Order Price Proposal shall be calculated by summing the total of the  
5 calculations for each Pre-priced Task (Unit Price x Quantity x Adjustment  
6 Factor) plus the value of all NPP Tasks. The Job Order Price shall be the  
7 value of the approved Job Order Price Proposal.

8 vii. The County will evaluate the entire Job Order Priced Proposal and  
9 compare these with the County's estimate of the Detailed SOW to  
10 determine the reasonableness of approach, including the appropriateness  
11 of the tasks and quantities proposed.

12 viii. The Contractor may choose the means and methods of construction,  
13 subject to the County's right to reject any means and methods proposed  
14 by the Contractor that:

15     • Will constitute or create a hazard to the work, or to persons or  
16         property;  
17     • Will not produce finished Work in accordance with the terms of the  
18         Agreement; or  
19     • Unnecessarily increases the price of the Job Order when  
20         alternative means and methods are available.

21 ix. Each Job Order provided to the Contractor shall reference the Detailed  
22 SOW, and set forth the Job Order Price and the Job Order Completion  
23 Time. All clauses of this Agreement shall be applicable to any Job Orders  
24 issued under this clause. Job Orders will be written on an appropriate  
25 form. The Job Order, which must be signed by the County, constitutes the  
26 County's acceptance of the Contractor's Proposal. A signed copy will be  
27 provided to the Contractor.

28

## Exhibit A

- 1                   x. Except in an emergency response the Contractor is not to proceed with  
2                   any Job Order without having required permits and a Notice to Proceed  
3                   signed by the Project Manager.
- 4                   xi. In the event that immediate emergency response is necessary, the  
5                   County may elect to use an alternative procedure for such type of Job  
6                   Orders, as long as the alternative procedure is not substantially more  
7                   burdensome to the Contractor than the procedure described in this  
8                   section.
- 9                   xii. All Proposals submitted by the Contractor are valid for the duration of the  
10                   Agreement.
- 11                   e) Measurements to be Verified. Before ordering any material or doing any Work,  
12                   the Contractor shall verify all measurements at the site of a specific Job Order,  
13                   and shall be responsible for the correctness of the measurements. No extra  
14                   charge or compensation will be allowed based on the difference between actual  
15                   dimensions and the measurements indicated in the Request for Proposal
- 16                   f) Contractor's Responsibility. It is the Contractors' responsibility to verify any and  
17                   all such items prior to submission of the Job Order Proposal. Contractors are  
18                   also cautioned that any Job Order awarded is for all services or Work, as  
19                   necessary, to repair, and construct the facilities covered by the Agreement in  
20                   accordance with all Agreement terms and conditions. It shall also be the duty and  
21                   responsibility of the Contractor to manage and conduct the required Work in the  
22                   most effective and efficient manner possible and meet or exceed minimum  
23                   critical rates or standards.

24                   In addition, the County will not consider any claims for additional  
25                   compensation when such claim is based upon a contention the Agreement did  
26                   not specifically mention an item or component of facility covered by the Job  
27                   Order if the Work is required in the normal course of operations. For example,  
28                   surfaced area repair statements may not mention culverts; however, culverts are

## Exhibit A

1 a normal component of roads, streets, or erosion controls and are shown on plots  
2 or maps provided. As culverts are a normal component of the system, the  
3 Contractor shall be responsible for providing all necessary repair, or replacement  
4 Work or service.

5 g) Pre-Construction Conference. Before the issuance of the first Job Order under  
6 this Agreement, a conference will be conducted by the County to acquaint the  
7 Contractor with County's procedures that are to be observed during the  
8 execution of the Work, and to develop mutual understanding relative to the  
9 administration of the Agreement.

10 h) Job Order Contracting Software and License Fee JOC Software and System  
11 License. The County selected the Gordian Group's (Gordian) Job Order  
12 Contracting (JOC) Solution for their JOC program. The Gordian JOC Solution™  
13 includes Gordian's proprietary JOC Information Management System ("JOC  
14 IMS"), construction cost data, and CTC® which shall be used by the Contractor  
15 solely for the purpose of fulfilling its obligations under this Agreement, including  
16 the preparation and submission of Job Order Proposals, Price Proposals,  
17 subcontractor lists, and other requirements specified by the County.

  - (i) Each insurance certificate must state that: (1) the insurance coverage has been obtained and is in full force; (2) the County, its officers, agents, employees, and volunteers are not responsible for any premiums on the policy; and (3) the Contractor has waived its right to recover from the County, its officers, agents, employees, and volunteers any amounts paid under any insurance policy

The commercial general liability insurance certificate must also state that the coverage shall apply as primary insurance and any other insurance, or self-insurance, maintained by the County shall be excess only and not contributing with insurance provided under the Contractor's policy.
- (iii) The automobile liability insurance certificate must state that the policy covers any auto used in connection with this Agreement.
- (iv) The professional liability insurance certificate, if it is a claims-made policy, must also state the retroactive date of the policy, which must be prior to the date on which services began under this Agreement.

- (vi) The cyber liability insurance certificate must also state that it is endorsed, and include an endorsement, to cover the full replacement value of damage to, alteration of, loss of, or destruction of intangible property (including but not limited to information or data) that is in the care, custody, or control of the Contractor.

(B) **Acceptability of Insurers.** All insurance policies required under this Agreement must be issued by admitted insurers licensed to do business in the State of California and possessing at all times during the term of this Agreement an A.M. Best, Inc. rating of no less than A: VII.

(C) **Notice of Cancellation or Change.** For each insurance policy required under this Agreement, the Contractor shall provide to the County, or ensure that the policy requires the insurer to provide to the County, written notice of any cancellation or change in the policy as required in this paragraph. For cancellation of the policy for nonpayment of premium, the Contractor shall, or shall cause the insurer to, provide written notice to the County not less than 10 days in advance of cancellation. For cancellation of the policy for any other reason, and for any other change to the policy, the Contractor shall, or shall cause the insurer to, provide written notice to the County not less than 30 days in advance of cancellation or change. The County in its sole discretion may determine that the failure of the Contractor or its insurer to timely provide a written notice required by this paragraph is a breach of this Agreement.

(D) **County's Entitlement to Greater Coverage.** If the Contractor has or obtains insurance with broader coverage, higher limits, or both, than what is required under this Agreement, then the County requires and is entitled to the broader coverage, higher limits, or both. The Contractor is solely responsible to obtain any policy endorsement that may be necessary to accomplish that waiver, but the Contractor's waiver of subrogation under this paragraph is effective whether or not the Contractor obtains such an endorsement.
- (F) **County's Remedy for Contractor's Failure to Maintain.** If the Contractor fails to keep in effect at all times any insurance coverage required under this Agreement, the County may, in addition to any other remedies it may have, suspend or terminate this Agreement upon the occurrence of that failure, or purchase such insurance coverage, and charge the cost of that coverage to the Contractor. The County may offset such charges against any amounts owed by the County to the Contractor under this Agreement.
- (G) **Sub-Contractors.** The Contractor shall require and verify that all subcontractors used by the Contractor to provide services under this Agreement maintain insurance meeting all insurance requirements provided in this Agreement. This paragraph does not authorize the Contractor to provide services under this Agreement using subcontractors.

Facility emergencies related to fire will be addressed in the Fire Safety Plan Policy.

### **400.2 POLICY**

It is the policy of this Department to have emergency response plans in place to quickly and effectively respond to and minimize the severity of any emergency within the facility.

### **400.3 EMERGENCY PROCEDURES**

The Chief Probation Officer or the authorized designee shall develop, publish, and periodically review and update facility-specific policies, procedures, and emergency response plans that shall include but not be limited to (15 CCR 1327):

The facility emergency response plans are intended to provide all staff members with current methods, guidelines, and training for minimizing the number and severity of emergency events that may threaten the security of the facility or compromise the safety of staff members, youth, or the community.

The emergency response plans are intended to provide information on specific assignments and tasks for staff members. Where appropriate, the emergency response plans will include persons

The emergency response plans shall be made available to all staff members, contractors, and volunteers working in the facility as needed. Confidential policies and procedures that relate to the security of the facility may be kept in a separate manual (15 CCR 1327).

**400.3.1 EMERGENCY SUSPENSION OF REQUIREMENTS**

The Chief Probation Officer or the authorized designee shall authorize only those regulations directly affected by the emergency to be suspended. When a suspension occurs for longer than three days, the Chief Probation Officer or the authorized designee shall notify the Board of State and Community Corrections in writing. In no event shall a suspension continue for more than 15 days without the approval of the Chairperson of the Board of State and Community Corrections for a time specified by the Chairperson (see the Emergency Suspension of Standards or Requirements attachment).

**400.4 LOCKDOWN**

Upon detecting any significant incident that threatens the security of the facility, such as a riot, power outage or hostage situation, staff members shall immediately notify Institutional Core Central Control (ICCC) and the Watch Commander. The Watch Commander may determine whether to order a partial or full lockdown of the facility and shall notify the Deputy Chief or the authorized designee as soon as practicable.

The Chief Probation Officer or the authorized designee shall notify the youth's parent/guardian, the youth's probation officer, the local authority having supervisory jurisdiction, and the youth's social worker (if applicable) of the incident and periodically provide updates on the status of the youth.

**400.5.1 NOTIFICATION OF QUALIFIED HEALTH CARE PROFESSIONALS**

The Chief Probation Officer or the authorized designee shall notify the Medical Director to review, coordinate, and document any medical actions taken, based on protocols and/or at the direction of qualified health care professionals, in response to a hunger strike.

Qualified health care professionals shall monitor the health of any youth involved in a hunger strike and make recommendations to the Chief Probation Officer or the supervisory staff member responsible for oversight of the incident.

If a youth is engaging in a hunger strike due to a mental condition, the appropriate medical protocols for mental health will be followed.

**400.5.2 RESPONSE TO HUNGER STRIKES**

Beginning at the line staff member level, a resolution to grievances shall be sought at the lowest level. The Youth Grievances Policy shall guide staff members on resolving youth grievances.

If the hunger strike remains unresolved, the Chief Probation Officer or the authorized designee may direct the appropriate staff member to observe the room area, including trash containers, of the youth involved for evidence of food items and of food hoarding.

**400.5.3 LEGAL GUIDANCE**

If attempts to resolve the grievance are unsuccessful or not reasonably possible, the Chief Probation Officer shall consider consulting with legal resources as appropriate to develop other steps to resolve the issues.

**400.6 RESPONSE TO DISTURBANCES**

**400.7 RIOTS**

Riots occur when youth forcibly and/or violently take control, or disrupt in large numbers with violence or attempt to take control of any area within the Juvenile Justice Campus.

Staff members shall make reasonable attempts to prevent youth-on-youth violence but shall also take measures to avoid aggravating the problem and making the situation worse (15 CCR 1327).

**400.7.1 RESPONSE TO RIOTS**

Once the area of the disturbance is secured and isolated from other areas of the facility, time is generally on the side of officers. If possible, the process of quelling the disturbance should slow down so officers can develop response plans, ensure there are adequate facility personnel to effectively take the required actions, and ensure that responding officers are appropriately equipped with protective gear.

Officers shall evaluate their response given the totality of circumstances in any situation, but generally shall not enter the space where a riot is occurring until sufficient officers are present to safely suppress the riot. Nothing in this policy shall prohibit any staff member from assisting other staff members who are being assaulted.

Other housing units must be secured, with sufficient officers remaining at their posts to continue to supervise the unaffected units.

If officers are unable to contain, control, and resolve the riot, a request for assistance shall be made to the appropriate law enforcement agency (see the Mutual Aid section in this policy). The request shall be made by the Chief Probation Officer or the authorized designee. When the riot has been suppressed, all involved officers must immediately return to their assigned posts and normal operations should resume.

All youth who have participated in a riot shall be separated and secured as soon as practicable. If necessary, injured youth shall receive a medical evaluation and treatment. If an injured youth is medically cleared to remain in the Juvenile Justice Campus, the youth will be reclassified and moved to appropriate housing. If a crime has occurred with injury or death due to the riot, the Fresno Sheriffs Office shall be notified to investigate the matter (15 CCR 1327).

**400.7.4 REPORTING**

The Chief Probation Officer or the authorized designee shall order that a report be written detailing the incident by the end of the shift (see the Report Preparation Policy) unless approved by a supervisor to be completed at a later time (15 CCR 1327).

**400.8 HOSTAGES**

The Department does not recognize the taking of hostages as a reason to relinquish control of the Juvenile Justice Campus. Signage will be posted in the lobbies, and visiting area that JJC is a no hostage facility. It is the policy of the Fresno County Probation Department to use all available resources reasonably necessary to bring about a successful end to a hostage situation (15 CCR 1327).

**400.8.1 RESPONSE TO HOSTAGE INCIDENT**

Institutional Core Central Control (ICCC) should immediately be notified at the earliest sign of a hostage incident. Institutional Core Central Control (ICCC) shall notify the Chief Probation Officer through the chain of command as soon as practicable.

The Chief Probation Officer or the authorized designee shall make every effort to ensure that the hostage incident remains confined to the smallest area possible. All door controls accessible to youth shall be disabled. Emergency exits that lead outside the secure perimeter shall be guarded (15 CCR 1327).

**400.8.2 NOTIFICATION OF QUALIFIED HEALTH CARE PROFESSIONALS**

At the direction of the Watch Commander or the authorized designee, the qualified health care professionals shall be notified in order to identify a location and form a logistical plan for medical triage. **400.9 ESCAPES**

Upon being made aware that an escape may have occurred or did occur, the staff member shall notify the on-duty Watch Commander. The Watch Commander shall notify the Chief Probation Officer through the chain of command as soon as practicable.

Once the escape is verified and immediate actions have been taken inside the facility (e.g., lockdown), the Watch Commander should ensure that all local law enforcement agencies are notified (15 CCR 1327).

**400.9.1 YOUTH COUNTS**

As soon as the facility is fully locked down, a full youth head count should be taken.

**400.11 DEBRIEFING**

All responding staff members, including medical responders, shall be debriefed, as determined by the Chief Probation Officer or the authorized designee, on serious facility emergencies as soon as practicable after the conclusion of the incident. The staff members shall examine the incident from the perspective of what worked, what actions were less than optimal, and how the response to a future incident might be improved. Depending on the degree of the situation, it may be necessary to bring in Mental Health professionals to help facilitate the debriefing to include any youth involved.

If appropriate, the details of the incident will be used to develop a training course for responding to facility disturbances. The goal of any debriefing process is continuous improvement. A moderator shall ensure that no individual or group involved in the response is publicly ridiculed.

**400.12 EMERGENCY HOUSING OF YOUTH**

The Chief Probation Officer or the authorized designee shall develop a plan on the emergency housing of youth in the event of a full or partial evacuation of the facility. The plan shall address when youth should be housed in place, identification of alternate facilities and the potential capacity of those facilities, youth transportation options, and contact information for allied agencies. This plan shall be reviewed at least annually and revised if necessary.

**400.13 MUTUAL AID**

The magnitude and anticipated duration of a facility emergency may necessitate interagency cooperation and coordination. The Deputy Chief shall ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated for the safe keeping and transportation of youth during the facility emergency and evacuation process (see the Emergency Evacuation Policy). For a large-scale emergency response, see the Emergency Evacuation Policy and Emergency Staffing Policy.

When another agency requests assistance from this Department, the Deputy Chief or authorized designee may authorize, if available, an appropriate number of personnel to assist. NO: B-130

EFFECTIVE DATE: 12-18-89

**AUTHORITY:** Sheriff M. Mims **APPROVED BY:** Assistant Sheriff T. Gattie

REFERENCE: California Code of Regulations, Title 15, Section 1029(a)(7)(B) and Penal Code Section 236.

---

**PURPOSE:**

The purpose of this policy is to establish procedures which provide for the resolution of a hostage-taking incident while preserving the safety of staff, public, inmates, and hostages, and maintaining facility security.

---

## POLICY:

The Fresno County Sheriff's Office Jail Division maintains a **NO HOSTAGE FACILITY** and will not consider bargaining with hostage takers for **ANY** reason.

