1	Resolution No. 17-246
2	
3	BEFORE THE BOARD OF SUPERVISORS
	OF THE COUNTY OF FRESNO
4	STATE OF CALIFORNIA
5	
6	IN THE MATTER OF THE) RESOLUTION AMENDING RESOLUTION) ESTABLISHING DRAINAGE COSTS AND)
7	DRAINAGE FEES) FEES FOR LOCAL DRAINAGE AREAS) AND THE STORM DRAINAGE AND)
8	FLOOD CONTROL MASTER PLAN)
9	
10	WHEREAS, the Board of Supervisors of the County of Fresno ("County") has
11	enacted Chapter 17.64, Title 17 of the Fresno County Ordinance Code, which Ordinance is
12	hereby incorporated herein by this reference, creating and establishing the authority for
13	imposing and charging fees for the construction of planned local storm drainage facilities
14	pursuant to the adopted Storm Drainage and Flood Control Master Plan; and
15	WHEREAS, an amended Storm Drainage and Flood Control Master Plan Map
16	(Exhibit "A" hereto) specifying public facilities and improvements, existing and proposed,
17	which are necessary to provide drainage service and flood control within the respective
18	local drainage areas specified therein has been presented to the Board of Supervisors of
19	the County; and
20	WHEREAS, a study has been conducted of the impacts of contemplated future
21	development on the existing storm drainage services and facilities in the local drainage
22	areas of the Fresno Metropolitan Flood Control District ("District") and the County listed in
23	Exhibit "B" attached hereto, along with an analysis of new, improved or expanded public
24	facilities, the estimated costs of those improvements, and the schedule of per gross-acre
25	fees calculated to raise the sum of money necessary to pay the estimated total cost of local
26	drainage facilities in said local drainage areas; and
27	WHEREAS, this study was available at the District's office for public inspection and
28	review ten (10) days prior to this public hearing and notice was given in compliance with the

WHEREAS, a public hearing was held pursuant to the public notice cited herein at a regularly scheduled meeting of the Board of Supervisors of the County; and

WHEREAS, the Board of Supervisors of the County finds as follows:

- A. The purpose of this fee is to finance facilities within the County and District required for the removal of surface and storm water; attributable to development; to obviate the menace to the public health, safety and welfare arising from inadequate provision for removal of surface and storm waters occurring as the result of development of property; to prevent deterioration of property values and impairment of conditions making for desirable residential, commercial or industrial development, as the case may be, which would result from the failure to construct planned local drainage facilities relative to development of property; and to prevent deterioration of public streets and other public facilities which would result from failure to construct planned local drainage facilities concurrently with development.
- B. The fees collected pursuant to Chapter 17.64, Title 17 of the Fresno County Code and this Resolution shall be used to finance only the public facilities described or identified in Exhibit "A", attached hereto;
- C. After considering said Map and said study and analysis prepared by the District, entitled "Storm Drainage and Flood Control Master Plan", and that prepared by the Fresno County Department of Public Works and Planning entitled "Fresno County General Plan", and the various Community and Specific Plans; and the information and testimony received at this public hearing, the Board of Supervisors approves said Map and said study, and incorporates such herein. The Board further finds that all development in the subject area will generate the needs, as described in this recital for storm drainage facilities within the impacted area as described in Exhibit "A", and generates an unmet need for storm drainage facilities and services within the impacted area;
- D. There is a need in this described impact area for storm drainage facilities which have not been constructed or have been constructed, and development will

28

contribute its fair share towards these facility costs through this fee, and said facilities have been called for in, or are consistent with, the County's General Plan;

- E. The facts and evidence presented establish that there is a reasonable relationship between the need for the described public facilities and the impacts of the types of development as described in Exhibit "A" and Exhibit "B" for which the corresponding fee set forth in Exhibit "B" is charged. There is a reasonable relationship between the fee's use and the development of the lands in the service area for which the fee is charged, as these reasonable relationships or nexuses are described in more detail in the study and Map referred to above;
- F. The Storm Drainage and Flood Control Master Plan Map attached hereto as Exhibit "A" and the storm drainage fees set forth in Exhibit "B", as adopted by Paragraphs 2 and 3 herein below, revise the Storm Drainage and Flood Control Master Plan, are in conformity with the County's General Plan and are in compliance with Section 66483 of the California Government Code.
- G. The cost estimates set forth in Exhibit "B" are reasonable cost estimates for constructing these facilities and the fee schedule is predicated on said estimates and is to generate fees by development which will not exceed the total of these costs.

NOW, THEREFORE, it is hereby resolved by the Board of Supervisors of the County of Fresno that:

- 1. The above recitals are true and correct, and this Board of Supervisors so finds and determines.
- 2. The Storm Drainage and Flood Control Master Plan is hereby amended to include that Storm Drain and Flood Control Master Plan Map attached hereto as Exhibit "A" as supported by Exhibit "B".
- 3. The schedule of drainage fees for those respective local drainage areas listed in Exhibit "B" hereto is hereby amended as set forth in said Exhibit "B". The District shall prepare and provide to the County a 2017 Schedule of Drainage Fees for each of its local drainage areas, which shall include the amendments adopted hereby. Fees shall be

paid in accordance with the Drainage Fee Ordinances according to said 2017 Drainage Fee Schedule.

- 4. The fee shall be solely used to pay: (a) costs related to the design, administration and construction of the described public storm water facilities; (b) for reimbursing the District for the development's fair share of those capital improvements constructed by the District; or (c) to reimburse other developers who have constructed public facilities in each service area where those facilities were beyond that needed to mitigate the impacts of the other developers' project or projects and where reimbursement is provided for under the Drainage Fee Ordinance or the Fresno County Ordinance.
- 5. The District, pursuant to Chapter 17.64 of Title 17 of the Fresno County Ordinance Code, shall review the estimated cost of the described capital improvements for which this fee is charged, the continued or expanded need therefore, and the reasonable relationship between such facility needs and the varying types and development. The Manager shall report the findings to the Board of Supervisors and recommend any adjustment to this fee or other action as may be needed.
- 6. Pursuant to California Government Code 66022, any judicial action or proceeding to attack, review, set aside, void or annul this Resolution shall be brought within 120 days of the effective date hereof, which shall be 60 days after the date of adoption hereof. Administrative appeal is mandatory prerequisite to any such judicial action or proceeding. Such appeal shall be made in writing to the Director of the Department of Public Works and Planning of the County of Fresno. Such appeal must be made within 60 days after the effective date hereof. The Director shall set the matter for hearing, conduct the hearing and render a decision within 40 days after such appeal is filed.
- 7. The Ordinances of the County of Fresno has an administrative mechanism whereby a property owner who seeks to develop property within the boundaries of the County and the District can challenge the fees imposed thereunder only by first paying said fees under protest. Developers of property within the District shall adhere to the applicable Ordinance of the County of Fresno under which it is required that drainage fees must be

1	paid before development is allowed, and such fee may be paid under protest.
2	THE FOREGOING was passed and adopted by the following vote of the Board of
3	Supervisors of the County of Fresno this <u>25th</u> day of <u>April</u> , 2017 to wit:
