5. Services to be Performed

Services performed shall be consistent with the OA Guide to HIV Surveillance (<https://www.cdph.ca.gov/programs/aids/Pages/SurvProcedures.aspx>), a comprehensive guide that also includes the standard operating procedures (SOPs), and be performed in support of the goals of California's Integrated HIV Surveillance, Prevention, and Care Plan and the National HIV/AIDS Strategy (NHAS).

Contractor shall perform the activities outlined below:

A. Maintain Infrastructure for HIV Surveillance

The goal under this agreement regarding maintaining infrastructure for HIV surveillance is to establish and maintain HIV case surveillance in health, medical, public health, and social service settings, including laboratories and HIV testing sites such that HIV case reporting to the local health department occurs in a timely and complete fashion.

- 1) Contractor shall identify all sites responsible for HIV case reporting under California Health and Safety Code section 120130 and 121022, Title 17, California Code of Regulations (CCR) § 2641 and Title 17 CCR § 2643 in the jurisdiction, including, but not limited to, medical offices, clinics, hospitals, testing sites, community-based organizations, correctional health care settings, and clinical laboratories.
- 2) Contractor shall evaluate HIV case reporting procedures at HIV reporting sites (see Guide for HIV Surveillance for specific criteria) to insure all case information is reported per California Health and Safety Code section 120130 and 121022, Title 17 CCR § 2641 and Title -17 CCR § 2643, and OA Guide to HIV Surveillance. Provide education and technical assistance to sites as needed to improve site-specific processes for HIV reporting.
- 3) Contractor shall identify, obtain, and maintain access to all data sources within the jurisdiction containing information relevant to HIV case surveillance including, but not limited to: clinic and hospital medical records, vital records, sexually transmitted disease (STD) surveillance data, Ryan White program data, tuberculosis (TB) surveillance data, and HIV and STD partner services data. These data sources may include California Reportable Disease Information Exchange (CalREDIE), AIDS Regional Information and Evaluation System (ARIES), and Local Evaluation Online (LEO).

B. Collect and Submit Accurate, Complete, and Timely HIV Surveillance Data to OA

The goal under this agreement regarding collecting accurate and complete HIV surveillance data is to collect HIV surveillance data that meets all data requirements set forth by the OA and the Centers for Disease Control and Prevention (CDC), and submit data to OA as per the OA Guide to HIV Surveillance.

- 1) Contractor shall identify all new HIV and new HIV stage 3 AIDS cases (including previously reported HIV cases that have transitioned to HIV stage 3 AIDS) reported in the jurisdiction through routine monitoring of laboratory and provider reports, and electronic laboratory data.

Exhibit A
Scope of Work

- 2) Contractor shall determine whether newly identified HIV and HIV Stage 3 AIDS cases are new cases by conducting 'case checks' on all potentially new cases against local and state HIV surveillance data.
- 3) Contractor shall assign a unique identifier ("STATENO") to each newly identified HIV case using the list of STATENOs provided by OA.
- 4) Contractor shall complete an Adult or Pediatric Case Report Form for 100 percent of newly reported HIV cases and 100 percent of new HIV Stage 3 AIDS cases identified in the jurisdiction and submit those case report forms to the OA within 45 days of the Contractor receiving notification of a new case [as per HSC Section 121023 and California Code of Regulations, Title 17 § 2643.15].
- 5) Contractor shall collect all required data elements on 100 percent of Adult and Pediatric Case Report Forms using all available data sources to the extent permitted by law including, but not limited to, data from medical providers, HIV test sites, laboratories, HIV prevention programs, Ryan White funded programs, STD surveillance programs, and STD and HIV partner services programs. Required data elements are stated in OA Guide to HIV Surveillance and include, but are not limited to, demographic information, contact information, risk behavior, clinical information, and testing and treatment history. OA shall provide an annual report to the contractor on the completeness of required data elements in order to facilitate identification of data and program gaps.
- 6) Contractor shall enter 100 percent of non-electronic laboratory results received into the Lab Data Entry Tool (LDET) or equivalent system, and submit the lab results to the OA within 90 days of specimen collection date. OA shall provide a quarterly report to the Contractor summarizing performance on this item.
- 7) Contractor shall import 100 percent of electronic laboratory record (ELR) data files received from OA into LDET or equivalent system within 5 business days of receipt.

