4. Identify the unique qualities and/or capabilities of the service(s) and/or product(s) that qualify this as a Suspension of Competition acquisition.
The Department of Behavioral Health needs a provider with expertise in operating an adult psychiatric health facility. Due to ongoing Covid-19 pandemic issues which required a temporary increase in the capacity of the Adult PHF as well as increased the acuity of persons served, the Department has determined the best approach is to continue with the current provider, Exodus Recovery, Inc. In addition, there will be a necessary relocation of the Adult PHF to a new location within this next contract term (due to the sale of the UMC Campus where they are currently located) which may likely cause increased anxiety and panic in the persons served. Therefore, the Department has determined, with review and consent by the Purchasing Department, it would be best for continuity of care if the transition were handled by the incumbent provider who has been working with the Department and specifically with operation of the Adult PHF in Fresno County since 2012.
5. Identify from Administrative Policy #34 what circumstances constitute a Suspension of Competition.
 - ☐ In an emergency when goods or services are immediately necessary for the preservation of the public health, welfare, or safety, or for the protection of County property.
 - ☐ When the contract is with a federal, state, or local governmental agency.
 - ☐ When the department head, with the concurrence of the Purchasing Agent, finds that the cost of preparing and administering a competitive bidding process in a particular case will equal or exceed the estimated contract amount or \$2,500 whichever is more.
 - ☐ When a contract provides only for payment of per diem and travel expenses and there is to be no payment for services rendered.
 - ☐ When obtaining the services of expert witnesses for litigation or special counsel to assist the County.
 - ☒ When in unusual or extraordinary circumstances, the Board of Supervisors or the Purchasing Agent/Purchasing Manager determines that the best interests of the County would be served by not securing competitive bids or issuing a request for proposal.
6. Explain why the unique qualities and/or capabilities described above are essential to your department.
The Department is currently contracted with Exodus Recovery, Inc. to provide operation of the Fresno County Adult PHF for Fresno County adults (18 years and over). The services provided within the Adult PHF are essential to adults living in Fresno County with serious mental illness and who experience a psychiatric crisis. With the unknown length of the Covid-19 pandemic and the combined with the fact that the planned move from the UMC Campus to the Heritage Center amid this next contract term, the Department has determined that maintaining the existing provider of said services for this population is necessary for continuity of care. Exodus Recovery, Inc. is the ideal provider to most appropriately respond to the unknown nature and circumstances of transitioning 16 persons served who should be in a stable environment and settling them into new, foreign surroundings.

7. Provide a comprehensive explanation of the research done to verify that the recommended vendor is the only vendor with the unique qualities and/or capabilities stated above. Include a list of all other vendors contacted, what they were asked, and their responses.

The Department considered all options including preparing an RFP for this next contract cycle, but knew that as the incumbent contracted provider of the Adult PHF in Fresno County, Exodus Recovery, Inc. is the most uniquely qualified vendor to continue to work with Fresno County as the provider of services at the Adult PHF. As the only operator of the Adult PHF during the Covid-19 pandemic, they uniquely understand the high acuity of mental health issues presenting in the population. The Department consulted with Purchasing to explain the situation in regards to the relocation of the 24/7 facility from the UMC Campus to the Heritage Center and the necessity for continuity of care for ease of transitioning the persons served. As operator of the current Adult PHF, Exodus Recovery, Inc. also has the advantage of being a provider who has already undertaken the licensing and certification processes of becoming an organizational specialty mental health provider in accordance with DBH's Managed Care Mental Health Plan (MHP) as well as certification via the State Department of Health Care Services. With this Suspension of Competition, there will be no gaps in services to our persons served.