It is the policy of the Fresno County Sheriffs Office Jail Division that once any staff member is taken hostage, they immediately lose their authority and any orders issued by that person will not be followed regardless of their rank or status.

It is the policy of the Fresno County Sheriffs Office Jail Division that the primary responsibility of all staff members in a hostage situation is to protect every person involved, if possible, from serious injury or death.

## PROCEDURES:

## I. DEFINITION

**HOSTAGE SITUATION:** any staff member, citizen or inmate held against their will by another person for the purpose of escape, monetary gain or any reason which may place an individual in danger of losing life or suffering serious injury.

## II. NOTIFICATIONS, CONTAINMENT AND CONTROL OF THE SITUATION

- A. Emergency procedures and notifications shall be implemented as per Emergency Planning procedures (B-101/FILE: EMERGENCY).
- B. The Watch Commander will notify the Patrol Watch Commander and apprise them of the incident. The Patrol Watch Commander may be requested to activate the Crisis Negotiations Team (CNT), outside support agencies, equipment, personnel, and

dispatch a detective to the scene for the crime report.

III. DURING NEGOTIATIONS

- A. While at the scene, the CNT members will conduct all verbal or written communications between the hostage taker(s) and the Incident Commander. CNT will immediately notify the Incident Commander of any changes in the following situations:
  - 1. Hostage status
  - 2. Incident changes and developments
  - 3. Hostage taker demands
  - 4. Any and all pertinent information concerning the incident
- B. Staff members at the scene not actively involved with negotiations will not act or speak out to the hostage taker(s) or hostages.
- C. The Tactical Commander will formulate a plan to take the necessary actions, using the appropriate force, to terminate the hostage situation in the event negotiations fail. Hostage safety will be of paramount concern.

IV. HOSTAGE SURVIVAL STRATEGIES

- A. If taken hostage, it is important to make the transition from being a victim to being a survivor. The following are not strict rules that must be rigidly followed, but rather general guidelines. There will always be exceptions.
  - 1. Regain/maintain composure. Try to be calm, focused and clear-headed at all times. Do not stand out from other hostages. Drawing unnecessary attention increases the chance of being singled out and victimized.
  - 2. Maintain a low-key, unprovocative posture. Overt resistance is usually counterproductive in a hostage situation.
    - a. Remain calm and follow instructions. Comply with the hostage takers when at all possible.
    - b. Be stoic. Maintain an outward face of acceptance of adversity with dignity. Avoid open displays of cowardice and fear. Inmates will view frailty and feebleness as weakness, which may lead to victimization.
    - c. Do not antagonize, threaten or aggravate the hostage takers. Avoid saying "no", or arguing with the hostage takers. Do not act authoritative. The hostage takers

must make it known that they are in charge.

- d. Eye contact may be regarded as a challenge; make eye contact with the hostage takers sparingly.
- e. Fight off basic instincts, such as anger and hostility. Be polite and remain alert. Speak normally and don't complain.
- 3. Hostages should try to establish a level of rapport or communication with their captors in attempt to get the captors to recognize them as human beings.
- 4.
  - a. Find a mutual ground, an association with the hostage takers. Foster communication on non-threatening topics (e.g., family, hobbies, sports, interests).
  - b. Use the captors' first names, if known. However, if hostage takers are attempting to conceal their identity, do not give any indication that they are recognized.
  - c. Listen actively to the captors' feelings and concerns, but never praise, participate in, or debate their "cause". If they want to talk about their cause, act interested in their viewpoints. Avoid being overly solicitous, which may be viewed as patronizing or insincere.
  - d. Do not befriend the inmates; such an attempt will likely result in exploitation.
  - e. Try asking for items that will increase personal comfort. Make requests in a reasonable, low-key manner.
- 5. Be prepared to be isolated and disoriented.
  - a. Do not talk to other hostages. The hostage takers may think a plot is being formed.
  - b. Develop mind games to stimulate thinking and maintain mental alertness.
- 6. Be tolerant of fellow hostages. Just as each person has different reactions to stress, each individual will have different methods of coping as a hostage. Some methods are not effective and may endanger the group, or be annoying to other hostages (e.g., constant talking). Try to help these people cope in other ways.
- 7. Gather intelligence. Hostages should take in and store as much detail, about their captors as possible without drawing attention to their efforts. Make mental notes and attempt to gather the following information: identification of the ring leader, the number of hostage takers, the type of weapons they are using, their tactics,

location within the area, etc.