COPHI case investigations shall be completed within 3 months of the Contractor receiving notification of the case from OA.
- 10) Contractor shall submit an export of lab data from LDET to OA at least twice per month.

- 1) Contractor shall maintain a secure HIV surveillance work area where all electronic and paper HIV surveillance data are stored. Access to the work area shall be restricted to local health department staff that (a) are authorized by the Local HIV Surveillance Coordinator to access HIV-related data, (b) have completed annual HIV surveillance data security and confidentiality training, and (c) annually signed the "HIV/AIDS Confidentiality Agreement" form (Exhibit H).

Contractor shall consult with OA to identify and implement action steps.
- 8) Contractor shall insure all local HIV surveillance staff adhere to all components of the data security and confidentiality guidance in the OA Guide to HIV Surveillance and trainings. This includes, but is not limited to, locking up all paper or electronic materials when not in use, shredding documents for disposal using an approved cross-cut shredder, adhering to the locally-approved document retention schedule, submitting paper and electronic records to OA in an approved and secure manner, and verifying the identity and authority of a caller to receive information that is being shared over the phone.

Exhibit A
Scope of Work

- 9) Contractor shall not release HIV surveillance data to unauthorized persons that could lead to the identification of an individual diagnosed with HIV. This includes using appropriate methods for suppressing small cell sizes in published reports and tables; for an example, see the CDPH/OA Internal Guidelines for Working with Small Cell Sizes (<https://www.cdph.ca.gov/programs/aids/Documents/SmallCellGuidance.pdf>).
- 10) Contractor shall not release HIV surveillance data of any type directly to the CDC, unless specifically directed to do so by OA.

D. Program Management and Coordination

The goal under this agreement regarding program management and coordination is to conduct HIV surveillance activities in a manner consistent with administrative, fiscal, budgetary, and program guidance from CDPH, OA, and CDC.

- 1) Contractor shall designate a Local HIV Surveillance Coordinator for the jurisdiction that is responsible for: 1) overseeing and implementing this contract and meeting the objectives in this SOW; 2) receiving and responding to communications with OA; 3) informing other local HIV surveillance staff and local health department leadership of program changes and communications from OA; 4) ensuring that contract monitoring and invoice submission occurs; 5) completing and submitting required reports; 6) attending OA-required conferences and trainings, including monthly all-county calls; and 7) maintaining local data security and confidentiality.
- 2) Contractor shall communicate the name and contact information of the Local HIV Surveillance Coordinator to OA on an annual basis at the start of the contract year and within 10 business days of any change in the name or contact information for the Local HIV Surveillance Coordinator.
- 3) Contractor shall submit invoices related to HIV surveillance activities outlined in this SOW to OA on a quarterly basis.
- 4) The Local HIV Surveillance Coordinator, or their designee, will participate in all OA-convened HIV surveillance meetings and conference calls, including, but not limited to, monthly all-county calls and OA-led training sessions.

E. Collaborate With Partners to Respond to the HIV Epidemic

The goal of this agreement regarding collaborating with partners is to facilitate sharing data and resources to support progress toward meeting California's Integrated Plan goals and objectives.

- 1) Contractor shall provide local health department HIV prevention and disease investigation staff with all available information, including but not limited to patient name, contact information, diagnosing provider, regarding persons newly diagnosed with HIV within 5 business days of the Contractor receiving notification of the case in order to facilitate linkage to care and partner services for persons newly diagnosed with HIV. - 6) Contractors shall support the California Medical Monitoring Project (MMP) by sharing HIV surveillance data with OA MMP staff upon request, and facilitating communications between OA MMP staff, and local medical providers and correctional facilities.

F. Optional Activity: Receive HIV Surveillance Data from the OA

The goal of this optional activity is to permit OA to provide detailed data files containing identifiable information on people living with HIV (PLWH) in the Contractor's jurisdiction generated from the statewide HIV surveillance system.

- 1) Because these data files are provided by OA, and can include data collected by other local health jurisdictions, Contractors electing to receive these data files shall commit to meeting the requirements in the "CALIFORNIA ENHANCED HIV/AIDS CASE REPORTING SYSTEM DATA USE AND DISCLOSURE AGREEMENT" (see Exhibit G).
- 2) Contractors who to sign and submit the Agreement shall receive data files in a secure method specified by the Guide to HIV Surveillance.

- 1) The State will respond, in writing, as to the approval or disapproval of all such requests for changes or revisions to the Scope of Work within 30 calendar days of the date the request is received in the program. Should the State fail to respond to the Contractor's request within 30 calendar days of receipt, the Contractor's request shall be deemed approved.

Exhibit D

If the problem cannot be resolved informally, the Contractor shall direct its grievance together with any evidence, in writing, to the program Branch Chief. The grievance shall state the issues in dispute, the legal authority or other basis for the Contractor's position and the remedy sought. The Branch Chief shall render a decision within ten (10) working days after receipt of the written grievance from the Contractor. The Branch Chief shall respond in writing to the Contractor indicating the decision and reasons therefore. If the Contractor disagrees with the Branch Chief's decision, the Contractor may appeal to the second level.
 - (2) When appealing to the second level, the Contractor must prepare an appeal indicating the reasons for disagreement with Branch Chief's decision. The Contractor shall include with the appeal a copy of the Contractor's original statement of dispute along with any supporting evidence and a copy of the Branch Chief's decision. The appeal shall be addressed to the Deputy Director of the division in which the branch is organized within ten (10) working days from receipt of the Branch Chief's decision. The Deputy Director of the division in which the branch is organized or his/her designee shall meet with the Contractor to review the issues raised. A written decision signed by the Deputy Director of the division in which the branch is organized or his/her designee shall be directed to the Contractor within twenty (20) working days of receipt of the Contractor's second level appeal.
- b. If the Contractor wishes to appeal the decision of the Deputy Director of the division in which the branch is organized or his/her designee, the Contractor shall follow the procedures set forth in Division 25.1 (commencing with Section 38050) of the Health and Safety Code and the regulations adopted thereunder. (Title 1, Division 2, Chapter 2, Article 3 (commencing with Section 1140) of the California Code of Regulations).
 - c. Disputes arising out of an audit, examination of an agreement or other action not covered by subdivision (a) of Section 20204, of Chapter 2.1, Title 22, of the California Code of Regulations, and for which no procedures for appeal are provided in statute, regulation or the Agreement, shall be handled in accordance with the procedures identified in Sections 51016 through 51047, Title 22, California Code of Regulations.
 - d. Unless otherwise stipulated in writing by CDPH, all dispute, grievance and/or appeal correspondence shall be directed to the CDPH Contract Manager.
 - e. There are organizational differences within CDPH's funding programs and the management levels identified in this dispute resolution provision may not apply in every contractual situation. When a grievance is received and organizational differences exist, the Contractor shall be notified in writing by the CDPH Contract Manager of the level, name, and/or title of the appropriate management official that is responsible for issuing a decision at a given level.

11. Officials Not to Benefit

No members of or delegate of Congress or the State Legislature shall be admitted to any share or part of this Agreement, or to any benefit that may arise therefrom. This provision shall not be construed to extend to this Agreement if made with a corporation for its general benefits.

(Applicable only to nonprofit organizations.)

Pursuant to the provisions of Article 7 (commencing with Section 100525) of Chapter 3 of Part 1 of Division 101 of the Health and Safety Code, CDPH sets forth the following policies, procedures, and guidelines regarding the reimbursement of fringe benefits.

 - (1) Fringe benefits in the form of employer contributions for the employer's portion of payroll taxes (i.e., FICA, SUI, SDI), employee health plans (i.e., health, dental and vision), unemployment insurance, worker's compensation insurance, and the employer's share of pension/retirement plans, provided they are granted in accordance with established written organization policies and meet all legal and Internal Revenue Service requirements.
- d. To be an allowable fringe benefit, the cost must meet the following criteria:
 - (1) Be necessary and reasonable for the performance of the Agreement.
 - (2) Be determined in accordance with generally accepted accounting principles.
 - (3) Be consistent with policies that apply uniformly to all activities of the Contractor.

