

Presentation to Fresno County Board of Supervisors April 17, 2018

C2C is a community based partnership that brings together a dedicated group of cross sector leaders to collaboratively improve key educational and health outcomes for children in Fresno County.

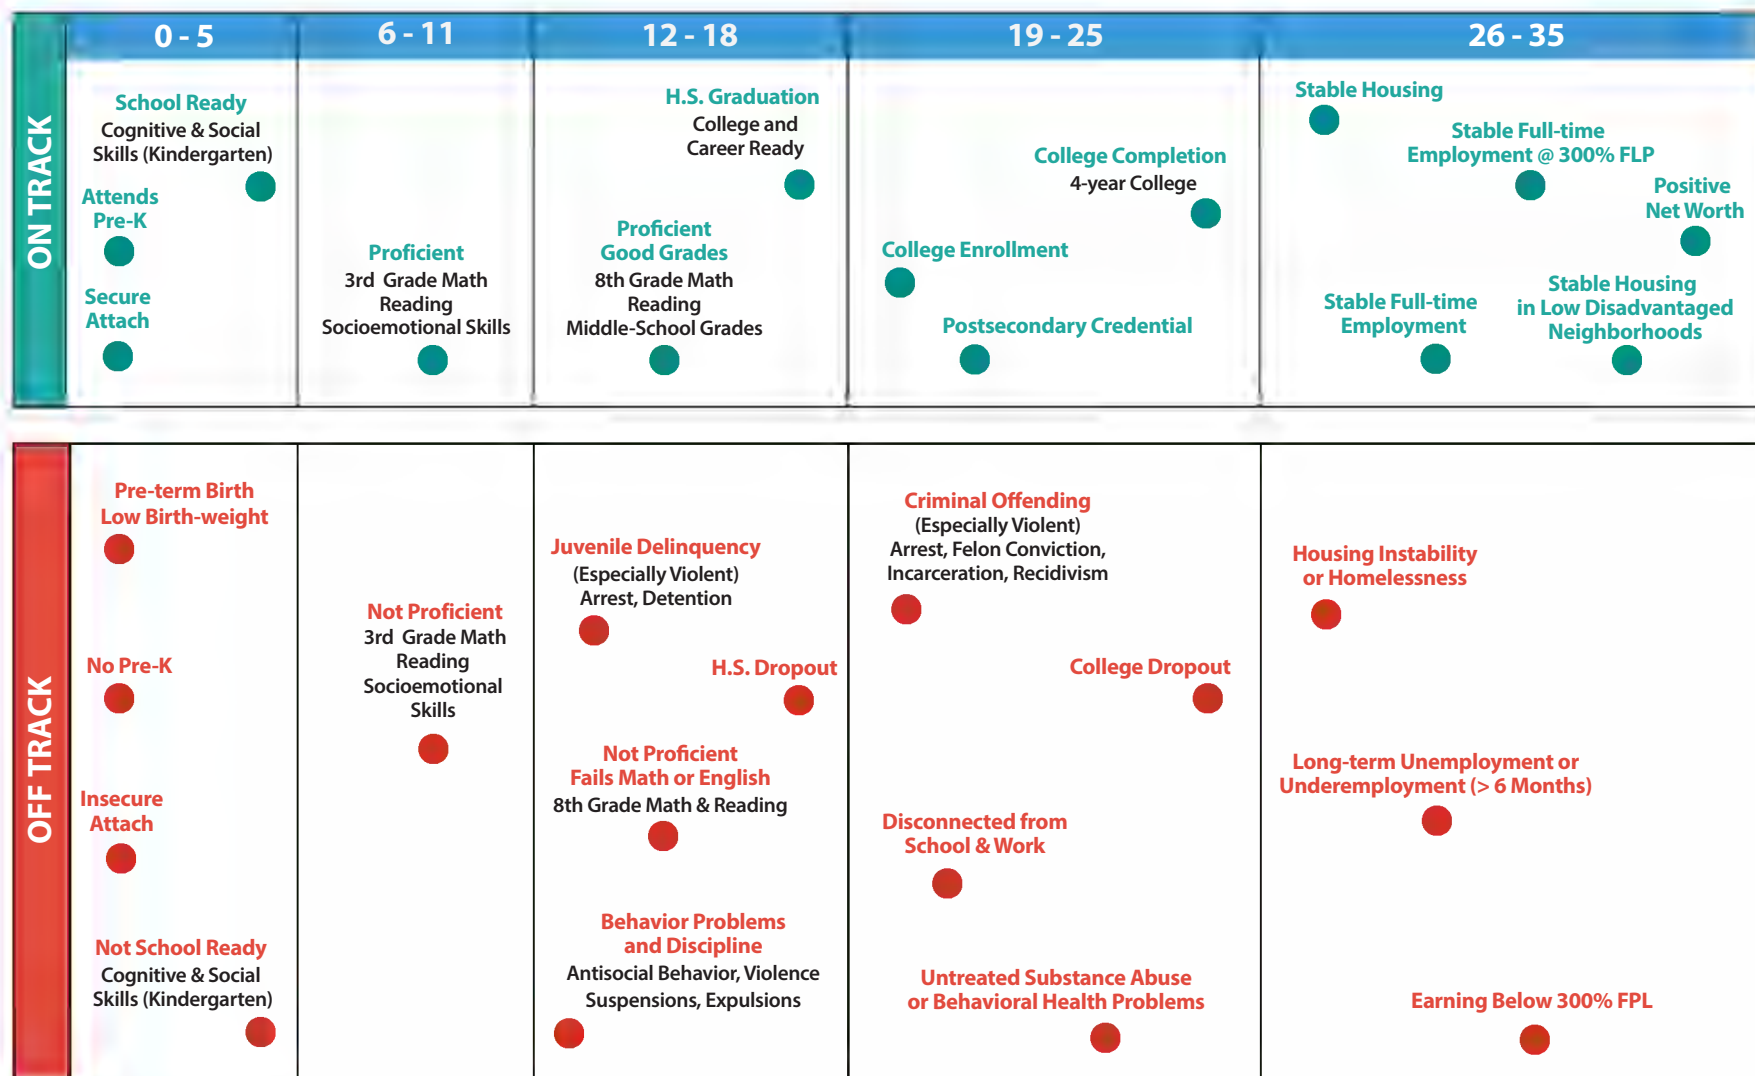

- Every child deserves the chance to lead a successful life.
- The potential of our children is a resource that we cannot afford to waste.
- Education is the most effective ladder for our children to reach their full potential.

Page 10 and 11

In 2018, 85% of jobs require some kind of post-secondary certificate.

California will need 1.1 million more workers with bachelor's degrees by 2030 to keep up with economic demand.

