Subject: Lease Payment Proposal
Date: Wednesday, March 30, 2022 2:12:26 PM

CAUTION!!! - EXTERNAL EMAIL - THINK BEFORE YOU CLICK

Good Afternoon Ahla,

Thank you for speaking with me today. As I had mentioned during our conversation I have been waiting to speak with my CPA in regards to the payment structure. Since it is close to tax season it has been quite the challenge to get an appointment with him. However I did meet with him this morning and with his guidance and analysis of the S Corp's financial standing, he strongly suggested the payment plan below. He was careful in regards to the payment plan because he does not wish for us to start falling behind on upcoming regularly scheduled payments.

The proposal would be that the upcoming 3rd Qtr payment (April May June) and all subsequent payments resume as scheduled.

The outstanding balance of \$103,334 be paid in 5 equal annual installments of \$20,666.86. Payments to be on or before Dec 31st (so the almond crop would be harvested and sold) First payment would be due on or before December 31st 2022 with the final payment to be made on or before December 31st 2026.

If we have the available funds to make a payment ahead of time, we surely would do so.

Also please update the mailing address to PO Box 28427 Fresno CA 93729 Att: Hardip Batth

Lastly, as I had shown Amina directly after the BOS meeting, I had already scheduled to be out of the country from April 4th to April 28th.

I look forward to hearing from you soon.
Thank you in advance.