Holidays cannot be carried over from one agreement year to the next. See Provision f (3)(b) for an example.
- (3) For single year agreements, vacation, sick leave and holiday compensation that is earned/accrued but not paid, due to employee(s) not taking time off within the term of the Agreement, cannot be claimed as an allowable cost. See Provision f (3)(c) for an example.

(a) **Example No. 1:**

If an employee, John Doe, earns/accrues three weeks of vacation and twelve days of sick leave each year, then that is the maximum amount that may be claimed during a one year agreement. If John Doe has five weeks of vacation and eighteen days of sick leave at the beginning of an agreement, the Contractor during a one-year budget period may only claim up to three weeks of vacation and twelve days of sick leave as actually used by the employee. Amounts earned/accrued in periods prior to the beginning of the Agreement are not an allowable cost.

(b) **Example No. 2:**

If during a three-year (multiple year) agreement, John Doe does not use his three weeks of vacation in year one, or his three weeks in year two, but he does actually use nine weeks in year three; the Contractor would be allowed to claim all nine weeks paid for in year three. The total compensation over the three-year period cannot exceed 156 weeks (3 x 52 weeks).

(c) **Example No. 3:**

If during a single year agreement, John Doe works fifty weeks and used one week of vacation and one week of sick leave and all fifty-two weeks have been billed to CDPH, the remaining unused two weeks of vacation and seven days of sick leave may not be claimed as an allowable cost.

- C. The term "for cause" shall mean that the Contractor fails to meet the terms, conditions, and/or responsibilities of this agreement.
- D. Agreement termination or cancellation shall be effective as of the date indicated in CDPH's notification to the Contractor. The notice shall stipulate any final performance, invoicing or payment requirements.

Exhibit G**CALIFORNIA ENHANCED HIV/AIDS CASE REPORTING SYSTEM
DATA USE AND DISCLOSURE AGREEMENT**

This California HIV/AIDS Case Reporting System Data Use And Disclosure Agreement (hereinafter referred to as "Agreement") sets forth the information privacy and security requirements that County of Amador (hereinafter "Data Recipient") is obligated to follow with respect to all HIV/AIDS Case Reporting System data, and other personal and confidential information, (as each of these types of data and information are defined herein), disclosed to Data Recipient by the California Department of Public Health (CDPH) (such Enhanced HIV/AIDS Case Reporting System [eHARS] data and other personal and confidential information are also referred to herein collectively as "Protected Data"). This Agreement covers Protected Data in any medium (paper, electronic, oral) the Protected Data exist in. By entering into this Agreement, CDPH and Data Recipient desire to protect the privacy and provide for the security of all Protected Data in compliance with all state and federal laws applicable to the Protected Data. H. Use: "Use" means the sharing, employment, application, utilization, examination, or analysis of information.

- III. Background and Purpose: The CDPH, Office of AIDS (OA) is designated by the California Health and Safety Code Section 131019 as the lead agency for coordinating state programs, services, and activities relating to HIV/AIDS. The primary mission of OA is to assess, prevent, and interrupt the transmission of HIV and to provide for the needs of infected Californians by identifying the scope and extent of HIV infection, providing for the needs which it creates, and disseminating timely and complete information. OA is responsible for oversight of HIV/AIDS case reporting in California and as such, maintains eHARS, a confidential, central registry of demographic and clinical information on all reported HIV infections and AIDS diagnoses in California. Case counts generated by this reporting system are used to inform funding allocations for such programs and activities as the Ryan White Program, Federal Centers for Disease Control and Prevention (CDC) prevention, and surveillance. The Health Resources and Services Administration uses HIV and AIDS case counts to determine Ryan White funding levels. Through Ryan White, California receives funding for a wide variety of health care and support services, which identify and coordinate efforts to assist California's most vulnerable HIV-positive populations. eHARS collects data to support HIV/AIDS surveillance according to CDC standards. Thus, the system is designed to collect, organize, manage, store, and retrieve data CDC has identified as necessary to conduct HIV/AIDS case surveillance statewide.

The purpose of this Agreement is to permit exchange of eHARS information between California's local health jurisdictions and CDPH. This exchange is necessitated by California Code of Regulations (Title 17, Sections 2502, 2505, and 2641.5 through 2643.20), which dictates that case report information from laboratories and health care providers is reportable to the local health officer who thereafter reports this information to CDPH (a decentralized system). California's decentralized eHARS thus facilitates local as well as CDPH access to eHARS data to facilitate local care, prevention, and surveillance activity, including local application to Federal Ryan White Part A funds and locally tailored prevention services.

If Protected Data is stored in a database, database logging functionality must be enabled. Audit trail data must be archived for at least three years after occurrence.
- d. **Access Controls.** The system must use role based access controls for all user authentications, enforcing the principle of least privilege.
- e. **Transmission encryption.** All data transmissions of Protected Data outside the secure internal network must be encrypted using a FIPS 140-2 certified algorithm, such as AES, with a 128bit key or higher. Encryption can be end to end at the network level, or the data files containing Protected Data can be encrypted. This requirement pertains to any type of Protected Data in motion such as website access, file transfer, and e-mail.

Agreement by Employee/Contractor to Comply with Confidentiality Requirements

Summary of Statutes Pertaining to Confidential Public Health Records and Penalties for Disclosure

All HIV/AIDS case reports and any information collected or maintained in the course of surveillance-related activities that may directly or indirectly identify an individual are considered *confidential public health record(s)* under California Health and Safety Code (HSC), Section 121035(c) and must be handled with the utmost confidentiality. Furthermore, HSC §121025(a) prohibits the disclosure of HIV/AIDS-related public health records that contain any personally identifying information to any third party, unless authorized by law for public health purposes, or by the written consent of the individual identified in the record or his/her guardian/conservator. Except as permitted by law, any person who negligently discloses information contained in a confidential public health record to a third party is subject to a civil penalty of up to \$5,000 plus court costs, as provided in HSC §121025(e)(1). Any person who willfully or maliciously discloses the content of a public health record, except as authorized by law, is subject to a civil penalty of \$5,000-\$25,000 plus court costs as provided by HSC §121025(e)(2). Any willful, malicious, or negligent disclosure of information contained in a public health record in violation of state law that results in economic, bodily, or psychological harm to the person named in the record is a misdemeanor, punishable by imprisonment for a period of up to one year and/or a fine of up to \$25,000 plus court costs (HSC §121025(e)(3)). Any person who is guilty of a confidentiality infringement of the foregoing type may be sued by the injured party and shall be personally liable for all actual damages incurred for economic, bodily, or psychological harm as a result of the breach (HSC §121025(e)(4)). Each disclosure in violation of California law is a separate, actionable offense (HSC §121025(e)(5)).

Because an assurance of case confidentiality is the foremost concern of the California Department of Public Health, Office of AIDS (CDPH/OA), any actual or potential breach of confidentiality shall be immediately reported. In the event of any suspected breach, staff shall immediately notify the director or supervisor of the local health department's HIV/AIDS surveillance unit who in turn shall notify the CDPH/OA Surveillance Section Chief or designee. CDPH/OA, in conjunction with the local health department and the local health officer shall promptly investigate the suspected breach. Any evidence of an actual breach shall be reported to the law enforcement agency that has jurisdiction.

Employee Confidentiality Pledge

I recognize that in carrying out my assigned duties, I may obtain access to private information about persons diagnosed with HIV or AIDS that was provided under an assurance of confidentiality. I understand that I am prohibited from disclosing or otherwise releasing any personally identifying information, either directly or indirectly, about any individual named in any HIV/AIDS confidential public health record. Should I be responsible for any breach of confidentiality, I understand that civil and/or criminal penalties may be brought against me. I acknowledge that my responsibility to ensure the privacy of protected health information contained in any electronic records, paper documents, or verbal communications to which I may gain access shall not expire, even after my employment or affiliation with the Department has terminated.

By my signature, I acknowledge that I have read, understand, and agree to comply with the terms and conditions above.