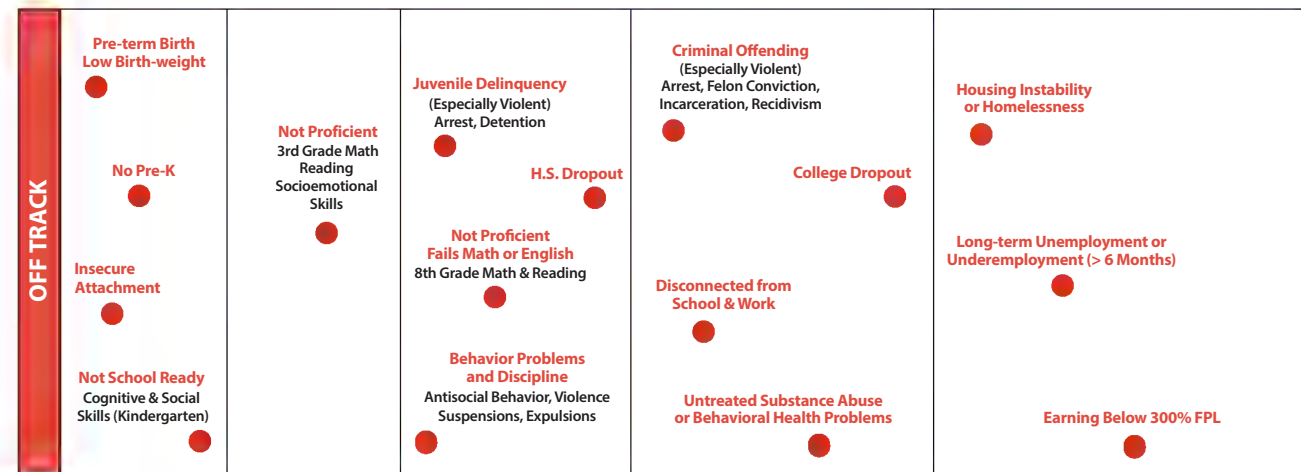

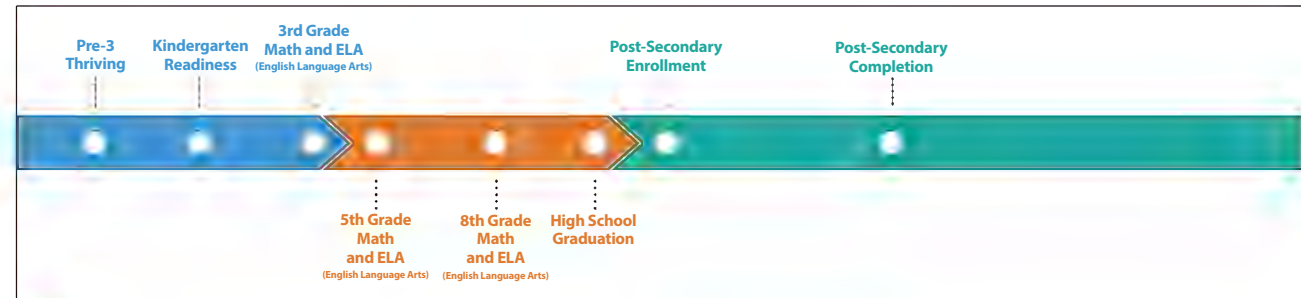

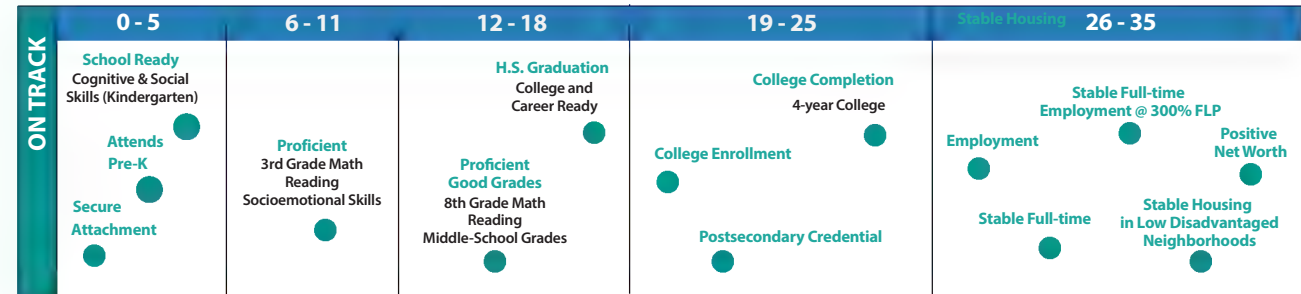

