Temporary Shelters

Purpose

The County of Fresno shall respond to complaints and concerns arising in and around the areas in which individuals have erected temporary shelters. This will be done in a manner that protects the public health, safety and welfare, and which complies with applicable state and federal law. All public streets and public areas, including, but not limited to open space, sidewalks, parks, buildings, and easements within the county should be easily accessible and available to residents and the public.

The use of these areas for camping purposes or storage of personal property interferes with the rights of others to use the areas for which they were intended. The use of these areas for camping purposes or storage of personal property may also be a public nuisance issue. The purpose of this guide is to assist in conserving and maintaining public streets and public areas within the county in a clean and accessible condition.

Definitions

Temporary Shelters - a place with temporary accommodations consisting of huts, tents, or camp paraphernalia including but not limited to tarpaulins, cots, beds, sleeping bags, hammocks or cooking facilities and similar equipment.

Public Nuisance - A public nuisance is one which affects at the same time an entire community or neighborhood, or any considerable number of persons, although the extent of the annoyance or damage inflicted upon individuals may be unequal.

Streets - Includes all streets, highways, avenues, lanes, alleys, courts, places, squares, curbs, or other public ways in this county which have been or may hereafter be dedicated and open to public use, or such other public property so designated in any law of this state. This definition shall not include any streets, alleys or roads which are within the boundaries of any incorporated city or town of this county unless specifically included therein.

Sidewalks - Means hard surfaced construction such as concrete, asphalt or brick existing in that portion of a street between the curb line and the adjacent property line intended for the use of pedestrians.

Public Areas - Means and includes, but is not limited to, any County owned or County maintained street, alley, park, right-of-way, public parking area, vacant parcels, or other County owned or County maintained place to which the public has access.

County Property - Means any improved or unimproved property owned or controlled by the County of Fresno, including but not limited to all County owned or County leased buildings and grounds in use for providing public services, any county park, square, street or green space.
