1. PROBLEM STATEMENT

Unincorporated Fresno County has seen troubling increases in fatal and severe crashes on its transportation network in recent years. According to the latest OTS crash rankings, Fresno County ranks 15th highest (out of 58 counties in the state) for pedestrian crashes involving children 15 or under. With over 3,400 miles of roadway covering 6,000 square miles, Fresno County has the highest number of maintained road miles of any county in the state. Some of these roads are vital routes for children under the age of 19 traveling to and from schools, a large portion of them in underserved communities. The majority of census tracts in Fresno County are disadvantaged. Because Fresno County is largely rural, many of its roads are classified as “local” and are not eligible for Federal funding. The County’s budget is not large enough to address all the inadequacies of its transportation system, since gas tax allocation is based mostly on population rather than road miles. As a result, projects such as the proposed safety study are rare but necessary to identify and prioritize bicycle and pedestrian projects.

Due to the vast rural nature of Fresno County, identifying and scoping safety projects oftentimes only happens when a crash occurs and comes to the attention of staff. By conducting the proposed study, the County will take a proactive approach to addressing the necessary safety concerns before they lead to serious or fatal injuries. Some schools are located next to train tracks, fire stations, warehouses, or farms that use heavy farm equipment. Fog in the San Joaquin Valley can sometimes be impossible to navigate and causes a significant safety concern for students walking or biking to school, because visibility is so low drivers may not see them. Commercial trucking is an issue at some rural schools, and parents at those schools have complained that trucks drive right in front of the school and the drivers can’t see the children crossing the street. Sometimes, projects are completed that only address one, or a handful, of needs but require a more robust planning assessment that would address a more comprehensive set of solutions.

The study and resulting plan would define key safety goals and components that would be vital to the County’s transportation safety strategy. Data retrieved from TIMS shows Fresno County has some of the highest youth fatalities in the state, other than Southern California and the East Bay. During the period of January 1, 2011 and December 31, 2021, there were 25,621 bicycle and pedestrian crashes, of which 4,723 were under the age of 19, and 1,981 were age 14 or younger. Out of the 25,621 crashes, 883 were killed. However, the ages of the victims were not specified in the data. Nevertheless, Fresno County is working toward a goal of zero fatalities through its Safe Streets for All Action plan that is currently in progress.

The proposed safety study around selected County schools is a necessary step to achieve that goal, with the resulting action plan proactively identifying and mitigating potential risks, to create a safe and secure learning environment for students and staff. The study, and resulting action plan, supports the County and State’s Vision Zero goal, encouraging walking and biking. The goal of the study is to foster collaboration and communication among stakeholders and the County, which would demonstrate a commitment to safety and build trust within the community. Overall, the proposed school safety assessment plan will serve as a vital tool for creating and maintaining a safe and secure transportation environment for students and their families. County staff and elected officials are continuously approached by community representatives, teachers, and parents concerned with the safety of children traveling to and from schools and the rural roads in the County. Communication and cooperation between the County and community representatives will be the key to successfully executing this study and implementing the resulting action plan. As part of Fresno Council of Government’s Regional Active Transportation Plan development, outreach meetings with each school district to hear their needs and concerns have been held which assisted in identifying the schools listed in this grant.

2. PERFORMANCE MEASURES

A. Goals:

1. Reduce the number of persons killed in traffic crashes.
2. Reduce the number of persons injured in traffic crashes.
3. Reduce the number of pedestrians killed in traffic crashes.
4. Reduce the number of pedestrians injured in traffic crashes.
5. Reduce the number of pedestrians killed under age 15 in traffic crashes.