Life Course Outcomes

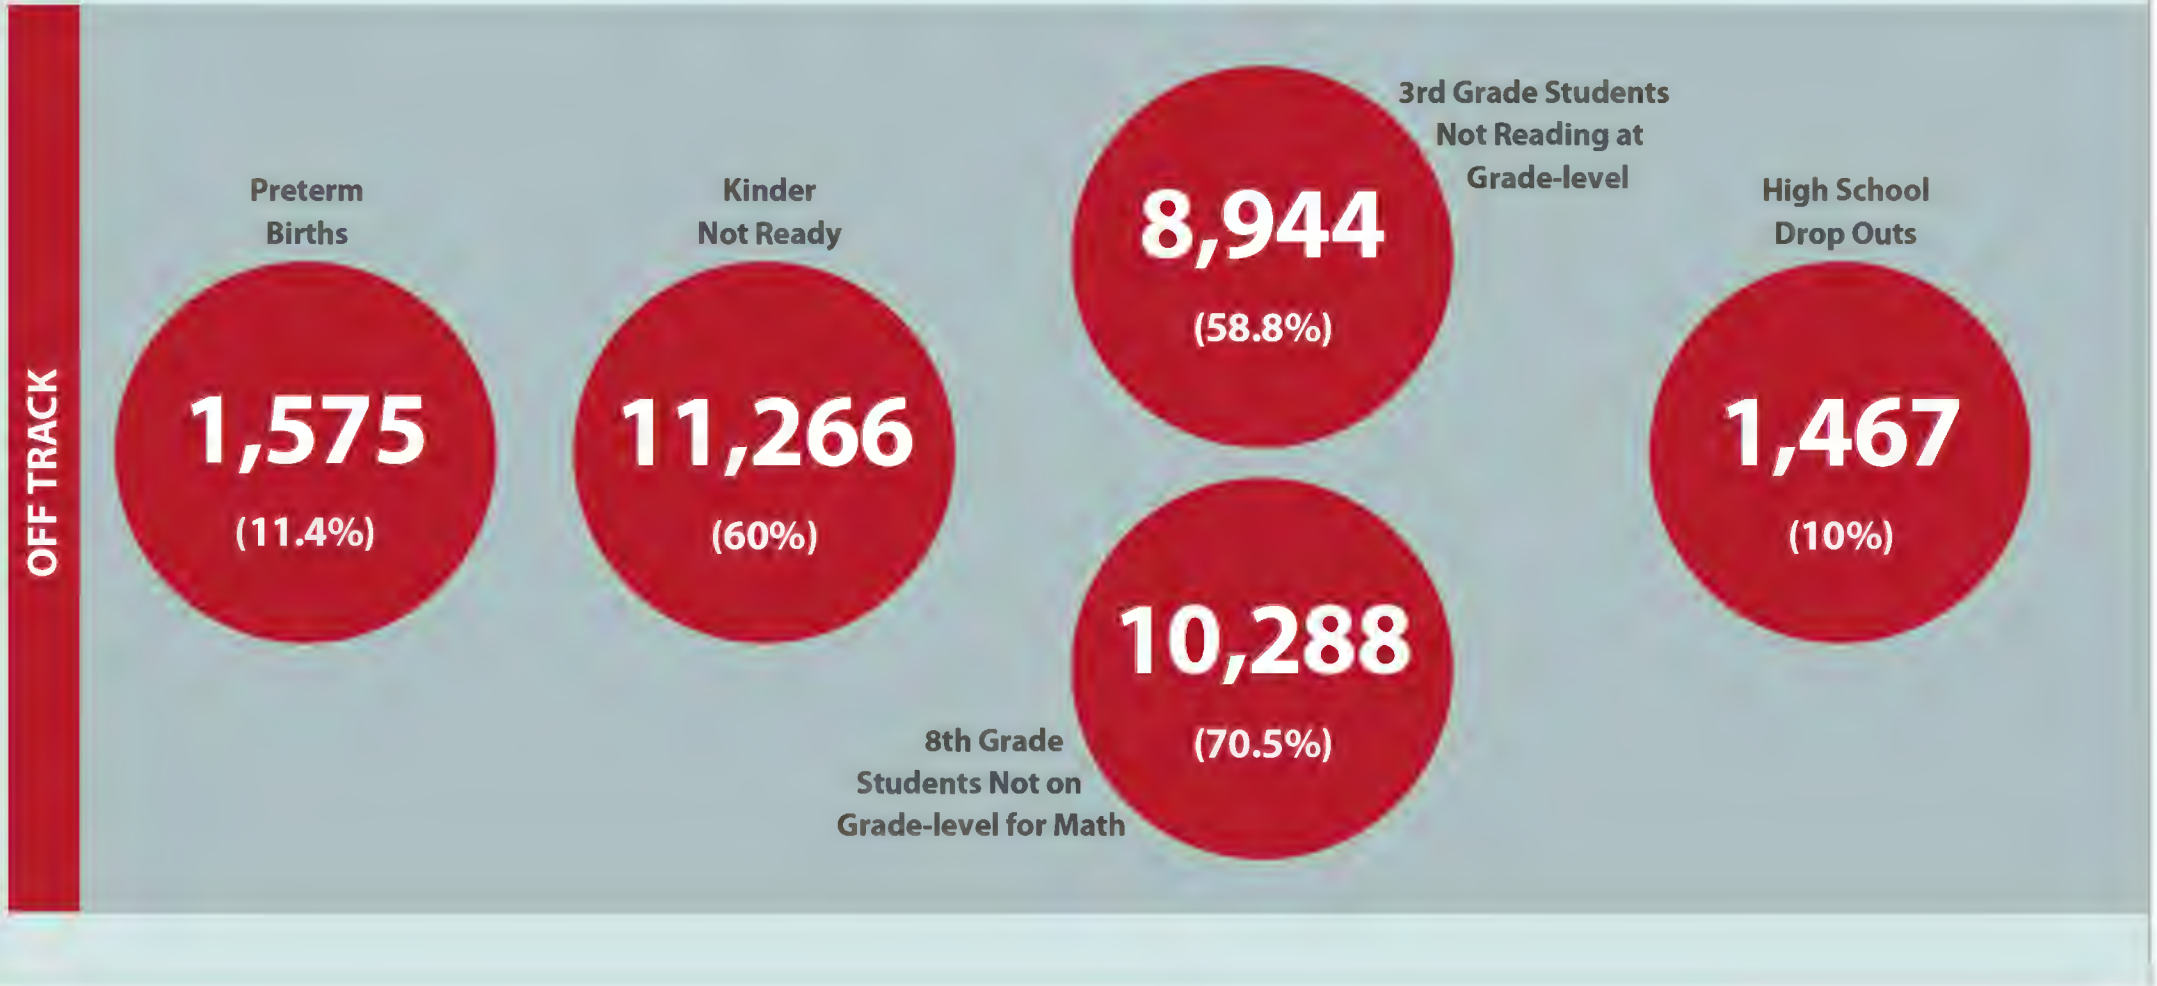

Priority Areas:

- Kinder Readiness
- 3rd Grade Reading
- High School Graduation and Post-Secondary Enrollment and Completion