8. Maintain hope. Depending on the circumstances, resolution of hostage situations can be a lengthy process.
- B. Stay away from doors and windows through which rescue teams may enter or shoot. If a rescue is attempted, drop to the floor and keep hands in view.
- C. If there is a chance to escape, the hostage should be certain of their success.
  1. Balance the likely payoff of any behavior with the possible consequences. Hostage takers may use violence or death to teach a lesson.
  2. Realize that Central Control will not open any doors for anyone.
- D. Hostages should be aware of the "Stockholm Syndrome", whereby hostages begin to show sympathy toward their captors. Hostages who develop Stockholm Syndrome often view the captor as giving life by simply not taking it. Such hostages often misinterpret a lack of abuse as kindness and may develop feelings of appreciation for the perceived benevolence.

## **BACKGROUND INVESTIGATIONS AND IDENTIFICATION (ID) BADGES**

### Background Investigations

Prior to the beginning of any services, one (1) background check may be required for every member of the Contractor's personnel providing services to a building location for the life of the agreement. The background check may be required before access is given to any County facility/property. Clearance will only be granted after a successful background check, completed by the County of Fresno Sheriff's Department. Background checks provided by any agency other than the County of Fresno Sheriff's Department will not be accepted.

The current cost of a background check is \$52 per person. This cost will be incurred by the Contractor. One check covering the cost of background checks for all employees shall be made payable to: Sheriff, County of Fresno. The Contractor will be notified regarding the result of background checks. Those that are accepted will report to County of Fresno Security to have their photo taken and ID badge issued.

Background checks are done on a first-come, first serve basis between the hours of 7:00 a.m. and 12:00 noon. Monday through Friday. The process takes approximately 20 minutes time. The amount of time it takes to receive the result of background checks varies from one day to a month (or longer), dependent upon the individual's history.

Individuals who are cleared through this process are entered into the Department of Justice database. Their records are flagged and the County of Fresno Sheriff's Department is notified if the person is ever arrested in the future.

When required by County, applicants' background checks must be approved prior to entering any County facility. Approval will not be granted to any individual possessing any of the following circumstances:

1. They have been convicted of a felony, or any crime involving moral turpitude, or carrying or possessing a dangerous weapon.
2. They have been charged with a felony or are currently under investigation for a felony.
3. They are charged with or convicted of any crime committed in or at a correctional institution.
4. They are currently on parole or probation or are a sentenced inmate at any correctional facility.
5. They have been refused a license as a private investigator or had such license revoked.
6. They have fraudulently represented themselves, their credentials, their employment or their criminal or arrest record on their application.
7. Make omissions or false statements on their application.
8. They have no valid reason for entering a facility.
9. Their admission into a facility could represent a threat to security, staff or inmate safety.
10. Further information regarding the criteria for background check clearance, including an appeal for process for someone who may be denied clearance, is available upon request.

Identification (ID) Badges

The Contractor's employees will be issued a badge that must be worn and be visible at all times during performance of work in any County building to identify the wearer as an individual who is authorized to enter County facilities.

1. ID badges will be given only after successfully completing the background investigation. ID badges will be issued when the photo is taken. If electronic access to any County facility is required, activation of the badge may take an additional 48 hours to complete.
2. The wearer will not escort or bring any other individuals into any County facilities. County issued ID badges are for the exclusive use of the individual named and pictured on the badge.
3. All ID badges will remain the property of the County and are returnable upon demand or upon the expiration of the contract. The Contractor will be responsible for collecting all ID badges issued and turning them in to the County Security Office when a contract ends or when an employee leaves employment. The Contractor will assume all responsibility for their employee's use of and the return of the County ID badges.
4. The ID badges will only be issued to individuals passing the Background check. Each individual will need to present themselves in person with a valid, clean, and legible copy of a Driver's license or State issued Identification Card to receive an ID badge.