6. Reduce the number of pedestrians injured under age 15 in traffic crashes. 7. Reduce the number of pedestrians killed over age 65 in traffic crashes. 8. Reduce the number of pedestrians injured over age 65 in traffic crashes. 9. Reduce the number of bicyclists killed in traffic crashes. 10. Reduce the number of bicyclists injured in traffic crashes. 11. Reduce the number of bicyclists under age 15 killed in traffic crashes. 12. Reduce the number of bicyclists under age 15 injured in traffic crashes. 13. Increase bicycle helmet usage.	
B. Objectives: 1. Issue a press release announcing the kick-off of the grant by November 15. The kick-off press releases and media advisories, alerts, and materials must be emailed to the OTS Public Information Officer at pio@ots.ca.gov, and copied to your OTS Coordinator, for approval 7 days prior to the issuance date of the release.	Target Number 1
2. Participate in the following campaigns: National Walk to School Day, National Bicycle Safety Month, California's Pedestrian Safety Month and National Pedestrian Safety Month.	4
3. Hold quarterly meetings with countywide pedestrian and/or bicycle safety stakeholders to collaborate on events, share best practices, and leverage resources.	4
4. Identify grant funded, straight time personnel. Include any vacancies or staff changes that have occurred. For any vacancies, include the status of filling the vacancy.	2
5. Execute subcontracts referenced in the budget. Prior to finalizing the subcontract, grantee should work with the OTS to ensure all costs in the sub contract are allowable. Upon execution of subcontract, upload a copy of the subcontract and request a revision to the grant budget to add new budget line items for associated costs under contractual services. If not yet executed, provide ETA.	1
6. Provide Crossing Guard training to reach individuals who will perform the duties of a Safety Patrol or Crossing Guard.	10
7. Develop a Safe Routes to School Action Plan for each of the ten (10) designated school sites with recommendations for improvements to sidewalks, pathways, pavement/crosswalk markings, signage, lighting, and signals at each site and incorporate these into Fresno County Safe Routes to School (SRTS) Action Plan. Work with schools who lack crossing guard programs to develop one. Promote community engagement for students and their parents/guardians, which includes local residents and businesses, to promote behavior changes/protocols for those walking, biking, or driving near these school sites. When reporting, include major findings, number of students impacted, timeline for implementation, and whether school administrations committed to following SRTS's recommendations. Upload copies to GEMS.	10
8. Evaluate the most critical transportation issues facing students at each of the ten (10) designated school sites, utilizing measurable methods to collect data on student walking/biking behavior and motorist driving behavior before/after school hours to document gaps in infrastructure, such as lack of sidewalks, pavement/crosswalk marking, signage, lighting, and signals. Analyze recent crash data, include surveys of students, parents/guardians, teachers, school administrators, and first responders, and record motorist traffic counts and student travel tallies (ped/bike counts). Examine data collected for common themes and/or priorities to inform the SRTS assessment/action plan process. When reporting, include date/location and short summary of key transportation concerns observed/reported.	10
3. METHOD OF PROCEDURE A. Phase 1 – Program Preparation (1st Quarter of Grant Year) - Develop operational plans to implement the “best practice” strategies outlined in the objectives section. - All training needed to implement the program should be conducted in the first quarter.	

- All grant related purchases needed to implement the program should be made in the first quarter.

Media Requirements

- Issue a press release approved by the OTS PIO announcing the kick-off of the grant by November 15, but no sooner than October 1. The kick-off release must be approved by the OTS PIO and only distributed after the grant is fully signed and executed. If you are unable to meet the November 15 deadline to issue a kick-off press release, communicate reasons to your OTS grant coordinator and OTS PIO.

B. Phase 2 – Program Operations (Throughout Grant Year)

Media Requirements

The following requirements are for all grant-related activities:

- Send all media advisories, alerts, videos, graphics, artwork, posters, radio/PSA/video scripts, storyboards, digital and/or print educational materials for grant-related activities to the OTS PIO at pio@ots.ca.gov for approval and copy your OTS grant coordinator. Optimum lead time would be 7 days before the scheduled release but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- Send all Powerpoint presentations, online presentations and trainings for grant-related activities to the OTS PIO at pio@ots.ca.gov for approval and copy your OTS grant coordinator. Certified training courses are EXEMPT from the approval process.
- The OTS PIO is responsible for the approval of the design and content of materials. The agency understands OTS PIO approval is not authorizing approval of budget expenditure or cost. Any cost approvals must come from the OTS grant coordinator.
- Pre-approval is not required when using any OTS-supplied template for media advisories, press releases, social media graphics, videos or posts, or any other OTS-supplied educational material. However, copy the OTS PIO at pio@ots.ca.gov and your OTS grant coordinator when any material is distributed to the media and public, such as a press release, educational material, or link to social media post. The OTS-supplied kick-off press release templates and any kickoff press releases are an exception to this policy and require prior approval before distribution to the media and public.
- If an OTS-supplied template, educational material, social media graphic, post or video is substantially changed, the changes shall be sent to the OTS PIO at pio@ots.ca.gov for approval and copy to your OTS grant coordinator. Optimum lead time would be 7 days prior to the scheduled release date, but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- Press releases, social media posts and alerts on platforms such as NextDoor and Nixle reporting immediate and time-sensitive grant activities (e.g. enforcement operations, day of event highlights or announcements, event invites) are exempt from the OTS PIO approval process. The OTS PIO and your OTS grant coordinator should still be notified when the grant-related activity is happening (e.g. car seat checks, bicycle rodeos, community presentations, DUI checkpoints, etc.).
- Enforcement activities such as warrant and probation sweeps, court stings, etc. that are embargoed or could impact operations by publicizing in advance are exempt from the PIO approval process. However, announcements and results of activities should still be copied to the OTS PIO at pio@ots.ca.gov and your OTS grant coordinator with embargoed date and time or with "INTERNAL ONLY: DO NOT RELEASE" message in subject line of email.
- Any earned or paid media campaigns for TV, radio, digital or social media that are part of a specific grant objective, using OTS grant funds, or designed and developed using contractual services by a subgrantee, requires prior approval. Please send to the OTS PIO at pio@ots.ca.gov for approval and copy your grant coordinator at least 3 business days prior to the scheduled release date.
- Social media posts highlighting state or national traffic safety campaigns (Distracted Driving Month, Motorcycle Safety Awareness Month, etc.), enforcement operations (DUI checkpoints, etc.), or any other grant-related activity such as Bicycle rodeos, presentations, or events, are highly encouraged but do not require prior approval.

- Submit a draft or rough-cut of all digital, printed, recorded or video material (brochures, posters, scripts, artwork, trailer graphics, digital graphics, social posts connected to an earned or paid media campaign grant objective) to the OTS PIO at pio@ots.ca.gov and copy your OTS grant coordinator for approval prior to the production or duplication.
- Use the following standard language in all press, media, and printed materials, space permitting: Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
- Space permitting, include the OTS logo on all grant-funded print materials, graphics and paid or earned social media campaign grant objective; consult your OTS grant coordinator for specifics, format-appropriate logos, or if space does not permit the use of the OTS logo.
- Email the OTS PIO at pio@ots.ca.gov and copy your OTS grant coordinator at least 21 days in advance, or when first confirmed, a short description of any significant grant-related traffic safety event or program, particularly events that are highly publicized beforehand with anticipated media coverage so OTS has sufficient notice to arrange for attendance and/or participation in the event. If unable to attend, email the OTS PIO and coordinator brief highlights and/or results, including any media coverage (broadcast, digital, print) of event within 7 days following significant grant-related event or program. Media and program highlights are to be reflected in QPRs.
- Any press releases, work plans, scripts, storyboards, artwork, graphics, videos or any educational or informational materials that received OTS PIO approval in a prior grant year needs to be resubmitted for approval in the current grant year.
- For additional guidance, refer to the [OTS Grants Materials Approval Process Guidelines](#) and [OTS Grants Media Approval Process FAQs](#) on the OTS website.
- Contact the OTS PIO or your OTS grant coordinator for consultation when changes from any of the above requirements might be warranted.

RESTRICTION ON STATE LOBBYING **(applies to subrecipients as well as States)**

This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.