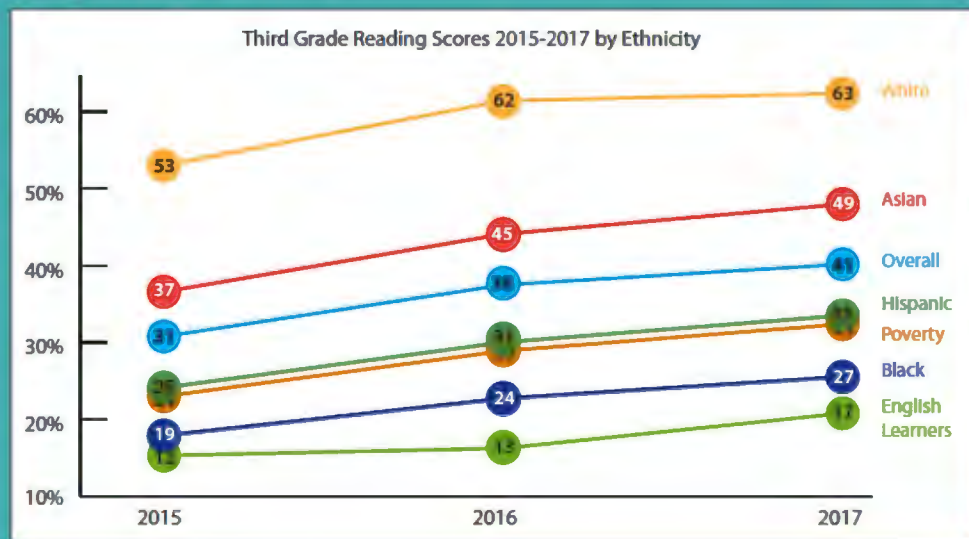

C2C Core Indicators and Life Course Outcomes

These numbers represent a tragic loss of human achievement and economic potential.

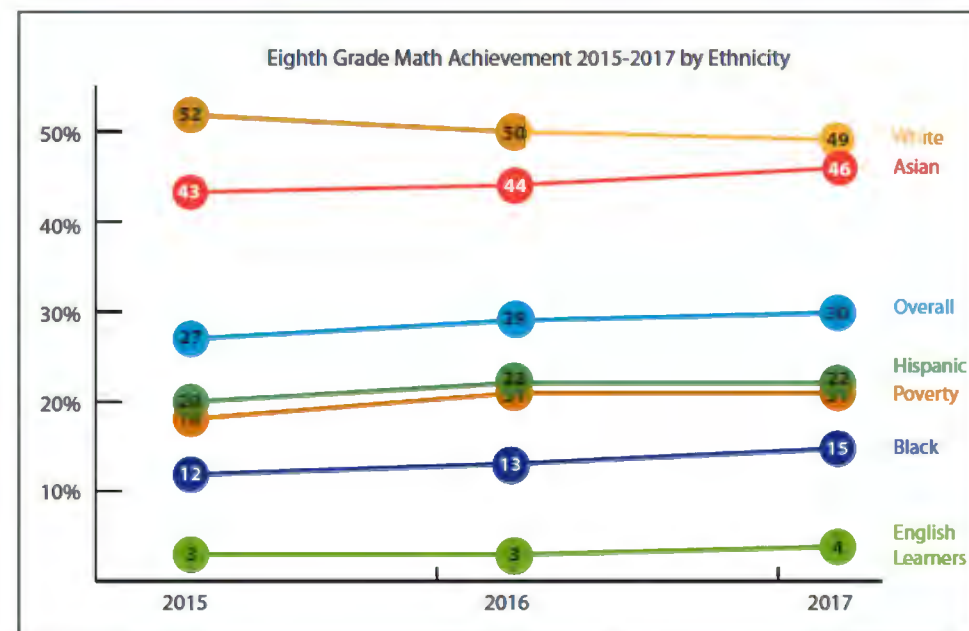

87% of our County's children are students of color; the disparities by ethnicity and poverty will affect our future.

None of our children are doing well overall, but Hispanic, Black, and children in poverty face a worse future.

Life Course Outcomes

Creating the enabling conditions
for community-wide improvement
is fundamental to the work of C2C:

- **Trust**
- **Right people working to solve the right problem**
- **Measuring what matters**
- **Identifying what is already working**
- **Testing ideas through an improvement process**
- **Allocating and aligning resources**

- **C2C and TCM help create the enabling conditions and play an amplifying role in making Restorative Justice programs sustainable.**

In 2018 we are:
enabling our
community to talk
about equity and
advancing our
ability to solve
issues around
inequity.

ACTION FORUM
TCM TALKS

Friday, April 13th
8:30 - 10:30AM
UC Merced Fresno Center
(Inyo/Kern Rm, 550 E. Shaw)
