Disposition of Plants: Eradicated by staff on August 12, 2015

On August 12, 2015, staff from the Fresno County Sheriff's Office ("staff") investigated a possible marijuana grow located on the Property. Staff confirmed that five (5) marijuana plants were growing on the Property and eradicated them.

Staff made contact with Appellant. Staff explained to Appellant that staff was responding to his address regarding a possible marijuana cultivation site located on the Property. Staff asked Appellant if he had any marijuana growing on the Property and Appellant stated that he only had peppers growing on the Property. Staff asked Appellant if he would show staff the garden where the peppers were growing and Appellant said yes. As they were walking toward the rear of the Property staff again asked Appellant if he had marijuana growing on the Property and Appellant stated he had five (5) marijuana plants growing with the peppers.

Appellant led staff to a garden area where staff observed five marijuana plants approximately three feet tall growing amongst other vegetable crops. Staff photographed the marijuana plants. Staff asked Appellant if Appellant was aware of the county ordinance regarding the cultivation of marijuana and if he had been contacted previously by the Fresno County Sheriff's Office. Appellant stated that he was aware of the ordinance and retrieved an administrative citation he had been issued in 2014 for 126 marijuana plants.

Based on Appellant's knowledge of the ordinance, his prior violation of it, and the then existing violation of the ordinance, staff issued an administrative citation to Appellant for \$5,000.

Applicable Laws:
